## DECLARATION OF EMERGENCY

### Department of Agriculture and Forestry Horticulture Commission

#### Examination Fees (LAC 7:XXIX.109)

In accordance with the Administrative Procedure Act R.S. 49:953 and R.S. 3:3801, the Commissioner of Agriculture and Forestry, at the request of the Horticulture Commission, is exercising the emergency provisions of the Administrative Procedure Act in implementing the following Rules and regulations governing fees for exams administered by the Horticulture Commission.

For at least the last three years the Horticulture Commission budget has ended in a deficit. The department has used other funds to make up for each year's deficit. The department cannot continue to find funds from other areas to make up this continuing deficit.

Louisiana is experiencing an unprecedented shortfall in state finances. The legislature has cut the department's budget; therefore, using other department funds to cover the deficit of the Horticulture Commission is not a continuing option. The fiscal year begins on the first of July. The department must use the emergency adoption provisions to insure that programs that begin in July will have adequate funding for the entire fiscal year and beyond. Adoption of the Rule changes will take place according to the Administrative Procedure Act. However, this process takes up to six months to complete and would cause additional deficits to continue and the possibility of work reductions that could cause an imminent peril to the health and safety of Louisiana citizens.

These Rules become effective on July 1, 2003 upon signature and will remain in effect until the Rule becomes effective through the normal Administrative Procedure Act process. The Louisiana Department of Agriculture and Forestry (LDAF) will begin collecting the fees for all examinations requested or signed up for by individuals on or after July 1, 2003.

#### Fees for Termite Contracts and Wood Destroying Insect Reports (LAC 7:XXV.117 and 119)

In accordance with the Administrative Procedure Act R.S. 49:953 and R.S. 3:3202(A), the Commissioner of Agriculture and Forestry, at the request of the Structural Pest Control Commission, is exercising the emergency provisions of the Administrative Procedure Act in implementing the following Rules and regulations governing fees for termite contracts and wood destroying insect reports.

For the last five years the Structural Pest Control Commission budget has ended in a deficit. The department has used other funds to make up for each year's deficit. The department cannot continue to find funds from other areas to make up this continuing deficit.

Louisiana is experiencing an unprecedented shortfall in state finances. The department must use the emergency adoption provisions to insure that programs that begin in July will have adequate funding for the entire fiscal year. Adoption of permanent Rules will take place according to the Administrative Procedure Act. However, this process takes several months to complete and would cause additional budgetary deficits and the reductions of programs and services that protect the health, welfare and safety of Louisiana citizens.

Chloramphenicol in Crabs (LAC 7:XXXV.143 and 145)

The Commissioner of Agriculture and Forestry hereby adopts the following Emergency Rules governing the testing and sale of crab or crabmeat in Louisiana. These Rules are being adopted in accordance with R.S. 3:2.A, 3:3.B, R.S. 3:4608 and the Emergency Rule provisions of R.S. 49:953.B of the Administrative Procedure Act.

The commissioner has promulgated these Rules and Regulations to implement standards relating to chloramphenicol in crab or crabmeat that are consistent with standards adopted by the FDA regarding chloramphenicol in foods. All crab or crabmeat sold in Louisiana must meet the standards adopted by the commissioner, herein, prior to distribution and sale.

Chloramphenicol is a broad-spectrum antibiotic that has been restricted by the FDA for use in humans only in those cases where other antibiotics have not been successful. The FDA has set a zero tolerance level for chloramphenicol in food and has prohibited the extra label use of chloramphenicol in the United States in food producing animals, (21 CFR 530.41).

Chloramphenicol is known to cause aplastic anemia, which adversely affects the ability of a person's bone marrow to produce red blood cells. Aplastic anemia can be fatal. In addition, according to the National Institute on Environmental and Health Sciences, chloramphenicol can reasonably be anticipated to be a human carcinogen. In widely accepted references such as *Drugs in Pregnancy and Lactation*, the use of chloramphenicol is strongly dissuaded during pregnancy, especially late pregnancy. Chloramphenicol can be transmitted to an unborn child through the placenta and to an infant through the mother's milk. The dosage transmitted to an unborn child is essentially the same dosage as is taken in by the mother. However, the unborn child is unable to metabolize chloramphenicol as efficiently, thereby causing the risk of an increasing toxicity level in the unborn child. Although the effect on an infant as a result of nursing from a mother who has taken chloramphenicol is unknown, it is known that such an infant will run the risk of bone marrow depression.

Recently, FDA, the states of Alabama and Louisiana have found chloramphenicol in crab or crabmeat imported from other countries. The department has found chloramphenicol in crab or crabmeat imported from Vietnam, Thailand and China. The possibility exists that other countries may export chloramphenicol-contaminated crab or crabmeat to the USA.

The sale of such imported crab or crabmeat in Louisiana will expose Louisiana's citizens, including unborn children and nursing infants, to chloramphenicol, a known health hazard. The sale, in Louisiana, of crab or crabmeat containing chloramphenicol presents an imminent peril to the public's health, safety and welfare. This peril can cause consumers to quit buying crab or crabmeat from any source, including Louisiana. If consumers cease to buy, or substantially reduce, their purchases of Louisiana crab or crabmeat then Louisiana's crab industry will be faced with substantial economic losses. Any economic losses suffered by Louisiana's crab industry will be especially severe in light of the current economic situation, thereby causing an imminent threat to the public welfare.

The commissioner of Agriculture and Forestry has, therefore, determined that these Emergency Rules are necessary to immediately implement testing of crab or crabmeat for chloramphenicol, to provide for the sale of crab or crabmeat and any products containing crab or crabmeat that are not contaminated with chloramphenicol. These rules become effective upon signature and will remain in effect 120 days, unless renewed by the commissioner or until permanent rules are promulgated.

##### §143. Chloramphenicol in Crab and Crabmeat Prohibited; Testing and Sale of

###### A. Definitions

*Food Producing Animals* Both animals that are produced or used for food and animals, such as seafood, that produce material used as food.

*Geographic Area* A country, province, state, or territory or definable geographic region.

*Packaged Crab* Any crab or crabmeat, as defined herein, that is in a package, can, or other container, and which is intended to eventually be sold to the ultimate retail purchaser in the package, can or container.

*Crab* Any such animals, whether whole, portioned, processed, shelled, and any product containing any crab or crabmeat.

B. No crab or crabmeat may be held, offered or exposed for sale, or sold in Louisiana if such crab or crabmeat contains chloramphenicol.

C. No crab or crabmeat that is harvested from or produced, processed or packed in a geographic area, that the commissioner declares to be a location where chloramphenicol is being used on or found in food producing animals or in products from such animals, may be held, offered or exposed for sale, or sold in Louisiana without first meeting the requirements of Subsection E. No crab or crabmeat from any such geographic area may be used, as an ingredient in any food held, offered or exposed for sale, or sold in Louisiana without first meeting the requirements of Subsection E.

D. The commissioner may declare a geographic area to be a location where chloramphenicol is being used on or found in food producing animals or in products from such animals, based upon information that would lead a reasonable person to believe that chloramphenicol is being used on or found in food producing animals, or in products from such animals, in that geographic area.

1. Any such declaration shall be subject to promulgation in accordance with the provisions of the Administrative Procedure Act.

2. The commissioner may release any such geographic area from a previous declaration that chloramphenicol is being used on food producing animals in that location. Any such release shall be subject to promulgation in accordance with the Administrative Procedure Act.

E. Crab or crabmeat that comes from a geographic area declared by the commissioner to be a location where chloramphenicol is being used on, or is found in food producing animals or in products from such animals, must meet the following requirements for sampling, identification, sample preparation, testing and analysis before being held, offered or exposed for sale, or sold in Louisiana.

###### 1. Sampling

a. The numbers of samples that shall be taken are as follows.

i. Two samples are to be taken of crab or crabmeat that are in lots of 50 pounds or less.

ii. Four samples are to be taken of crab or crabmeat that are in lots of 51-100.

iii. Twelve samples are to be taken of crab or crabmeat that are in lots of 101 pounds up to 50 tons.

iv. Twelve samples for each 50 tons are to be taken of crab or crabmeat that are in lots of over 50 tons.

b. For packaged crab or crabmeat, each sample shall be at least 6 ounces, (170.1 grams), in size and shall be taken at random throughout each lot of crab or crabmeat. For all other crab or crabmeat, obtain approximately 1 pound, (454 grams), of crab or crabmeat per sample from randomly selected areas.

c. If the crab or crabmeat to be sampled consists of packages of crab or crabmeat grouped together, but labeled under two or more trade or brand names, then the crab or crabmeat packaged under each trade or brand name shall be sampled separately. If the crab or crabmeat to be sampled are not packaged, but are segregated in such a way as to constitute separate groupings, then each separate grouping shall be sampled separately.

d. A composite of the samples shall not be made. Each sample shall be tested individually. Each sample shall be clearly identifiable as belonging to a specific group of crab or crabmeat. All samples shall be kept frozen and delivered to the lab.

2. Each sample shall be identified as follows:

- a. any package label;
- b. any lot or batch numbers;
- c. the country, province and city of origin;
- d. the name and address of the importing company;
- e. unique sample number identifying the group or batch sample and subsample extension number for each subsample.

3. Sample Preparation. For small packages of crab or crabmeat up to and including 1 pound, use the entire sample. Shell the crabs, exercising care to exclude all shells from sample. Grind sample with food processor type blender while semi-frozen or with dry ice. Divide the sample in half. Use half of the sample for the original analysis portion and retain the other half of the sample in a freezer as a reserve.

4. Sample Analysis

a. Immunoassay test kits may be used if the manufacturer's published detection limit is one part per billion, (1 ppb) or less. Acceptable test kits include r-iopharm Ridascreen Chloramphenicol enzyme immunoassay kit and the Charm II Chloramphenicol kit. The commissioner may authorize other immunoassay kits with appropriate detection limits of 1 ppb or below to be used. Each sample must be run using the manufacturer's test method. The manufacturer's specified calibration curve must be run with each set. All results 1 ppb or above must be assumed to be chloramphenicol unless further testing by approved GC/LC method indicates the result to be an artifact.

b. HPLC-MS, GC-ECD, GC-MS methods currently approved by FDA, the United States Department of Agriculture or the Canadian Food Inspection Agency with detection limits of 1 ppb or below may also be used.

c. Other methods for sampling, identification, sample preparation, testing and analysis may be used if expressly approved in writing by the commissioner.

5. Any qualified laboratory may perform the testing and analysis of the samples unless the laboratory is located in any geographic area that the commissioner has declared to be a location where chloramphenicol is being used on or found in food producing animals, or in products from such animals. The commissioner shall resolve any questions about whether a laboratory is qualified to perform the testing and analysis.

6. The laboratory that tests and analyzes a sample or samples for chloramphenicol shall certify the test results in writing.

7. A copy of the certified test results along with the written documentation necessary to show the methodology used for the sampling, identification, sample preparation, testing and analysis of each sample shall be sent to and actually received by the department prior to the crab or crabmeat being held for sale, offered or exposed for sale, or sold in Louisiana.

a. The test results and accompanying documentation must contain a test reference number.

b. The certified test results and the accompanying documentation must be in English and contain the name and address of the laboratory and the name and address of a person who may be contacted at the laboratory regarding the testing of the crab or crabmeat.

8. Upon actual receipt by the department of a copy of the certified test results and written documentation required to accompany the certified test results then the crab or crabmeat may be held, offered or exposed for sale, or sold in Louisiana, unless a written stop-sale, hold or removal order is issued by the commissioner.

9. A copy of the test results, including the test reference number, shall either accompany every shipment and be attached to the documentation submitted with every shipment of such crab or crabmeat sent to each location in Louisiana or shall be immediately accessible to the department, upon request, from any such location.

H. Any person who is seeking to bring crab or crabmeat that is required to be sampled and tested under this Section, into Louisiana, or who holds, offers or exposes for sale, or sells such crab or crabmeat in Louisiana shall be responsible for having such crab or crabmeat sampled and tested in accordance with Subsection E. Any such person must, at all times, be in full and complete compliance with all the provisions of this Section.

I. The commissioner may reject the test results for any crab or crabmeat if the commissioner determines that the methodology used in sampling, identifying, sample preparation, testing or analyzing any sample is scientifically deficient so as to render the certified test results unreliable, or if such methodology was not utilized in accordance with, or does not otherwise meet the requirements of this Section.

J. In the event that any certified test results are rejected by the commissioner then any person shipping or holding the crab or crabmeat will be notified immediately of such rejection and issued a stop-sale, hold or removal order by the commissioner. Thereafter, it will be the duty of any such person to abide by such order until the commissioner lifts the order in writing. Any such person may have the crab or crabmeat retested in accordance with this Section and apply for a lifting of the commissioner's order upon a showing that

the provisions of this Section have been complied with and that the crab or crabmeat are certified as being free of chloramphenicol.

K. The department may inspect, and take samples for testing, any crab or crabmeat, of whatever origin, being held, offered or exposed for sale, or sold in Louisiana.

L. A stop-sale, hold or removal order, including a prohibition on disposal, may be placed on any crab or crabmeat that does not meet the requirements of this Section. Any such order shall remain in place until lifted in writing by the commissioner.

M. The department may take physical possession and control of any crab or crabmeat that violate the requirements of this Section if the commissioner finds that the crab or crabmeat presents an imminent peril to the public health, safety and welfare and that issuance of a stop-sale, hold or removal order will not adequately protect the public health, safety and welfare.

N. The commissioner declares that he has information that would lead a reasonable person to believe that chloramphenicol is being used on or found in food producing animals, or in products from such animals, in the following geographic area(s).

1. The geographic area or areas are: the countries of Vietnam, Thailand, Mexico, Malaysia and China.

2. All crab and crabmeat harvested from or produced, processed or packed in any of the above listed geographic areas are hereby declared to be subject to all the provisions of this Section, including sampling and testing provisions.

O. All records and information regarding the distribution, purchase and sale of crabs or crabmeat or any food containing crab or crabmeat shall be maintained for two years and shall be open to inspection by the department.

P. Penalties for any violation of this Section shall be the same as and assessed in accordance with R.S. 3:4624.

Q. The effective date of this Section is March 14, 2003.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:2, 3:3, and 3:4608.

#### **§145. Labeling of Foreign Crab and Crabmeat by Country of Origin**

##### **A. Definitions**

*Crab or Crabmeat* Any crab or crabmeat, whether whole, portioned, processed or shelled and any product containing any crab or crabmeat.

*Foreign Crab or Crabmeat* Any crab or crabmeat, as defined herein that is harvested from or produced, processed or packed in a country other than the United States.

B. All foreign crab or crabmeat, imported, shipped or brought into Louisiana shall indicate the country of origin, except as otherwise provided in this Section.

C. Every package or container that contains foreign crab or crabmeat, shall be marked or labeled in a conspicuous place as legibly, indelibly, and permanently as the nature of the package or container will permit so as to indicate to the ultimate retail purchaser of the crab or crabmeat with the English name of the country of origin.

1. Legibility must be such that the ultimate retail purchaser in the United States is able to find the marking or label easily and read it without strain.

2. Indelibility must be such that the wording will not fade, wash off or otherwise be obliterated by moisture, cold or other adverse factors that such crab or crabmeat are normally subjected to in storage and transportation.

3. Permanency must be such that, in any reasonably foreseeable circumstance, the marking or label shall remain on the container until it reaches the ultimate retail purchaser unless it is deliberately removed. The marking or label must be capable of surviving normal distribution and storing.

D. When foreign crab or crabmeat are combined with domestic crab or crabmeat, or products made from or containing domestic crab or crabmeat, the marking or label on the container or package or the sign included with any display shall clearly show the country of origin of the foreign crab or crabmeat.

E. In any case in which the words "United States," or "American," the letters "U.S.A.," any variation of such words or letters, or the name of any state, city or location in the United States, appear on any container or package containing foreign crab or crabmeat, or any sign advertising such foreign crab or crabmeat for sale, and those words, letters or names may mislead or deceive the ultimate retail purchaser as to the actual country of origin of the crab or crabmeat, then the name of the country of origin preceded by "made in," "product of," or other words of similar meaning shall appear on the marking, label or sign. The wording indicating that the crab or crabmeat is from a country other than the United States shall be placed in close proximity to the words, letters or name that indicates the crab or crabmeat is a product of the United States in a legible, indelible and permanent manner. No provision of this Section is intended to or is to be construed as authorizing the use of the words "United States," "American," or the letters "U.S.A.," or any variation of such words or letters, or the name of any state, city or location in the United States, if such use is deceptive, misleading or prohibited by other federal or state law.

F. Foreign crab or crabmeat shall not have to be marked or labeled with the country of origin if such crab or crabmeat is included as components in a product manufactured in the United States and the crab or crabmeat is substantially transformed in the manufacturing of the final product. But in no event shall thawing, freezing, packing, packaging, re-packing, re-packaging, adding water, portioning, shelling, processing, peeling, partially cooking or combining with domestic crab or crabmeat shall not be considered to be a substantial transformation.

G. The commissioner shall have all the powers granted to him by law, or in accordance with any cooperative endeavor with any other public agency, to enforce this Section, including the issuance of stop-sale, hold or removal orders and the seizing of crab or crabmeat mislabeled or misbranded as to the country of origin.

H. Penalties for any violation of this Section shall be the same as and assessed in accordance with R.S. 3:4624.

(LAC 13:III.101-111)

The Department of Economic Development, Office of Business Development, Louisiana Economic Development Corporation, pursuant to the emergency provision of the Administrative Procedure Act, R.S. 49:953.B., adopts the following Emergency Rule implementing the Louisiana Business Development Program, Subpart 1 of the Economic Development Award Program, as authorized by R. S. 51:2341.B. This Rule is adopted in accordance with the Administrative Procedure Act, R.S. 49:950 et seq., shall become effective June 9, 2003, and shall remain in effect for the maximum period allowed under the Act, or until the adoption of the Rule, whichever first occurs.

The Department of Economic Development, Office of Business Development, Louisiana Economic Development Corporation, has found an immediate need to promote and enhance Louisiana Department of Economic Development's cluster development, the goals of Louisiana: Vision 20/20, Louisiana's long-term master plan for economic development, and related public policy for the introduction, growth and retention of Louisiana businesses by providing funding for defined business projects that fulfill these goals. These Rules are being amended to take advantage of immediate opportunities for business development within Louisiana. Without the emergency adoption of these Rules, such business opportunities may be exported out of Louisiana for development. If such business opportunities are exported outside of Louisiana, the state may lose crucial opportunities for the increase of business investment, development of wealth, production capabilities, quality jobs, diversification of the state's economy, and to improve the standard of living and quality of life of Louisiana's citizens.

Capital Companies Tax Credit Program  
(LAC 10:XV.325)

Editor's Note: This Emergency Rule was received by the Office of the State Register on June 25, 2003. [See R.S. 49:953(B)(1)]

The Department of Economic Development, Office of the Secretary, pursuant to the emergency provision of the Administrative Procedure Act, R.S. 49:953(B), adopts the following amendment to the rules of the Capital Companies Tax Credit Program as authorized by R.S. 51:1929. This Rule is adopted on June 16, 2003 in accordance with the Administrative Procedure Act, R.S. 49:950 et seq., shall become effective June 16, 2003 and shall remain in effect for the maximum period allowed under the Act or until adoption of a permanent Rule, whichever occurs first.

The Department of Economic Development, Office of the Secretary has found an immediate need to provide direction to certified Louisiana capital companies who are seeking investments of certified capital by Requests for Allocation of Tax Credits which are required to be filed by insurance company investors on October 1, 2003. Without these Emergency Rules the public welfare may be harmed as a result of the failure of certified Louisiana capital companies to obtain investments of certified capital from insurance companies, which may result in a reduction of certified capital available to be invested in qualified Louisiana businesses, including qualified Louisiana startup businesses, disadvantaged businesses and qualified Louisiana technology-based businesses.

**§325. Notes Receivable**

A. The provisions of R.S. 22:1068(E)(1)(b) will be satisfied with respect to a note receivable issued by a certified Louisiana capital company or its investment pool to an investing insurance company if:

1. the note receivable has a stated final maturity date of not less than five years from the date on which the certified Louisiana capital company or its investment pool issues the note receivable; and
2. either:
  - a. the note receivable is repaid in a manner which results in the note receivable being fully repaid or otherwise

satisfied in equal amounts over the stated maturity of the note receivable; or

b. the duration of the note receivable is no shorter than the duration of a hypothetical note that:

i. is issued on the same date as the note issued by the certified Louisiana capital company or its investment pool;

ii. has the same maturity date as the note issued by the certified Louisiana capital company or its investment pool;

iii. has a price and yield the same as that of the note issued by the certified Louisiana capital company or its investment pool, calculated in the same manner (i.e. with respect to compounding, 360 vs. 365 day per year calculations, etc.); and

iv. is fully amortized by equal daily payments, which amounts are calculated as follows:

(a). the aggregate of all amounts scheduled to be paid or otherwise credited to the holder of the note receivable issued by the certified Louisiana capital company or its investment pool for the entire term of the note receivable divided by;

(b). the total number of days scheduled to elapse from the date on which the certified Louisiana capital company or its investment pool issues its note receivable through and including the stated maturity date thereof, calculated on a 365 or 360 day year, consistent with the calculation of interest on the note receivable.

B. For purposes of this Section, a note receivable's "duration" shall mean the weighted-average time to receipt of the present value of the amounts used to repay or otherwise satisfy the note receivable obligation. For purposes of this Section, a note receivable's duration shall be calculated in a manner that is typical in the industry for publicly-traded debt instruments.

C. Each certified Louisiana capital company or its investment pool that issues notes to insurance companies other than those described in A.2.a of this Section shall submit to the Office of Financial Institutions, in writing, the duration for each such note issued by it (or one representative note, if all notes are similar except for the face amount) and the duration for the note described in A.2.b of this Section. Each calculation shall show:

1. all information required to make the duration calculation; and

2. all interim worksheets and formulae used in the duration calculation, reasonably sufficient to allow the Office of Financial Institutions to duplicate the calculation. A copy of the actual spreadsheet model used by the certified Louisiana capital company or its investment pool for its duration calculation in a Microsoft Excel software format shall satisfy the requirements of the preceding sentence.

## DECLARATION OF EMERGENCY

### Department of Health and Hospitals Office of the Secretary Bureau of Health Services Financing

#### Adult Denture Program Reimbursement Increase

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgates the following Emergency Rule in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing provides coverage under the Medicaid Program for dentures and denture related services rendered to recipients age 21 years and older. As a result of the allocation of additional funds by the Legislature during the 2000 Second Extraordinary Session, the bureau increased the reimbursement fees for certain designated denture procedures. In addition, the bureau established

requirements for unique identification information to be processed into all new removable dental prosthetics reimbursed under the Medicaid Program (*Louisiana Register, Volume 27, Number 8*). As a result of the allocation of additional funds by the legislature during the 2003 Regular Session, the bureau proposes to promulgate a rule to increase the reimbursement fees for certain denture procedures. This action is being taken to promote the health and welfare of Medicaid recipients by encouraging the participation of more dental providers in the Medicaid Program. It is estimated that implementation of this Emergency Rule will increase expenditures for adult denture services by approximately \$349,709 for state fiscal year 2003-2004.

**Durable Medical Equipment Program  
Vagus Nerve Stimulators  
(LAC 50:XVII.Chapter 5)**

Editor's Note: This Chapter has been moved from Chapter 136 (as published in the March 20, 2003, *Louisiana Register*) to Chapter 5.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopts the following Emergency Rule in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is adopted in accordance with the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing provides coverage for durable medical equipment and supplies under the Medicaid Program. All medical equipment, appliances and supplies must be prior authorized to determine medical necessity. In concurrence with the recommendations of the Medical Practices Committee, the bureau established medical necessity criteria for the prior authorization of vagus nerve stimulators (*Louisiana Register, Volume 27, Number 12*). Vagus nerve stimulators (VNS) are implantable devices used to assist in the control of seizures related to epilepsy. This Emergency Rule is being adopted to continue provisions contained in the December 1, 2001 Rule. This action is being taken in order to protect the health and well being of Medicaid recipients who have epilepsy related seizures and may benefit from use of this medical device.

**Emergency Rule**

Effective July 29, 2003, the Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopts the following criteria for prior authorization of vagus nerve stimulators (VNS) under the Durable Medical Equipment Program. The VNS is an implantable device used to assist in the control of seizures related to epilepsy and must be prescribed by a physician.

**Chapter 5. Vagus Nerve Stimulator**

**§501. Prior Authorization**

A. The Vagus Nerve Stimulator (VNS) is an implantable device used to assist in the control of seizures related to epilepsy and must be prescribed by a physician. Implantation of the VNS device and all related procedures must be authorized by the department based on criteria in §§503-507.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

**HISTORICAL NOTE:** Promulgated by the Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing, LR 29:

### §503. Recipient Criteria

A. Inclusion Criteria. Consideration shall be given for Medicaid reimbursement for implantation of the VNS if the treatment is considered medically necessary and the patient meets all of the following criteria. The patient:

1. has medically intractable epilepsy;
2. is 12 years of age or older, although case-by-case consideration may be given to younger children who meet all other criteria and have sufficient body mass to support the implanted system;
3. has a diagnosis of partial epilepsy confirmed and classified according to the *International League Against Epilepsy* classification. The patient may also have associated generalized seizures, such as tonic, tonic-tonic, or atonic. The VNS may have efficacy in primary generalized epilepsy as well;
4. has seizures that resist control by antiepilepsy treatment, with adequately documented trials of appropriate antiepilepsy drugs or documentation of the patient's inability to tolerate these medications;
5. has undergone surgical evaluation and is not considered to be an optimal candidate for epilepsy surgery;
6. is experiencing at least four to six identifiable partial onset seizures each month. The patient must have had a diagnosis of intractable epilepsy for at least two years. The two-year period may be waived if it is deemed that waiting would be harmful to the patient;
7. has undergone Quality of Life (QOL) measurements. The choice of instruments used for the QOL must assess quantifiable measures of day to day life in addition to the occurrence of seizures. In the expert opinion of the treating physician, and clearly documented in the request for prior authorization, there must be reason to believe that QOL will improve as a result of the VNS implant. This improvement should be in addition to the benefit of seizure frequency reduction.

B. Exclusion Criteria. Regardless of the provisions of §503.A, authorization for implantation of a VNS shall not be given if the patient meets one or more of the following criteria. The patient:

1. has psychogenic seizures or other nonepileptic seizures; or
2. has systemic or localized infections that could infect the implanted system; or
3. has a body mass that is insufficient to support the implanted system; or
4. has a progressive disorder that is a contraindication to VNS implantation. Examples are malignant brain neoplasm, Rasmussen's encephalitis, Landau-Kleffner Syndrome and progressive metabolic and degenerative disorders. Progressive disorders, psychosis, or mental retardation that are not contraindications to VNS implantation are not exclusion criteria. Taking into consideration the additional diagnosis, the treating physician must document the benefits of the VNS.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing, LR 29:

### §505. Programming the Vagus Nerve Stimulator

A. The programming of the VNS stimulator must be performed by the neurosurgeon who performed the implant

procedure or by a licensed neurologist. Programming subsequent to the first three times may be subject to post authorization review for medical necessity prior to payment of the claim. Authorization for payment will only be considered when there is documented clinical evidence to show that the recipient has experienced seizures since previous programming attempts. Payment for the programming procedure will only be authorized when it is performed as an attempt to reduce or prevent future episodes of seizures.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

Dental Program Reimbursement  
(LAC 50:XV.6903)

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing hereby amends LAC 50:XV.6903 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing provides reimbursement for Early and Periodic Screening, Diagnosis and Treatment (EPSDT) dental services under the Medicaid Program. Reimbursement for these services is a flat fee established by the bureau minus the amount that any third party coverage would pay. The allocation of additional funds during the 2002 Legislative Regular Session allowed the bureau to increase the reimbursement rates for certain designated dental procedures (*Louisiana Register, Volume 28, Number 12*). As

a result of the allocation of additional funds by the Legislature during the 2003 Regular Session, the bureau proposes to promulgate a Rule to increase the reimbursement fees for certain dental procedures. This action is being taken to promote the health and welfare of Medicaid recipients and to maintain access to EPSDT dental services by encouraging the continued participation of dental providers in the Medicaid Program. It is estimated that implementation of this Emergency Rule will increase expenditures for EPSDT dental services by approximately \$1,561,642 for state fiscal year 2003-2004.

## DECLARATION OF EMERGENCY

### Department of Health and Hospitals Office of the Secretary Bureau of Health Services Financing

Early and Periodic Screening, Diagnosis and Treatment Program  
Early Intervention Services for Infants and Toddlers with Disabilities  
(LAC 50:XV.Chapter 81)

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgates the following emergency rule in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the Administrative Procedure Act, R.S. 49:953(B)(1) et seq. and shall be in effect for the maximum period allowed under the Act or until adoption of the Rule, whichever occurs first.

Congress enacted the Individuals with Disabilities Education Act (IDEA) Amendments of 1997 to ensure the availability of appropriate public education and related services and supports to children with disabilities and their families. Part C of IDEA addresses the special needs of young children through the provision of financial assistance to States to implement and maintain a statewide, comprehensive, coordinated, multi-disciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families [34 CFR 303.1(a)].

Louisiana's early intervention system under Part C of IDEA, is a comprehensive, coordinated, family centered system of educational and health services for infants and toddlers age birth to age three who have a physical or mental condition that has a significant possibility of resulting in a developmental disability. The system also serves infants and toddlers who do not have a medical condition, but have been determined to be delayed in cognitive, physical, communication, social/emotional or adaptive development. Presently, the Department of Education serves as the lead agency responsible for administering Part C of Idea. However, the Governor has mandated the transfer of Part C from the Department of Education, Division of Special Populations to the Department of Health and Hospitals, Office of Public Health. In conjunction with the transfer of Part C, the Bureau of Health Services Financing proposes to establish early intervention services for infants and toddlers with disabilities under the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program. Medicaid covered early intervention services will include physical therapy, occupational therapy, speech therapy, audiology services, psychological services and targeted case management. These individual services are currently furnished to Medicaid recipients through the outpatient hospital, home health, EPSDT health services, rehabilitation center, and targeted case management service programs. The individual services will continue to be covered through these service programs.

This action is necessary to promote the health and welfare of Medicaid eligible infants and toddlers with disabilities by enhancing the availability of early intervention services and to avoid possible federal sanctions. It is anticipated that implementation of this Emergency Rule will increase

program expenditures by approximately \$10,800,297 for state fiscal year 2003-2004.

Effective July 7, 2003, the Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing establishes early intervention services for infants and toddlers with disabilities under the Medicaid Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program in conjunction with the transfer of Part C of the Individuals with Disabilities Education Act.

Out-of-State Hospitals  
Inpatient Services  
Reimbursement Reduction

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgates the following Emergency Rule under the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act and as directed by the 2002-2003 General Appropriation Act, which states: "The Secretary shall implement reductions in the Medicaid program as necessary to control expenditures to the level approved in this schedule. The secretary is hereby directed to utilize various cost containment measures to accomplish these reductions, including but not limited to pre-certification, pre-admission screening, and utilization review, and other measures as allowed by federal law." This Emergency Rule is promulgated in accordance with the Administrative Procedure Act, R.S. 49:950 et seq., and shall be in effect for the maximum period allowed under the Administrative Procedure Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgated a Rule in January of 1996 which established the reimbursement methodology for inpatient hospital services provided in out-of-state hospitals at the lower of 50 percent of billed charges or the Medicaid per diem rate of the state wherein the services were provided (*Louisiana Register, Volume 22, Number 1*). This Rule was subsequently amended in September of 1997 to increase the reimbursement to 72 percent of billed charges for inpatient services provided in out-of-state hospitals to recipients up to age 21 (*Louisiana Register, Volume 23, Number 9*).

As a result of a budgetary shortfall, the bureau amended the reimbursement methodology contained in the January 1996 and September 1997 rules for out-of-state hospitals that provided at least 500 inpatient hospital days in state

fiscal year 1999 to Louisiana Medicaid recipients and were located in border cities. The reimbursement is established at the lesser of each hospital's actual cost per day as calculated from the 1998 filed Medicaid cost report or the Mississippi Medicaid per diem rate. The actual cost per day is calculated by dividing total Medicaid inpatient cost by total Medicaid inpatient days, including nursery days. This reimbursement methodology is applicable for all Louisiana Medicaid recipients who received inpatient services in an out-of-state hospital located in a border city, including those recipients up to the age of 21 (*Louisiana Register, Volume 26, Number 12*).

As a result of a budgetary shortfall, the bureau reduced the reimbursement for inpatient services provided in out-of-state hospitals. In addition, the bureau amended the reimbursement for children's hospitals located in states bordering Louisiana (*Louisiana Register, Volume 29, Number 4*). This Emergency Rule is promulgated to continue the provisions of the April 1, 2003 Emergency Rule. This action is necessary in order to avoid a budget deficit in the medical assistance programs.

#### **Emergency Rule**

Effective for dates of service on or after July 31, 2003, the Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing amends the January 1996 and September 1997 Rules governing the reimbursement methodology for inpatient services provided in out-of-state hospitals. Reimbursement shall be established at the lower of 40 percent of billed charges or the Medicaid per diem rate of the state wherein the services are provided for recipients age twenty-one and older and the lower of 60 percent of billed charges or the Medicaid per diem rate of the state wherein the services are provided for recipients under the age of 21. Hospitals designated as children's hospitals that are located in states that border Louisiana shall be reimbursed at the lower of the Medicaid per diem rate of the state wherein the services are provided or the Louisiana children's hospital Medicaid peer group rate. Neonatal intensive care unit services, pediatric intensive care unit services, and burn unit services provided in these children's hospitals shall be paid the Louisiana peer group rate for the qualifying level of service documented by the hospital. The hospital stay and the level of service shall be authorized by the bureau.

Out-of-state hospitals that provided at least 500 inpatient hospital days in State Fiscal Year 1999 and are located in border cities (cities located within a 50 mile trade area of the Louisiana state border) will continue to be reimbursed at the lesser of each hospital's actual cost per day (based on the 1998 filed cost report) or the Medicaid per diem rate of the state wherein the services are provided. This reimbursement methodology is applicable for all Louisiana Medicaid recipients who receive inpatient services in an out-of-state hospital located in a border city, including those recipients up to the age of 21.

Implementation of the provisions of this Rule shall be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services.

Rehabilitation Services  
Reimbursement Fee Increase

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgates the following Emergency Rule in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing provides coverage and reimbursement for rehabilitation services under the Medicaid Program. Rehabilitation services include physical, occupational and speech therapies. Reimbursement is available for these services through outpatient hospital, home health, rehabilitation center and Early and Periodic Screening, Diagnosis and Treatment (EPSDT) health services. The bureau also adopted a Rule establishing the reimbursement methodology for rehabilitation services rendered in rehabilitation centers and outpatient hospital settings in June of 1997 (*Louisiana Register, Volume 23, Number 6*). The bureau adopted a subsequent Rule in May of 2001 to establish the reimbursement methodology for rehabilitation services rendered by home health agencies (*Louisiana Register, Volume 27, Number 5*). Reimbursement for these services is a flat fee established by the bureau minus the amount that any third party coverage would pay.

Act 13 of the 2002 Regular Session of the Louisiana Legislature directed the department to increase the reimbursement for physical therapy, occupational therapy, and speech/language and hearing therapy services provided to children under three years of age. In compliance with the Appropriation Bill and as a result of the allocation of additional funds by the Legislature, the bureau promulgated an Emergency Rule that increased the reimbursement rates for rehabilitation services provided to Medicaid recipients up to the age of three, regardless of the type of provider performing the services (*Louisiana Register, Volume 28, Number 7*). The bureau increased the reimbursement for additional rehabilitation services provided by outpatient hospitals and home health agencies (*Louisiana Register, Volume 29, Number 4*). This Emergency Rule is being promulgated to continue provisions contained in the April 21, 2000 Rule. This action is being taken to protect the health and welfare of Medicaid recipients under the age of three and to ensure access to rehabilitation services by encouraging the participation of rehabilitation providers in the Medicaid Program.

Effective for dates of service on or after April 21, 2003, the Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing amends the

June 20, 1997 and May 20, 2001 Rules governing the reimbursement methodology for rehabilitation services provided by outpatient hospitals and home health agencies to increase the reimbursement rates for rehabilitation services provided to Medicaid recipients up to the age of 3. **DECLARATION OF EMERGENCY**

**Department of Health and Hospitals  
Office of the Secretary  
Bureau of Health Services Financing**

State Hospitals  
Reimbursement Methodology  
Upper Payment Limit

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgates the following Emergency Rule in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the Administrative Procedure Act, R.S. 49:953(B)(1) et seq. and shall be in effect for the maximum period allowed under the Act or until adoption of the Rule, whichever occurs first.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopted a

Rule in July of 1983 which established a reimbursement methodology for inpatient services provided in acute care hospitals (*Louisiana Register, Volume 9, Number 7*). Inpatient hospital services were reimbursed in accordance with the Medicare reimbursement principles with a target rate set based on the cost per discharge for each hospital, except that the base year to be used in determining the target rate was the fiscal year ending on September 30, 1981 through September 29, 1982. In a rule adopted in October of 1984 (*Louisiana Register, Volume 10, Number 10*), separate per diem limitations were established for neonatal and pediatric intensive care and burn units using the same base period as the target rate per discharge calculation. A Rule was adopted in October 1992, which provided that inpatient hospital services to children under one year of age shall be reimbursed as pass-through costs and shall not be subject to per discharge or per diem limits applied to other inpatient hospital services.

In compliance with House Bill 1 of the 2003 Louisiana Legislative Session, the bureau has determined that it is necessary to promulgate an Emergency Rule to utilize the upper payment limit for state government-owned or operated hospitals as set forth in the 42 CFR §447.272(b) and §447.321(b). 42 CFR §447.272(b) and §447.321(b) states as follows: "General Rules C(1) Upper payment limit refers to a reasonable estimate of the amount that would be paid for the services furnished by the group of facilities under Medicare payment principles in Subchapter B of this Chapter." This action is being taken to enhance federal revenues in the Medicaid Program. It is estimated that implementation of this Emergency Rule will increase expenditures for services by approximately \$35,000,000 for state fiscal year 2003-2004.

#### **Emergency Rule**

Effective July 3, 2003, the Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing will utilize the upper payment limit for state government-owned or operated hospitals as set forth in the 42 CFR §447.272(b) and §447.321(b). The hospital payment differential for any year shall be the difference between the upper limit of aggregate payments to state government-owned or operated hospitals, as defined in the 42 CFR §447.272(a)(1) and §447.321(a)(1), and the aggregate Medicaid reimbursement paid to these hospitals for the year.

Implementation of the provisions of this Rule shall be delayed until July 27, 2003 and shall be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services.

Interested persons may submit written comments to the Ben A. Bearden at Bureau of Health Services Financing, P.O. Box 91030, Baton Rouge, LA 70821-9030. Child Care Assistance Program Increased Activity  
Hours and Adjustment of Agency Payments  
(LAC 67:III.5103 and 5109)

The Department of Social Services, Office of Family Support, has exercised the emergency provision of the Administrative Procedure Act, R.S. 49:953(B) to amend LAC 67:III, Subpart 12, effective July 30, 2003. This Rule shall remain in effect for a period of 120 days. This declaration is necessary to extend the original Emergency Rule of April 1, 2003, since it is effective for a maximum of 120 days and will expire before the final Rule takes effect. The final Rule will be published in September 2003.

The number of low-income participants served by the Child Care Assistance Program (CCAP) has increased dramatically and the cost of servicing these customers has increased proportionately. Therefore, to ensure that continued CCAP services are available and in order to avoid severe budget deficits and the abrupt closure of the entire Child Care Assistance Program (CCAP), the agency shall decrease the percentage of child care cost paid for by the agency and increase the number of required activity hours for parents receiving low-income child care. Failure to effect these changes may jeopardize the safety and well being of the children served through CCAP and result in job loss for some parents who may be forced to quit working because of lack of child care.

## DECLARATION OF EMERGENCY

### Department of Social Services Office of Family Support

Community Supervision Program (LAC 67:III.5573)

The Department of Social Services, Office of Family Support, has exercised the emergency provision of R.S. 49:953(B), the Administrative Procedure Act, to adopt §5573, Community Supervision Program (CSP) effective June 17, 2003. This Emergency Rule will remain in effect for a period of 120 days.

Under the provisions of the Temporary Assistance to Needy Families (TANF) Block Grant, a state may expend its Maintenance of Effort (MOE) funds on a variety of services, benefits and supports that help families become self-sufficient. To effectuate the use of its MOE funds in accordance with federal and state regulations, the Office of Family Support will provide funds to the Department of Public Safety and Corrections (DPSC), Office of Youth Development (OYD), to implement and administer the Community Supervision Program, a program intended to further goals and intentions of the federal TANF Block Grant. Emergency rulemaking is necessary as failure to meet MOE funding requirements in accordance with TANF regulations could result in the loss of these monies. This could cause severe federal penalties or sanctions to be imposed, or the loss of TANF Block Grant funds resulting in a decrease or termination of services.

#### Title 67

#### SOCIAL SERVICES

#### Part III. Family Support

#### Subpart 15. Temporary Assistance to Needy Families (TANF) Initiatives

#### Chapter 55. TANF Initiatives

#### §5573. Community Supervision Program

OFS shall enter into a Memorandum of Understanding (MOU) with the Department of Public Safety and Corrections (DPSC), Office of Youth Development (OYD), to provide services to youth and their families as a result of an adjudication and disposition by a court that orders DPSC/OYD to supervise youth in their communities in an effort to prevent removal from the home.

B. OYD/CSP will complete an intake/assessment and develop a case plan for addressing the needs of the youth. The case plan will contain goals for all need areas and when indicated, include referrals to community programs for both youth and parents. These referrals may include but are not limited to:

1. case management, counseling, and in-home services;
2. parenting education and training, either in-home or out-of-home;
3. diagnostic and evaluation services provided in an attempt to make the most appropriate out-of-home placement;
4. supervision or non-residential programs for youth who remain in the home.

C. The agency will identify eligibility retroactive to October 1, 2002.

D. These services meet the TANF goal to provide assistance to needy families so that children may be cared

E. Financial eligibility for those services attributable to TANF/Maintenance of Effort (MOE) funds is limited to eligible families, which include a minor child living with a custodial parent, an adult caretaker relative, or a legal guardian. Matching Grants Program  
(LAC 19:VII.Chapter 79)

The Department of Economic Development, Office of Business Development, Economic Development Corporation, pursuant to the authority of R.S. 51:2312 and in accordance with the Administrative Procedure Act, R.S. 49:950, et seq., has adopted the following Rules for the Louisiana Matching Grants Program. The purpose of the Rules is to establish a program to leverage state and local funding in order to maximize matching funds from federal and other grants. The program is set up to assist qualified Louisiana businesses, minority-owned businesses, high-growth potential businesses, women-owned businesses, small business enterprises and disabled persons' business enterprises as a result of the grant. LEDC will provide a portion of the match required for these grants. There are federal and private grants available for local governments to access. However, many local governments do not have sufficient funds available to fund the required matches for the grants. In order to give more local governments access to these grants LEDC has adopted the matching grant program to provide some of the match required. This program provides funding that is not available in the private sector or from any other public sector entity.

BESE Test Security Policy and Louisiana Educational Assessment Program Erasure Analysis Procedures  
(LAC 28:I.901)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, the Board of Elementary and Secondary Education has amended Bulletin 741, Louisiana Handbook for School Administrators, referenced in LAC 28:I.901.A, promulgated by the Board of Elementary and Secondary Education in LR 1:483 (November 1975). The BESE Test Security Policy was changed to clarify procedures for security of electronic test data and procedures for erasure analysis. Test scores from the Louisiana Educational Assessment Program are included in school and district accountability. Student level data is now available to districts and schools electronically through the LDE website. The security of this data is critical. The erasure analysis procedures identify tests that have excessive wrong-to-right erasures indicating a testing irregularity.

Permission for testing in environments that differ from the usual classroom environment must be obtained in writing from the Louisiana Department of Education, Division of Standards and Assessments, at least 30 days prior to testing. If testing outside the usual classroom environment is approved by the Division of Student Standards and Assessments, the LEA must provide at least one proctor for every 30 students.

Anyone known to be involved in the presentation of forged, counterfeit, or altered identification for the purposes of obtaining admission to a test administration site for any test administered by or through the State Board of Elementary and Secondary Education or the Louisiana Department of Education shall have breached test security. Any individual who knowingly causes or allows the presentation of forged, counterfeited, or altered identification for the purpose of obtaining admission to any test administration site must forfeit all test scores but will be allowed to retake the test at the next test administration.

16. School districts must ensure that individual student test data are protected from unauthorized access and disclosure. District test coordinators, principals, school test coordinators and other authorized users of the LEAP<sub>web</sub> Reporting System and LEAP<sub>data</sub> System must ensure the security of passwords, any disks or CDs with downloaded individual student test data, and student-level test data open on a computer screen. All users must sign a statement guaranteeing they will not share the password with unauthorized individuals and maintain the confidentiality of student data. A copy of the signed statement should be sent to the district test coordinator to be kept on file. Users who have access to these systems and leave their positions at a district or school site must not use or share the password. District test coordinators are responsible for providing training regarding the security and confidentiality of individual student test data (in paper and electronic format) and of aggregated data of fewer than ten students.

17. Louisiana Department of Education staff will conduct site visits during testing to observe test administration procedures and to ensure that appropriate test security procedures are being followed. Schools with prior violations of test security or other testing irregularities will be identified for visits. Other schools will be randomly selected.

18. Any teachers or other school personnel who breach test security or allow breaches in test security shall be disciplined in accordance with the provisions of R.S. 17:416 et seq., R.S. 17:441 et seq., R.S. 17:81.6 et seq., policy and regulations adopted by the Board of Elementary and Secondary Education, and any and all laws that may be enacted by the Louisiana Legislature.

#### **Louisiana Educational Assessment Program Erasure Analysis Procedures**

In order to investigate erasures on student answer documents for the multiple-choice portions of the state criterion-referenced and norm-referenced testing programs, the State Board of Elementary and Secondary Education and the State Department of Education have developed the following procedures.

1. The scoring contractor will scan every answer document for wrong-to-right erasures, and the state average and standard deviation will be computed for each subject at each grade level.

2. Students whose wrong-to-right erasures exceed the state average by more than four standard deviations will be identified for further investigation. For each student with excessive erasures, the proportion of wrong-to-right erasures to the total number of erasures will be considered.

3. Based on the criteria for excessive wrong-to-right erasures, the scoring contractor will produce the following reports:

- District/School Erasure Analysis Report (three copies, sorted by district).
- *Student Erasure Analysis Report* for students identified as having excessive wrong-to-right erasures. This report contains student demographic information, an item-by-item analysis of wrong-to-right erasures, and a statement showing that the student exceeded the four-standard-deviation criterion.
- The scoring contractor will maintain answer documents for the students exceeding the four-standard-deviation criterion, sorted by district/school. The answer documents will be available for review upon request.

4. Upon receipt of the *Erasure Analysis Reports*, LDE staff will notify the State Superintendent of Education regarding which schools have been identified.

5. The correspondence from the State Superintendent of Education to the local superintendent will state that students have been identified as having excessive wrong-to-right erasures. Based on the number of erasures found, scores for students exceeding the four-standard-deviation criterion will be voided. The individual student reports from the testing program will reflect the voided scores. In the aggregation of scores at the school, district, and state levels, each voided score will have the effect of a zero score. Included with the correspondence will be the following documentation:

- District/School Erasure Analysis Report
- Student Erasure Analysis Reports

Copies of this correspondence will be provided to the Deputy Superintendent of Education, the Assistant Superintendent of the Office of Student and School Performance, the Director of the Division of Student Standards and Assessments, and the local district test coordinator.

6. When the correspondence is mailed, the local superintendent will be advised to investigate the case of the irregularity and provide a written plan of action to the State Superintendent of Education within 30 calendar days.

7. A roster of schools will be generated where students have been identified with wrong-to-right erasures greater than three standard deviations above the state average, but less than or equal to four standard deviations above the state average of wrong-to-right erasures. These student scores will not be voided; however, the local superintendent will be advised to investigate the case of the irregularity and provide a written plan of action to the State Superintendent of Education within 30 calendar days.

8. A summary report of erasure analysis irregularities will be presented to the Louisiana Educational Assessment

Testing Commission and the Board of Elementary and Secondary Education after each LEAP test administration.

Bulletin 746 Louisiana Standards for State Certification of School Personnel Primary and Secondary Teaching Focus Areas for Grades 7-12 Certification (LAC 28:I.903)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, the Board of Elementary and Secondary Education has amended Bulletin 746, *Louisiana Standards for State Certification of School Personnel*, referenced in LAC 28:I.903.A. This policy revises certification titles for secondary (7-12) primary and secondary teaching focus areas to reflect the update of vocational categories to career and technical categories. This policy also provides an option for a single primary focus of social studies in secondary teacher education undergraduate programs, using the full 50 hours allowed for both the primary and the secondary teaching focus area in other programs. The change of vocational education categories to career and technical categories necessitates a revision in the certification titles used in Louisiana. The single teaching focus for social studies undergraduate programs will allow for the full breadth of knowledge needed, with coursework to be distributed across civics/government, history (world, American, Louisiana), economics, and geography (physical and cultural systems).

No students should be accepted into the "old" post-baccalaureate alternate certification program after Spring Semester 2003. Candidates already in the "old" alternative certification program would be given until August 2006 to complete their programs.

Bulletin 746 Louisiana Standards for State Certification of School Personnel Policy for Allowing the State to Act as a Private Provider for Alternate Certification (LAC 28:I:903)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, the Board of Elementary and Secondary Education has amended Bulletin 746, *Louisiana Standards for State Certification of School Personnel*, referenced in LAC 28:I.903.A. This policy sets conditions under which the Teacher Certification and Higher Education section of the Division of Teacher Standards, Assessment and Certification of the Louisiana Department of Education may act as a private provider for alternate certification of teacher education candidates. By providing options for individuals who meet the stated criteria, the state would provide timely solutions to problems that impede candidates' completion of alternate programs, thus facilitating the certification efforts of those candidates.

### **Application for Certificates Louisiana Applicants**

An applicant, in order to be eligible for initial certification, shall do his work in teacher education programs approved by the State Board of Elementary and Secondary Education for the education of teachers. Therefore, institutions\* engaged in the preparation of teachers are to provide recommendations for certification of their students. Other institutional\* provider services shall include the following:

1. initial processing of the certificate application;
2. processing an official transcript;
3. providing an original NTE/PRAXIS score report, if score has not been electronically transmitted to the State Department of Education by Educational Testing Service;
4. submitting a Professional Conduct Form; and
5. transmitting the application packet and official transcript to the Office of Teacher Certification and Higher Education in the State Department of Education.

The application shall include the following:

1. the signature of the dean of education, or the head of the unit that administers the approved teacher education curriculum, certifying that the applicant has graduated from or has completed an approved curriculum in teacher education. For an undergraduate secondary teacher education program, the application for certification must also bear the signature of the dean or head of the unit offering each of the certification area subjects in an institution of higher education;

2. the signature of the registrar certifying that the applicant has attained a scholastic standing that is acceptable for graduation from the institution. The transcript on which a certificate is based becomes the property of the state and must be kept in the files of the State Department of Education. No certificate for teaching in Louisiana may be issued to any person whose license has been revoked in any other state.

The issuance of regular certificates authorizing the holder to teach in the elementary and secondary schools of Louisiana is based upon the completion of an approved teacher education program for the type of certification sought. One expecting to be certified as a teacher should attend a college or university\* with an approved program.

Colleges and universities\* may recommend for certification only those who have completed all requirements of an approved teacher education program at the institution.

\*For the Practitioner Teacher alternate teacher certification program only, private providers approved by the state may offer a program leading to the certification of teachers.

\*The state may act as a private provider under conditions approved by the Board of Elementary and Secondary Education.

### **New Certification Structure Recommended Changes Mandatory July 2002**

The universities\* must recommend that teachers be issued Level 1 Teaching Certificates when they have met state

certification requirements. The universities\* will be held accountable for the success of the teachers that they recommend for certification.

This would eliminate the need for the Louisiana Department of Education to count hours on transcripts and allow the department to become more involved in providing support to universities\* to improve the quality of teacher preparation programs. (Note: The Louisiana Department of Education would still continue to review transcripts and issue certificates to out-of-state teachers.)

This change in the certification structure will allow teachers to develop more content knowledge in the grade levels in which they are expected to teach and provide them with more flexible hours to add special education and other grade levels to their certification areas. This would allow new teachers to be certified in one or two areas when completing a 124-credit-hour undergraduate degree program.

All new teachers will be required to receive mentoring during the first year of the Louisiana Teacher Assistance and Assessment Program. New teachers will undergo the assessment during the second year.

All teachers will be required to pass teacher assessment and teach for a total of three years before being issued a Level 2 teaching certificate.

All teachers holding Level 2 and Level 3 certificates will be required to undergo a predetermined amount of professional development during a five-year time period in order to have their teaching certificates renewed for five years. The Blue Ribbon Commission on Teacher Quality will develop the details for the professional development system during the 2000-2002 school years.

\*For the Practitioner Teacher alternate teacher certification program only, private providers approved by the state may offer a program leading to the certification of teachers.

\*The state may act as a private provider under conditions approved by the Board of Elementary and Secondary Education.

B. In resolving a complaint in which it has found a failure to provide appropriate services, the SDE, pursuant to its general supervisory authority, must address:

1. how to remediate the denial of those services, including as appropriate, the awarding of monetary reimbursement or other corrective action appropriate to the needs of the child; and

2. appropriate future provision of services for all children with disabilities.

Motiva Enterprises Delisting Petition  
(LAC 33:V.Chapter 49)(HW079P)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary has amended the Hazardous Waste regulations, LAC 33:V.Chapter 49.Appendix E (Log #HW079P).

Motiva Enterprises LLC petitioned to exclude from the hazardous waste regulations (delist) residual solids resulting

from the thermal desorption recycling of oil-bearing secondary materials at the Norco Oil Recovery Facility in Norco, Louisiana. LAC 33:V.105.M allows a hazardous waste generator to petition the department for this kind of rulemaking when a listed hazardous waste does not meet any of the criteria that justified the original listing. Based on extensive testing, the department has determined that the nature of this material does not warrant retaining this material as a hazardous waste. The basis and rationale for this Rule are to grant the delisting petition based on the supporting documentation submitted by Motiva Enterprises of Norco, Louisiana.

Motiva Enterprises LLC	Norco, LA
Waste Description	
Residual solids, at a maximum annual generation rate of 10,000 cubic yards per year (7,500 tons/year), are generated from the thermal desorption recycling of oil-bearing secondary materials resulting from petroleum processing operations, which are classified as newly generated EPA Hazardous Waste Number F037, petroleum refinery primary oil/water/solids separation sludge (effective February 8, 1999, per the updated definition promulgated on August 6, 1998, and the corrected definition dated June 8, 2000). For the purpose of this exclusion, oil-bearing hazardous secondary materials resulting from petroleum refining operations include EPA Hazardous Waste Numbers K048-K052, K169-K170, F037, and F038. The constituents of concern for F037 waste are listed as hexavalent chromium, lead, benzene, benzo(a)pyrene, and chrysene (see LAC 33:V.4901). Motiva must implement a testing and management program that meets the following conditions for the exclusion to be valid.	
(1). Testing Sample collection and analyses, including quality control (QC) procedures, must be performed according to methodologies described in "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods," EPA Publication Number SW-846, as incorporated by reference in LAC 33:V.110.	
(1)(A). Inorganic Testing During the first 12 months of this exclusion, Motiva must collect and analyze a monthly composite sample of the residual solids. Composite samples must be composed of a minimum of two representative grab samples from each operating day during a representative week of operation. The samples must be analyzed for the constituents listed in condition (3)(A) prior to disposal of the residual solids. Motiva must report to the department the unit operating conditions and analytical data (reported in milligrams per liter) for antimony, arsenic, barium, chromium, lead, mercury, nickel, selenium, silver, vanadium, and zinc, including quality control information. If the department and Motiva concur that the analytical results obtained during the 12 monthly testing periods have been significantly below the delisting levels in condition (3)(A), then Motiva may replace the inorganic testing required in condition (1)(A) with the inorganic testing required in condition (1)(B). Condition (1)(A) shall remain effective until this concurrence is reached.	

(1)(B). Subsequent Inorganic Testing  
 Following concurrence by the department, Motiva may substitute the following testing conditions for those in condition (1)(A). Motiva must continue to monitor operating conditions and analyze quarterly composite samples representative of normal operations. The samples must be composed of representative grab samples from each operating day during a representative week of operation, during the first month of each quarterly period. These quarterly representative composite samples must be analyzed for the constituents listed in condition (3)(A) prior to disposal of the residual solids. If delisting levels for any inorganic constituents listed in condition (3)(A) are exceeded in the quarterly sample, Motiva must re-institute testing as required in condition (1)(A). Motiva may, at its discretion, analyze composite samples gathered more frequently to demonstrate that smaller batches of waste are nonhazardous.

(1)(C). Organic Testing  
 During the first 12 months of this exclusion, Motiva must collect and analyze two monthly grab samples of the residual solids. These two representative grab samples should be collected on different operating days during a representative week of operation. The samples must be analyzed for the constituents listed in condition (3)(B) prior to disposal of the residual solids. Motiva must report to the department the unit operating conditions and analytical data (reported in milligrams per liter) for anthracene, benzene, toluene, xylenes, carbon disulfide, chrysene, naphthalene, and pyrene, including quality control information. If the department and Motiva concur that the analytical results obtained during the 12 monthly testing periods have been significantly below the delisting levels in condition (3)(B), then Motiva may replace the organic testing required in condition (1)(C) with the organic testing required in condition (1)(D). Condition (1)(C) shall remain effective until this concurrence is reached.

(1)(D). Subsequent Organic Testing  
 Following concurrence by the department, Motiva may substitute the following testing conditions for those in condition (1)(C). Motiva must continue to monitor operating conditions and analyze two annual grab samples representative of normal operations. The samples must be representative grab samples from different operating days during a representative week of operation, during the first month of each annual period. These annual representative grab samples must be analyzed for the constituents listed in condition (3)(B) prior to disposal of the residual solids. If delisting levels for any organic constituents listed in condition (3)(B) are exceeded in the annual sample, Motiva must re-institute testing as required in condition (1)(C). Motiva may, at its discretion, analyze grab samples gathered more frequently to demonstrate that smaller batches of waste are nonhazardous.

(2). Waste Holding and Handling  
 Motiva must store as hazardous wastes all residual solids generated until each batch has completed verification testing, as specified in conditions (1)(A)-(1)(D), and has satisfied the delisting criteria, as specified in condition (3). If the levels of constituents in the samples of residual solids are below all of the applicable levels set forth in condition (3), then the residual solids thereby become nonhazardous solid wastes and may be managed and disposed of in accordance with all applicable solid waste regulations. If hazardous constituent levels in any monthly composite or other representative sample equal or exceed any of the delisting levels set in condition (3), the residual solids generated during the corresponding period must be retreated and/or stabilized as allowed below until the residual solids meet the delisting levels, or managed and disposed of in accordance with Subtitle C of RCRA. If the residual solids contain leachable inorganic concentrations at or above the delisting levels set forth in condition (3)(A), then Motiva may stabilize the material with Type 1 portland cement and/or hydrated lime as demonstrated in the petition to immobilize the metals. Following stabilization, Motiva must repeat analyses in condition (3)(A) prior to disposal.

(3). Delisting Levels  
 Concentrations in conditions (3)(A) and (3)(B) must be measured in the extract from the samples by the method specified in LAC 33:V.4903.E. All leachable concentrations in the extract must be less than the following levels (all units are milligrams per liter).

(3)(A). Inorganic Constituents  
 Antimony 0.50; Arsenic 0.50; Barium 50.0; Chromium 0.50; Lead 0.50; Mercury 0.05; Nickel 5.0; Selenium 1.0; Silver 0.5; Vanadium 1.6; Zinc - 50.0.

(3)(B). Organic Constituents  
 Anthracene 0.20; Benzene 0.10; Carbon disulfide 4.8; Chrysene 0.05; Naphthalene 0.05; Pyrene 0.05; Toluene 0.10; Xylenes 0.10.

(4). Changes in Operating Conditions  
 If Motiva significantly changes the operating conditions specified in the petition, Motiva must notify the department in writing. Following receipt of written approval by the department, Motiva must re-institute the testing required in conditions (1)(A) and (1)(C) for a minimum of four months. Motiva must report unit operating conditions and test data required by conditions (1)(A) and (1)(C), including quality control data, obtained during this period no later than 60 days after the changes take place. Following written notification by the department, Motiva may replace testing conditions (1)(A) and (1)(C) with (1)(B) and (1)(D). Motiva must fulfill all other requirements in condition (1).

(4)(A). Processing Equipment  
 Motiva may elect to change thermal desorption processing equipment based on operational performance and economic considerations. In the event that Motiva changes operating equipment, i.e., generic thermal desorption units, Motiva must re-institute processing and initiate testing required in conditions (1)(A) and (1)(C) for a minimum of four months. Motiva must report unit operating conditions and test data required in conditions (1)(A) and (1)(C), including quality control data, obtained during this period, no later than 60 days after the changes take place. Following written notification by the department, Motiva may replace testing conditions (1)(A) and (1)(C) with (1)(B) and (1)(D). Motiva must fulfill all other requirements in condition (1).

(4)(B). Batch Processing  
 Motiva may periodically elect to change operating conditions to accommodate batch processing of single-event waste generations. In the event that Motiva initiates batch processing and changes the operating conditions established under condition (1), Motiva must re-institute the testing required in conditions (1)(A) and (1)(C) during such batch processing events, monitor unit operating conditions, and perform testing required by conditions (1)(A) and (1)(C), as appropriate. Following the completion of batch processing operations, Motiva must return to the operating conditions applicable prior to initiation of the batch processing and may return to the testing conditions that were applicable prior to the initiation of the batch processing activities.

(5). Data Submittal  
 Motiva must notify the department, in writing, at least two weeks prior to initiating condition (1)(A). All data obtained to fulfill condition (1) must be submitted to the Assistant Secretary of the Office of Environmental Services, LDEQ, 7290 Bluebonnet Blvd, Baton Rouge, LA 70810, within 60 days after each sampling event. Records of operating conditions and analytical data from condition (1) must be compiled, summarized, and maintained on-site for a minimum of three years. These records and data must be furnished upon request by the department and made available for inspection. Failure to submit the required data within the specified time period or failure to maintain the required records on-site for the specified time shall be considered by the department, at its discretion, sufficient basis to revoke the exclusion. All data must be accompanied by a signed copy of the following certification statement to attest to the truth and accuracy of the data submitted.

"I certify under penalty of law that I have personally examined and am familiar with the information submitted in this demonstration and all attached documents, and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment. In the event that any of this information is determined by the department, in its sole discretion, to be false, inaccurate, or incomplete, and upon conveyance of this fact to the company, I recognize and agree that this exclusion of waste will be void as if it never had been in effect, or to the extent directed by the department, and that the company will be liable for any actions taken in contravention of the company's environmental obligations under the Louisiana Environmental Quality Act premised upon the company's reliance on the void exclusion."

(6). Reopener Language  
 If, at any time after disposal of the delisted waste, Motiva possesses or is otherwise made aware of any environmental data (including but not limited to, leachate data or groundwater monitoring data) or any other data relevant to the delisted waste indicating that any constituent identified in the delisting verification testing is at a level higher than the delisting level allowed by the department in granting the petition, Motiva must report the data, in writing, to the department within 10 days of first possessing or being made aware of that data. If the testing of the waste, as required by condition (1), does not meet the delisting requirements of condition (3), Motiva must report the data, in writing, to the department within 10 days of first possessing or being made aware of that data. Based on the information described herein and any other information received from any source, the department will make a preliminary determination as to whether the reported information requires that the department take action to protect human health or the environment. Further action may include suspending or revoking the exclusion, or other appropriate response necessary to protect human health and the environment. If the department determines that the reported information does require departmental action, the department will notify the facility, in writing, of the action believed necessary to protect human health and the environment. The notice shall include a statement of the proposed action and a statement providing Motiva with an opportunity to present information as to why the proposed action is not necessary. Motiva shall have 10 days from the date of the department's notice to present such information. Following the receipt of information from Motiva, or if no such information is received within 10 days, the department will issue a final written determination describing the departmental actions that are necessary to protect human health or the environment. Any required action described in the department's determination shall become effective immediately, unless the department provides otherwise.

(7). Notification Requirements  
 Motiva must provide a one-time written notification to any state regulatory agency in a state to which or through which the delisted waste described above will be transported, at least 60 days prior to the commencement of such activities. Failure to provide notification will result in a violation of the delisting conditions and a possible revocation of the decision to delist.

The Department of Social Services, Office of the Secretary, Bureau of Licensing has amended the Louisiana Administrative Code, Title 48, Part I, Subpart 3, Licensing and Certification. This Rule is mandated by R.S. 46:1401 et seq. These standards were revised to supersede any previous regulations heretofore published and are effective October 1, 2003.

**PUBLIC HEALTH – GENERAL**

**Part I. General Administration**

**Subpart 3. Licensing and Certification**

**Chapter 53. Day Care Centers**

**§5301. Purpose**

A. It is the intent of the legislature to protect the health, safety, and well-being of the children of the state who are in out-of-home care on a regular or consistent basis. Toward that end, it is the purpose of Chapter 14 of Title 46 of the Louisiana Revised Statutes of 1950 to establish statewide minimum standards for the safety and well-being of children, to ensure maintenance of these standards, and to regulate conditions in these facilities through a program of licensing. It shall be the policy of the state to ensure protection of all individuals under care in child care facilities and placement agencies and to encourage and assist in the improvement of programs.

B. It is the further intent of the legislature that the freedom of religion of all citizens shall be inviolate. This Chapter shall not give the Department of Social Services jurisdiction or authority to regulate, control, supervise, or in any way be involved in the form, manner, or content of any curriculum or instruction of a school or facility sponsored by a church or religious organization so long as the civil and human rights of the clients and residents are not violated.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:1401 et seq.

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of the Secretary, Division of Licensing and Certification, LR 13:246 (April 1987), amended by the Department of Social Services, Office of the Secretary, Bureau of Licensing, LR 20:450 (April 1994), LR 24:2345 (December 1998), LR 29:1107 (July 2003).

**§5302. Authority**

**A. Legislative Provisions**

1. The State of Louisiana, Department of Social Services, is charged with the responsibility for developing and publishing standards for the licensing of child care centers. The licensing authority of the Department of Social Services is established by R.S. 46:1401 et seq. (Act 367 of 1956 and amended by Act 152 of 1962, Act 241 of 1968, Act 290 of 1976, Act 678 of 1977, Act 409 of 1978, Act 286 of 1985, Act 1463 of 1997 and Act 1237 of 1999) making mandatory the licensing of all child care facilities and child placing agencies, including child care centers.

2. In accordance with Act 1237 of the 1999 Legislative Session, a child care center is defined as any place or facility operated by any institution, society, agency, corporation, person or persons, or any other group for the primary purpose of providing care, supervision, and guidance of 7 or more children, not including those related to the caregiver, unaccompanied by parent or guardian, on a regular basis for at least 12 1/2 hours in a continuous 7-day week. Related or relative is defined as the natural or adopted child or grandchild of the caregiver or a child in the legal custody of the caregiver. A recognized religious organization which is qualified as a tax-exempt organization under Section 501(c) of the Internal Revenue Code and does not operate more than 24 hours in a continuous 7-day week is not considered a child care center.

#### B. Penalties

1. All child care facilities, including facilities owned or operated by any governmental, profit, nonprofit, private, or church agency shall be licensed.

2. The law provides a penalty for operation of a center without a valid license. The penalty for operation without a valid license is a fine of not less than \$75 nor more than \$250 for each day of operation without a license.

#### C. Inspections

1. According to law, it shall be the duty of the Department of Social Services, through its duly authorized agents, to inspect at regular intervals not to exceed one year or as deemed necessary by the department and without previous notice all child care facilities and child-placing agencies subject to the provisions of the Chapter (R.S. 46:1401 et seq.).

2. Whenever the department is advised or has reason to believe that any person, agency or organization is operating a non-exempt child care facility without a license, the department shall make an investigation to ascertain the facts.

3. Whenever the department is advised or has reason to believe that any person, agency or organization is operating in violation of the Child Care Center Class A Minimum Standards, the department shall complete a complaint investigation. All reports of mistreatment of children coming to the attention of the Department of Social Services will be investigated.

#### D. The Louisiana Advisory Committee

1. The Louisiana Advisory Committee on Child Care Facilities and Child Placing Agencies was created by Act 286 of 1985 to serve three functions:

a. to develop new minimum standards for licensure of Class "A" facilities ("New" meaning the first regulations written after Act 286 of 1985);

b. to review and consult with the Department of Social Services on all revisions written by the Bureau of Licensing after the initial regulations and to review all standards, Rules, and regulations for Class "A" facilities at least every three years; and

c. to advise and consult with the Department of Social Services on matters pertaining to decisions to deny, revoke or refuse a Class "A" license.

2. The committee is composed of 19 voting members, appointed by the governor, including provider and consumer representation from all types of child care services, the educational and professional community and the director of

the Bureau of Licensing who serves as an ex-officio member.

#### E. Waivers

1. The Secretary of the Department of Social Services, in specific instances, may waive compliance with a minimum standard if it is determined that the economic impact is sufficiently great to make compliance impractical, as long as the health and well-being of the staff and/or children are not imperiled. If it is determined that the facility or agency is meeting or exceeding the intent of a standard or regulation, the standard or regulation may be deemed to be met.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:1401 et seq.

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of the Secretary, Division of Licensing and Certification, LR 13:246 (April 1987), amended by the Department of Social Services, Office of the Secretary, Bureau of Licensing, LR 20:450 (April 1994), LR 24:2345 (December 1998), LR 29:1107 (July 2003).

### §5303. Procedures

#### A. Application

1. Anyone applying for a license after the effective date of these standards shall meet all of the requirements herein.

2. Before beginning operation, it is mandatory to obtain a license from the Department of Social Services, Bureau of Licensing. To do so, the following steps should be followed.

a. Prior to purchasing, leasing, etc., carefully check all local zoning and building ordinances in the area where the facility is to be located. Standards from Office of Public Health, Sanitarian Services; Office of the State Fire Marshal, Code Enforcement and Building Safety; and City Fire Department (if applicable) should be obtained.

b. After securing building, obtain an application form issued by:

Department of Social Services  
Bureau of Licensing  
P. O. Box 3078  
Baton Rouge, LA 70821-3078  
Phone: (225) 922-0015  
Fax: (225) 922-0014

Web address: [www.dss.state.la.us/offos/html/licensing.html](http://www.dss.state.la.us/offos/html/licensing.html)

c. The completed application shall indicate Class "A" license. Anyone applying for State or Federal funding shall apply for Class "A" license. Licensure fees are required to be paid by all providers. A Class "A" license may not be changed to a Class "B" license if revocation procedures are pending.

d. After the center's location has been established, complete and return the application form. It is necessary to contact the following offices prior to building or renovating a center:

i. Office of Public Health, Sanitarian Services;  
ii. Office of the State Fire Marshal, Code Enforcement and Building Safety;  
iii. Office of City Fire Department (if applicable);  
iv. Zoning Department (if applicable); and

e. After the application has been received by the Bureau of Licensing, the bureau will request the Office of State Fire Marshal, Office of City Fire Department (if

applicable), Office of Public Health and any known required local agencies to make an inspection of the location, as per their standards. However, it is the applicant's responsibility to obtain these inspections and approvals.

f. A licensing specialist will visit the center to conduct a licensing survey.

g. A license will be issued on an initial application when the following items have been met and written verification is received by the Bureau of Licensing:

- i. state fire approval;
- ii. city fire approval (if applicable);
- iii. health approval;

All items listed in §5303.A.2.g shall be submitted, except references and director/director designee qualifications if the director/director designee remains the same.

4. When a center changes ownership, the following information must be submitted prior to the sale or day of the sale in order for a license to be issued:

NOTE: If the above information is not received prior to the sale or day of the sale, the new owner must not operate until a license is issued. When the application is received, it will be treated as an initial application rather than a change of ownership.

5. When a center changes class type, the following information shall be submitted to the bureau prior to the issuance of the new license:

- a. written request from the provider;
- b. full licensure fee;
- c. documentation of commercial liability insurance in accordance with §5305.B and §5331.J; and

7. When a business is sold, discontinued, the operation has moved to a new location, or the license has been revoked, the current license immediately becomes null and void.

8. All new construction or renovation of a center requires approval from the agencies listed in §5303.A.2.d and the Bureau of Licensing prior to occupying the new space.

9. The bureau is authorized to determine the period during which the license shall be effective. A license is valid for the period for which it is issued unless it is revoked due to provider's failure to maintain compliance with minimum standards.

#### B. Fees

1. All fees shall be paid by certified check or money order only and are non-refundable.

2. An application fee of \$25 shall be submitted with all initial applications. This fee will be applied toward the total licensure fee which is due prior to licensure of the provider. ### C. Relicensing

1. The annual relicensing survey is similar to the original licensing survey. Documentation of the previous 12 months' activity shall be available for review. The director will have an opportunity to review the survey deficiencies (if any).

## RULE

### Department of Wildlife and Fisheries Wildlife and Fisheries Commission

#### General and Wildlife Management Area (WMA) Hunting (LAC 76:XIX.111)

The Wildlife and Fisheries Commission does hereby promulgate Rules and regulations governing the hunting of resident game birds and game quadrupeds.

#### Title 76

#### WILDLIFE AND FISHERIES

#### Part XIX. Hunting and WMA Regulations

#### Chapter 1. Resident Game Hunting Season

#### §111. General and Wildlife Management Area Hunting Rules and Regulations

##### A. Hunting Seasons and Wildlife Management Area Regulations

1. The Rules and regulations contained within this digest have been officially approved and adopted by the Wildlife and Fisheries Commission under authority vested by Sections 115 and 116 of Title 56 of the Louisiana Revised Statutes of 1950 and are in full force and effect in conjunction with all applicable statutory laws. The secretary of the Department of Wildlife and Fisheries has the authority to close or alter seasons in emergency situations in order to protect fish and wildlife resources.

2. Pursuant to Section 40.1 of Title 56 of the Louisiana Revised Statutes of 1950, the Wildlife and Fisheries Commission has adopted monetary values which are assigned to all illegally taken, possessed, injured or destroyed fish, wild birds, wild quadrupeds and other wildlife and aquatic life. Anyone taking, possessing, injuring or destroying fish, wild birds, wild quadrupeds and other wildlife and aquatic life shall be required to reimburse the Department of Wildlife and Fisheries a sum of money equal to the value of the wildlife illegally taken, possessed, injured or destroyed. This monetary reimbursement shall be in addition to any and all criminal penalties imposed for the illegal act.

##### B. Resident Game Birds and Animals

1. Shooting hours: one-half hour before sunrise to one-half hour after sunset.

##### C. Other Season Dates

1. Turkey. Please refer to separate pamphlet.

2. Raccoon and Opossum. No closed season. Raccoon and opossum can be taken at night by one or more licensed hunters with one or more dogs and one .22 rimfire firearm. A licensed hunter may take raccoon or opossum with .22 rimfire rifle, .36 caliber or smaller muzzleloader rifle or shotgun during daylight hours during the open rabbit season. Hunting from boats or motor vehicles is prohibited. No bag limit for nighttime or daytime raccoon or opossum hunting during the open trapping season except on certain WMAs as listed. The remainder of the year, the raccoon and opossum bag limit for daytime or nighttime is one per person per day or night. No one who hunts raccoons or opossums as prescribed above shall pelt during the closed trapping season nor sell skins or carcasses of raccoons and opossums taken during the open trapping season unless he is the holder of a

valid trapping license which shall be required in addition to his basic hunting license. Pelting or selling carcasses is illegal during closed trapping season.

3. Nutria. On WMAs and private property nutria may be taken recreationally from September 1 through February 29 during legal shooting hours by any legal hunting method with no limit except if taken with a shotgun, steel shot must be used. On WMAs during waterfowl seasons, nutria may be taken only with the use of shotguns with shot no larger than BB lead or F steel, and during gun deer seasons, anyone taking nutria must display 400 square inches of "hunter orange" and wear a "hunter orange" cap or hat. Pelting or selling of carcasses is illegal except when taken by a licensed trapper during the trapping season. Trespass upon private property without consent for the purpose of taking nutria is punishable by fines and possible jail time (R.S. 56:265).

4. Blackbirds and Crows. The season for crows shall be September 1 through January 2 with no limit; however crows, blackbirds, cowbirds and grackles may be taken year round during legal shooting hours if they are depredating or about to depredate upon ornamentals or shade trees, agricultural crops, livestock, wildlife, or when concentrated in such numbers as to cause a health hazard. Louisiana has determined that the birds listed above are crop depredators and that crows have been implicated in the spread of the West Nile virus in humans.

5. Pheasant. Closed.

6. Falconry. Special permit required. Resident and migratory game species except turkeys may be taken. Seasons and bag limits are the same as for statewide and WMA regulations except squirrels may be taken by licensed falconers until the last day of February. Refer to LAC 76:V.301 for specific Falconry Rules.

7. Licensed Hunting Preserve. October 1-April 30. Pen-raised birds only. No limit entire season. Refer to LAC 76:V.305 for specific Hunting Preserve Rules.

8. Deer Management Assistance Program (DMAP). Land enrolled in the voluntary program will be assessed a \$25 registration fee and \$0.05/acre fee. Deer management assistance tags must be in the possession of the hunter and attached and locked to antlerless deer (including those taken on either-sex days and those taken with bow or muzzleloader) through the hock in a manner that it cannot be removed before the deer is transported. Failure to do so is a violation of R.S. 56:115. Failing to follow DMAP Rules and regulations may result in suspension and cancellation of the program on those lands involved. Refer to LAC 76:V.111 for specific DMAP Rules.

## NOTICE OF INTENT

### Department of Agriculture and Forestry Horticulture Commission

#### Examination Fees (LAC 7:XXIX.109)

In accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Agriculture and Forestry, Horticulture Commission, hereby proposes to amend regulations governing fees for exams administered by the Horticulture Commission.

Louisiana is experiencing an unprecedented shortfall in state finances. The legislature has cut the department's budget; therefore, using other department funds to cover the deficit of the Horticulture Commission is not a continuing option. The fiscal year begins on the first of July. The department must use the emergency adoption provisions to insure that programs that begin in July will be adequately funded for the 2003-2004 fiscal year. Adoption of these Rules will take place in accordance with the Administrative Procedure Act. However, this process takes several months to complete and would cause additional deficits to continue and the possibility of work reductions.

These Rules are enabled by R.S. 3:3801, 3:3805 and 3:3806.

The text of this Notice of Intent can be viewed in its entirety in the Emergency Rule section of this issue of the *Louisiana Register*.

#### Family Impact Statement

The proposed amendments to LAC XXIX. Chapter 1 governing fees for exams administered by the Horticulture Commission should not have any known or foreseeable impact on any family as defined by R.S. 49:972.D or on family formation, stability and autonomy. Specifically there should be no known or foreseeable effect on:

1. the stability of the family;
2. the authority and rights of parents regarding the education and supervision of their children;
3. the functioning of the family;
4. family earnings and family budget;
5. the behavior and personal responsibility of children;
6. the ability of the family or a local government to perform the function as contained in the proposed Rule.

All interested persons may submit written comments on the proposed Rules through August 25, 2003 to Craig Roussel, Department of Agriculture and Forestry, 5825

Florida Blvd., Baton Rouge, LA 70806. No preamble concerning the proposed Rules is available.

## FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES RULE TITLE: Examination Fees

### I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

No implementation costs or savings to state or local governmental units are anticipated. The Louisiana Department of Agriculture and Forestry is proposing to increase the fees assessed for examinations administered by the Louisiana Horticulture Commission. The amount proposed is an increase for Retail Florists of \$50; Landscape Architects of \$150 for first time applicants and those applying through reciprocity, and \$50 for those retaking various sections of the exam; for Wholesale Florists, Horticulturists, Arborists, Utility Arborists, and Landscape Contractors the increase will be \$15. In the past, the programs expenditures related to these services have exceeded collections; therefore, the fee increases are necessary to increase dedicated funds to offset a decrease in state general funds.

### II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There is estimated to be a total increase in revenue collections of \$23,625 to the Horticulture Commission Fund. This increase in collections was calculated using the number of various exams administered per year.

### FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES RULE TITLE: Nursery Certificate Permit Fees

#### I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

No implementation costs or savings to state or local governmental units are anticipated. The Louisiana Department of Agriculture and Forestry is proposing to increase the fees assessed for Nursery Certificate Permits. The amount proposed is an increase from \$50 to \$100 per nursery location for acreage greater than 2,500 square feet or greenhouses greater than 200 square feet. All other nursery certificate permits are increasing from \$10 to \$25. Additionally, the proposed increase for nursery certificate permit tags is from \$0.05 to \$0.10 per tag. This action is required due to budget shortfalls and cuts in the department's budget. The fee increase is necessary to balance the department's budget.

**II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)**

There is estimated to be a total increase in revenue collections of \$110,324 to the Seed Commission Fund. The increase is based on prior year collections from the total number of lab tests performed, seeds sold in Louisiana, and certified acres applied for.

**Board of Elementary and Secondary Education**

Bulletin 105 Louisiana Standards for Programs Serving Four-Year-Old Children (LAC 28:LXXVII.Chapters 1-7)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, notice is hereby given that the Board of Elementary and Secondary Education approved for advertisement the adoption of *Bulletin 105 Louisiana Standards for Programs Serving Four-Year-Old Children*. Bulletin 105 will be printed in codified format as Part LXXVII of the Louisiana Administrative Code. At the May 2003 meeting of the State Board of Elementary and Secondary Education, Bulletin 105 was approved. This bulletin contains both program and content standards needed for the effective operation of a quality early childhood program. This action was necessary in order to ensure quality across early childhood programs under the present jurisdiction of the Department of Education, provide quality standards available to other agencies that serve four-year-old students, and to provide for a consistent flow from pre-kindergarten to kindergarten, thus meeting the mandates of the federal "No Child Left Behind" (NCLB) legislation.

**Title 28**  
**EDUCATION**

**Part LXXVII. Bulletin 105 Louisiana Standards for  
Programs Serving Four-Year-Old Children**

**Chapter 1. General Provisions**

**§101. Introduction**

A. *The Louisiana Standards for Programs Serving Four-Year-Old Children* document was developed by a committee of educators from across the state. The committee consisted of representatives of higher education institutions, technical colleges, childcare, Head Start, Department of Social Services, and the Department of Health and Hospitals, as well as representatives from local school system administrators and classroom teachers. The standards were designed to address the needs of all children in all settings. There are a number of principles that guided the development of the document. [These *Guiding Principles* were reprinted with permission from the Connecticut State Department of Education *Preschool Curriculum Framework and Benchmarks for Children in Preschool Programs* (May 1999).]

1. Early learning and development are multidimensional; developmental domains are highly interrelated. Development in one domain influences the development in other domains. For example, children's language skills impact their ability to engage in social interactions. Therefore, developmental domains cannot be considered in isolation of each other. The dynamic interaction of all areas of development must be considered.

2. Young children are capable and competent. All children are capable of positive developmental outcomes. Therefore, there should be high expectations for all young children.

3. There are individual differences in rates of development among children. Each child is unique in the rate of growth and the development of skills and competencies. Some children may have a developmental delay or disability that may require program staff to adapt expectations of individual children or adapt experiences so that they will be successful in attaining the performance standard. Additionally, each child is raised in a cultural context that may impact a child's acquisition of certain skills and competencies.

4. Children will exhibit a range of skills and competencies in any domain of development. Preschool age children will exhibit a range of skills and competencies in any area of development. All children within an age group should not be expected to master each skill to the same degree of proficiency at the same time.

5. Knowledge of child growth and development and consistent expectations are essential to maximize educational experiences for children and for program development and implementation. Early care and education program staff must agree on what it is they expect children to know and be able to do, within the context of child growth and development. With this knowledge, early childhood staff can make sound decisions about appropriate curriculum for the group and for individual children.

6. Families are the primary caregivers and educators of their young children. Families should be aware of programmatic goals and experiences that should be provided for children and expectations for children's performance by

the end of the preschool years. Program staff and families should work collaboratively to ensure that children are provided optimal learning experiences. Programs must provide families with the information they may need to support children's learning and development.

7. Young children learn through active exploration of their environment through children-initiated and teacher-selected activities. The early childhood environment should provide opportunities for children to explore materials and engage in concrete activities, and to interact with peers and adults in order to construct their own understanding about the world around them. There should therefore be a range of approaches to maximize children's learning.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6.A(10).

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 29:

**§103. Louisiana Content Standards Foundation Skills**

A. The Louisiana Content Standards Task Force has developed the following foundation skills, which should apply to all students in all disciplines.

**Citizenship** The application of the understanding of the ideals, rights, and responsibilities of active participation in a democratic republic that includes working respectfully and productively together for the benefit of the individual and the community; being accountable for one's choices and actions and understanding their impact on oneself and others; knowing one's civil, constitutional, and statutory rights; and mentoring others to become productive citizens and lifelong learners.

**Communication** A process by which information is exchanged and a concept of "meaning" is created and shared between individuals through a common system of symbols, signs, or behavior. Students should be able to communicate clearly, fluently, strategically, technologically, critically, and creatively in society and in a variety of workplaces. This process can best be accomplished through use of the following skills: reading, speaking, listening, viewing, and visually representing.

**Linking and Generating Knowledge** The effective use of cognitive processes to generate and link knowledge across the disciplines and in a variety of contexts. In order to engage in the principles of continual improvement, students must be able to transfer and elaborate on these processes. "Transfer" refers to the ability to apply a strategy or in-content knowledge effectively in a setting or context other than that in which it was originally learned. "Elaboration" refers to monitoring, adjusting, and expanding strategies into other contexts.

**Problem-Solving** The identification of an obstacle or challenge and the subsequent application of knowledge and thinking processes, which include reasoning, decision-making, and inquiry in order to reach a solution using multiple pathways, even when no routine path is apparent.

**Resource Access and Utilization** The process of identifying, locating, selecting, and using resource tools to help in analyzing, synthesizing, and communicating information. The identification and employment of appropriate tools, techniques, and technologies are essential to all learning processes. These resource tools include pen, pencil, and paper; audio/video materials, word processors, computers, interactive devices, telecommunication, and other emerging technologies.

NOTE: These foundation skills were developed by the Louisiana Content Standards Task Force in 1997. This task force developed the State Standards for Curriculum Development for kindergarten through grade 12.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6.A(10).

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 29:

### **§105. Information Literacy Model for Lifelong Learning**

A. Students must become competent and independent users of information to be productive citizens of the 21st century. They must be prepared to live in an information-rich and changing global society. Due to the rapid growth of technology, the amount of information available is accelerating so quickly that teachers are no longer able to impart a complete knowledge base in a subject area. In addition, students entering the workforce must know how to access information, solve problems, make decisions, and work as part of a team. Therefore, information literacy, the ability to recognize an information need and then locate, evaluate, and effectively use the needed information, is a basic skill essential to the 21st century workplace and home. Information literate students are self-directed learners, who, individually or collaboratively, use information responsibly to create quality products and to be productive citizens. Information literacy skills must not be taught in isolation; they must be integrated across all content areas, utilizing fully the resources of the classroom, the school library media center, and the community. The Information Literacy Model for Lifelong Learning is a framework that teachers at all levels can apply to help students become independent lifelong learners.

1. **Defining/Focusing.** The first task is to recognize that an information need exists. Students make preliminary decisions about the type of information needed based on prior knowledge.

2. **Selecting Tools and Resources.** After students decide what information is needed, they then develop search strategies for locating and accessing appropriate, relevant sources in the school library media center, community libraries and agencies, resource people, and others as appropriate.

3. **Extracting and Recording.** Students examine the resources for readability, currency, usefulness, and bias. This task involves skimming or listening for key words, "chunking" reading, finding main ideas, and taking notes.

4. **Processing Information.** After recording information, students must examine and evaluate the data in order to utilize the information by categorizing, analyzing, evaluating, and comparing for bias, inadequacies, omissions, errors, and value judgments. Based on their findings, they either move on to the next step or do additional research.

5. **Organizing Information.** Students effectively sort, manipulate, and organize the information that was retrieved. They make decisions on how to use and communicate their findings.

6. **Presenting Findings.** Students apply and communicate what they have learned (e.g., research report, project, illustration, dramatization, portfolio, book, book report, map, oral/audio/visual presentation, game, bibliography, hyper stack).

7. **Evaluating Efforts.** Throughout the information problem solving process, students evaluate their efforts. This assists students in determining the effectiveness of the research process. The final product may be evaluated by the teacher and other qualified or interested resource persons.

### **§107. Definitions**

**Accommodations** Changes in the curricular material and experiences to accommodate a child's particular needs. Adaptations are not intended to alter the difficulty of the skill or area of development addressed. Such adaptations may enable children with disabilities to have experiences similar to those of their peers.

**Child-Initiated Activities** Children are able to select their own centers, activities, materials, and companions, and are able to manage their own play independently. There is adult interaction in response to the children's developmental needs, as well as to introduce and reinforce concepts. This is also called *free play*. (Note: When children are assigned to centers by staff or the staff selects the activities, materials, etc., for the children, this is *not* considered a child-initiated or free play activity.)

**Concrete Hands-On Learning Experiences** Learning experiences that emphasize choice, free exploration, interaction, and authenticity within a relevant and meaningful context. Such experiences emphasize the development of children's thinking, reasoning, decision-making and problem-solving abilities. Curriculum areas and skills are integrated in the context of the learning activities and experiences as opposed to being taught in isolation.

**Content Practice Standards** Describes the broad outcomes that children should achieve through a high-quality preschool experience. Each Content Practice Standard is aligned with the Louisiana K-4 Content Standards and other relevant state and national standards.

**Developmental Profile** Specifies what most preschool children should be able to know and be able to do by the end of their preschool experiences.

**Developmentally Appropriate Practice** Quality care and education of young children based on:

1. knowledge of how children develop and learn. This includes information about ages and stages of development as well as what materials, activities and interactions are important for each;

2. knowledge of the individual child, including disabilities; and

3. knowledge about the social, cultural and familial context in which children are growing up.

**Domain** Describe the aspect of development for each standard. content areas are specified for each domain.

**Early Childhood Environment Rating Scale-Revised (ECERS-R)** A reliable and valid research based program quality assessment instrument. This scale is designed for use in classrooms serving children 2 1/2 to 5 years of age. It is used to evaluate classroom environment as well as programmatic and interpersonal features that directly affect children and adults in the early childhood setting. The seven sub-scales of the ECERS-R include: *Space and Furnishings*,

*Personal Care Routines, Language-Reasoning, Activities, Interactions, Program Structure, and Parents and Staff.*

**Emerging Skills** Skills or abilities, which are not shown as being mastered but are present in a modified or limited form. Attention to emerging skills allows teachers to assess the developmental process and progress of students. Additionally, a focus on emerging skills is important in the planning of the environment and activities to facilitate development of skills.

**Examples** Tips on how to structure the curriculum and environment to assist a child's optimal performance.

**Free Play** See Child-Initiated Activity.

**Grapheme** The smallest part of *written* language that represents a phoneme in the spelling of a word.

**Head Start Child Outcomes Framework** This framework is intended to guide Head Start Programs in the ongoing assessment of the progress and accomplishments of children. The eight general Domains serve as building blocks that are important for school success. The domains include: Language Development, Literacy, Mathematics, Science, Creative Arts, Social and Emotional Development, Approaches to Learning and Physical and Health Development.

**Head Start Performance Standards** These standards used in Head Start Programs are based on sound child development principles about how children grow and learn. The varied experiences provided by the program support the continuum of children's growth and development in all domains.

**Indicators** Define a Content Practice Standard more specifically so that it can be measured. Each indicator is coded by domain, content area and skill. For example, PK-CM-N1 means Pre-Kindergarten-Cognitive Math-Number 1.

**Interest Center** An area in the classroom used during free play/ child-initiated activities. In each area, the materials are organized by type and are stored so that they are accessible to the children, shelves have picture/word labels, and the area is appropriately furnished. Interest centers can also be established outdoors.

**Louisiana Literacy Profile** Provides teachers of children in grades K-3 with the means of observing and recording progress in a continuum of growth that is based on literacy behaviors. It informs instruction and promotes development of literacy behaviors.

**Manipulatives** Materials that allow children to explore, experiment, and interact by using their hands or by mechanical means. These learning materials promote dexterity and eye-hand coordination while promoting problem-solving and higher levels of critical thinking. Such items include, but are not limited to, beads and laces, puzzles, small blocks, playdoh, lacing cards, and items that can be snapped, zipped or hooked together to name a few.

**Modifications** Limiting, restricting, or altering materials, the environment or experiences without fundamentally changing the outcome or use of such. Modifications may enable children who are experiencing difficulty with a particular skill or an area of development to successfully achieve competence in these areas. Examples of modifications include offering a variety of levels of puzzles such as interlocking and pegged puzzles.

**Multisensory Experiences** Experiences that allow children to respond to physical stimuli relating to more than one of the five senses. Included in these types of experiences would be cooking activities where the senses of sight, smell, taste, touch and hearing would all be involved.

**National Association for the Education of Young Children (NAEYC)** Links to the Louisiana Standards for Programs Serving Four-Year Olds are related to NAEYC's Guide to Accreditation (1998) which is a compilation of self-studies designed to guide programs through the accreditation process.

**Non-Standard Units of Measurement** Methods of measurement that do not include traditional means such as rulers, scales, clocks, etc. Non-standard units of measurement allow children to explore and thus understand the concept of measurement without being tied to exact numerical data. Items such as pieces of string, rows of blocks or pencils may serve as non-standard units to measure length; balances may help promote understanding of varying weights, and picture-graphs of daily routines allow children to understand the concept of time and passage of time.

**Non-Textual Information** Information expressed through the use of pictures, symbols or icons. Such information may be used by children to process information and to create mental images symbolic of real-world situations without the use of written text.

**Onset** This is a part of spoken language that is smaller than a syllable but larger than a phoneme. It is the initial consonant sound of a syllable (The onset of *bag* is *b-*; of *swim*, *sw-*).

**Open-Ended Questioning** Questioning that promotes a child's development as opposed to mere information gathering. This method of questioning is used to motivate children to learn, inquire about and discover their world. Open-ended questioning prompts students to think about their responses and requires a more in-depth level of critical thinking in order to respond. These questions help the student to recognize a problem, analyze contributing factors and to consider a choice of optimal solutions. Open-ended questions are characterized by the words "What if?", "How?", "What would happen if?", "Why do you think?", "Is there another way?" etc.

**Phoneme** The smallest part of *spoken* language that makes a difference in the meaning of words.

**Phonemic Awareness** The ability to hear, identify, and manipulate the individual sounds (phonemes) in spoken words. A child who possesses phonemic awareness can segment sounds in words and blend strings of isolate sounds together to form recognizable words.

**Phonological Awareness** A broad term that includes phonemic awareness. In addition to phonemes, phonological awareness activities can involve work with rhymes, words, syllables, and other onsets and rimes.

**Play-Based Environment** A teaching-learning interactive environment through which play is the medium that children learn and make sense of their world. It provides a forum for children to learn to deal with the world on a symbolic level – the foundation for all subsequent intellectual development. In a play-based environment, children have the opportunity to gain a variety of social, emotional and physical skills.

This type of environment is in contrast to the environment where learning is compartmentalized into the traditional content areas and children have little opportunity to actively explore, experiment and interact.

**Print Concepts** Materials, activities, and props, etc. that prompt the ongoing process of becoming literate; that is, learning to read and write. Print concepts include exposure to textual information through books, stories, field trips, notes, labels, signs, chants, etc., and should be part of the emergent-literacy environment of all preschool classrooms.

**Props** Materials used throughout the classroom to extend learning in any one of the interest areas or centers. Props added to an interest center are generally placed in the area in addition to standards items. Examples of props include: puppets that correlate with stories in the library center or phone books and recipe cards in the dramatic play center. Such props allow children to engage in activities in which they can interact with other children, share and take turns, role-play and exercise their imaginations. Additionally, props added to interest centers help children accept responsibility for clean-up, break barriers for sex/culture stereotyping, and deal with age/stage personal relations.

**Rime** The part of a syllable that contains the vowel and all that follows it (the rime of *bag* is *-ag*; of *swim*, *-im*).

**Self-help Tasks or Skills** These skills or tasks comprise a large portion of a young child's daily living tasks and are important in all areas of development. These skills include toileting, serving and eating meals and snacks, cleaning up their environment and grooming and dressing.

**Skill Area** Defines each content area more specifically.

**Spatial Sense or Spatial Awareness** The sense of orienting to one's environment. A sense of awareness of directionality as well as the child's relationship to self, the environment and others in that environment.

**Substantial Portion of the Day** Free play/child-initiated activities are available to the children at least one third or 35 percent of the instructional day. Example: During a 6 hour instructional day, these activities are available at least 2 hours of the instructional day.

**Syllable** A part of a word that contains a vowel or, in spoken language, a vowel sound.

**Teacher-Directed Activity** The activities and/or materials are chosen for the children by the teacher to engage in educational interaction with small groups and individual children as well as with the whole group. (Examples: read a story, cooking activity, or science activity.)

While not all items in the Program Standards are regulation or requirements for pre-kindergarten programs, it is recommended that programs strive to meet and/or exceed these standards in order to ensure the quality of the programs.

C. The Program Standards address the following areas:

1. physical environment;
2. transportation;
3. group size and ratio;
4. health and safety practices;
5. nutrition and food service;
6. family involvement and support;
7. staff qualifications and staff development;
8. interactions between staff and children, and among children;

  - b. Science development;
  - c. Social Studies development;
2. Creative Arts development;
3. Health and Physical development;
4. Language and Literacy development;
5. Social and Emotional development.

B. The five developmental domains are designed to be interdependent and must be considered as a whole when considering the development of pre-kindergarten children. Each developmental domain includes the following.

1. *Content Practice Standards* describes the broad outcomes that children should achieve a high-quality preschool experience.

2. *Developmental Profile Indicators* specifies what most pre-kindergarten children should be able to do by the end of their pre-kindergarten experience.

3. *Links* Each content practice standard is aligned with the Louisiana K-4 Content Standards and other relevant state and national standards.

C. The content practice standards provide the pre-kindergarten personnel with a common understanding of what young children should know and do. It is designed to be a guide for designing and implementing a curriculum that will facilitate learning and skill acquisition in each pre-kindergarten child. Skills such as letter, numbers, shapes, colors, etc., should not be taught in isolation, but integrated throughout the curriculum.

D. The content practice standards and developmental profile indicators are based on research in developmentally appropriate practice for preschool children. In developing these standards, the *Accreditation Standards of the National Association for the Education of Young Children* (NAEYC) and the *Head Start Performance Standards* were reviewed. The *Early Childhood Environment Rating Scale, Revised Edition* (ECERS-R) was also reviewed and linked to the appropriate content practice standards.

C. Accommodations for children with special needs:

1. simplify a complicated task by breaking it into smaller parts or reducing the number of steps;
2. use shorter but more frequent activities and routines;
3. add new activities and specific activities as needed to meet individual needs.

**§511. Scientific Development**

A. Young children are natural scientists. They easily become mesmerized by everyday happenings. Through varied and repeated opportunities to predict, observe, manipulate, listen, experiment with, reflect, and respond to open-ended questions, pre-kindergarteners make inferences and become higher-level thinkers.

B. Quality early childhood science programs require a balance of content and process, using multi-sensory experiences. In addition to science inquiry skills, pre-kindergarteners can begin to acquire a foundation of science concepts and knowledge on which they can build a clear

understanding of their world. Early childhood teachers should look for opportunities to explore scientific concepts in all content areas.

C. Accommodations for children with special needs:

1. simplify a complicated task by breaking it into smaller parts or reducing the number of steps;
2. use shorter but more frequent activities and routines;
3. add new activities and specific activities as needed to meet individual needs.

NOTE: Partial participation is considered appropriate for children with special needs, according to their abilities.

**§515. Social Studies Development**

A. For young children the foundation for learning in social studies and history begins with the child's personal experiences and understanding of the relationship of self to home and family. Their understanding then gradually expands to include the people they meet in school, neighborhood, community, and the larger world. Teachers need to identify children's current knowledge and understanding. The pre-kindergarten curriculum needs to focus on concepts that are related to the child's immediate experience.

B. Accommodations:

1. provide adaptive equipment and materials where needed to accommodate children's special needs;
2. assure that the classroom and school environments are handicapped accessible and meet the needs of all children;
3. use appropriate verbal, visual, and physical cues in all the activities to meet the special needs of individual children.

### Subchapter E. Creative Arts

#### §519. Creative Arts Development

A. Creative development opens an avenue for the application of individual ideas, feelings, and expressions. In the pre-kindergarten classroom, creative development will be integrated into all curriculum areas to develop an appreciation for the arts and as a way to conduct classroom activities to meet the expectations in all content areas.

B. In a developmentally appropriate classroom, creative development fosters creative and individual expression, self-esteem, imagination, and appreciation of cultural diversities. With the introduction of the various components, music/movement, dramatic expression, and visual arts, the pre-kindergarten child is encouraged to explore and express him/herself creatively.

C. On a daily basis, young children are given opportunities for creative endeavors, emphasizing the experience rather than the outcome. These endeavors should be concrete, hands-on learning activities, offered in a risk-free environment where all children are encouraged to express themselves freely.

#### D. Accommodations for Children with Special Needs

1. Provide materials that can be easily adapted for independent participation.

2. Materials should be easily accessible to encourage participation.

3. Adapt the environment to promote participation, engagement, and learning.

4. Provide opportunities for interaction with typically developing peers.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 29:

#### §521. Stages of Art Development

A. Scribbling Stage (3 to 4 years of age). Child use crayons, markers and paint in zigzag fashion and circular motions. Later, the scribbles become more controlled. Their work is exploratory. Color is unrealistic. The child begins to draw symbols like circles, crosses and lines.

#### B. Preschematic Stage (4 to 7 years of age)

1. Age 4 The child begins to show definite forms in representing a person, making a circle for the head and two vertical lines for legs. Sometimes there is a mouth, arms, hands, feet or shoes. Objects are drawn at random and they are not in sequence or proportion. At this stage, form is more important than color. As children progress through this stage, size becomes more proportional, and they gain more brush control as their paintings begin to look more like illustrations.

2. Age 7 Child has established a mental picture of an object that is repeated with each painted repetition of the object. For example, each time the child paints a house, it will look very much like all the other houses he/she painted.

C. Schematic Stage (6 to 9 years of age). At this stage, sky lines (usually blue) and base lines (usually green) appear on the top and bottom of drawings. Items drawn between these lines usually are proportional, and they are on the base line as appropriate.

#### Subchapter F. Health and Physical Development

##### §525. Health and Physical Development

A. Physical development and health and safety activities should be integrated into all curriculum areas. Activities should be structured to encourage pre-kindergarten children to explore their world, promote agility and strength, enhance neural processing, and develop general body competence and overall autonomy. Young children should be introduced to concepts that promote a healthy lifestyle, and they should be provided adequate age-appropriate indoor and outdoor space and facilities that allow them to experience a variety of developmentally appropriate physical activities.

B. The development of gross motor and fine motor skills is an integral part of the development of the pre-kindergarten child. These skills serve as the foundation for the

development of the future academic skills such as writing and reading.

#### C. Accommodations for children with special needs:

1. Provide adaptive equipment and materials where needed.
2. Assure that the classroom and school environments are easily accessible.
3. Use appropriate verbal, visual, and physical cues in all the activities.
4. Provide opportunities for interaction with typically developing peers.

NOTE: Partial participation is considered appropriate for children with special needs, according to their abilities.

**Subchapter G. Language and Literacy**

**§529. Language and Literacy Development**

A. Language and literacy are composed of listening, speaking, writing, thinking, and reading. The foundations of language and literacy are critical to all other curriculum areas as well as to the individual's social and emotional development. Children develop the basis for communication in the early childhood years, beginning with nonverbal and social exchanges, then developing spoken language, moving to an understanding of how oral language is translated into written symbols, and finally learning to decode and create written symbols to develop literacy. A solid foundation in language development in the years before a child enters school will promote success in reading and writing in the future. Young children who have rich language and literacy experiences are less likely to have difficulties learning to read.

B. Accommodations for Children with Special Needs

1. Provide good models of communication.
2. Use special or adaptive devices to increase level of communication and/or participation.
3. Use a favorite toy, activity or person to encourage communication and/or participation.
4. Provide opportunities for interaction with typically developing peers.

NOTE: Partial participation is considered appropriate for children with special needs, according to their abilities.

**§531. Beginning Reading Skills**

A. Scientifically based reading research shows that it is important for preschool age children to experience the following language, cognitive, and early reading skills for continued school success.

1. Phonological Awareness includes:
  - a. identifying and making oral rhymes;
  - b. identifying and working with syllables in spoken words through segmenting and blending;
  - c. identifying and working with "onsets" (all sounds of a word that come before the first vowel) and "rimes" (the first vowel in a word and all the sounds that follow) in spoken syllables;
  - d. identifying and working with individual sounds in spoken words (phonemic awareness).
2. Oral Language: development of expressive and receptive language, including vocabulary, the contextual use of speech and syntax, and oral comprehension abilities.
3. Print Awareness: knowledge of the purposes and conventions of print.
4. Alphabet Knowledge: recognize letters of the alphabet (not rote memory).

**§533. Stages of Written Language Development**

A. Children learn to write through a natural developmental progression. Each child should be allowed to progress at their own pace. There are at least six different stages of writing.

<b>Stage 1</b> Random Scribbling: (2 and 3 years old)
Children make marks on paper with little muscular control.
<b>Stage 2</b> Controlled Scribbling: (3 years old)
Children "write" across the paper in linear fashion, repeating patterns over again, showing increased muscular control.

<b>Stage 3 Letter-like Forms: (3 and 4 year olds)</b>
Children make mock letters. These are written lines of letters that have letter characteristics, but they are misshapen and written randomly, even covering the page. They pretend they are writing; in their work they separate writing from drawing. They have purpose to their letter-like forms.
<b>Stage 4 Letter and Symbol Relationship: (4 year olds)</b>
Children write letters to represent words and syllables. They can write their names. They know the word that represents their names. They can copy words. Reversals are frequent.
<b>Stage 5 Invented Spelling: (4 and 5 year olds)</b>
Children make the transition from letter forms to invented spelling. This requires organization of letters and words on the page. They use a group of letters to form a word. Many of the letters will be consonants. They understand that letters relate to sounds. Some punctuation appears. They can copy words from their environment.

<b>Stage 6 Standard Spelling: (5, 6, and 7 year olds)</b>
Most of the words the children use are written correctly; some add punctuation. They organize their words in lines with spaces between the words; they move from left to right, and from the top of the to the bottom.

**Subchapter H. Social and Emotional**

**§537. Social and Emotional Development**

A. One of the primary goals of a quality early childhood program is to foster social and emotional development in young children. Pre-kindergarten children need proper guidance to develop the ability to negotiate issues that occur, to take turns, to lead and follow, and to be a friend. They also need to learn how to deal with their feelings in a socially acceptable manner.

B. The social and emotional development of young children is strengthened when they feel good about themselves and have secure relationships with their parents, teachers, and peers. Other influences on this development

are the relationships young children have with their families, their communities, their culture and their world. Since social and emotional development is such an important aspect of a pre-kindergarten child's development, it has been included as a separate section.

C. Accommodations for children with special needs:

1. Plan for and support appropriate social behaviors.
2. Provide opportunities for social interactions with typically developing peers.
3. Utilize peers as models and helpers, or to provide praise and encouragement.

NOTE: Partial participation is considered appropriate for children with special needs, according to their abilities.

Teacher Program and the Non-Master's/Certification-Only Program stipulate that the candidate hold an undergraduate degree from a regionally accredited university, possess a minimum of a 2.2 grade point average (GPA), and pass the Pre-Professional Skills Test and Content Specialty Exam of the PRAXIS. The same admission standards apply to the Master's Degree Program, with one exception, that the undergraduate GPA requirement is 2.50 for admission. Additionally, Practitioner Teacher Program participants must have a teaching assignment in a State-approved Louisiana school in the area of certification being studied.

Practitioner Teacher Program candidates will complete an intensive summer training experience prior to assuming a full-time teaching position in a Louisiana classroom. To allow for the summer training experience, employing systems/schools may offer contracts to Practitioner Teacher candidates as early as the spring preceding the school year in which the practitioner will assume a full-time position. It is a responsibility of the employing system/school, working in close collaboration with the program provider, to facilitate and coordinate the placement of practitioner teachers in State-approved schools in teaching areas in which there is an identified need. The participant signs a one-year renewable contract with the school system and/or approved school. The practitioner teacher would be placed, at a minimum, on the same salary schedule as a regularly certified, salaried teacher.

Practitioner Teacher Program (PL1), Master's Degree Program (PL3), and Non-Master/Certification-Only Program (PL2). Practitioner teachers are issued a one-year Practitioner Teacher license, renewable yearly for a maximum of three years. If a candidate withdraws or is dropped from the new alternate program, the Practitioner Teacher license is no longer valid. A practitioner teacher must remain enrolled in the alternate program and fulfill all coursework, teaching assignments (if applicable), and prescribed activities as identified by the program provider. All program requirements must be completed within the three-year period of the license. A practitioner teacher may complete all requirements of the alternate program in fewer than three years.

Once a practitioner teacher has completed all requirements of the alternate program and has been recommended by the program provider, he may apply for a Level 1 Teaching Certificate. A practitioner teacher's teaching experience, while holding a Practitioner Teacher license, will count toward the three years of teaching experience requirement that is needed to move from a Level 1 certificate to a Level 2 certificate.

#### **Practitioner License 4**

A Practitioner License (PL4) may be issued to a teacher who is not in one of the three new alternate certification programs, has an undergraduate grade point average of at least 2.50, has passed the Praxis Pre-professional Skills Tests (PPSTs), has passed the specialty area content exam or has completed 31 semester hours in the specific content area of certification, and still lacks full requirements for certification.

#### §325. Notes Receivable

A. The provisions of R.S. 22:1068(E)(1)(b) will be satisfied with respect to a note receivable issued by a certified Louisiana capital company or its investment pool to an investing insurance company if:

1. the note receivable has a stated final maturity date of not less than five years from the date on which the certified Louisiana capital company or its investment pool issues the note receivable; and

2. either:

a. the note receivable is repaid in a manner which results in the note receivable being fully repaid or otherwise satisfied in equal amounts over the stated maturity of the note receivable; or

b. the duration of the note receivable is no shorter than the duration of a hypothetical note that:

ii. has the same maturity date as the note issued by the certified Louisiana capital company or its investment pool;

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Office of the Secretary regulations, LAC 33:I.705 (Log #OS051).

The proposed Rule will clarify the portion of the regulations on penalty calculations that requires the department to take into account any monetary benefits the violator may have realized through noncompliance. The Rule change was suggested by EPA as a result of a Water Program audit. The basis and rationale for this rule are to incorporate the language suggested by EPA to clarify the regulations.

This proposed Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This proposed Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Removal of Interim Fee Amounts for FY02-03  
(LAC 33:I.1409, 4707; III.223; V.5111, 5119, 5120,  
5123, 5125, 5135, 5137, 5139, 5141, 5143, 5145;  
VII.525, 527, 529; IX.1309, 1507; XI.307,  
1305; and XV.579 and Chapter 25)(OS049)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Environmental Quality fee regulations, LAC 33:I.1409, 4707; III.223; V.5111, 5119, 5120, 5123, 5125, 5135, 5137, 5139, 5141, 5143, 5145; VII.525, 527, 529; IX.1309, 1507; XI.307, 1305; and XV.579 and Chapter 25, Appendix A (Log #OS049).

No fee changes are being made in this proposed Rule. It is merely a housekeeping measure to remove obsolete language. The proposed Rule will remove from the regulations the fee amounts that were effective for July 1, 2002 - June 30, 2003. The remaining fee amounts are the fees that are effective beginning July 1, 2003. Act 134 of the 2002 Extraordinary Session of the Louisiana Legislature provided for a 20 percent increase in fees effective for FY02-03 and a 10 percent increase in fees above that, to be effective beginning in FY03-04. Fee increases for both fiscal years were promulgated in rule OS041 in the May 20, 2003, issue of the *Louisiana Register*. This Rule removes from the regulations the text that set forth the fee amounts that were effective only during FY02-03, and leaves the text that sets forth the fee amounts that are effective July 1, 2003. The basis and rationale for this proposed Rule are to clarify the fee regulations by removing the fee amounts that are no longer in effect.

This proposed Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This proposed Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Note 12. The maximum annual maintenance fee for one location with two or more plants shall be \$1,711.

Note 13. Fees will be determined by aggregating actual annual emissions of each class of toxic air pollutants (as delineated in LAC 33:III.Chapter 51.Table 51.1) for a facility and applying the appropriate fee schedule for that class. Fees shall not be assessed for emissions of a single toxic air pollutant over and above 4,000 tons per year from a facility. The minimum fee for this category shall be \$132.

Note 14. Fees will not be assessed for emissions of a single criteria pollutant over and above 4,000 tons per year from a facility. Criteria fees will be assessed on actual annual emissions that occurred during the previous calendar year. The minimum fee for this category shall be \$132.

#### **§1304. Investigations And Enforcement**

A. All complaints reported to the board shall be considered for investigation. A complaint under the provisions of §1304.A-F is defined as:

1. any written complaint involving a bar pilot commissioned for the Port of New Orleans;

2. any reported incident involving a bar pilot commissioned for the Port of New Orleans while piloting a vessel; or

3. any other event involving a bar pilot commissioned for the Port of New Orleans that, in the discretion of any member of the board, justifies further investigation.

B. The board may appoint an investigating officer to investigate the complaint and report to the board.

C. If the board, or its designated investigating officer, is of the opinion that the complaint, if true, is sufficient to justify a further investigation, it shall appoint an investigating officer, or authorize its designated investigating officer to conduct a full investigation of the complaint.

D. Once authorized under §1304.C, the investigating officer, who may be an active or retired member of the Associated Branch Pilots of the Port of New Orleans, Louisiana, and who may be a member of the board, shall make a full and complete investigation of the complaint. He shall be assisted by an attorney, named as independent prosecutor by the board. In the event that the investigating officer, as contemplated by either §1304.B or §1304.C, is an

active member of the board, he shall be recused from any participation in the decision of the case.

E. If the investigating officer is of the opinion that the conduct in question is not sufficient to justify further proceedings, he shall make a reasoned report to the board, which may accept or reject his recommendation.

F. If the investigating officer is of the opinion that the conduct complained of is sufficient to justify further proceedings and the board has accepted his recommendations, or if the board has rejected his recommendation to dismiss the complaint, he shall give notice to the respondent, by registered mail, of the facts or conduct on which the complaint is based, and offer the respondent an opportunity to show compliance with the laws or regulations allegedly violated. If, in the opinion of the investigating officer, the respondent is able to demonstrate such compliance, then the investigating officer shall make a report to the board, recommending to the board that the complaint be dismissed. The board may accept or reject the recommendation of the investigating officer.

G. If the respondent is unable to demonstrate such compliance, or if the board rejects the recommendation of the investigating officer to dismiss the complaint, the investigating officer shall initiate proceedings by filing a written administrative complaint with the board, which shall be signed by the investigating officer.

H. The administrative complaint shall name the accused bar pilot as respondent in the proceedings. It shall also set forth, in separately numbered paragraphs, the following:

1. a concise statement of material facts and matters alleged and to be proven by the investigating officer, including the facts giving rise to the board's jurisdiction over the respondent;

2. the facts constituting legal cause under law for administrative action against the respondent;

3. the statutory or regulatory provisions alleged to have been violated by respondent.

I. The administrative complaint shall conclude with a request for the administrative sanction sought by the investigating officer, and shall state the name, address, and telephone number of administrative complaint counsel engaged by the board to present the case at the evidentiary hearing before the board.

J. The board may either accept or reject the administrative complaint.

K. If it rejects the administrative complaint, the case may be either dismissed or referred back to the investigating officer for further investigation.

L. If the board accepts the administrative complaint, the board shall docket the administrative complaint and schedule the administrative complaint for hearing before the board not less than 45 days nor more than 180 days thereafter; provided, however, that such time may be lengthened or shortened as the board determines may be necessary or appropriate to protect the public interest or upon motion of the investigating officer or respondent pursuant to a showing of proper grounds. In the event the respondent's commission as a bar pilot for the port of New Orleans has been suspended by the board pending hearing, the evidentiary hearing on the administrative complaint shall be noticed and scheduled not more than 45 days after the filing of the administrative complaint.

M. A written notice of the administrative complaint and the time, date and place of the scheduled hearing thereon shall be served upon the respondent by registered, return receipt requested mail, as well as by regular first class mail, at the most current address for the respondent reflected in the official records of the board, or by personal delivery of the administrative complaint to the respondent. The notice shall include a statement of the legal authority and jurisdiction under which the hearing is to be held, and shall be accompanied by a certified copy of the administrative complaint.

N. The case shall be prosecuted by the independent prosecutor, also referred to administrative complaint counsel, who shall handle the case to its conclusion. He shall be entirely independent of the authority of the board in going forward with the matter, and may conduct such further investigation, and prepare and try the case in such manner as he may deem appropriate.

O. Within 15 days of service of the administrative complaint, or such longer time as the board, on motion of the respondent, may permit, the respondent may answer the administrative complaint, admitting or denying each of the separate allegations of fact and law set forth therein. Any matters admitted by respondent shall be deemed proven and established for purposes of adjudication. In the event that the respondent does not file a response to the administrative complaint, all matters asserted therein shall be deemed denied.

P. Any respondent may be represented in an adjudication proceeding before the board by an attorney at law duly admitted to practice in the state of Louisiana. Upon receipt of service of an administrative complaint pursuant to these rules, or thereafter, a respondent who is represented by legal counsel with respect to the proceeding shall, personally or through such counsel, give written notice to the board of the name, address, and telephone number of such counsel. Following receipt of proper notice of such representation, all further notices, administrative complaints, subpoenas or other process related to the proceeding shall be served on respondent through his or her designated counsel of record.

Q. All pleadings, motions or other papers permitted or required to be filed with the board in connection with a pending adjudication proceeding shall be filed by personal delivery at or by mail to the office of the board and shall by the same method of delivery be concurrently served upon administrative complaint counsel designated by the administrative complaint, if filed by or on behalf of the respondent, or upon respondent, through counsel of record, if any, if filed by administrative complaint counsel.

1. All such pleadings, motions or other papers shall be submitted on plain white letter-size (8 1/2" x 11") bond, with margins of at least one inch on all sides, and double spaced except as to quotations and other matters customarily single spaced, shall bear the caption and docket number of the case as it appears on the administrative complaint, and shall include the certificate of the attorney or person making the filing that service of a copy of the same has been effected in the manner prescribed by Subsection A of this Section.

2. The board may refuse to accept for filing any pleading, motion or other paper not conforming to the requirements of this section.

R. Motions for continuance of hearing, for dismissal of the proceeding and all other prehearing motions shall be filed not later than 30 days following service of the administrative complaint on the respondent or 15 days prior to the hearing, whichever is earlier. Each prehearing motion shall be accompanied by a memorandum which shall set forth a concise statement of the grounds upon which the relief sought is based and the legal authority therefor. A motion may be accompanied by an affidavit as necessary to establish facts alleged in support of the motion. Within 10 days of the filing of any such motion and memorandum or such shorter time as the board may order, the investigating officer, through administrative complaint counsel, may file a memorandum in opposition to or otherwise setting forth the investigating officer's position with respect to the motion.

S.1. A motion for continuance of hearing shall be filed within the delay prescribed by §1304.R of these rules, provided that the board may accept the filing of a motion for continuance at any time prior to hearing upon a showing of good cause not discoverable within the time otherwise provided for the filing of prehearing motions.

2. A scheduled hearing may be continued by the board only upon a showing by respondent or administrative complaint counsel that there are substantial legitimate grounds that the hearing should be continued, balancing the right of the respondent to a reasonable opportunity to prepare and present a defense to the complaint and the board's responsibility to protect the public health, welfare and safety. Except in extraordinary circumstances evidenced by verified motion or accompanying affidavit, the board will not ordinarily grant a motion to continue a hearing that has been previously continued upon motion of the same party.

3. If an initial motion for continuance is not opposed, it may be granted by the presiding officer.

T.1. Any prehearing motion, other than an unopposed initial motion for continuance of hearing which may be granted by the chairman of the board, shall be referred for decision to the board member designated by the board as the presiding officer of the board designated with respect to the proceeding for ruling. The presiding officer, who shall be a member of the board designated as presiding officer by the board in each matter before the board, in his discretion, may refer any prehearing motion to the board for disposition, and any party aggrieved by the decision of a presiding officer on a prehearing motion may request that the motion be reconsidered by the entire panel.

2. Prehearing motions shall ordinarily be ruled upon by the presiding officer or the board, as the case may be, on the papers filed, without hearing. On the written request of respondent or of administrative complaint counsel, however, and on demonstration that there are good grounds therefor, the presiding officer may grant opportunity for hearing by oral argument, on any prehearing motion.

U.1. Upon request of the respondent or administrative complaint counsel and compliance with the requirements of this section, any board member shall sign and issue subpoenas in the name of the board requiring the attendance and giving of testimony by witnesses and the production of books, papers, and other documentary evidence at an adjudication hearing.

2. No subpoena shall be issued unless and until the party who wishes to subpoena the witness first deposits with

the board a sum of money sufficient to pay all fees and expenses to which a witness in a civil case is entitled pursuant to R.S. 13:3661 and R.S. 13:3671. Witnesses subpoenaed to testify before the board only to an opinion founded on special study or experience in any branch of science, or to make scientific or professional examination, and to state the results thereof, shall receive such additional compensation from the party who wishes to subpoena such witnesses as may be fixed by the board with reference to the value of time employed and the degree of learning or skill required.

V.1. In any case of adjudication noticed and docketed for hearing, counsel for respondent and administrative complaint counsel may agree, or the presiding officer may require, that a prehearing conference be held among such counsel, or together with the board's independent counsel appointed pursuant to §1304.W hereof, for the purpose of simplifying the issues for hearing and promoting stipulations as to facts and proposed evidentiary offerings which will not be disputed at hearing.

2. Following such prehearing conference the parties shall, and without such conference the parties may by agreement, agree in writing on a prehearing stipulation which should include:

a. a brief statement by administrative complaint counsel as to what such counsel expects the evidence to be presented against respondent to show;

b. a brief statement by respondent as to what the evidence and arguments in defense are expected to show;

c. a list of the witnesses to be called by administrative complaint counsel and by respondent, together with a brief general statement of the nature of the testimony each such witness is expected to give;

d. any stipulations which the parties may be able to agree upon concerning undisputed claims, facts, testimony, documents or issues; and

e. an estimate of the time required for the hearing.

W.1. Unless otherwise requested by the respondent, adjudication hearings, being the hearing conducted on the merits of the administrative complaint, shall be conducted in closed session.

2. At an adjudication hearing, opportunity shall be afforded to administrative complaint counsel and respondent to present evidence on all issues of fact and argument on all issues of law and policy involved, to call, examine and cross-examine witnesses, and to offer and introduce documentary evidence and exhibits as may be required for full and true disclosure of the facts and disposition of the administrative complaint.

3. Unless stipulation is made between the parties and approved by the board, providing for other means of recordation, all testimony and other proceedings of an adjudication shall be recorded by a certified stenographer who shall be retained by the board to prepare a written transcript of such proceedings.

4. During evidentiary hearing, the presiding officer shall rule upon all evidentiary objections and other procedural questions, but in his discretion may consult with the entire panel in executive session. At any such hearing, the board may be assisted by legal counsel retained by the board for such purpose, who is independent of administrative complaint counsel and who has not

participated in the investigation or prosecution of the case. If the board or panel is attended by such counsel, the presiding officer may delegate to such counsel ruling on evidentiary objections and other procedural issues raised during the hearing.

5. The record in a case of adjudication shall include:

- a. the administrative complaint and notice of hearing, respondent's response to the complaint, if any, subpoenas issued in connection with discovery, and all pleadings, motions, and intermediate rulings;
- b. evidence received or considered at the hearing;
- c. a statement of matters officially noticed except matter so obvious that statement of them would serve no useful purpose;
- d. offers of proof, objections, and rulings thereon;
- e. proposed findings and exceptions, if any;
- f. the decision, opinion, report or other disposition of the case made by the board.

6. Findings of fact shall be based exclusively on the evidence and on matters officially noticed.

X.1. In an adjudication hearing, the board may give probative effect to evidence which possesses probative value commonly accepted by reasonably prudent men in the conduct of their affairs. Effect shall be given to the rules of privilege recognized by law. The board or panel may exclude incompetent, irrelevant, immaterial, and unduly repetitious evidence. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, when a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be received in written form.

2. All evidence, including records and documents in the possession of the board which administrative complaint counsel desires the board to consider, shall be offered and made a part of the record, and all such documentary evidence may be received in the form of copies or excerpts or by incorporation by reference, the materials so incorporated shall be available for examination by the respondent before being received in evidence.

3. Notice may be taken of judicially cognizable facts and generally recognized technical or scientific facts within the board's knowledge. Parties shall be notified either before or during the hearing of the material noticed or sought by a party to be noticed, and they shall be afforded an opportunity to contest the material so noticed. The board's experience, technical competence and knowledge may be utilized in the evaluation of the evidence.

4. Any member of the board serving as presiding officer in an adjudication hearing shall have the power to and shall administer oaths or affirmations to all witnesses appearing to give testimony, shall regulate the course of the hearing, set the time and place of continued hearings, fix the time for the filing of briefs and other documents, if they are required or requested, and may direct the parties to appear and confer to consider simplification of the issues.

5. Except as otherwise governed by the provision of these rules, adjudication hearings before the board shall be governed by the Louisiana Code of Evidence, insofar as the same may be applied.

Y. The board may make informal disposition, by default, consent order, agreement, settlement or otherwise of any adjudication pending before it. A consent order shall be

considered by the board only upon the recommendation of the investigating officer.

Z.1. The final decision of the board in an adjudication proceeding shall, if adverse to the respondent, and otherwise may be, in writing, shall include findings of fact and conclusions of law, and shall be signed by the presiding officer of the hearing panel on behalf and in the name of the board.

2. Upon issuance of a final decision, a certified copy thereof shall promptly be served upon respondent's counsel of record, or upon respondent personally in the absence of counsel, in the same manner of service prescribed with respect to service of administrative complaints.

AA.1. A decision by the board in a case of adjudication shall be subject to rehearing, reopening, or reconsideration by the board pursuant to written motion filed with the board within ten days from service of the decision on respondent or on its own motion. A motion for rehearing, reopening, or reconsideration shall be made and served in the form and manner prescribed by §1304.Q and shall set forth the grounds upon which such motion is based, as provided by Subsection B of this Section.

2. The board may grant rehearing, reopening, or reconsideration if it is shown that:

- a. the decision is clearly contrary to the law and the evidence;
- b. the respondent has discovered since the hearing evidence important to the issues which he or she could not have with due diligence obtained before or during the hearing;
- c. other issues not previously considered ought to be examined in order properly to dispose of the matter; or
- d. there exists other good grounds for further consideration of the issues and the evidence in the public interest.

BB. Pursuant to R.S. 34:945(C)(3), the board of Examiners shall have the authority to impose a fine of not more than \$500 on any bar pilot, to reprimand or remove from a vessel any bar pilot, or to recommend to the governor that the commission of any bar pilot be suspended or revoked, if after a hearing conducted in accordance with these Rules and regulations and the administrative procedure act a bar pilot is found in violation of any rule or regulation adopted by the board of examiners.

CC. The authority established in these rules is in addition to and in no way limits the authority of the board to seek to remove or to remove a pilot from a vessel pursuant to the provisions of R.S. 34: 947 and RS. 49:961(C).

E. Each distance education course for which credit is granted toward prelicensing educational requirements must be approved by the commission for course content and by the Association of Real Estate License Law Officials (ARELLO) for delivery standards. The school must apply for and receive course content approval from the commission prior to applying for ARELLO certification.

**§113. Social Work Relationships**

A. - A.2. ...

3. Hiring or bartering for services of a personal nature with the client, supervisee or student at the social worker's office, home or other location.

4. - 7. ...

B. Dual Relationships. Social workers have an affirmative duty to maintain the best interest of clients and former clients as the predominant consideration during the existence of the social worker/client relationship and thereafter. While clients and former clients with whom the social worker has or had a clinical/therapeutic relationship are at greater risk, any relationship with a client or a former

client exposes clients and former clients to a risk of exploitation. Social workers shall be aware, even in those instances where other relationships are not specifically prohibited, that the social worker by promoting, encouraging, or participating in any relationship with a client or former client runs a risk of exploitation.

1. Personal relationships with clinical/therapeutic clients. A social worker shall not engage in a personal relationship with a clinical/therapeutic client. When a social worker may not avoid a personal relationship with a clinical/therapeutic client, the social worker shall take necessary protective measures consistent with the best interests of the clinical/therapeutic client.

2. Personal relationships with former clinical/therapeutic clients. A social worker may engage in a personal relationship, except as prohibited by Rule 113.B.4., with a former clinical/therapeutic client, if the former clinical/therapeutic client was notified of the termination of the professional relationship. The social worker has a continuing duty to safeguard the best interests of the former clinical/therapeutic client.

3. Sexual contact with a client, supervisee or student. A social worker shall not engage in or request sexual contact as defined in §113.B.5., with a client, a client's spouse or former spouse, any member of the client's immediate family or with any person with whom the client has a sexual relationship. The prohibition of this rule extends to supervisees and students during such times and under such circumstances where the social worker is in a supervisory or teaching relationship. This Rule also expressly prohibits social workers from engaging in any behavior which a reasonable person would find sexually stimulating, seductive or sexually demeaning when such behavior is either directed toward or exhibited in the presence of any person with whom sexual contact is otherwise prohibited by this Rule. Social workers shall not sexually harass a client, supervisee or student.

4. Sexual contact with a former client. A social worker who has provided clinical/therapeutic social work services to a client shall not engage in or request sexual contacts as defined in §113.B.5., with the former client under any circumstances. A social worker who has provided other social work services to a client should not engage in or request sexual contact as defined in §113.B.5., with the former client at any time if such contact exposes the former client to exploitation or harm.

5. Sexual contact defined. Sexual contact means sexual touching, sexual intercourse, either genital or anal, cunnilingus, fellatio, or the handling of the breasts, genital areas, buttocks, or thighs, whether clothed or unclothed, by either the social worker or the client.

6. Business relationship with a client, supervisee or student. A social worker shall not engage in any type of business relationship other than the provision of social work services, including social work supervision. Business relationships do not include purchases made by the social worker from the client, supervisee or student when they are providing necessary goods or services to the general public.

7. Business relationship with a former client. The social worker has a continuing duty to safeguard the best interests of the former client.

8. Prior personal or business relationships. A social worker should exercise caution before engaging in a professional relationship with an individual with whom the social worker had a previous personal or business relationship.

9. Social worker responsibility. A social worker shall be solely responsible for acting appropriately in regard to relationships with clients or former clients. A client or a former client's initiation of a personal, sexual, or business relationship shall not be a defense by the social worker for a violation of §113.B.1.-8.

A. - C. ...

A social worker shall not knowingly participate in any activity or practice (including hiring, supervising, or concealing) by which activity or practice an individual engages or continues to engage in a practice of social work which is prohibited by R. S. 37:2709 or which activity or practice aids or abets any violation of R.S. 37:2720. **§317. Continuing Education Requirements**

A. The purpose of continuing education is to protect the public by:

1. ensuring that the practitioner has formal opportunities to upgrade and update professional knowledge and skills; and

2. encouraging the practitioner to learn from other professionals; and

3. assisting the professional to expand his/her expanded professional resource network.

B. Consequently, approved learning situations emphasize opportunities for professional interaction and relationship-building.

C. Any credentialed social worker may be audited. It is important to keep good records of continuing education experiences for at least one year and to be able to explain the nature of the content covered.

D. Random audits are done to ensure that the continuing education mandate is applied fairly to all credentialed social workers.

E. For audit purposes, only certificates of attendance, sign-in sheets signed by a representative of the sponsoring organization, or an original letter from the sponsoring organization will be accepted as proof of attendance for continuing education events.

F. The collection period for continuing education hours is July 1, through June 30 of each fiscal year.

G. Continuing education hours are pro-rated as follows during the initial year of registration, certification or licensure.

Month Received	Hours Required
April, May, June	-0-
July, August, September	20
October, November, December	15
January, February, March	10

H. Continuing education hours collected in the month of June may be used for the current collection period or may be carried over to the next collection period.

I. In the case of extenuating circumstances, when the individual does not fulfill the continuing education requirements, the individual shall submit a written request for extension to the Board for consideration.

J. Continuing Education Requirements for the Registered Social Worker

1. Twenty clock hours of continuing education in programs approved by the Board shall be obtained prior to each renewal date including three clock hours in social work ethics once every two years.

K. Continuing Education Requirements for Graduate Social Worker

L. Continuing Education Requirements for Licensed Clinical Social Worker

1. Twenty clock hours of continuing education in programs approved by the board shall be obtained prior to each renewal date to include:

a. Three clock hours in social work ethics once every two years,

b. Ten clock hours in social work supervision, once every five years to maintain the board approved supervisor status, and

c. Ten clock hours each year shall be clinical content including diagnosis and treatment.

2. For the collection period July 1, 1999 through June 30, 2000 only, LCSWs must collect twenty clock hours of continuing education in programs approved by the board to include:

a. Three clock hours in social work ethics once every two years.

b. Ten clock hours in social work supervision, once every five years to maintain the board approved clinical supervisor status, and

c. Five clock hours of clinical content, including diagnosis and treatment.

M. The following learning forums are approved for continuing education and must contain content applicable to social work practice:

1. Educational offerings (workshops, conferences, courses, seminars, teleconferences, telecourses, and Internet courses) sponsored by professional organizations such as: Louisiana Council for Social Work Education, National Association of Social Workers, Clinical Social Work Federation, Council on Social Work Education, American Medical Association, American Psychiatric Association, American Psychological Association, American Hospital Association and Association of Social Work Boards or other appropriate professional entities. Workshops with content applicable to social work practice which are offered by appropriate professional entities or individuals and approved by one of the approval organizations for continuing education credits are also acceptable.

2. Should the individual social worker make the determination that an education offering which is not pre-approved by one of the approval organizations has content applicable to social work practice, the social worker may complete and submit the *Guide for Assessment of Continuing Education* (§317. P.) to the Board for consideration.

3. Distance learning (teleconferences, telecourses, and Internet courses sponsored by entities listed in §317. L.1, or an accredited university) cannot exceed a total of 8 clock hours of the required 20 clock hours of continuing education required annually for renewal of social work credentials.

4. Continuing education activities or academic courses provided by accredited schools of social work. Academic course work counts per actual class hour.

5. Presentations of content applicable to social work practice at professional conferences, staff development meetings, and other appropriate forums in which you are the primary presenter. These presentations count 1 1/2 times the actual time of the presentation, in order to give credit for preparation time. (Example: You prepare a presentation on Holiday Stress that last one hour. You will receive 1 1/2 hours continuing education credit for this presentation.) Presentation and preparation time may only be counted once for each topic. Academic preparation and teaching of social

work content (undergraduate or graduate) may be counted once in the same manner, unless the course has been revised to include substantially new content and text books. Please be prepared to provide the exact nature of the content and presentation.

6. Teleconferences which deal with content applicable to social work practice, are presented by a creditable and knowledgeable presenter, and are aimed at a professional audience.

7. Attendance at staff development presentations with content applicable to social work practice (such as staff meeting with a formal and in-depth presentation on working with clients who present borderline symptoms, etc.). Please be prepared to provide the dates and nature of the content covered. Case based staffing meetings are not included as appropriate continuing education experiences.

8. Attendance at professional social work meetings, Association of Social Work Boards (ASWB) item writing workshops, symposiums, panel discussions, or conferences sponsored by the professional associations suggested in §317.L.1. Please be prepared to provide the dates and nature of content or consultation covered.

9. Formal study groups of three or more participants. Must submit name, address, telephone number and credentials of group members to the board office. Study groups should maintain records of topics, attendance, meeting times, and presenters for audit purposes.

10. Contracted professional consultation which the credentialed social worker receives. Must provide the paid consultants name, address, telephone number, credentials, and the dates and focus of consultation.

11. Preparation of substantial written material with content applicable to social work practice which requires literature search, research, and explication of social work content (such as writing a social work article or book for publication, or a major grant application). Please provide specific information about the nature of the written work, the effort required, and the publisher or funding agency. These activities may be counted for no more than five hours continuing education.

12. Social workers should be doing consistent independent study. However, such study does not meet the goal of increasing professional relationships and networks. Consequently self-study programs are approved only for rural areas or if the licensee is physically incapacitated. All self-study programs must receive pre-approval from the board.

N. The intent of the continuing education requirement is to enhance competence, not to cause undue expense or burden to the credentialed social worker. The board encourages social workers to develop learning options which enhance their abilities to do their various social work roles. For instance:

1. a study group might have presentations from professionals who represent different community resources for clients, or might have formal book reviews and discussions of substantial social work books;

2. a staff development meeting might examine recent federal or state policies which affect social work services, or ways to increase cultural diversity and sensitivity among staff;

3. a social work faculty meeting might have a formal presentation on how to work with students who have diagnosed mental health conditions;

4. an administrator might contract for consultation on how to deal with staff who are drug or alcohol impaired.

O. The following learning situations will not be accepted:

1. banquet speeches;
2. non-social work content courses not directly related to enhancement of social work skills or performance as a social work employee. (Example: Computer, financial or business management courses designed to enhance the business of private practice);
3. staff orientation, administrative staff meetings and case management meetings;
4. book reports or critiques of professional journal articles.

**Chapter 5. Minimum Supervision Requirements §503. GSWs Seeking the LCSW Credential**

A. Supervision for the LCSW license can begin after the MSW obtains Graduate Social Work or Provisional Graduate Social Work certification.

B. GSWs seeking the LCSW credential must receive a minimum of 24 accumulated calendar months of supervised full-time postgraduate social work practice under the supervision of a Board Approved Clinical Supervisor (BACS).

C. MSW applicants who began their supervised experience on or before December 31, 1999 and filed a Contract for Supervision at the board office postmarked on or before December 31, 1999, shall be required to submit only 24 accumulated months of supervised post graduate social work experience in accordance with the board's supervision rules and on the forms provided by the board to qualify for the LCSW examination and license.

D. A calendar month is counted from the first working day of the month to the last day of that month. GSWs may obtain a list of Board-Approved Clinical Supervisors (BACS) from the board office.

E. Face-to-face supervision for licensure must total at least 96 hours.

F. Supervision segments of no fewer than 30 minutes will be counted toward meeting the supervision requirement.

G. The requirement for supervision is at least 4 hours per calendar month with at least two different supervision contacts per month.

H. One-half (48 hours maximum) of the supervision requirement may be met through group supervision, occurring in increments of no more than two hours per group. No more than five supervisees may be involved in supervision groups.

I. The supervisee and supervisor must keep accurate records of both the dates of supervision times and the hours spent in supervision for potential audit of records. This information must be submitted to the board office on the supervision form entitled *Record of Supervision*.

J. Supervised work experience eligible to be counted towards licensure begins on the first working day of the first full calendar month after the first supervisory session.

K. School social workers may only count supervision that occurs during the full months in which they are employed in a social work position.

L. The original Plan of Supervision must be submitted to the board office within 60 days of the first supervision session. A Plan of Supervision shall be submitted on each supervision experience.

M. The individual completing supervision toward the LCSW supervised experience requirement must use the following forms to submit their supervision to the board office:

1. Registration of Supervision;
2. Employer Verification Affidavit;
3. Plan of Supervision;
4. Record of Supervision;

5. Evaluation of Supervision;
6. Termination of Supervision;
7. Professional Experience Verification Affidavit.

N. Form must be legible. Preferably, material on forms should be typed, but if not typed, the forms must be printed neatly and legibly. Forms which are not legible will be returned.

O. Only original, unaltered supervision forms may be submitted to the board office. Copies, faxes, or forms with any alterations (such as white-out or mark-outs) will not be accepted.

P. To register her/his intent to initiate supervision, the GSW must submit the completed Registration of Supervision, with the registration fee of \$35.00.

Q. The Plan for Supervision will be reviewed and revisions may be required. Revisions shall be submitted to the board office within 30 days of receipt by the supervisee/supervisor.

R. The supervisee shall submit an Employer Verification Affidavit form from each place of social work employment after she/he receives the MSW degree. The form shall be completed by the employer, not the supervisor (unless the employer and the supervisor are one and the same).

S. Termination and Evaluation forms shall be submitted to the board office at the end of the supervisory period, and must clearly designate the beginning and ending dates of supervision.

T. Sometimes it is necessary for a supervisor to discontinue supervising a GSW for licensure. When this occurs, no matter what length of time the supervisor actually supervised the supervisee, the supervisor must submit an Evaluation and Termination form.

U. The Professional Experience Verification Affidavit shall be submitted to the board office at the end of the 36 accumulated months of work experience from each place of employment.

V. The supervisor has a professional responsibility to honor his/her commitment to supervise responsibly, which includes submitting forms on a timely basis. Should the supervisor fail to submit forms appropriately, legibly, and on a timely basis, the board reserves the right to withdraw the BACS designation from the supervisor.

W. When supervision is provided to a GSW by a LCSW-BACS supervisor, not an agency employee, social work ethics require that the LCSW-BACS take responsibility for securing agency agreement to the Plan of Supervision, whether the fee for supervision is paid by the agency or the supervisee.

1. The LCSW-BACS is responsible for clarifying with the agency administration, the supervisory role responsibilities and the content of supervision.

2. Under such a plan the supervisee's written evaluation is made available to the agency if the agency is paying for the supervision. If the supervisee is paying the fee, the evaluation is the supervisee's property.

X. If the GSW receives supervision outside of the state of Louisiana, that supervision will be accepted if:

1. the supervisor has completed the authorized forms of the Louisiana State Board of Social Work Examiners;

2. the supervisor was licensed at the time of supervision in the other state and submits the License

Verification of Out-of-State Supervisor form (available from board office);

3. the supervisor was certified by the Academy of Certified Social Workers (ACSW) at the time of supervision, which the supervisor must verify.

Y. A supervisory record shall include:

1. plan for supervision,
2. learning assessment of supervisee
3. record of all supervisory sessions, and any canceled or missed appointments,
4. overview of cases discussed, as well as significant decisions made,
5. any ethical concerns,
6. significant problems arising in supervision, and how they were resolved,
7. memos and correspondence,
8. for all above data, dates completed and person completing the item.

Z. The board's publication, *Supervision for Professional Development and Public Protection: A Guide*, provides more information relative to supervision.

A. To qualify for the Board-Approved Clinical Supervisor (BACS) designation, a social worker must:

1. hold the LCSW license;
2. verify at least 3 years of full-time social work experience at the LCSW level;
3. submit two letters of reference to the board from other professionals (one of whom should be an LCSW) who are familiar with the licensee's work, including supervision skills;
4. participate in a Board Orientation Workshop;
5. participate in a board pre-approved workshop on the theory and techniques of supervision as well as procedures used in supervision toward licensure of at least 10 hours duration;
6. all requirements must be met before the social worker becomes a BACS.

B. To continue the BACS designation in good standing, the social worker must:

1. maintain LCSW licensure;
2. appropriately conduct all supervisory duties explicated in Rule No. 503. Failure to comply with all regulations may result in the board lifting the BACS designation from the LCSW License.

3. participate in a board pre-approved workshop on the theory and techniques of supervision as well as procedures used toward licensure of at least 10 hours duration once every five years effective July 1, 1995. This means those BACS supervisors who achieved their BACS status before July 1, 1995 must attend another supervision workshop before June 30, 2000 and every five year period thereafter.

**Chapter 7. Impaired Professional Program Authority**  
**§701. Authority**

A. The Louisiana State Board of Social Work Examiners recognizes that impairments in the functioning of persons licensed, credentialed or registered to practice under the auspices of the Louisiana Social Work Practice Act can affect competent delivery of social work services and impair professional judgment.

B. Therefore, in order to safeguard the public health, safety, and welfare of the people of this state, as mandated by R.S. 37:2701, the Louisiana State Board of Social Work Examiners establishes the Social Work Impaired Professional Program.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:2705.C.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Certified Social Work Examiners, LR 29:

**§703. Purpose and Scope**

A. The goal of the *Social Work Impaired Professional Program* is to provide for public protection through monitoring and a remediative course of action applicable to social workers who are functionally impaired in their ability to safely practice social work. Impairments include, but are not limited to mental, physical, and addictive disorders or other conditions. The program also supports recovery through preventive measures and allows entrance into the program before harm occurs.

B. A social worker who meets the requirements of R.S. 37:2706, 2707 or 2708 may enter the program subsequent to voluntary disclosure of impairment via an initial or renewal application for a credential. Entrance into the program may also occur by determination of the board, following involuntary disclosure of impairment in accordance with R.S. 37:2717(A)(2) or R.S. 37:2717(B)(4), or by other circumstances deemed appropriate by the board. Participation in the program may hence be required as a prerequisite to continued social work practice in accordance with the conditions of any consent order, compliance or adjudication hearing.

C. Professionals who participate in evaluation, monitoring or treatment and who are approved or designated by the Board to render these services are afforded the immunity provisions of the Social Work Practice Act, R.S. 37:2723. The social worker will be responsible for executing all required releases of information and authorizations required for the Board or its designees to obtain information, from any monitor, treatment or service provider concerning the social workers progress and participation in the program.

**§705. Program Implementation**

A. The board may utilize its discretionary authority to require or exclude specific components of this program for participants based upon determination of the nature and severity of the impairment. Participation in the *Social Work Impaired Professional Program* may consist of all or part of the following components.

1. The program participant will submit to an assessment relative to the impairment:

a. This assessment will be completed by a licensed professional who is pre-approved by the board.

b. The format and content of this assessment will meet the requirements designated by the board, but will at a minimum contain information concerning previous inpatient/outpatient treatment episodes; relapse history; an assessment of the participant's psychosocial, physical and other needs relative to the impairment, and recommendations for future treatment.

c. The assessment will be forwarded to the board by the professional completing the assessment, and received by the Board no later than 30 days following the board's determination of the participant's eligibility or requirement to participate in the program.

2. The participant may be required to submit to ongoing monitoring for a period of up to five years.

a. The beginning date of the monitoring period will be the date upon which a consent order is formally signed by the social worker and the board, or the date of the board's official decision to require program participation in the event of an adjudication hearing.

3. During the monitoring period the social worker will submit to random bi-monthly drug and/or alcohol screenings as determined appropriate by the board, or other monitoring requirements which are pertinent and relative to the documented impairment.

a. The interval and timing of the required screening will be directed by a Monitor who is pre-approved by the board. This monitor will be considered to have been duly selected by the board as its agent for the purposes of directing the required screens.

b. The results and reports of the results of all screens will be submitted to the board before the final business day of the month following the date of the screen.

4. Receipt by the board of any positive, unexplained substance abuse/drug screen or reports of non-compliance or complications relative to the impairment during the monitoring period may result in suspension, or other appropriate action pertaining to the social workers credential as determined appropriate by the board.

5. When the impairment is substance related, the social worker is required to attend Twelve Step meetings on a regular basis as determined appropriate by the designated licensed substance abuse professional, and as approved or required by the board, but should be no less than four times monthly.

a. A pre-approved monthly log must be submitted to and received by the board before the final business day of the month following completion of the required meetings. It is the social worker's responsibility to ensure that these logs are properly completed and received by the Board by the designated date.

b. The log requires documentation of the name of the sponsor, and meeting dates and times.

c. Submission of logs will be required for at least one year of program participation, but may be required for any period of time up to and including the entire term of monitoring as determined by the designated licensed substance abuse professional and as approved or required by the Board.

6. During the monitoring period the social worker may be required to participate in professional supervision

with a board approved and designated LCSW at a frequency determined by the board for a period of time up to and including the entire five year period of monitoring.

7. In the event that a social worker relocates to another jurisdiction, the social worker will within five days of relocating be required to either enroll in the other jurisdiction's impaired professional program and have the reports required under that agreement sent to the Louisiana State Board of Social Work Examiners, or if the other jurisdiction has no impaired professional program, the social worker will notify the licensing board of that jurisdiction that the social worker is impaired and enrolled in the Louisiana *Social Work Impaired Professional Program*. Should the social worker fail to adhere to this requirement, in addition to being deemed in violation of the program requirements and corresponding consent order or adjudication, the social worker's social work credential will be suspended.

8. The social worker shall notify the board office by telephone within 48 hours and in writing within five working days of any changes of the social worker's home or work address, telephone number, employment status, employer and/or change in scope or nature of practice. The social worker may satisfy the notice by telephone requirement by leaving a voice message at the board office at times when the office is closed.

9. Other requirements for participation in the program may include but are not limited to limitations of social work practice.

10. The board, in addition to other conditions, may require that the social worker obtain regularly scheduled therapy (at a prescribed interval).

a. The type and interval of therapy may be recommended by the designated pre-approved licensed professional responsible for program monitoring, as approved by the board.

b. The type and interval of therapy may be required by the board.

c. The social worker may choose the licensed substance abuse professional, or other qualified professional to provide this therapy, subject to board approval and designation.

11. Notification of a violation of the terms or conditions of this agreement, consent order or adjudication order may result in the immediate suspension of the individual's social work credential to practice in the State of Louisiana.

12. The social worker shall be responsible for all costs incurred in complying with the terms of this agreement, including but not limited to therapy, assessments, supervision, drug/alcohol screens and reproduction of treatment or other records.

13. The social worker must submit to the board an appropriately notarized statement indicating acceptance of the required conditions of participation in the *Social Work Impaired Professional Program* as mandated by the board, along with all initial (or updated) releases or authorizations for the board or its designees to obtain information concerning the social worker's participation and progress in the program. This statement and the required releases and authorizations must be submitted prior to the issuance of any initial credential or re-issuance of a renewal of a credential.

14. The board will, to the full extent permissible under R.S. 44:4(26), maintain an agreement or consent order relating to the social worker's participation in the *Social Work Impaired Professional Program* as a confidential matter. The board retains the discretion to share information it deems necessary with those persons providing evaluation/assessment, therapy, treatment, supervision, monitoring or drug/alcohol testing or reports. Violation of any terms, conditions or requirements contained in any consent order, or Board decision can result in a loss of the confidential status.

## **Chapter 9. Procedural Rules**

### **§901. Authority**

A. Consistent with the legislative purpose specified in R.S. 37:2701 through 2723, and to protect the safety and welfare of the people of this state against unauthorized, unqualified and improper practice of social work, the following rules, standards, and procedures are established under the board's rule making authority of R.S. 37:2705(C), 37:2717(C)(E) and R.S. 49:952.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:2705.C.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Certified Social Work Examiners, LR 29:

### **§903. Complaint Origination**

A. The board is authorized to receive from any person a complaint or complaints against social workers licensed, certified, provisionally certified, or registered under R.S. 2701 et seq., (hereinafter referred to as *social workers*), as well as complaints against any level of social work applicant. Throughout these rules, the term *license* or *licensed* includes the term *certification*, *provisional certification*, and *registration* and also applies to any social workers who are certified, provisionally certified, or registered. The board is also authorized to initiate such complaint(s) when the board otherwise possesses or obtains information which satisfies the board that such a complaint is warranted.

B. Any complaint bearing on a social worker's professional competence, conviction of a crime, unauthorized practice, the assisting of unauthorized practice, mental competence, neglect of practice, or violation of the Social Work Practice Act (including these rules and standards), or for any of the causes specified for disciplinary action in R.S. 37:2717 shall be submitted to the board in a timely manner and in writing.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:2705.C.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Certified Social Work Examiners, LR 29:

### **§905. Investigation Procedures**

A. When the board receives a written complaint, report, or other information which, if established as being true, would constitute just cause under the law for revocation, suspension, denial of license, or any other form of discipline specified in R.S. 37:2717(B), the board may refer the complaint, report or information to the board administrator

and/or to the board's designated complaint investigation officer (hereinafter referred to as the CIO). The CIO may be an employee of the board or provide investigation services under contract with the board. The board's administrator and staff and/or the CIO shall conduct such investigation or inquiry as the board deems appropriate to determine whether there is probable cause to initiate formal administrative proceedings against the involved social worker. To assist in the investigation, the board is authorized to issue, as necessary or upon request, such investigative subpoenas as may be required to obtain documents, the appearance of witnesses, or sworn statements or testimony.

B. Except for the notice required by §711.B. and §737.C., all other notices, correspondence or written communication relating to complaints, investigations, notices of investigations, conferences, decisions, orders, etc., may be served on or delivered to the involved social worker, complainant(s), or witnesses by regular mail or, when deemed appropriate or necessary by the board or its administrator, by personal delivery (service) or other available means. Notices shall be delivered with the designation "personal and confidential" clearly marked on the outside of the envelope.

C. Under normal circumstances, the involved social worker will receive prompt written notice from the board's administrator of the initiation or pendency of an investigation. The notice shall contain sufficient detail of the nature and the basis of the complaint or other information giving rise to the investigation, as well as a preliminary statement of the possible violations involved. The notice shall also provide the social worker with an opportunity to respond in writing to the complaint or to provide other information relating to the investigation. When such notice, in the judgment of the CIO and/or the board's administrator, is likely to prejudice the investigation, the notice may be delayed. Any delay in the notice to the involved social worker beyond the first 20 days of the investigation will require the board's administrator to obtain board approval for any additional delay.

D. Board members as members assigned by the agency to make findings of fact and conclusions of law will not and may not participate in the investigation. No board member shall accept contact or communicate with a social worker involved in an investigation, any person on behalf of the social worker, legal counsel for any party, the complainant, witness, or potential witness. If any of these persons attempt to contact a board member, the board member shall promptly refer the matter to the board's administrator and/or the board's legal counsel. This restriction conforms with R.S. 49:960(A) and is not intended to restrict those routine communications which are in no way related to a case under active investigation or adjudication.

E. The investigation and recommended action or report should be completed within 60 days following the date of the board's written referral for investigation. If the board's administrator and/or CIO shows good cause, the board may extend the time for investigation for a reasonable time not to exceed an additional 60-day period.

F. The board will not authorize a delay in notice to the involved social worker or an extension of time for concluding an investigation if this action would be inconsistent with the limitations set out in R.S. 37:21. The

board shall schedule hearings and provide notice of hearings consistent with those statutory limitations.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:2705.C.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Certified Social Work Examiners, LR 29:

#### **§907. Disposition of Investigation**

A. The board may, before, during, or following an investigation, or after the filing of an administrative complaint, dispose of any complaint informally through correspondence or conference with the social worker and/or the complainant. This action may occur whether requested by the involved social worker or recommended by the CIO, or at any time as deemed appropriate by the board. Such informal resolution may take the form of any informal disposition recognized in R.S. 49:955(D) or any other form of agreement which adequately addresses the complaint or the matter under investigation. Such agreement is binding upon the involved social worker and the board. When an informal disposition occurs after an administrative complaint is filed with the board, the agreement requires the concurrence of the assistant attorney general handling the case. This concurrence further requires a certification by the assistant attorney general that the social worker's conduct as specified in the informal disposition documents is consistent with the known evidence which could be presented at an adjudication hearing.

B. Any attempt by the board to resolve a complaint by informal disposition which does not result in a disposition of the complaint or matter under investigation, will in no way preclude further investigation of that matter or complaint. The participation in any such attempt by the board or any of its members will in no way disqualify the board or any of its members from serving on an adjudication hearing panel dealing with an administrative complaint on the same subject matter as the attempted informal resolution. The board and the hearing panel is authorized to obtain waivers related to their participation in informal disposition procedures signed by the involved social worker and the social worker's legal counsel, if any, prior to its participation in such informal procedures.

C. At the conclusion of the investigation, the board's administrator will receive a written report from the CIO and/or the board's administrative staff. The written report shall provide a summary of the complaint or basis for the investigation, a general statement of the evidence relating to the investigation and the investigator's determination and recommendation. If the report contains a recommendation that the complaint be dismissed due to a lack of evidence, inadequate legal cause for the filing of an administrative complaint, or for any other reason, the administrator promptly shall notify the board chairperson who will, on a rotating basis, designate a board member to review the complaint, the complete investigative materials of the CIO or the board's administrative staff, and any investigative reports and recommendations. This review shall include an assessment of the quality and thoroughness of the investigation and the legal and/or factual basis for the recommended dismissal. The reviewing board member shall promptly report to the board his or her assessment of the investigation and the basis for the recommended dismissal. Unless the complaint is the subject of an informal

disposition as specified in Subsection A above, no complaint may be dismissed without board member review of the investigation and a vote of the board on the recommendation of the investigator's report. The board may accept the recommendation of the report and dismiss the complaint or may refer the matter back to the board's administrator for further investigation as it deems necessary. In the event the board votes to dismiss the complaint, both the involved social worker and the complainant will be notified in writing concerning the board's action. Notwithstanding §705.D., no board member will be disqualified from serving on a hearing panel on a complaint merely because the board member was designated to review the complaint or participated in a vote related to the recommendation of the dismissal of any complaint.

D. If the investigation report contains a determination that there is probable cause to believe that the involved social worker has engaged or is engaging in conduct, acts, or omissions constituting legal cause under the law, these rules and regulations, or ethical standards for any form of disciplinary action as specified in R.S. 37:2717, then the administrator shall promptly notify the attorney general or the assistant attorney general assigned to prosecute such matters on behalf of the state pursuant to R.S. 37:2717(C). The notice shall deliver to the assistant attorney general all investigative reports, statements, notes, recordings, court records, and other data obtained in the course of the investigation. It will also request the preparation of a draft of an administrative complaint regarding any violations which are disclosed in or suggested by the investigation. The assistant attorney general prosecuting the matter may request and obtain other information from the board's administrator, including access to consultants to assess the results of the investigation and prepare a draft of the administrative complaint. The draft of the administrative complaint shall identify the involved social worker and be prepared in the same form and content as the administrative complaint specified in §709.B of these rules. The draft of the administrative complaint shall be signed by the assistant attorney general and delivered to the board's administrator within 30 days of the notice and delivery to the assistant attorney general of the investigation, report and specified materials. The board's administrator is authorized to extend the time for the submission of the draft of the administrative complaint for a reasonable time as requested by the assistant attorney general, provided that such extensions do not foreclose action on the complaint or the scheduling of a hearing due to the limitations contained in R.S. 37:21.

E. Upon receiving a signed draft of the administrative complaint, the administrator shall mail a copy of the draft complaint together with a notice letter to the involved social worker. The letter will advise of the intent to file the administrative complaint and give the social worker a reasonable opportunity pursuant to R.S. 49:961(C) to show compliance with all legal requirements of the social worker's license, or to show that the complaint is unfounded.

F. Should the involved social worker fail to respond within the time provided (which time may be extended by the administrator upon good cause shown), or if the social worker's response does not satisfactorily demonstrate that the social worker is in lawful compliance or that the complaint is unfounded; the administrator shall in

consultation with the assistant attorney general prepare an original complaint in the form of the draft complaint for filing with the board. In determining the adequacy of any response submitted by the social worker, the administrator should consult with the assistant attorney general. The administrator may also consult with its general legal counsel (also referred to in these procedural rules as independent counsel) on any legal issues relating to the response submitted by the social worker.

#### **§909. Administrative Complaint Procedure**

A. An original of the administrative complaint shall be signed and approved by the assistant attorney general and delivered to the board's administrator prior to being filed with the board. The board's administrator shall place the administrative complaint on the board agenda for the next scheduled meeting of the board. When the board receives the administrative complaint, the board will docket the complaint under its designated numbering system and schedule a hearing.

B. The administrative complaint shall identify the involved social worker and any license, provisional license, certificate or registration number. In separately numbered paragraphs, the complaint shall concisely state the material facts and the matters alleged to be proven, including the facts giving rise to the board's jurisdiction over the respondent social worker, the facts constituting legal cause for the complaint against the respondent under law (including the specification of the Practice Act, the Administrative Procedures Act, the Board's Rules, Standards, and Procedures, or any other statutory law alleged to have been violated by the respondent social worker). The complaint shall request an administrative sanction or relief which the assistant attorney general seeks in the name of the State of Louisiana. It shall bear the name, address and telephone number of the assistant attorney general.

#### **§911. Notice of Administrative Complaint and Hearing Scheduling**

A. Upon the docketing of the administrative complaint, the board should schedule the complaint for a hearing before a hearing panel of the board. This hearing shall take place not less than 30 days nor more than 150 days of the docketing of the complaint, provided that the time for the hearing may be lengthened as the board deems necessary or appropriate, or upon good cause shown by motion of the attorney general or respondent. Any requests for extension of time to schedule the hearing beyond 150 days after docketing shall be considered the filing of a procedural motion under R.S. 37:21(A)(5).

B. If the board finds that public health, safety, or welfare imperatively requires emergency action and incorporates a finding to that effect in its order, the board may enter an order of summary suspension of the respondent social worker's license pending proceedings for revocation or other

action in accordance with R.S. 49:961(C). In that event, the scheduled hearing on the summary suspension shall be noticed and scheduled not more than 45 days after the order of such summary suspension. Scheduling may extend beyond the 45 day period if requested by the involved social worker.

C. The respondent social worker will be served written notice of the administrative complaint; the time, date, and place of the scheduled hearing; and a copy of the board's Rules, Standards, and Procedures by registered, return-receipt-requested mail, as well as by regular first class mail. The notice will be sent to the most current address for the respondent social worker as reflected in the official records of the board. The notice shall include a statement of the legal authority and jurisdiction under which the hearing is to be held and shall be accompanied by a certified copy of the administrative complaint. If the hearing panel of the board has been designated at the time of the notice, the notice shall contain the names of the panel members.

### **§913. Response to Complaint, Notice of Representation**

A. Within 15 days of service of the complaint (or such longer time as the board may permit, on motion of the respondent social worker, hereafter called *respondent*), the respondent may answer the complaint, admitting or denying each of the separate allegations of fact or law. The respondent may offer any explanation or assert whatever defense(s) are applicable. Any matters admitted by respondent shall be deemed proven and established for purposes of adjudication. In the event that respondent does not file a response to the complaint, all matters asserted in the complaint shall be deemed denied.

B. In any adjudication proceeding before the board, respondent may be represented by an attorney at law duly admitted to practice in this state. Respondent who is represented by legal counsel shall personally or through such counsel give written notice to the board of the name, address and telephone number of the attorney. Following the board's receipt of proper notice of representation, all further notices, complaints, subpoenas, orders, or other process related to the proceedings shall be served on respondent through his or her designated counsel of record.

### **§915. Pleadings, Motions; Service**

A. All pleadings, motions, and other papers permitted or required to be filed with the board in a pending adjudication shall be filed by personal delivery at or by mail to the board office. Concurrent service by mail or personal delivery shall be filed with the assistant attorney general, if filed by or on behalf of the respondent, or upon respondent or respondent's counsel of record (if any), if filed by the assistant attorney general.

B. All pleadings, motions, discovery, or other papers shall be submitted on plain white letter-size (8 1/2" x 11")

bond, with margins of at least 1" on all sides. The text shall be double-spaced, except for quotations and other matter customarily single-spaced. Submitted materials shall bear the caption and docket number of the case as it appears on the complaint, and shall include a certificate of the attorney or person making the filing that service of a copy of the materials has been effected in the same manner by regular mail or by personal delivery.

C. The board may refuse to accept for filing any pleading, motion or other paper not conforming to the requirements of this section.

### **§917. Pre-Hearing Motions**

A. Pre-hearing motions, including a motion to dismiss, shall be filed not less than 30 days following the service of the complaint on the respondent or 15 days prior to the hearing, whichever is earlier. Each pre-hearing motion shall be accompanied by a memorandum which sets forth a concise statement of the grounds upon which the relief sought is based and the legal authority therefor. A motion may be accompanied by an affidavit(s) as necessary to present or support factual content of the motion. Within 10 days of the filing of any such motion and memorandum or such shorter time as the board may order, the party opposing the motion (whether the opposing party is the assistant attorney general or the respondent or respondent's counsel), may file a memorandum which may be supported by affidavit(s) in opposition to or setting forth the opposing party's position on the motion.

### **§919. Motions for Continuance of Hearing**

A. A motion for continuance of hearing shall be filed within the delay prescribed by §317 of these rules, provided that the board may accept the filing of a motion for a continuance at any time prior to hearing upon a showing of good cause not discoverable within the time otherwise provided for the filing of pre-hearing motions.

B. A scheduled hearing may be continued by the board only upon a showing by respondent or the assistant attorney general that there are substantial legitimate grounds that the hearing should be continued. These grounds must balance the respondent's right to a reasonable opportunity to prepare and present a defense, with the complaint and the board's responsibility to protect the public health, welfare, and safety. Except in extraordinary circumstances evidenced by verified motion or accompanying affidavit, the board ordinarily will not grant a motion to continue a hearing that has been previously continued upon motion of the same party. The board may, but is not required to continue a scheduled hearing, where both respondent and/or respondent's legal counsel and the assistant attorney general jointly request continuance.

C. If an initial motion for continuance is not opposed, it may be granted by the board's administrator.

#### **§921. Disposition of Pre-Hearing Motions**

A. Any pre-hearing motion, other than an unopposed initial motion for continuance of hearing which may be granted by the Administrator, shall be referred for decision to the presiding officer of the hearing panel designated for that proceeding. The presiding officer may make a ruling or, at his or her discretion, may refer any pre-hearing motion to the entire panel for disposition. Any party aggrieved by the decision of the presiding officer on a pre-hearing motion may request that the motion be reconsidered by the entire panel.

B. The presiding officer or the hearing panel shall ordinarily rule on pre-hearing motions on the papers filed, without a hearing. On written request by the respondent or the assistant attorney general, however, and on grounds satisfactory to the presiding officer of the hearing panel, the presiding officer may grant opportunity for hearing, by oral argument, on any pre-hearing motion.

923.Rules of Evidence; Official Notice; Oaths and Affirmations; Subpoenas; Depositions and Discovery; Confidential Privileged Information, and Executive Session

A. Rules relating to evidence, notice, authority to administer oaths, issue subpoenas, conduct depositions and discovery, and the control of confidential and privileged information will be applied in adjudication proceedings before the board as specified in R.S. 49:956, or as may be modified by R.S. 13:3715.1(J) and R.S. 44:4(25).

B. To the extent applicable, the testimonial privileges set out in the Social Work Practice Act, R.S. 37:2718 and the Louisiana Code of Evidence will apply to the hearings before the board. By bringing a complaint against his or her social worker, the client waives the privilege of confidentiality for the purposes of the hearing.

C. The hearing panel and its designated presiding officer shall take reasonable steps to protect patient/client identity on any medical/psychotherapy records or similar records as required by R.S. 13:3715.1(J), and to the extent that any information presented at a hearing involves peer review material within the meaning of R.S. 13:3715.3. If protection of peer review material is required, the board is authorized to conduct that portion of the hearing in executive session to preserve the confidentiality of peer review privilege materials, including information, data, reports, and records in compliance with R.S. 13:3715.3(G). The board may also go into executive session for the limited purpose of discussing the character, professional competence, or physical or mental health of a licensee, pursuant to R.S. 42:6 and 6.1 and Op. Atty. Gen. No. 94-561, Dec. 8, 1994.

#### **§925. Designation of Hearing Panel, Disqualification and Replacement**

A. At the time the administrative complaint is docketed with the board or within 30 days thereafter, the board chairperson will designate five members of the board (one of whom may, but is not required to be, the board chairperson) to serve as the hearing panel for that complaint. The selected board panel members shall elect from the membership a person to serve as presiding officer. The presiding officer at the hearing may make rulings on objections and the admissibility of evidence, and will insure that the conduct of the hearing proceeds without delay and pursuant to law. The other panel members may not delegate any of their decision-making or fact-finding duties to the presiding officer, nor shall the presiding officer have any greater weight in the decision-making process.

B. In the event that a board member is disqualified or recused from a complaint or hearing, the board should immediately contact the governor to appoint a board member pro tem to replace the disqualified member for the complaint or hearing in progress only.

C. Any panel member having reason to believe that he or she is biased or prejudiced either for or against one of the parties to the proceeding, or who has a personal interest in the outcome, shall immediately notify the remaining board members and request to be disqualified. Likewise, any party to such a hearing or a compliance hearing as provided in §743, may file with the board a motion supported by an affidavit requesting disqualification because of bias, prejudice or personal interest. Motion for disqualification shall be filed with the board and the opposing party within 15 days following the notice of the composition of the hearing panel. Absent good cause shown, motions for disqualification filed more than 15 days following such notice will not be considered. As soon as possible, but not later than 10 calendar days preceding the beginning of the hearing, the majority of the hearing panel will consider the merits of the disqualification request and any opposition to that request filed by the opposing party. The concerned board member shall not participate in the action to disqualify and shall not vote on that issue. If the board hearing panel determines there is no merit to the request for disqualification, the board will proceed with the hearing before the designated panel. However, any doubt as to the merits of the request for disqualification should be resolved in favor of disqualification, and the board chairperson shall immediately appoint one of the remaining board members as the replacement to the hearing panel.

D. Ordinarily, the composition of a hearing panel is five members of the board. However, in the event that the respondent social worker and the assistant attorney general agree to a hearing panel of three board members, the chairperson may designate three of the five designated panel members to serve as the hearing panel. Any stipulation regarding a three-board-member hearing panel must be in writing and signed by the respondent and/or respondent's attorney and the attorney general. Such stipulation further provides that the three member hearing panel may completely adjudicate all issues specified in the complaint, render findings of fact, conclusions of law, decision and sanction, and that no appeal of any decision or sanction will

be based on a challenge to the board's jurisdiction to adjudicate the matter with a three member hearing panel. Any such stipulation to a three-member hearing panel shall be delivered to the board at least 15 days prior to the scheduled hearing. The written stipulation shall be filed in the adjudication record and shall constitute a waiver of the application of and the need to comply with R.S. 49:957.

E. At least one member of the hearing panel including the panel members of a compliance hearing specified under §734 shall have the same social work credential as the respondent.

#### **§927. Board's Independent Legal Counsel**

A. The board may designate its general counsel to serve as independent counsel relating to complaints and adjudication and compliance hearings.

B. The board's independent counsel may provide the board, any hearing panel member, or the board's administrator with advice on the issues of legal sufficiency, notice, procedural and substantive due process of law (constitutional, statutory and rules), interpretations relating to any complaint, or the investigation or adjudication thereof. Such independent counsel may not participate in the investigation or prosecution of any case pending before the board or board hearing panel.

C. The board's independent counsel may also provide other services relative to the complaint or adjudication which the board or the hearing panel deems necessary, except as may be expressly limited by these rules, standards, and procedures.

#### **§929. Pre-Hearing Conference**

A. In any case of adjudication noticed and docketed for a hearing before the board, the respondent and/or respondent's legal counsel and the assistant attorney general may agree, or the board chairperson or the presiding officer of the hearing panel may require, that a pre-hearing conference be held among such counsel or together with the board's independent legal counsel. This conference will be held for the purpose of simplifying the issues for the hearing, and promoting stipulations as to facts and proposed evidentiary offerings which will not be disputed at the hearing.

B. If the parties and/or their legal counsel reside in different cities within the state, or if for other reasons it is inconvenient for parties to appear in person at a pre-hearing conference, the conference may be conducted by telephone.

C. Following the pre-hearing conference, the parties shall (and without such conference the parties may) agree in writing on a pre-hearing order which should include:

1. a brief statement by the assistant attorney general about what such counsel expects the evidence presented against the respondent to show;

2. a brief statement by respondent as to what the evidence and arguments in defense are expected to show;

3. a list of witnesses to be called by the assistant attorney general and/or respondent, together with a brief general statement of the nature of the testimony each witness is expected to give;

4. any stipulations which the parties may be able to agree upon concerning undisputed claims, facts, testimony, documents or issues; and

5. an estimate of the time required for the hearing.

#### **§931. Consolidation of Cases**

A. The board shall have the discretion to consolidate one or more cases for hearing when they involve the same or related parties, or substantially the same questions of law or of fact. The board may also grant separate hearings if a joint hearing would be prejudicial to one or more of the parties. If hearings are to be consolidated, notice must be given to all parties in advance of the hearing.

#### **§933. Conduct of Hearing; Record**

A. Adjudication hearings are generally conducted in open session, except where closed or executive session is specifically authorized by law, as identified in these rules.

B. At the adjudication hearing, the assistant attorney general and the respondent and respondent's counsel shall be afforded the opportunity to present evidence on all issues of fact and argument on all issues of law and policy involved. They will also have opportunity to call, examine, and cross-examine witnesses, and to offer and introduce documentary evidence and exhibits as may be required for a full and true disclosure of the facts and disposition of the complaint.

C. The board through its administrator shall arrange for a certified court reporter/stenographer who shall be retained by the board to prepare a written transcript of the proceedings.

D. During the hearing, the presiding officer of the hearing panel shall rule upon all evidentiary objections and other procedural questions, but in his or her discretion may consult with the entire hearing panel in executive session. The independent counsel may assist the presiding officer and the hearing panel, either in open session or executive session, in ruling on evidentiary objections and other procedural issues raised during the hearing.

E. The record in an adjudication shall include the items specified in R.S. 37:2717 and R.S. 49:955. The record shall also contain the administrative complaint, the notice of hearing, the respondent's response to the complaint (if any), copies of subpoenas issued in connection with the case or the hearing of the adjudication, as well as all pleadings, motions and intermediate rulings.

F. The order of presentation in adjudication proceedings, unless the parties stipulate otherwise and the hearing panel approves, is first the presentation of evidence by the assistant attorney general, the presentation of evidence by the respondent, rebuttal by the assistant attorney general (if

any). Rebuttal should be directed to issues raised by the evidence and defenses presented by respondent's case. Should the hearing panel determine, in the interest of fairness, that respondent be provided a limited opportunity to present additional evidence following rebuttal, the panel may so order.

G. Hearing panel members may direct questions to any witness at any time during the hearing process. Should questions posed by the hearing panel members suggest the need for additional direct examination, cross-examination or redirect examination by either party, the hearing panel will allow such additional examination as it deems appropriate.

### **§935. Evidence; Burden of Proof**

A. In an adjudication hearing, the board or the designated board hearing panel may give probative effect to evidence which possesses probative value commonly accepted by reasonably prudent people in the conduct of their affairs. To the extent applicable or not subject to exception, effect will be given to the rules of privilege recognized by law. The panel may exclude incompetent, irrelevant, immaterial, and unduly repetitious evidence. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, when a hearing will be expedited and the interest of the parties will not be prejudiced, any part of the evidence may be received in written form.

B. Any records and documents in the board's possession which either party desires the board to consider may be offered and made a part of the record. Such materials may be received into the record in the form of copies or excerpts and shall be available for the respondent's legal counsel to examine before being received into evidence.

C. To the extent not prohibited by law, the hearing panel will honor and receive written stipulations arrived at between the parties as a proven fact at the hearing. The hearing panel, as appropriate, will also accept verbal stipulations arrived at between the parties during the hearing as proven fact, provided both parties and/or their respective legal counsel acknowledge the factual content of the stipulation on the record. The hearing panel may use stipulations as well as other evidence in arriving at any decision.

D. The hearing panel may take notice of judicially cognizable facts and of generally recognized technical or scientific facts within the hearing panel's social work or clinical social work knowledge. The parties shall be notified either before or during the hearing of any material noticed or sought by any party to be noticed. All parties will be afforded an opportunity to contest any materials so noticed. The hearing panel may draw upon its knowledge of social work, social work methodology, and clinical social work methods in evaluating any evidence presented.

E. The presiding officer at the hearing shall have the power to administer oaths or affirmations to all witnesses appearing to give testimony. The presiding officer shall regulate the course of the hearing, set the time and place of continued hearings, fix the time for the filing of briefs and other documents (if any are required or requested), and may

direct the parties to appear and confer to consider simplifying issues.

F. In adjudication hearings before the board or any board hearing panel, the Louisiana Code of Evidence may be used as a reference by the panel for admissibility of evidence and other evidentiary issues. The provisions of the Code of Evidence relating to hearsay are not strictly applicable to adjudication hearings.

G. At an adjudication hearing, the burden of proof rests with the attorney general or the assistant presenting the evidence before the hearing panel. No sanction shall be imposed or order issued except upon consideration of the entire record as supported by and in accordance with reliable, probative and substantial evidence. The burden of proof related to any issue is a preponderance of evidence.

### **§937. Decisions; Notice**

A. Following the presentation of evidence and any arguments, submission of briefs or written memorandum (if requested by the hearing panel), the hearing panel shall deliberate and reach its findings of fact and conclusions of law as soon as practicable after the hearing concludes. The hearing panel shall render its decision in writing within 60 days of the last hearing date, unless the hearing panel extends time for submission of any post-hearing briefs, memoranda or suggested findings of fact and conclusions of law.

B. The hearing panel's findings of fact and conclusions of law, including any sanction if applicable, shall be signed by the presiding officer of the hearing panel on behalf of and in the name of the board. In any decision in which the hearing panel's decision was not unanimous, those hearing panel members deciding with the majority shall also sign the decision. Any panel member disagreeing with the findings of fact and conclusions of law or sanction should note his/her dissent on the decision and may record thereon any reasons for his/her dissent.

C. A certified copy of the final decision shall be served promptly upon respondent's counsel of record, or on respondent personally in the absence of counsel, and on the assistant attorney general in the same manner of service prescribed for the service of complaints.

### **§939. Rehearings**

A. A decision by the board or a board hearing panel in the case of adjudication shall be subject to rehearing, reopening, or reconsideration by the board as provided for in R.S. 49:959, provided the board receives such a request at its office within 10 days of the entry of the board's final decision. If the board receives such a written request by mail after 10 days of the entry of its final decision, the request will be considered timely if the request is post-marked within the 10-day period.

**§941. Miscellaneous Rules**

A. Social workers have a continuing obligation to keep the board informed about their current addresses. Accordingly, if notice of an investigation, service of an administrative complaint, or notice of a hearing cannot be delivered by mail or by personal delivery, the board shall make reasonable efforts to contact the social worker and obtain the social worker's new address. If, after the board makes reasonable efforts to locate the social worker, notice or service cannot be made because the social worker cannot be located, then the board or any designated hearing panel is authorized to proceed with the investigation, complaint procedure, and adjudication of the complaint, notwithstanding the social worker's absence, lack of participation in the process, or failure to appear.

B. If the social worker receives due notice of an adjudication hearing and fails to appear and participate, and does not notify the board of good cause for the social worker's absence, the board and its designated hearing panel may proceed with the adjudication notwithstanding the social worker's absence.

C. If a social worker is unable to attend an adjudication hearing because the social worker is incarcerated as the result of the conviction of any criminal conduct recognized as a felony under either state or federal law, or is under federal detention subject to a removal or deportation order, the board and its designated hearing panel may proceed with the adjudication hearing after providing the incarcerated or detained social worker reasonable opportunity to participate in the hearing. That participation may be through legal counsel authorized to practice in this state, participation by telephone at the social worker's expense, and the opportunity to present evidence through deposition, affidavit, or such other reasonable means as the board and/or the hearing panel deems fair and appropriate.

D. Social workers who are subject to an investigation and/or are named as a respondent in an administrative complaint filed with the board are entitled to defend themselves with or without the benefit of legal counsel. If a social worker chooses not to defend and instead surrenders his/her license, certificate, provisional certificate, or registration at any time during an investigation, complaint or adjudication hearing, but prior to the hearing panel's decision thereon, the board will deem such surrender as an attempt to avoid the disciplinary process. The board will then subject the involved social worker to the revocation of the license, certificate, provisional certificate, or registration, or impose other sanction or disposition which the board deems appropriate, based on the information available to the board. Such board action may also impose restrictions on any subsequent application to the board which the involved social worker may make. Such restrictions may include restricting the social worker from making subsequent application for as much as five years following the surrender or resignation by the social worker. The board is also authorized to report in its newsletter a summary of the circumstances surrounding the social worker's surrender or resignation of license, certificate, or registration while under investigation or subject to an administrative complaint.

E. The board shall have authority to delegate to the CIO or the board administrator the investigation of any alleged violations of R.S. 37:2720 or prior to bringing any injunctive proceedings under R.S. 37:2721. Following the board's review of any investigation conducted thereon, the board shall contact the appropriate district attorney or bring injunctive proceedings through the attorney general, or both. Final authority for appropriate action rests solely with the board.

**§943. Compliance Hearing**

A. Any applicant whose application is rejected may seek a compliance hearing as provided for in R.S. 37:2710, provided that the request for such compliance hearing is submitted to the board in writing within 30 days after the applicant receives notice of rejection. In the request for a compliance hearing, the applicant shall state the specific reasons for the opposition to the rejected application.

B. After receiving a request for a compliance hearing, the board's administrator shall contact the board chairperson, who will designate three board members to sit on a hearing panel for the compliance hearing. The purpose of the compliance hearing is to provide a forum for the applicant or licensee to present documentary evidence through affidavits, court records, official records, letters, etc., along with under-oath testimony to establish that the applicant in fact meets the lawful requirements for the application or for the retention or renewal of the license, certificate, provisional certificate, or registration. The hearing panel shall elect from its membership one board member to serve as the presiding officer. The presiding officer shall administer oaths, maintain order at the hearing, fix new hearing dates as required, and rule on other matters relating to the hearing. A record of the hearing will be maintained by the board's administrator, although a court reporter or stenographer is not required. The applicant may be represented by counsel or may represent himself/herself. If the applicant requests a court reporter, a court reporter may be provided at the applicant's expense.

C. In any compliance hearing, the burden shall be on the applicant to establish that he or she meets the criteria for the application renewal or retention of license or that the renewal was timely.

D. An applicant whose license, certificate, provisional certificate, or registration is deemed lapsed under R.S. 37:2714 may request a compliance hearing provided the applicant requests the hearing in writing within 10 days after receiving the notice of the lapsed license, certificate, provisional certificate, or registration. In the event that the applicant did not receive such notice, then the applicant must request a compliance hearing within 30 days of the date upon which the license, certificate, provisional certificate, or registration would have lapsed by operation of law.

E. Whenever possible, the compliance hearing shall be conducted within 30 days after the board receives the request for the compliance hearing. In the event that the board is unable to schedule a compliance hearing within 30 days of the request, the board may schedule the hearing at its next regularly scheduled board meeting.

F. At the compliance hearing, the hearing panel may consult with its general counsel (independent counsel) on any legal issues emerging from the evidence submitted. Within 15 days after the compliance hearing concludes, the hearing panel will render its final decision, including findings of fact and conclusions of law. The decision will be delivered by registered mail, return receipt requested, to the applicant requesting the compliance hearing. In the event that the hearing panel's decision is adverse to the applicant, the applicant may apply for rehearing before the entire board by submitting a written request within ten days as provided in R.S. 49:959, subject to further judicial review pursuant to R.S. 49:964, 965. Any rehearing before the board will be conducted on the record made before the hearing panel, including the hearing panel's findings of fact, conclusions of law, and recommendations. To the extent practicable, the rehearing will be held at the next regularly scheduled board meeting. The board will review the findings of fact and conclusions of law of the hearing panel and the evidence and exhibits as submitted, as well as any written submissions or assignments of error. Unless requested by the board, oral presentations or arguments will not be permitted on rehearing. The board will render its decision on rehearing within 30 days of its hearing the matter.

The board shall issue the declaratory order or ruling in connection with the request by majority vote of the board, signed and mailed to the requesting party within thirty days of the request.

However, the board may seek legal counsel or an attorney general's opinion in connection with the request for such a declaratory ruling, in which case the board's decision on that ruling or order may be issued within sixty days of the request. Any judicial review of the validity or applicability of any of these rules shall be in conformity with R.S. 49:963.

Home and Community Based Services Waiver Program  
Elderly and Disabled Adult Waiver

The Department of Health and Hospitals, Office of the Secretary, Bureau of Community Supports and Services promulgates the following Rule in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This proposed Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopted a Rule in August 1993 establishing the Home Care for the Elderly Waiver Program to provide community based services to individuals who are age 65 and older and meet the medical certification and financial eligibility requirements for nursing facility care (*Louisiana Register, Volume 19, Number 8*). The August 1993 Rule was amended by a Rule promulgated in January 1998 to: 1) redefine the target population served by the Home Care for the Elderly waiver and rename the waiver as the Elderly and Disabled Adult (EDA) waiver; 2) establish an average cost per day limit for each participant of the waiver; 3) establish and define new services; 4) establish methodology for the assignment of slots; and 5) clarify admission and discharge criteria, mandatory reporting requirements and the reimbursement requirement for the prior approval of the plan of care (*Louisiana Register, Volume 24, Number 1*). The department subsequently adopted a Rule that transferred responsibility for the Elderly and Disabled Adult waiver waiting list to the Bureau of Community Supports and Services and established a single state-wide request for services registry (*Louisiana Register, Volume 28, Number 4*). In order to facilitate the efficient management of the Elderly and Disabled Adult waiver, the department now proposes to amend the January 20, 1998 and April 20, 2002 Rules.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana Legislature, the impact of this proposed Rule on the family has been considered. It is anticipated that this proposed Rule will have a positive impact on the family as it will enhance the efficiency of the management of the request for services registry and facilitate the allocation of waiver slots.

#### **Proposed Rule**

The Department of Health and Hospitals, Office of the Secretary, Bureau of Community Supports and Services amends the provisions contained in the January 20, 1998 and April 20, 2002 Rules governing the Elderly and Disabled Adult (EDA) Waiver.

#### **General Provisions**

A. All agencies providing case management services to participants in the Elderly and Disabled Adult (EDA) Waiver must comply with the policies contained in the Medicaid Case Management Services Provider Manual issued March 1, 1999 and revised July 1, 2002 and all subsequent changes. All waiver service provider agencies providing direct services to participants in the Elderly and Disabled Adult Waiver must comply with policies contained in the Elderly and Disabled Adult Waiver Direct Service Provider Manual issued September 1, 2001 and all subsequent changes.

#### **Waiver Admission Criteria**

A. Admission to the EDA Waiver shall be determined in accordance with the following criteria.

1. - 4. ...

5. If the onset of disability was prior to age 22 (the definition of developmental disability cited in R.S. 28:381(12)) and the individual is on the Mentally Retarded/Developmentally Disabled (MR/DD) Request for Services Registry, he/she must agree to remove their name from the MR/DD registry in order to meet the nursing home level of care required for the EDA waiver. This action will be required prior to being certified into the waiver. The

individual and BCSS must agree that it would be appropriate to place the individual in a nursing facility and that he/she does not require the treatment services of an ICF/MR, i.e., does not have a need for treatment that exceeds the level of services that can be delivered through nursing facility services alone.

#### **Request for Services Registry**

1. Individuals age 21 and over who are requesting waiver services under the disabled adult category must submit information to document their disability prior to being added to the request for services registry.

2. Individuals age 65 and over who are requesting waiver services under the elderly adult category shall be placed on the registry and must provide documentation of age. Additional criteria will be requested when the individual's date is near the top of the registry for offers of service.

3. Individuals must notify BCSS of all changes of address and/or telephone numbers in order to keep the registry current and must respond timely as indicated in notices and correspondence in order to remain on the registry. Individuals shall be removed from the registry if after two contacts, BCSS is unable to locate the individual based on the information provided by the requestor of waiver services.

4. Failure to cooperate and participate in the admission process by not returning requested documentation to BCSS within 35 days of offer shall result in removal of the individual from the registry and revocation of the slot offer. Exception: a waiver slot/certification shall be kept open for up to 90 days from the offer for individuals hospitalized or in rehabilitation with an intent to return to their home.

Medicaid Eligibility  
Family Practice Examination

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgates the following Rule in the Medical Assistance Program as authorized by R.S. 34:254 and pursuant to Title XIX of the Social Security Act. This proposed Rule is promulgated in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing is the single state agency responsible for the administration of the Medicaid Program, including the determination of eligibility. Eligibility for the Medicaid Program is limited to certain groups of individuals as authorized by Congress. Specific requirements must be met in order to qualify as a member of these groups. Categorical eligibility for members of certain groups is based on a medical determination of a physical or mental defect, illness or impairment that meets established criteria. Medical documentation obtained from licensed physicians, clinics, hospitals and other sources is reviewed in making this eligibility determination. If documentation is not available for the medical eligibility determination, the bureau may assist the applicant by providing reimbursement to an enrolled Medicaid provider for a medical examination. The bureau has determined that it is necessary to increase the reimbursement for these examinations (also referred to as family practice examinations) in order to ensure continued access to medical examinations for those applicants who do not have medical documentation.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana Legislature, the impact of this proposed Rule on the family has been considered. It is anticipated that this proposed Rule will have a positive impact on family functioning, stability, or autonomy as described in R.S. 49:972 as it will assist applicants who have no other means to obtain the medical documentation necessary for the determination of Medicaid eligibility.

#### **Proposed Rule**

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing increases the reimbursement fee for the family practice examination to \$100. The family practice examination consists of a medical examination and a written report describing the Medicaid applicant's medical condition. Reimbursement is only available to Medicaid enrolled physicians, clinics and hospitals.

**Pharmacy Benefits Management Program  
Prescription Limit**

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgates the following Rule in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing administers the Pharmacy Benefits Management Program under the Medicaid Program in accordance with federal and state regulations which govern Medicaid coverage of prescription drugs. Although federal regulations permit states to establish recipient service limits with a provision for exemption of certain recipient groups, the bureau has not established any limits on the number of prescriptions allowed to Medicaid recipients. In compliance with Executive Order MJF 02-29, the department established a limit of eight prescriptions per calendar month with provisions for exemption of federally mandated eligibles and for the prescriber to override the limit in medically necessary cases (*Louisiana Register, Volume 29, Number 3*). This Rule is being promulgated to continue the provisions contained in the March 3, 2003 Rule.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana Legislature, the impact of this proposed Rule on the family has been considered. This proposed Rule could possibly have an impact on family functioning, stability, or autonomy as described in R.S. 49:972. In some instances, this proposed Rule could result in financial hardship if the prescriber does not exercise the override provision for prescriptions exceeding the eight limit with the required documentation to support the override.

**Proposed Rule**

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopts the following regulations governing the provision of prescription drug benefits offered to Medicaid recipients under the Medicaid Pharmacy Benefits Management Program.

1. The Department of Health and Hospitals will pay for a maximum of eight prescriptions per calendar month for Medicaid recipients.

2. The following federally mandated recipient groups are exempt from the eight prescriptions per calendar month limitation:

- a. persons under 21 years of age;

b. persons who are residents of long-term care institutions, such as nursing homes and ICF-MR facilities; and

c. pregnant women.

3. The eight prescriptions per month limit can be exceeded when the prescriber determines an additional prescription is medically necessary and communicates the following information to the pharmacist in his own handwriting or by telephone or other telecommunications device:

a. "medically necessary override"; and

b. a valid ICD-9-CM Diagnosis Code that directly relates to each drug prescribed that is over the eight prescription limit. (No ICD-9-CM literal description is acceptable.)

4. The prescriber should use the Clinical Drug Inquiry (CDI) Internet web application developed by the fiscal intermediary in his/her clinical assessment of the patient's disease state or medical condition and the current drug regime before making a determination that more than eight prescriptions per calendar month is required by the recipient.

5. Printed statements without the prescribing practitioner's signature, check-off boxes or stamped signatures are not acceptable documentation.

6. An acceptable statement and ICD-9-CM are required for each prescription in excess of eight for that month.

7. Pharmacists and prescribers are required to maintain documentation to support the override of a prescription limitation.

Implementation of this proposed Rule shall be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services.

Interested persons may submit written comments to Ben A. Bearden, Bureau of Health Services Financing, P.O. Box 91030, Baton Rouge, LA 70821-9030. He is responsible for responding to inquiries regarding this proposed Rule. A public hearing on this proposed Rule is scheduled for Tuesday, August 26, 2003 at 9:30 a.m. in the Wade O. At that time all interested persons will be afforded an opportunity to submit data, views or arguments either orally or in writing. **NOTICE OF INTENT**

**Department of Health and Hospitals  
Office of the Secretary  
Bureau of Health Services Financing**

**Private Hospital Outpatient Services  
Reimbursement Reduction**

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgates the following Rule under the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This proposed Rule is promulgated in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopted a Rule in January of 1996 which established the reimbursement methodology for outpatient hospital services at an interim rate of 60 percent of billed charges and cost settlement adjusted to 83 percent of allowable costs documented in the cost report, except for laboratory services subject to the Medicare Fee Schedule and outpatient surgeries (*Louisiana Register, Volume 22, Number 1*).

As a result of a budgetary shortfall, the Bureau amended the provisions contained in the January 1996 Rule governing the reimbursement methodology for outpatient hospital services. Reimbursement for those surgical procedures that were not included on the Medicaid outpatient surgery list was set at the highest flat fee in the four Medicaid established outpatient surgery payment groups when the

procedure is performed in an outpatient setting. In addition, the interim reimbursement rate for all other outpatient hospital services was changed to a hospital specific cost to charge ratio calculation based on filed cost reports for the period ending in state fiscal year 1997 (*Louisiana Register, Volume 26, Number 12*).

As a result of a budgetary shortfall, the bureau promulgated a Rule that adjusted the interim reimbursement rate for hospital outpatient services in private hospitals to a hospital specific cost to charge ratio calculation based on the latest filed cost reports (*Louisiana Register, Volume 29, Number 3*). This Rule is being promulgated to continue the provisions contained in the March 1, 2003 Emergency Rule.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana legislature, the impact of this proposed Rule on the family has been considered. This proposed Rule has no known impact on family functioning, stability, or autonomy as described in R.S. 49:972.

#### **Proposed Rule**

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing amends the December 20, 1997 Rule governing the reimbursement methodology for outpatient hospital services by adjusting the interim rate to a hospital specific cost to charge ratio calculation based on the latest filed cost report. These cost to charge ratio calculations will be reviewed on an ongoing basis as cost reports are filed and will be adjusted as necessary. The final reimbursement for these services will continue to be cost settlement at 83 percent of allowable costs.

Implementation of the provisions of this Rule shall be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services.

Interested persons may submit written comments to Ben A. Bearden, Bureau of Health Services Financing, P.O. Box 91030, Baton Rouge, LA 70821-9030. **FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES**  
**RULE TITLE: Pharmacists**

**I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)**

It is estimated that implementation of the proposed Rule will cost the agency \$16,200 (\$14,200 for printing Notice of Intent and final Rule, plus \$2,000 for increased per diem payments) during the first fiscal year, and then \$2,000 for increased per diem payments in successive fiscal years. The agency has sufficient self-generated funds available to implement the proposed Rule.

**II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)**

It is estimated that implementation of the proposed Rule will result in a net increase in revenues to the agency of \$125,500 (\$135,000 for increased pharmacist licensure fees less \$9,500 for decreased pharmacy permit renewal fees) during the first fiscal year, and then \$13,000 (\$22,500 renewal for increased pharmacist licensure renewal fees less \$9,500 in

decreased pharmacy permit renewal fees) in successive fiscal years.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

It is possible some affected persons may experience an increase in costs for computers, alarm systems, additional space in prescription departments, or additional pharmacist licensure fees; it is also possible some affected persons may experience significant cost savings from reduced mandatory hours of operation, reduced minimum equipment supplies and reference materials, and avoidance of duplicate permit fees. Since many of the changes provide options for license holders, it is not possible to estimate the fiscal impact without knowing which option the license holder will exercise.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no estimable effect on competition or employment in the public or private sector.

**§510. Minimum Benefit Standards for Policies or Certificates Issued for Delivery Prior to July 20, 1992**

A. No policy or certificate may be advertised, solicited or issued for delivery in this state as a Medicare supplement policy or certificate unless it meets or exceeds the following minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

1. General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation.

a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

c. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

d. A noncancellable, guaranteed renewable, or noncancellable and guaranteed renewable Medicare supplement policy shall not:

i. provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or

ii. be cancelled or nonrenewed by the issuer solely on the grounds of deterioration of health.

e.i. Except as authorized by the Commissioner of this state, an issuer shall neither cancel nor nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

ii. If a group Medicare supplement insurance policy is terminated by the group policyholder and not replaced as provided in §510.A.1.e.iv, the issuer shall offer certificateholders an individual Medicare supplement policy. The issuer shall offer the certificateholder at least the following choices:

(a). an individual Medicare supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group Medicare supplement policy; and

(b). an individual Medicare supplement policy which provides only such benefits as are required to meet the minimum standards as defined in §515.A.2 of this regulation.

(c). Group contracts in force prior to the effective date of the Omnibus Budget Reconciliation Act (OBRA) of 1990 may have existing contractual obligations

to continue benefits contained in the group contract. This section is not intended to impair those obligations.

iii. If membership in a group is terminated, the issuer shall:

(a). offer the certificateholder the conversion opportunities described in §510.A.1.e.ii; or

(b). at the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

iv. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

f. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits.

2. Minimum Benefit Standards.

a. Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period;

b. Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount;

d. Upon exhaustion of all Medicare hospital inpatient coverage including the lifetime reserve days, coverage of 90 percent of all Medicare Part A eligible expenses for hospitalization not covered by Medicare subject to a lifetime maximum benefit of an additional 365 days;

e. Coverage under Medicare Part A for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations or already paid for under Part B;

f. Coverage for the coinsurance amount, or in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket amount equal to the Medicare Part B deductible (\$100);

g. Effective January 1, 1990, coverage under Medicare Part B for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations), unless replaced in accordance with federal regulations or already paid for under Part A, subject to the Medicare deductible amount.

A. The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after July 20, 1992. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards.

1. General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation.

a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

c. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

d. No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

e. Each Medicare supplement policy shall be guaranteed renewable.

i. The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual;

ii. The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation;

iii. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under §515.A.5.e.v, the issuer shall offer certificateholders an individual Medicare supplement policy which (at the option of the certificateholder):

(a). provides for continuation of the benefits contained in the group policy; or

(b). provides for benefits that otherwise meet the requirements of this subsection.

iv. if an individual is a certificateholder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:

(a). offer the certificateholder the conversion opportunity described in §515.A.1.e.iii; or

v. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

f. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits.

g.i. A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed 24 months), or upon discovering thereof by the insurer in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to assistance.

ii. If suspension occurs and if the policyholder or certificateholder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated (effective as of the date of termination of such entitlement) as of the termination of entitlement if the policyholder or certificateholder provides notice of loss of entitlement within 90 days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

iii. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificateholder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within 90 days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan.

iv. Reinstatement of coverage as described in Clauses g.ii and iii:

(a). shall not provide for any waiting period with respect to treatment of preexisting conditions;

(b). shall provide for coverage which is substantially equivalent to coverage in effect before the date of suspension; and

(c). shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that

would have applied to the policyholder or certificateholder had the coverage not been suspended.

2. Standards for Basic (Core) Benefits Common to All Benefit Plans. Every issuer shall make available a policy or certificate including only the following basic core package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare Supplement Insurance Benefit Plans in addition to the basic core package, but not in lieu of it.

4. For policies issued prior to January 20, 1991, expected claims in relation to premiums shall meet:

a. the originally filed anticipated loss ratio when combined with the actual experience since inception;

b. the appropriate loss ratio requirement from §545.A.1.a.i. and ii. when combined with actual experience beginning with January 1, 1998 to date; and

c. the appropriate loss ratio requirement from §545.A.1.a.i. and ii. over the entire future period for which the rates are computed to provide coverage.

B. Refund or Credit Calculation

1. An issuer shall collect and file with the Commissioner by May 31 of each year the data contained in the applicable reporting form contained in Appendix A for each type in a standard Medicare supplement benefit plan.

2. If, on the basis of the experience as reported, the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

3. For the purposes of this Section, policies or certificates issued prior to January 20, 1991, the issuer shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after January 1, 1998. The first report shall be due by May 31, 2000.

4. A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a *de minimis* level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for thirteen-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

C. Filing of Rates and Rating Schedules. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this Section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

1. Each Medicare supplement policy or certificate form shall be accompanied, upon submission for approval, by an original and one copy of an actuarial memorandum. The memorandum shall be prepared, signed and dated by a qualified actuary in accordance with generally accepted actuarial principles and practices. The filing shall contain at least the information listed in the following Subparagraphs:

- a. the form number that the actuarial memorandum addresses;
- b. a brief description of benefits provided;
- c. a schedule of rates to be used;
- d. a certification that the anticipated lifetime loss ratio is at least 65 percent (for individual coverage) or at least 75 percent (for group coverage);
- e. a table of anticipated loss ratio experience for each year from issue over a reasonable number of years;
- f. a certification that the premiums are reasonable in relation to the benefits provided; and
- g. the entire filing shall be provided in duplicate;
- h. any additional information requested by the Commissioner.

2. Subsequent rate adjustments filings, except for those rates filed solely due to a change in the Part A calendar year deductible, shall also provide an original and one copy of an actuarial memorandum, prepared, signed and dated by a qualified actuary, in accordance with generally accepted actuarial principles and practices. The filing shall contain at least the following:

- a. the form number addressed by the actuarial memorandum;
- b. a brief description of benefits provided;
- c. a schedule of rates before and after the rate change;
- d. a statement of the reason and basis for the rate change;
- e. a demonstration and certification by the qualified actuary showing that the past plus future expected experience after the rate change will result in an aggregate loss ratio equal to, or greater than, the required minimum aggregate loss ratio:
  - i. this rate change and demonstration shall be based on the experience of the named form in Louisiana only, if that experience is credible;
  - ii. the rate change and demonstration shall be based on experience of the named form nationwide, if the named form is used nationwide and the Louisiana experience is not credible, but the nationwide experience is credible;
- f. for policies or certificates in force less than three years, a demonstration shall be included to show that the third-year loss ratio is expected to be equal to, or greater than, the applicable percentage;
- g. a certification by the qualified actuary that the resulting premiums are reasonable in relation to the benefits provided;
- h. the entire filing shall be provided in duplicate;
- i. any additional information requested by the Commissioner.

3.a. An issuer of Medicare supplement policies and certificates issued before or after the effective date of Regulation 33 (Revised, 1992) in this state shall file annually no later than December 31 its rates for the

upcoming calendar year. Also, supporting documentation including ratios of incurred losses to earned premiums by policy duration shall be submitted for approval by the Commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than 3 years.

b. The filing for purposes of this Subsection shall contain all Medicare supplement plans issued by the issuer and shall not include rate adjustments. An actuarial memorandum shall be prepared, signed and dated by a qualified actuary in accordance with generally accepted actuarial principles and practices. The filing shall contain at least the following:

- i. the form number for each plan;
- ii. plan type designation (for example: Plan A, Plan B, Pre-standardized);
- iii. the rates for each plan;
- iv. yearly loss ratios for each plan;
- v. lifetime expected loss ratios for each plan;
- vi. identify filing as "ANNUAL MEDICARE SUPPLEMENT FILING" on the face page of the memorandum;
- vii. the entire filing shall be provided in duplicate;
- viii. any additional information requested by the Commissioner.

4. As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner, in accordance with the applicable filing procedures of this state:

- i. appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents necessary to justify the adjustment shall accompany the filing.
- ii. an issuer shall make premium adjustments necessary to produce an expected loss ratio under the policy or certificate to conform to minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.
- iii. if an issuer fails to make premium adjustments acceptable to the Commissioner, the Commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this Section.

b. any appropriate riders, endorsements or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements or policy forms shall provide a clear description of the

Medicare supplement benefits provided by the policy or certificate.

D. Public Hearings. The Commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of Regulation 33 as revised July 20, 1992 if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the Commissioner.

B. An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule and supporting documentation have been filed with and approved by the commissioner in accordance with the filing requirements and procedures prescribed by the Commissioner.

C.1. Except as provided in Paragraph C.2 of this Subsection, an issuer shall not file for approval more than one form of a policy or certificate of each type for each standard Medicare supplement benefit plan.

2. An issuer may offer, with the approval of the Commissioner, up to four additional policy forms or certificate forms of the same type for the same standard Medicare supplement benefit plan, one for each of the following cases:

- a. the inclusion of new or innovative benefits;
- b. the addition of either direct response or agent marketing methods;
- c. the addition of either guaranteed issue or underwritten coverage;
- d. the offering of coverage to individuals eligible for Medicare by reason of disability.

3. For the purposes of this Section, a "type" means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

D.1. Except as provided in Subparagraph D.1.a, an issuer shall continue to make available for purchase any policy form or certificate form issued after the effective date of this regulation that has been approved by the Commissioner. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous 12 months.

b. An issuer that discontinues the availability of a policy form or certificate form pursuant to Subparagraph (a) shall not file for approval a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of 5 years after the issuer provides notice to the Commissioner of the discontinuance. b. The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The Commissioner may approve a change to the differential, which is in the public interest.

**§560. Required Disclosure Provisions**

**A. General Rules**

1. Medicare supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of the provision shall be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder's age.

2. Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to, in writing, signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy.

3. Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as "usual and customary," "reasonable and customary" or words of similar import.

4. If a Medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, such limitations shall appear as a separate paragraph of the policy and be labeled as "Preexisting Condition Limitations."

5. Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate stating in substance that the policyholder or certificateholder shall have the right to return the policy or certificate within 30 days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason.

6.a. Issuers of accident and sickness policies or certificates which provide hospital or medical expense coverage on an expense incurred or indemnity basis to persons eligible for Medicare shall provide to those applicants a Guide to Health Insurance for People with Medicare in the form developed jointly by the National Association of Insurance Commissioners and the Health Care Financing Administration and in a type size no smaller than 12 point type. Delivery of the Guide shall be made whether or not the policies or certificates are advertised, solicited, or issued as Medicare supplement policies or certificates, as defined in this regulation. Except in the case of direct response issuers, delivery of the Guide shall be made to the applicant at the time of application, and acknowledgement of receipt of the Guide shall be obtained by the issuer. Direct response issuers shall deliver the Guide to the applicant upon request but not later than at the time the policy is delivered.

b. For the purposes of this Section, *form* means the language, format, type size, type proportional spacing, bold character, and line spacing.

**B. Notice Requirements.**

1. As soon as practicable, but no later than 30 days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificateholders of modifications it has made to Medicare supplement insurance policies or certificates in a format acceptable to the Commissioner. The notice shall:

a. include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate; and

b. inform each policyholder or certificateholder as to when any premium adjustment is to be made due to changes in Medicare.

2. The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

3. The notices shall not contain or be accompanied by any solicitation.

**C. Outline of Coverage Requirements for Medicare Supplement Policies.**

1. Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgement of receipt of the outline from the applicant; and

2. If an outline of coverage is provided at the time of application and the Medicare supplement policy or certificate is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than twelve (12) point type, immediately above the company name: "NOTICE: Read this

outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

3.a. The outline of coverage provided to applicants pursuant to this Section consists of four parts:

- i. a cover page;
- ii. premium information;
- iii. disclosure pages, and
- iv. charts displaying the features of all benefit plans available by the issuer.

b. The outline of coverage shall be in the language and format prescribed below in no less than 12 point type.

All plans A-J shall be shown on the cover page, and each Medicare supplement policy and certificate currently available by an issuer shall be prominently identified. Premium information for plans that are available shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The premium and mode shall be stated for all plans that are available to the prospective applicant. All possible premiums for the prospective applicant shall be illustrated.

4. The following items shall be included in the outline of coverage in the order prescribed below.

D. Notice Regarding Policies or Certificates Which Are Not Medicare Supplement Policies.

1. Any accident and sickness insurance policy or certificate, other than a Medicare supplement policy; a policy issued pursuant to a contract under Section 1876 of the Federal Social Security Act (42 U.S.C. §1395 et seq.), disability income policy; or other policy identified in §502.B of this regulation, issued for delivery in this state to persons eligible for Medicare shall notify insureds under the policy that the policy is not a Medicare supplement policy or certificate. The notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy, or certificate delivered to insureds. The notice shall be in no less than 12 point type and shall contain the following language: "This [policy or certificate] is not a Medicare supplement [policy or contract]. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company."

2. Applications provided to persons eligible for Medicare for the health insurance policies or certificates described in Paragraph D.1 shall disclose, using the applicable statement in Appendix C, the extent to which the policy duplicates Medicare. **§565. Requirements for Application Forms and Replacement Coverage**

A. Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant has another Medicare supplement or other health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing such questions and statements may be used.

B. An application for a Medicare Supplement policy shall not be combined with an application for any other type of insurance coverage. The application may not make reference to or include questions regarding other types of insurance coverage except for those questions specifically required under this section.

1. [Statements]

a. You do not need more than one Medicare supplement policy.

b. If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

c. You may be eligible for benefits under Medicaid and may not need a Medicare supplement policy.

d. The benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your policy will be reinstated if requested within 90 days of losing Medicaid eligibility.

e. Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

2. [Questions]

a. To the best of your knowledge,

i. Do you have another Medicare supplement policy or certificate in force?

(a). If so, with which company?

(b). If so, do you intend to replace your current Medicare supplement policy with this policy [certificate]?

ii. Do you have any other health insurance coverage that provides benefits similar to this Medicare supplement policy?

(a). If so, with which company?

(b). What kind of policy?

iii. Are you covered for medical assistance through the state Medicaid program:

(a). As a Specified Low-Income Medicare Beneficiary (SLMB)?

(b). As a Qualified Medicare Beneficiary (QMB)?

(c). For other Medicaid medical benefits?

C. Agents shall list any other health insurance policies they have sold to the applicant.

1. List policies sold which are still in force.

2. List policies sold in the past five years, which are no longer in force.

D. In the case of a direct response issuer, a copy of the application or supplemental form, signed by the applicant, and acknowledged by the insurer, shall be returned to the applicant by the insurer upon delivery of the policy.

E. Upon determining that a sale will involve replacement of Medicare supplement coverage, any issuer, other than a direct response issuer, or its agent, shall furnish the applicant, prior to issuance or delivery of the Medicare supplement policy or certificate, a notice regarding replacement of Medicare supplement coverage. One copy of the notice, signed by the applicant and the agent, except where the coverage is sold without an agent, shall be provided to the applicant and an additional signed copy shall be retained by the issuer. A direct response issuer shall deliver to the applicant, at the time of the issuance of the policy, the notice regarding replacement of Medicare supplement coverage.

F. The notice required by Subsection D above for an issuer shall be provided in substantially the following form in no less than 12 point type:

**NOTICE TO APPLICANT REGARDING REPLACEMENT  
OF MEDICARE SUPPLEMENT INSURANCE**

[Insurance company's name and address]

**SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.**

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement insurance and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

**STATEMENT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:**

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not duplicate your existing Medicare supplement coverage because you intend to terminate your existing Medicare supplement coverage. The replacement policy is being purchased for the following reason (check one):

- Additional benefits.
  - No change in benefit, but lower premiums.
  - Fewer benefits and lower premiums.
  - Other. (please specify)
- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

1. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
2. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) to the extent such time was spent (depleted) under the original policy.
3. If, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy until you have received your new policy and are sure that you want to keep it.

C. The terms Medicare Supplement, Medigap, Medicare Wrap-Around and words of similar import shall not be used unless the policy is issued in compliance with this regulation.

D. No insurer providing Medicare supplement insurance in this state shall allow its agent to accept premiums except by check, money order, or bank draft made payable to the insurer. If payment in cash is made, the agent must leave the insurer's official receipt with the insured or the person paying the premium on behalf of the insured. This receipt shall bind the insurer for the monies received by the agent. Under this section, the agent is prohibited from accepting checks, money orders and/or bank drafts payable to the agent or his agency. The agent is not to leave any receipt other than the insurer's for premium paid in cash.

**DISCLOSURE STATEMENTS**

**Instructions for Use of the Disclosure Statements for  
Health Insurance Policies Sold to Medicare Beneficiaries  
that Duplicate Medicare**

1. Section 1882(d) of the federal Social Security Act [42 U.S.C. 1395ss] prohibits the sale of a health insurance policy (the term policy includes certificates) to Medicare beneficiaries that duplicates Medicare benefits unless it will pay benefits without regard to a beneficiary's other health coverage and it includes the prescribed disclosure statement on or together with the application for the policy.
2. All types of health insurance policies that duplicate Medicare shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not vary from the attached statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).
3. State law and federal law prohibits insurers from selling a Medicare supplement policy to a person that already has a Medicare supplement policy except as a replacement policy.
4. Property/casualty and life insurance policies are not considered health insurance.
5. Disability income policies are not considered to provide benefits that duplicate Medicare.
6. Long-term care insurance policies that coordinate with Medicare and other health insurance are not considered to provide benefits that duplicate Medicare.
7. The federal law does not pre-empt state laws that are more stringent than the federal requirements.
8. The federal law does not pre-empt existing state form filing requirements.
9. Section 1882 of the federal Social Security Act was amended in Subsection (d)(3)(A) to allow for alternative disclosure statements. The disclosure statements already in Appendix C remain. Carriers may use either disclosure statement with the requisite insurance product. However, carriers should use either the original disclosure statements or the alternative disclosure statements and not use both simultaneously.

## NOTICE OF INTENT

### Department of Revenue Policy Services Division

#### Collection of Tax on Vehicles (LAC 61:I.4307)

Under the authority of R.S. 47:303 and R.S. 47:1511 and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Revenue, Policy Services Division, proposes to amend LAC 61:I.4307 relative to the collection of sales and use tax on the sale of vehicles.

This proposal repeals LAC 61:I.4307.B.4.h.ii.(a) through (d)(ii), which pertain to the Local Sales Tax Recovery Surcharge. This surcharge, provided for under R.S. 47:303(B)(6), allows automobile lessors or renters subject to the Automobile Rental Tax levied by R.S. 47:551 to transfer the cost of local sales and use tax paid on automobiles purchased for lease or rental to their customers by allocating the local taxes to each automobile rental contract. Previously, the Rule accomplished this by allowing dealers to charge two dollars per rental day per contract as reimbursement for the local sales and use tax paid on their rental fleet. Since 1996, automobiles have been excluded from local sales and use tax when purchased for subsequent lease or rental and therefore the Local Sales Tax Recovery Surcharge is obsolete.

The repealed Subclauses have been replaced with LAC 61:I.4307.B.5. This proposal also renumbers the remainder of Subsection B as LAC 61:I.4307.B.6 through 9.b.

#### Title 61

#### REVENUE AND TAXATION

#### Part I. Taxes Collected and Administered by the Secretary of Revenue

#### Chapter 43. Sales and Use Tax

#### §4307. Collection

A. - B.4.h.ii. ...

5. R.S. 47:303(B)(6) allows automobile lessors or renters that are subject to the Automobile Rental Tax imposed by R.S. 47:551 to transfer to their customers any local sales or use tax paid on automobiles purchased for their rental fleet. However, since July 1, 1996, R.S. 47:301(10)(a)(iii) has excluded automobiles purchased for subsequent lease or rental from local sales or use tax. Therefore, the transfer of local sales and use tax allowed by R.S. 47:303(B)(6) is obsolete and automobile lease or rental dealers are no longer allowed to collect this surcharge.

6. The sales tax exemption for isolated or occasional sales of tangible personal property provided by R.S. 47:301(10)(c)(ii) does not apply to sales of motor vehicles. R.S. 47:303(4) provides that isolated or occasional sales of vehicles are specifically defined to be sales at retail and subject to the sales tax.

7. The vehicle commissioner may require any dealer engaged in the business of selling motor vehicles, automobiles, motorcycles, trucks, truck-tractors, trailers, semi-trailers, motor buses, house trailers, or any other vehicle subject to the vehicle registration license tax law or the title registration law to furnish information relative to their sales on any periodic basis designated by the vehicle commissioner. The statements shall include the serial number, motor number, type, year, model of the vehicle sold,

the total sales price, any allowance for trade-in, a description of the trade-in, the total cash difference to be paid by the purchaser, and any sales or use taxes to be paid. The vehicle commissioner is also authorized to secure whatever other additional information is necessary for proper administration of this Subsection.

8. R.S. 47:303(A)(3) allows a credit against the use tax for taxes paid to another state provided the other state allows a similar credit for taxes paid to Louisiana.

9.a. Generally, a certificate of title or vehicle registration will not be issued to any purchaser for any vehicle on which the sales taxes have not been paid. However, R.S. 47:303(B)(5) provides an exception for purchasers who paid the proper taxes due to the vehicle dealer at the time the vehicle was purchased, but the dealer did not remit the taxes to the vehicle commissioner. Under this provision, a motor vehicle purchaser who has not been issued a certificate of title or vehicle registration license within six months after the date of the sale, may submit a written request to the secretary showing that:

i. all state and local sales taxes and fees due by the purchaser were paid in good faith to the motor vehicle dealer at the time of purchase;

ii. the motor vehicle dealer has not yet remitted the taxes and fees to the vehicle commissioner;

iii. the motor vehicle dealer has refused or is unable to respond to a written demand by the purchaser for payment of the taxes and fees to the vehicle commissioner; and

iv. the certificate of title or vehicle registration license has not been issued within the six months after the date of the sale.

b. If the purchaser's request appears reasonable and the facts represented are found to be accurate, the secretary may authorize the vehicle commissioner to issue a certificate of title or a vehicle registration license. If the secretary denies the purchaser's request, the denial will be in writing and the purchaser may file an appeal with the Board of Tax Appeals within 60 days after the date of denial by the secretary.

**FISCAL AND ECONOMIC IMPACT STATEMENT  
FOR ADMINISTRATIVE RULES  
RULE TITLE: Collection of Tax on Vehicles**

**I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)**

There would be no implementation costs or savings to state or local authorities for this proposal.

**II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)**

There should be no effect on revenue collections of state or local governmental units as a result of this proposed amendment.

**III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)**

This proposed amendment should have no effect on automobile rental dealers' costs or revenues. This proposed amendment clarifies that automobile rental dealers required to collect the automobile rental tax imposed by R.S. 47:551 cannot collect the local sales tax recovery surcharge from their customers to recover the local sales taxes paid on the purchase of the vehicles since this tax is no longer paid by the dealers. Automobile rental customers who would have been charged this fee will benefit by not having this fee added to their rental charges.

**IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)**

This proposed amendment should ensure equal competition among automobile rental dealers because it notifies all dealers that customers may not be charged the local sales tax recovery surcharge. This proposed amendment should have no effect on employment.

Under the authority of R.S. 47:301 and R.S. 47:1511, in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Revenue, Policy Services Division, proposes to amend LAC 61:I.4353 relative to the apportionment method provided to for-hire carriers under R.S. 47:306.1 for reporting sales and use taxes.

These proposed amendments provide guidance regarding the application of the for-hire apportionment method allowed by R.S. 47:306.1. Specifically, they describe the proper procedure for calculating the mileage factor to be used in the apportionment ratio and the types of purchases that qualify for this method.

**Title 61  
REVENUE AND TAXATION  
Part I. Taxes Collected and Administered by the  
Secretary of Revenue**

**Chapter 43. Sales and Use Tax  
§4353. Collection from Interstate and Foreign  
Transportation Dealers**

A. Revised Statute 47:306.1 allows interstate for-hire carriers to register as dealers and pay the taxes imposed by R.S. 47:302(A) on an apportionment basis. Since the intent of the statute is apparent, this option also applies to the tax imposed by R.S. 47:321(A), R.S. 47:331(A), and Section 2(A) of the Louisiana Tourism Promotion District Ordinance.

1. Interstate for-hire carriers may use this apportionment method for purchases and importations of tangible personal property used directly in interstate or foreign commerce activity.

2. Tangible personal property that is not used directly in interstate or foreign commerce activity, such as truck, bus, or airport terminal equipment or office equipment and supplies may not be apportioned. Sales or use tax must be paid on these purchases or importations in the manner prescribed by R.S. 47:306.

3. An interstate for-hire carrier engaged in activities other than transporting passengers or property for-hire in interstate or foreign commerce cannot apply this apportionment method to the purchases and importations of tangible personal property for those activities. Sales or use tax must be paid on these purchases or importations in the manner prescribed by R.S. 47:306.

B. Carriers that do not elect to report and pay Louisiana sales and use taxes under the optional formula provided by R.S. 47:306.1 must pay Louisiana sales tax on all purchases made within the state of Louisiana and report and pay use tax on all tangible personal property imported into Louisiana when it becomes part of the mass of the taxpayer's property located within this state in the manner prescribed by R.S. 47:306.

C. Interstate for-hire carriers that elect to report and pay Louisiana sales and use taxes under the optional formula

provided by R.S. 47:306.1 must conform to the provisions of LAC 61:I.4353.D-J.

D. For purposes of this regulation, the following definitions apply.

*Apportionment Basis for Sales and Use Tax Purchases* All the gross importations and gross purchases, however no transaction shall be included more than once, less those gross purchases or gross importations that are exempt or excluded from sales and use tax in Louisiana by a provision of law other than R.S. 47:306.1.

*Gross Importations* All tangible personal property on which no Louisiana sales or use tax has been paid that is imported into Louisiana subsequent to the effective date of this regulation and used directly in interstate or foreign commerce activity.

*Gross Purchases* All tangible personal property purchased within and beyond this state that is used directly in interstate or foreign commerce activity.

*Interstate For-Hire Carrier* A person engaged in the transportation of goods or passengers in interstate or foreign commerce for compensation. Persons that transport goods or passengers in intrastate commerce in addition to transporting goods or passengers in interstate commerce are interstate for-hire carriers for the purposes of this regulation. This designation does not apply to any other activity engaged in by an interstate for-hire carrier.

*Louisiana Mileage* All miles traveled by a for-hire carrier within the State of Louisiana while transporting goods or passengers for compensation in intrastate, interstate, or foreign commerce.

*Louisiana Taxable Base* The apportionment basis for sales and use tax purchases multiplied by the ratio of Louisiana mileage to total mileage. The miles traveled in Louisiana for purpose of this calculation include all Louisiana miles, regardless of whether a part of intrastate trips or part of interstate trips.

*Tangible Personal Property Used Directly in Interstate or Foreign Commerce Activity* Property purchased or acquired by an interstate for-hire carrier that is intended for movement between states of the United States, the United States and foreign nations, or states of the United States and offshore areas beyond the territorial limits of any state. This definition includes, but is not limited to, aircraft, trucks, trailers, rail cars, the fuel (except for fuel that is exempt from sales tax by Article VII, Section 27 of the Constitution of the State of Louisiana), parts, and supplies used in the maintenance and operation of these vehicles, and food items served to passengers during the trip. Property that is not intended for movement between states, such as truck terminal equipment, office equipment or supplies, or airport equipment is not tangible personal property used directly in interstate or foreign commerce activity and does not qualify for apportionment under R.S. 47:306.1. Sales or use tax must be paid on these purchases or importations in accordance with R.S. 47:306.

*Total Mileage* All miles traveled by a for-hire carrier within and beyond the State of Louisiana while transporting property for compensation in intrastate, interstate, or foreign commerce.

E. Interstate for-hire carriers that have not previously registered with the secretary to use this optional formula, may apply to the secretary for an interstate or foreign carrier dealer's number. Applicants must submit satisfactory proof to the secretary that they are engaged in the transporting of passengers or property for-hire in interstate or foreign commerce. Documentation showing that the for-hire carrier is subject to the authority of the United States Department of Transportation will be treated as prima facie proof of qualification. The secretary will issue to the interstate for-hire carrier a registration number that may be used to make purchases or importations in this state of tangible personal property without the payment of sales or use taxes at the time of purchase or importation.

F. Interstate for-hire carriers registered with the secretary to use the formula allowed by R.S. 47:306.1 as of the effective date of this Rule will be presumed to have chosen to continue to remit sales and use taxes under the formula unless they make a specific election and receive consent from the secretary not to report under the formula. Interstate for-hire carriers that are not registered with the secretary to use this optional method as of the effective date of this Rule that wish to do so must expressly signify their election, in writing, and receive consent from the secretary before they can purchase or import tangible personal property tax-free and apportion the taxes under this formula. All carriers who do not expressly so elect to report under the optional formula shall be presumed conclusively to have elected not to report under the formula.

G. Interstate for-hire carriers must obtain approval from the secretary before reporting and paying taxes under the formula provided by R.S. 47:306.1. A written request must be submitted to the secretary and once approved, the carrier must report under the formula for all subsequent reporting periods. If a carrier wishes to discontinue using the formula method, a written request must be submitted to the secretary for approval.

H. Vendors may sell tangible personal property used directly in interstate or foreign commerce activity to interstate for-hire carriers without charging sales tax if the buyer submits a blanket certificate, Form LGST 12, to the vendor. The form must be signed by the buyer (or an authorized representative) and include the buyer's name, address and registration number. When a buyer provides this form to vendors, he is asserting that the property purchased will be used directly in foreign or interstate commerce activity and he will pay the taxes owed directly to the secretary under the provisions of R.S. 47:306.1. Blank certificates may be obtained from the secretary. Sellers will be responsible for the collection of tax on all sales made to persons who have not secured the proper registration number. Any dealer who fails to obtain or keep for the secretary exemption certificates signed by the buyer will be liable for and must pay the tax himself.

I. On or before the twentieth day of each month, the carrier must file, on forms furnished by the secretary, returns showing the Louisiana taxable base of gross purchases and gross importations. This amount is determined as follows.

1. The apportionment basis for sales and use tax purchases is determined by subtracting purchases or importations of tangible personal property that are not subject to sales and use tax in Louisiana from gross purchases and gross importations.

(Gross purchases and gross importations) – (Purchases and importations of tangible personal property that are exempt or excluded from sales and use tax in Louisiana) = (Apportionment basis for sales and use tax purchases)

2. The Louisiana taxable base is calculated by multiplying the apportionment basis for sales and use tax purchases by the ratio of Louisiana mileage divided by total mileage. This amount is reported on Line 2 of the Louisiana General Sales Tax return.

(Apportionment basis for sales and use tax purchases) x (Louisiana mileage ÷ Total mileage) = (Louisiana taxable base)

J. Revised Statute 47:306.1 applies only to the tax imposed on the sales and use of tangible personal property as set forth in R.S. 47:301(A), R.S. 47:321(A), R.S. 47:331(A), and Section 2(A) of the Louisiana Tourism Promotion District Ordinance. The tax imposed on the lease or rental of tangible personal property under R.S. 47:302(B), R.S. 47:321(B), R.S. 47:331(B), and Section 2(B) of the Louisiana Tourism Promotion District Ordinance and the tax on sales of services under R.S. 47:302(C), R.S. 47:321(C), R.S. 47:331(C), and Section 2(C) of the Louisiana Tourism Promotion District Ordinance may not be paid and reported under the optional method provided by R.S. 47:306.1.

AUTHORITY NOTE: Promulgated in accordance with R.S. 47:306.1.

HISTORICAL NOTE: Promulgated by the Department of Revenue and Taxation, Sales Tax Divisions LR 13:107 (February 1987), amended by the Department of Revenue, Policy Services Division, LR 29:

### FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

#### RULE TITLE: Sales and Use Tax For-Hire Carriers

#### I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

There would be no implementation costs or savings to state or local authorities for this proposal. This proposed amendment only clarifies the method of apportioning sales and use taxes under R.S. 47:306.1 and will have no impact on the agency's costs.

#### II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There should be no impact on state sales tax revenue as a result of this proposed amendment, which clarifies how for-hire carriers engaged in interstate or foreign commerce must report sales and use taxes under R.S. 47:306.1. Because R.S. 47:306.1 only applies to state sales taxes, the proposed amendment would have no impact on local sales and use tax revenues.

#### III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

This proposed amendment should have no effect on economic benefits or costs of for-hire carriers engaged in interstate or foreign commerce that elect to report their state sales and use taxes under the method authorized by R.S. 47:306.1.

#### IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

This proposed amendment should have no effect on competition or employment by "for-hire" carriers engaged in foreign or interstate commerce that report state sales and use taxes under the method allowed in R.S. 47:306.1.

These proposed amendments are necessary due to changes made to R.S. 47:305.1 by Acts 40 and 41 of the 2002

A. To qualify for exemption under R.S. 47:305.1(A), materials, machinery, and equipment that become component parts of ships, vessels, or barges of 50 tons load displacement and over built in Louisiana must be added during construction. B.1. For the purposes of the exemption provided in R.S. 47:305.1(B), vendors may assume that ships supplies and materials delivered to the dock will be loaded upon the vessel for use or consumption in the maintenance of the vessel.

2. The exemption provided in R.S. 47:305.1(B) for repair services performed upon ships and vessels operating exclusively in foreign or interstate coastwise commerce also applies to component parts removed from those ships, vessels, or barges and repaired elsewhere.

C. For the purposes of the exemption granted under R.S. 47:305.1, the following definitions apply.

**Commerce**—The transporting of goods or persons by ship, vessel, or barge for profit.

**Load Displacement**—The weight of the volume of water displaced by a ship, vessel, or barge when loaded to its maximum capacity.

**NOTICE OF INTENT**

**Department of Wildlife and Fisheries  
Wildlife and Fisheries Commission**

2004 Turkey Season  
(LAC 76:XIX.113, 115, and 117)

The Wildlife and Fisheries Commission does hereby give notice of its intent to amend the turkey rules and regulations for the 2004 season.

The Secretary of the Department of Wildlife and Fisheries is authorized to take any and all necessary steps on behalf of the commission to promulgate and effectuate this Notice of Intent and the final Rule, including but not limited to, the filing of the fiscal and economic impact statements, the filing of the Notice of Intent and final Rule and the preparation of reports and correspondence to other agencies of government.

**Title 76  
WILDLIFE AND FISHERIES**

**Part XIX. Hunting and WMA Regulations**

**Chapter 1. Resident Game Hunting Season**

**§113. Turkey Hunting Regulations**

A. Daily limit is one gobbler, two gobblers per season. Taking of hen turkeys, including bearded hens, is illegal. Still hunting only. Use of dogs, baiting, electronic calling devices and live decoys is illegal. Turkeys may be hunted with shotguns, including muzzleloading shotguns, using shot not larger than #2 lead or BB steel shot, and bow and arrow but by no other means. Shooting turkeys from a moving or stationary vehicle is prohibited. Shotguns capable of holding more than three shells prohibited.

B. No person shall hunt, trap or take turkeys by the aid of baiting or on or over any baited area. Baiting means placing, exposing, depositing or scattering of corn (shelled, shucked or unshucked), wheat or other grain, salt, or other feed so as to constitute a lure, attraction or enticement to, on or over any areas where hunters are attempting to take turkeys.

C. A baited area is any area where corn (shelled, shucked or unshucked), wheat or other grain, salt, or other feed capable of luring, attracting or enticing turkeys is directly or indirectly placed, exposed, deposited, distributed or scattered. Such areas remain baited areas for 15 days following complete removal of all such corn, wheat or other grain, salt, or other feed.

D. Wildlife agents are authorized to close such baited areas and to place signs in the immediate vicinity designating closed zones and dates of closure.

E. The Department of Wildlife and Fisheries strongly discourages feeding agricultural grains to wild turkeys as

this practice increases the risk of birds contracting potentially lethal diseases. Repeatedly placing grain in the same area may expose otherwise healthy birds to disease contaminated soils, grain containing lethal toxins and other diseased turkeys using the same feeding site. Properly distributed food plots (clovers, wheat, millet and chufa) are far more desirable for turkeys and have the added benefit of appealing to a wide variety of wildlife.

F. It is unlawful to take from the wild or possess in captivity any live wild turkeys or their eggs. No pen raised turkeys from within or without the state shall be liberated (released) within the state.

G. All licensed turkey hunters are required to have a Turkey Stamp in their possession while turkey hunting in addition to basic and big game hunting licenses. Additionally, a WMA Hunting Permit is required of any person (age 18-59) who hunts on land administered by the Department of Wildlife and Fisheries, including Wildlife Management Areas, Wildlife Refuges, and Habitat Conservation Areas.

AUTHORITY NOTE: Promulgated in accordance with R.S. 56:115.

HISTORICAL NOTE: Promulgated by the Department of Wildlife and Fisheries, Wildlife and Fisheries Commission, LR 25:2263 (November 1999), amended LR 26:2634 (November 2000), LR 27:2270 (December 2001), LR 28:2375 (November 2002), LR 29:

**§115. Statewide Turkey Hunting Areas-Resident Game Birds and Animals**

A. Shooting hours One-half hour before sunrise to one-half hour after sunset.

Species	Season Dates	Daily Bag Limit	Possession Limit

B. Turkey season will open in designated areas on the fourth Saturday in March. The Area A turkey season will be 30 consecutive days in length, the Area B turkey season will be 23 consecutive days in length, and the Area C turkey season will be 9 consecutive days in length. Wildlife Management Areas, National Forests, National Wildlife Refuges, and U.S. Army Corps of Engineers land may vary from this framework.

C. Statewide Youth Turkey Season on private lands shall be the weekend prior to the statewide turkey season. Only youths younger than 16 years of age may hunt. Youth must possess a hunter safety certification or proof of successful completion of a hunter safety course. Each youth must be accompanied by one adult 18 years of age or older. If the accompanying adult is in possession of hunter safety certification, a valid hunting license or proof of successful completion of a hunter safety course, this requirement is waived for the youth. Adults may not possess a firearm or bow. Youths may possess only one firearm or bow while hunting. Legal weapons and shot are the same as described for the turkey season. The supervising adult shall maintain visual and voice contact with the youth at all times. An adult may supervise only one youth during this special hunt. Only one gobbler per day may be taken and any gobbler taken by the youth during this special season counts towards their seasonal bag limit of 2.

**§117. 2004 Wildlife Management Area Turkey Hunting Regulations**

A. General

1. The following rules and regulations concerning management, protection and harvest of wildlife have been officially approved and adopted by the Wildlife and Fisheries Commission in accordance with the authority provided in Louisiana Revised Statutes of 1950, Section 109 of Title 56. Failure to comply with these regulations will subject the individual to citation and/or expulsion from the management area.

2. Only those Wildlife Management Areas listed are open to turkey hunting.

3. ATVs, ATCs and motorcycles cannot be left overnight on WMAs EXCEPT in designated camping areas. ATVs are prohibited from two hours after sunset to 3:00 AM. All roads including trails and roads designated as ATV only trails shall be closed to ATVs from March 1 through August 31 unless otherwise specified. ATV off-road or off-trail travel is prohibited. Certain trails may be open during this time period to provide access for fishing or other purposes. These trails will be marked by signs at the entrance of the trail. Otherwise, only walk-in hunting is permitted (bicycles permitted).

4. Bag limits on WMAs are part of the season bag limit. Only one turkey is allowed to be taken during special lottery hunts.

B. Permits

1. Self-Clearing Permits. All turkey hunts, including lottery hunts, are self-clearing. Hunters must check in daily by obtaining a permit from a self-clearing station prior to hunting. The self-clearing permit must be in the hunter's possession while hunting. Upon completion of each days hunt, the hunter must check out by completing and depositing the hunter report portion of the permit in the check-out box at a self-clearing station before exiting the WMA.

2. Lottery Hunts. Bayou Macon, Boise-Vernon, Loggy Bayou, Sabine, Sherburne, Sicily Island, Tunica Hills, Union and West Bay WMAs are restricted to those persons selected as a result of the pre-application lottery. Special youth only lottery hunts will be held on Big Lake, Bens Creek, Fort Polk/Peason Ridge, Jackson-Bienville, Loggy Bayou, Sherburne, and West Bay WMAs. Deadline for receiving applications for all lottery hunts is February 13, 2004. An application fee of \$5 must be sent with each application. Applicants may submit only one application and will be selected for one WMA Turkey Lottery Hunt annually. Submitting more than one application will result in disqualification. Contact any district office for applications. Hunters must abide by self-clearing permit requirements. Youths chosen for special youth only hunts will be guided by members of the Louisiana Chapter of the National Wild Turkey Federation. One family member may accompany the youth and guide, but may not hunt.

### FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES RULE TITLE: 2004 Turkey Season

#### I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

Establishment of hunting regulations is an annual process. The cost of implementing the proposed Rules to the state, aside from biologist staff time, is the production of the turkey regulation pamphlets and the issuance of turkey stamps. Implementation cost is estimated at \$14,346. The state agency currently has sufficient funds to implement the proposed action and local governmental units will incur no implementation costs or savings from the proposed Rule.

#### II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

License revenue from the sale of the turkey stamps is estimated to be \$53,350. Failure to adopt this Rule would result in no turkey hunting seasons and loss of state revenue collections from the sale of turkey stamps. In addition, loss of tax revenues of an undeterminable amount may occur to both state and local governmental units from the sale of supplies and equipment used in the pursuit of turkeys.

#### III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Approximately 15,000 resident and nonresident sportsmen and an undeterminable amount of sporting goods distributors, retail outlets and landowners are directly affected by this proposal. Turkey hunters in Louisiana generate income to retail outlets, landowners and commercial operations that cater to the hunting public through hunting leases and the sale of outdoor related equipment and associated items (food, fuel, clothing shotgun shells, etc.). These land and business owners will be negatively impacted if turkey hunting seasons, rules and regulations are not established and promulgated. The actual amount of this impact is not estimable at this time. Both resident and nonresident turkey hunters who do not have a lifetime license or who are not exempt from purchasing a Wild Turkey Stamp will incur an additional cost of \$5.50 and \$20.50, respectively. This Rule merely sets the 2004 Wild Turkey hunting season.

#### IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

Hunting supports approximately 9,184 full and part-time jobs in Louisiana of which a proportion is directly related to turkey hunting. Failure to establish turkey hunting seasons may have a negative impact on some of these jobs. It is anticipated that there will be little or no effect on competition in both the public and private sectors resulting from the proposed action.

## LEGISLATION

### Concurrent Resolution

Regular Session 2003 **CS** Senate Concurrent  
Resolution Number 104

To suspend various sections of Title 37 of the Louisiana Revised Statutes of 1950 and those portions of the Louisiana Administrative Code as they may impose certain mandatory requirements for the continuation of any licensure or certification for any individual while in the active military service of the United States or any of its allies.

Whereas, the Legislature of Louisiana has enacted various statutes which require individuals to meet certain mandatory, periodic requirements for the continuation of their professional or occupational license or certification; and

Whereas, the Legislature of Louisiana has directed various professional and occupational board or commissions to require these individuals to fulfill these requirements on an annual basis in order to maintain their license or certification in good standing; and

Whereas, the various boards and commissions may require a minimum amount of continuing education, payment of fees, and the completion of an annual application for licensure; and

Whereas, many Louisiana citizens who maintain a professional or occupational license in this state are currently involved in active military service for the United States or any of its allies; and

Whereas, it has become necessary that these brave men and women must forsake their normal, daily careers in order to serve in the active military service of the United States or any of its allies; and

Whereas, it would be an injustice for these individuals to have their professional or occupational license or certification suspended or terminated due to their inability to meet certain mandatory requirements; and

Whereas, under the authority of R.S. 49:969 and Article III, Section 20 of the Constitution of Louisiana, the legislature may suspend any law, rules, or regulation.

Therefore, be it resolved that the Legislature of Louisiana hereby suspend those portions of Title 37 of the Louisiana Revised Statutes of 1950 and those portions of the Louisiana Administrative Code as they may pertain to various mandatory, periodic requirements for the continuation of any professional or occupational license or certification for any individual in the active military service of the United State of any of its allies.

Be it further resolved that every professional or occupational board or commission is hereby directed not to enforce any provision which would require any individual in active military service of the United States or any of its allies to meet certain mandatory requirements for the continuation or renewal of their license or certification, including the payment of any fees, application for renewal, or continuing education requirements.

Be it further resolved that a license or certificated holder who is in the active military services of the United States or any of its allies shall notify the appropriate board or commission of his current military status as soon as is reasonably possible after he receives notice of this suspension.

Be it further resolved that a copy of this Resolution be transmitted to each professional or occupation board or commission in the state of Louisiana.
