ISIS Memorandum 05-023

To: Business Objects Users

Subject: Business Objects Web Pages

In an effort to make the Business Objects web pages easier to use, OIS has implemented new pages which look and function like those for other OIS systems and services. The new Business Objects pages can be accessed from the main OIS page by selecting "Business Objects" under "Featured Services." The new main page provides general information about Business Objects and a link to logon. It also includes links to Data Mart information, training information, a bulletin board, and a Getting Started page which has the 'browser check' and 'first time log in' instructions.

If you have questions, please call the ISIS Help desk at (225) 342-2677 option 2, then 5, then 4 with any questions.

PG/ef

c: Whit Kling, Deputy Undersecretary
