TELECOMMUNICATIONS INFORMATION NOTICE NUMBER 01-03

SUBJECT: Changes in LaNet Service

The Office of Telecommunications Management (OTM) has revised its LaNet line of service effective May 1, 2001.

Dedicated Access to LaNet at 3Mbps, 4.5Mbps, and 6Mbps is discontinued. Customers who currently use these services will be grandfathered in and no changes will be required. Customers who require access to LaNet at greater than T1 speeds will need to use Frame Relay for access. Please refer to the LaNet section of the OTM *Catalog of Services* for pricing for LaNet Access via Frame Relay.

LaNet Access via Customer Provided Access is discontinued.

Contact Derald Kirkland (225-342-7728) or Jane Patterson (225-219-4861) for a more detailed, technical discussion of these offerings.

The *OTM Catalog of Services* has been revised to reflect these changes and may be accessed on the OTM web site at www.doa.state.la.us/otm/catalog.pdf. If your agency does not have access to the Internet and is unable to print the catalog locally, please contact the OTM Information and Training Section for assistance at 225-342-7723.
