Fiscal Officers

Subject: Changes to WREC, STUB, WREX and STUX in the AFS Universe

This is to advise that joins have been created between WREC and STUB and between WREX and STUX tables in the AFS Universe. These joins will improve response time and make it easier to create Business Objects reports when using these tables. Fields from both WREC and STUB or WREX and STUX may be combined on the same report without the user having to create the joins manually.

WREC (Warrant Reconciliation) has been joined to STUB (Checkstub) on the following fields: Trans Code, Check Number, and Bank Account Code.

WREX (Warrant Reconciliation Archive) has been joined to STUX (Checkstub Archive) on the following fields: Trans Code, Check Number, and Bank Account Code.

In addition, the fields listed for all four tables have been rearranged in alphabetical order, to make the lists easier to review.

Questions may be directed to the ISIS AFS Help Desk at (225) 342-2677.
