### “Cajun Center Out of the Swamp, Literally”

The Cajun Coast Welcome and Interpretive Center sunk a reported five feet into the very swamp the facility was built to showcase. The team of experts at *Expert House Movers (EHM)* were called in to elevate the 1,600-ton, 16,000 square foot building structure so it can open for visitors. - Morgan City, Louisiana

The pictures you are about to see are not altered.

*Wedell-Williams Aviation Museum - Patterson LA*

Working for the Louisiana State Museum, Cote Blanche Productions produced the revamped exhibit's centerpiece three screen film "4-D" accompanied by sound, light, and wind effects. Air Racers chronicles the exploits of the Wedell-Williams Air Service through the eyes of Mae Haizlip, a female pilot who competed and set records at the National Air Races of 1932. It puts the viewer in the cockpit at the 1932 races.
