The mission of the Civil Program is to provide competent professional legal services in defense of the state's constitution and statutory laws, as well as advocate on behalf of the citizens and businesses of Louisiana against unfair trade practices and fraud.

The goal of the Civil Law Program is to provide superior legal services and public protection services on behalf of the State of Louisiana through the Civil Division and the Public Protection Division.

The Civil Program includes two activities (expressed as organizational divisions): the Civil Division and the Public Protection Division. The Civil Division defends the constitution and laws of the State of Louisiana, provides information and legal services (opinions, counsel, and representation) in the areas of general civil law, public finance and contract law, education law, environmental law, and land and natural resource law.

- The Civil Division is composed of the Education/Interagency Transfer Section, Governmental Litigation Section, Lands and Natural Resources Section, and the Public Finance and Contracts Section.
 - The Education/Interagency Transfer Section represents and advises the Board of Elementary and Secondary Education, the Board of Regents, the Department of Education and various other public agencies on education related matters. This section represents the Board of Elementary and Secondary Education and the Department of Education in litigation matters involving, for example, the implementation of the Charter School Demonstration Programs law, the takeover of failing schools through the Recovery School District, and various challenges to state aid for parochial schools. This section represents public officials in various other litigation involving, for example, charter schools, Recovery School District. The Education Section responds to requests for attorney general opinions from the various State and local education boards, on issues related to elementary, secondary and higher education, and represents the Board of Regents concerning the higher education desegregation litigation and the Louisiana Commission on Human Rights.
 - The Interagency Transfer Section includes administration of up to ten attorneys in various state departments, including Louisiana Workforce Commission, Insurance and Inspector General. This Section represents their agencies in a variety of capacities, including confidential assistant, general counsel, litigation defense, collection and drafting of opinions, and the defense of statutory law alleged to be unconstitutional.
 - The Governmental Litigation Section represents the state in constitutional challenges to state laws, as well as defense of state agencies and elected officials in civil claims where torts are not involved such as injunctions and mandamus actions. Attorneys practice before all courts of the state and of the United States. This section generally performs legal services for state and local officials in the form of rendering advisory opinions, telephone discussions and the defense and prosecution of civil litigation. This program is funded with State General Fund, Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications, and Federal Funds. Interagency transfers are derived from various state agencies for legal services, and from the American Recovery and Reinvestment Act. Also, interagency transfers are provided from the Louisiana Commission on Law Enforcement to provide educational programming to youths, domestic violence training, and a comprehensive approach to ensuring safe schools and the Department of Public Safety for participation in the U Drink U Drive U Walk project. Fees and Self-generated revenues are derived from fees charged for the legal service associated with collection of delinquent student loans and from other quasi-state agencies for legal services. Statutory Dedications are from the Tobacco Settlement Enforcement Fund created by R.S. 39:98.7 and the Tobacco Control Special Fund created by R.S 13:5077. (Per R.S. 39.36B. (8), see table below for a listing of expenditures out of each Statutory Dedicated Fund.) Explanatory Note: The compliance checks conducted by the Office of the Attorney General (OAG) are different from the compliance checks performed by the Office of Alcohol and Tobacco Control (ATC) in the Department of Revenue. The OAG checks for violations of the Master Settlement Agreement. These violations can include advertising violations in newspapers or magazines, brand name merchandising violations, brand name sponsorship violations, free sample violations, or other violations. OAG checks identify tobacco products made by tobacco manufacturers that are not part of the Master Settlement Agreement so that the OAG can ensure that those manufacturers establish escrow accounts in accordance with state law (LRS 13:5061), which expressly requires the attorney general to enforce the provisions of the law. The ATC enforces Title 26 of the Louisiana Revised Statutes, the Beer and Liquor Law, and the Youth Access to Tobacco Law by conducting random inspections at locations where alcoholic beverages and tobacco are sold.

Program Description

The mission of the Criminal Law and Medicaid Fraud Program is two-fold (Criminal and Investigation):

To seek justice on behalf of the citizens of the State of Louisiana by providing prompt, professional and ethical services to the people of the state in the prosecution of criminal cases and other matters referred to this division of the Department of Justice; and to investigate violations of criminal laws; to help maintain integrity in government; to assist and protect the state's gaming industry from corruption; to serve all other investigative needs of the department, and to protect and serve the public.

The goals of the Criminal Law and Medicaid Fraud Program are:

- I. Provide superior legal and professional services to Louisiana citizens, private sector organizations, and all governmental entities.
- II. Develop a working environment that encourages competent individuals to seek career employment in the Criminal Law and Medicaid Fraud Program of the Department of Justice.
- III. Improve cooperative working relationships with federal, state and local agencies and private sector organizations.

The Criminal Program is in the process of developing and implementing a work management program to provide input into a quality assurance system that will track and provide management with true accountability of the legal professionals work product, which in turn will improve the skills and effectiveness of less experienced trial attorneys as the use of this program will encourage attention to detail. It will also provide an additional level of oversight and monitoring of work of less experienced trial attorneys. The work management program will create and develop systems to track work processes and outputs of the department's non legal staff.

The Criminal Program conducts or assists in criminal prosecutions; acts as advisor for district attorneys, legislature and law enforcement entities; provides legal services in the areas of extradition, appeals and habeas corpus proceedings; prepares attorney general opinions concerning criminal law; operates White Collar Crimes Section, Violent Crime and Drug Unit, and Insurance Fraud Unit; investigates and prosecutes individuals and entities defrauding the Medicaid Program or abusing residents in health care facilities and initiates recovery of identified overpayments; and provides investigation services for the department.

- The General Prosecution Section prosecutes violations of all types of criminal laws of the state by conducting or assisting in criminal prosecutions pursuant to the recusal or request of district attorneys. Prosecutions handled by this Section include, but are not limited to, cases involving white collar crime, public corruption, narcotics violations, violent crimes, and violations of the state's environmental laws. This Section also serves as (1) advisor to the district attorneys, law enforcement
- The Appeals and Special Services Section provides legal services to the state in the areas of (1) extraditions, (2) federal habeas corpus and post conviction relief, (3) as amicus curiae in matters pending before the U.S. Supreme Court, and (4) by preparation of Attorney General Opinions concerning matters of criminal law.
- The Insurance Fraud Support Unit provides legal services to the state in the area of insurance fraud by providing legal assistance to the Department of Insurance and Louisiana State Police in connection with insurance fraud crimes and by prosecuting all types of insurance fraud cases.
- The Medicaid Fraud Control Unit investigates and prosecutes individuals and entities defrauding the Medicaid Program or abusing residents in health care facilities. It also initiates recovery of identified overpayments.
- The High Technology Crime Unit (HTCU) is a specialized unit with attorneys, investigators, and computer forensic experts all trained in the specific field of cyber-crime investigation and prosecution. This specialized unit concentrates on combating crimes involving digital technology. The HTCU includes the first state computer forensic center and provides forensic examinations of digital evidence to the department and other local, state, and federal government agencies. The Unit includes the Louisiana Internet Crimes Against Children Task Force (ICAC), which investigates crimes relating to child exploitation and abuse on the Internet. ICAC investigators conduct proactive online undercover operations and investigate child exploitation cases referred to the department from other agencies, as well as the National Center for Missing and Exploited Children. The HTCU also works cases involving online auction fraud, computer intrusion, death investigations, domestic violence, economic fraud including online fraud and counterfeiting, email threats, harassment and stalking, extortion, gaming, identity theft, narcotics, prostitution, software piracy, and telecommunications fraud. The unit also provides training to local law enforcement and gives public service lectures in regard to technology based crimes throughout the State of Louisiana.
- The Operations/Special Assignment Section is responsible for coordinating access, safety and security within the Department of Justice including executive security and coordinating with the State Office of Buildings and Grounds with regard to matters within the Livingston Building and offices in the State Capitol. This Section also includes the clerical support function, file room management, case tracking, analytical support, and the maintenance and operation of the Division's computer network, as well as fleet management. In addition, this Section includes investigators assigned to outside agency task forces, workers' compensation fraud investigations, and intelligence information.
- The Investigations Section is divided into two squads that are responsible for the investigation of alleged violations of the criminal laws of this state, conducting of civil and special investigations including investigations of public corruption, institutional and insurance fraud. The Section also provides investigative services to the attorneys in the Criminal Division to include follow-up on cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and evidence management. This Section also responds to the numerous requests for investigative assistance from local, state or federal governmental agencies.

- Sexual Predator Apprehension Team: Pursuant to legislative mandate, the Attorney General has established within the Department of Justice a statewide Sexual Predator Apprehension Team. The Team is comprised of special agents, intelligence analysts, and prosecutors. The Team will focus on repeat sex offenders and perform the following activities: 1) coordinate with state and local investigative resources to apprehend sexual habitual offenders and persons required to register under R.S. 15:542 and 542.1 who violate the law or conditions of probation and parole; 2) proactively target and monitor sex offenders required to register under R.S. 15:542 and 542.1; 3) offer specialized training and assistance to local law enforcement and prosecutors; 4) identify, monitor, arrest, and assist in the prosecution of sexual offenders; 5) collect data to determine if the procedures adopted by the Team are effective in reducing sexual assault offenses; and 6) develop procedures for operating a multi-jurisdictional task force.

141_4000 — Risk Litigation

Program Authorization: Act 448 of 1988 (created Litigation Division); Act 107 of 1999 (reauthorized Litigation Section); R.S. 36:701(D) and 704(F); R.S. 39:1533(B)

Program Description

The mission of the Litigation Program is to provide legal representation for the Office of Risk Management, the Self-Insurance Fund, the State of Louisiana and its departments, agencies, boards, and commissions and their officers, officials, employees, and agents in all claims covered by the State Self-Insurance Fund, and in all tort claims whether or not covered by the Self-Insurance Fund.

The goals of the Risk Litigation Program are:

- I. Provide superior legal and professional services to the Office of Risk Management.
- II. Continue to develop extensive expertise in the defense of public entities, officials, and employees, and strive to retain highly competent and professional litigation staff.
- III. Continue to develop programs to educate agency policy makers to recognize and correct potential liability situations.

The Litigation Program is divided into six substantive law sections: Civil Rights, General Liability, Medical Malpractice, Road Hazards, and Workers' Compensation. Additionally, there are substantive matters that are deemed to require special litigation and are assigned to the Special Litigation Section. Each section specializes in litigation matters filed against the State.

- The Civil Rights Section represents state officials, employees, state agencies, and the State of Louisiana in damages action litigation brought on the basis of the Civil Rights Act of 1964, as amended; state statutes dealing with employment discrimination pursuant to R.S. 23:321 et seq; and prisoner suits brought pursuant to R.S. 15:1171 et seq. Defended actions also include diverse suits as Americans with Disabilities Act claims, Age Discrimination Act claims, Pregnancy Discrimination Act claims, Fair Labor Standards Act claims, and Federal Individualized Education Act (IDEA) suits. As an adjunct to Civil Rights Act suits, the section also defends claims for attorney's fees under 42 USC § 1988. The Section is active nationally with the National Association of Attorneys General (NAAG) in making decisions on participating in the presentation of Amicus Curiae briefs in the United States Supreme Court, consulting with NAAG on prison litigation issues and participates yearly in the NAAG Prison Litigation Seminar.
- The General Liability Section provides legal defense to the state, state agencies, and employees against tort litigation in regard to claims of personal injuries or property damages that allegedly occurred on state property or were caused by a state employee or officer.
- The Medical Malpractice Section is responsible primarily for handling malpractice cases against public health care providers (as defined by R.S. 40:1299.39).
- The Road Hazards Section provides legal defense to the Louisiana Department of Transportation and Development (DOTD) in all lawsuits for personal injury, property damage, wrongful death, and business losses attendant to DOTD operations and/or conditions of DOTD roads, bridges, or other property. The section typically handles lawsuits involving maintenance, design, construction, and operations of DOTD's roads and bridges.

- The Workers' Compensation Section is primarily responsible for handling litigated workers' compensation matters filed against the state, along with providing support for other related concerns, such as advice to the Office of Risk Management regarding claims and handling of settlements, as appropriate. The section also is responsible for Jones Act and maritime matters filed by state employees and pursuit of subrogation claims that are referred by the Office of Risk Management.
- Special Litigation Section handles the representation of the judicial branch of government. This includes representing the judges of the district, appeals, and supreme courts, the judiciary commission, the attorney of disciplinary board, the judicial campaign oversight committee, and judicial administrators.

The Litigation Program has six regional offices in Alexandria, Lafayette, New Orleans, Shreveport, Monroe, and Lake Charles that handle litigation filed in the geographical areas covered by the regional offices.

- Alexandria Office was opened in September 1995. Its function is to serve the litigation needs of the Office of Risk Management in nine parishes: Avoyelles, Rapides, Natchitoches, Grant, Winn, La Salle, Catahoula, Vernon, and Concordia. The attorneys generally handle a range of matters depending on experience and workload.
- Lafayette Office was opened in March 1996. Its function is to serve the litigation needs of the Office of Risk Management in the following parishes: Lafayette, Vermillion, St. Martin, St. Mary, Iberia, St. Landry, Evangeline, and Acadia. The attorneys generally handle a range of matters depending on experience and workload.
- New Orleans Office was opened in January 1995. Its function is to serve the litigation needs of the Office of Risk Management in eleven parishes: Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John the Baptist, St. Tammany, Terrebonne, Lafourche, and Washington. The attorneys in this office generally concentrate their efforts in one or more specific subject matters. This has been accomplished particularly in the Medical Malpractice defense litigation, followed to a lesser extent as it pertains to Civil Rights, General Liability, Road Hazards, and Worker's Compensation.
- Shreveport Office was opened in August 1994. Its function is to serve the litigation needs of the Office of Risk Management in nine parishes: Caddo, Bossier, Webster, Claiborne, Jackson, Bienville, DeSoto, Red River, and Sabine.
- Monroe and Lake Charles Satellite Offices were opened in 2008. Their function is to allow Litigation Program attorneys to better serve the Northeast and Southwest Parishes of Louisiana.
