ISIS Memorandum 07-043

To: ISIS HR Reports Users

Subject: Online Learning Available in LEO for ISIS HR Reporting

The ISIS HR Basic Reporting instructor-led course has been replaced with two Online Learning courses, **HR Basic Reporting** and **HR Advanced Reporting**. This allows students to access these courses from their work computers at their convenience rather than traveling to Baton Rouge for instructor-led training.

These new Online Learning courses may be accessed through LEO by selecting **My Work** → **Online Learning**.
