**STATE AND LOCAL LAW ENFORCEMENT**  
**MARCH 2012**

Welcome to the State of Louisiana's Law Enforcement Support Office (LESO) 1033 Program. The purpose of the 1033 Program is to assist state and local law enforcement agencies in obtaining surplus equipment and supplies which support the execution of their missions, particularly the determent of drug and terrorist activities. Details of the program are attached for your convenience.

In order to support and sustain this program, a \$50 per line handling charge is assessed for each Form 1348-1. The charge for aircraft is \$10,000. Weapons are issued for \$50 each. Other high profile items, such as Humvees, armored personnel carriers, and boats will be assessed a charge on a case by case basis. Certain items, such as generators and cargo trucks, are normally issued through the Surplus Donations Program administered by this agency and are not generally approved through the 1033 Program.

We are proud to be a support component for the law enforcement community in Louisiana.
