# Terms and Conditions

## Ordering Information

**Order Receipt:** American Seating is pleased to receive orders from authorized dealers and customers on the condition that all of the terms stated herein are applicable to the transaction. No additional or differing terms shall be applicable unless specifically agreed to in a separately-signed document by authorized personnel at its offices in Grand Rapids, MI.

**Order Entry:** All orders must have complete details and supporting documents.

- A. Approved Seating Plan Request and architectural drawings or approved plan
- B. All available product color selections
- C. Signed original Purchase Agreement and a copy of American Seating's factory quotation
- D. General and Special Terms and Conditions and all addenda
- E. Customer's contacts including phone numbers
- F. Invoicing forms, as applicable
- G. Verification of field dimensions or guarantee of field dimensions by the customer

**Note:** Without complete information, the order cannot be processed in a timely manner.

**Seating Plans:** When the desired product, construction, or building plans deviate from American Seating's seating plan in any way including, but not limited to specification, quantity, style, or materials. All deviations must be clearly and specifically pointed out in a cover letter accompanying the return of seating plans to American Seating. Failure to provide this data may result in extra charges.

**Short Rows:** When rows of chairs for Stellar, Spirit, Majestic, or Sports seating average less than five (5) chairs per row (total quantity of chairs divided by total number of rows), use additional charges below:

Average Row	250 End Add/Chair	160, 165, 560 Add/Chair	Bodiform 350 & 351 Saenger Add/Chair	280, Victorian Fox Add/Chair
Sections of 4 to 5	\$ 6.08	\$ 18.24	\$ 26.61	\$ 50.18
Sections of 3	7.60	30.41	34.21	83.63
Sections of 2	12.92	45.24	50.94	125.45

**Order Acceptance Confirmation:** All orders are accepted and confirmed via facsimile, e-mail and printed acknowledgment. Call **1-800-748-0268** to receive order acceptance and confirmation information.

**Combining Products/ Minimum Orders:** Prices for Auditorium and Sports chairs are determined by the type purchased at one time, by one customer, for shipment at the same time, and in one color. Add a minimum order charge of 10% of list price to orders under \$2,000.00 list price. Minimum orders of fifty (50) chairs for Auditorium (Spirit and Stellar) and one hundred (100) chairs for Sports (406, 408, 505, 507) must be observed.

**Exceptions:** 20-49 Spirit and Stellar Series may be ordered with a set-up charge of \$840 net.  
50-99 Sports Series may be ordered with a set-up charge of \$925 net.  
Lecture, Pedestal and Equal Access Series have **no** minimum order limits.

**Essentials:** Spirit and Stellar models marked with "E6" are available with an 6-week lead time. A maximum of 600 chairs is required.

**Product Changes:** American Seating reserves the right to change its products without notice, including changes in size to better interface with existing products or to incorporate changes needed for proposed new products.

**Order Information:** All orders must be in writing from a direct salesperson or a pre-approved, authorized dealer. Orders will be accepted and confirmed with American Seating's standard form showing the approximate shipping date of any items ordered. American Seating shall not incur any liability whatsoever for failure to ship on any specified ship date unless such date has been agreed to in a separate written document by authorized American Seating personnel in Grand Rapids.

**Complete/Accurate Ordering:**

- Failure to provide adequate specification data shall absolve American Seating of all responsibility for incorrect shipments.
- All items other than American Seating standard fabrics, laminates, wood veneers and metal parts in standard colors and sizes will be considered a non-standard or special order, and must be approved by authorized American Seating personnel in writing prior to order acceptance.

**Order Changes and Cancellations:**

- After the date of order acceptance and confirmation, dealers and customers may not change or cancel their order (in whole or in part) without written approval from American Seating.
- Changes approved by American Seating shall be priced at current price levels, and American Seating may charge the customer for added costs which result from the change.
- Cancellations shall be subject to a minimum charge of fifteen percent (15%), and will be subject to reimbursement of American Seating for costs incurred prior to its approval of the cancellation.
- Orders for special products or non-standard products (including special colors, fabrics, finishes) are not subject to change or cancellation under any circumstances.

**Governing Law:** The transaction with respect to the goods which are a subject of the order acceptance and confirmation shall be governed by and interpreted and construed in accordance with the laws of the State of Louisiana.

## Pricing

- Price Changes and Taxes:** Published prices via print or electronic catalog are subject to change without notice. Published prices do not include storage, handling or installation — nor any applicable sales, use, excise or other similar taxes — all of which are the customer’s responsibility.
- Sales or Use Taxes:** Prices are subject to addition of any taxes imposed by Federal, State and Municipal governments. Use tax applications to fixed seating vary from locality to locality. The use tax is a concern on all installed projects and applies when the seating converts to real property by the installation process. The converter of the property, or the installer, bears the responsibility for paying the use tax. Contact American Seating’s Tax Department in Grand Rapids, if you are unsure of the tax application.
- Tax Exempt:** If a customer claims an exemption from such taxes, an exemption certificate must be furnished to American Seating.
- Additional Charges:** Charges incurred subsequent to any bid/quotation and/or order acceptance (such as new taxes applicable to this order, changes in tax rates, freight surcharges, etc.) will be added by American Seating to the dealer or customer’s invoice.
- Terms of Payment:**
- A. All orders and payment terms shall be net 30.
  - B. On all contracts where customer has created a delay in shipping and/or installing our products, it should be noted American Seating can invoice and be paid for the product portion of the order.
  - C. Orders will not be accepted which contain a retainage clause that binds American Seating to the performance of other subcontractors as a basis for collecting the money due American Seating. Once our products have been installed and accepted, American Seating will collect the retainage.

## Installation and Field Measurement

- Installation Conditions:**
- A. Purchaser shall provide free access to the building and shall have removed all scaffolding, lumber, rubbish and other obstructions of every kind, including old chairs, so they will not impede the installation.
  - B. Purchaser shall furnish, at own expense, free use of elevators to move workers and equipment; electric current necessary to operate installation tools, adequate security for products, tools and materials; heat, light, drinking water, normal sanitary facilities and other conditions necessary to permit proper installation.
  - C. Unless otherwise specified, chairs shall be attached directly to concrete floor or wood floor over intermediate floor covering of any nature. Attachment will be made in a regular manner. Additional cost of special methods of attachment or cutting floor covering will be assumed by purchaser.
  - D. Seller shall be held responsible for the secure fastenings for chair standards to concrete floors provided floor is at least 3” thick and risers at least 4” thick. Concrete shall be of 3,000# p.s.i. regular mix concrete or 5,000# p.s.i. lightweight mix. Floors shall be free from all obstructions such as, but not limited to, expanded metal, reinforcing rods, steel beams, conduit and large pebbles to a depth of not less than 1 ½” if floor-mounted or 2 ½” if riser-mounted. American Seating Company cannot be held responsible for damage to pipes or permanency of fastenings.
  - E. Installation shall be done within the ordinary working day. When, for any reason, regular working hours may not be used, purchaser agrees to pay all overtime and unusual expenses.
  - F. Suggested installation timetable follows: Table applies per seating area. Quantity of chairs is reduced when replacing chairs without interrupting operation of a theatre, and additional costs may be necessary.

Concrete Floor:	Quantity of Chairs	Number of Working Days
	Per Seating Area	Per Seating Area
	100 to 399	3 to 4
	400 to 499	4 to 5
	500 to 799	5 to 6
	800 to 999	7 to 8
	1,000 to 1,299	9 to 10
	1,300 to 1,599	11 to 13
	1,600 to 1,899	13 to 15
	1,900 to 2,099	15 to 16
	2,100 to 2,399	16 to 18
	2,400 to 2,500	18 to 20

*continued*

# Terms and Conditions

## ***Installation and Field Measurement continued***

### **Field Measurements/ Guarantee:**

Obtaining field measurements of the seating area is the best way to eliminate the manufacture of products which will not fit the building dimensions. It is a standard requirement of fixed seating orders that field measurements be acquired prior to beginning manufacture. American Seating will arrange a fieldcheck for a furnished and installed project. American Seating can arrange this service for a service charge for projects that are not installed by American Seating. If field measurements cannot be taken due to lack of building readiness or are otherwise waived by the customer, American Seating will require a "guarantee of dimensions." A "guarantee of dimensions" relieves American Seating from field measurement responsibility.

The product will be manufactured as shown on current revision of seating plan from American Seating. Subsequent changes to the product due to inaccuracies or incompleteness of a "guarantee of dimensions" will be the responsibility of the customer. American Seating will review accommodating the field changes that may occur for an additional service, product or material charge, then discuss with the customer the necessary charges and changes that need to be accomplished prior to placing orders into the manufacturing schedule or proceeding with re-installation instructions.

### **Shipments:**

- The shipping date shown on the face of order acceptance and confirmation represents American Seating's best estimate as to the date of shipment. This date is predicated on timely submission of all information, approvals, the acceptance and confirmation, clarifications and samples, as requested in writing by American Seating.
- American Seating shall not incur any liability of any kind whatsoever for failure to ship on any particular date unless American Seating has expressly agreed to a firm ship date in a separately signed, written instrument by authorized personnel in Grand Rapids, Michigan.
- Add a freight charge at 10% of list price to orders under \$2,000 list price. Not to exceed actual cost of freight. Bill of lading must be submitted to support charge.

### **Delivery:**

- Goods shall be shipped F.O.B. destination freight prepaid and allowed to points within the 48 contiguous states, and American Seating reserves the right to select the carrier and mode of shipment.
- Extra costs incurred, including order expediting, due to special shipping instructions from the customer will be charged to the customer.
- Risk of loss shall pass to the customer when the goods are placed in the hands of a carrier.

### **Examination of Goods:**

The customer shall be responsible for examination of goods upon receipt and processing of any claims with the carrier.

### **Claims:**

Claims against American Seating for patent defects, errors or shortages must be made within fifteen (15) days of receipt of goods, otherwise such claims shall be deemed to have been waived. Partial deliveries shall be accepted by the customer and paid for at the contract price and terms.

### **Storage:**

- If a customer requests a delay in shipment after goods have become work in process, American Seating may place the finished goods in storage at the customer's risk and expense. Transfer to storage shall be deemed delivery for all purposes, including invoicing and payment.
- Any delays, holds or rescheduling of this order, at the request of the customer, will subject this order to the prices and conditions of sale in effect at the time of release of the hold or reschedule.

### **Loss, Damage or Delay:**

In no event shall American Seating be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform with respect to the goods shown on the face hereof where such delay, failure, loss or damage is the proximate result of any act of any government authority, revolution, riot, civil disorder or disturbance, act of enemies, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, inability to obtain materials or facilities from normal sources, fire, flood, act of God, or any cause not within the reasonable control of American Seating whether of the class or causes enumerated or otherwise. Without limiting the generality of the foregoing, American Seating may, without causing a breach or incurring liability, allocate goods which are in short supply irrespective of reasons therefore, among customers in any manner which American Seating in its sole discretion, deems advisable.

### **Returns:**

- Returns will not be accepted without prior written authorization and compliance with shipping instructions by American Seating. All goods must be returned on a prepaid basis.
- A minimum restocking charge of thirty percent (30%) is made on all authorized returns for credit, providing the item is received in resalable condition. An additional charge will be made for repair.
- Credit will not be given if any item cannot be reused. Special order items are not subject to return.

## **Architectural Product Warranty**    Effective Date: April 1, 2004

American Seating provides the following warranty to the original purchaser of new American Seating products sold in North America, when products continue to be owned by the original purchaser. The warranty period begins the date of product invoice, continues for the applicable time period set forth below, and is strictly governed by and subject to the terms and conditions set forth below.

**WARRANTY:**                    In the event there is a defect in the material, in the installation (in the event installation is controlled by American Seating), and/or in the workmanship of the American Seating product (or component thereof) which causes failure of the product within the applicable time period and provided notification of this defect is given to American Seating in writing at the address set forth below prior to the expiration of the applicable time period; American Seating, in its sole discretion, will either repair or replace the defective product (or defective component thereof) with a comparable product (or component thereof), or will provide a refund of the purchase price of the defective product (or defective component thereof) prorated over the warranty period. In the event of repair or replacement, the warranty includes labor, materials, and freight for the first year of the warranty and materials and freight thereafter. All other costs are excluded. The fulfillment of the warranty (including investigation, timing of response, labor, and manner of shipment) is under the exclusive and unfettered control of American Seating.

**TIME PERIODS:**

10 YEARS	Cast iron structural standards
5 YEARS	All other structural standards Component parts of operating mechanisms and related hardware, including seat support arms and pivot castings
3 YEARS	Plastic components and paint finishes (note conditions as to color, grain, and texture set forth below) Wood, laminate and other surface finishes (note conditions as to color, grain, and texture set forth below)
1 YEAR	Custom design, non-catalog, and special made products Power and electrical components Seating upholstery materials including foam (note conditions as to color, grain, and texture set forth below)

**EXCLUSIONS AND CONDITIONS:**                    This warranty excludes and does not apply to:

- Conditions of other than normal wear and tear, of abuse, of neglect, of vandalism, or of misuse - all as determined by American Seating in its sole discretion
- In-transit damage
- Products altered or modified by the user
- User attached accessories
- Light bulbs, lamps, ballasts, or consumable components
- Products not installed by American Seating approved installers and/or not installed in accordance with American Seating Installation/Application Instructions
- Products not properly maintained in accordance with American Seating Operating and Maintenance Procedures
- Customers own material, leather, and nonstandard material and color finishes whether purchased by the customer or American Seating
- Natural variations occurring in wood and leather and/or color fastness and/or variations in matching of colors, grains or textures of materials shall not be considered defects
- Product color change

In the event of repair or replacement of the defective product (or defective component thereof) there is no responsibility for the matching of color, grain, fabric, or texture except to within commercially acceptable standards, as determined by American Seating in its sole discretion. There are no other warranties than those expressly stated above, whether expressed or implied (including, but not limited to any warranty of merchantability or fitness for any particular purpose) unless specifically agreed to in writing by American Seating in the specific circumstance. American Seating is not liable for consequential or incidental damage arising from any product defect.

**WARRANTY NOTICE ADDRESS:**                    American Seating Company  
ATTN: Architectural Product Warranty/Customer Services  
401 American Seating Center  
Grand Rapids, MI 49504

# Terms and Conditions

## Customer's Own Material and Non-Standard General Information

American Seating offers the option of C.O.M./C.O.L. materials, other than the core fabrics listed in the American Seating price lists for use on our furniture products. Please note the following C.O.M./C.O.L. requirements, policies, lead-times and warranties to accommodate your requests. Minimum C.O.M./C.O.L./Non-Standard order is 15 chairs. Customers fabrics and leathers must be approved prior to acceptance for production.

### To confirm testing approval of a requested C.O.M./C.O.L./Non-Standard

A complete list of approved fabrics is located on our website under Tools and Resources: <http://www.americanseating.com/architectural/en/tools-resources/>

Due to the different properties of each chair model and style of seating offered, (C.O.M./C.O.L./Non-Standard) customer specified fabrics will need to be application tested to your specific model if not already completed. Performance testing is required on all fixed seating models, but not required for office chair models.

**Upon completion of the testing, American Seating will notify the requestor of approval or rejection.**

### If the fabric has not been pre-approved, please complete the following steps:

1. Notify your local American Seating sales representative or dealer that you are sending in fabric for testing and specify seating model.
2. Send 3 yards of the required fabrics to American Seating Company. Tag fabric with the project name and seating model.
3. Send the fabric to:  
American Seating Company  
Attn: Fabric Testing Lab  
901 Broadway NW  
Grand Rapids, Michigan 49504

### To specify special application, if applicable:

As a standard procedure, American Seating cuts fabric off the roll in a vertical fashion as shown below. By cutting in this fashion, most waste is eliminated. When fabric is railroaded or specific pattern matching is requested, complete the C.O.M./C.O.L. Information Form, to ensure your order is processed correctly, failure to provide specific written instructions authorizes American Seating to use its own discretion with cutting and upholstering the material.

Examples:

Fabric Shown vertically cut off the roll

Fabric Shown Railroaded

Fabric with specific pattern matching

**Pricing:** Contact your sales representative or Dealer for pricing on C.O.M./C.O.L. material.

**Product Lead Times:** Orders are scheduled upon receipt of C.O.M./C.O.L. material. American Seating will provide an acknowledgment and an estimated shipping date. To expedite the C.O.M./C.O.L. process, please tag properly and ship to the American Seating Company, 401 American Seating Center N.W., Dock 6, Grand Rapids, Michigan 49504.

**Yardage requirements:** For exact production yardage requirements, contact your customer service department.

**Terms and Conditions:** If a customer desires to use a fabric or finish surface not supplied within the American Seating core offering, it is considered a non-standard fabric. If a customer desires to purchase their own fabric and have it shipped to American Seating, this fabric or leather is considered to be Customers Own Material (C.O.M.) or Customers Own Leather (C.O.L.). Contact American Seating's Customer Service Department at 800-748-0268 for specific guidelines and instructions. Special instructions (e.g., pattern direction of stripes, correct side of fabric, etc) must be submitted in writing before the fabric is delivered. In the absence of special instructions, American Seating reserves the right to use its own judgement. American Seating reserves the right to use its own judgement. American Seating reserves the right to cancel an order at any time if C.O.M./C.O.L. or non-standard fabric is inadequate for any reason. In no instance shall American Seating be subjected to liability of any kind whatsoever for unsatisfactory results due to the use of C.O.M./C.O.L. or non-standard fabric. American Seating Company Warranty does not apply to customers own material, leather and non-cataloged material whether purchased by the customer or American Seating Company.

## Fabrics

Finishes coordinated with the Architectural Seating Fabric collection provide a wide array of options. Fabric cards are available at [www.americanseatinginfonetwork.com](http://www.americanseatinginfonetwork.com). Memo samples are available from the wholesaler noted on the back of the fabric card.

C.O.M. Fabrics use Grade 2 pricing. C.O.M. Fabrics must pass durability and application testing prior to being accepted.

# Introduction

## Steelcase Fabrics

---

Fabric for Cachet Swing-Away and Caster Base for ADA only.

Price Grade 1	Price Grade 2	Price Grade 3
Buzz2 Jacks Link Playground Seating Vinyl	Cogent: Connect Cogent: Geode Seating Cogent: Geode Vertical Cogent: Trails Cricket Crosswalk Nightlights Regis2 Spyder Zoe2	Cogent: Tides Cogent: Traxx Hampstead

- Once a fabric pattern is chosen go to the Steelcase website (<http://www.steelcase.com>). Under Products select Surface Materials and then select Tools. From the Surface Materials Tools website select Finish Library. Enter the Fabric/Pattern name and select Fabric/Pattern then click Go. If a single fabric color comes up, single click over the fabric and the additional colors will appear.
- Contact Marketing Communications at (800) 748-0268 to order Steelcase fabric memo samples.
- To identify fabrics that are pre-approved COM's, go to this link <http://srh.steelcase.com/comlanding.aspx>, which lands you on Customer's Own Material page. Click on search test results. Select a Vendor, Pattern, Product Type is Steelcase Seating and Pattern Content is All. Click on 487 Cachet. Then click Execute Search.

## Section Guide

	Page
General Information .....	16
Cast Iron Standard .....	17
Options and Accessories .....	17-19

## General Information

Spirit is characterized by its soft, contemporary lines and the American Seating heritage of long-term durability.

Spirit has a distinctive back design with smooth wrap-around easily cleaned surfaces to protect the upholstery. Standard back is 33<sup>5</sup>/<sub>8</sub>" high and Spirit high back offers 35<sup>1</sup>/<sub>2</sub>" back height for additional support. The back consists of an upholstered 2" molded polyurethane back cushion over a compound curved, polypropylene inner panel shaped for comfort and full back support. The 3" molded polyurethane cushion and contoured inner polypropylene seat structure ensure a

comfortable, shift resistant seat cushion. Two independent, self aligning spherical bearing hinge mechanisms guarantee consistent fold without need of adjustment for the life of the chair. The gravity lift seat is available in full fold or optional 3/4 fold.

Spirit is available in six widths, 19" through 24" in one inch increments.

The unique design of the chair maintains the proper ergonomic seat-to-back angle with any back position you select. Back pitch is adjustable to four positions; standard back 13, 16, 19, 21 and high back 16, 19, 21, 24 degrees from vertical.

Pricing includes level or incline floor mounting and attachment hardware.

**Spirit SQ** combines the comfortable Spirit seat with the elegant, durable Stellar 224 with plastic high back 34<sup>3</sup>/<sub>4</sub>" high. The upholstered back insert consists of polyurethane foam over a compound curved, steel inner panel shaped for comfort and full back support.

Spirit SQ is available in five widths, 19" through 23" in one inch increments.

The unique design of the chair maintains the proper ergonomic seat-to-back angle with any back position you select. Back pitch is adjustable to three positions; 16, 19, 22 degrees from vertical.

## Additional Accessories

**Aisle Lights** 120, 24 and 12 volt, 60 cycle UL listed aisle lights with 6 watt bulb. Integral aisle lighting provides a low light level courtesy solution suited for dimly lit presentations or performances, but is not a substitute for the building's code compliant egress lighting.

**Number and Letter Plates** Numbers 1-999 and letters A-ZZ only. Number plates are recessed into the front of the seat pan and letter plates are attached to the end standard.

**Accessible Ends** ADA compliant hinged armrests offer ease in transfer from mobility aids.

**Movable Chairs** Shoes and stretchers are provided for sections of one, two and three chairs. Anchors for removable floor attachment are provided.

**Tablet Arms** Hinged tablet arms are available and meet Life Safety Code. The tablet is 11<sup>3</sup>/<sub>4</sub>" x 11<sup>3</sup>/<sub>4</sub>", 107 sq. in. constructed of ABS in black. The oversized tablet arm is 11<sup>3</sup>/<sub>4</sub>" x 17", 145 sq. in. constructed of high pressure laminate covering both surfaces of plywood core with burnished edges for durability and reduced vandalism.

**Power/Data Raceway** Two-channel raceway with one Simplex electrical outlet and one data jack location per chair. Mounts to the pedestal below the seat.

Chair Weight: 31 lbs., Cube: 2.8 cu. ft.

TA Weight: 8.5 lbs., Cube: 0.1 cu. ft.

Seat Width: 16<sup>1</sup>/<sub>4</sub>" and 19<sup>1</sup>/<sub>4</sub>"

Fabric: Low Back 1.09 yd.

High Back 1.16 yd.

Container Capacity: 20' = 400 Chairs  
40' = 800 Chairs

Options and Accessories .....	60

## General Information

**Stellar 206 and 206VR** are characterized by their crisp, classic lines and are renowned for their long-term durability. The 7/16" thick, 18" radius wood outer back in the Victorian style provides a truly distinctive appearance.

The exclusive embossed, steel seat pan with 2" of molded polyurethane cushion and serpentine springs ensures a comfortable, shift-resistant seat cushion. Two independent, fully operational hinge mechanisms guarantee consistent 3/4 safety fold without adjustment

for the life of the chair. Outer back has exposed fasteners with bronze finish.

Pricing includes standard floor or riser mount attachment hardware.

## Additional Accessories

**Aisle Lights** 120, 24, 12 volt, 60 cycle UL approved aisle light (6 watt bulb). Integral aisle lighting provides a low light level courtesy solution suited for dimly lit presentations or performances, but is not a substitute for the building's code compliant egress lighting.

**Number and Letter Plates** Numbers 1-999 and letters A-ZZ only. Number plates are located in front of the seat pan and letter plates are attached to end armrest.

**Accessible Ends/Armrests for Americans with Disabilities Act (ADA) Compliance** Hinged armrest.

**Movable Chairs** Shoes and stretchers are provided for sections of one, two or three chairs.

**Power/Data Raceway** Two-channel raceway with one Simplex electrical outlet and one data jack location per chair. Mounts to the pedestal below the seat.

Chair Weight: 42 lbs, Cube: 2.9 cu. ft.

TA Weight: 7.2 lbs., cube: 0.1 cu. ft.

## General Information

The **Stellar 217** is characterized by its crisp, contemporary lines, and is renowned for its long-term durability.

The upholstered back consists of contoured dual density polyurethane foam over a curved, 34" radius plywood panel shaped for comfort and full back support. The outer back

of the chair is upholstered over 1/4" polyurethane foam.

The exclusive embossed, steel seat pan with 2" of molded polyurethane cushion and serpentine springs ensures a comfortable, shift-resistant seat cushion. Two independent,

fully operational hinge mechanisms guarantee consistent 3/4 safety fold without adjustment for the life of the chair.

Pricing includes standard floor or riser mount attachment hardware.

## General Information

The **Stellar 220** is characterized by its crisp, contemporary lines and is renowned for its long-term durability.

The upholstered back insert consists of polyurethane foam over a compound curved, steel inner panel shaped for comfort and full back support.

The exclusive embossed, steel seat pan with 2" of integrally molded polyurethane cushions and serpentine springs ensures a comfortable, shift-resistant seat cushion. Two independent, fully operational hinge mechanisms guarantee consistent 3/4 safety fold without adjustment for the life of the chair.

Pricing includes standard floor or riser mount attachment hardware.

## Additional Accessories

**Aisle Lights** 120, 24, 12 volt, 60 cycle UL approved aisle light (6 watt bulb). Integral aisle lighting provides a low light level courtesy solution suited for dimly lit presentations or performances, but is not a substitute for the building's code compliant egress lighting.

**Number and Letter Plates** Numbers 1-999 and letters A-ZZ only. Number plates are located in front of the seat pan and letter plates are attached to end armrest.

**Accessible Ends/Armrests for Americans with Disabilities Act (ADA) Compliance**  
Hinged armrest.

**Movable Chairs** Shoes and stretchers are provided for sections of one, two or three chairs.

**Tablet Arm Provision** If tablet arms are to be retrofitted after installation of chairs, they must be specified before chairs are manufactured to allow for appropriate mounting holes and seat size reduction of 1".

**Power/Data Raceway** Two-channel raceway with one Simplex electrical outlet and one data jack location per chair. Mounts to the pedestal below the seat.

# Stellar® Series — 226 with Wood Back

## Section Guide

	<i>Page</i>
General Information .....	42
Wood Armrests .....	43
Tablet Arm .....	44
Options and Accessories .....	60

## General Information

The **Stellar 226** is characterized by its crisp, contemporary lines and is renowned for its long-term durability.

The Model 226 has a distinctive 33" high wood outer back which offers a truly elegant appearance. Added comfort is provided with dual density foam in chair back. The 5/16"

thick, 34" radius wood outer back has exposed fasteners, with bronze finish. The exclusive embossed, steel seat pan with 2" of molded polyurethane cushion and serpentine springs ensures a comfortable, shift-resistant seat cushion. Two independent, fully operational hinge mechanisms guarantee

consistent 3/4 safety fold without adjustment for the life of the chair.

Pricing includes standard floor or riser mount attachment hardware.

## Additional Accessories

**Aisle Lights** 120, 24, 12 volt, 60 cycle UL approved aisle light (6 watt bulb). Integral aisle lighting provides a low light level courtesy solution suited for dimly lit presentations or performances, but is not a substitute for the building's code compliant egress lighting.

**Number and Letter Plates** Numbers 1-999 and letters A-ZZ only. Number plates are located in front of the seat pan and letter plates are attached to end armrest.

**Accessible Ends/Armrests for Americans with Disabilities Act (ADA) Compliance** Hinged armrest.

**Movable Chairs** Shoes and stretchers are provided for sections of one, two or three chairs.

**Tablet Arm Provision** If tablet arms are to be retrofitted after installation of chairs, they must be specified before chairs are manufactured to allow for appropriate mounting holes and seat size reduction of 1".

**Power/Data Raceway** Two-channel raceway with one Simplex electrical outlet and one data jack location per chair. Mounts to the pedestal below the seat.

Chair Weight: 42 lbs, Cube: 2.9 cu. ft.

TA Weight: 7.2 lbs., Cube: 0.1 cu. ft.

Back Pitch: 13°, 16°, 19°, 22°

## General Information

**The Stellar 230** is characterized by a combination of soft and crisp contemporary lines and for its long-term durability.

Model 230 has the distinctive Spirit back with smooth wrap-around easily cleaned surfaces to protect the upholstery. The back height is 35 7/8" lending additional support. The back consists of an upholstered 2" molded

polyurethane back cushion over a compound curved, polypropylene inner panel shaped for comfort and full back support.

The exclusive embossed, steel seat pan with 2" of molded polyurethane cushion and serpentine springs ensures a comfortable, shift-resistant seat cushion. Two independent, fully operational hinge mechanisms guarantee

consistent 3/4 safety fold without adjustment for the life of the chair.

The Stellar 230 is available in five widths, 19" through 23" in one inch increments.

Back pitch is adjustable to four positions; 13, 16, 19, and 21 degrees from vertical.

Pricing includes standard floor or riser mount attachment hardware.

# Stellar® Series — 280 with Wood Back

## Section Guide

	<i>Page</i>
General Information .....	52
Wood Armrests .....	53
Options and Accessories .....	60

## General Information

The **Stellar 280** is characterized by its crisp, contemporary lines and is renowned for its long-term durability.

The 7/16" thick, 18" radius wood outer back with concealed fasteners and back perimeter welt cord offers a truly elegant appearance.

The exclusive embossed, steel seat pan with 2" of molded polyurethane cushion and serpentine springs ensures a comfortable, shift-resistant seat cushion. Two independent, fully operational hinge mechanisms guarantee consistent 3/4 safety fold without adjustment for the life of the chair.

Pricing includes standard floor or riser mount attachment hardware.

## Additional Accessories

**Aisle Lights** 120, 24, 12 volt, 60 cycle UL approved aisle light (6 watt bulb). Integral aisle lighting provides a low light level courtesy solution suited for dimly lit presentations or performances, but is not a substitute for the building's code compliant egress lighting.

**Number and Letter Plates** Numbers 1-999 and letters A-ZZ only. Number plates are located in front of the seat pan and letter plates are attached to end armrest.

**Accessible Ends/Armrests for Americans with Disabilities Act (ADA) Compliance**  
Hinged armrest.

**Movable Chairs** Shoes and stretchers are provided for sections of one, two or three chairs.

**Tablet Arm Provision** If tablet arms are to be retrofitted after installation of chairs, they must be specified before chairs are manufactured to allow for appropriate mounting holes and seat size reduction of 1".

**Power/Data Raceway** Two-channel raceway with one Simplex electrical outlet and one data jack location per chair. Mounts to the pedestal below the seat.

Chair Weight: 42 lbs, Cube: 2.9 cu. ft.

TA Weight: 7.2 lbs., Cube: 0.1 cu. ft.

Back Pitch: 13°, 16°, 19°, 22°

General Information .....	64
Reveal Wood Backs .....	65
Wood Backs .....	66
Options and Accessories .....	67

## General Information

The **Majestic Series** is characterized by elegant curves, fine craftsmanship and historic detail. Wood backs, wood armrests and wood seat bottom are standard features of Majestic. The six designs of the 34" radius wood back offers a truly elegant appearance.

The exclusive squab seat design with 4 1/2" of sculptured polyurethane cushion ensures a comfortable, shift-resistant seat cushion. Two independent, fully operational hinge mechanisms guarantee consistent 3/4 safety fold without adjustment for the life of the chair.

Outer back has exposed fasteners with bronze finish. Concealed fasteners are an option.

Pricing includes standard floor mount attachment hardware.

## Additional Accessories

**Aisle Lights** 120, 24, 12 volt, 60 cycle UL approved aisle light (6 watt bulb). Integral aisle lighting provides a low light level courtesy solution suited for dimly lit presentations or performances, but is not a substitute for the building's code compliant egress lighting.

**Number and Letter Plates** Numbers 1-999 and letters A-ZZ only. Number plates are located in front beveled surface of the wood seat bottom and letter plates are attached to end armrest.

**Accessible Ends/Armrests for Americans with Disabilities Act (ADA) Compliance**  
Hinged armrest #136 style end standard.

**Movable Chairs** Shoes and stretchers are provided for sections of one, two or three chairs.

Chair Weight: 42 lbs, Cube: 2.9 cu. ft.

Back Pitch: 13°, 16°, 19°, 22°

## Section Guide

	<i>Page</i>
General Information .....	74
Non-Upholstered Acton Module .....	75
Upholstered Acton Module .....	75
Options and Accessories .....	82

## General Information

**Focus Acton Swing-Away** seating includes an Acton chair module mounted on pivoting cantilevered arms that return automatically to a forward facing position, with 360° swivel, and adjust 1 3/4" in height. Acton is available armless to provide easy ingress and egress.

Acton without arms requires 27" min. side-to-side spacing.

Table tops come standard with joined surfaces, tight joint fasteners at seams and vinyl banding on edges.

Table ends are perpendicular to the front of

the tables with 1 1/2" radius corners. The intermediate table joints are perpendicular to the front of the table with 90° corners.

Pricing is based on 27" to 30" spacing.

## Additional Accessories

**Modesty Panel** available in various configurations (see Options and Accessories).

**Modular Power System** includes concealed wire management, power and data poles, power/data modules and 2 circuit 4 wire power system.

### Row Spacing:

Recommended – 48" with 18" Tables

Minimum – 42" with 18" Tables

### Curved Rows:

Minimum 8' radius measured at front edge of top.

### Sloped Floors:

Maximum floor slope 1 1/2" per foot.

General Information .....	76
Non-Upholstered Cachet Module .....	77
Upholstered Cachet Module .....	77
Options and Accessories .....	82

## General Information

**Focus Cachet Swing-Away** seating includes a Cachet chair module mounted on pivoting cantilevered arms with 360° swivel that returns automatically to a forward facing position. Cachet offers balanced action which automatically adjusts to the way you sit. Cachet provides 1 3/4" height adjustment.

Table tops come standard with joined surfaces, tight joint fasteners at seams and vinyl banding on edges.

All models are available in CAL 133 Fire Resistant materials using Black plastic finish only.

Table ends are perpendicular to the front of the tables with 1 1/2" radius corners. The intermediate table joints are perpendicular to the front of the table with 90° corners.

Prices are based on 28" to 30" spacing.

**Note:** Available in Steelcase and C.O.M. fabrics. Steelcase purchases C.O.M. fabrics and determines Price Grade.

## Additional Accessories

**Modesty Panel** available in various configurations (see Options and Accessories).

**Modular Power System** includes concealed wire management, power and data poles, power/data modules and 2 circuit 4 wire power system.

### Row Spacing:

Recommended – 48" with 18" Tables  
Minimum – 42" with 18" Tables

### Side-To-Side Spacing:

Recommended – 30"  
Minimum – 28"

### Curved Rows:

Minimum 8' radius measured at front edge of top.

### Sloped Floors:

Maximum floor slope 1 1/2" per foot

### Modesty Panel — Inside Covering (Black)

Description	Net Price Per Sitting
11" tall plastic covering	\$ 6.46
15" tall plastic covering	7.23
26" tall plastic covering	12.17

Note: This 3/32" HDPE textured plastic covering is field installed to the inside of a laminate (or veneer) modesty panel as required.

### End Modesty Panels — Laminate — Smooth

Description	Net Price Per Sitting
11" tall laminate ends with T-band edge	\$ 4.57
15" tall laminate ends with T-band edge	4.94
26" tall laminate ends with T-band edge	6.84

End modesty panel fits both straight and curved rows. End panel is provided with no holes.

### End Modesty Panels — Wood — Smooth

Description	Net Price Per Sitting
11" tall wood ends with 1/8" or 7/16" radius edge	\$ 17.11
15" tall wood ends with 1/8" or 7/16" radius edge	19.01
26" tall wood ends with 1/8" or 7/16" radius edge	27.37

End modesty panel fits both straight and curved rows. End panel is provided with no holes.

### Privacy Screen — Steel with Holes, Recessed or Raised Dimples

Description	Net Price Per Sitting
Steel Privacy Screen 18" wide by 6" tall with nominal 2" deep top shelf	\$ 26.61

Steel privacy screen is provided with straight or staggered holes, recessed dimples or raised dimples. Steel privacy screen fits both straight and curved rows, with or without modesty panels.

### Privacy Screen — Wood — Smooth

Description	Net Price Per Sitting
Radius Edge Wood Privacy Screen 18" wide by 6" tall with nominal 3" deep top shelf	\$ 120.88
Tapered Edge Wood Privacy Screen 18" wide by 6" tall with nominal 3" deep top shelf	120.88

Wood privacy screen fits both straight and curved rows, with or without modesty panels. Wood privacy screen is provided with no holes.

### Aisle Light

Description	Net Price Per Aisle Light
Aisle light for laminate end, 120, 24 or 12 volt, 6 watt incandescent bulb	\$ 44.48
Aisle light for laminate end, 120 volt, LED bulb	67.66
Aisle light for wood end, 120, 24 or 12 volt, 6 watt incandescent bulb	77.55
Aisle light for wood end, 120 volt, LED bulb	105.30
Aisle light for laminate end, with power pole, 120, 24 or 12 volt, 6 watt incandescent bulb	109.48
Aisle light for laminate end, with power pole, 120 volt, LED bulb	132.67
Aisle light for wood end, with power pole, 120, 24 or 12 volt, 6 watt incandescent bulb	142.56
Aisle light for wood end, with power pole, 120 volt, LED bulb	170.30

Aisle light requires either wood or laminate end panels (end panel ordered separately). Order the aisle light "with power pole" in applications where the Modular Power System is not ordered. Transformers not included. Integral aisle lighting provides a low light level courtesy solution suited for dimly lit presentations or performances, but is not a substitute for the building's code compliant egress lighting.

**Options and Accessories, continued**

**Complete Modular Power Systems**

Description	Net Price Per Sitting
Standard Power System	\$ 83.63
Standard Power system provides 120 volt simplex receptacles and location for data jacks below the work surface. Provided in single and double units specified to fit planning requirements. Fits both straight and curved row applications. Two sitting double shown.	

Description	Net Price Per Sitting
Pop-up Power System	\$ 83.63
Pop-up power system provides 120 volt simplex receptacles and locations for data jacks. Closure secures outlets nearly flush to table surface when not in use and pops-up for easy access. Mounted through the table surface at locations toward the front of the top, away from user. One pop-up provides power and data access for two sittings, as shown. End of row, single sittings, utilize the same pop-up.	

# Pedestal Chair Group — Acton Swivel

## Section Guide

	Page
General Information .....	86
Non-Upholstered Acton Pedestal .....	87
Upholstered Acton Pedestal .....	87

## General Information

Our IBD Award Winning **Acton** stacker chair, with its distinctive design, is now offered with a swivel base for fixed seating applications. It is an economical seating solution that has been designed for uncompromised comfort and durability. Unlike most wire frame chairs, the Acton has a strong tubular steel frame with optional integral arms. Its textured polypropylene seat and back are color impregnated for durable good looks.

**Upholstered Chairs** Upholstery inserts are removable for replacement of fabric and foam cushioning. Remember to specify plastic shell color as the seat and back edges are not upholstered.

## Standard Features

**Tubular Frame** 14 gauge frame with 16 gauge inner reinforcement through the arms.

**Chair Frame Finish** Choose chrome or powder coated epoxy.

**Integral Arms** Define space for high-density seating and provide added comfort.

**Seat and Backrest** Textured surfaces hide fingerprints, small scratches and are easily replaced.

**Waterfall Seat Front** Support behind knees without cutting off circulation.

**Floating Backrest** Cantilever design provides lumbar support.

**Pedestal Base** Base has 360° swivel with self-centering feature. Keeping all chairs facing forward when unoccupied adjust 2 1/4" in height. Black powder coat finish.

**Safety and Durability** Acton chairs meet or exceed all applicable ANSI/BIFMA test standards.

## Options

**Armcaps** Textured molded plastic for comfort. Armcaps cannot be field installed.

**Upholstery** For added comfort and design flexibility.

**Shell Color** Special shell colors are available on orders with a minimum quantity of 250 chairs of the same color, or with a \$500 net upcharge on lesser quantities.

**Frame Color** Special frame colors are available on orders with a minimum quantity of 250 chairs of the same color, or with a \$75 net upcharge on lesser quantities.

**NOTE:** An upholstered Acton Chair is available to meet California Technical Bulletin

133 requirements. \$14.94 net up-charge per chair for barrier. Contact your American Seating Representative on availability. A Burn test is required for CAL 133 certification, if not previously tested. The cost of the Burn test is \$450 net plus the price of the chair being tested.

# Yardage Requirements - APG Product

## To specify special application, if applicable:

As a standard procedure, American Seatings cuts fabric off the roll in a vertical fashion as shown on page 7. By cutting in this fashion, most waste is eliminated. When fabric is railroaded or specific pattern matching is requested, complete the C.O.M./C.O.L. Information Form, to ensure your order is processed correctly, failure to provide specific written instructions authorizes American Seating to use its own discretion with cutting and upholstering the material. Call your Customer Service Representative for yardage requirements for specific fabric matching.

## Spirit
