KATHLEEN BABINEAUX BLANCO
GOVERNOR

JERRY LUKE LEBLANC
COMMISSIONER OF ADMINISTRATION

July 19, 2006

ISIS Memorandum 07-002

To: Human Resource Directors – Paid Agencies
Employee Administrators – Paid Agencies

Subject: OrgPublisher Version 7

The Division of Administration maintains a site license for OrgPublisher, a software product used to create and publish organization charts from data stored in ISIS HR. OrgPublisher 7.0 was recently released, and CDs with the updated version are being distributed. Each person designated as an HR Director on the ISIS Agency Contacts list will receive a copy. You may copy the CD or distribute the software in whatever manner you choose. If your organization is not on our database and needs a copy, you may request a CD from the ISIS Help Desk.

Our license cost is based on the number of positions available to be included in organization charts statewide. With this in mind, please monitor your unfunded positions and ensure that only those necessary remain in ISIS HR.

Please remember that DOA does not provide support or training for OrgPublisher. Both are available from TimeVision. Information on free and fee-based training courses is provided at <http://www.timevision.com/support/training/Default.asp?bhcp=1>.

If your department does not receive a CD by July 31, or if you have any questions, please contact the ISIS Help Desk at 342-2677, option 2.
