ISIS Memorandum 09-014

To: ISIS Security Administrators
ISIS Liaisons

Subject: New Password Rules for ISIS 'Z' ids

New password requirements will be in place on Monday, February 2, 2009.

As of that date, on your next password change, you must adhere to the following restrictions:

- Must be eight characters
- At least one number
- At least one letter
- At least one national character (#, @, \$)

Please distribute this information to all ISIS users and any other DOA mainframe users at your agency, so they will be expecting this change.

If you have any questions, please contact the ISIS Security Help Desk at (225) 342-2677.
