The Honorable Kathleen Babineaux Blanco  
Governor  
State Of Louisiana  
Post Office Box 94004  
Baton Rouge, LA 70804-9004

Dear Governor Blanco:

Pursuant to law (Louisiana Revised Statute 39:56), the Division of Administration - Office of Planning and Budget has prepared the official state budget for fiscal year 2005-06, which is contained herein. The presentation reflects in detail the financial plan for the fiscal year as to both means of financing and expenditures. This document includes the legislative budgetary actions of the 2005 Regular Session and the Expenditure Limit report for fiscal year 2005-06.

Subsequent to the enactment of this budget plan for fiscal year 2005-06, the state of Louisiana, as well as our neighboring sister states of Alabama and Mississippi, experienced the devastation of Hurricane Katrina – recognized as the most costly natural disaster ever experienced in our nation. That disaster was soon followed by Hurricane Rita that impacted areas already hit by Hurricane Katrina. Additionally, Hurricane Rita severely damaged the southwest region of the state and as well as our neighbor to the west, Texas. While we have prepared this document based on statutory mandates of R.S. 39:56, we fully recognize that there will be significant modifications to this budget plan to address both the infrastructure destruction as well as the operational impact these disasters have had on our state and local governments. We anticipate a significant increase in federal aid funding to various state departments' budgets to cope with these hurricanes' aftermath. However, these hurricanes will also have an immediate adverse impact on the state revenue side of our budget; this adverse impact is being addressed through fiscal management practices to ensure that appropriations will not exceed actual revenues.

To reflect an accurate level of enacted state spending, adjustments to the total expenditure and total revenue have been made in the enclosed financial statements. The adjustments include netting out ancillary self-generated means of finance, interagency transfer appropriations, and other adjustments in order to avoid double counting.

The Honorable Kathleen Babineaux Blanco

September 30, 2005

The adjusted state spending plan for fiscal year 2005-06 totals \$18,728,723,652, the adjusted revenue for the state totals \$18,730,261,201. Adjusted anticipated state revenue from taxes, licenses, fees, and funds, from which the budget during the 2005 Regular Session was comprised, totals \$12,020,100,901. Augmenting this income will be Federal receipts estimated at \$6,710,160,300 to be used mainly for highways, education, and social services. At this funding level, the June 30, 2006, State General Fund (Direct) balance would be \$1,537,549. However, none of these estimates reflect the impact of Hurricanes Katrina and Rita on the state's fisc.

Total appropriated expenditures include \$1,001,153,570 contained in the cash portion of the Capital Outlay Act (Act 26). Projects funded from revenue bonds total an additional \$1,065,195,890. The bond portion of the Capital Outlay Act contains projects totaling \$2,460,698,824. Of this total, projects totaling \$2,457,083,736 are found in priorities 1-5, and those projects with no priority order total \$3,615,088.

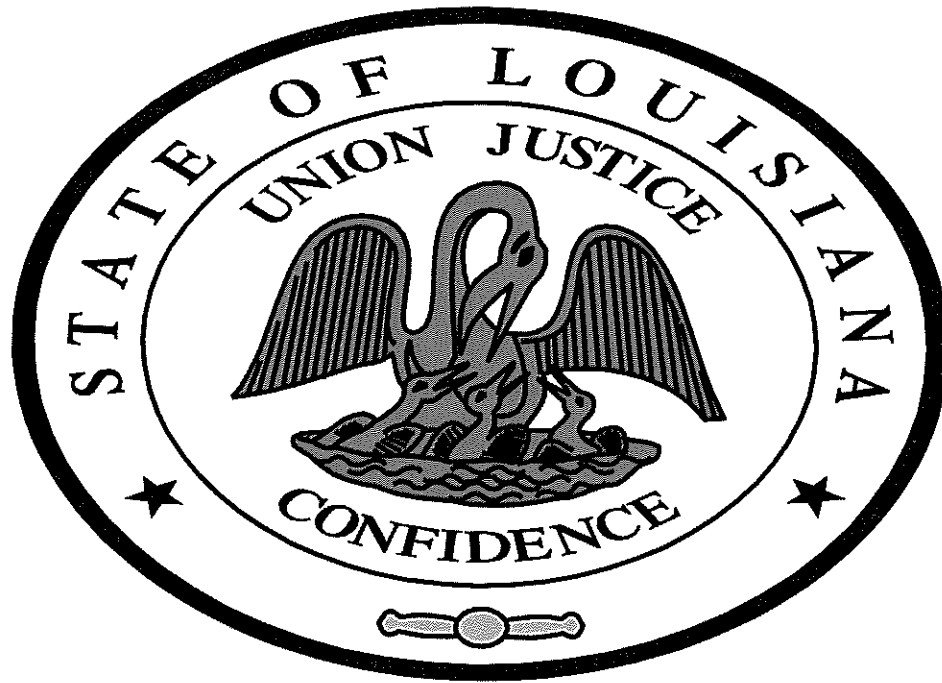

Sincerely,

A handwritten signature in cursive script that reads "Jerry Luke LeBlanc". The signature is written in black ink and extends across the width of the page.

<b>09_305 Medical Vendor Administration</b>									
	\$0	\$0	\$0	\$0	\$0	\$0	\$0	6	This is a language amendment that will allow DHH to add six new positions to the Medical Vendor Administration Program and move funds from one budget unit to another and/or between programs within Schedule 09. Act 306 will establish a direct care workers registry and authorize DHH to promulgate rules and regulations necessary to maintain the registry, which shall include, but not be limited to, defining minimum mandatory training and competency standards for such workers. Six new positions will be needed and estimated costs will be about \$250,000. DHH intends to offset these costs through cost savings achieved by the restructuring of other long-term care programs as recommended by the administration and the Health Care Reform Panel.
<b>09_306 Medical Vendor Payments</b>									
	\$75,525	\$0	\$0	\$0	\$0	\$174,475	\$250,000	0	Act 323 made changes to the rural hospital preservation act which would allow Bienville General Hospital to be included in the definition of rural hospital thus allowing the hospital to be reimbursed for uncompensated care costs through the Medicaid Program. This funding is contingent upon Bienville qualifying as a rural hospital under R.S. 40:1300.143. Bienville's effective date of licensure is January 11, 2005, with Health Standards. Their Medicare/Medicaid enrollment date is January 19, 2005. Therefore, Bienville does not meet the criteria of having no more than forty beds as of January 1, 2005, that is required by R.S. 40:1300.143 and will not qualify as a rural hospital for FY 2006.

This additional funding is the result of a hospital rate adjustments for Medicaid inpatient and outpatient care (\$101M) and 75% of Uncompensated Care Costs (\$76M), not to exceed the amounts appropriated. This additional funding is contingent upon approval by the Centers for Medicare and Medicaid Services and shall not become effective until the Official Forecast is revised by the Revenue Estimating Conference to incorporate these additional revenues.
