

How to Find a Logical Record Number and Locate It Utilizing the OCD GIS Mapping System

The Office of Community Development has prepared the essential HUD Census Data by Parish for your use

The screenshot shows a web browser window with the URL <http://www.hud.gov/offices/cpd/systems/census/lowmod/la/index.cfm>. The page features a red header with the HUD logo on the left, which includes the text "Homes & Communities", "Department of Housing", and "Urban Development". The main header area contains "Community Planning and Development" and navigation links for "En español", "Text only", and "Search". The main content area is titled "Low and Moderate Income Census Data Louisiana" in large, bold, purple text. Below this title, there are two main sections of data: "All Block Group Low and Moderate Income Estimates - [Excel](#)" and "Non-Entitled Local Government Summaries for Low and Moderate Income Estimates - [Excel](#)". To the right of these sections is a yellow box containing three links: "Information by State" with a state map icon, "Print version" with a printer icon, and "Email this to a friend" with an email icon. A vertical sidebar on the left side of the page lists various navigation options such as "Community Planning and Development", "Data Systems/Tables", "FAQs", "Summary File 1", "Availability by Gender & Age", "Availability by Race & Ethnicity", "Low and Moderate Income Estimates", "News", and "Press".
