Part XXXIII. Bulletin 1794—State Textbook Adoption Policy and Procedure Manual

Chapter 1. Purpose

§101. Introduction

A. The State Board of Elementary and Secondary Education (SBESE), in accordance with Chapter 1 of Title 17 of the Louisiana Revised Statutes of 1950, Part I, Sections 7 (4), 8(A)(1)(a) and Part IV, Section 351(A)(1), has the responsibility to prescribe, adopt, control and supervise the distribution and use of free school books and other materials of instruction in elementary, secondary, special, post secondary and vocational-technical schools across the state of Louisiana. The Louisiana Legislature appropriates funds in accordance with Article VIII, Section 13(A) of the Constitution for the purpose of providing school books and other materials of instruction free of charge to the children of this state at the elementary and secondary levels.

Basal—student-based curricular materials (print or non-print) that encompass the SBESE-approved Louisiana Grade-Level Expectations for specified subject areas. These curricular materials are considered a major teacher and student resource for attainment of the state standards and benchmarks and for the locally designed and aligned curriculum and course.

Core Subject Cycle—refers to the adoption period for English/language arts, science, social studies, and mathematics.

Teacher's Edition—shall be defined as materials used for informing teachers' instruction and are not designed or intended to be used by students. Teacher's editions may include teacher guides or instructor's manuals.

§309. Funding for Textbooks

A. The Constitution provides that the Legislature shall appropriate funds to supply free school books and other materials of instruction prescribed by the State Board of Elementary and Secondary Education (SBESE) to the children of this state at the elementary and secondary levels. The SBESE annually develops and adopts a formula to determine the cost of a minimum foundation program of education. Additional funds for textbooks may be awarded through state grants (e.g., 8g Quality Educators and K-3 Reading) and through federal grants.

B. State funds shall be used for the purchase of textbooks on the SBESE-adopted textbook list and

academically related ancillary materials according to state guidelines (Bulletin 741, 3.026.13). Funds may also be used to purchase instructional materials that are manipulative and concrete in nature for grades Kindergarten-3 and appropriate special education classes in order to support the instructional program at these grade levels. Waivers for purchase of non-adopted textbooks/materials that exceed 10 percent of the state allocations may be granted to local school systems in special circumstances.

C. The State Board of Elementary and Secondary Education, at its meeting of June 22, 1989, exercised those powers conferred by the emergency provision of the Administrative Procedure Act, R.S. 49:953 B, and adopted the following guidelines to allow State textbook funds to be used to purchase instructional materials for Grade K-3 as recommended by the Department of Education.

1. For classes K-3, the school district superintendents are authorized to use textbook funds to purchase textbooks and other materials that can be used to support the instruction in these four elementary grades (K-3).

2. The major emphasis in selecting instructional materials for K-3 should be on manipulative and concrete materials such as blocks, dramatic/housekeeping toys, manipulative (puzzles, legos, etc.), gross motor materials (jump ropes, balls, etc.) and other manipulative materials.

3. The characteristics and needs of the child in grades K-3 should be considered when selecting appropriate materials.

D. The State Board of Elementary and Secondary Education may authorize the Louisiana School of Math, Science and the Arts and other parish or city school boards with programs for gifted students to select and purchase textbooks not included on the lists adopted by the board pursuant to the provisions of this Section, provided that such authorization shall be on an ad hoc basis and shall be subject to prior approval by the board. Such purchases may be made using funds appropriated by the Legislature for the purchase of textbooks as provided for here.

E. Public Schools

1. State and local funding for approved textbooks is generated through the Minimum Foundation Program (MFP) funding formula. The formula determines the minimum cost of total operational expenditures for each school system. Districts receive the state board's share as part of a monthly allotment with provision for local flexibility that allows funds to be used as deemed appropriate by school systems. The amount of funding needed to supply an adequate number of new textbooks for any given adoption can be estimated using the following formula:

October 1

$$\text{Student Membership} \times \text{Textbook Unit Price} = \text{Estimated Textbook Costs}$$

2. It is required that districts take no more than three years to purchase newly adopted textbooks for core curriculum areas at all grade levels. The following example

provides a method for estimating minimum expenditures for any given adoption cycle.

e.g., Mathematics Adoption Cycle:

Step 1

October 1	Membership	Unit Price	Estimated Costs
1,000 (Grades K-6)	X \$30.00	= \$30,000	Full Implementation
+1,000 (Grades 7-12)	X \$40.00	= \$40,000	Full Implementation
		2,000 (Total) = \$70,000	Full Implementation

Step 2

$$\$70,000/3 = \$23,333 \text{ Estimated Minimum First Year}$$

Math implementation for a school district with student population 2,000

F. Nonpublic Schools

1. Each nonpublic school receives a textbook allocation based on the number of K-12 nonpublic students enrolled in the SBESE and Brumfield-Dodd approved nonpublic schools. Reimbursement will be made to local school districts for purchases of nonsectarian books for nonpublic school students at the rate of \$27.02 per student. All books (textbooks, library books, encyclopedias and encyclopedic references) that meet state standards and appropriate guidelines for selection are considered appropriate and may be purchased for nonpublic school students. Orders for textbooks and materials of instruction must be delivered during each fiscal year (i.e., July 1 to June 30) in order to be eligible for reimbursement.

October 1

$$\text{Student Enrollment} \times \$27.02 = \text{State Nonpublic Textbook Allocation}$$

(Academically and Brumfield-Dodd approved schools)

2. If materials and supplies are included in purchase orders, it will be the responsibility of the local school district to conduct audits to ensure that the materials and supplies are used to provide students with nonsectarian instruction. Furthermore, all textbooks must be purchased and distributed through the local school district for each eligible nonpublic school in its area. It is requested that reimbursement requests be submitted in a timely manner. Payments will be made from invoices only. In no event should these funds be distributed directly to nonpublic schools.

3. Payments for textbooks and textbook administration will be made upon receipt of the completed Nonpublic School Textbook Invoice form provided through the Division of Educational Finance Services.

G. Special Funding For Textbooks

1. 8(g) Quality Education Support Fund

a. School districts and approved nonpublic schools may use 8(g) Quality Education Support Funds to supplement state MFP and local funding for textbooks and materials of instruction. The purpose of these funds is to ensure an adequate supply of superior textbooks, library books, and/or reference materials for these approved schools.

b. Effective with the 1996-97 granting cycle, Consent Judgement 90-880-A enjoins the State Board of Elementary and Secondary Education from making grant awards for library books and/or reference materials to nonpublic agencies that are determined to be pervasively sectarian entities.

c. Guidelines, issued each year by the State Board of Elementary and Secondary Education, should be consulted for specific requirements related to expenditures and for funding allocations.

H. Availability of Prestige License Plates and Applicable Revenues. R.S. 47:463.46, enacted during the 1997 Legislative Session, provides for a prestige license plate to provide special funding for the purchase of textbooks in approved elementary and secondary schools. The plate, bearing the words Helping Schools, is available for purchase from the Department of Public Safety and Corrections at an annual fee of \$25, in addition to the regular fee. Revenues must be invested by the State Treasurer, on behalf of the SBESE. Funds must be used solely for the purchase of textbooks.

I. Use of Federal Funds. School districts are encouraged to develop a consolidated plan, using all available funding streams, including federal funds, in order that adequate and appropriate textbooks and materials of instruction are available for students.

AUTHORITY NOTE: Promulgated in accordance with Article VIII, Section 13(A) of 1984; R.S. 17:7(4); 8-8.1; 172; 351-353; 361-365; 415.1; 463.46.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 25:1439 (August 1999), repromulgated LR 26:993 (May 2000).

§311. Invitation Circular Letter

A. Specific dates are determined each year and are documented in the Invitation Circular Letter issued to publishers.

B. The Invitation Circular Letter shall be sent to interested publishers from the Office of Student and School Performance (tentatively set for March 1 of each year; refer to specific guidelines issued by the SDE each year). The invitation will announce the subject and disciplines of materials being considered for adoption. Included in the invitation will be written guidelines and instructions covering the adoption process. The review of materials and adoption vote will be limited to the student book (basal) and the teacher's edition. Publishers are also required to list on appropriate forms all ancillary and free materials that will accompany the basal texts. (Refer to §301 for definitions of textbooks, basal, teachers' edition, ancillary, and core subject cycle.)

C. The SDE shall provide specific forms to be used for textbook submissions. Publishers must list each book separately, along with copyright, price, printing edition, and grade/subject area to be considered for adoption, even if the book is only part of a series.

D. No substitutions shall be allowed to the list of textbooks once publishers have submitted the response to Louisiana Textbook (LT) forms. Publishers will not be allowed to discuss upcoming editions or pending revisions of texts at any meetings of the State Textbook Selection Committee.

E. Each book must be evaluated on the basis of its current content. Final bound galley proofs may be submitted under certain circumstances, providing that the final hardbound copy is submitted, received and approved by the SDE prior to the final vote of the State Board of Elementary and Secondary Education. (Refer to specific timelines issued by the SDE for each adoption cycle.) Unbound manuscripts will not be accepted.

F. Publishers must guarantee that textbooks and materials of instruction that are submitted for consideration in the "LT Submission" Form will be made available for duration of a seven-year contract period. Publishers cannot submit materials that cannot be guaranteed for the duration of the contracted period. No substitutions of texts or prices are allowed (unless the price is lowered, per Favored Nations clause) once the Submission Form has been received by the SDE.

G. The Invitation Circular Letter shall also include an Intent to Participate Form, which shall be returned to the SDE by all publishers interested in responding to the Invitation.

H. Any items designated as "free" by publishers must also be submitted on the appropriate "LT Submission" Form(s). Publishers may modify their free offerings by providing a written explanation and a detailed listing of items to be added to their original submission to the Department of Education within 60 days of the original due date. Any additions or offers of free materials or services made to local school systems verbally or in writing that are not included on forms submitted to the department will be considered a violation and may cause the publisher to be disqualified.

AUTHORITY NOTE: Promulgated in accordance with Article VIII, Section 13(A) of 1984; R.S. 17:7(4); 8-8.1; 172; 351-353; 361-365; 415.1; 463.46.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 25:1440 (August 1999), repromulgated LR 26:995 (May 2000), amended LR 29:124 (February 2003).

§313. Establish State Textbook Adoption Committee

A. All textbook adoption committees appointed by the Superintendent of Education shall contain a membership of not less than one-third of which are teachers, not less than one-third of which are parents who are not public educators, and the remainder of which are other persons. For purposes of this section, the term teacher shall mean any person employed by a city or parish school board, who, as a condition of employment, is required to hold a valid teaching certificate issued by the Department of Education (R.S. 17:415.1).

B. Nominations for membership may be made by the State Board of Elementary and Secondary Education, local school superintendents, and representatives of the SBESE Nonpublic School Commission, as well as the State Superintendent of Education. The committee shall contain a broad cross section in membership, to include parents, nonpublic educators, special educators, district-level curriculum supervisors, classroom teachers, and others who have interest and or knowledge of curriculum and subject matter under adoption.

C. Potential committee members shall be screened for potential conflict of interest with textbook publishers. Appointed members shall have no direct or indirect contact with publishers nor shall members have any business relationship, previous or planned, with any publisher. Committee members shall receive nothing of value from publishers or representatives in the state textbook adoption procedures, nor shall they accept any gratuity or offer of payment for services or attendance at publisher-sponsored functions. Potential members shall be asked to submit background information, including training and experience, willingness and availability to serve, and also an affidavit attesting that no conflict of interest with textbook publishers exists.

D. Committee members and publishers shall be informed in writing of appointment to the State Selection Committee by the State Superintendent according to the time line specified.

1. A *State-Approved Textbook*—a systematically organized core of instructional materials (which may be hardbound, softbound, electronic or other media) designed to support the teaching and learning of a curriculum based on the State-approved Grade-Level Expectations and state assessment as approved by the SBESE. This definition includes any medium or material (print or non-print), book, or electronic medium that constitutes the principal source of study for teaching in specified subject areas.

B. At a minimum, the following framework shall guide evaluation.

1. Textbooks and materials of instruction shall align with the standards and benchmarks of the State Grade-Level Expectations, State-approved curriculum guides, and state assessment program.

3. Textbooks and materials of instruction should accurately reflect the contributions and achievements of people of differing races. (R.S. 17:351).

4. Other criteria as specified in the SDE-developed evaluation instrument(s).

NOTE: The SDE shall establish an appropriate evaluation instrument(s) that shall be used by State Textbook Adoption Committee members, and their local subcommittees, as tools for final decision-making. In addition to the above frameworks, additional evaluation criteria shall focus on alignment of proposed textbooks and materials with the SBESE-approved state Grade-Level Expectations/curriculum guides and assessment programs.

AUTHORITY NOTE: Promulgated in accordance with Article VIII, Section 13(A) of 1984; R.S. 17:7(4); 8-8.1; 172; 351-353; 361-365; 415.1; 463.46.

B. Publishers will receive information regarding expectations for content of state-adopted textbooks and materials of instruction. Procedures for submission, review and evaluation, and contracting will be discussed.

AUTHORITY NOTE: Promulgated in accordance with Article VIII, Section 13(A) of 1984; R.S. 17:7(4); 8-8.1; 172; 351-353; 361-365; 415.1; 463.46.

§319. Establish Procedures for Concerned Citizens' Involvement in the Review Process and a Procedure for Response by Textbook Publishers

A. A minimum of eight public sites shall be established for display and review of all basal textbooks presented for consideration. Sites shall include, at a minimum, New Orleans, Baton Rouge, Shreveport, Monroe, Alexandria, Lake Charles, Lafayette, and Houma.

B. The SDE shall establish, in accordance with R.S. 17:415.1, a procedure that allows interested persons who are legal residents of Louisiana to inspect and review the books offered for adoption at the public review sites. Said procedure shall allow for written comments by citizens and written responses by publishers, and if requested, oral presentations by citizens and publishers.

C. Interested citizens who choose to make oral objections before the State Textbook Adoption Committee shall be allotted a maximum of ten minutes. Oral objections by citizens shall be limited to those objections that have been previously filed in writing with the Department of Education following review at the public display sites. Upon request, citizens may also request to state oral objections before the Textbook, Media and Library Advisory Council of the SBESE who will report findings to the Student Standards and Assessment Committee of the SBESE. Comments shall be limited to ten minutes and include only those previously filed in writing with the Department of Education.

D. Publishers shall provide a written response and shall have an option (maximum of ten minutes) to present a response before the State Textbook Selection Committee and the Textbook, Media and Library Advisory Council of SBESE.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 25:1440 (August 1999), repromulgated LR 26:996 (May 2000).

§321. Role and Responsibilities of the State Textbook Adoption Committee

A. Committee members shall receive nothing of value from publishers during the state textbook adoption process, nor shall they accept any gratuity or offer of payment for services or attendance at publisher-sponsored functions. Potential members shall be asked to submit background information, including training and experience, willingness and availability to serve, as well as an affidavit attesting that no conflict of interest with textbook publishers exists.

1. Members shall be informed in writing that they shall have no contact with publishers once formal appointment to the State Adoption Committee has been received. Publishers shall not attempt to influence the deliberations or vote of a committee member, either directly or through third parties. Violations of this requirement may result in immediate disqualification of the publisher and committee member.

2. State committee members shall be provided orientation and training by the Department of Education on purposes of the adoption, criteria for evaluation, use of the evaluation instrument(s), and procedures to be followed if local subcommittees assist in the review process. Staff members of the Department of Education shall serve as consultants on curricular content and adoption procedures during all meetings of the committee.

3. Committee members are required to be in attendance and participate in all scheduled activities of the committee. Members must be in attendance at all scheduled meetings of the committee in order to cast a vote for textbooks under consideration. The committee chair shall verify the attendance of the members.

4. State committee members shall evaluate all titles submitted for adoption using the state-approved evaluation

instrument(s). One evaluation form shall be completed by each state committee member on each title reviewed. Evaluation forms are designed to assist the state committee member in formulating a final decision and vote. Forms shall in no way be considered as binding upon the final vote of the committee member. In accordance with public records law, evaluation forms used for decision making will be collected by the SDE.

a. Part of the evaluation allows each state committee member to formulate and prioritize relevant questions to be addressed by publishers on each book. Said questions shall be forwarded to the SDE by each committee member by a date to be specified by the SDE.

b. The committee may elect to move titles of textbooks from one subject area to another if they believe that the publisher placed the book inappropriately in a subject area.

B. Each state committee member may select, with assistance of the local textbook supervisor, a local five-member subcommittee. The department encourages local subcommittees be made up of a broad cross section in membership, that may include parents, nonpublic educators, special educators, district-level curriculum supervisors, classroom teachers, and others who have interest and or knowledge of curriculum and subject matter under adoption to assist in the evaluation process.

1. Each subcommittee should evaluate textbook materials using procedures and instruments that parallel those specified by the Department of Education for the state committee. The evaluation instrument(s) include an area for written questions to be addressed by publishers on specific textbooks. The questions will then be submitted to the state committee member for consideration.

2. Evaluation forms completed by local subcommittees are to assist the state committee member. Only those forms used by the state committee members for decision making will be collected by the SDE.

C. The final vote on each textbook under consideration shall be through a voice roll-call vote, by those seated and present, with written record, which shall be duly recorded by the SDE. The state committee member shall have discretion and final authority in the vote on each textbook under consideration for adoption.

1. Each book must receive a favorable majority (defined as one vote over half of appointed committee members in attendance) of votes of the State Textbook Selection Committee in order to be placed on the state adopted list.

AUTHORITY NOTE: Promulgated in accordance with Article VIII, Section 13(A) of 1984; R.S. 17:7(4); 8-8.1; 172; 351-353; 361-365; 415.1; 463.46.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 25:1441 (August 1999), repromulgated LR 26:997 (May 2000).

§325. Adopting Authority

A. The State Board of Elementary and Secondary Education (SBESE) is the official adopting authority in the state of Louisiana. The SBESE will receive the report from the Textbook, Media, and Library Advisory Council regarding public comments on textbooks proposed for adoption.

B. Oral objections shall be limited to those that have been previously filed in writing with the Department of Education following review at the public display sites. Persons choosing to make oral objections shall be allotted a maximum of ten minutes to address the full board.

C. Publishers shall be allowed to provide a written response and or allotted a maximum of ten minutes to present relevant information before the full board.

D. The Textbook, Media, and Library Advisory Council shall be composed of members appointed by the State Board of Elementary and Secondary Education. The council's function is to review relevant legislation and proposed SBESE policy, to hear public comments regarding textbooks and materials of instruction proposed for state adoption, and to report findings to the Student Standards and Assessment Committee.

E. The Student Standards and Assessment Committee is made up of members of the State Board of Elementary and Secondary Education. The committee may hear public comments which have been scheduled as a result of written comments received during the public review period. 2. Textbooks for Core Curriculum Areas

a. School systems shall implement the latest textbook adoption for core subject areas of English/language arts, science, social studies, and mathematics within a three-year period, in accordance with locally determined levels of access to be provided to students (i.e., classroom sets, personal copy, other specified arrangement).

b. Currency—a school system shall implement the latest textbook adoption for core subject areas within a three-year period. Waivers of this policy shall be approved by the SBESE only upon extenuating circumstances as documented in the local Plan of Implementation to be submitted by June 30 of each year to the Department of Education.

c. Quality—a school system shall annually provide students with textbooks and materials of instruction that are useable and functional. Upon initial adoption, textbooks and materials must conform to the Minimum Manufacturing Standards and Specifications for Textbooks as developed by the National Association of State Textbook Administrators (NASTA) in consultation with the American Publishers and Book Manufacturers' Institute.

d. Access. A school system shall, based on input from local teachers, principals, administrators, and others, determine how access to textbooks in core subject areas will be made available to students. School systems must ensure that each child within the classroom will have equal access to any available instructional materials. School systems shall also inform each parent/guardian in writing at the beginning

of each school year of the method of access to textbooks which has been selected for each course or grade level. A contact person and phone number should be provided.

School systems must ensure that each child within the classroom will have equal access to any available instructional materials for non-core subject areas.

AUTHORITY NOTE: Promulgated in accordance with Article VIII, Section 13(A) of 1984; R.S. 17:7(4); 8-8.1; 172:351-353; 361-365; 415.1; 463.46.

§507. Local Adoption Procedures

A. Purpose

1. To assure local public school systems have a defined procedure for textbook adoption.

2. To provide an opportunity for appropriate input in textbook selection.

3. To ensure curriculum content that reflects current national, state, and local standards of instruction.

B. Each local school system will hold a formal textbook adoption. The local textbook adoption process shall focus on those textbooks selected at the state level. After the state committee textbook recommendations have been approved by the State Board of Elementary and Secondary Education, within thirty days local school systems will be provided the list of state-approved textbooks. Additional information regarding cost items included with the basal text, as well as all items to be given at no cost to local school systems, shall also be made available.

C. Local Adoption Procedures

1. An Established Time Line

a. Local school systems must hold textbook adoption each year following SBSE approval of newly adopted texts. Districts are encouraged to hold local adoptions between November and the end of March. Participation in the state Textbook caravan is optional but

may be used as a part of the local adoption procedures (see §507.D).

b. The SDE must be notified as to the locally adopted textbooks by June 30 and the school system's Plan for Implementation in the school year of the adoption.

2. Properly Constituted and Trained Local Adoption Committee

a. The local adoption committee will be composed of teachers, parents, and others with equitable representation by race, gender, and ethnic origin. For purposes of this section, the term teacher shall mean any person employed by a city or parish school board, who, as a condition of employment, is required to hold a valid teaching certificate issued by the Department of Education (R.S. 17:415.1).

b. Diverse membership is encouraged to include parents, special educators, district-level curriculum supervisors, classroom teachers, and others who have interest and or knowledge of curriculum and subject matter under adoption.

c. Local adoption committee members are to receive special training in textbook selection criteria (i.e., knowledge of subject area Grade-Level Expectations and assessments), voting procedure, and integrity of interaction with publishers.

D. Participation in State Textbook caravan

1. School systems are encouraged to participate in the State Textbook caravan as scheduled by the SDE. The State Textbook caravan affords all school systems an equal opportunity to preview all state-adopted textbooks and ancillary materials with onsite availability of publishers to answer questions.

2. All school systems, public, private and parochial, are eligible to participate in the State Textbook caravan.

E. Provision for Publishers' Contacts with Local School District; Optional Requests for Local Presentations

1. Local school systems are strongly encouraged to establish a formal policy regarding the method, time line, and procedure for publishers seeking to have contact with personnel at central offices and local school sites. Such policies may also address the provision of written materials to school and central office personnel as well as attendance of school and central office personnel at functions sponsored by publishers. Local school systems are further encouraged to inform publishers of local policy.

2. Local school systems may use the State Textbook caravan as the single opportunity for publishers' presentations within the city/parish OR as a vehicle for identifying those publishers to be called for a local presentation.

3. *At the district's request, one* additional presentation by a publisher will be permitted at the local level for clarification of information on textbooks under consideration for adoption. However, such follow-up

presentation may not occur prior to the conclusion of the State Textbook caravan.

4. Prior to the completion of the State Textbook caravan, any publisher initiated communication with local schools and school systems must be coordinated through the Parish/City Textbook Supervisor or the appropriate Curriculum Supervisor. Publishers may not initiate direct contacts with principals, teachers, or schools until after the completion of the State Textbook caravan.

F. Sampling of Textbooks by Publishers; Violation will Disqualify Publisher.

1. Publishers are to furnish examination copies only at the written request of the local school system textbook adoption coordinator after the state committee review.

2. Samples are to be limited to sufficient quantities for the designated local adoption committee members only, as determined by the local system textbook adoption coordinator.

3. Other persons choosing to examine samples must use samples provided by the SDE at predesignated sites for public review.

4. No other examination copies will be permitted.

5. Publishers must notify local school systems, in writing, of the need to have samples returned. If notified by publishers, all samples received by local school systems must be picked up by the publisher within thirty days after the local adoption.

6. Publishers must make all necessary arrangements for sample returns at publisher's expense.

7. The "piloting" of new materials in any school or school system prior to official review by the State Textbook Adoption Committee and final approval by the SBESE is prohibited. Publishers are not to offer school-wide copies or classroom sets of any item or material on a trial or pilot basis.

G. Local Selection of Textbooks

1. An evaluation instrument must be used by local school districts. Alignment with State-adopted Grade-Level Expectations and state and local curriculum objectives, where applicable, shall be a primary consideration in the evaluation process. Local school districts may model state developed procedures and evaluation instruments.

2. An official summary report of local evaluation results is to be kept on file for a minimum of three years.

3. Local school system officials shall not solicit or accept any free material, item, or service other than those included on official bid submission forms and officially received by the Department of Education. (See Section 311.)

H. Notifying State of Local Textbook Selections

1. Local school districts shall notify the SDE of all textbooks selected by discipline and course via the local Plan of Implementation. Said notification must be made by June

30 in the school year of the state adoption (Refer to §515 Records and Reporting Requirements).

I. Notifying Schools of Locally Selected Textbooks

1. Each school shall be provided a list of all components of the locally adopted basal textbook in each subject area, including those items which may be purchased with textbook funds and those items to be supplied by the publishers at no cost.

2. Local school systems may share with each school a list of the strengths and weakness of all textbooks selected.

AUTHORITY NOTE: Promulgated in accordance with Article VIII, Section 13(A) of 1984; R.S. 17:7(4); 8-8.1; 172; 351-353; 361-365; 415.1; 463.46.

§509. Ordering

A. All local systems must establish the amount of monies to be used for textbooks, library books, and school supplies from their MFP allocation. This breakdown shall be forwarded to the Office of Student and School Performance with its Plan of Implementation for the purchase of textbooks each year. The Plan of Implementation shall be submitted by June 30 of each year.

B. Once the LEA determines the need of the schools based on the adoption schedule, orders may be placed with the SDE-designated textbook depository or directly with publishers.

C. When placing orders with the depository, the following schedule is suggested for ordering:

1. March 15 - May 15: Initial Ordering
(*suggested time for ordering textbooks to be placed in schools for the first time in the coming school year)
2. May 15 - October 15: Second Ordering
(*suggested time for revising initial order, ordering replacement or additional copies of texts already in use in the schools)

3. School systems may place orders in advance of the starting dates of each cycle.

D. All orders placed with the depository shall be delivered within ninety days of the end of each ordering cycle unless a later delivery date is requested by the LEA. Publishers and/or the state textbook depository may be fined 1 percent of all outstanding balances on orders not delivered within 90 days of the end of each ordering cycle, or within 30 days for orders not placed during the ordering period, based upon complaints of local school districts and follow up review by the SDE. See §1901, Appendix.

Effective January 1, 1998, HB 1057 of the 1997 Regular Session provides that any governing authority of a public elementary or secondary school may order and receive state-adopted textbooks directly from a textbook publisher. Textbooks purchased directly from the publisher must be either the same price or lower than that offered from any other source.

B. Special Waiver to Exceed 10 percent of Textbook Allotment on Non-adopted State Textbooks and Materials of Instruction

1. A local school system, with the approval of its local school board or chartering authority, may petition in writing the state Department of Education for permission to spend in excess of the 10 percent allowance for non-adopted state textbooks. The Office of Student and School Performance will present the petition to the SBESE for action and notify systems of the results.

2. Requests shall be accepted from March through May 31. Textbook orders may not be processed until waivers have been approved. The last month for SBESE action on such waivers shall be June. Any extenuating circumstances shall be handled on an individual basis.

C. Purchase of Instructional Materials for Grades K-3

1. The State Board of Elementary and Secondary Education, at its meeting of June 22, 1989, exercised those powers conferred by the emergency provision of the Administrative Procedure Act, R.S. 49:953 B, and adopted the following guidelines to allow state textbook funds to be used to purchase instructional materials for Grade K-3 as recommended by the Department of Education.

a. For classes K-3, the school district superintendents are authorized to use textbook funds to purchase textbooks and other materials that can be used to support the instruction in these four elementary grades (K-3).

b. The major emphasis in selecting instructional materials for K-3 should be on manipulative and concrete materials, such as blocks, dramatic/housekeeping toys, manipulatives (puzzles, legos, etc.), gross motor materials (jump ropes, balls, etc.) and other manipulative materials.

c. The characteristics and needs of the child in grades K-3 should be considered when selecting appropriate materials.

1. The State Board of Elementary and Secondary Education may authorize the Louisiana School of Math, Science and the Arts and other parish or city school boards with programs for gifted students to select and purchase textbooks not included on the lists adopted by the Board pursuant to the provisions of this Section, provided that such authorization shall be on an ad hoc basis and shall be subject to prior approval by the Board. a. Local school systems shall submit an annual Plan of Implementation for textbook adoption to the SDE by June 30 of each year. Such plans shall document local implementation of adequate and appropriate instructional materials. Specific forms for this purpose will be provided by the SDE. In addition, an ongoing textbook inventory system should be used to maintain records for a minimum of three years.

b. The SDE must be notified of all textbook titles selected by discipline/course. This plan must address the number of books to be ordered by subject, course, and grade level. The school system shall indicate which of the following options will be applicable to the latest subject adoption:

- i. textbooks will be provided for each student;
- ii. textbooks will be provided via a classroom set;
- iii. textbooks will be provided as both a classroom set and take-home copy for each student;
- iv. other specified arrangements as deemed appropriate to subject area by local officials.

2. Textbooks Used By Blind and Visually Impaired Students

a. School systems in need of books and materials for use by blind and visually-impaired students should begin by contacting the school district's special education supervisor to ensure the student has an approved Individualized Educational Plan (IEP) that states the need for braille or large print materials. The local Textbook Implementation Plan submitted to the State Textbook Administrator each year should include a statement of need and a plan for securing textbooks for students who are blind or visually impaired. This plan should include the following:

A. LEAs shall request permission of the SDE to dispose, sell, or donate out-of-date or unuseable or unsaleable textbooks. Limitation: Textbooks no longer in use may not be sold to anyone whose intent is to resell them.

B. In order to obtain the greatest utility from out-of-use textbooks and to assist local school districts and schools, the following options are available to local school districts.

1. If a textbook or library book has been out of use for over six months, or upon replacement by a new edition of books, a parish or city school board may, with the approval of the [state] Board, donate said book to any public hospital, any jail or prison, or any public institution, or to any individual for private use free of charge.

a. Any textbook or library book which a parish or city school board is unable to sell or donate after being out of use in excess of six months, or upon replacement by a new edition of books, or any textbook or library book which is deemed by said board to be unusable or unsaleable, shall be disposed of in an appropriate manner.

b. A parish or city school board, with the prior approval of the State Board of Elementary and Secondary Education, may by the debinding and shredding method, dispose of any textbook or library book that has not been sold or donated and has been out of use parish wide in excess of six months. If the debinding and shredding method is chosen, the following procedures are to be followed.

i. The local district shall submit request(s) to the SDE between March-June 30 of each year;

ii. upon submission of request(s), the local school districts shall notify all SBESE and Brumfield-Dodd approved non-public schools within their district of the availability of these textbooks by disciplines, giving them three weeks to express their interest in securing any of these textbooks;

iii. the local school district may select a vendor and enter into a contract for the debinding and shredding of those books no longer in use;

iv. the local school district shall maintain appropriate records for three years;

v. the local school district shall derive all funds from the debinding. Funds derived from such sale shall be used by the parish or city school board solely for textbook or library book purchases.

§523. Reasonable and Proper Care for and Control over Textbooks and Other Materials of Instruction

NOTE: This policy shall also be applicable to instructional materials, supplies, and equipment. (See also *Bulletin 741*)

A. The SDE recommends that Student Handbooks, issued to students at the beginning of each school year, include a policy statement that stipulates responsibility for proper use and control over textbooks and other materials of instruction that are on loan to the students during the school year. Signature lines should be included for both students' and parent/legal guardians' acknowledgement of responsibility. In addition, a contact name and phone number should be provided. Payment plans for restitution by parents/guardians may be specified.

B. Each school system, as part of its responsibility to ensure proper care and control of textbooks, shall adopt procedures that hold students and parents/guardians responsible for exercising reasonable and proper care of textbooks and materials of instruction.

C. Such procedures may provide that parents and/or legal guardians may be required to compensate the school district for lost, destroyed, or unnecessarily damaged books and materials, and for any books which are not returned to the proper schools at the end of each school year or upon withdrawal of their dependent child. Under no circumstances may a student of school age be held financially responsible for fees associated with textbook replacement.

D. Compensation by parents or guardians may be in the form of monetary fees or community/school service activities, as determined by the school governing authority. In the case of monetary fees, fines shall be limited to no more than the replacement cost of the textbook or material, but may, at the discretion of the governing authority, be adjusted according to the physical condition of the lost or destroyed textbook. A school system may waive or reduce

the payment required if the student is from a family of low income and may provide for a method of payment other than lump-sum payment.

E. In lieu of monetary payments, both school systems and parents/guardians may elect to have students perform school/community service activities, provided that such are arranged so as not to conflict with school instructional time; these activities shall be properly supervised by school staff and shall be suitable to the age of the child.

F. Under no circumstances may a school or school district refuse the parent/guardian the right to inspect relevant grades or records pertaining to the child; nor may the school or school district refuse to transfer promptly the records of any child withdrawing or transferring from the school, per requirements of the Federal Family Educational Rights and Privacy Act. Transfer of records shall not exceed 45 days from the date of request, except for requests from any educational facility operated within any correctional or health facility. The transfer of such records shall not exceed 10 business days from the date of receipt of the written request.

G. Under no circumstances may a school or school district deny a student promotional opportunities, as a result of his/her failure to compensate the school district for lost or damaged textbooks. Students shall not be denied continual enrollment each grading period nor re-entry in succeeding school years as a result of lost or damaged books.

H. Students shall not be denied the use of a textbook during school hours each day. Each school system shall annually inform parents and/or legal guardians of the locally adopted procedures pursuant to state law and regulation, regarding reasonable and proper control of textbooks (See also *Bulletin 741—Louisiana Handbook for School Administrators* (Revised, 1997) for policy regarding this legislation).

Chapter 7. Publishers' Responsibilities

§701. Requirements for Publishers' Participation in State Textbook Adoption

A. Publishers are required to follow the procedures below in order to be eligible to participate in any state textbook adoption process. Publishers must provide the required information to the Department of Education by the specified time each year in order for submissions to be accepted for consideration.

B. An Intent to Participate form shall be mailed during each adoption year to publishers whose names and addresses are on file in the Department of Education.

C. Publishers are required to file an Intent to Participate form with the SDE by the assigned date in March each year in order to receive a full textbook submission packet.

D. Publishers are required to provide proof of registration with the Louisiana Secretary of State's Office in order for contracts to be legally negotiated. It is the responsibility of the publisher to ensure that proper forms have been completed and that the company is registered according to state laws and regulations.

E. Publishers are encouraged to submit such documentation along with the return of the Intent to Participate form. However, publishers may submit the verification at a later date, but no later than October 1 of each year. Under no circumstances will a contract be negotiated with a publisher without such documentation.

F. Publishers are required to provide the name, address, telephone, fax number, and electronic mail address, if applicable, of one local representative and one corporate representative of the company. The designated representatives should be those officials who are authorized to speak on behalf of the company within the State of Louisiana and who, at the corporate level, are authorized to enter into contract agreements with the Department of Education/SBESE. Such information shall be submitted with the Notice of Intent to Participate form to be submitted each year by interested publishers.

G. Publishers are required to provide written notification to the Office of Student and School Performance of changes in agents or representatives, addresses or phone numbers. Notwithstanding any law or rule or regulation to the contrary, the governing authority of an elementary or secondary school may withhold the grades of a student who does not reimburse the school or school system for the student's failure to exercise reasonable and proper care for and control over school books or other instructional materials, supplies, and equipment.

iii. In accordance with the authority granted to the State Board of Elementary and Secondary Education by the provisions of this Subsection, the board shall formulate, develop, adopt, and provide for implementation by not later than January 1, 1998, by each governing authority of a public elementary or secondary school of appropriate policies and procedures consistent with the provisions of this Subparagraph, including meaningful sanctions and penalties, to enable school administrators to hold public school students and persons responsible for a student's school attendance accountable for failing to exercise reasonable and proper care for and control over any public school book or other instructional materials, supplies, and equipment.

c. The board shall adopt lists of basic textbooks and shall adopt one or more lists thereof. It may authorize and approve revised editions of any school book it adopts.

2. The board may authorize the Louisiana School of Math, Science and the Arts and other parish or city school boards with programs for gifted students to select and purchase textbooks not included on the lists adopted by the Board pursuant to the provisions of this Section, provided that such authorization shall be on an ad hoc basis and shall be subject to prior approval by the board. Such purchases may be made using funds appropriated by the legislature for the purchase of textbooks as provided for herein.

B. The board shall prescribe and adopt and shall exercise supervision and control over the distribution and use of school books and other learning materials, supplies, and equipment for post secondary and vocational-technical schools and programs.

C. Each contract with a publisher for school books shall be awarded on a competitive basis. Each such contract shall be made for a term to be determined by the State Board of Elementary and Secondary Education. Each contract shall be so made as to authorize the board to terminate it upon ninety days notice. The procedure for the announcement of school book adoptions, examining books, and awarding contracts shall be under the control of the board and in accordance with any applicable law. The board shall have authority to set and collect fees from publishers participating in the state school book adoption procedures.

D. Each contract shall stipulate that the publisher shall automatically reduce the net cost of textbooks in the state when the net cost of the publisher for books covered by the

E. Each contract with a publisher shall stipulate that the book or books covered by the contract to be sold in this state shall be identical with the official samples filed with the Board with respect to size, paper, binding, print, illustrations, subject matter, and all other particulars which may affect the value of said books. However, during the period of the contract, the board may approve revised editions of an adopted textbook or service at the bid price, which will authorize a publisher to provide such revisions.

F. Each contract with a publisher shall stipulate that, whenever five thousand or more copies of a textbook of a single title and edition are to be purchased by the state from a single publisher during a twelve month period which shall be established by the board by rule, not less than eighty percent of the total number of the copies of such book purchased by the state shall be printed and bound by a printer licensed to do business and doing business within the state, provided that the publisher receives a timely bid made according to the publisher's bid-making requirements from such a printer and provided that the printer is able to print and bind such book in accordance with the manufacturer's specifications for state textbooks as promulgated by the State Department of Education and at a cost equal to or less than the unit cost per book for the same number of books made in a otherwise qualified bid by any out-of-state printer bidding on the same work. Whenever two or more printers in this state submit bids which would qualify all of them to print and bind textbooks pursuant to this Section and one such printer is a minority-owned business as defined in R.S. 39:1952(13), the minority-owned business shall be awarded not less than ten percent of the printing and binding required by this Section to be done in this state.

G. The State Department of Education shall be the depository in the state for books for the schools. The superintendent may do all things necessary and proper for the department to function as such depository, including but not limited to the power to enter into contracts or agreements and to acquire property, through lease or purchase, in which the depository is to be located, and to determine the location or locations of the depository. The superintendent may require publishers to maintain a depository in the state or may contract, in accordance with the procedures for the letting of contracts set forth in applicable provisions of the Louisiana Procurement Code particularly R.S. 39:1593 with any other public or private agency to act as the depository.

H. The State Department of Education shall require any depository with whom the department does business to provide the department a written summary of all purchase orders for textbooks received by the depository from the department. The depository shall transmit such summary within three business days whenever the department requests it to do so and the department shall make such a request upon the written request of any printer licensed to and actually doing business in Louisiana. Such a summary shall

be a public record. The summary shall itemize the total number of copies of each book which is the subject of a purchase order, the unit price of each book, the commissions paid to or the discounts received by the depository, and the publishers of each book.

I. The books shall be distributed to the several parish and city school boards from the depository on requisition of the superintendent of education for public elementary and secondary education.

J.1. The board shall establish a procedure enabling any governing authority of a public elementary or secondary school, effective January 1, 1998, and thereafter, to order and receive textbooks approved by the board directly from textbook publishers. The procedure shall include but not be limited to permitting a public elementary or secondary school governing authority to contract with a textbook publisher and receive any applicable publisher's discount. However, any textbook purchased under the provision of this Paragraph shall be purchased at the same or lower price than such textbook can be purchased from any source other than the publisher.

2. The board shall adopt necessary rules and regulations in accordance with the Administrative Procedure Act to implement the provision of the Subsection.
