

Tax Exemption for LaCarte Purchasing Card:

The tax-exempt number associated with the State of Louisiana card programs is printed on the front of the LaCarte Card for your convenience. This number should be provided to the cardholder only and not published on any public forum.

The Office of State Travel does not manage tax-exempt numbers for vendors when using the LaCarte Card. Some vendors, such as Wal-Mart, Home Depot, and Lowe's require each Agency to set up their own tax-exempt status. The tax exemption only applies for vendors located in the State of Louisiana when using the LaCarte card as a form of payment for Louisiana state sales taxes only.
