ISIS Memorandum 06-013

To: Employee Administration Managers
Human Resource Directors

Subject: Work Parish / Resident Parish

A recent change to how the *Work Parish* for a position and the *Residence Parish* for an employee is stored in ISIS HR required an update to any Address infotype record within Organizational Management and any employee Address record (IT0006) that contained a Parish value. These updates were done on Tuesday, September 27, 2005 by ISIS staff. Records updated reflect a Last changed by ID equal to "PARISHCHG" or "PARISHCHG1".

In addition, the *Work Parish* field, on the Address infotype screen within Organizational Management, now appears at the bottom of that infotype screen. Help scripts have been modified to reflect this change.

Please contact the ISIS HR Help Desk at (225) 342-2677 options 1, 2, with questions or comments.
