ISIS Memorandum 07-039

To: Business Objects Users
ISIS Agency Liaisons
Fiscal Officers
Purchasing & Contract Management Personnel

Subject: EDA / InfoMaker and WebIntelligence

At the request of several agencies, OIS is extending the deadline for the use of InfoMaker by three months, allowing agencies to close fiscal year 2007 using InfoMaker.

Maintenance and DOA support for EDA Server will be discontinued on September 30, 2007.

We recommend that agencies use this opportunity to compare results of Business Objects – WebIntelligence reports and InfoMaker reports to verify data accuracy.

Agencies should remain focused on efforts to convert all critical InfoMaker reports to Business Objects WebIntelligence (WebI) reports prior to the deadline. OIS collaborative training efforts with agencies, using the agency-specific WebIntelligence workshops, have been successful to date.

Please refer to [ISIS Memo 06-048](#) to request a Webi Workshop for your agency.

If you have any questions, please contact the ISIS Help Desk at (225) 342-2677.
