Notes:

The 'Existing Operating Budget as of 12/1/2023' (EOB) represents the budgeted amount as of December 1, 2023 for FY 2023-2024.

The section labeled 'Statewide Standards' are statewide adjustments and, to the extent necessary, are made to all appropriations.

Growth rates are not applied to Salaries (Object Codes 5110010/510025/5620072/5980000). The Market Rate Adjustment is included as specific items allowing for an average 3% growth rate per year for eligible employees.

Implementation of the civil service pay plan and market rate adjustments are included for Unclassified Employees only to the extent an approved pay salary schedule exists relative to the unclassified employees.

Acquisitions and Major Repairs - Comprised of Replacement Equipment, Major Repairs to existing property, and other needed equipment and major repairs but not included as a Workload adjustment, Annualization adjustment, or New or Expanded adjustment.

The Annual Growth Rate, Inflation, forecast for the projected years is based upon the Moody's Economy.com forecast of November 2023. The projected fiscal years' growth rate of the implicit price deflator for total consumption expenditures is 2.25%, 2.19%, 2.24%, and 2.24% for fiscal years 2024-2025 through 2027-2028, respectively.

Group Benefits Adjustments

OGB will enact a 6.15% premium rate increase for its self-funded health insurance plans effective January 1, 2024. This is anticipated to generate an additional \$92.6 million in premium revenues for OGB in Plan Year (calendar) 2024.

In order to offset the actuarially projected 6.0% trend/annual growth in medical claims costs and 9.0% trend/annual growth in prescription drug claims costs, and to achieve an actuarially recommended fund balance of approximately \$262 million by FYE 2028, OGB's actuary recommends increasing agency revenues through the enactment of the following premium rate increases: 6.65% (or \$106.3 million) in Plan Year 2025; 6.65% (or \$113.4 million) in Plan Year 2026; 6.65% (or \$121.0 million) in Plan Year 2027; and 6.65% (or \$129.0 million) in Plan Year 2028. Without these premium rate increases in Plan Years 2024 and beyond, OGB's fund balance is projected to be depleted sometime in Plan Year 2026.

These growth projections are dependent on OGB's operating environment remaining the same. Thus, the actuarial out-year growth projections do not factor in changes to federal or state law, national or regional healthcare trends, benefits offered, plan enrollment, or membership demographics beyond present levels.

While the above premium rate increases in future plan years are recommendations, OGB and its actuary will continue to work with the Group Benefits Estimating Conference, the Group Benefits Policy and Planning Board, the Commissioner of Administration, and the Joint Legislative Committee on the Budget to determine what combination of adjustments to existing premium rates, plan of benefits, and eligibility rules are needed in order to offset actuarially projected growth in medical and prescription drug claims expenditures, per Act 146 of the 2015 Regular Legislative Session.

OGB's FYE 2024 fund balance is projected to be \$433.5 million, according to actuarial projections received on December 8, 2023, which are based in part on OGB member claims experience and OGB accrual financial data through September 2023. Current and future fiscal year OGB fund balance projections are updated periodically as additional claims experience data and information on medical and prescription drug claims cost trends become available.

Note: The above information is subject to change as OGB works with the incoming administration to implement their strategic direction for OGB in the current and ensuing fiscal years.

Risk Management Premiums

A. FY24-25 premiums will increase 6.40% for \$266.2 million in total means of financing (State General Fund at \$174.9 million, \$12.0 million increase over 23-24). The Office of Risk Management projects an average increase of 3.5% in FY 25-26, FY 26-27, and FY 27-28.

- In FY 25-26 the estimated increase over FY 24-25 is \$9.3 million in total means of financing (\$6.1 million increase in State General Fund).
- In FY 26-27 the estimated increase over FY 25-26 is \$9.6 million in total means of financing (\$6.3 million increase in State General Fund).
- In FY 27-28 the estimated increase over FY26-27 is \$10.0 million in total means of financing (\$6.6 million increase in State General Fund).

The Statewide Property Excess insurance total limit in FY 23-24 is as follows:

- The State of Louisiana provides property coverage for Named Storm Losses up to a limit of \$350 million, which includes excess coverage of \$300 million plus a Self-Insured Retention (SIR) of \$50 million per occurrence.
- The flood peril has a total combined single limit of \$310 million which includes excess coverage of \$260 million plus SIR of \$50 million.
- Earthquake has combined limit of \$270 million which includes coverage of \$260 million plus SIR of \$10 million.
- All other perils have a limit of \$800 million, each with SIR of \$10 million.
- Fine Arts coverage is provided on a Statewide basis with a separate combined single limit of \$400 million.
- This property coverage does not include Louisiana State University-Baton Rouge Campus, LSU Board of Supervisors, and Paul M. Hebert Law Center.

B. The stated assumptions do not attempt to anticipate legislative changes in tort liability and payments.

C. Department of Transportation and Development - There is no funding provided for the payment of Road and Bridge Hazard premiums. The payments of Claims and other costs paid by the Office of Risk Management for Road and Bridge Hazards in prior years have exceeded premium collections by \$312 million, through June 30, 2023. ORM processes Road and Bridge Hazard claims, but no longer pays those claims from the Self Insurance Fund. Through June 30, 2023 the 5-Year average on claims payable is \$12.4 million. During this 5-year period:

- \$40.4 million was paid in FY 19
- \$10.5 million was paid in FY 20
- no payments were made in FY 21
- \$8.5 million was paid in FY 22
- \$2.7 million was paid in FY 23

Revised Statute 48:78 prohibits the use of the Transportation Trust Fund for this purpose. The 5-Year average on claims payable for Road and Bridge Hazards for out years is in Special Acts.

D. Recommended funding for Road and Bridge Hazard administrative expenses and related matters in fiscal year 2024-2025 totals \$9,839,752 in Fees and Self-generated Revenues (via the Self-Insurance Fund) to the Office of Risk Management.

E. Currently no premiums are collected for the payment of Survivor Benefits paid to surviving family members of police and firefighters killed in the line of duty.

The 3-Year average for claims paid in FY 21 through FY 23 is \$5,536,909. The 5-Year average for claims paid in prior years is \$4,040,260. In FY 22-23, \$3,725,000 has been paid on fourteen (14) claims.

The Office of Risk Management was appropriated \$5,000,000 in FY 2023-2024 for Survivor Benefits payments and for payment of insurance premiums, and co-pay and deductible payments for disabled firemen and law officers approved under Act 391 of 2017 Regular Session. The average time for the Survivor Benefit Board to receive documentation and approve claims in FY 23 has been 9 months. The Office of Risk Management processes the approved claims for payment within 5 days of receipt.

F. As of June 30, 2023, the Office of Risk Management has unpaid liabilities for losses and loss adjustment expense reserves totaling \$1.02 billion. These liabilities include:

- expected future payments for reported claims
- expected payments for losses that have been incurred but not reported (IBNR)
- expected payments for ORM's expenses required for managing the resolution of these claims

These liabilities have been incurred but are not yet due to be paid. ORM's contracted independent actuarial firm, Willis Towers Watson, deemed ORM's reserves for these liabilities to be appropriate in a Statement of Actuarial Opinion dated August 18, 2023. ORM does not factor in these liabilities when calculating the premiums billed each year. Annual funding for the program is currently determined on a "cash needs" basis. The cash needs funding is intended to provide for expected payments during the fiscal year. The State of Louisiana Office of Risk Management financial statement indicates a program deficit of \$877.1 million as of June 30, 2023. The five year projection only reflects the budget of cash needs premiums for out years.

Election Expenses

- The Continuation Budget for FY2024-2025 election expenses including ballot printing is \$20.8 million. Elections include an Open Primary / Presidential / Congressional, Open General / Congressional, Municipal Primary and Municipal General.
- The total estimated cost of election expenses including ballot printing in FY2025-2026 is \$14.8 million. Elections include an Open Primary/Orleans Municipal Primary, Open General/Orleans Municipal Primary, Municipal Primary and Municipal General.
- The total estimated cost of election expenses including ballot printing in FY2026-2027 is \$19.8 million. Elections include an Open Primary/Congressional, Open General/Congressional, Municipal Primary and Municipal General.

- The total estimated cost of election expenses including ballot printing in FY2027-2028 is \$23.1 million. Elections include a Gubernatorial Primary, Gubernatorial General, Presidential Preference / Municipal Primary, and Municipal General.

Election and ballot expenses include the cost of the commissioners, deputy custodians, janitors, drayman, clerk of court, registrar of voters, parish board of election supervisor, and precinct rentals. The cost of election expenses and ballot printing fluctuates because of the cyclical nature of the types and number of elections held. Additionally, the costs of elections increased due to Acts 135 and 167 of the 2008 Regular Session, which established a permanent program to conduct early voting at additional locations and extended hours of early voting in all parishes, respectively. Act 134 of the 2008 Regular Session eliminated the July election date for proposition only elections, citing that it would be more cost efficient for localities to hold propositions elections on dates that coincide with other available elections. Given this, the cost of municipal elections increased slightly to accommodate this change. Municipal elections cost distribution depends on what issues are on the ballot. For gubernatorial, congressional, legislative, constitutional amendment, and judges, the state pays the first 50%. The costs of all elections were increased further with Act 423 of the 2021 Regular Session, which added extra days that the Parish Board of Election Supervisors members may be compensated for the preparation and verification process for the tabulation and counting of absentee and early voting ballots. Acts 365 and 377 of the 2021 Regular Session increased the cost of presidential elections by increasing the number of commissioners for the presidential preference primary election, and extending the period for early voting prior to election day in presidential elections.

It should be noted that the Secretary of State is currently making an effort to upgrade the State's voting system with newer machines and technology, as well as, address national cybersecurity issues surrounding elections. There is no amount projected for this endeavor in the out years at this time, as there is no Request for Proposal (RFP) in place to provide any estimation.

Local Housing of State Adult Offenders

The continuation budget for FY 2024-2025 for Local Housing of State Adult Offenders is \$186 million in State General Fund (Direct), which is equivalent to the Existing Operating Budget. The continuation amount provides funding for the housing of approximately 14,669 offenders (12,678 in local jails and 1,991 in Transitional Work Programs), \$9.5 million for the housing of approximately 13,668 parolees in accordance with R.S. 15:824, as well as \$7.5 million for Intensive Incarceration which houses approximately 1,000 offenders.

FY 2025-2026 contain no growth or reduction in the population estimate. FY 2026-2027 & FY 2027-2028 reflect a reduction of approximately 500 female offenders which will be moved out of the local level to the state-run facility. The new Louisiana

Correctional Institute for Women is anticipated to be fully operational by the end of FY 2025-2026. This will create a net savings to the state of approximately \$3.6 million per year.

Note: Regarding Criminal Justice Reinvestment Initiative Savings: No savings were realized in FY 2022-2023 due to a population increase. The out year projections do not contain any estimates on savings amounts related to criminal justice reforms as those savings are calculated on June 30th, the end of each fiscal year. However, as a result of Act 748 of the 2022 Regular Legislative Session, beginning in FY 2023-2024 the savings will be allocated differently.

If savings are realized, 70% of the savings would be reinvested as follows:

1. 15% would be allocated to the Louisiana Commission on Law Enforcement and the Administration of Criminal Justice to award competitive grants for various victim services, including but not limited to victim safety assessments and safety planning, trauma-informed treatment and services for victims and survivors, shelters and transitional housing for domestic violence victims and their children, batterers' intervention programming, and victim-focused education and training for justice system professionals.
2. 10% would be allocated to Department of Public Safety and Corrections to award incentive grants to parishes, judicial districts, and nonprofit community partner organizations to expand evidence-backed prison alternatives and reduce admissions to the state prison system.
3. 45% would be allocated to the Louisiana Community and Technical College System for targeted investments in educational and vocational training aimed at recidivism reduction programming for adult and juvenile offenders.

Medicaid Payments (Includes Medical Vendor Administration and Medical Vendor Payments)

For the Medical Vendor Payments program, growth for the out years for Medical inflation is measured using the chained price index for Medical Services as published by Moody, as of December 2023. The rates are as follows: FY 2025-2026= 3.62%; FY 2026-2027 = 3.51% and FY 2027-2028 = 3.46%. These rates were applied against the total State General Fund in the FY 24 base in the Public Providers program and the Private Providers program, but excluding supplemental payments, Managed Care payments, Nursing Homes, and Intermediate Care Facilities for Developmentally Disabled. The required amount of State General Fund for the out years is: FY 2025-2026 - \$147.4 million; FY 2026-2027 -\$297.4 million; and FY 2027-2028 - \$479.9 million.

Means of Financing (MOF) Substitutions replacing non-recurring revenue with State General Fund (Direct) which allows for services to continue at current level. These MOF Substitutions result in a net increase in State General Fund (Direct) of \$300.7 million, for FY 2024-2025 Continuation budget, and include:

1. \$285.1 million Means of Finance substitution replacing Statutory Dedication from the Medical Assistance Trust Fund (MATF) and Federal Funds with State General Fund. This balance in the MATF was primarily due to the 6.2% enhanced FMAP provided for in the Families First Coronavirus Response Act that was received in FY 21. The additional Federal Funds were due to the enhanced FMAP received in FY23 and FY24.
2. (\$54.7) million due to changes in the federal Medicaid match rates for FY25. The base Federal Medical Assistance Percentage (FMAP) for FY24 is 67.57%. In FY25, that base rate will increase to 67.96%.
3. \$57.4 million replacing Fees and Self-Generated Revenues with the State General Fund (Direct). Because of CMS rules, physician FMP program is being eliminated. This program has been collecting more in IGT revenue than what was necessary to support the physician FMP program. This extra IGT was used as state match to support all of managed care and now LDH can't collect it so it needs to be replaced with State General Fund.
4. \$12.8 million to replace Statutory Dedications from the Medicaid Trust Fund for the Elderly which was used for the Nursing Home Rebase in FY 24.
5. (\$9.1) million decrease due to an increase in projected collections in the Louisiana Fund Statutory Dedication.
6. 8.5 million increase due to decrease in projected collections in the Health Excellence Fund Statutory Dedication.

The following adjustments for the FY 25 Continuation Budget also increased the need for State General Fund in the following amounts:

- \$2.1 million for increase for Intermediate Care Facilities for the Developmentally Disabled which is required in non-rebase years;
- \$21.7 million for the nursing home annualization and inflationary rates in non-rebase years
- \$236,211 for the managed care Dental Benefit Program
- \$2 million for increased Title XIX and UCC Medicaid payments by other state agencies
- \$28.3 million for Clawback payments
- \$4.1million for Medicare Part A & B
- (\$116.3) million for MCO adjustment due to the ending of Public Health Emergency, maintenance of effort is no longer in effect since April, 2023
- \$320,957 for annualization and addition of Rural Health Clinics and federally mandated Medical Economic Index (MEI) rate adjustments.

The enrollment data used in the formulation of the FY25 Continuation Budget is based on data collected through August of the current fiscal year. As additional data is collected and the extent of the impact of the return of Medicaid eligibility

redeterminations is better quantified with each passing month, adjustments to the enrollment estimates for FY25 and corresponding total FY25 cost of the Medicaid program are possible both during the drafting of the Governor's Executive Budget Recommendations and legislative action taken on the budget in the appropriation process during the 2024 Regular Legislative Session.

The FY 25 Continuation Budget assumes continuation of the hospital directed payment plan. This plan was approved for FY 23 and LDH will be submitting the renewal annually for approval to the Center for Medicaid and Medicare Services.

Increases in Medicaid payments for the out years are based on projecting the State match for each adjustment, for which State General Fund (Direct) is assumed for the entire State Share responsibility. Adjustments to other Means of Financing, to include Interagency Transfers, Fees and Self-generated Revenue, and Statutory Dedications available in the out years may adjust the amount of State General Fund (Direct) that is needed in the out years.

FY 2025-2026 SGF (Direct) need over FY25 Continuation amount:

- \$83.1million for MCOs based on total allocation to the MCOs.
- \$28.5 million for the nursing home rebase in FY 26 previously the MTFE was used to cover Nursing Home rebases however, the fund no longer has a recurring revenue which will result in a State General Fund need for these biennial rebases
- \$17.1 million for Clawback payments
- \$5.5 million for Fee for Service utilization growth
- \$8.1 million for Medicare Part A and B
- \$2.1 million for ICF-DD Increase- FY 26 is when the ICF-DD's should be re-based
- \$2.5 million for the managed care Dental Benefit Program
- \$289,894 for annualization and addition of Rural Health Clinics and federally mandated Medical Economic Index (MEI) rate adjustments

FY 2026-2027 SGF (Direct) need over FY25 Continuation amount:

- \$163 million for MCOs based on total allocation in the FY 25 continuation budget

- \$38.8 million for a nursing home annualization
- \$35.4 million for Clawback payments
- \$12.5 million for Fee for Service utilization growth
- \$20.6 million for Medicare Part A and B
- \$5.2 million for ICF-DD rebase
- \$4.8 million for the managed Dental Benefit Program
- \$16.3 million to replace New Opportunities Waiver (NOW) Fund based on fund projections
- \$579,787 for annualization and addition of Rural Health Clinics and federally mandated Medical Economic Index (MEI) rate adjustments

FY 2027-2028 SGF (Direct) need over FY25 Continuation amount:

- \$245.2 million for growth for MCOs based on total allocation to the MCOs in the FY 25 continuation budget
- \$66 million for the nursing home rebase in FY 28, previously the MTFE was used to cover Nursing Home rebases however, the fund no longer has a recurring revenue which will result in a State General Fund need for these biennial rebases
- \$55.1 million for Clawback payments
- \$20.4 million for Fee for Service utilization growth
- \$34 million for Medicare Part A and B
- \$7.5 million for ICF-DD Increase- FY 26 is when the ICF-DD's will be re-based
- \$7.2 million for the managed Dental Benefit Program
- \$869,681 for annualization and addition of Rural Health Clinics and federally mandated Medical Economic Index (MEI) rate adjustments

Department of Wildlife & Fisheries

The Conservation Fund has realized significant reductions in revenues over the last several years primarily due to declining mineral royalties and interest income, which led to a dependence on fund balance disbursements. As such, the department has utilized significant amounts from the available fund balance since FY 2016-2017. There was a fee increase provided by Act 356 of the 2021 Regular Legislative Session, however; it does not provide sufficient funding to cover all departmental costs. As such, use of the Conservation Fund Balance will continue to be necessary in the current year. With this continued use, the

Conservation Fund's balance will be exhausted in FY 2024-2025. Additionally, there is \$6.5 million of State General Fund (Direct) included in continuation for FY 2024-2025; moreover, in order to maintain necessary levels of service in FY 2025-2026 and beyond, the department would need to be provided with additional State General Fund (Direct) due to the lack of Conservation funding.

Taylor Opportunity Program for Students (TOPS)

The FY 2024-2025 Continuation Budget provides the Office of Student Financial Assistance (LOSFA) full funding of \$307.5 million for 56,547 awards, an increase of 2.1% from the current FY24 projection. Act 44 of 2017 modified language contained in Act 18 of 2016 that states TOPS awards must equal tuition amounts charged during the 2016-2017 academic year. The agency is projecting a 2.1% increase in the number of awards for FY26 (\$313.9 million for 57,735 awards), a 2.4% increase in the number of awards for FY27 (\$321.5 million for 59,120 awards), and a 2.4% increase in the number of awards for FY28 (\$329.2 million for 60,539 awards).

Increased projections are due to: 1) an anticipated average annual increase of 1% in high school graduates through academic year 2024-2025, 2) as of December 2015, the Board of Elementary and Secondary Education (BESE) requires all high school graduating seniors submit the FAFSA in applying for TOPS, and 3) the Performance and Honors awards granted are increasing in total number/percentage of the total TOPS awards. Additionally, certain TOPS requirements were waived including grade point averages (GPA) and ACT testing during the 2020 and 2021 Legislative Sessions due to the ongoing COVID pandemic and hurricanes in the southwestern portion of the state, as well an allowance for many students to delay their postsecondary school start dates until the spring semester; each of these resulting in potential future impacts on TOPS funding totals.

Of note, the tobacco settlement bonds are expected to be paid in full in FY 2023-2024, ahead of the debt payoff schedule of 2035. Once the debt is paid in full, the 60% portion of the tobacco settlement payment is then made available to the state allowing for a greater Statutory Dedication allocation toward TOPS awards, and a potential lesser need of State General Fund (Direct).

Minimum Foundation Program (MFP)

Summary:

The FY 2024-2025 Continuation Budget for the MFP totals \$4.201 billion, which is a decrease of \$24.2 million over the FY 2023-2024 EOB of \$4.225 billion. Currently, there is uncertainty in the direction student counts are going due to many factors such as the impacts from the hurricanes, the economy, the pandemic, and recent legislation that all combine to make the

ability to project the future MFP totals one of the greatest challenges the department has faced since Katrina. The department used the most recent information available to project Levels 1 to 3 of the formula, which resulted in a decrease from FY 2024-25 to FY 2025-26 of 0.07%, and there is no change from FY 2025-26 through FY 2027-28. Level 4 of the formula is projected to slightly increase by 0.01% from FY 2024-25 to FY 2025-26, and there is no change from FY 2025-26 through FY 2027-28. All other components of the approved formula, such as the prior year audit adjustments, mid-year student adjustments, and FY20, FY22 and FY23 pay raises, remain unchanged and are held constant for the out-years. The FY 2023-24 legislative amendments which funded items outside of the formula were addressed as follows: the apprenticeship program and the differentiated compensation were both non-recurred in FY2024-25 and the out-years, whereas the teacher pay raises (stipends) and Ecole Point-au-Chien funding are held constant. House Resolution No. 297 of the 2023 Regular Legislative Session urges and requests that BESE include funding for the FY24 pay raises in future years, and Ecole Point-au-Chien is a state school as of 07/01/2023; therefore, these are both contained in FY2024-25 and the out-years. The base per pupil remains unchanged at \$4,015 since FY20.

Specific Adjustments:

The FY 2024-2025 Continuation Budget is \$3.910 billion in State General Fund and \$4.201 billion total. The budget contains a net means of finance substitution increasing State General Fund by \$8.4 million due to the following changes in Statutory Dedications: a decrease of \$5.9 million in the Lottery Proceeds Fund and a decrease of \$2.5 million in the Support Education in Louisiana First (SELF) Fund due to the Revenue Estimating Conference (REC) forecast. The Lottery Proceeds Fund is budgeted at \$191 million, and the SELF Fund is budgeted at \$100.2 million. State General Fund for projections associated with the total cost of the program include a net increase of \$2.3 million, or 0.06%, based on the cost to fully fund the formula adopted by the Board of Elementary and Secondary Education on March 9, 2022, which became HCR 23 of the 2022 Regular Legislative Session. However, accounting for the FY2023-24 projected shortfall of \$7,010,733 results in a decrease of \$4.7 million, or 0.12%, for FY2024-25. The apprenticeship program and the differentiated compensation were both non-recurred in FY2024-25, resulting in a reduction of \$26.5 million.

Out-Year Projections:

The out-year projections are based on two types of adjustments: the Means of Financing (MOF) adjustment to balance statutory dedications to the REC forecast, and the Other Adjustment to determine the total cost of the program based on the MFP formula.

MOF / Statutory Dedications: For all years, the Lottery Proceeds Fund is projected at \$191 million, and the SELF Fund is projected at 100.2 million. No prior year fund balances are projected in the out years.

Other Adjustments:

The department utilized historical data for projecting the total MFP expenditures, and the growth percentage applied for FY 2025-2026 is as follows: Level 1 Base Allocation -0.07%, Level 2 Incentive for Local Effort -0.06%%, Level 3 Legislative Allocations -0.09%, and Level 4 Supplementary Funding 0.01%. Allocations for Certificated and Non-Certificated Pay Raises from FY 2019-2020, 2021-2022 and 2022-23, as well as the 2023-24 teacher pay raises (stipends) and Ecole Point-au-Chien are held constant. The resulting overall impact is about -0.06%. There is no change from FY 2025-26 to FY 2026-27 and 2027-28.

Total projected MFP is \$4.199 billion for FY 2025-2026, 2026-2027, and 2027-28. Compared to FY 2024-2025, the growth projections reflect a State General Fund decrease of \$2.6 million in FY 2025-2026, with the remaining years unchanged.

Non-Appropriated Debt

The figures included for annual \$350M General Obligation Bond issuances reflect the current projections provided by the State Bond Commission. The actual debt service requirement could be significantly different if alternative bond structures are used. A savings from currently authorized or future General Obligation Bond refinancing could lower the state general fund requirement for non-appropriated debt, thereby freeing up state general fund, which may fund other areas of the budget or a larger bond issuance.

Road and Bridge Hazard Claims (Special Acts)

Projections are based on 5 years of average claim payments of approximately \$12.4 million.

04A	139	OTHDADJ	Aligns projected election expenses with anticipated FY 25 need. The total estimated cost of election expenses in FY 2024-2025 is \$20,895,320, and the existing operating budget in FY2023-2024 is \$23,096,686, resulting in a (\$2,201,366) adjustment. This decrease is mostly attributable to a reduction in the number of statewide elections that will be held in FY2024-2025, and the corresponding election day precinct payroll costs for that statewide election.	(\$2,201,366)	(\$8,222,686)	(\$3,274,806)	\$37,000

04A	SOS	STATEWIDE	Salary Base Adjustment	(\$739,029)	(\$739,029)	\$0
04A	SOS	OTHDADJ	Aligns projected election expenses with anticipated FY 25 need. The total estimated cost of election expenses in FY 2024-2025 is \$20,895,320, and the existing operating budget in FY2023-2024 is \$23,096,686, resulting in a (\$2,201,366) adjustment. This decrease is mostly attributable to a reduction in the number of statewide elections that will be held in FY2024-2025, and the corresponding election day precinct payroll costs for that statewide election.	(\$2,201,366)	(\$2,201,366)	\$0
