A self-insured health care provider who evidences financial responsibility pursuant to § 507 may, upon 45 days prior written notice to the executive director, withdraw any portion of the deposit prescribed by § 507 provided that, following such withdrawal, the value of the deposit shall not be impaired.

H.1. A self-insured health care provider who has evidenced financial responsibility pursuant to § 507 may withdraw the deposit prescribed by § 507 upon authorization of the executive director. The security furnished as proof of financial responsibility, or a substitution which has been approved by the board, shall remain on deposit and pledged to the board during the term of the health care provider's enrollment as a self-insured health care provider with the fund and for the longer of a three-year period following termination of such enrollment or as long as any medical malpractice claim is pending, whether with the board or in a court of competent jurisdiction. After this time period, authorization may be given when the health care provider files with the executive director, not less than 30 days prior to the date such withdrawal is to be effected, a certificate signed by the health care provider, certifying:

- a. the date the health care provider terminated enrollment with the fund as a self-insured health care provider;
- b. that there are no medical malpractice claims pending with the board or in a court of competent jurisdiction;

2. Effective as of the date on which a self-insured health care provider's deposit is withdrawn pursuant to § 507, the health care provider's enrollment and qualification with the fund shall be terminated.

I. In the event that a health care provider's deposit becomes impaired, he shall have 30 days to make such additional deposit as will restore the minimum deposit value prescribed by § 507. A health care provider's enrollment and qualification with the fund for all claims filed against the healthcare provider shall terminate on and as of the last day set by these Rules if the health care provider has not on, or prior to such date, restored the minimum deposit value prescribed by § 507. In the case of multiple health care providers, as set forth in § 507.B, the enrollment and qualification with the fund of each member of the group or each related entity for all claims filed against any or all of

the members of the group or related entity shall terminate on and as of the last day set by these rules if the minimum deposit value prescribed by § 507 has not been restored on or prior to such date.

§ 509. Financial Responsibility: Self-Insurance Trusts

A. The shareholders of a professional corporation, the partners of a professional partnership, a solo practitioner, a health care provider institution, or a group of such institutions may demonstrate the financial responsibility requisite to enrollment with the fund by the establishment and maintenance of a financially and actuarially sound self-insurance trust, approved by the executive director, and making and maintaining, on behalf of such trust as an entity, a deposit of not less than \$ 125,000 in money or represented by irrevocable letters of credit, federally-insured certificates of deposit, or in bonds or securities approved by the executive director, of the principal value of not less than \$ 125,000.

B.1. The following bonds and securities shall be deemed approved by the board for purposes of the deposit required by § 509:

d. the bond of an authorized surety company engaged in business in the state of Louisiana which has an A.M. Best rating of A+ VIII or better. In addition, the company should meet the stated minimum rating criteria for two of the following rating services:

i. Standard and Poor AA;

e. an unconditional letter of credit with an automatic renewal provision where the issuing bank carries a commercial paper rating of P-1 by Moody's and/or an A-1 by Standard and Poor;

f. an escrow account in the name of Patient's Compensation Fund where the issuing bank carries a commercial paper rating of P-1 by Moody's and/or an A-1 by Standard and Poor.

2. In addition to the above, a self-insurance trust may apply to the board for approval of any other security which, if approved by the board, shall constitute proof of financial responsibility.

3. In addition to depositing the money or original instrument evidencing the approved security with the board, a self-insured trust shall be required to execute a pledge agreement prescribed and supplied by the executive director and to provide evidence that written notice, stating that the approved security will be pledged to the board pursuant to the terms of the pledge agreement, has been given to the issuing body.

C. Money, accounts, certificates of deposit, or other approved insurance or securities deposited, pledged or assigned to the board pursuant to § 509 shall not be assigned, transferred, sold, mortgaged, pledged, hypothecated or otherwise encumbered by the self-insurance trust nor shall any such deposit, account, or certificate of deposit be subject to writ of

attachment, sequestration, or execution except pursuant to a final judgment or court-approved settlement issued or made in connection with and arising out of a malpractice claim against a member of the self-insurance trust.

D.1. To maintain financial responsibility for continuing enrollment or qualification with the fund, a self-insurance trust shall at all times maintain the unimpaired principal value of the deposit provided for by § 509 at not less than \$ 125,000. The value of the self-insurance trust's deposit shall be deemed impaired when any portion is seized or released pursuant to judicial process.

2. In the event that a self-insurance trust's deposit provided for by § 509 becomes impaired, the executive director shall give written notice of such impairment to the self-insurance trust, and the self-insurance trust shall, unless a longer period is provided by the board, have 30 days from receipt of such notice to make such additional deposit as will restore the minimum deposit value prescribed by § 509. The enrollment of each member of a self-insurance trust with the fund shall terminate on and as of the last day set by these rules or, if applicable, by the board, if the self-insurance trust has not on or prior to such date restored the minimum deposit value prescribed by § 509.

E. A self-insurance trust shall, within 120 days of one of its members receiving notice of a claim, submit a report of the anticipated exposure to the fund and the self-insurance trust and containing sufficient details supporting the anticipated exposure. In addition, the self-insurance trust shall provide updates to the executive director when significant changes in anticipated exposure occur.

F. A self-insurance trust approved by the executive director as evidence of financial responsibility shall be treated the same as insurance, and each health care provider covered by such a self-insurance trust shall be considered to have evidenced financial responsibility as provided in § 505.

G. A self-insurance trust which evidences financial responsibility pursuant to § 509 may, upon 45 days prior written notice to the executive director, withdraw any portion of the deposit prescribed by § 509 provided that following such withdrawal, the value of the deposit shall not be impaired.

H.1. A self-insurance trust which has evidenced financial responsibility pursuant to § 509 may withdraw the deposit prescribed by § 509 upon authorization of the executive director. The security furnished as proof of financial responsibility, or a substitution which has been approved by the board, shall remain on deposit and pledged to the board during the term of the trust's members' enrollments as self-insured health care providers with the fund and for the longer of a three-year period following termination of such enrollment or as long as any medical malpractice claim is pending against the trust or any of its members, whether with the board or in a court of competent jurisdiction. After this time period, authorization may be given when the trust files with the executive director, not less than 30 days prior to the date such withdrawal is to be effected, a certificate signed by the trustee of the trust, certifying:

- a. the date that the last remaining member(s) of the trust terminated enrollment with the fund as self-insured health care provider(s);
- b. that there are no medical malpractice claims against the trust or any of its members pending with the board or in a court of competent jurisdiction;
- c. that there are no unpaid final judgments or settlements against or made by the trust or any of its members in connection with or arising out of a malpractice claim; and
- d. that there are no unasserted medical malpractice claims which are probable of assertion against the trust or any of its members.

2. Effective as of the date on which a self-insurance trust's deposit is withdrawn pursuant to § 509, the trust members' enrollment and qualification with the fund shall be terminated.

I. Application to the executive director for approval of a self-insurance trust as evidence of financial responsibility shall include:

1. identification of, by name, address, and category of each practitioner or each shareholder of an applicant professional corporation, each partner of an applicant professional partnership or each health care institution participating in the self-insurance trust;
2. a certified copy of the self-insurance trust instrument and any related organizational or operational documents;

J. The executive director shall approve of a self-insurance trust if such trust meets the requirements of the Health Care Financing Administration's (HCFA) Medicare Provider Reimbursement Manual, Part 1, § 2162.7, related to self-insurance trusts. Those standards shall not, however, be exclusive and the executive director may approve such other qualified self-insurance trusts as appropriate, although they do not meet those requirements.

K. Each self-insurance trust approved by the executive director as evidence of financial responsibility pursuant to § 509 shall be subject to audit or examination upon reasonable prior notice to the trustees thereof. Upon request by the executive director, each such trust shall, within 60 days of the conclusion of its fiscal year, file with the executive director financial statements setting forth the financial condition of the trust at the last day of the preceding year and for the year then ended, audited or reviewed by an independent certified public accountant.

L. Each self-insurance trust approved by the executive director as evidence of financial responsibility pursuant to § 509 shall give written notice to the executive director within 10 days of any date that:

1. the trust instrument or other organizational or operational documents are amended; or
2. any participating member of the trust ceases to be a member or any new member begins participation with the trust

§ 701. PCF Consulting Actuary

A. In accordance with the provisions of law applicable to contracting for personal, professional, or consulting services, the board shall retain a qualified, competent, and independent consulting actuary to advise and consult the board on all aspects of the board's administration, operation, and defense of the fund which require application of the actuarial science. Each year, the board shall cause the consulting actuary to prepare an annual actuarial study required by the Act and these rules. An individual actuary contracted by the board, or a principal actuary assigned to the engagement and employed by a partnership, firm, or corporation contracted by the board, shall possess formal education and at least a baccalaureate degree in the actuarial sciences, shall be a full member of the Casualty Actuarial Society, and shall have had substantial prior experience in providing services as a consulting actuary to insurance companies underwriting professional health care liability insurance.

B. The board's contract with a consulting actuary shall provide that the consulting actuary shall be responsible for:

1. advising the executive director with respect to the necessary and proper content and form of claims experience data collected and maintained by the executive director;
2. advising the executive director with respect to the establishment, maintenance, and adjustment of reserves on individual claims against the fund and the establishment, maintenance, and adjustment of reserves for incurred but not reported claims;
3. performing actuarial analysis of claims experience data collected and maintained by the executive director with respect to the fund, commercial professional liability insurers doing business in this state, self-insured health care providers, together, as necessary or appropriate, with regional or national professional health care liability claims experience data, and development, in consideration of the fund's allocated and unallocated expenses, its organization, administration, and legal and regulatory constraints, of a surcharge rate structure, rated and classified according to the several classes or risks against which the fund provides compensation, that shall reasonably ensure that the fund is sufficiently funded so as to be and remain financially and actuarially capable of providing the compensation for which it is organized;
4. developing, in conjunction with the executive director, proposed surcharge rates and surcharge rate changes in accordance with the consulting actuary's actuarial analyses, for submission to the board;
5. as requested by the executive director, personal presentation of proposed surcharge rates and surcharge rate changes at meetings of the board; and
6. generally advising and consulting with the executive director on all actuarial questions affecting the board's administration, operation, and defense of the fund.

§ 703. Annual Actuarial Study

A. An actuarial study of the fund and the surcharge rate structure necessary and appropriate to ensure that it is and remains financially and actuarially sound shall be performed annually by the board's consulting actuary on the basis of an actuarial analysis of all relevant claims experience data collected and maintained by the board.

B. In the performance of the board's annual actuarial study and the development of a financially sound and appropriate surcharge rate structure for the fund, the board's consulting actuary and the executive director shall accord the greatest weight to the claims experience of the fund and of commercial professional health care liability insurance underwriters and self-insurance funds with respect to the risk underwritten by such insurers and self-insurance funds in this state and as particularly reflected in such insurers' then most recent premium rate filings with the Louisiana Department of Insurance (LDOI) or such self-insurance funds' current rate structure and supporting data, provided, however, that such data shall be viewed in light of national claims experience data and provided further that the board's consulting actuary may place reliance on national claims experience data when, in the opinion of such actuary, claims experience within the state of Louisiana as to any class of risks provides an insufficient basis for reliance thereon for purposes of actuarial analysis or in calculating indicated surcharge rates.

C. Without respect to the rate structure indicated by any annual actuarial study of the fund, no changes to surcharge rates or to the surcharge rate structure shall be approved by the board when the total assets of the fund could become less than the amount provided for in *R.S. 40:1299.44(A)(6)(a)* and (b).

§ 705. Risk Rating

A. Surcharge rates collected by the board shall be based on and classified according to the classes and categories of health care liability risks underwritten by the fund with respect to each class of health care practitioners and institutions eligible for enrollment with the fund. With regard to hospitals, surcharge rates collected by the board shall be based on the annual average number of occupied beds. Risk classifications and ratings adopted by the board shall be based on actuarial analysis of the claims experience of health care provider groups enrolled with the fund and equivalent data and practices of commercial insurance underwriters and self-insurance funds insuring such groups. Risk rating classifications for health care providers eligible for enrollment with the fund shall be based on Louisiana claims experience data, including the fund's own claims experience, unless the board's actuary affirmatively demonstrates that, as respects any class of provider, reasonably obtainable, competent, and credible Louisiana claims experience data provides an insufficient basis for such classifications under generally accepted insurance actuarial standards, in which case regional or national claims experience data and statistics relative to such classes of health care provider may be utilized.

The board shall determine surcharge rates in a public meeting held pursuant to Louisiana's open meetings laws based upon actuarial principles and reports, experience and prudent judgment of the board. The board shall provide written or electronic notice of the meeting at least 15 days in advance of the meeting and provide an opportunity for public comment at the meeting before determining surcharge rates.

§ 709. Interim, Emergency Rates

A. Interim or emergency surcharge rates or rate changes may be determined by the board at any time when the board, in consultation with its consulting actuary, determines that a new surcharge rate or rate changes are necessary. The board shall comply with the notice and comment provisions set forth in § 707 prior to determining interim or emergency surcharge rates or rate changes.

§ 711. Payment of Surcharges: Insurers and Self-Insurance Trusts

A. Applicable surcharges for enrollment and qualification with the fund shall be collected on behalf of the board by commercial professional health care liability insurance companies and approved self-insurance trusts from insured health care providers electing to enroll and qualify with the fund. Such surcharges shall be collected by such insurers and trusts at the same time and on the same basis as such insurers' and trust's collection of premiums or contributions from such insureds. Surcharges collected by such insurers and trusts on behalf of the board shall be due and payable and remitted to the board by such insurers and trusts within 30 days from the date on which such surcharges are collected from any insured health care provider.

B. Annual surcharges for initial PCF coverage for insured health care providers whose surcharges are collected by insurers and trusts for enrollment and qualification with the fund shall be due and payable to the collecting insurers and trusts on or before the date of initial PCF coverage. Annual surcharges for renewal coverage due the board by insured health care providers whose surcharges are collected by insurers and trusts for enrollment and qualification with the fund shall be due and payable to the collecting insurers and trusts on or before 30 days following the expiration of the prior enrollment period. Remittance of surcharges to the board by the insurers and trusts shall be made in such form and accompanied by records in such forms or on such forms as may be prescribed by the executive director so as to provide for proper accounting of remitted surcharges and the identity and class of health care providers on whose behalf such surcharges are remitted. Such insurers and funds remitting surcharges to the board shall certify to the board, at the time of remitting such surcharge to the board, the date that the surcharges were collected by them from the health care providers. The payment of surcharges by an approved self-insurance trust that does not collect premiums or contributions from insureds will be governed by § 713 hereof.

C. Failure of the commercial professional health care liability insurers, agents of the insurer, risk manager, or surplus line agent, and approved self-insurance trust funds to remit payment within 30 days of collecting such annual surcharge may subject the commercial professional liability insurers, commercial insurance underwriters, and approved self-insurance trust funds to a penalty, the amount of which will be set by the board on an annual basis, not to exceed 12 percent of the annual surcharge, and all reasonable attorney fees. Upon the failure of the commercial professional health care liability insurers, commercial insurance underwriters and approved self-insurance trust funds to remit as provided in § 711, the board may institute legal proceedings to collect the surcharge, together with penalties, legal interest, and all reasonable attorney fees.

D. If the instrument used to pay the surcharge is returned to the board by the payor institution and/or payment hereon is denied for any reason, the health care provider shall be notified thereof by the board. If the surcharge and any insufficient funds (NSF) charge incurred by the board is not paid in full by certified check, cashier's check, money order, or cash equivalent funds received by the board within 10 calendar days of the provider's receipt of said notice, then the provider's coverage with the fund shall be terminated as of the end of the previous enrollment period.

E. It is the purpose of § 711 that insurers and approved self-insurance trust funds remit surcharges collected from their insured providers to the board timely. The timeliness of surcharge remittances to the board by insurers and approved self-insurance trust funds shall not affect the effective date of fund coverage. However, the failure of insured health care providers to timely remit applicable surcharges to insurers and approved self-insurance trust funds for renewal may result in lapses of coverage with the fund.

§ 715. Amount of Surcharges; Form of Coverage; Conversions

A. A health care provider qualified for enrollment by evidence of liability insurance pursuant to § 505, or by evidence of participation in an approved self-insurance trust pursuant to § 509, shall pay the most recently approved rate which is applicable to his provider type, years enrolled in the fund, and which most closely corresponds to the class and form of coverage of said primary liability insurance or self-insurance trust. The form of coverage provided by the board shall be identical to that provided by the qualifying policy of insurance or self-insurance except where the policy conflicts with applicable law or regulation.

B. A health care provider qualified for enrollment by evidence of self-insurance pursuant to § 507 shall pay the most recently approve fund surcharge amount which is applicable to self-insured coverage and to his provider type. The form of coverage provided by the fund shall be self-insured coverage as defined in § 109.A of these rules.

C.1. When a health care provider who had previously purchased claims-made coverage from the board elects to purchase occurrence coverage from or discontinue enrollment in the fund, he shall not have coverage afforded by the fund for any claims arising from acts or omissions occurring during the fund's claims-made coverage but asserted after the termination of the claims-made coverage unless he evidences financial responsibility for those claims either by purchasing an extended reporting endorsement or posting a deposit with the board pursuant to § 507 and pays, on or before 45 days following the termination of the claims-made coverage, the surcharge applicable to fund tail coverage for the corresponding claims-made period(s).

2. When a health care provider who had previously purchased claims-made coverage from the board elects to purchase self-insured coverage from the fund, he shall not have coverage afforded for any claims arising from acts or omissions occurring during the fund's claims-made coverage but asserted after the termination of the claims-made coverage, unless he evidences financial responsibility for those claims either by purchasing an extended reporting endorsement or posting a second deposit with the board pursuant to § 507 and pays, on or before 45 days following the termination of the claims-made coverage, the surcharge applicable to fund tail coverage for the corresponding claims-made period(s).

3. In special circumstances, the executive director or board may, at its discretion, waive or defer the payment of an additional surcharge and allow tail coverage to a provider without the payment of the applicable surcharge. Each such case requires an individual written request for relief to the board, and will be decided on individual circumstances. The board's criteria for such decisions shall include, but not be limited to:

- a. the reason for such request;
- b. the length and basis of the provider's enrollment with the fund;
- c. the potential claims liability to the fund;
- d. the provider's intention to cease or continue to practice in Louisiana; and
- e. the potential effects if the fund refuses to allow such relief.

D. When a health care provider who had previously purchased claims-made coverage from the fund permanently retires from the practice of medicine after 10 consecutive years of enrollment, or when an institutional provider and any successors who had previously purchased claims-made coverage from the fund permanently ceases to do business and/or practice medicine after 10 consecutive years of coverage, or when a health care provider who had previously purchased claims-made from the board dies or becomes permanently disabled, then the surcharge to the board for tail coverage for claims occurring during the existence of the fund claims-made coverage shall be considered to have been paid. However, continuous PCF coverage under this rule shall only apply if the affected provider or institution maintains continuous financial responsibility either through insurance coverage or submission of the security required for self-insurance under § 507, including underlying insurance tail coverage, for the primary \$ 100,000 for each claim. B. The rules of Chapter 19 shall be applicable to all malpractice claims, including those brought under *R.S. 40:1299.39*.

B. The fund acknowledges that a court is required neither to choose the best medical treatment nor the most cost-efficient treatment for a patient. The intent of Chapter 19 is to distinguish between those devices which are reasonably necessary to a patient's treatment and those which are devices of convenience or non-essential specialty items for a patient, and to provide for the maximum allowable reimbursement for those necessary future medical care and related benefits. B.1. Providers of nursing or sitter care shall be funded, at the lesser of the billed amount or the maximum amount allowed under the reimbursement schedule.
