**LaGov Memorandum 14-002**

To: LaGov Technical Contacts

Subject: Changes to How Users Access LaGov ECC

The Division of Administration, LaGov Support Team has created a new **Launch LaGov** program to be used by anyone in your agency that accesses LaGov ECC. This executable program, which can be found behind the My Work > Download tab in LEO, adds two LaGov ECC logon shortcuts to the user's desktop, as well as installs a program called Stunnel that provides additional data encryption anytime the LaGov ECC system is accessed.

**Deadline for installing Launch LaGov is Tuesday, March 18, 2014.**

Click the link below for more information regarding this change, to include Deployment Instructions for technical staff and Log In instructions that can be shared with agency LaGov ECC users.

[Launch LaGov](#)

As previous ways to access LaGov ECC will be disabled as of March 18, 2014, it is strongly recommended that the Launch LaGov installation is complete well in advance of this deadline. In order to monitor agency compliance with this request, please notify [DOA-OIS-SYSADMIN@la.gov](mailto:DOA-OIS-SYSADMIN@la.gov) once the machines of all LaGov ECC users within your agency have been updated. Questions, as they come up, can be directed to this same email address.
