GOVERNOR'S MESSAGE

Mr. President, Mr. Speaker, and Honorable Members of the Legislature:

I am pleased to present my budget recommendation for the fiscal year beginning July 1, 2010.

In the midst of a national economy that continues to struggle, this Executive Budget proposes fiscal restraint and a smaller, smarter, more streamlined state government, to safeguard Louisiana's economic gains and to preserve the promising momentum of our state's economy.

As it had long been predicted, the period of post-hurricane economic activity, fueled by an influx of federal recovery dollars and rebuilding investment, and reflected in bulging state coffers and surging government spending, has ended. In its place, and despite the national economic downturn, Louisiana's economy has continued to show resiliency, through robust economic development efforts that diversify our economy and fiscal policies that promote dynamic growth. Nonetheless, state government must also live within its means, and as state revenues have normalized, this budget proposal furthers our commitment to realign the size and cost of government to more sustainable, pre-Katrina levels.

News from across the country tells us that almost every other state has been similarly confronted with the repercussions of years of ever-expanding spending growth, which now, coupled with the national recession, simply cannot be sustained. In response, many states have attempted to maintain status quo spending, by raising taxes that only take more money from the people to fuel government. In Louisiana, we are pursuing a different, more fiscally responsible path, guided by an understanding that government should serve the function of improving economic opportunity, not stifling economic growth by imposing taxes on our people or our businesses.

While Louisiana's economy has outpaced the nation and the South in key economic indicators, we know that Louisiana is not immune to the national slowdown, and our citizens are understandably responding to uncertain economic conditions by exercising greater care with their money, spending less, and finding frugal ways to stretch every dollar. Louisiana's government should be no different.

Accordingly, we are focused on making government smaller, smarter, more responsive to the critical needs of our citizens, and more efficient in the way we deliver services.

Rather than shy away from the reality of projected multi-year budget challenges, we moved proactively to streamline government, and continued to reform our internal budgeting process to measure outcomes over outputs, and to prioritize programs that are actually achieving results.

As a result of these efforts, even as we recommend cost-savings across state government, this Executive Budget takes a thoughtful and targeted approach to spending reductions, implementing common-sense streamlining strategies that cut costs through efficiency measures, technology

improvements, and outsourcing, as well as more far-reaching reforms that entail government restructuring, office consolidations, and eliminations of duplicative or lower-performing programs.

Given the state's fiscal challenges, we have to prioritize. With this approach, we position state government to improve the quality and effectiveness of essential services, and protect our priorities that help foster economic growth, business expansion and job creation.

While we continue to work for a solution to the loss of federal match associated with the Federal Medical Assistance Percentages (FMAP) and the loss of federal funding associated with the Disproportionate Share Hospital Payments (DSH) audit rule, the Executive Budget proposes no eliminations to Medicaid services or changes to eligibility requirements, while reforming the delivery of critical support services for our citizens most in need. Similarly, this budget proposes no reductions in state dollars to the classroom, for both the MFP in K-12 education, and for higher education institutions, to allow time for implementation of reforms that streamline and consolidate services and boost our unacceptably low graduation rates.

By reforming the way government works and protecting our priorities, state government is finding ways to do more with less while building a New Louisiana that is the best place in the world for our people to raise a family, get a great career, and pursue their dreams.

The Executive Budget recommendation has been prepared in accordance with the Constitution and applicable statutes, and provides financial and program information to assist you in making informed decisions as you consider appropriations for the coming year. In accordance with Article VII, Section 11 of the Constitution, I will also prepare the original appropriation bill in accordance with this document.

Thank you for your help and unwavering commitment to moving Louisiana forward.

Sincerely,

FOREWORD

As authorized by Act 247 of the Regular Legislative Session of 2005 this publication presents the Governor's Executive Budget in a concise manner. This streamlined format features a statewide summary of revenues, expenditures, and authorized positions, followed by Executive Budget recommendations, by budget schedule and budget unit, with a comparison to Existing Operating Budget, performance indicators, and a discussion of significant budget items.

Users who are seeking more detailed information about budget recommendations and program performance are urged to consult the FY 2010-2011 Executive Budget Supporting Document on the Office of Planning and Budget website <http://www.doa.louisiana.gov/opb/pub/ebsd.htm>. The Supporting Document contains detailed financial and performance information at department, agency, and program levels.

To compare the Governor's budget recommendations to the Existing Operating Budget (EOB), it is necessary to identify a particular date in the current fiscal year as the comparison point. For the development of the FY 2010-2011 Executive Budget, FY 2009-2010 EOB was "frozen" on December 01, 2009.

For information about state government expenditures, the Division of Administration created and has continually improved and expanded LaTrac, Louisiana's Transparency and Accountability portal and online state spending database, including adding a new state contracts database, to provide citizens a tool for tracking government spending and an opportunity to demand accountability and better results from their tax dollars. Citizens are encouraged to utilize LaTrac, which may be accessed through the Division's website at <http://www.doa.louisiana.gov/>.

In this Executive Budget, significant financial items are discussed at either the department or budget unit level, depending upon which is more appropriate to the organizational structure of a particular budget schedule. In a time of declining state revenues, this budget reflects the need to streamline and strategically reduce the size and cost of government through improved performance and greater efficiency, while protecting core services and maintaining strategic investments that contribute to the quality of life of all Louisiana citizens.

Louisiana Employment and Wages

Over the last three fiscal years, Louisiana non-farm employment had been steadily rising, in tune with national economic activity. However, the financial crisis from late 2008 and its subsequent recession put a stop to such increases. For the current fiscal year FY2009/10 non-farm employment is estimated to fall by about 1.4%, with a slight recovery for FY2010/11.

Louisiana nominal wages grew annually by 3.4% in FY 2008/09, but are projected to shrink by 1.5% in FY2009/10. For FY2010/11 the growth in nominal wages is anticipated to be a flat 0.3%. The slowing growth is attributable to the current national recession.

U.S. Real Gross Domestic Product

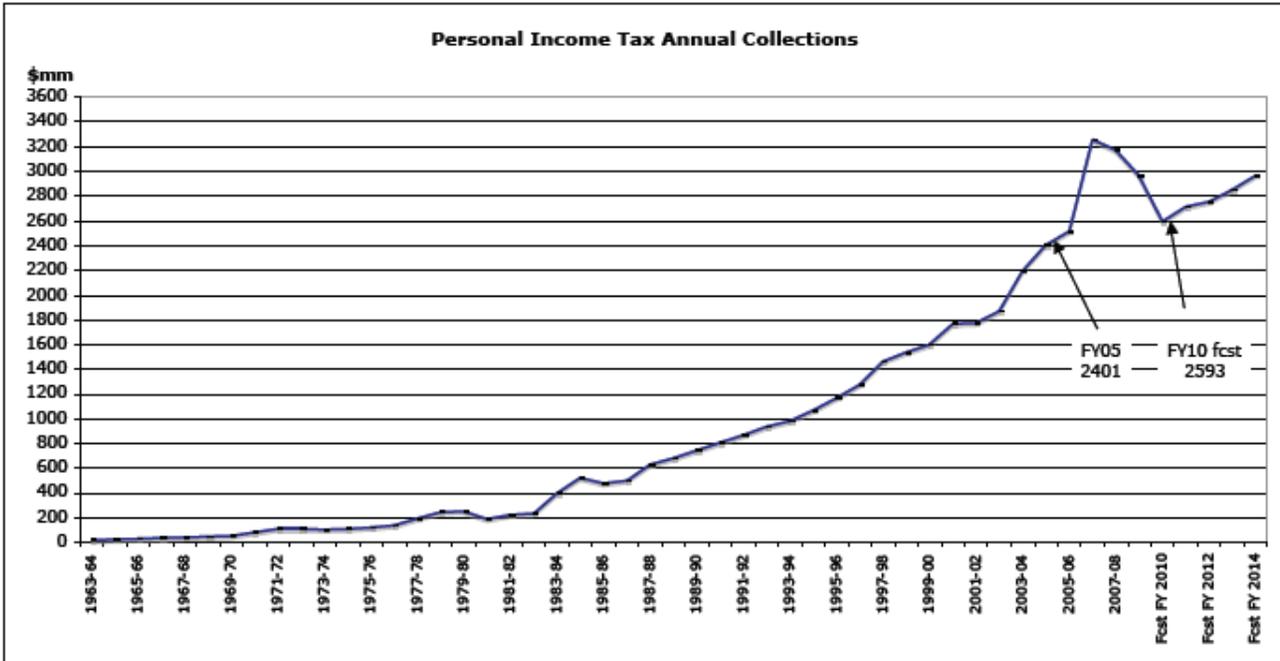

The following is based upon the Moody's Economy.com data and forecast. The year 2009 is shaping up to be one of the worst years for the U.S. economy after World War II. The recession, which began late 2007, continued throughout 2008 and 2009. U.S. real GDP fell by 2.2% during FY2008/09, and close to 7 million jobs were lost since the economic downturn started. The national unemployment rate is now at about 10% and is widely expected remain at that level for a protracted period of time before it recedes. During FY2009/10 U.S. real GDP is expected to remain flat, and engage in a moderate recovery by FY2010/11.

History of the major revenue sources

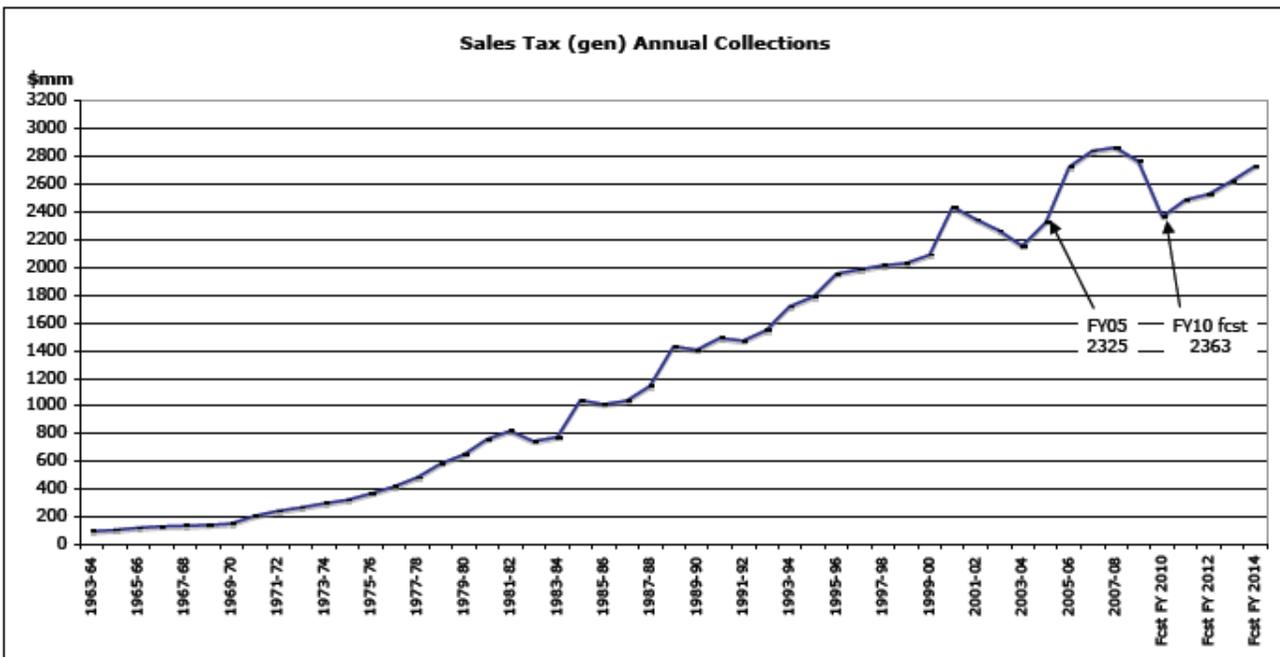

Individual Income Tax

Below is a chart that shows the history of Individual Income Tax collections, since the early 1960s. In the aftermath of Hurricanes Katrina and Rita, collections for this tax increased significantly. The current Official Forecast estimates collections to revert to about pre-storm levels.

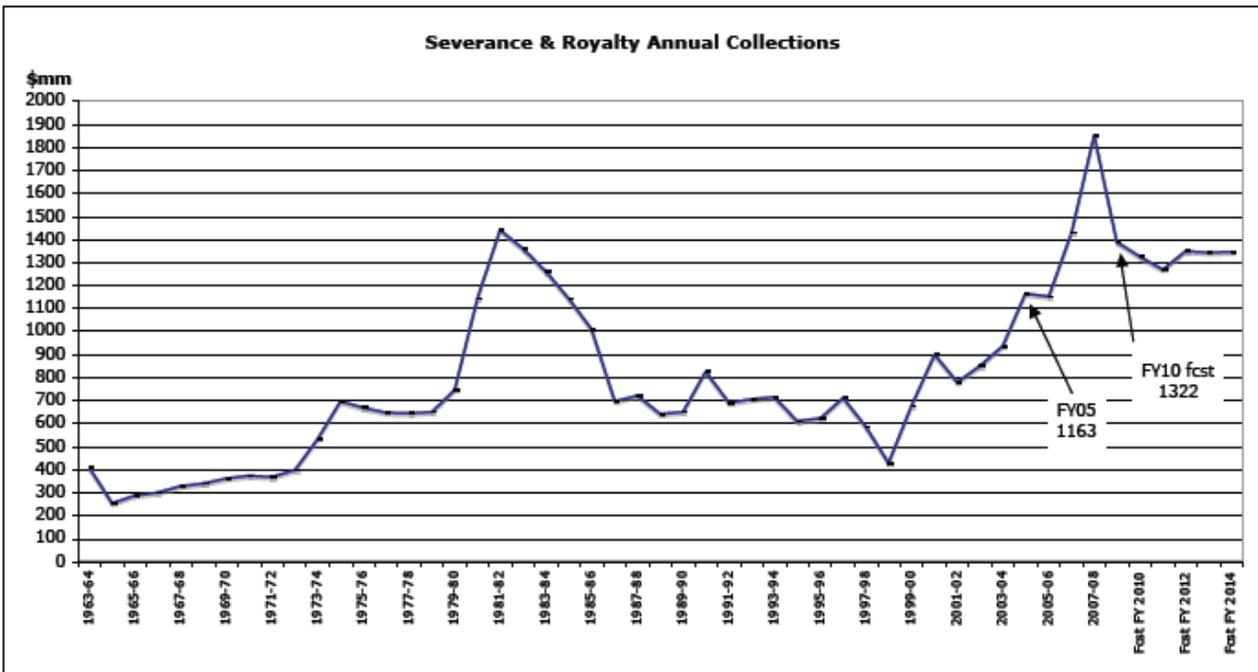

General Sales Tax

A similar chart is shown for the next most important revenue source for Louisiana, the General Sales Tax. Again, the fiscal years immediately after Hurricanes Katrina and Rita saw a significant rise in collections; the current Official Forecast puts such revenues at about pre-storm levels.

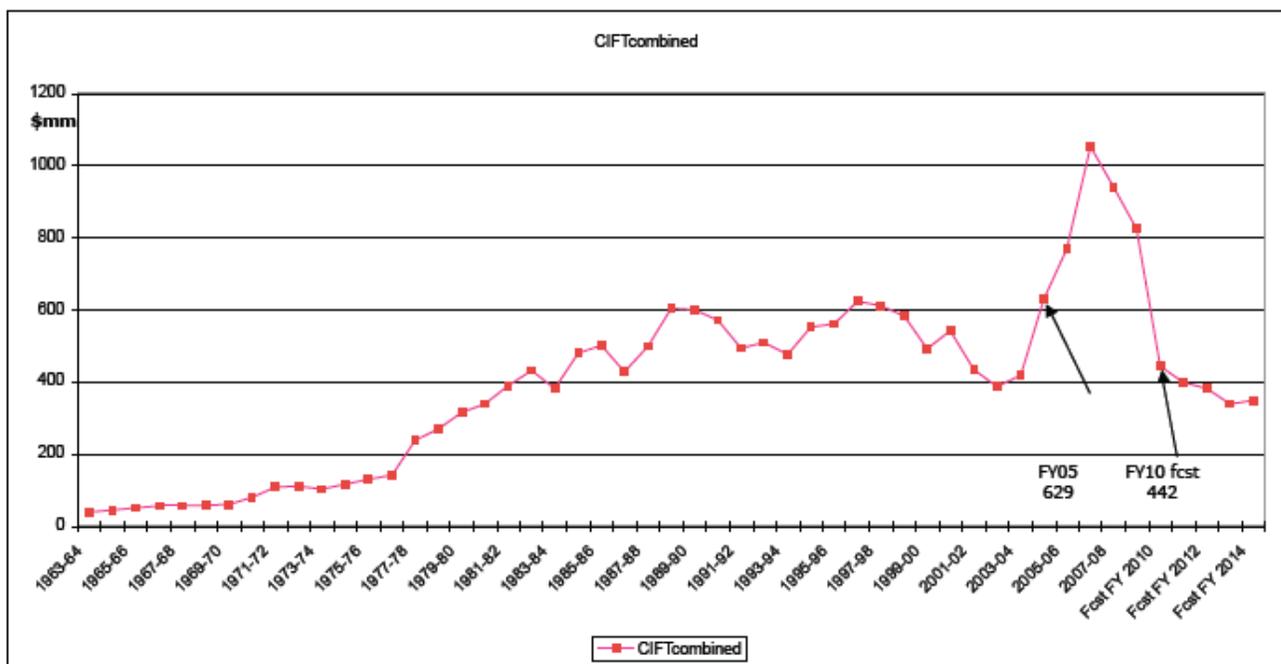

Severance Tax & Royalty collections

The next chart shows revenues for Louisiana coming from severance tax and royalties.

Corporate Income & Franchise Tax

Finally, this last chart illustrates collections for the Corporate Income & Franchise Taxes. In the aftermath of Hurricanes Katrina and Rita, such collections soared to historic heights, and only now such revenues are reverting to about pre-storm levels.

Revenue Summary - Fiscal Year 2008-2009

As the U.S. economy entered into a recession late 2007, economic activity slowed down in Louisiana as well, and with it tax revenue collection. During FY2008/09 Taxes, Licenses and Fees collections fell by 7.5% and State General Fund revenue shrank by about 7.8%.

	FY 2008/09 Actual (Million \$)	Annual Change (Million \$)	Annual Change (%)
Taxes, Licenses and Fees	11,155.5	-899.8	-7.5
Statutory Dedications	1,769.7	-104.4	-5.6
State General Fund	9,385.7	-795.5	-7.8

The following table ranks the revenue sources that contributed at least \$50 million to the increase over the prior fiscal year:

Annual Revenue Increases Greater than \$50 Million

Revenue Source	Annual Change (Million \$)	Annual Change (%)
Bonuses	73.7	122.2

Unfortunately, there were not too many of such sources. The increase in Bonuses collection is mainly driven by the Haynesville Shale natural gas boom, which took place over the summer of 2008. Natural gas exploration companies signed up for prospective drilling at very high bonuses; however, as the natural gas price fell, this boost in prospective drilling decreased significantly [and with it, bonus collections].

The next table ranks the revenue sources with the largest annual percentage declines and a \$10 million or more decrease during FY2008/09:

Annual Revenue Decreases Greater than \$10 Million

Revenue Source	Annual Change (Million \$)	Annual Change (%)
Royalties	-250.0	-32.6
Severance Tax	-214.9	-19.8
Individual Income Tax	-202.6	-6.4
Sales Tax	-101.8	-3.6
Corporate Income Tax	-93.3	-13.2

As the high energy prices over the summer of 2008 subsided and then fell during the course of FY2008/09, it is no surprise that mineral revenue, and especially severance tax and royalties, would fall along with them. And such is exactly what happened. Royalties decreased by almost a third, compared to FY2007/08, and severance tax collection by almost a fifth. At the same time, the U.S. economy entered a protracted period of very sluggish or even negative growth, which had an effect on the most important revenue sources of our state, the Individual Income Tax, the Sales Tax and the Corporate Income Tax.

Revenue Summary - Fiscal Year 2009-2010

The December 17, 2009 Revenue Estimating Conference (REC) adopted a forecast that significantly reduced the outlook for revenue collection in Taxes, Licenses and Fees (TLF). Compared to the actual TLF collection for FY2008/09, the forecasted decrease is about \$1.5 billion, or 14%. The national recession brought about extra caution in the FY2009/10 outlook. This is especially seen in the General Sales Tax collections, which have notably slowed since the early months of FY2009/10. In addition, the expansion of the income tax brackets and the re-establishment of the state deduction for total federal itemized deductions in excess of the federal standard deduction may have an impact on revenue collection.

	FY 2009/10 Forecast (Million \$)	Annual Change (Milion \$)	Annual Change (%)
Taxes, Licenses and Fees	9,591.2	-1,564.1	-14.0
Statutory Dedications	1,728.3	-41.4	-2.3
State General Fund	7,862.9	-1,522.8	-16.2

The following table ranks the revenue sources with the largest percentage growth and a \$10 million or higher increase over the prior fiscal year:

Annual Revenue Increases Greater than \$10 Million

Revenue Source	Annual Change (Million \$)	Annual Change (%)
Severance Tax	18.3	2.1
Excise License (Insurance Premiums)	14.6	4.6

In this recession environment, not too many revenue sources are projected to show positive changes, compared to FY2008/09. The Severance Tax is forecast to increase revenues, compared to last fiscal year, because of the recovery of oil prices during this current fiscal year. The Excise License Tax is also forecasted to show some strength in its collections.

The following table ranks the revenue sources with the largest projected annual percentage declines

and a \$50 million or more estimated decrease during Fiscal Year 2009/10:

Annual Revenue Decreases Greater than \$15 Million

Revenue Source	Annual Change (Million \$)	Annual Change (%)
General Sales Tax	-399.3	-14.5
Individual Income Tax	-373.1	-12.6
Corporate Income Tax	-267.5	-43.7
Corporate Franchise Tax	-115.4	-54.2
Bonuses	-114.1	-85.1
Royalties	-83.7	-16.2
Vehicle Sales Tax	-52.0	-16.9

The General Sales Tax is showing significant weakness in its collection, since early in this current fiscal year. The national recession is a major factor in this slowdown. Individual Income Tax projections include fiscal impact of actions taken in the previous legislative session, particularly continued phase-in of excess itemized deductions and the expansion of the taxable income brackets. The national recession's impact on the state's wages and employment also contributed somewhat to this decline. Corporate Income and Franchise Tax collections are projected to see major reductions, fueled by the current recessionary environment. Bonus revenues will revert to normal after the significant increase during last fiscal year, due to the Haynesville Shale exploration boom. Royalties are projected to fall (compared to FY2008/09), because oil prices have decreased from their peaks in the previous fiscal year. The Motor Vehicle Sales Tax is estimated to see a slowdown for the same reason as the General Sales Tax; consumers are retrenching and thus, sales tax collections suffer.

Revenue Summary - Fiscal Year 2010-2011

The December 17, 2009 Revenue Estimating Conference (REC) projects a modest increase in the state general fund for FY2010/11, compared to the projection for the previous fiscal year. The modest increase can be explained by a slow, but steady increase in economic activity over the coming year.

	FY 2010/11 Forecast (Million \$)	Annual Change (Million \$)	Annual Change (%)
Taxes, Licenses and Fees	9,751.7	160.5	1.7
Statutory Dedications	1,730.6	2.2	0.1
State General Fund	8,021.1	158.2	2.0

The following table shows revenue sources that are projected to increase by \$50 million or more during Fiscal Year 2010/11:

Annual Revenue Increases Higher than \$50 Million

Revenue Source	Annual Change (Million \$)	Annual Change (%)
General Sales Tax	123.0	5.2
Individual Income Tax	118.0	4.6

The increase projected in both of these taxes is linked to the expectation of a slow, but continual increase in economic activity, which may be reflected in increased tax revenues.

The following table ranks the revenue sources with the largest projected annual percentage declines and a \$15 million or more estimated decrease during Fiscal Year 2010/11:

Annual Revenue Decreases Greater than \$15 Million

Revenue Source	Annual Change (Million \$)	Annual Change (%)
Severance Tax	-97.8	-11.0
Corporate Franchise Tax	-47.0	-48.3
Interest Earnings (SGF)	-20.0	-15.4

Severance Tax collections are projected to fall, compared to FY2009/10, because of lower natural gas prices. The Severance Tax on natural gas is a volume tax, which depends largely on the prices of natural gas of the previous fiscal year. During FY2009/10 such prices reached historic lows, which almost likely will be reflected in a significantly lower volume (severance) tax on natural gas for FY2010/11. Corporate Franchise Tax revenues are estimated to fall, because of the general economic

environment; even though the economic environment might slowly improve, it may not mean an immediate translation into higher corporate collections. Interest earnings on state general fund investments are estimated to be lower, as interest rates continue to be at historic lows.

BUDGET HIGHLIGHTS:

- In FY 2010–2011, the total means of financing for the Department of Transportation and Development (DOTD) represents a decrease of \$32.1 million (5.66%) from the Existing Operating Budget (EOB). The FY 2010–2011 level of funding includes \$102.5 million in Transportation Trust Fund – Federal, \$368.8 million in Transportation Trust Fund – Regular, and \$582,958 in DOTD Right-of-Way Permit Proceeds.
- Thirty-seven Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs) have been eliminated at a savings of \$1.9 million in Transportation Trust Funds.
- The department will transfer 43 T.O. FTEs and \$4 million to the Office of Coastal Protection and Restoration. Act 523 of the 2009 Regular Legislative Session establishes the Office of Coastal Protection and Restoration within the Governor’s office. This consolidates functions relative to hurricane flood protection (formerly in

DOTD, Office of Public Works, Hurricane Flood Protection, and Intermodal Transportation) and coastal restoration (formerly in the Department of Natural Resources, Office of Coastal Restoration and Management) under the authority of the new office.

- The department will transfer 97 T.O. FTEs and \$6.6 million to the Department of Public Safety. This combines fixed scale weight enforcement with mobile weight enforcement. The weight enforcement function will be funded with weight enforcement and permit revenue, classified as Transportation Trust Funds. This is a Commission on Streamlining Government recommendation.
- The Aviation Program will eliminate the photogrammetry airplane at a savings of \$292,000 and two T.O. FTEs. This is a Commission on Streamlining Government recommendation.
- The department will eliminate the Melville ferry at a savings of \$213,039. This is a Commission on Streamlining Government recommendation.
- \$1 million in Transportation Trust Fund – Federal is provided for professional services contracts to monitor American Recovery and Reinvestment Act of 2009 funds in the DOTD/Capital Outlay budget.
- \$7.8 million is provided for maintenance of the Agile Assets System relative to the Enterprise Resource Project (ERP).

BUDGET HIGHLIGHTS:

- Corrections Services will continue to operate one of the safest and most cost-effective correctional systems in the 16-state Southern Legislative Conference.
 - The system wide average operating cost per offender per day is \$39.75 for Louisiana compared to the Southern Regional Average of \$52.90 per offender per day.
 - Louisiana has the lowest ratio of offender-on-offender assaults and offender-on-staff assaults in the Southern Legislative Conference.
- The Forcht-Wade Correctional Center (FWCC) in Keithville will be converted to a substance abuse treatment center for adult offenders. This is a Commission on Streamlining Government recommendation.
 - The existing Reception and Diagnostic function as well as the Skilled Nursing Facility at FWCC will be transferred to Elayn Hunt Correctional Center (EHCC) in St. Gabriel.
 - This conversion will result in the net reduction of 34 Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs) and provide a net savings of \$1.7 million.
- Pharmacy Services will be privatized at all state correctional facilities. This is a Commission on Streamlining Government recommendation.
 - This streamlining measure will result in the reduction of 22 T.O. FTEs and savings of \$0.8 million.
- Administrative Services at all state correctional facilities and units will be consolidated on a regional basis.
 - This streamlining measure will result in the reduction of 26 T.O. FTEs and savings of \$1 million.
- Video technology will be utilized at state correctional facilities to provide for the monitoring of offenders from a central location rather than relying on correctional security officers in towers.
 - This streamlining measure will result in the reduction of 30 T.O. FTEs and savings of \$1.2 million.
- The Department will eliminate 114 vacant T.O. FTE positions to provide savings of \$6.7 million. In addition, the Department will eliminate Non-Appropriated Table of Organization Full Time Equivalents (Non-T.O. FTEs) to produce a savings of \$7.6 million.
- During FY 2010-2011 the department will begin the implementation of video court technology as well as expanded use of telemedicine technology. This is a Commission on Streamlining Government recommendation.
 - This technology will provide long term savings of at least \$0.5 million per year due to decreased need to transport offenders to court appearances or for medical treatment.
 - Public safety will be enhanced by the decreased number of offenders being transported outside of correctional facilities.

BUDGET HIGHLIGHTS:

- FY 2010-2011 provides funding for State Trooper Patrol strength of 688 Troopers that are assigned to patrolling the state's roadways.
- A \$1.4 million means of finance substitution decreases the Statutory Dedication from the Criminal Identification Fund and increases State General Fund. This is due to a decrease in revenue in the Criminal Identification Fund. The funds will be used to support the State Police Crime Lab.
- As a Commission on Streamlining Government recommendation, the Fixed Scales Weights activity, including 97 Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs), are being transferred from the Department of Transportation and Development (DOTD) to DPS. DOTD will send DPS \$6.7 million via Interagency Transfers for expenditures related to this activity.
- As a Commission on Streamlining Government recommendation, Louisiana Capitol Police, including \$1.3 million and 17 T.O. FTEs, is being transferred from the Division of Administration to DPS.
- As a Commission on Streamlining Government recommendation, the Oil Spill Coordinator's Outreach Program was eliminated at a savings of \$112,000.
- As a Commission on Streamlining Government recommendation, the department saved \$175,000 by outsourcing equipment upgrades and systems migration.

BUDGET HIGHLIGHTS:

- The Office of Juvenile Justice (OJJ) serves approximately 5000 youth in community-based programs, parole and probation programs, and at secure care facilities that include: Bridge City Center for Youth near New Orleans, the Jetson Center for Youth in Baton Rouge, and Swanson Center for Youth in Monroe.
- The OJJ was reduced by 76 Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs) and \$4.7 million in State General Fund. The OJJ is transitioning to the LaMod relative secure care model, which aligns OJJ with the Missouri Youth Service’s (M.Y.S.I.) method of treatment in secure care facilities. This model calls for reduced numbers of youth per dormitory and therapeutic models for secure care environments.
 - Thirteen T.O. FTEs and \$1.1 million in State General Fund were eliminated from the Administration program.
 - Twenty-five T.O. FTEs and \$1.2 million in State General Fund were eliminated from the Swanson Center for Youth.
 - Nine T.O. FTEs and \$793,746 State General Fund were eliminated from the Jetson Center for Youth.
 - Nineteen T.O. FTEs and \$746,145 State General Fund were eliminated from the Bridge City Center for Youth.
 - Ten T.O. FTEs and \$920,057 State General Fund were eliminated from the Field Services program.
 - \$440,765 and 18 Non-Appropriated Table of Organization Full Time Equivalents (Non-T.O. FTEs) were eliminated from the OJJ.
 - \$3 million was reduced in Interagency Transfers due to the number of youth within the OJJ that are not eligible for Title-IV-E Funds from the Department of Social Services.
 - \$3 million was reduced in State General Fund from the Louisiana State University Health and Science Center contract within the Contract Service program. This is a Commission on Streamlining Government recommendation.
 - Pharmacy Services will be privatized at all Juvenile Justice facilities resulting in savings of \$100,000. This is a Commission on Streamlining Government recommendation.
 - \$2 million increase in State General Fund in the Swanson Center for Youth to fund the transfer of operations to Columbia Community Residential and Employment Services Center. Columbia will be used as an annex to reduce youth population and serve youth in a LaMod friendly environment.

BUDGET HIGHLIGHTS:

The department's FY2010-2011 budget utilizes federal matching revenue in compliance with the provisions of the American Recovery and Reinvestment Act of 2009 (ARRA). In addition, the department has been directed to identify and utilize available Certified Public Expenditures and the Upper Payment Limit (UPL) Program to the extent permissible by the Centers for Medicare and Medicaid Services (CMS). New partnership opportunities that take advantage of public/private partnerships with hospitals will be implemented in order to achieve savings in State General Fund, while preserving essential state services. The budget fully utilizes funds which have been preserved in the Medical Assistant Trust Fund (MATF).

Additional State General Fund required in the budget is the result of replacing the loss of federal revenue from ARRA, which expires December 2010; the loss of federal match due to a substantial decrease in the Federal Medical Assistance Percentage (FMAP) that goes into effect with the expiration of the ARRA; the loss of federal revenue from the Social Services Block Grant (SSBG); and the loss of federal revenue as a result of the adoption by CMS of a more stringent Disproportionate Share Hospital Payments (DSH) Audit Rule. The implementation of this rule

adversely impacts the Louisiana State University (LSU)-operated public hospitals, the rural hospitals and the inpatient institutions operated by the Office of Mental Health. Without the additional State General Fund provided in the executive budget to offset the lost Federal Funds from the new DSH Audit Rule, services would be severely impacted, and hospital closures – both LSU-operated and rural – would likely have resulted without adequate time to plan for alternative delivery models. Given the non-recurring nature of the dollars provided for the LSU-operated hospitals in order to offset the loss of federal DSH funds, the executive budget directs LSU and DHH to draft a transition plan for the public hospitals on a region-by-region basis with the goal of preserving access to services not otherwise available in the community, preserving the three major teaching hospitals in Shreveport, Baton Rouge, and New Orleans, preserving any hospitals that are sole community providers, and ensuring a robust system of primary care access throughout the state. This transition plan is consistent with the recommendation of the Commission on Streamlining Government.

The budget annualizes all FY 2009- 2010 mid-year reductions pursuant to Executive Order BJ2009-21 such as, but not limited to: the continued efforts to privatize public group homes for persons with developmental disabilities; annualization of the 5% rate reduction to private providers; closure of the Gateway Program at Villa Feliciana; reduction in contractual services, decrease in personnel, and full implementation of other departmental efficiencies.

The budget includes several recommendations from the Commission on Streamlining Government, such as: further privatization of selected state Intermediate Care Facilities/Developmental Disabilities Centers (ICF/DDs), implementation of co-pays in Medicaid for non-emergency use of emergency departments; the consolidation of selected Supports and Services Centers; an unprecedented investment in community-based mental health services; implementation of the Medicaid Coordinated Care Initiative; and the transfer of the Safe Drinking Water program to the Department of Environmental Quality.

To further effect savings and ensure the most efficient delivery of services, the department is privatizing public treatment facilities in the Office of Addictive Disorders, and transitioning institutional beds in the Office of Mental Health to more appropriate residential treatment. Due to the loss of federal dollars from the DSH Audit Rule – a loss of 28% of the budget for the state's mental health institutions - the department is investing in a major initiative to deploy aggressive community-based mental health services proven to reduce the demand for inpatient mental health services.

In an effort to eliminate duplication and streamline administrative functions, the department is eliminating the engineering and architecture services section and reorganizing the Bureau of Legal Services resulting in fewer personnel.

The department is limited in its ability to address the budgetary challenges within the Medicaid program due to maintenance of effort requirements in ARRA, requiring provider rate reductions to be the only practical mechanism to achieve timely savings. Therefore a 3.1% targeted private provider rate reduction is proposed. The reduction proposed has been mitigated by exhausting the dollars preserved in the MATF. As the community hospital DSH pool exceeds the amount actually expended, the DSH pool is reduced to match the actual expenditures.

The department makes strategic, limited, investments to ensure continued progress is made in access to community-based services. The budget funds 150 New Opportunities Waiver slots to assist families waiting for services. The department has initiated a birth outcomes review to identify the causal factors for Louisiana's high infant mortality rate and develop a statewide plan of action for addressing this tragic problem. The department is advancing the

South Central Louisiana Human Services Authority to provide community-based services to the clients in Region 3. In Medicaid, the department is supporting innovative partnerships with public and private providers such as the collaboration between Our Lady of the Lake Regional Medical Center and LSU.

Federal funding for the Primary Care Access and Stabilization Grant Clinics in the Greater New Orleans area expires in October, 2010. Continued funding of this important initiative is provided subject to federal approval to use remaining Community Development Block Grant (CDBG) funds. The department is directed to work with the congressional delegation and federal government to achieve this funding.

\$309.7 million of State General Fund is contingent upon the use of the FY 2008-2009 State General Fund surplus and collections from the Louisiana Tax Delinquency Amnesty Act of 2009 to defease debt in FY 2009-2010; thereby, reducing State Debt Service by \$309.7 million in FY 2010-2011. The total impact, including the federal match, is \$1.1 billion (Supplementary Recommendation.)

Human Service Districts:

With the exception of the Capital Area Human Services District, the Human Services Districts received net reductions in their total operating budgets. While State General Fund reductions occurred for every district, the department is proposing significant new investment in evidence-based community based mental health programs as a result of the DSH Audit Rule reductions in the mental health institutions. The percentage reductions in State

General Fund for each district were similar. In determining the investment in new community-based services, the department considered the originating parish or region of the persons receiving services in the inpatient institutional settings, and is proposing that the new investments be relative to where the demand is originating.

Jefferson Parish Human Services Authority: The FY 2010-2011 Executive Budget reflects a net decrease in total funding of \$509,002. The reductions are: SGF \$441,817 and Interagency Transfers \$67,185. The Interagency agreements being reduced are from the Office for Addictive Disorders (OAD) and Office for Citizens with Developmental Disabilities (OCDD).

- \$300,000 State General Fund reduction. The source of funding was one time monies apart of HB 881 from the 2009 Regular Legislative Session. These funds were used to provide services for developmental disabilities, the transitional center, and the community center within the Adult Community Behavioral Health activity.
- \$1.3 million reduction due to the annualization of Executive Order BJ2009-21 mid-year budget reductions to contractual services.
- \$1.1 million of additional State General Fund is provided as an investment into additional community-based mental health services, including Assertive Community Teams/Forensic Assertive Community Teams and an Intensive Care Management System. These services are supported by compelling evidence that they improve the quality of the mental health system and reduce the need for inpatient institutionalization.

Florida Parishes Human Services Authority: The FY 2010-2011 Executive Budget reflects a net decrease in total funding of \$666,235. The reductions include: Interagency Transfers of \$1 million. The Interagency agreements being reduced are from the OAD and the OCDD; a State General Fund increase of \$332,845; and a Fees and Self-generated Revenues increase of \$2,000.

- \$1.2 million reduction due to the annualization of Executive Order BJ2009-21 mid-year budget reductions for contractual services related to social detoxification services for youth, developmental disabilities services for families, family support services, and mental health services
- \$875,000 of additional State General Fund is provided as an investment into additional community-based mental health services, including Assertive Community Teams/Forensic Assertive Community Teams and an Intensive Care Management System. These services are supported by compelling evidence that they improve the quality of the mental health system and reduce the need for inpatient institutionalization.

Capital Area Human Services District: The FY 2010-2011 Executive Budget reflects a net increase in total funding of \$566,360. The reductions include: Interagency Transfers of \$725,486 from OAD and the OADD; Fees and Self-generated Revenue of \$59,269 from the U.S. Probation and Parole Office; Federal Funds of \$87,135; and an increase in State General Fund of \$1.4 million.

- \$2.1 million reduction due to the annualization of Executive Order BJ2009-21 mid-year budget reductions for contractual services related to developmental disabilities, social services, addictive disorders, and mental health treatment.
- \$2.4 million of additional State General Fund is provided as an investment into additional community-based mental health services, including Assertive Community Teams/Forensic Assertive Community Teams and an Intensive Care Management System. These services are supported by compelling evidence that they improve the quality of the mental health system and reduce the need for inpatient institutionalization.

Metropolitan Human Services District: The FY 2010-2011 Executive Budget reflects a net decrease in total funding of \$2.9 million. The reductions include: Interagency Transfers of \$3.2 million from Medical Vendor Payments, OAD, and OCDD; Fees and Self-generated Revenues of \$54,640 from the Medical Center of Louisiana New Orleans; and Federal Funds of \$28,176. The increase includes \$273,389 in State General Fund.

- \$3.9 million reduction in excess budget authority for funds associated with the Louisiana Public Health Institute (LPHI) grant, the Projects for Assistance in Transition from Homelessness (PATH) grant, the Screening, Brief Intervention, and Referral to treatment (SBIRT) grant, and the Substance Abuse

Prevention and Treatment (SAPT) grant.

- \$1.1 million of additional State General Fund is provided as an investment into additional community-based mental health services, including Assertive Community Teams/Forensic Assertive Community Teams and an Intensive Care Management System. These services are supported by compelling evidence that they improve the quality of the mental health system and reduce the need for inpatient institutionalization.

South Central Louisiana Human Services Authority: The FY 2010-2011 Executive Budget will include the launch of the South Central Human Services Authority which will provide services to the DHH Region 3 area of the state. This new authority will include a total of \$24.8 million in Interagency Transfers funding from the following agencies:

- \$300,000 – Office of the Secretary
- \$7,222,631 – Office for Addictive Disorders
- \$2,350,349 – Office of Citizens with Developmental Disabilities
- \$14,807,489 – Office of Mental Health
- Also included within the transfer of funding are 120 Authorized (Appropriated) Table of Organization Full Time Equivalent (T.O. FTEs), which will be converted to Non-Appropriated Table of Organization Full Time Equivalent (Non T.O. FTEs), as well as three Non T.O. FTEs for a total of 123 Non T.O. FTEs.
- This transaction is purely a shift in funding, duties and responsibilities from the agencies listed above. This is not an increase to the departments' overall budget.

Developmental Disabilities Council: The FY 2010-2011 Executive Budget reflects a decrease in total funding of \$341,224. The reductions are: State General Fund of \$226,445; and Federal Funds of \$114,779. The State General Fund reduction includes the annualization of FY 2009-2010 mid-year budget cut of \$86,597 for reduction on contracts. The Federal Funds reduction is due to excess budget authority.

Medical Vendor Administration (MVA): The FY 2010-2011 Executive Budget reflects an increase in total funding of \$9.6 million. The increases are: Federal Funds of \$15 million. The decreases are: State General Fund of \$3.6 million and Interagency Transfers of \$2 million. The increase in funding is necessary in order for the department to implement efficiencies in the Medicaid program which will reduce costs. These initiatives include:

- \$6.2 million (\$1.9 million State General Fund) for the implementation of a Dual Fiscal Intermediary.
- \$3.1 million (\$1.6 million State General Fund) for Medicaid Reform Coordinated Care Initiatives. This is a recommendation of the Commission on Streamlining Government.
- \$2.5 million (\$1.3 million State General Fund) for outpatient diagnostic utilization management. This is resulting in \$2.1 million in State General Fund savings in Medical Vendor Payments.
- \$2.6 million increase in Federal Funds for the annualization of the Emergency Room Diversion Grant.

MVA eliminated 40 vacant T.O. FTEs resulting in a savings of \$3 million total (\$1,239,452 State General Fund) as part of the department's overall personnel reductions. One T.O. FTE is being transferred from the Office of the Secretary to the health standards section for review of architectural plans and three T.O. FTEs are being transferred from the Department of Social Services to meet the requirements of Act 381 of the 2009 Regular Legislative Session.

MVA realized \$12.5 million in savings (\$5.3 million State General Fund) from the annualization of FY 2009-2010 mid-year cuts. \$3.8 million in savings (\$956,179 State General Fund) are achieved from a reduction to the Unisys contract for claims processing, \$4 million in savings (\$2 million State General Fund) are achieved from delaying implementation of the Chronic Care Management Program and \$4.6 million in savings (\$2.3 million State General Fund) are achieved from delaying implementation of the Administrative Service Organization for behavioral management.

Medical Vendor Payments (MVP): The FY 2010-2011 Executive Budget reflects a net decrease in total funding of \$371.7 million. The total reduction in Federal Funds is \$735.3 million. This is due in large part to the fact that the enhanced Federal Medical Assistance Percentage (FMAP) provided for the ARRA will end on December 31, 2010 and the FMAP will drop from the current 81.48% to 63.61% which is equivalent to a loss of \$416 million in federal

match. Lost Federal Funds related to the DSH Audit Rule are \$134.2 million. Other decreases in federal funds result from achieving annualization of efficiencies and rate reductions implemented as mid-year reductions. The increases are: State General Fund of \$124.2 million; Interagency Transfers of \$2.9 million; and Statutory Dedications of \$236.5 million.

\$25.4 million (\$7million State General Fund) in savings are achieved by annualizing efficiencies implemented in FY 2009-2010. This includes \$7.9 million (\$2.2 million State General Fund) in savings from Radiology Utilization Management and \$17.5 million (\$4.8 million State General Fund) in savings from Claim Check. Claim Check review optimizes claims processing to provide greater payment accuracy and controls administrative costs by evaluating claims before reimbursement.

\$2.3 million in savings (\$626,973 State General Fund) are achieved from diabetes self management training which is a collaborative process through which people with, or at risk for, diabetes gain the knowledge and skills needed to modify behavior and successfully manage the disease and its related conditions.

\$102 million in savings (\$28 million State General Fund) are achieved by annualizing a 5% rate reduction for private providers implemented as part of the mid-year reductions. \$20.9 million in savings (\$5.7 million State General Fund) are achieved by annualizing rate reductions for private providers implemented in August of FY 2009-2010.

Notwithstanding decreases in the budget, certain increases are also required: There is an increase in the budget of \$141 million (\$27.8 million State General Fund) for continuation of waiver services and other private provider services. Of this amount \$12 million (\$3.3 million State General Fund) for pharmacy utilization, \$15.7 million (\$2.7 million State General Fund) for behavioral health, and \$112 million (\$21.7 million State General Fund) for various waivers which shift care from institutional based services to community based services.

While the Department is in the process of privatizing state group homes for approximately 150 persons with developmental disabilities, the savings provides the opportunity to invest in additional new slots. \$3.8 million (\$1.3 State General Fund) is budgeted for 150 additional New Opportunities Waiver slots.

\$112.4 million is provided for nursing home rebasing. This includes \$30.9 million in statutory dedication funding from the Medicaid Trust Fund for the Elderly. Nursing home rates will be cut effective June 30, 2010 based on published rules, eliminating the need to annualize the rebasing from the current fiscal year with State General Fund.

There are also unavoidable increases in the Medicaid program because of federal requirements including:

- \$19 million State General Fund for Medicare Part D or “Clawback” payments for prescription drugs for dual eligibles (those eligible for Medicare and Medicaid).
- \$41 million (\$9.7 million State General Fund) for Medicare Part A and B premiums.
- \$8.9 million (\$2.5 million State General Fund) for Federally Qualified Health Centers and Rural Health Centers. These centers must be funded as they enroll in this program.

\$437.7 million budgeted from the MATF for FY 2010-2011. Of this amount, \$106.1 million is provider fees as recognized by the Revenue Estimating Conference (REC); \$42.5 million is from the fund balance and interest, and \$289.1 million is State General Fund made available from the use of ARRA.

\$309.7 million of State General Fund is contingent upon the use of the FY 2008-2009 State General Fund surplus and collections from the Louisiana Tax Delinquency Amnesty Act of 2009 to defease debt in FY 2009-2010; thereby, reducing State Debt Service by \$309.7 million in FY 2010-2011. The total impact, including the federal match, is \$1.1 billion (Supplementary Recommendation.)

Uncompensated Care Cost (UCC): There is a \$348.1 million (\$57.3 million of State General Fund) reduction to UCC payments which consists of: public hospitals \$214.4 million, community hospital pool \$46.3 million, rural hospitals \$25.5 million, non-rural hospitals \$17 million, state psychiatric hospitals \$42.9 million and other hospitals \$1.8 million. \$198.5 million of this reduction (\$64.3 million State General Fund) is due to the federal DSH Audit Rule imposed by the federal government. The department is providing \$135.6 million (\$122 million State General Fund) as transitional funding for the LSU Hospitals as a plan is established to transition the hospitals – region by region – to take advantage of existing community hospital capacity, preserve primary care access, preserve sole

community providers, and preserve the major teaching hospitals in Shreveport, Baton Rouge, and New Orleans. \$11 million in State General Fund is being provided to fully offset the DSH Audit Rule impact on rural hospitals, with the Department being directed to optimize federal match through the UPL program, increasing Medicaid rates, and developing a direct grant program for rural hospitals with significant financial need.

The net adjustment to UCC also includes a \$24.4 million means of financing swap replacing Federal Funds with State General Fund due to the federal match rate decreasing from 67.61% in FY 2009–2010 to 63.61% in FY 2010–2011.

Office of the Secretary: The FY 2010-2011 Executive Budget reflects a net reduction in total funding of \$31.9 million. The reductions are: State General Fund of \$6.6 million; Fees and Self-generated Revenues of \$277,896; and Federal Funds of \$48.3 million. The increases are: Interagency Transfers of \$22.9 million and Statutory Dedications of \$343,819. The Interagency Transfers increase is due primarily to the funding authority provided to continue the operations of the clinics funded by the Primary Care Access and Stabilization Grant that expires in October, 2010, which funds would be provided by use of CDBG funds if approved by congress. The Federal Funds reduction is mainly due to the excess budget authority. The State General Fund reduction includes the annualization of FY 2009-2010 mid-year budget reduction of \$592,076 for travel, contracts and supplies and the elimination of 12 T.O. FTEs with funding of \$1 million; the reduction of 17 T.O. FTEs and funding of \$1.7 million in Engineering & Architecture Services and Legal Services sections; non-recurring of one time funding of \$5 million for the Electronic Health Technology Loan Program created by Act 489 of 2009 Legislative Session; the reduction of \$500,000 to the Community and Rural Health Grant Program. There is one T.O. FTE and State General Fund of \$907,935 transferred from Office of Public Health for implementation of the Birth Outcomes Improvement Initiative and another 10 T.O. FTEs with State General Fund of \$757,676 transferred from Office of Public Health for consolidation of services for contracts review, health statistics and health system analysis and policy to facilitate data driven decision-making. Three Non T.O. FTEs are being reduced to assist in the startup of the new South Central Louisiana Human Services Authority.

Office of Aging and Adult Services (OAAS): The FY 2010-2011 Executive Budget reflects a net increase in total funding of \$2.6 million. The increases are: Interagency Transfers of \$22,620; Fees and Self-generated Revenues of \$382,668, and Statutory Dedications of \$3.2 million. The increases are due to an increased amount of funds for Permanent Supportive Housing from the Office of Community Development and the transfer of programs from Department of Social Services (DSS), including the Traumatic Head and Spinal Cord Injury Trust Fund. The decreases are: State General Fund of \$835,915 and Federal Funds of \$186,309.

- OAAS's T.O. FTEs decreased by a net of 46.
- A total of \$2.8 million in reductions which include mid-year reductions annualized for FY 2010-2011, including 43 T.O. FTEs and contract expenditures at the John J. Hainkel Jr. Home and Rehabilitation Center and the Villa Feliciana Medical Complex; plus additional reductions including seven T.O. FTEs (three T.O. FTEs at the John J. Hainkel Jr. Home and Rehabilitation Center and four T.O. FTEs at the Villa Feliciana Medical Complex).
- At the recommendation of the Commission on Streamlining Government, four T.O. FTEs were transferred into OAAS from Louisiana Rehabilitation Services due to the transfer of the Traumatic Head and Spinal Cord Injury Trust Fund and funding of \$3.1 million of Statutory Dedications from the Traumatic Head and Spinal Cord Injury Trust Fund. The Commission also recommended the transfer of the Supported Living Program from the Developmental Disabilities Council and the State Personal Assistant Services Program

and the Community and Family Supports Program from the DSS to OAAS. The transfer of the Supported Living Program and the State Personal Assistant Services Program will bring funding of \$530,999 in State General Fund.

Louisiana Emergency Response Network (LERN) Board: The FY 2010-2011 Executive Budget reflects a net reduction of \$759,533. The reduction is: State General Fund of \$759,533.

- LERN's T.O. FTEs decreased by three due to the annualization of Executive Order BJ2009-21, resulting in an associated reduction of \$231,656 in State General Fund.
- \$260,458 State General Fund increase for the improvement of emergency services communications and for rental and maintenance costs associated with LERN's southern call center.
- \$501,053 reduction due to the annualization of Executive Order BJ2009-21 mid-year budget reductions to management consulting, information technology systems development, and call center contracts.

Office of Public Health (OPH): The FY 2010-2011 Executive Budget reflects a net reduction of \$24.5 million. The reductions are: State General Fund of \$5.3 million, Interagency Transfers of \$3.5 million; Fees and Self-generated Revenues of \$2 million and Federal Funds of \$14 million. The increase is Statutory Dedications of \$419,694.

- OPH's T.O. FTEs decreased by 77; however, 11 T.O. FTEs are being transferred to the Office of the Secretary. In agreement with the recommendation of the Commission on Streamlining Government, the department is transferring the administration of the Drinking Water Revolving Loan Fund to the Department of the Environmental Quality, resulting in an additional reduction of 11 T.O. FTEs.
- \$4.8 million of mid-year reductions annualized for FY 2010-2011, including 45 T.O. FTEs.
- \$3.6 million of additional reductions and efficiencies in Engineering Services and Communicable Diseases and Environmental Health.

Office of Mental Health (OMH): The FY 2010-2011 Executive Budget reflects a net decrease in total funding of \$30.7 million and 506 T.O. FTEs. There is an increase in State General Fund of \$96.7 million, and decreases in Interagency Transfers of \$114.1 million from the DSS and MVP, and additional decreases in Federal Funds of \$13.2 million.

- \$69.2 million increase in State General Fund and an equal decrease in Interagency Transfers due to the replacement of one-time supplemental SSBG funding received in FY 2009-2010.
- \$12.8 million reduction in Federal Funds due to the expiration of the following grants in FY 2009-2010: Jail Diversion - \$400,000; Gustav Regular Services Program - \$11.2 million; LA Yes - \$1.2 million.
- \$3.5 million reduction due to the annualization of Executive Order BJ2009-21 mid-year budget reductions.
- \$42.9 million reduction in Interagency Transfers from Medicaid due to the loss of federal dollars as a result of a change to federal rules for collection of DSH payments. There is a \$30.9 million State General Fund increase to offset this loss. These funds will be used to enhance community based services to provide the

most cost effective level of care, create civil and secure forensic settings of lower clinical acuity to replace high cost hospital beds that are no longer reimbursable through DSH, and provide some direct replacement of lost DSH dollars within state's three psychiatric hospitals.

- Transfer of 76 T.O. FTEs to assist in the startup of the new South Central Louisiana Human Services Authority.

Office for Citizens with Developmental Disabilities (OCDD): The FY 2010-2011 Executive Budget reflects a net decrease in total funding of \$34.2 million. The budget reflects increases in State General Fund of \$13.9 million and Federal Funds of \$20,977 and decreases in Interagency Transfers of \$47.1 million and Fees and Self-generated Revenues of \$1.1 million.

- \$14.3 million State General Fund increase and an equal decrease in Interagency Transfers due to the replacement of one-time supplemental SSBG funding received in FY 2009-2010.
- \$8.5 million total decrease and reduction of 470 T.O. FTEs due to the privatization of state-operated group homes for persons with developmental disabilities. The Department is proposing to use savings from this initiative to expand access to an additional 150 families waiting for waiver services. The expenditures for this expansion are included in the Medicaid budget.
- \$6.5 million and 134 T.O. FTEs of additional reductions and efficiencies will be achieved by consolidation of the Northeast Supports and Services Center into the Northwest Supports and Services Center and integration of residents closer to their families; and privatizing Acadiana Supports and Services Centers.
- \$13.6 million and 432 T.O. FTEs of additional reductions and efficiencies will be achieved by transitioning individuals with low level support needs at Northwest, North Lake, Pinecrest and Acadiana to more independent settings with supports; such as home and community based waivers and/or private ICF/DDs. These campuses will remain open and operational, but will specialize in higher acuity residents more appropriate for Support and Service Center residency.
- Transfer of 16 T.O. FTEs. to assist in the startup of the new South Central Louisiana Human Services Authority.

Office for Addictive Disorders (OAD): The FY 2010-2011 Executive Budget reflects a net reduction of \$14.5 million. The budget includes increases in State General Fund of \$7.8 million and decreases in Interagency Transfers of \$9.6 million; Fees and Self-generated Revenues of \$2,871; Statutory Dedications of \$541,833; Interim Emergency Board funds of \$531,167; and Federal Funds of \$11.5 million.

- \$9.5 million increase in State General Fund and an equal decrease in Interagency Transfers due to the replacement of one-time supplemental SSBG funding received FY 2009-2010.
- Transfer of 28 T.O. FTEs to assist in the startup of the new South Central Louisiana Human Services Authority.
- \$541,833 decrease in Statutory Dedications due to lower Tobacco Tax Health Care Fund collections.
- Non-recurring of \$531,167 Interim Emergency Board funds due to completion of repairs at the Southern Oaks Addiction Recovery Center.
- \$6.3 million reduction of Federal Funds due to excess budget authority for federal grants such as Access to Recovery II (ATRII) which expire this fiscal year. \$2.37 million of State General Fund will be used to partially offset this loss and continue the ATRII services.
- \$2.5 million reduction in State General Fund achieved by the transfer of six treatment facilities, 257 beds, and 173 T.O. FTEs to the private sector; seven OAD treatment facilities are currently operated privately at less cost than state-run facilities.
- \$967,162 of mid-year reductions due to the annualization of Executive Order BJ2009-21 mid-year budget reductions.

BUDGET HIGHLIGHTS:

- The Department of Social Services (DSS) will consist of one budget unit effective July 1, 2010. The current four budget units: DSS-Office of the Secretary, Office of Family Support, Office of Community Services, and Rehabilitation Services will be combined into the Office of Children and Family Services.
- Reorganization and efficiencies: Through the reorganization and consolidation of the Administrative staff, DSS has been successful in downsizing staff and improving work process and right-sizing the workforce. 197 Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs) were eliminated and 336

T.O. FTEs were transferred to the Department of Health and Hospitals (DHH) and the Louisiana Workforce Commission. Given the restructure of services and delivery to clients, the department does not anticipate a negative impact on payments or assistance services.

- Consolidation of Civil Rights within the Bureau of General Counsel resulted in the elimination of two T.O. FTEs; and consolidation of the Policy, Planning, and Evaluation section resulted in the elimination of four T.O. FTEs in the Enterprise Business Unit.
- Fifteen T.O. FTEs were eliminated from the Support Enforcement Services section with the modernization of business processes. 141 T.O. FTEs were eliminated in the consolidation with local and regional offices and related staff reductions. Of these, 30 T.O. FTEs were eliminated during the hiring freeze.
- Ten T.O. FTEs were eliminated due to modernization and reorganization of DSS.
- Twenty-five T.O. FTEs were eliminated from the Vocational Rehabilitation activity.
- Three T.O. FTEs were transferred to DHH for the licensing and regulation of Adult Residential Facilities.
- Louisiana Rehabilitation Services (LRS): LRS has been eliminated and all workforce development programs and activities will transfer to either the Louisiana Workforce Commission or DHH. Four T.O. FTEs will transfer to DHH/Office of Aging and Adult Services along with the Traumatic Head or Spinal Cord Injury Statutory Dedication.
 - Louisiana Telecommunications for the Deaf: As recommended by the Commission on Streamlining Government, the Statutory Dedication (Blind and Rehabilitation Telecommunications for the Deaf Fund) in the amount of \$2.7 million will be transferred along with four T.O. FTEs to the DHH Office of the Secretary.
 - As recommended by the Commission on Streamlining Government the following activities, along with 325 T.O. FTEs, will be transferred to the Louisiana Workforce Commission: Specialized Client Services for Career Development and Employment, Randolph Sheppard Business Enterprise, Independent Living - Older Blind and Part B, and Vocational Rehabilitation Administration.
- Implementation of the Modernization Project: The FY 2010-2011 level of funding is \$24.2 million (\$12.5 million in State General Fund.) Funding is provided for modernization reengineering of current service delivery methods to clients, stakeholders, and providers.
- Behavioral Health: The FY 2010-2011 level of funding is \$7.8 million (\$2 million in State General Fund.) The Commission on Streamlining Government recommends a coordinated system of care of children in the child welfare behavioral health and juvenile justice systems. Some of the implications of this recommendation include:
 - 50,000 families will benefit from the coordinated system including 8400 children in foster care and 5200 in the juvenile justice system.
 - DHH will provide mental health services that are reimbursable through Medicaid. Improved leveraging of Medicaid dollars will result in an estimated savings of \$1.1 million in State General Fund.
- Temporary Assistance to Needy Families (TANF): The department will continue to receive the basic block grant and supplemental grant for a total of \$181 million and will utilize \$99.8 million to fund initiatives and the remainder to fund core welfare services.
 - Emergency TANF Funds: In FY 2010-2011, \$40 million in American Recovery and Reinvestment Act of 2009 (ARRA) funding is provided for additional TANF-eligible expenditures and clients.
- Child Care and Development Block Grant (CCDF): The Commission on Streamlining Government recommends the implementation of the Child Care Time and Attendance initiative and automated billing and payment system to help fight fraud and abuse, and which will provide \$10 million in savings. The FY 2010-2011 level of projected expenditures is \$138 million.

BUDGET HIGHLIGHTS:

- The FY 2010-2011 Executive Budget for the Department of Natural Resources (DNR) reflects a decrease of \$158.2 million (57%) from FY 2009-2010 Existing Operating Budget (EOB). The decrease in State General Fund is due to a means of financing substitution increasing funding in Statutory Dedications from the Mineral and Energy Operations Fund. The funding and Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs) decrease is largely attributable to the transfer of coastal restoration activities to the

Executive Department. The Executive Budget also includes a net reduction of \$1.3 million and 21 T.O. FTEs. This is a Commission on Streamlining Government recommendation. Other significant items in the Executive Budget are as follows:

- Oil Field Site Restoration:
 - \$5.2 million is included for Oilfield Site Restoration. This funding is used to restore orphan well sites when no responsible owner can be found.
- Fisherman's Gear:
 - \$666,128 is included for the Fisherman's Gear activity. This funding is used to compensate commercial fishermen for damage to property from underwater obstruction.
- Revenue Classification and Audit:
 - \$90,000 in Interagency Transfers budget authority and two T.O. FTEs will be transferred from the Department of Revenue and Taxation associated with consolidating mineral income and field audits on royalties. This is a Commission on Streamlining Government recommendation.

BUDGET HIGHLIGHTS:

- The FY 2010-2011 Executive Budget for the Department of Environmental Quality (DEQ) reflects a decrease of \$15.9 million from the FY 2009-2010 Existing Operating Budget (EOB). The department eliminated State General Fund and remained within its projected Environmental Trust Fund Statutory Dedication through department-wide reductions in operating expenditures.
- The funding reduction for FY 2010-2011 is largely due to the non-recurring of \$2.2 million in carry-forwards, the non-recurring of federal grants, and the outsourcing of laboratory testing services which included the reduction of 18 Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs) and laboratory rent which realizes a cost savings of approximately \$2.67 million.
- The FY 2010-2011 budget also includes a decrease of \$4.8 million in funding and 68 T.O. FTEs throughout the department. The Office of Environmental Assessment has been eliminated, and the related activities have been consolidated into the Office of Environmental Compliance and the Office of Environmental Services.
- The Safe Drinking Water Revolving Loan Fund is being transferred from the Department of Health and Hospitals to the Department of Environmental Quality for FY 2010-2011. This transfer adds nine T.O. FTEs and \$1.8 million in funding to DEQ.

BUDGET HIGHLIGHTS:

- There is no change to State funds for Higher Education schools after adjusting for items such as the annualization of the FY 2009-2010 mid-year budget reduction of \$84.0 million, the non-recurring of one-time funds provided in FY 2009-2010 and transfers. A \$5.2 million (27.3%) reduction is proposed for higher education management boards. The American Recovery and Reinvestment Act of 2009 (ARRA) is providing \$289.6 million in funding to be used in Higher Education in FY 2010-2011.
- \$4.7 million in additional funds are provided to fully fund Taylor Opportunity Program for Students (TOPS) awards. TOPS is Louisiana’s merit based scholarship program that awards qualifying students tuition payments for up to eight semesters at any eligible Louisiana institution. The projected number of TOPS recipients for FY 2010-2011 is 43,341 with a total funding of \$134.6 million.
- \$26.4 million in State General Fund for Go Grants is unchanged after annualization of the FY 2009-2010 mid-year adjustments. These grants are designed to bridge the gap between the amount of financial aid a student is awarded through the Federal Pell Grant aid program and the calculated Education Cost Gap for a student attending a Louisiana college or university. Federal funding for Pell Grants is expected to increase.
- \$14.7 million and eight Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs) for the Adult Education Program are transferred to the Louisiana Community and Technical Colleges System Board of Supervisors from the Department of Education.
- Based on a recommendation by the Commission on Streamlining Government, the FY 2010-2011 Executive Budget includes a Table of Organization for each Higher Education institution to provide greater transparency and accountability in the budget process. The total T.O. FTEs for Higher Education is 34,569.
- The appropriations contained herein to the Board of Regents are pursuant to the budgetary responsibility for all public postsecondary education provided in Article VIII, Section 5 (A) of the Constitution of Louisiana and the power to formulate and revise a master plan for higher education which plan shall include a formula for the equitable distribution of funds to the institutions of postsecondary education pursuant to Article VIII, Section 5(D)(4) of the Constitution of Louisiana. Funds shall be distributed to the Board of Supervisors for the University of Louisiana System, the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College System, the Board of Supervisors of Southern University and Agricultural and Mechanical College System, and the Board of Supervisors of Louisiana Community and Technical Colleges System, and their respective institutions, the Louisiana Universities Marine Consortium and the Office of Student Financial Assistance, in the amounts and for the purposes as specified in a plan and formula for the distribution of said funds. The Board of Regents plan will provide at least the required level of State fund support to “public institutions of higher education”, as defined in the ARRA, to allow the State to receive funding provided by the ARRA.

The Medicaid, UCC and DSH Audit Rule funding for the hospitals are as follows:
 - Medicaid payments total \$164.1 million which remains at the same level as the FY 2009-2010 Existing Operating Budget (EOB) for the three hospitals. This includes \$123.2 million for LSU HSCS, \$25.7 million for E.A. Conway Medical Center and \$15.2 million for the Huey P. Long Medical Center.

BUDGET HIGHLIGHTS:

- The FY 2010-2011 Executive Budget provides funding for the means of financing other than State General Fund. This includes Interagency Transfers for Medicaid and Uncompensated Care Costs (UCC) that are received from the Department of Health and Hospitals (DHH) Medical Vendor Payments. The LSU Health

Care Services Division (HCSD) will also receive Interagency Transfers from DHH to offset the decrease in UCC as a result of the impact from the Disproportionate Share Hospital Payments (DSH) Audit Rule. HCSD's Medicaid, UCC payments and DSH Audit Rule funds are as follows:

- Medicaid payments of \$251.1 million, which is at the same level as the projected FY 2009-2010 level of Medicaid services.
- UCC payments of \$294.8, which represents a 35.2% decrease over the projected FY 2009-2010 level of allowable costs
- \$102.9 million in Interagency Transfers from DHH replaces funding for the HCSD to cover costs that no longer qualify for federally matched UCC. The change occurred because of the DSH Audit Rule.
- In addition to Interagency Transfers, FY 2010-2011 Executive Budget for HCSD includes Fees and Self-generated Revenues from collections of commercial insurance and private pay payments as well as Federal Funds from Medicare collections.
- State General Fund includes a \$2.4 million reduction for the annualization of the FY 2009-2010 mid-year budget reductions.
- Based on a recommendation by the Commission on Streamlining Government, HCSD's FY 2010-2011 Executive Budget also includes a Table of Organization. HCSD's total Authorized (Appropriated) Table of Organization Full Time Equivalents (T.O. FTEs) is 7,215.
- The Executive Budget also includes the non-recurring of one-time funding provided in FY 2009-2010 as follows:
 - \$1.3 million in State General Fund for a carry forward for the telehealth project
 - \$350,000 in State General Fund provided for a statewide colorectal cancer screening program
