**ISIS Memorandum 05-047**

To: Human Resources Directors  
Employee Administrators

Subject: Health Plan Options for Ochsner and EPO Group Benefits

Health Plan options for Ochsner and EPO Group Benefits were ended in ISIS HR effective for the deduction period 12/2005 due to OGB replacing these Health Plan options as part of annual enrollment. OGB was scheduled to complete all necessary interfaces this past weekend. As of today, OGB has approximately 9,482 more employee records which have not been interfaced to ISIS HR.

The normal nightly payroll simulation for this period, 12/2005, has not been processed pending the completion of the interface to avoid outputting these known errors on ZY01 (Payroll Simulation Error Report). Normal nightly payroll simulation processing will resume tonight.

Any employee whose active IT0167 infotype (Health Plan) has one of the following **Health Plan Option** values **will fail this payroll simulation** and output on ZY01 (log date: 06/01/05) with the following error message: “No entry for MED\_/option \_\_\_\_ . . .”:

Ochsner - 04, 05, 06, 07, 08, 09, 10 or 11  
EPO Group Benefits – 13

Plan	
Plan	MEDF HEALTH (OGB) - FLEX
Plan data Administration Costs Dependents Adc	
General plan data	
Benefit area	LA STATE OF LA BENEFITS
Plan type	MED6 MEDICAL OGB
Benefit plan	MEDF HEALTH (OGB) - FLEX
Health Plan Option	05F0 MEDICAL ONLY - EE+F
Dependent Coverage	OGB Appl. Deprn at OGB
Planning Parameters	
Cost Rule Variant	05F0 MEDICAL ONLY - EE+F

Please be aware that these errors can only be resolved by OGB and they are working to complete the remaining interfaces.

Please distribute this information to all ISIS HR users within your organization. If you have any other questions, please contact the ISIS HR help desk at (225) 342-2677, options 1, 2.
