Commissioner Nichols and the Office of Group Benefits Contest False Information

BATON ROUGE – Over the last few weeks, there have been several reports about OGB that contain inaccurate information. It's important that OGB's 230,000 members understand the health care options available to them so they can make the right choice. The Office of Group Benefits has put together a document that addresses some of the most commonly reported myths. Click [here](#) to read it. We encourage anyone who would like more information to visit the OGB web page at www.annualenrollment.groupbenefits.org and review the available information on annual enrollment and the benefit options for 2015.
