Emergency Rules

DECLARATION OF EMERGENCY
Commissioner of Agriculture

Notice is hereby given that implementation of the provisions of Part IV of Chapter 21 of Title 3 of the Louisiana Revised Statutes of 1950, which became effective on January 1, 1983, has created an economic emergency affecting persons in the pesticides industry, in that said Part requires certification prior to engaging in certain activities regulated under the Part and also prohibits certification of applicators and others in the absence of Rules and Regulations adopted by the Commissioner of Agriculture. Therefore, in order to assure that qualified individuals will be able to apply for and receive certification as private and commercial applicators of pesticides, agricultural consultants, and pesticides salespersons, the Commissioner of Agriculture has adopted the following Rules and Regulations for certification of such persons on an emergency basis:

1. All certifications of private and commercial applicators of pesticides, agricultural consultants, and pesticides salespersons issued under prior law are continued in effect until expiration of the time for which the prior certifications were issued.

2. The form of examinations for certification of private and commercial applicators, agricultural consultants, and pesticides salespersons shall be the same as that administered under prior law until changed by the Commissioner of Agriculture.

3. The minimum score necessary for successful completion of examinations for certification as private or commercial applicators of pesticides, agricultural consultants, and pesticides salespersons shall be 70 points.

4. Examinations for certification for private applicators of pesticides and for pesticides salespersons will be given upon request of the applicant at Baton Rouge at the office of Pesticides and Environmental Programs, 9181 Interline Boulevard; at any district office of the Department of Agriculture; or at the office of the County Agent in any parish of the state. There is no cost to the applicant for examination for certification as a private applicator of pesticides. The fee for examination for pesticides salespersons shall be $5.

5. Examinations for certification for commercial applicators of pesticides will be given upon request of the applicant at Baton Rouge at the above location or in any district office of the Department of Agriculture. The cost to applicants for certification as commercial applicators of pesticides shall be $5 when the examination is given in the Baton Rouge office and $15 when the examination is given in a district office. The additional cost for examination in a district office is necessitated primarily by the cost of mailing examinations from Baton Rouge to the district office by certified mail. The examination fee is non-refundable.

6. Examinations for certification as agricultural consultants will be given to qualified applicants after approval of the Advisory Commission on Pesticides in the Baton Rouge office only. The cost to applicants for certification as agricultural consultants shall be $5. The examination fee is non-refundable.

7. As required under R.S. 3:3251 (B), a fee of $5 shall be charged for issuance of a certificate to all individuals who successfully complete the examination for certification as a commercial applicator of pesticides, an agricultural consultant, or a pesticides salesperson. No fee shall be required for issuance of a certificate to a private applicator of pesticides or for a local, state, or federal government employee in any category of certification.

8. A list of the locations and telephone numbers of district offices of the Department of Agriculture may be secured by telephone request at 504/925-3763 or by written request to Harry Calhoun, Director, Pesticides and Environmental Programs, Department of Agriculture, Box 44153, Baton Rouge, LA 70804.

DECLARATION OF EMERGENCY
Department of Agriculture
Agricultural Commodities Commission

In accordance with the emergency provisions of the Administrative Procedure Act (LSA 49:953 B), the Louisiana Agricultural Commodities Commission, established in the Department of Agriculture under Act 563 of 1982, adopted a minimum number of Emergency Rules necessary to implement the provisions of Act 563, which becomes effective on January 1, 1983, and continue the regulation of the warehouse and grain industry on an orderly basis. These Emergency Rules were necessitated by the termination of existing law and the establishment of new requirements under Act 563. These Emergency Rules were adopted at the organizational meeting of the Commission on December 14, 1982, at the State Capitol, Baton Rouge, Louisiana, and provide as follows:

Emergency Rules
1. Form of Warehouse Receipts
   The Commission approved and adopted the current form of warehouse receipts now used by the State Warehouse Commission and provided that all warehouses having a supply of State Warehouse Commission warehouse receipt forms may continue to issue such receipt forms until their supply is exhausted.

2. Continuation of Current Assessments
   A. The following assessments shall be collected by licensed grain dealers when commodities are purchased from producers and by licensed warehouses when commodities are removed from storage:

   Rough rice $0.05 per hundredweight
   Sugar $0.05 per hundredweight
   Corn $0.03 per bushel
   Soybeans $0.03 per bushel
   Oats $0.03 per bushel
   Milo or sorghum $0.03 per bushel
   Wheat $0.03 per bushel
   Cotton $10 per bale, 1st 5,000 bales $0.05 per bale, all over 5,000 bales
   Canned/frozen fruits/vegetables $0.05 per case/carton
   Molasses/syrup $0.05 per 100 gallons
   Oil $0.10 per 100 gallons
   Pecans
      Shelled $0.01 per 30 lb. carton
      Unshelled $0.20 per 130 lb.
   Peppers
      Barrels $0.24 per barrel
      Cisterns $0.20 per cistern
B. The assessments collected as provided above by licensed grain dealers and licensed warehouses shall be due to the Commissioner of Agriculture on a monthly basis, no later than the fifteenth day of each month.

C. Each licensed grain dealer and each licensed warehouse shall file a report of all assessments collected, on forms to be furnished by the Louisiana Department of Agriculture, at the same time as the assessments are due.

3. Procedures for initial licensing of warehouses during the period January 1, 1983, through June 30, 1983

A. Interim license to expire June 30, 1983

1) Warehouse licenses issued under prior law which expire during the period January 1, 1983, through June 30, 1983, may be renewed for a period from the expiration date of the old license through June 30, 1983, without full compliance with all requirements set forth in Rule 6.0 of the Commission's proposed Rules and Regulations.

2) No license issued during the stated interim for which the applicant has failed to provide all information required under proposed Rule 6.0 will be valid after June 30, 1983.

3) No license shall be issued for the period expiring June 30, 1983, unless the applicant has posted bond with the Commission in the amounts required under Act 563 of 1982 and secured provisional stock insurance in the amounts required under Act 563 of 1982.

4) The interim license shall state that the license will expire as of June 30, 1983.

5) The fee for issuance of an interim license shall be the same as the fee for issuance of an annual license, or $100.

B. Initial license for a period of more than one year

1) Warehouse licenses issued under prior law which expire during the period January 1, 1983, through June 30, 1983, may be renewed from date of expiration of the existing license through June 30, 1984, by compliance with all requirements of Rule 6.0 of the Commission's proposed Rules and Regulations at least 30 days prior to the expiration of the existing license.

2) The bond and provisional stock insurance of a warehouse desiring an initial license of more than one year, expiring on June 30, 1984, must be written for the entire period covered by the license.

3) The fee for an initial license issued under this Emergency Rule shall be the same as the fee for an annual license, or $100.

The Commission will call a public hearing to consider permanent adoption of these and other Rules and Regulations at its meeting in January, 1983.

Commissioner

DECLARATION OF EMERGENCY

Department of Agriculture
Market Commission

In accordance with the emergency provisions of the Administrative Procedure Act (LSA 49:953 B), notice is hereby given that the Department of Agriculture, State Market Commission, has taken emergency action to amend Rule 6.3 of the Commission's Regulations Governing the Certification of Official State Grades of Poultry, Poultry Products, and Shell Eggs to bring the hourly inspection fee charged to vendors under this program into conformance with the Federal inspection fee.

The Poultry Inspection Program of the State Department of Agriculture, State Market Commission, is administered under a Cooperative Agreement with the Poultry Division, Agricultural Marketing Service, U.S. Department of Agriculture. The Federal inspection fee was increased to $20.76 per hour, effective November 1, 1982. Therefore, it is necessary to amend the Commission's Rule 6.3 as follows, on an emergency basis, so that there will be no conflict between fees charged by the different administering agencies for the same service:

6.3 The costs of all examination and certification services shall be paid by the vendor at the rate of $20.76 per hour ($5.19 per quarter hour) required to conduct the examination, provided that no specific charge shall be made for certification of product when inspection is simultaneously performed.

DECLARATION OF EMERGENCY

Board of Elementary and Secondary Education

The State Board of Elementary and Secondary Education, at its meeting of December 16, 1982, exercised those powers conferred by the emergency provisions of the Administrative Procedure Act, R.S. 49:953 B, and adopted the following as Emergency Rules:

1. Amendments to Act 754 Regulations, Sections 513-517 relative to the state-level review process.

2. Amendment to Act 754 Regulations, subsections 130A and 130B relative to membership of the State Special Education Advisory Council.

REVIEW PROCESS

§513. Review of Hearing Decisions

A. Any party to a hearing may appeal within 15 operational days after receipt of the hearing decision by requesting a formal review of the decision by the Review Panel.

B. A written request for review must be sent by the party seeking review by certified mail to the Office. A copy of the request must also be sent to all parties and the hearing officer.

C. The written request must state the basis upon which the review is requested.

D. The Review Panel may on its own authority initiate a review of any hearing decision. In such instance, it must provide full and effective notice to the parent(s), the affected school system, and the hearing officer.

§514. Appointment of Review Panel

A. The State Board shall appoint a panel of persons to serve as officers to evaluate and judge appeals of hearing decisions. The Review Panel will include three persons and one alternate who are all presently serving as IFHO's. All panel members will be knowledgeable about the educational and legal issues involved. Appointments will be for a period of one year and may be renewed.

B. Upon receiving a formal written request for a review, the Office shall within 10 operational days notify the Review Panel to evaluate the hearing decision, the hearing record, and other appropriate information.

C. A decision by two review officers on the panel reviewing a particular appeal will be controlling as to the panel's ruling on that appeal.

D. No person may serve on the panel reviewing an appeal if the person has a personal or professional interest that would conflict with his objectivity. A review officer shall not serve on the panel reviewing an appeal that involves a local school system by which the officer is employed.
§515. Conduct of Review
   A. The review and written findings and decision shall be completed within 30 operational days from the date a review panel receives hearing record and decision.
   B. In conducting the review, the panel shall:
      1. Examine the entire hearing record to:
         a. Insure that procedures were consistent with the requirements of due process.
         b. Determine if there are facts to support the hearing decision.
      c. Insure that the decision made by the hearing officer was within the authority of the hearing officer.
      2. Seek any additional evidence necessary.
      3. Afford the opportunity for oral and/or written argument by the parties at the discretion of the reviewing panel. Any written argument(s) shall be submitted to all parties.
   C. All parties have the right to continue to be represented by counsel at the state administrative review level, whether or not the reviewing panel determines that a further hearing is necessary.
§516. Review Decision
   A. Based upon the conduct of the review, the review panel may decide to:
      1. Affirm the hearing decision.
      2. Overrule the hearing decision and enter a new decision.
      3. Order the initiation of a new hearing.
   B. Within 30 operational days from receipt of the hearing record, the review panel will issue a formal written review decision which either affirms the decision, overrules the hearing decision and substitutes a decision approved by the review panel, or orders the initiation of a new hearing.
   C. The Office shall distribute a copy of written findings and decision to the parties and to the State Board.
§517. Appeal
   The decision made by the review panel shall be final unless a party brings a civil action within 30 operational days of the decision.
   This emergency adoption is necessary due to a recent court decision which suggested that it would be a possible conflict of interest for the State Board of Elementary and Secondary Education to serve as the state-level review panel for due process hearings; therefore the Board relinquished its responsibility for conducting state-level appeals in due process cases and appointed an independent body to conduct such reviews.
SECTION 130A
The State Board of Elementary and Secondary Education and the Department shall appoint a state advisory council for the education of exceptional children. The membership shall consist of 11 persons and the procedures for appointing this council shall follow existing State Board procedures.
SECTION 130B
Membership of the state advisory council for the education of exceptional children shall at all times, include at least one person representing each of the following groups:
   1. Handicapped individuals
   2. Teachers of handicapped children
   3. Teachers of regular children
   4. Parents of exceptional children
   5. State education officials
   6. Local education officials
   7. Special education program administrators
   8. Representative of recipients of special education related services and their families
   9. Representative of advocacy agencies for the handicapped
   10. Colleges and universities
   11. Vocational technical schools
   This emergency adoption is necessary in order that the State special education advisory council may meet in time to review the FY 84-86 Special Education Program Plan.

Rules

RULE
Commissioner of Agriculture and Dairy Stabilization Board

The Commissioner of Agriculture, upon the recommendation of the Dairy Stabilization Board and pursuant to the authority contained in LSA 40:931.8 (B) and LSA 36:901 (B) and Notice of Intent published on October 20, 1982, has adopted the following Rules and Regulations for the administration of LRS 40:931.1-40:931.19:

RULES AND REGULATIONS
1.0 Definitions
   1.1 Wherever in the Act or these Rules and Regulations the masculine is used, it includes the feminine; wherever the singular is used, it includes the plural; and vice versa.
   1.3 “Agent” means an employee of the Commissioner or any person authorized to act on behalf of the Commissioner.
   1.4 “Board” means the Dairy Stabilization Board created in LRS 40:931.6.
   1.5 “Bulk milk” means milk which has not yet been placed in the container in which the product will be offered for sale to consumers, retailers, or institutions.
   1.6 “Cartage” means the transportation of dairy products within a limited geographical area, such as delivery of dairy products from the processor to the retailer or distributor.
   1.7 “Commissioner” means the Commissioner of Agriculture.
   1.8 “Cost” means:
         A) “Cost to the retailer” means the invoice cost, or the replacement cost, of the merchandise to the retailer, whichever is lower;
            (1) Less all trade discounts except customary discounts for cash;
            (2) Plus, in the following order:
               a) Freight charges not otherwise included in the invoice cost or the replacement cost of the merchandise;
               b) Cartage to the retail outlet if done or paid by the retailer, which cartage cost, in the absence of proof of a lesser cost, shall be three-fifths of one cent of the cost to the retailer after adding freight charges but before adding cartage and markup; and,
               c) A markup to cover a proportionate part of the cost of doing business, which markup, in the absence of proof of a lesser cost, shall be six percent of the cost to the retailer after adding freight charges and cartage.
B) “Cost to the distributor” means the invoice cost, or the replacement cost, of the merchandise to the distributor, whichever is lower;

(1) Less all trade discounts except customary discounts for cash and discounts from the state or any governmental agency allowed for the collection of any taxes;

(2) Plus, in the following order:
   a) Freight charges not otherwise included in the invoice cost or the replacement cost of the merchandise;
   b) Cartage cost which shall be three-fourths of one percent of the cost to the distributor after adding freight charges but before adding cartage and markup; and
   c) A markup to cover a proportionate part of the cost of doing business which markup, in the absence of proof of a lesser cost, shall be two per cent of the cost to the distributor after adding freight charges and cartage.

(3) “Cost to the processor” means the cost of raw product, ingredients and/or additives; labor costs (including salaries of executives and officers); costs of receiving, cooling, processing, packaging, and manufacturing; rent; interest; depreciation; power and supplies; selling and delivery costs; storing; maintenance of plant and equipment; advertising; transportation; all types of licenses, taxes and fees; insurance; any and all overhead expenses; and all other costs of doing business. Cost shall be allocated proportionately to each unit of product sold.

C) In determining “cost to the retailer” in those cases where the retailer buys at wholesale and receives the wholesalers’ profits and discounts on merchandise to be sold at retail, both the wholesale markup of two per cent and the retail markup of six percent, in the absence of proof of a lesser cost, shall be added to cover a proportionate part of the cost of doing business.

D) When one or more items are advertised, offered for sale, or sold with one or more other items at a combined price, or are advertised, offered as a gift, or given with the sale of one or more items, each and all of the items shall be considered as advertised, offered for sale, or sold, and the price of each item shall be governed by the provisions of Sub-sections A, B, and C of this Section.

E) “Cost to the retailer” and “cost to the distributor” as defined by Sub-sections A, B, and C of this Section means bona fide costs. Purchases made by retailers and wholesalers at prices which cannot be justified by prevailing market conditions within this state shall not be used in determining “cost to the retailer” and “cost to the distributor.”

1.9 “Dairy products” means:

- A) “Fluid milk related product(s)” means homogenized milk, creamline milk, low fat milk, fortified low fat milk, buttermilk, flavored milk, chocolate milk, low fat chocolate milk, half and half, breakfast cream, whipping cream, egg nog, sour cream, cottage cheese (dry or creamed), Creole creamed cheese, yogurt, U.H.T. milk, reene, and lo-reene.

- B) “Frozen dessert(s)” means ice cream, fruit ice cream, nut ice cream, frozen yogurt, ice milk, malt ice milk, malt ice cream, French ice cream, milk sherberts, mellorine, olarine, sherline, and the mix from which any such product is made.

1.10 “Department” means the Department of Agriculture.

1.11 “Discount” means any reduction in the face amount of the invoice price for dairy products.

1.12 “Disruptive trade practices” means any of the acts more fully defined in Rule 5.0 hereof.

1.13 “Distributor” means a person, other than a processor, who sells dairy products to one or more retail establishments or home delivery routes. The term “distributor” includes wholesale grocers, cooperative grocery associations, and any person engaged in marketing dairy products at wholesale (the sale of goods in bulk or quantity as opposed to retail or direct sales to consumers).

1.14 “Institution” means a school, hospital, state agency, religious organization, charitable organization, or nursing home.

1.15 “Licensee” means any person licensed under the Act or these Rules and Regulations.

1.16 “Markup” means an amount added to the invoice or replacement cost of dairy products to establish a reasonable sales price.

1.17 “Milk” means the lacteal secretion of one or more cows (including such secretions when raw, cooled, pasteurized, standardized, homogenized, recombined, or concentrated) which meets applicable requirements of the state health officer.

1.18 “Milk case(s)” means the wood, metal, or plastic container essential for transporting and/or delivering cartons, bottles, jugs, or other packages of dairy products.

1.19 “Person” means any individual, partnership, corporation, cooperative association, governmental agency, or other business entity engaged in any of the activities regulated under the Act.

1.20 “Processor” means a person who processes one or more dairy products or a person who purchases bulk milk for resale to a person who processes dairy products. The term does not include a person who purchases ice cream mix or ice milk mix whose processing activities are limited to converting such mix into a dairy product which will be sold on the premises where such processing occurs.

1.21 “Quorum”, with respect to the Board, means four members of the Board. (See LRS 40:931.7)

1.22 “Retailer” means any person who is engaged in transferring title to dairy products to consumers at a fixed business location within the state.

1.23 “Supplier” means processors and distributors, including wholesale grocers and cooperative grocery associations.

1.24 “Volume discount” means a rate of reduction applicable to an invoice for dairy products, which rate is established on the basis of total purchases of dairy products from all suppliers of such products.

1.25 “Volume discount year” means the twelve months commencing on the 1st day of April and ending on the last day of March in the year which immediately follows.

1.26 “Wholesaler” means any licensee engaged in the business of making sales at wholesale (the sale of dairy products in bulk or quantity as opposed to retail or direct sales to consumers) within this state, or if any person is engaged in the business of making sales at both wholesale and at retail, “wholesaler” shall apply only to the wholesale portion of the business.

2.0 Administration of the affairs of the Board

2.1 The Board shall annually elect a chairman, vice-chairman, and secretary at a regular meeting during the month of August.

2.2 The chairman shall preside at all meetings, provided that in the absence of the chairman, the vice-chairman shall preside.

2.3 The Board shall meet upon the call of the chairman or the Commissioner.

2.4 The Board shall conduct at least one meeting during each quarter but may meet more frequently upon call.

2.5 The Board may, from time to time, delegate some of its responsibilities to subcommittees of the Board, provided that such delegation of authority may be granted only at a meeting where a quorum is present.

2.6 Members of the Board shall be entitled to reimbursement in accordance with regulations governing state employees for expenses incurred in attending meetings of the Board or its
subcommittees, provided that no member shall be entitled to reimbursement except for the performances of duties specifically assigned by the Commissioner.

2.7 Meetings of the Board shall normally be held in the domicile of the Board but may be held at other locations from time to time.

2.8 Proxies shall not be permitted.

2.9 The Commissioner shall provide clerical and other support services as may be required by the Board.

2.10 No final action shall be taken by the Board except at a meeting where a quorum is in attendance.

3.0 Licenses required

3.1 Each retailer, distributor, and processor of dairy products must be licensed by the Commissioner prior to conducting a business of buying and/or selling dairy products.

3.2 Each retailer license issued under the Act will remain in effect unless cancelled by the Commissioner.

3.3 A separate license must be secured for each business location.

3.4 Prior to licensure, each applicant for a license must:

a) Complete the application form required by the Commissioner

b) Demonstrate compliance with all pertinent requirements of the Department of Health and Human Resources

3.5 Each license is personal to the holder thereof and may not be transferred to another for any purpose nor for any period of time.

3.6 The Commissioner shall cancel any existing license whenever any of the following occurs:

a) ownership of the licensed business changes

b) ownership of 25 percent or more of the stock of a licensed business changes

c) the location of a licensed business changes

d) the name or trade name of a licensed business changes

e) the licensee ceases to operate a business of buying and/or selling dairy products for more than 60 days

3.7 A license cancelled by the Commissioner for any of the reasons listed in Rule 3.6 may be re-issued by the Commissioner upon compliance with the requirements of Rule 3.4 above.

3.8 A license suspended/revoked by the Commissioner in accordance with Rule 8.0 hereof may not be re-issued until the act causing the suspension/revocation has been corrected to the satisfaction of the Commissioner.

3.9 Each license shall be prominently displayed in an area accessible to the general public, in the case of retailers, or to the usual customers of the establishment, in the case of distributors and processors.

3.10 In order to maintain the records of the Commissioner in a current status, each license shall be re-issued biennially to all existing licensees whose status has not changed since initial issuance of the license. Each license shall be prominently marked to show the period covered by the license.

4.0 Assessments

4.1 Pursuant to LRS 40:931.13(B) and (D), an assessment of $0.03 per hundredweight is hereby levied upon the first sale of dairy products within the State of Louisiana by the processor, distributor, or retailer licensee who sells such product. The assessment shall be due and payable on all sales of dairy products during the previous month.

4.2 Only one assessment shall be levied on any given lot of dairy products. For example, when a processor makes the first sale of a given lot of dairy products and pays the assessment due thereon, no assessment shall be due from the distributer of that lot of dairy products. However, when a distributor makes the first sale within this state of a given lot of dairy products, the distributor shall be liable for payment of the required assessment on such lot.

4.3 The assessment on frozen desserts shall be determined by converting the frozen desserts to milk equivalents by the following procedure:

\[ \text{Multiply total non-fat milk solids} \times 5.79 \text{ and add total pounds fat } \times 12.5.\]

4.4 Assessments must be paid on or before the last day of the month following the month in which the sales occur. (For example, a report filed on December 31st should include all sales made during the month of November.) Assessments must be remitted to the Commissioner together with the reporting form required by the Commissioner. Each processor or distributor or retailer required under Rule 4.1 to pay the assessment must file the required report and pay the assessment on the due date.

4.5 The assessment becomes delinquent, if unpaid, on the twentieth day following the due date for the assessment report.

4.6 Licenses whose assessments amount to $25 or less each year may pay the total assessment for the twelve months of the year on an annual basis, provided that such licensees must file the required assessment report on a monthly basis.

5.0 Disruptive trade practices defined; prohibited practices; retail accounts; volume discounts and delinquent accounts; exceptions

5.1 Disruptive trade practices are any act or acts by any person in commerce where the effect of such act or acts may be substantially to lessen competition or to create a monopoly in the sale of dairy products; or to injure, reduce, prevent, or destroy competition in the sale of dairy products.

5.2 The following acts are specifically defined as disruptive trade practices:

A) It shall be prohibited for any person engaged in commerce, in the course of such commerce, either directly or indirectly, to discriminate in price between different purchasers of commodities of like grade and quality, where either or any of the purchases involved in such discrimination are in commerce, where such commodities are sold for use, consumption, or resale within the State of Louisiana and where the effect of such discrimination may be substantially to lessen competition or tend to create a monopoly in any line of commerce, or to injure, destroy, or prevent competition with any person who either grants or knowingly receives the benefit of such discrimination, or with customers of either of them. Provided, that nothing herein contained shall prevent differentials which make only due allowance for differences in the cost of manufacture, sale or delivery resulting from the differing methods or quantities in which such commodities are to such purchasers sold or delivered. Provided, that nothing herein contained shall prevent price changes from time to time where in response to changed conditions affecting the market for or the marketability of the goods concerned, such as but not limited to actual or imminent deterioration of perishable goods, obsolescence of seasonal goods, distress sales under court process, or sales in good faith in discontinuance of business in the goods concerned.

B) No licensee engaged in the production, manufacture, or distribution of milk and/or milk products shall intentionally, for the purpose of injuring or destroying the business of a competitor in any locality, discriminate between different sections, communities, cities, or localities in the state by selling such commodity at a lower rate in one section, community, city, or locality, than is charged for the commodity by such person in another section, community, city, or locality, after making due allowance for the difference, if any, in the grade or quality of the commodity and in the actual cost of transportation of the commodity from the point of production, if a raw product, or from the point of manufacture, if a manufactured product. All sales so made shall be prima facie evidence of unfair discrimination.
C) It shall be unlawful for any person engaged in commerce, in the course of such commerce, to pay or grant, or to receive or accept, anything of value as a commission, brokerage, or other compensation, or any allowance of discount in lieu thereof, except for services rendered in connection with the sale or purchase of goods, wares, or merchandize, either to the other party to such transaction or to the agent, representative, or other intermediary therein where such intermediary is acting in fact for or in behalf of, or is subject to the direct or indirect control, of any party to such transaction other than the person by whom such compensation is so granted or paid.

D) It shall be unlawful for any person engaged in commerce to pay or contract for the payment of anything of value to or for the benefit of a customer of such person in the course of such commerce as compensation or in consideration for any services or facilities furnished by or through such customer in connection with the processing, handling, sale, or offering for sale of any products or commodities manufactured, sold, or offered for sale by such person, unless such payment or consideration is available on proportionately equal terms to all other customers competing in the distribution of such products or commodities.

E) It shall be unlawful for any person to discriminate in favor of one purchaser against another purchaser or purchasers of a commodity bought for resale, with or without processing, by contracting to furnish or furnishing, or by contributing to the furnishing of any services or facilities connected with the processing, handling, sale or offering for sale of such commodity so purchased upon terms not accorded to all purchasers proportionately equal terms.

F) It shall be unlawful for any person engaged in commerce, in the course of such commerce, knowingly to induce or receive a discrimination in price which is prohibited by this Section.

G) It shall be unlawful for any person engaged in commerce, in the course of such commerce, to be a party to, or assist in, any transaction of sale, or contract to sell, which discriminates to his knowledge against competitors of the purchaser, in that, any discount, allowance, or advertising service charge is granted to the purchaser over and above any discount, rebate, allowance, or advertising service charge available at the time of such transaction to said competitors in respect of a sale of goods of like grade, quality, and quantity; to sell, or contract to sell, goods in any part of Louisiana at prices lower than those exacted by said person elsewhere in Louisiana for the purpose of destroying competition, or eliminating a competitor in such part of Louisiana or to sell, or contract to sell, goods at unreasonably low prices for the purpose of destroying competition or eliminating a competitor.

H) Any advertising, offer to sell, or sale of any dairy products either by retailer or wholesaler, at less than cost as defined herein plus any state, parish, or municipal sales tax that is then payable under any existing law or ordinance, with the intent or effect of inducing the purchase of other merchandise or of unfairly diverting trade from a competitor or impairing fair competition and thus injuring public welfare, is unfair competition and contrary to and violative of public policy as expressed in Louisiana law, where the result of such advertising, offer or sale is to tend to deceive any purchaser or prospective purchaser, or to substantially lessen competition, or to unreasonably restrain trade, or to tend to create monopoly in any line of commerce.

5.3 Burden of Proof

A) Upon proof being made at any adjudicatory hearing that a licensee has advertised, offered to sell, or sold dairy products at less than cost as defined herein plus applicable taxes, the licensee shall be presumed in violation hereof and shall have the burden of proving such advertisement, offer or sale was not for a proscribed purpose, did not have a proscribed effect or was otherwise lawful.

B) Upon proof being made at any hearing on a complaint that there has been discrimination in price or services or facilities furnished, the burden of rebutting the prima facie case thus made shall be upon the licensee charged with a violation of this Section, provided, however, that nothing herein contained shall prevent a licensee rebutting the prima facie case thus made by showing that his lower price or the furnishing of services or facilities to any purchaser or purchasers was made in good faith to meet an equally low price of a competitor, or the services or facilities furnished by a competitor.

5.4 Nothing in this Rule shall prevent a cooperative association from returning to its members, producers, or consumers the whole or any part of the net earnings or surplus resulting from its trading operations, in proportion to their purchases or sales from, to, or through the association.

5.5 The prohibitions contained in 5.2 above do not apply to the following:

A) Price changes which are necessary from time to time in response to changing conditions affecting the marketability of dairy products, such as, but not limited to, actual or imminent deterioration, seasonal obsolescence, distress sales under court process, sales in good faith in discontinuance of a business in the dairy product being sold with a changed price, or final liquidation sales;

B) Reduction in price to meet a competitor's price, when such reduction is made in good faith solely to meet the competitor's price; provided that such reduction in price must be reported in writing to the Commissioner prior to such reduction, or, if prior notification is not possible, within 72 hours thereafter;

C) The donation of dairy products to nonprofit charitable groups, organizations, institutions such as schools, hospitals, state agencies, religious or charitable organizations, nursing homes, or other similar organizations.

5.6 Retail accounts; Volume discounts and delinquent accounts

A) Any discount in excess of the schedules hereinbelow provided are disruptive trade practices, unfair methods of competition and unfair or deceptive acts or practices and are hereby prohibited with respect to the sale of milk and milk products.

B) Any licensed retailer desiring to receive a volume discount from his suppliers must first be approved by the Commissioner to receive a volume discount. To be approved by the Commissioner, the retailer must complete a Volume Discount Eligibility application, on forms provided by the Commissioner. The application must include all fluid milk purchases during the standard 3-month base period and/or all frozen dessert purchases during the standard 12-month base period. The application is subject to verification by the Commissioner.

C) Processors/distributors may grant volume discounts to a licensed retailer upon receipt of notification from the Commissioner of the retailer's eligibility to receive a volume discount.

D) The Commissioner will annually, on or before April 1st, publish a list of all retailers eligible to receive volume discounts, including the retailer's name and address, the rate(s) of discount authorized for each such retailer, and the effective date of such volume discount. The Commissioner shall promptly notify all processors/distributors of any retailer approved for volume discounts subsequent to publication of the annual listing.

E) The authorized rate(s) of volume discount will be established on the basis of a retailer's total purchases of fluid milk and/or frozen dessert products from all suppliers during the appropriate base period.

F) The standard base period for calculation of the authorized rate of volume discount for fluid milk will be the months of August, September, and October of each year. The standard base period for calculation of the authorized rate of volume discount for
frozen dessert products will be the months of November 1 through October 31 immediately preceding the retailer’s application.

G) A retailer that has not been in operation during the entire standard base period may, with the approval of the Commissioner, use, for fluid milk, his first full three calendar month’s purchases and, for frozen desserts, his first full twelve calendar month’s purchases.

H) The authorized rate of volume discount on fluid milk purchases will be established by totaling the value of all fluid milk purchases from all suppliers during the approved base period and dividing by 3.

I) The authorized rate of volume discount on frozen dessert products will be established by totaling the value of all frozen dessert products purchased from all suppliers during the approved base period.

J) The authorized rate of volume discount for each retailer shall become effective on April 1 of the year following the application and shall remain in effect until the following March 31, except as provided in Rule 5.6(L). Volume discount rates for a new retailer shall become effective as of his first day of business and remain in effect until he has operated for a full volume discount year.

K) The authorized rates of volume discount on fluid milk purchases shall be as follows:

<table>
<thead>
<tr>
<th>Average Monthly Purchases</th>
<th>Volume Discount Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>$1,000.00 to $1,500.00</td>
<td>3%</td>

M) All applications for volume discount must be submitted within one month after the close of the appropriate base period. One month’s volume discount shall be forfeited for each month the application is late.

N) In a retail ownership transfer, the buyer may receive the volume discount rate approved for the previous owner by indicating his choice to do so on his application for license. Alternatively, the buyer may choose to establish his own volume rate in accordance with Rule 5.6(F) hereof.

O) Accounts shall become delinquent 30 days from the end of the month in which the purchases were made, unless a good faith dispute exists between the parties concerning the amount of such account in which case the account becomes delinquent 30 days following resolution of such good faith dispute.

P) Retailers who are delinquent in payment of their account with any processor/distributor are not eligible to receive a volume discount from any supplier on any purchases of dairy products made during the period when the account was delinquent.

Q) Each processor/distributor must report to the Commissioner no later than the 10th of each month the name and address of each account which was delinquent.

R) No processor/distributor may extend credit to a retailer who is more than 60 days delinquent in payment of his account.

5.7 The following trade practices are hereby declared not to be disruptive trade practices:

A) No person shall be deemed to be in violation of the Act or of these regulations on account of giving to any other person advertising novelties unless the nature and value of the advertising novelty is such as to justify the belief that the giver intended to use such gift to induce a retailer to divert business from a competitor to the giver.

B) Nothing contained in either the Act or these regulations is to be interpreted as prohibiting the normal social activities of any person or the entertainment by any processor or distributor (or any processor’s or distributor’s officers and employees) of any customer unless the expenditure involved in such entertainment is excessive or unreasonable.

C) Processors and distributors may give samples of dairy products to consumers if the following requirements are observed:

1) In the case of fluid milk products, the quantity must be limited to three fluid ounces.

2) In the case of frozen desserts, the quantity must be limited to one fluid ounce.

3) The retailer on whose premises such sampling activity takes place must have been in operation at that location for at least 60 days prior to the date on which such activity takes place.

4) Prior to engaging in sampling activities on the premises of a retailer, the processor or distributor shall notify the Commissioner of the planned sampling activity. If such notification is by mail, it shall be given at least ten days prior to the date of the planned sampling activity; and if such notification is by telephone, it shall be given at least three days prior to such activity.

5) Notwithstanding the above provisions, processors may give homogenized milk, low fat milk, skim milk, or chocolate milk in half-pint containers or a frozen dessert sample weighing no more than three fluid ounces to persons participating in plant tours, if such products are consumed on the premises where given.

6) The giving of such samples by a processor or distributor shall not extend over a period of more than two consecutive days for each retailer and shall not occur more frequently than once per calendar quarter; provided that the giving of such samples during the month of December shall not be considered in determining whether there has been compliance with the provisions of this Subsection limiting frequency of demonstrations to one per calendar quarter.

6.0 Obligations of licensees

6.1 Each licensee must maintain all financial records pertaining to transactions subject to the Act in accordance with standards generally prevailing in the industry for a period of two years.

6.2 In order to enforce the provisions of the Act and these regulations, the Commissioner may from time to time audit the books and records of licensees, and each licensee is to permit access to his financial records, during normal business hours, for such audit.

6.3 Each licensee which is required to pay an assessment must submit a monthly report of sales, together with the assessments due, to the Commissioner no later than the last day of the month following the date of purchase. (See Rule 4.0)

6.4 No licensee may use, ship, lend, borrow, give away, throw away, donate, or dispose in any way of milk cases which belong to another licensee.

6.5 Each processor and/or distributor is responsible for assuring that retailers purchasing dairy products from him are properly licensed by the Commissioner.

6.6 Each licensee shall submit such additional reports concerning the sale of dairy products as may from time to time be required by the Commissioner.
7.0 Violations

7.1 No person shall knowingly violate any of the provisions of the Act or these Rules and Regulations.

7.2 The following acts, but not by way of limitation, are specifically defined as violations of the Act and/or these Rules and Regulations:

A) Sales of dairy products by a retailer, distributor, or processor who is not licensed by the Commissioner.
B) Transfer of a license issued by the Commissioner to another for any purpose.
C) Failure to display a current license in a prominent place at each business location.
D) Failure to submit, on a timely basis, the monthly report of sales of dairy products required under Rule 4.0.
E) Failure to pay, on a timely basis, the monthly assessment on sales of dairy products required by LRS 40:931.13 and Rule 4.0 of these regulations.
F) Any sale to or purchase from a licensee whose license has been suspended/revoked.
G) Granting a volume discount to any retailer without notification from the Commissioner of the retailer’s eligibility for such discount.
H) Granting a volume discount at a rate different from the rate authorized by the Commissioner.
I) Extension of credit to any licensee whose account is delinquent for more than 60 days.
J) Filing of any fraudulent information of any kind with the Commissioner.
K) Any disruptive trade practice enumerated in Rule 5.0 of these Rules and Regulations.
L) Failure or refusal to permit an examination of financial records when the request of the Commissioner to audit is made for valid purposes.
M) Failure or refusal to provide any report or audit report required by the Commissioner.
N) Any misuse of milk cases belonging to another, as more fully enumerated in Rule 7.4 hereof.
O) Any retailer’s use of equipment furnished by a frozen dessert processor or distributor for the storage or display of frozen desserts other than those sold to such retailer by such frozen dessert processor or distributor. The storage or display of products other than frozen desserts received from such processor or distributor, in such storage or display cabinet by a retailer shall constitute prima facie evidence of a violation of this regulation.

P) The advertisement of lowfat milk (milk with a milk fat content of less than 0.5 percent nor more than 2.0 percent) in any form of mass media without clearly stating the percentage of milk fat contained in said product.

7.3 No processor or distributor shall furnish, give, lend, sell, or rent, and no retailer shall accept, receive, buy, or rent any signs and/or display materials except those advertising only the supplier’s own products. Such signs and display materials shall not contain the name or product of any retailer.

7.4 No licensee may use, ship, lend, borrow, or possess in any way, give away, throw away, or dispose in any manner of milk cases belonging to any licensed processor or distributor.

7.5 No processor or distributor may provide a fluid milk dispenser to any retailer, except under the following conditions:

A) The processor or distributor has been engaged in selling dispenser milk to the retailer for at least 60 days prior to the date on which the dispenser is furnished.
B) The period during which the dispenser is furnished must not exceed 30 days.
C) The processor or distributor must report to the Commissioner within ten days after the date on which the dispenser is furnished to the retailer the make and serial number of the dispense-

ATTACHMENT A

LAC 1:9:8 PROCEDURES FOR PROCUREMENT SUPPORT TEAM OPERATIONS

8.1 PROCUREMENT SUPPORT TEAM COMPOSITION. A procurement support team shall be formed in accordance with the procedures defined herein for every contract in an amount greater than $100,000 for the procurement of data processing hardware, software, and related services, as required by Act 628 of the Regular Session of 1981. Purchase release orders issued pursuant to a Direct Order Contract shall not constitute a contract for purposes of these procedures. The formation of a procurement support team shall be accomplished by the Office of Data Processing (ODP).

As stated in Act 628, at least two members of each procurement support team should have formal training in computer con-
tract negotiations. The Office of Data Processing, the Legislative Fiscal Office, the Attorney General’s Office, and the Purchasing Office shall each designate in writing to the ODP the names of a primary and an alternate team member, and should insure that at least one of these individuals has received formal training in computer contract negotiations. It shall thereafter be the responsibility of each named agency to keep the ODP advised of any changes in designated individuals.

Each agency in the State which uses data processing hardware, software, and related service shall designate in writing to the ODP at least one individual who will be available to participate in procurement support teams. Each such agency is requested to have at least one individual trained in computer contract negotiations available at all times.

As required by Act 628, at least five members, one from each office designated, must be present to constitute a quorum.

8.2 PROCUREMENT SUPPORT TEAM INVOLVEMENT. Procurement support team participation must include, as a minimum, assistance in final drafting of specifications, drafting of invitations for bids, evaluation of bids, and negotiation of contract terms. Procurements requiring this level of support will involve the active participation of all of the members of the procurement support team as a unit. There will be at least one joint meeting per phase during the process. The procurement support team will make written evaluations and recommendations as a group; these will not supplant written individual agency approvals as required by statute or regulations. The team leader will be designated by the Office of Data Processing.

8.3 EMERGENCY PROCUREMENTS. Notwithstanding the guidelines established above, procurements under emergency conditions (as defined by the ODP) will involve a procurement support team designated by the ODP, under the direction of a team leader designated by the ODP. Agencies and individual team members may be contacted by telephone, and make oral recommendations and comments. Such oral recommendations or comments shall be confirmed in writing as early as possible. A final written evaluation shall be presented to the ODP prior to ODP approval of any emergency procurement. Procurement support team members participating in emergency procurement shall participate in a follow-up meeting, at which time a written evaluation of the process will be prepared and forwarded to the ODP.

8.4 The procurement support team will be a purely advisory body. All decisions with respect to a procurement process will be made by the procuring agency. Such decisions will of course be subject to the review and approval of other agencies as required by statute or regulations. The approval or acceptance of a particular procedure by a procurement support team member is not to be construed as approval by the agency which that team member represents, in those cases where formal agency approval of the final agreements is required.

8.5 In situations where formal negotiations with prospective vendors, or a successful bidder, is appropriate, such negotiations will be conducted by a negotiations team appointed by the procurement support team leader. One member of the negotiating team will be designated as lead negotiator. The procuring agency will establish in writing the authority and constraints under which the negotiating team will operate, and within these constraints, the negotiation team shall have full authority to deal with the other party or parties. The results of such negotiations will, of course, be subject to all statutory required reviews. The lead negotiator and at least one other member of the negotiating team should have formal training in computer contract negotiations.

8.6 The individual agencies represented on procurement support teams will have the following primary responsibilities. These responsibilities may be enlarged or modified as appropriate to each given situation by the procurement support team leader, with the concurrence of the Office of Data Processing.

A. Office of Data Processing. The ODP shall have primary responsibility for providing advice and support in the area of data processing techniques, negotiations techniques, developing the structure and content of invitations to bid (ITB), and drafting of technical specifications.

B. Legislative Fiscal Office. The Legislative Fiscal Office shall have primary responsibility for the financial analysis of ITB’s and bids, and review of funding procedures.

C. Attorney General’s Office. The Attorney General’s Office shall have primary responsibility for developing the legal terms and conditions of draft contracts, evaluating the legal impact of substantive terms and conditions, review to insure compliance with statutes and regulations, and legal negotiations.

D. Purchasing Office. The Purchasing Office shall have primary responsibility for insuring compliance with procurement procedures and regulations, the drafting of invitations to bid, and the evaluation of bids.

E. The Procuring Agency. The procuring agency shall have primary responsibility for the determination of the compliance of bids with these functional requirements, and for all management decisions at each phase of the procurement process.

8.7 PROCEDURES. Each procurement activity covered by Act 628 shall be conducted in accordance with the following procedures:

8.7.1 Each agency contemplating a procurement covered by the provisions of Act 628 shall, upon definition of the preliminary functional requirements and prior to the drafting of specifications, notify the ODP in writing of the intended procurement. The ODP shall then make a determination as to the best available method of satisfying the agency’s requirements (e.g., by transferring equipment from another agency, or by issuance of invitations to bid.) If the ODP determines that bidding procedure is most appropriate, it shall authorize the procuring agency to proceed.

8.7.2 The ODP staff, pursuant to the guidelines established herein, shall identify the level of support required, notify the appropriate agencies, and obtain from those agencies the names of the individual designated to participate in this particular procurement support team. The ODP staff will then designate a team leader, insure that at least two members of the procurement support team have received formal training in computer contract negotiations, and forward to the team leader the names of the other team members, along with any information received from the procuring agency.

8.7.3 The team leader will establish a schedule for the procurement activity, define the role and task of each team member, and establish a project file. The procuring agency and all team members are responsible for insuring that the team leader receives a copy of all correspondence and documentation.

8.7.4 The team leader will maintain a file containing all documentation and correspondence relating to the procurement. At the end of the process one copy will be provided to the procuring agency and one copy will be retained on file by the ODP. The team leader will make written status reports at the end of each phase to the ODP. Such status reports shall be presented to the ODP at each regular meeting.

8.7.5 Each member of the procurement support team must review as a minimum the final specifications, the invitation to bid, the bids, any formal bid evaluation, and the final contract. As a minimum, this review must be indicated by the signature of each team member. Where team evaluations are made, each team member must sign the evaluation, or his designating or qualifying reports.

8.7.6 In the event that a team member indicates acceptance or concurrence of any activity, and that team member’s agency subsequently refuses to approve the process pursuant to its
statutorily required review, the reviewing agency and the individual team member must submit to the team leader written reasons for their actions. The team leader shall file these documents in the final activity file.

8.7.7 After a procurement process has been completed, team members and the procuring agency are encouraged to submit written evaluations and comments of the process, and suggestions for future improvements. Such evaluations, comments, and suggestions shall be sent to the ODP.

RULE
Office of the Governor
State Planning Office

The Office of the Governor, Louisiana State Planning Office, in accordance with the Notice of Intent published December 20, 1982, has adopted the following Rules for the administration of a Planning and Development District Assistance Program:

GOALS AND OBJECTIVES:

The State of Louisiana supports regional planning and development activities for the effective promotion of the economic and social welfare of the people within the various regions of the state. To that end, the Louisiana State Planning Office (SPO) will disburse funds to the State’s Regional Planning and Development Districts (District or Districts), or Regional Planning Commissions, to meet the following program objectives:

A. Activities to promote the economic development of the region, or;
B. Planning and project development activities to accomplish any of the following goals:
1. Greater employment opportunities
2. Provision of adequate infrastructure to meet community needs
3. Better living environment including more decent and affordable housing
4. Improved transportation services
5. Improved social services, or;
C. Any combination of the above.

PROGRAM REQUIREMENTS FOR MEETING PROGRAM OBJECTIVES

A. Document Submission. No later than July 1 of each year, (except FY 1983, which may be submitted upon approval of these Rules) the regional agency shall submit a budget and program narrative outlining expected expenditures in the same detail as found in the agency’s normal budgeting procedure and providing a reasonably detailed narrative of the expected program for the following 12 months. The budget and program narrative shall be approved by the agency’s governing body. Upon receipt of such budget and program narrative, SPO shall make comments on them and then forward such comments, along with the budget and program narrative to the Governor, the Senate Finance Committee, and the House Appropriations Committee. Where quantitative results are applicable, the program narrative shall contain an estimate of accomplishments expected during the 12 month period.

B. Payments. Payments will be made within six weeks after the quarterly dates of July 1, October 1, January 1, April 1, provided that the July 1 payment will not be disbursed prior to receipt by SPO of the budget and program narrative required above with documentation of approval by the District Agency’s governing authority. Quarterly payments thereafter shall not be made until receipt of quarterly progress reports outlining activities in relation to the work program. Quarterly progress reports shall contain the following:
1. A statement of activities accomplished during the quarter, accompanied by any appropriate documentation (i.e. studies, plans, maps, industrial development reports, etc.) showing that these activities were carried out.
2. A projection of activities expected to be conducted during the next following quarter.
3. Amended copies of any changes in the budget or program narrative as approved by the agency’s governing body.
4. SPO shall have the same right of comment on these quarterly progress reports as in B., and shall also send such comments, along with the quarterly progress reports, to the Governor, the Senate Finance Committee, and the House Appropriations Committee.
5. Period of Work. Work will be accomplished and/or obligated during the fiscal year. (i.e., July 1 - June 30) in which the Legislative appropriation is made.
6. Final Report. By June 30 of each year, each agency shall submit a final report of activities summarizing work accomplished for the year and all materials produced by the agency. Copies of all materials produced by the agency shall be submitted to SPO by June 30 or in a timely fashion thereafter. By September 1 of each year, the State Planning Office shall submit a report to the Governor and the Legislature on the accomplishments of the program, with an evaluation of the program’s merit, during the previous fiscal year.
7. Audits. It is understood that all subject regional agencies are required to submit annual audits to the State Legislative Auditor’s office. It is understood that it is the SPO’s prerogative to request that such audits be filed in a timely fashion with SPO, for submission to the Legislative Auditor’s Office.
8. Application. The above Rules and Regulations apply only to those funds disbursed under the Planning and Development District Assistance Program.

FUND RECIPIENTS

Funds of these funds, appropriated by Act No. 13 of the 1982 Louisiana Legislature and the total amounts they are eligible to receive, upon compliance with the aforementioned requirements, are as follows:

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, adopts a Rule, effective February 1, 1983, to implement a state program of maximum allowable costs (MAC) for multiple-source drugs. This Rule establishes maximums for the costs of certain drugs which shall be reimbursed under Title XIX. The state established MAC for these drugs shall be applicable unless a lower Federal MAC for the respective products is established. The proposed MAC limits shall be applicable for the specified drugs unless the prescriber has certified, in his own handwriting, that a specified brand is medically necessary for the recipient. In no case may a recipient be required to provide payment for any difference in a prescription price that may occur with implementation of the MAC limit, nor may OFS use a cost which exceeds the established maximums except as specified below.

This program shall track federal Health and Human Services regulations regarding exceptions to their MAC limitations. The specific guidelines regarding procedures for such exceptions provide that:

a) The certification must be in the physician’s handwriting;
b) The certification may be written directly on the prescription or on a separate sheet which is attached to the prescription;
c) A standard phrase written on the prescription, such as “brand necessary” will be acceptable;
d) A printed box on the prescription blank that could be checked by the pharmacist to indicate brand necessity is unacceptable;
e) A handwritten statement transferred to a rubber stamp and then stamped on the prescription blank is unacceptable.

Maximum Allowable Costs (MAC’s) for reimbursement under Title XIX are proposed as follows on those multiple-source drugs specified:

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, shall exclude the coverage of voice evaluations
or voice therapy from the Title XIX Medical Assistance Program. This includes instructions in use and hygiene of the voice as treatment for vocal cord nodules or hoarseness, and related conditions, unless it is serious enough to interfere with normal speech.

Coverage of these particular services was the issue of a request for a Fair Hearing. This proposed exclusion will clarify the policy concerning voice evaluations or voice therapy. These services have never been covered and there are presently insufficient funds to allow the Medical Assistance Program to offer coverage of these services.

Roger P. Guissinger
Secretary

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, shall provide Medicaid to any child for whom the State makes adoption assistance or foster care maintenance payments under Title IV-E of the Social Security Act.

This Rule had been placed in effect on an emergency basis and was published in the October 20, 1982, issue of the Louisiana Register (Volume 8, No. 10, page 509).

This action is necessary to ensure that Medicaid coverage continues for children previously certified for Medicaid as a child for whom the State makes foster care payments under IV-A, whose IV-A eligibility was transferred to Title IV-E effective October 1, 1982. It also provides Medicaid coverage for those children for whom the State makes adoption assistance payments under Title IV-E to ensure that these children receive medical care necessary to maintenance of their health and well-being.

This action is mandated by Public Law 96-272 and is being taken in response to final Federal regulations published in the July 1, 1982 issue of the Federal Register (Volume 47, No. 127, pages 28652-28658).

Roger P. Guissinger
Secretary

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, shall adopt a Rule in the Medical Assistance Program to amend the requirement that Title XIX recipients in Intermediate Care facilities (ICF I and II) be visited by a physician at least every 60 days following admission unless the physician decides that this frequency is unnecessary and records the reasons for that decision. Current policy requires physician visits every 60 days regardless of medical necessity.

This change does not affect separate requirements for re-certification by a physician regarding continued need for care and/or review or revision of the plan of care for the recipient.

Roger P. Guissinger
Secretary

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, hereby reduces the personal care needs allowance for long term care recipients from $50 to $40 per month effective February 1, 1983. The maximum Optional State Supplement payment shall also be reduced from $25 to $15 per month effective February 1, 1983.

Roger P. Guissinger
Secretary

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, hereby suspends the Maximum Allowable Cost (MAC) limit for the drug, Erythromycin Stearate 500 mg. Tablets. The original MAC limit for this drug was published as a final Rule in the March 20, 1979 Louisiana Register (Volume 5, Number 3, page 64).

This action is required as a result of a telegram received from the chairman of the Pharmaceutical Reimbursement Board of the Health Care Financing Administration (HCFA). The federal government is suspending this drug from the MAC list because of the potential lack of product availability in the marketplace at the current MAC limit.

Roger P. Guissinger
Secretary

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, hereby amends the policy regarding the number of therapeutic leave days which are reimbursable under Title XIX effective February 1, 1983 from the current limit of 25 days per recipient per year to an allotted number of leave days per facility based on the number of certified recipients enrolled in the facility as of January 1, 1983. Each facility’s number of leave days will be recomputed annually based on the formula of 25 days per recipient multiplied by the number of certified recipients enrolled as of January 1 of each year.

A maximum limit of 50 therapeutic leave days per year for each individual recipient will be eligible for reimbursement under Title XIX where permitted by the facility’s use of their allotted number of leave days.

Leave days for the following purposes shall be excluded from the annual 50 day limitation per recipient:

1) Special Olympics
2) Roadrunner sponsored events
3) Summer camp
4) Louisiana planned conferences
5) Trial discharge leaves
6) Elopement days

The above exclusions shall be applicable to all Title XIX ICF-H recipients effective February 1, 1983.

RULE
Department of Natural Resources
Office of the Secretary
Fishermen’s Gear Compensation Fund

In accordance with Louisiana Revised Statutes 56:700.1 through 56:700.5, the Fishermen’s Gear Compensation Fund, and pursuant to Notice of Intent published December 20, 1982, the Department of Natural Resources has adopted a fee of $100 per state mineral lease and $100 per state right-of-way for those leases and rights-of-way located in the Coastal Zone of Louisiana. The fee will be assessed on January 20, 1983, and will apply to all leases and rights-of-way in effect on that date.

RULE
Department of Public Safety
Office of State Fire Marshal

The Fire Marshal Mobile Home Board of Review hereby adopts the following Rules for appealing to the Board:

I. Any application to the Board of Review shall contain the following basic information set off in organized fashion with captions indicating that the paragraph in question contains the following basic information:

1. The name of the applicant.
3. A copy of the order of the Fire Marshal which is being appealed.
4. A reference to the section of the law or code being reviewed.
5. A brief description of why the applicant feels the requirements of the Fire Marshal is not within the Fire Marshal’s authority, or brief description of why the interpretation of the Fire Marshal is incorrect, or what specific relief is required by the applicant.
6. A list of the individuals who will be appearing before the Board, and a brief description of the testimony or information they will be providing to the Board.
7. A list of all the documents which will be introduced or provided to the Board along with a brief description of the documents, and if possible, a copy of said documents.
8. A list of each exhibit except for documents, and a brief description of the exhibit.

II. Whenever possible, a notice of the meeting, date and place and the agenda will be recorded in the Louisiana Register, however, whenever that is not possible, a copy of the meeting notice including the date, time and place and agenda of the meeting of the Board will be published in the official notices of the official state journal; furthermore, a press release containing the same information will be mailed to the official journals of the cities of Shreveport, Monroe, Lafayette, Lake Charles, Alexandria, New Orleans, and Baton Rouge and any city or town in which the meeting of the Board is to be held if it is not one of the aforementioned major cities; and the same information shall be mailed to each individual who has notified the Fire Marshal of his desire to receive a notice of such appeal.

III. A copy of the determination of the Board as prepared by the Chairman will be mailed to each individual who requests a copy of that specific determination as well as to the applicant.

IV. The time delays for filing an appeal shall be those specified in R.S. 40:1577 and 40:1578.1 D.

REVISED RULES

4.3 Any meeting may be called by the President or by joint call of at least two of its members, to be held at the principal office of the Board, or at such other place as may be fixed by the Board. Regularly scheduled Board meetings are usually held on the last working day of January, March, July, and September.

5.5.4 Solicitation. A licensee shall not by any direct or indirect personal communication solicit an engagement to perform professional services:
A. If the communication would violate Rule 5.5.3 above if it were a public communication;
B. By the use of coercion, duress, compulsion intimidation, threats, overreaching, or vexatious or harassing conduct;
C. Where the solicitation is done in person or by telephone by the licensee or an employee of the licensee.
Any written solicitation shall be subject to the provisions of Rule 5.5.5.

5.5.5 Written Advertisements, Solicitations, and Other Public Communications. A Licensee shall have the right to mail or deliver advertisements, solicitations and other public communications, subject to the following provisions:
A. A licensee shall not mail or deliver any advertisement, solicitation or other public communication if such advertisement, solicitation or other public communication would violate Rule 5.5.3 or Rule 5.5.4 above.
B. A licensee shall retain for a period of at least three years an original or copy of all mailed or delivered advertisements, solicitations and other public communications, together with a list of all addresses to whom it has mailed or delivered such advertisement, solicitation or other public communication.
C. A licensee shall mail or deliver to the Board an original or copy of all uninvited mailed or delivered advertisements, solicitations or other public communications simultaneously with such mailing or delivery.

For purposes of this Rule, a public communication shall be deemed to include newsletters, brochures, magazines, books, announcements, notices, reports, notes, journals, letters, cards, inquiries, tapes, recordings and all other written, printed or recorded materials mailed or delivered to one or more addresses who are not clients of the licensee at the time of such mailing or delivery. Materials disseminated only to clients of the licensee shall be not deemed to be a public communication.

5.5.6 Form of Practice. A licensee may practice public accountancy only in a proprietorship, a partnership, or a professional corporation organized in accordance with the Louisiana Professional Accounting Corporations Law or similar law of another state.

5.5.7 Firm name. The name under which a licensee practices public accounting must indicate clearly whether he is an individual practicing in his own name or a named member of a partnership or professional accounting corporation. The words "and Associates" or "and Company" or similar words shall be used only to denote unnamed partner(s) of a partnership or shareholder(s) of a professional accounting corporation. However, names of one or more past partners or shareholders may be included in the firm name of a successor partnership or corporation. Also, a partner or shareholder surviving the death or withdrawal of all other partners or shareholders may continue to practice under the partnership or corporate name for up to two years after becoming a sole practitioner or sole shareholder. No licensee shall allow a person who is not a licensee and who is not in partnership with him or in his employ on a salary, to practice in his name. If a firm is incorporated, words so indicating must appear in or with the firm name each time it is used.

5.5.8 Communications. A CPA shall, when requested, respond to communications from the Board within thirty days of the mailing of such communications by registered or certified mail.

5.5.9 Applicability. All of the Rules of Professional Conduct shall apply to and be observed by licensees. Notwithstanding anything herein to the contrary, they shall also apply to and be observed by CPAs not in public practice, where applicable.

6.1.4 A certified public accountant who wishes to reenter practice after having allowed his license to lapse must present proof, documented in a form satisfactory to the Board, that he has satisfied the requirements for continuing professional education for the preceding period as specified by Rule 6.1.1.

6.1.5 For good cause shown, the Board may at its sole discretion issue a temporary license to an applicant and provide a specified period of time within which to satisfy the required continuing professional education.

9.1.1 Examinations are ordinarily held in May and November of each year. Candidates for these examinations shall file complete application forms. A complete application is one that is properly filled out, including payment of the required examination fee and, if a first-time application, accompanied by all required official transcripts.

Applications for the May examination must be received in the Board's office no later than March 1. Applications for the November examination must be received in the Board's office no later than September 1.

First-time or transfer-of-grades candidates who have not taken their accounting courses in Louisiana must include a copy of the course description(s) of all accounting courses not clearly identified by titles listed in Rule 9.2.2B.

10.2 By Reciprocity
10.2.1 An applicant who has been certified as a public accountant by any state, as defined by R.S. 37.71F, shall be eligible for certification by the Board, provided that:
A. The applicant possesses a baccalaureate degree;
B. The applicant has successfully passed the Uniform Certified Public Accountant Examination prepared and graded by the American Institute of Certified Public Accountants;
C. The application for certification by the Board is made through the state that issued the applicant's original certification;
D. At the time of the application and consideration thereof by the Board, the certificate issued to the applicant by the state of original certification is in good standing; and
E. The state that issued the applicant's original certification grants reciprocity certification to public accountants certified by the Board.

10.2.2 The provisions of the above Rule notwithstanding, if an applicant for a reciprocal certificate holds a certificate issued by the state of original certification prior to September 1, 1975 or has been in practice as a certified public accountant for four years
in the ten years immediately prior to the date of submitting the application, he will not be required to possess a baccalaureate degree.

10.2.3 Applicants for reciprocal certificates shall not be required to reside or have a place for the regular transaction of business in Louisiana, but shall be required to take the CPA oath.

Complete applications for reciprocal certificates must be received in the Board’s office 30 days prior to a regular Board meeting (Rule 4.3).

11.1 Eligibility for Licensing; Experience Requirement. To be eligible for initial licensing, other than upon renewal pursuant to R.S. 37:82, or for reinstatement of licensure which has expired by virtue of nonrenewal, a certified public accountant shall present proof, documented in a form satisfactory to the Board, that he has obtained such professional accounting experience as is prescribed by Rule 11.2 and 11.3 begun and completed within the six years immediately preceding the date of application for licensing.

11.2 Qualifying Accounting Experience; Nature of Practice.

11.2.1 The professional experience requisite to licensing may be obtained:

A. By full-time employment for a period of two years, as a staff accountant, by a licensed, practicing certified public accountant or by a firm of certified public accountants who are licensed to practice public accounting under the laws of any state;

B. By employment for a period equivalent in the opinion of the Board to employment under 11.2.1A. in the accounting field in industry, business, government, or college teaching, or any combination of such types of employment, provided that such experience is obtained under proper supervision and is of sufficient depth and quality, as defined by Rule 11.4; or

C. By any combination of the types of employment specified in the preceding subparagraphs A and B of this Rule.

11.3 Qualifying Accounting Experience; Attest Function Concentration. In whatever employment obtained, the professional accounting experience requisite to licensing shall include and reflect at least 1,000 hours (500 hours with respect to applications received prior to February 28, 1985) of actual time devoted by the applicant, within a four year period, to work underlying or leading to the preparation and rendition of audit, review or other statements or reports in any way attesting to or expressing an opinion on the reliability of any representation or estimate in regard to any person or organization, embracing financial information or facts respecting compliance with conditions established by law or contract, and which audit, review or other statements or reports are prepared and rendered by a certified public accountant or firm of certified public accountants in accordance with generally accepted accounting principles and/or generally accepted auditing standards.

11.4 Equivalent Experience.

11.4.1 In addition to the requirements of Rule 11.2 and 11.3, the professional accounting experience requisite to licensing, if obtained in whole or in part in industry, business, government, or college teaching, must meet the following criteria:

A. The experience must be obtained under proper supervision, which may be evidenced by:

1. Supervision in the application of generally accepted accounting principles by a certified public accountant holding a managerial level one or more positions above the applicant’s level.

2. Employment by a firm or organization having its financial statements examined on a periodic basis by independent certified public accountants during the term of the applicant’s employment. The applicant must have been responsible for providing information, explaining systems and procedures and/or preparing schedules and analyses.

3. Employment by a governmental agency recognized by the Board as having responsibility and organizational structure for performing auditing and accounting functions.

4. Employment as a full-time teacher of subjects primarily in the accounting discipline, with the rank of assistant professor or above (or comparable positions), for an accredited college or university.

5. Such other forms of supervision as the Board considers adequate.

B. The experience must be of sufficient depth and quality, meeting the following criteria:

1. A level of responsibility shall have been attained which requires the applicant to exercise professional judgment on significant financial accounting and reporting matters.

2. The applicant shall have experience in the areas of financial accounting and reporting which follows generally accepted accounting principles. Additionally, the applicant may have had experience in other technical areas of the accounting profession, such as financial analysis, budget, management information systems, management accounting techniques (cost accounting, financial appraisal of capital expenditures, etc.) or internal auditing.

3. If the applicant’s experience is in college teaching, he shall have taught courses for academic credit in at least three different areas of accounting above the introductory or elementary level. Examples of these areas are intermediate accounting, cost or managerial accounting, auditing, accounting systems, advanced problems, and accounting theory.

4. Such other experience of quality and depth as the Board considers adequate.

11.5 Advanced Degree Experience Equivalency. A Master’s degree, or a more advanced degree, with a concentration in accounting shall be considered equivalent to one year of experience obtained on the staff of a certified public accountant or firm of certified public accountants and to 500 hours (250 hours with respect to applications received prior to February 28, 1985) of the work prescribed by Rule 11.3. As used herein, concentration in accounting shall mean at least 15 credit hours in accounting courses (auditing, theory, practice, managerial, tax) the contents of which are at a level higher than the contents of the advanced accounting, basic cost accounting, basic income tax accounting, and basic auditing provided for the undergraduate level in Rule 9.2.2B, with at least three of the required 15 credit hours in accounting theory and practice and at least three credit hours in auditing.

11.6 In satisfaction of the experience requirement, the applicant must submit such substantiating written statements and documentation in such form as the Board shall require, from employers or others who have actual knowledge of such facts.

Complete applications must be received in the Board’s office 30 days prior to a regular meeting (Rule 4.3.). Written statements confirming an applicant’s experience must be submitted with the application. An application received without proper support, or support received without the application, is not acceptable.

12.4 The Board may reject or refuse to consider any application which is not complete in every detail, including submission of every document required by the application form and received in the Board’s office by the appropriate due date.

12.7 In the event that examination papers are lost, any claim candidates may have against the State Board of Certified Public Accountants of Louisiana, its agents and employees will be limited to the examination fee paid. Amended Rule 13.1 to substitute for (*)

*Candidates having passed the examination and meeting
all other requirements for licensure must submit a complete application on forms prescribed by the Board and accompanied by all required supporting documentation within 30 days after the official release date of examination grades to avoid payment of additional fees. Applications that are incomplete or late are subject to the original license fee.

15.2 Annual Notice of Form of Practice

15.2.1 A. Every certified public accountant who is registered with the Board and who is engaged in the practice of his profession on his behalf shall file annually with the Board a certification that he is practicing as an individual and that there are no partners or associates practicing with him.

B. Firms which do not have offices in Louisiana but which do have Louisiana licensees as partners/shareholders must register the firm in Louisiana.

15.2.2 A. Each firm of certified public accountants which has one or more offices located in Louisiana shall designate a resident licensee to actively supervise each office. One licensee may be so designated for more than one office. If such supervising licensee is not a partner or shareholder, the firm must have at least one partner or shareholder who is a licensee.

B. Each firm of certified public accountants with one or more Louisiana licensees as partners or shareholders which does not have an office located in Louisiana shall designate a licensee to register that firm in Louisiana. The designated licensee shall file those forms, lists, and documents required of a firm maintaining offices in Louisiana as set forth in Rule 15.2.3.

15.2.6 The statement referred to in Rules 15.2.1 and 15.2.2 above shall be accompanied by one legible copy of a compilation, review and audit report issued by the certified public accountant or firm of certified public accountants within the preceding twelve months of the Annual Notice of Form of Practice. The name of the clients for whom such reports were prepared may be obscured on or deleted from the copies submitted to the Board. The Board may request a copy of the registrant’s current Peer Review Report.

15.2.7 An annual filing fee to be set by the Board, based on the total number of partners and/or shareholders in the firm who are not licensed to practice in Louisiana but not to exceed $15 per partner/shareholder with a maximum of $2,500 per firm, shall be paid by each firm that files in accordance with the provisions of Rule 15.2.3 above.

15.2.8 A filing fee, calculated in the same manner as the most recent annual filing fee provided in Rule 15.2.6 and prorated for the number of complete months remaining in the year, shall be paid by each firm that files in accordance with the provisions of Rule 15.2.4 above and that did not pay an annual filing fee for the immediately preceding filing period.

Interested persons may submit written comments on the proposed Rules through February 15, 1983 to Mrs. Mildred M. McGaha, Executive Director, the State Board of CPAs, 310 Masonic Temple Building, 333 St. Charles Avenue, New Orleans, LA 70130.

Rule Title: Title 37, Chapter 2

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

There will be no increased implementation cost to this agency because the changes will involve no staff time or other expenses in addition to that needed to administer the Rules before the changes were made. There will be no savings to the agency.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

It is possible that there may be an increase in reciprocal certificates issued because of the liberalization of Rule 10.2; however, it is not anticipated that this will be of any significant amount.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

It is not anticipated that these changes will result in any additional costs or benefits to any CPA groups, but the public will benefit from more competent services from licensees because of the attest function requirement.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

The proposed Rule changes are not expected to affect employment. The proposed amendment of Rule 5 will permit more active competition by advertising and other forms of non-personal communication.

NOTICE OF INTENT
Department of Commerce
Office of Financial Institutions

Under authority granted by R.S. 6:902 B and R.S. 902.1, the Commissioner of Financial Institutions intends to adopt the following Rule for the purpose of providing a means by which state chartered savings and loan associations may have authority consistent with that granted federal associations by Federal Home Loan Bank Board Rules and Regulations 546.2 (b) and (e).

PROPOSED RULE

Notwithstanding limitations imposed by Chapter 9, Title 6, Louisiana Revised Statutes, one or more state chartered savings and loan associations may merge in accordance with the following Rule:

(a) Each association, by a two-thirds vote of its board of directors, shall approve a plan of merger evidenced by a merger agreement. The agreement shall state that it is effective only when approved by the Commissioner of Financial Institutions, State of Louisiana, and the Federal Home Loan Bank Board and shall specify (1) which association will be the resulting association; (2) the name it will use; (3) the location of its home office and branch offices; (4) the basis on which its savings accounts will be issued; and (5) the number of its directors and their names, addresses, and the length of their terms.

(b) Notwithstanding any other provision of this Rule, the Commissioner may require that a plan of merger be submitted to the voting members of any of the merging associations at a duly called meeting(s) and that the plan, to be effective, be approved by them.
Interested persons may submit written comments on the proposed Rule through 4:30 p.m., February 5, 1983, to the following address: Hunter O. Wagner, Jr., Commissioner, Office of Financial Institutions, Box 44095, Capitol Station, Baton Rouge, LA 70804.

He is the person responsible for responding to inquiries about the proposed Rule.

Rule Title: Supervisory Merger

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

New funds will not be required to implement this Rule.
The intent of this Rule is to expedite the solution of supervisory problems, thus reducing costs in this area.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

The dual chartering system as well as asset growth of state chartered savings and loan associations should be enhanced by these new powers. This will result in increased semi-annual assessments being paid into the General Fund. (This increase will be negligible.) The amount of semi-annual fees for each association is $25 to $800 on institutions with resources ranging from $1,000,000 to $19,999,999. Associations with gross assets of $20,000,000 or more pay $830 plus an additional fee of $30 for each million or fraction thereof assets in excess of $20,000,000.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

Costs to affected groups cannot be estimated; however, expenses and time used will be substantially less than going to the full membership of the involved associations for concurrence of the merger agreement.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

Adoption of this Rule will enable savings and loan associations in an “impaired” condition to expeditiously be merged into a solvent association, reduce costs to the associations involved, continue the livelihood of the employees of an insolvent association that could be liquidated by supervisory authorities, and help maintain the integrity of the savings and loan industry.

NOTICE OF INTENT
Office of the Governor
Division of Administration

SUBJECT: MISCELLANEOUS PAYROLL DEDUCTIONS

Pursuant to the authority of the Commissioner of Administration in Article IV, Section 5(A), (H), and (I), Louisiana Constitution of 1974, the Division of Administration, Office of the Governor, proposes to adopt the following uniform accounting policy concerning miscellaneous payroll deductions for state employees:

I. Definitions
   A. "Miscellaneous payroll deductions" shall be defined as those voluntary payroll withholdings not mandated or otherwise authorized by state or federal statute.
   B. "Organization" as utilized herein shall be defined as those groups authorized to receive payroll deductions or those corporations registered with the Secretary of State who have been approved or are requesting approval from the Division of Administration to receive payroll deductions under these provisions, primarily insurance companies. Intraoffice payroll deductions such as flower, gift and coffee funds previously permitted will not be authorized.

II. Application Process
   A. Any organization requesting authority to implement a miscellaneous payroll deduction shall submit a completed application form to the State Accounting Office. The application form shall include:
      (1) A letter from at least one Department Secretary or Undersecretary requesting establishment of the particular deduction.
      (2) A petition signed by at least 200 current state employees requesting that the organization be permitted to receive payroll deductions.
      3. Information relative to the organization requesting the payroll deduction.
      (4) And information relative to the disposition and processing of the payroll deduction by the organization, reflecting the use of generally accepted accounting procedures.
   B. The petition and application shall be reviewed by the Division of Administration to ascertain its potential impact on and service to state employees, reserving the right to investigate and verify any material submitted. The Division of Administration shall notify the organization of the approval or rejection of its application.
      (1) For statewide payroll system agencies, the Division of Administration shall implement the payroll deduction.
      (2) For payroll systems independent of the statewide payroll system, the Division of Administration shall notify the appropriate fiscal authority of the system that the payroll deduction has been approved and may be implemented.
   III. Termination of Payroll Deductions
      A. Organizations failing to maintain participation of at least 100 employee deductions for each of eight consecutive bi-weekly pay periods, four consecutive monthly pay periods, or the equivalent pay period appropriate for the agency involved will be terminated.
      B. Any deduction established by and for an elected official by specific request for exemption to these Rules and Regulations may be terminated by that elected official or his successor by written notice to the director of the statewide payroll system.
   C. The Division of Administration, State Accounting Office, shall notify the organization of the date of its final payroll deduction after termination. It will be the responsibility of the organization to notify its participants of the termination of deduction.

IV. Transitional Procedures for Currently Authorized Organizations
   A. Any organization or other group currently receiving payment through voluntary state employee payroll deductions shall continue to be approved as a receiving organization under the following conditions:
      (1) An application is completed and submitted to the Division of Administration, State Accounting Office, with any required documentation by April 1, 1983. A petition with 200 signatures is not required.
      (2) The Division of Administration approves the applicant organization after review and consistent with the definition in Section I as a receiving organization.
      (3) State Accounting Office or agency records verify vendor certification relative to minimum participation required in Section III has been maintained during the third quarter of the 1983 state fiscal year (Jan.-Feb.-Mar. *83) and annually thereafter. Payroll systems other than the statewide system must validate
annual vendor certification and forward to the State Accounting Office a list of qualified and remaining vendor deductions for the ensuing fiscal year, no later than July 30 each year.

(4) Because records of original requests and/or authority for some payroll deduction slots currently recognized do not exist, a specific written request for exemption from these Rules and Regulations must be received from each statewide elected official for each deduction (to a maximum of five*) for which such exemption is desired.

(5) Documented requests for additional slots, which were subsequently approved, made prior to publication of this Notice of Intent shall comply with the continued participation requirements only and shall not require a petition of 200 names.

B. Organizations (or groups not included under this definition) which do not meet the criteria in Section III(A), above, for continued receipt of payroll deductions will be terminated on the last payroll of the fiscal year unless the organization voluntarily terminates its payroll deduction before that time.

V. General
A. Miscellaneous payroll deductions withheld shall be made payable only to the incorporated organization or carrier, not an individual, company, or agent representing the principal.
B. Approval of any organization by the Division of Administration for payroll deduction in no way constitutes an approval or certification of the organization or the deduction. The services, insurance or policy may be available to state employees for lesser cost through other organizations or vendors.
C. Voluntary withholding authorized under statutory authority shall continue to be governed by the statutory provisions.
D. Procedural requirements described herein shall govern only those agencies in the Executive Branch under the control of the governor but are recommended to departments under statewide elected officials. Annual written notification by the governing elected official will be required for continued exemption of a specific deduction (maximum of five per department).

VI. Waivers
The Commissioner of Administration may waive in writing any provision of these regulations when the best interest of the State of Louisiana will be served.

Interested persons may submit written comments on the proposed policy until 4:30 p.m., February 3, 1983 to: Wayne Grant, Assistant Commissioner, Division of Administration, Box 44095, Capitol Station, Baton Rouge, LA 70804.

*This represents a mechanical system limitation rather than a policy determination.

E. L. Henry
Commissioner

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

Based on data from the Office of State Accounting which shows 44,890 persons paid on uniform payroll system and 13,630 paid on departmental systems and using an average hourly rate of $8.40/hour, it can be shown that total savings would be

FY 82-83 $81,928 Savings for four months
FY 83-84 $245,784 Savings per fiscal year

*These savings are the dollars associated with the loss of work time and/or productivity.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

There is no effect on competition and employment anticipated.

Division of Administration
Facility Planning and Control

DEMOLITION OR DISPOSING OF STATE OWNED BUILDINGS

In order to assure compliance with Act 537 of the 1982 Session the following procedure will be followed when demolition or disposing of a State owned building is necessary.

1. Upon receipt of a properly authorized request from any State agency to raze, demolish or otherwise dispose of any building or structure owned by the State of Louisiana, except highways, bridges, and railroads, Facility Planning and Control shall immediately notify all State Legislators representing the Parish in which the involved structure is located. (Legislation only requires notification to legislators representing the district in which the structure is located, but interest in the disposition of State property is parish-wide and not limited to district boundaries).

2. The letter to the legislators should identify the building or structure to be razed, demolished or otherwise disposed of, the location, reasons for such action, brief description of the work involved, etc. Recipients of such a letter are to be assured that under no conditions shall a request for property disposition be approved by Facility Planning and Control prior to 30 days from the date of notification.

3. After the receipt of a request for approval of disposition, Facility Planning and Control will issue a written order to the appropriate Facility Planning and Control Field Engineer to make an inspection of the subject building or structure. His report will include his recommendations regarding disposition, any suggested alternatives or possible use of the structure by other State Agencies, a description of any moveable property which may currently be in demand elsewhere or which may have value as surplus property, etc.

4. Copies of the inspection report by the Field Engineer are to be sent to the Departments of Buildings and Grounds and Surplus Property. Contents of the report may require a response from those Departments.

5. If it is concluded that it is appropriate to raze, demolish or otherwise dispose of the building or structure, the user agency will be required to furnish a written report to Facility Planning and Control as to how the structure will be disposed of, the estimated costs involved and the source of the funding.
6. Act 537 requires that all work exceeding the contract limit of $30,000 shall be advertised and awarded by contract to the lowest responsible bidder. The contract limit of $30,000 for each of ten succeeding calendar years after 1982 shall be increased by a factor equal to 3 percent per year. If funding is available through Facility Planning and Control and public bidding is required, this procedure will be handled by the Facility Planning and Control Department.

7. Although not required by law for projects of $30,000 or less, the user agency should obtain three or more proposals for each approved disposal project in this category when feasible and expedient. Such proposals, along with the user's recommendations, should then be forwarded to Facility Planning and Control for consideration for an award of contract.

8. Any professional services contract requirements will be handled by Facility Planning and Control.

Interested persons may submit written comments on the proposed procedure until February 15, 1983, to Cornelius A. Lewis, Assistant Commissioner, Division of Administration, Box 44095, Capitol Station, Baton Rouge, LA 70804.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to implement the following changes in the Food Stamp Program as required by 7 CFR part 271, 272, 273, 277, and 281, as published in Federal Register, Vol. 47, No. 224, pages 52328-52338, dated November 19, 1982.

(1) Amendment to the definition of household, to include as a separate household, parents living with their natural, adopted or step-children or such children living with such parents, if at least one parent is 60 years of age or older receiving Supplemental Security Income benefits under Title XVI, or disability, or blindness benefits under Titles I, II, X, XIV, or XVI of the Social Security Act.

(2) Households with striking members shall be ineligible to participate in the Food Stamp Program unless the household was eligible for benefits the day prior to the strike and is otherwise eligible at the time of application. However, such a household shall not receive an increased allotment as the result of a decrease in the income of the striking member(s) of the household. Eligibility shall be determined by considering the day prior to the strike as if it were the day of application and assume the strike did not occur. Eligibility at time of application shall be determined by comparing the striking member's income before the strike to the striker's current income and adding the higher of the two to the current income of nonstriking members during the month of application. To determine benefits, deduction shall be calculated for the month of application as for any other household. Whether the striker's pre-striker earnings are used or his current income is used the earnings deduction shall be allowed if appropriate.

In accordance with provisions of La. R.S. 49:951 et seq., the Department of Health and Human Resources, Office of Family Security will hold a public hearing beginning at 9:30 a.m., Monday, February 7, 1983, in the Louisiana State Library Auditorium, 760 Riverside North, Baton Rouge, LA regarding the proposed adoption of the above policy.

Any interested persons may submit written comments through February 5, 1983, to R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the person responsible for responding to inquiries about the proposed Rule.

NOTICE OF INTENT

Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to adopt a new Maximum Allowable Cost (MAC) determination as outlined below for the following drug:

Doxepin HCl - 10 mg. capsule $1.030 per capsule
Doxepin HCl - 25 mg. capsule $1.328 per capsule
Doxepin HCl - 50 mg. capsule $1.869 per capsule
Doxepin HCl - 100 mg. capsule $3.382 per capsule

In no case may a recipient be required to provide payment for any difference in a prescription price that may occur with implementation of MAC, nor may our office use a cost which exceeds the established maximums except as follows. DHHS’s regulations provide that when a physician certifies that a specific brand is medically necessary for a particular patient then the MAC limitations for that medication will not apply. In this case, their specific guidelines provide that:

(1) the certification must be in the physician’s handwriting;
(2) the certification may be written directly on the prescription, or on a separate sheet which is attached to the prescription;
(3) a standard phrase written on the prescription, such as “brand necessary” will be acceptable;
(4) a printed box on the prescription blank that could be checked by the physician to indicate brand necessity is unacceptable;
(5) a handwritten statement transferred to a rubber stamp and then stamped on the prescription blank is unacceptable.

This action is in response to a telegram received from the chairman of the Pharmaceutical Reimbursement Board of the Health Care Financing Administration (HCFA). Medicaid regulations mandate compliance with these costs in order to assure Federal financial participation in Louisiana’s Medical Assistance Program.

Interested persons may submit written comments through February 7, 1983, at the following address: R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the person responsible for responding to inquiries regarding this proposed Rule.

FY 82-83 - $7,926.87
FY 83-84 - $22,121.49
FY 84-85 - $22,121.49

The above figures represent an increase in costs to the agency resulting from the proposed Rule increasing the federally established Maximum Allowable Costs (MAC) on one drug (Doxepin HCl) in four dosage forms.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

There is no effect on revenue collections.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

It is projected that the proposed Rule will result in a savings to the agency for the cost of physician services and hospital care for those surgical procedures which would not be approved for Title XIX reimbursement. The estimated total savings for FY 82-83 is $587,469. Estimated savings for FY 83-84 and 84-85 is $1,174,938 of these amounts, state funds saved will be $209,491 in FY 82-83, $444,127 in FY 83-84 and $451,764 in FY 84-85.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

No effect on revenue collections is anticipated as a result of the proposed Rule.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

Title XIX recipients requesting one of the specified elective surgical procedures which is not prior authorized will not be eligible for Title XIX reimbursement for said service or related costs.

The Department of Health and Human Resources, Office of Family Security, proposes to make the following election in the Food Stamp Program as authorized by 7CFR Parts 272 and 273, published in Federal Register Vol. 47, No. 221, pages 51551 -
The Food Stamp Program shall maintain the provision that allows households to use a single standard utility allowance or actual verified utility costs in calculating shelter costs. Under this proposed change, the standard utility allowance shall be available only to households which incur heating or cooling costs separate and apart from their rent or mortgage. To be qualified, the household must be billed on a regular basis for months in which the household is actually billed for heating or cooling costs. However, during the heating season a household that is billed less often than monthly, but is eligible to use the standard allowance, may continue to use the standard allowance between billing months.

Any household living in a housing unit, which has central utility meters and charges the household for excess utility costs only, shall not be permitted to use the standard utility allowance. However, if a household is not entitled to the standard utility allowance, it may claim the actual utility expenses which it does pay separately.

Where the household shares a residence and utility costs with other individuals, the standard allowance shall be divided equally among the parties which contribute to meeting the utility costs. In such cases, the household shall only be permitted to use its prorated share of the standard allowance, unless the household uses it actual costs.

In accordance with provisions of La. R.S. 49:951 et. seq., the Department of Health and Human Resources, Office of Family Security, will hold a public hearing beginning at 9:30 a.m. Monday, February 7, 1983, in the Louisiana State Library Auditorium, 760 Riverside North, Baton Rouge, LA regarding the proposed adoption of the above policy.

Any interested persons may submit written comments through February 5, 1983 to R.K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the person responsible for responding to inquiries about the proposed Rule.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Health Services and Environmental Quality

The Department of Health and Human Resources, Office of Health Services and Environmental Quality, proposes to adopt the following Rule pursuant to R.S. 40:33 and R.S. 40:46E and pertaining to an acknowledgment in accordance with Article 203 of the Louisiana Civil Code.

General Rule

In circumstances wherein the birth certificate of an illegitimate child on file in the Vital Records Registry does not reflect the name of a father, the certificate may be altered by an authentic act of acknowledgment in compliance with the provisions of Louisiana Civil Code, Article 203.

Vital Records Registry shall recognize formal and authentic acts of acknowledgment executed before a notary public, by the father and the mother jointly, or by the father alone, in the presence of two competent witnesses. The act of acknowledgment should set forth the acknowledging father’s address and full name, city and state of birth, age at the time of the child’s birth, and the father’s race. In the event that the above information relating to the child’s father is not a part of the authentic act itself, that information may be otherwise provided in writing by the acknowledging parent(s) or an attorney acting on his or their behalf.

Note: An acknowledgment by the child’s mother alone, while authorized pursuant to Article 203, would have no effect on the birth record. In other words, the child’s mother, acting alone, may not cause a father’s name to be added onto a birth record.

Upon presentation of the prescribed act of acknowledgment and parental information, the State Registrar or his designee shall add the name and birth facts of the father to the child’s birth certificate. No other alteration to the certificate may occur based upon an act of acknowledgment.

Thereafter the certificate shall be distinctly marked “altered” on its face and include the evidentiary basis for the alteration, the date of alteration and initials of the State Registrar or his designee making the alteration. See LSA-R.S. 40:59 and 40:60.

Comments on the proposed Rule may be submitted until 4:30 p.m., February 7, 1983, to Sarah M. Braud, M.D., Acting Assistant Secretary, Office of Health Services and Environmental Quality, Room 513, State Office Building, 325 Loyola Avenue, Box 60630, New Orleans, LA 70160, phone (504) 568-5052 (LINC 621-5052).

NOTICE OF INTENT
Department of Health and Human Resources
Office of Health Services and Environmental Quality

Effective March 20, 1983, the Department of Health and Human Resources, Office of Health Services and Environmental Quality, Vital Records Registry, proposes to implement Rules governing the filing of Delayed Birth, Death and Marriage Certificates. The Rules are promulgated pursuant to provisions contained in R.S. 40:33, R.S. 40:59 and R.S. 40:60 as amended and reenacted by Act 776 or 1979. The text of the proposed Rules is as follows:

DELAYED CERTIFICATES
I. Delayed Birth Certificates - Six Months to Twelve Years:
   In instances where there exists no birth certificate of record of a person born in Louisiana, who is six months to twelve years of age, on file with the Vital Records Registry, an applicant shall be furnished an application with instructions for filing a certificate of birth for a child ages six months to twelve years only.
   The State Registrar shall not furnish such applications unless he is satisfied that the applicant thereof is the person who has no birth certificate or record, or is a member of the immediate or
surviving family of said person, or is named in a court proceeding as a member of the immediate or surviving family of said person. The credentials of an attorney at law authorized to practice in this state, together with a written declaration of the record in which he is interested, that he is a legal representative of one of the named parties at interest, shall constitute sufficient proof of a direct interest in the matter to warrant being furnished an application.

The certificate shall be completed by a hospital official, unless the child is delivered by someone other than a physician, in permanent black ink, or with a black typewriter ribbon. The original signature of the physician or attendant who delivered the child must appear on the face of the certificate, certifying that the physician or attendant attended the birth of that child and that the child was born alive on the date and hour stated on the certificate. The affidavit in the lower portion of the certificate must be signed by a parent or legal guardian, in the presence of a notary public. Upon completion, the certificate shall be forwarded to the Health Unit or Local Registrar in the parish of birth, whereupon it will be forwarded to the central office of the State Registrar in New Orleans for official recordation.

II. Delayed Birth Certificates - 12 Years and Older:

In instances where there exists no birth certificate or record on file for a person born in Louisiana and that person is 12 years of age or older, the applicant shall be furnished an application with instructions for filing a delayed certificate of birth.

The State Registrar shall not furnish such applications unless he is satisfied that the applicant thereof is the person who has no birth certificate of record, or is a member of the immediate or surviving family of said person, or is named in a court proceeding as a member of the immediate or surviving family of said person. The credentials of an attorney at law authorized to practice in this state, together with a written declaration of the record in which he is interested, that he is a legal representative of one of the named parties at interest, shall constitute sufficient proof of a direct interest in the matter to warrant being furnished an application.

The applicant is required to submit certain documentation as evidence to establish the facts of birth. The types of records generally acceptable in establishing the facts of birth are listed below. Original records are preferred for examination; certified or true copies are acceptable only if it is impossible to secure original records.

A.) Records That may Support Date of Birth, Birthplace and Names or Parents:

1.) BAPTISMAL, CRADLE ROLL, CONFIRMATION - Form issued by church. The form must have the signature of the priest or pastor and the seal of the church.

2.) SOCIAL SECURITY RECORD - Photostatic copy of application.

3.) ATTENDING PHYSICIAN’S OFFICE RECORD - Notarized abstract signed by physician or custodian, based on office record made at time of birth.

4.) NEWSPAPER CLIPPING (NOTING OF BIRTH) - Notarized abstract signed by publisher showing the name of the newspaper and the date of issue.

5.) PUBLIC WELFARE RECORD - Certified abstract of record.

B.) Records That May Support Date of Birth or Age and Name of Parent or Parents:

1.) SCHOOL ENROLLING RECORD - Records of enrollment in two different schools on dates at least five years apart will be acceptable as two different records. Records must be signed by the principal of the school or the Superintendent of Schools. Records are not acceptable if signed by a teacher.

2.) APPLICATION FOR MARRIAGE LICENSE - If the registrant is married, obtain the document from the Clerk of Court of the parish or county in which the license was issued.

3.) LOCAL HEALTH UNIT RECORDS - The Local Registrar, upon request, will make a search of health unit records and, if a record is found, will abstract the data contained therein onto the lower section of the delayed certificate.

C.) Records That may Support Date and Place of Birth:

1.) APPLICATION FOR VOTING REGISTRATION - If the registrant has been a qualified voter for more than five years, obtain from the Registrar of Voters or other authorized official a statement as to the facts of birth as given on the applicant’s original registration record.

2.) APPLICATION FOR INSURANCE - The registrant may obtain from the insurance company a statement as to facts of birth contained on an original application for insurance. If the registrant has a photostatic copy of the insurance application in his possession, this photostat may be submitted. Policies taken out with two different companies on dates at least five years apart will be acceptable as two different records. In every case it is necessary that the name and address of the company and the policy number be given. Forms are only acceptable when signed by a manager or other duly authorized representative of the company. Certifications by agents of companies are not recognized.

3.) BIRTH CERTIFICATE OF REGISTRANT’S CHILD - Send the name of the child, date and place of birth, and the names of the child’s parents (registrant and wife or husband) to the Office of Vital Records of the state in which the child was born. Request a photostatic certified copy.

D.) Records That Support One or More Facts of Birth:

1.) HOSPITALIZATION, EMPLOYMENT, FRATERNAL AND MILITARY SERVICE RECORDS - Abstracts of hospitalization, employment and fraternal records may be obtained by writing said agencies. A military service record (discharge) may be submitted for personal.

2.) FAMILY BIBLE RECORDS - Acceptable as evidence only when the Bible itself is presented to a local registrar.

3.) RECORD OF FEDERAL OR LOCAL CENSUS - If the registrant cannot secure any other records, he may apply to this office for a form to send to the U.S. Bureau of Census for a copy of records on file. Two Federal Census records of two different decades, together with an affidavit of personal knowledge will suffice.

When the State Registrar has reasonable cause to question the validity, adequacy or authenticity of any evidence submitted, the State Registrar shall so advise the applicant as provided by R.S. 40:606 as amended and reenacted by Act No. 776 of 1979.

The certificate shall be entitled “Delayed Certificate of Birth”. All delayed certificates of birth are reviewed for correctness and acceptability by the section of Vital Records. Acceptable certificates are numbered and filed accordingly. Unacceptable certificates are returned for further investigation and clarification. If there is no response from an applicant or the applicant is unable to submit the necessary documentation within a six month period, the file shall be closed and the materials and documents returned.

In addition, any person born in Louisiana who is over 12 years of age and who has no birth record on file with the section of Vital Records may establish a birth record as provided by R.S. 40:67 through R.S. 40:71 as amended and reenacted by Act No. 776 of 1979.

III. Delayed Death Certificates:

In instances where there exists no death certificate of record, of a death or still birth occurring in the state, the coroner or medical examiner, the funeral director, or the hospital or institution wherein the death occurred shall complete a certificate of death based on their records. Said certificate shall be accompanied by a letter attesting to the facts contained therein.

IV. Delayed Marriage Certificates - Orleans Parish Only:

Marriage certificates of persons married in Louisiana are
filed with the Clerk of Court in the parish where the marriage license was purchase, except in Orleans Parish, where the marriage certificates are filed with the section of Vital Records of the Office of Health Services and Environmental Quality of the State of Louisiana.

The State Registrar shall not furnish applications or instructions unless he is satisfied that the applicant is the person who has no marriage certificate or record, or is a member of the immediate or surviving family of said person, or is named in a court proceeding as a member of the immediate or surviving family of said person. The credentials of an attorney at law authorized to practice in this state, together with a written declaration of the record in which he is interested, that he is a legal representative of one of the named parties at interest, shall constitute proof of a direct interest in the matter to warrant being furnished applications or further instructions.

In instances where there exists no marriage certificate of record the applicant shall be instructed to contact the officer of the marriage ceremony.

1.) If the officiant is in possession of the original certificate, the Section of Vital Records may accept the certificate for delayed filing.

2.) If the officiant is in possession of a duplicate of the original marriage certificate and he/she attests to writing to the facts of the marriage as contained therein, the Section of Vital Records shall issue another marriage license requiring only the medical certification of the parties in compliance with R.S. 9:241.
*For parishes other than Orleans, contact the Clerk of Court for information or assistance.

Interested persons may submit written comments on the proposed Rules within 15 days of the date of publication at the following address: Sarah M. Braud, M.D., State Health Officer, Office of Health Services and Environmental Quality, Department of Health and Human Resources, Box 60630, New Orleans, LA 70160.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Health Services and Environmental Quality

Effective March 20, 1983, the Department of Health and Human Resources, Office of Health Services and Environmental Quality, proposes to implement the following Rules governing the issuance of certified copies of incomplete or incorrect original birth certificates. These Rules are promulgated pursuant to R.S. 40:33 B and C, and R.S. 40:34 A(1) generally, and R.S. 40:38 in particular. The text of the proposed Rules is as follows:

GENERAL RULE

No certified copy of an original birth record that has been submitted for “Registration” in the vital records registry as defined in R.S. 40:32(12) shall be issued unless and until the said original birth record contains the information required by R.S. 40:34 A(1)(a) through (q), and as required by duly promulgated regulations relative thereto, including the following provisions.

A. If an original birth record is incomplete, incorrect or irregular, the State Registrar shall attempt to have the problem resolved through the assistance of the Local Registrar in parishes other than Orleans, and in the interim period no certified copies of the document will be issued.

B. The provisions of R.S. 40:34 A(1)(a) relative to the child’s surname appear to conflict with similar provisions in R.S. 40:42 A. To resolve this apparent conflict, the provisions of R.S. 40:34 A(1)(h), which specifically address the “full name of the father” shall only mean the legal husband of the mother of the child at the time of either conception or birth. It shall also include the name of the husband of the mother of the child, who, although divorced from her at the time of birth, was not legally divorced from the mother of the child for more than 300 days prior to the birth of the child. This interpretation conforms fully with Louisiana substantive law, La. C.C. Arts. 179, 184 and 185.

It likewise follows that the “legal husband of the mother of the child”’s age, race, residence and birthplace shall be entered on the birth certificate pursuant to R.S. 40:34 A(1)(j), (k), (l) and (m); and also that his surname shall be entered as the child’s surname pursuant to R.S. 40:34 A (1)(a).

C. In addition to the minimum required information set forth in R.S. 40:34 A (1)(a) through (q), the birth certificate form also requires the signature of a legal parent of the child, or the signature of some "other informant", certifying that the stated information is true and correct to the best of his or her knowledge. Should the document not be signed, no certified copy shall be issued as provided hereinbefore

Interested persons may submit written comments on the proposed Rules within 15 days of the date of publication at the following address: Dr. Sarah M. Braud, State Health Officer, Office of Health Services and Environmental Quality, Department of Health and Human Resources, Box 60630, New Orleans, LA 70160.

NOTICE OF INTENT

Department of Health and Human Resources
Office of Health Services and Environmental Quality

Effective February 20, 1983, the Department of Health &
Human Resources, Office of Health Services & Environmental
Quality, Food & Drug Control Unit, in order to implement the
provisions of LSA R.S. 40:608(12) as amended by Act No. 608 of
1982, proposes to adopt general Rules and Regulations pertaining
to foods by creating the following regulations pertaining to labeling
of bottled water, and by codifying the regulations in accordance
with the codification system in the “State of Louisiana, Food, Drug
and Cosmetic Laws and Regulations”, dated September. 1968
(the ‘Red Book’); proposed as follows:

2.110 Definitions.

1. The term “package” means any container in which any
bottled water is enclosed for use in the delivery or display of such
commodity to retail purchasers, but does not include:

(a) Shipping containers or wrappings used solely for the
transportation of any such commodity in bulk or in quantity to
manufacturers, packers, processors or wholesalers or retail distri-
butors.

(b) Shipping containers or outer wrappings used by retail-
ers to ship or deliver any such commodity to retail customers if
such containers and wrappings bear no printed matter pertaining
to any particular commodity.

(c) Five gallon containers of water intended for use in
water vending machines, water coolers or dispensers.

2. The term “principal display panel” as it applies to water
in packaged form and as used in this part, means the part of a label
that is most likely to be displayed, presented, shown or examined
under customary conditions of display for retail sale.

2.111 Labeling outer container or wrapper.

A requirement contained in this part that any word, state-
ment or other information which appears on the label shall not be
considered to be complied with unless such word, statement or
information also appears on the outer container or wrapper of the
retail package.

2.112 Identity labeling of water in packaged form.

1. The principal display panel of a water in packaged form
shall bear as one of its principal features a statement of the identity
of the commodity.

2. Such statement of identity shall be in terms of:

(a) The common or usual name of the water, indicating the
source of the water; or in the absence thereof,

(b) An appropriately descriptive name indicating the
source of the water.

3. This statement of identity shall be presented in bold type
on the principal display panel, shall be in a size reasonably related
to the most prominent printed matter on such panel and shall be in
lines generally parallel to the base on which the package rests as it
is designed to be displayed.

2.113 Water; designation of additives

1. The chemical name and concentrations of any pre-
servatives or additives added to a bottled water shall be declared
on the principal display panel immediately below the identity
statement in type size not less than one-fourth the height of the
largest letter used in the statement of identity. Preservatives or
additives added to bottled water shall be listed by common or
usual name in descending order of predominance by weight.

2. The name of a preservative or additive shall be a specific
name and not a collective (generic) name.

2.114 Water; designation of treatment methods.

The principal display panel of water in packaged form shall
bear as one of its principal features a statement of the method of
treatment to which it has been subjected. The treatment shall be
identified by its common or usual name, e.g. activated carbon
filtration, etc.

2.115 Water; labeling of five gallon containers.

The labeling requirements for water packaged in five gallon
containers or larger, intended for use in water coolers, water
vending machines or dispensers, will be deemed complied with if
all mandatory labeling information required by this part appears on
the cap or crown.

Comments on the proposed Rule may be submitted until

NOTICE OF INTENT
Department of Health and Human Resources
Office of the Secretary

The Department of Health and Human Resources, Office of the Secretary, proposes to implement a departmentwide uniform rate setting system for the rates of payment for the following types of residential (24 hour) care:
1. Office of Human Development (OHD), Office of Mental Retardation (OMR), and Office of Mental Health and Substance Abuse (OMHSA) operated foster homes, both regular and specialized
2. OHD, OMR and OMHSA funded group homes
3. OHD, OMR and OMHSA funded apartment living
4. Intermediate Care Facilities for the Handicapped, public and private, funded by Office of Family Security (OFS) and OMR
5. OHD funded private child caring facilities and emergency shelter facilities
6. OMHSA funded halfway houses and residential facilities
7. Other facilities as determined by the Rate Setting Policy Committee

Specifically excluded from the scope of this proposed rate setting policy are Intermediate Care Facilities I & II and Skilled Nursing Care Facilities, hospitals and quasi-hospital facilities.

The proposed rate setting structure for providers of residential care is three-tiered, with parallel components for Foster Homes and Other Residential Facilities. It is described in a system manual “Rate Setting for Residential Care” and is outlined as follows:

Basic Rate Setting Structure

<table>
<thead>
<tr>
<th>Foster Homes</th>
<th>Other Residential Facilities</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reimbursement For</td>
<td>Reimbursement For</td>
</tr>
<tr>
<td>Special Client Needs</td>
<td>Special Client Needs</td>
</tr>
<tr>
<td>As Authorized</td>
<td>As Authorized</td>
</tr>
<tr>
<td>Special Home Subsidies</td>
<td>Programmatic Component</td>
</tr>
<tr>
<td>Basic Room &amp; Board</td>
<td>Basic Support Component</td>
</tr>
</tbody>
</table>

Tier 1 and Tier 2 rates are established annually and usually take effect on July 1 of each year. The rate is an established rate per client care day. Home subsidies are a separate monthly amount.

The sum of the rates determined for the Tier 1 and Tier 2 components is paid to the provider on a regular monthly basis.

The Tier 3 component is a reimbursement of allowable expenses based upon receipt of acceptable evidence of expenditures. Expenditures approved for Tier 3 reimbursement are generally non-routine or non-recurring in nature.

In order to have fiscal year 1983-84 rates set according to this policy, providers will have to comply with its requirements effective April 1, 1983.

This departmentwide rate setting system will amend the rate setting procedures previously published by Office of Human Development on page 277 of the June 20, 1981 issue of the Louisiana Register and on page 633 of the December 20, 1982 issue of the Louisiana Register and by Office of Family Security as contained in the Title XIX State Plan, Attachment 4.19 D, pages 155 through 156. It will replace any rate setting procedures currently used by Office of Mental Health and Substance Abuse and by Office of Mental Retardation.

These proposed changes are in accordance with La. R.S. 15:1081-1086, 42 CFR: 447.252 through 42 CFR: 447.274.

The proposed rate setting methodology manual is too bulky for publication but is available for review in each parish Office of Family Security. Copies of the manual may be obtained upon written request to Maxine Hanks, Rate Setting Project Director, Box 3776, Baton Rouge, LA 70821 or by contacting the Governor's TIE LINE at Box 44004, Capitol Station, Baton Rouge, LA 70804, phone: 1-800-272-9868.

A public hearing on this proposed Rule has been scheduled for February 8, 1983 at 10 a.m. in the Louisiana State Library Auditorium, 760 N. Riverside, Baton Rouge, LA.

Interested persons may submit written comments on the proposed changes through February 4, 1983 to the attention of Maxine Hanks, Rate Setting Project Director, Box 3776, Baton Rouge, LA 70821.

Rule Title: Rate Setting Manual for Residential Care and Title XIX State Plan

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
The estimated savings to the agency beginning in 1983-84 is $641,960, which includes $506,812 in state funds and $135,148 in federal funds. This estimate was achieved by comparing two rates for each private provider affected by this Rule change: the actual 1982-83 rate and the 1983-84 rate calculated according to the new rate setting methodology. The resulting difference would equal a maximum potential savings of $855,949. Because of the many variables involved in the assumptions used in the new methodology, DHHR has reduced this estimate by 25 percent, for a more conservative savings estimate of $641,960. This estimate includes savings achieved only by private providers and does not include public facilities.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
This Rule change would reduce federal Title XIX revenues by up to $135,148 as a result of savings achieved.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)
Residential facilities will be required to submit additional cost information to participate in the new uniform rate setting system. As the Department is anticipating a cost savings with this new system, it is anticipated that some residential facilities will receive less reimbursement.

Thirty-eight of the 130 affected facilities will experience a 1983-84 budget reduction which will range up to 49 percent, with an average decrease of about 20 percent. The remaining facilities will receive budgetary increases of up to 12 percent.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)
No effect is estimated on competition and employment.

NOTICE OF INTENT
Department of Natural Resources
Office of the Secretary

The Department of Natural Resources, Office of the Secretary, Division of State Lands, intends to revise, update and augment in accordance with the Administrative Procedure Act (La. R.S. 49:951 et seq.) the Rules and Regulations for the issuing of pipeline rights-of-way across state-owned lands and waterbottoms as follows:

Granting of Rights-of-Way to Corporations or Individuals (As defined in R.S. 41:1173-1174 and provided for by R.S. 36:1 et seq.)

The Governor and the Secretary of the Department of Natural Resources may grant rights-of-way across and through any public lands belonging to the State of Louisiana to any individual or corporation doing business in this state provided that adequate consideration is paid the state by the Grantee of the right. (La. R.S. 41:1173). The types of uses for which rights-of-way may be granted shall include but not be limited to: pipelines, electric transmission, telephone or telegraph, water, sewer, roadway, footpath, railroad track/trestle, canals and levees.

Should the governor and the secretary of the Department of Natural Resources grant rights-of-way across and through any public lands, the title to which is in dispute, they may provide that the consideration to be paid the state by the Grantee of the right shall be deposited in escrow with the secretary of the Department of Natural Resources, to be held by that officer pending the final determination of the validity of the title to the land or until the governor and the secretary of the Department of Natural Resources and the Grantee otherwise agree the payment should be made or released as provided for in the agreement. Added Acts 1964, No. 29 §1. (La. R.S. 41:1174).

General Regulations in Granting of Rights-of-Way

1. Application Procedures — Applicant shall notify the secretary of the Department of Natural Resources in writing of his intent to apply for a right-of-way. Upon receipt of applicant’s letter, the secretary shall forward the appropriate right-of-way application form to the applicant with a copy of these regulations.

2. Approval of Federal, State and Local Authorities — It is necessary that permission or clearance be obtained from the United States Corps of Engineers; State Office of Public Works, Department of Transportation and Development; and Water Quality Control Section, Office of Environmental Affairs, Department of Natural Resources if the proposed line crosses navigable waters. A copy of the letter of clearance from the State Office of Public Works, Department of Transportation and Development, must accompany the application.

   If the proposed right-of-way crosses a state or federal preserve, or traverses an oyster lease, written consent must be obtained from the secretary of the Department of Wildlife and Fisheries. Similar clearance is required from any agency having jurisdiction over surface rights of state lands being crossed.

   If the proposed right-of-way is located in the coastal zone, as defined in La. R.S. 49:213.1-213.21 (Act 361 of 1978) approval must be obtained from the Department of Natural Resources, Coastal Management Section.

   The proposed route of a pipeline right-of-way shall be subject to the approval of the secretary of the Department of Natural Resources.

3. Hold Harmless — All rights-of-way approved and issued hereunder shall be conditioned upon applicant’s agreement.
to hold the State of Louisiana and its agencies and subdivisions harmless against and from any and all causes of action, penalties, claims, demands and judgments, which may be imposed on, asserted against or incurred by the State of Louisiana, its agencies and subdivisions arising from the acts or omissions of applicant.

4. Limitations — There shall be no above ground installations, i.e., valve setting, tie-overs, platforms, etc., without the express consent and approval of the secretary of the Department of Natural Resources. The secretary shall have the authority to establish the basis of compensation (which amount shall be in addition to the consideration referred to in these Rules) for such an above-ground installation. The application for a right-of-way shall contain a concise description of any such above-ground facility together with appropriate drawing, showing location of same and profile of design and style.

5. Encumbrances — A right-of-way will be issued subject to and encumbered by any mineral, geothermal, geopressure, or any other lease acquired or granted by the State for a lawful purpose. Nothing in these regulations shall prevent the leasing of state lands or waterbottoms for mineral or other purposes.

6. Contract Terms — All rights-of-way issued pursuant to these provisions shall be effective for a term of 20 years, with option to renew for an additional 20 year term. The option to renew shall be on the same terms and conditions as the original agreement except that the consideration shall be adjusted to reflect the percentage of increase or decrease in the cost of living index as established by the Consumer Price Index for Urban Wage Earners and Clerical Workers published by the Bureau of Labor Statistics of the United States Department of Labor or any revision or equivalent of any such index published by the United States Government, which has occurred from date of this instrument to the date of renewal provided however that in no event shall consideration of such renewal be less than the consideration paid herein for the original term.

7. Notification/Copies to Local Governments — Where state mineral leases are traversed, an applicant will furnish the secretary of the Department of Natural Resources a copy of the letter of notification (with signed, certified returned receipt attached) which has been sent to the mineral lessees.

A copy of the Right-of-Way Grant, along with a pertinent plat(s) attached, must be filed with the Clerk of Court of the parish or parishes affected and the Department of Natural Resources furnished recordings data.

8. Compliance with Federal and State Regulations — All pipelines constructed under permits granted by the State of Louisiana shall be in accordance with Parts 191, 192 and/or 195 of Title 49 of the Code of Federal Regulations, as amended, and other Federal and State Laws not in conflict therewith.

9. Fee Schedule — Fees for Rights-of-Way shall be as follows:

Class 1. 1 foot to 50 feet in width with the additional right of ingress and egress for the purpose of maintenance, repairs, removal or modification —

<table>
<thead>
<tr>
<th>Type</th>
<th>Fee per rod</th>

The state reserves the right to request compensation in addition to the fee schedule for damages to timber within the right-of-way, and reserves the right to perform an on-the-site inspection during construction to assess said damages.

The state requires payment for all right-of-way grants across state lands or navigable streams - regardless of size.

The minimum fee for any application processed shall be $50 with a $100 fee assessed for any assignment of permit thereafter.

Application Requirements

in

Granting of Rights-of-Way

Applications must be submitted in triplicate to the secretary of the Department of Natural Resources and each application must include the following:

1. Application form as provided by the Department of Natural Resources;

2. A map or plat submitted in triplicate showing the following:
   a) Exact location of the proposed right-of-way;
   b) The section, township and range, or area and block number(s) if offshore;
   c) The Parish(es) in which the activity is situated;
   d) The name of the body of water to be crossed (if applicable);
   e) Station numbers at the mean low water elevation on a river, the station number at the mean high water elevation on a lake, bay or Gulf of Mexico; or station number at ingress and egress of state properties. Said plat, when illustrating the mean low water line of a river or the mean high water line of a lake or the Gulf, will be authoritative only as to the date of the application for calculation of the state’s consideration. The limits of state property reflected on said plat are illustrative only and recognized solely and only for computing the fee for this grant, and are not intended and shall not be construed as definitive of actual title for the benefit of any adjoining owners, whether a Grantee herein or a third party;
   f) The length of the right-of-way in rods;
   g) North arrow;
   h) Graphic or numerical scale; and,
   i) Names of adjoining land owners must not be shown on the plat unless necessary for legal description.

3. A letter of intent containing the following information:
   a) The purpose for which the right-of-way will be utilized;
   b) The width of the right-of-way being requested;
   c) The location of the proposed activity with respect to the right-of-way;
   d) Initiating and terminating point of the activity.

4. A pipeline Right-of-Way request must be accompanied by a letter of intent which shall contain the following additional information:
   a) The product to be transported;
   b) The location of the pipeline with respect to the right-of-way;
   c) Initiating and terminating point of the pipeline;
   d) Point of origin of product to be transported as a result of this construction;
   e) Capacity or, if a loopline, added capacity as a result of this construction;
   f) Estimated volume of product to be transported as a result of this construction;
   g) A verbal detail of construction;
   h) Pipe specifications including size, wall thickness and type; and,

Rule Title: "Granting of Rights-Of-Way To Corporations Or Individuals"

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
   There will be no implementation costs to this Department over and above that currently required to administer the granting of rights-of-way.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
    There will be potential increases in revenue collections depending on the degree of requests for rights-of-way across state-owned property. An estimated $999,586 was generated in 1981-82 from those fees. During the first full year of implementation of the new fees, collections will be approximately 40 percent more than what would be collected under the existing fee structure. Based upon the revenue generated last fiscal year, this should result in an additional $400,000 in revenue.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)
     There will be direct fee increases of approximately 40 percent of the existing rate and no significant change in required paper work or work load adjustments to the affected industries.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)
    There will be no effect on competition and employment.

COMMITTEE REPORT
Joint Committee on Agriculture

Dear Governor Treen:

On Wednesday, December 15, 1982, the Subcommittee on Rules Oversight of the House and Senate Committees on Agriculture met and reviewed the Rules recently adopted by the Structural Pest Control Commission. The House Subcommittee voted unanimously, by a 6 to 0 vote to disapprove the provisions
of the proposed Rule 9.0 after listening to several hours of testimony. The Subcommittee felt that the Rule had such far reaching effects of such a serious nature that the entire Legislature should have an opportunity to decide whether all houses should be treated for termites before being sold.

Accordingly, the Subcommittee on Rules Oversight of the House Committee on Agriculture is hereby notifying you as required by R.S. 49:968(F) that Proposed Rule 9.0 of the Proposed Rules adopted by the Structural Pest Control Commission has been disapproved. We respectfully request that you concur in this action and allow the decision to disapprove this Rule to take effect.

COMMITTEE REPORT
Joint Committee on Health and Welfare

Subject: Report on Disapproval of Proposed Rules on Two-Percent Reduction in Medicaid Long Term Care Reimbursement Rate, as required by R.S. 49:968

Dear Governor Treen:

This is to certify that the proposed Rules on a two-percent reduction in Medicaid long term care reimbursement rates by the Department of Health and Human Resources, Office of Family Security (Notice of Intent published in the Louisiana Register, p. 619, November 20, 1982) have been found unacceptable and disapproved in accordance with R.S. 49:968.

The Senate members of the Joint Subcommittee on Oversight, acting as a committee on behalf of their respective house of the legislature, have, as specifically provided by R.S. 49:968 (D) and (E), disapproved the proposed Rules by a vote of 5 to 0. Voting to disapprove the Rules were Senators Randolph, Richey, Keith, Cross, and Landry.

With respect to the proposed Rules, the committee made the following determinations:

1. The two percent reduction contravene federal law and regulations and the Louisiana Medical Assistance Plan.

Under federal law and regulations, “payments to providers under Medicaid cannot be lower than the agency finds are reasonable and adequate to meet costs that must be incurred by efficiently and economically operated providers to provide services in conformity with applicable State and Federal laws, regulations, and quality and safety standards.” [42 CFR 447.252 (a)(1) - Attachment 1]

In conformity with this requirement, the state Medical Assistance Plan provides that “... rates will be set at a level which the state determines is reasonable to adequately reimburse in full the allowable costs of a provider facility that is economically and efficiently operated.” It is clear that OFS may not alter the reimbursement rate without (1) a State Medical Assistance plan amendment which modifies the rate-setting methodology, or (2) receipt of additional historical cost data which differs materially from that in current use.

Another federal requirement relative to Medicaid long term care rate-setting is that the agency must submit assurances to HCFA that 42 CFR 447.252 (a)(1) and (b) requirements are met [42 CFR 447.252 (c)] as well as the public notice requirements of 42 CFR 447.254. These assurances must outline effects on (1) provider participation, (2) availability of services on a statewide and geographic area basis, and (3) the short- and long-term effects of rate change [42 CFR 447.255 - Attachment 2]. DHHR is not in compliance with these requirements.

Additionally, it is clear that budgetary considerations alone cannot justify a rate adjustment not in accordance with the State Plan Methodology. See for instance Montreuil Nursing Home v. Aggrey, Ohio Supreme Court, 54 Ohio St. 2d 394 (1978) and Country Club Home v. Harder, Kansas Supreme Court, 623 P. 2d 505 (1981). See also ANHA v. Harris, 5th Circuit [Attachment 2A]

2. The Notice of Intent is defective under the federal law [42 CFR 447.254 - Attachment 6]

In as much as the proposed Rules are a “significant proposed change in [OFS] methods and standards for setting payment rates for ... long term care facility services”, the Notice of Intent for the proposed Rules must “[e]xplain why the agency is changing its methods and standards” and “[i]dentify a local agency in each [parish] ... where copies of the proposed changes are available for public review.”

These requirements are mandatory, and violation of notice requirements has resulted in Rules being declared invalid in other states.

3. Probable Decrease in Private Providers

Any further reductions in Medicaid reimbursement will no doubt decrease Medicaid participation by private providers. If state facilities have to take over these functions, quality of care will suffer and total Medicaid costs will increase. As a case in point, one has only to look at Medicaid rates paid for the two existing state long term care facilities - Villa Feliciana and New Orleans Home. The state is currently paying these two facilities $55,283 and $40,57 for ICF-I care while private providers are paid only $29,76. The Louisiana Health Care Association has suggested to OFS several areas where significant savings to Medicaid may be realized. These are now under study by OFS and the federal Department of Health and Human Services.

It is the feeling of the committee that it might be premature to impose an across the board rate cut until such time as other cost saving measures can be studied and tested.

The proposed Rules were opposed by the Louisiana Health Care Association.

Docket Number UIC 83-3

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of LRS 30:4, notice is hereby given that the Commissioner of Conservation will conduct a public hearing at 1 p.m., Wednesday, February 22, 1983, in the St. Landry Parish Courthouse Police Jury Room #102, located at the Courthouse Building on Court Street, Opelousas, LA.

At such hearing, the Commissioner of Conservation or his designated representative will hear testimony relative to the application of Well-Vac Disposals, Inc., Eunice, LA. The applicant intends to operate a commercial saltwater disposal well and facility in Section 19, Township 6 South, Range 2 East, St. Landry Parish, LA, and inject into the subsurface salt water generated from oil and gas production.

Prior to authorizing the use of this well for disposal of salt water, the Commissioner of Conservation must find that the applicant has met all the requirements of Statewide Order No. 29-B (August 1, 1943 as amended).

The application is available for inspection by notifying Fritz L. Spencer, Jr., Office of Conservation, Underground Injection Control (UIC) Division, Room 228, of the Natural Resources Building, 625 North 4th St., Baton Rouge, LA, or by contacting the Beauregard Parish Police Jury in the Beauregard Parish Police Jury Building, DeRidder, LA.

All interested persons will be afforded an opportunity to present data, views or arguments, orally or in writing, at said public hearing. Written comments which will not be presented at the hearing must be received no later than 5 p.m., February 25, 1983, at the Baton Rouge Office. Comments shall be directed to: Commissioner of Conservation, Box 44275, Baton Rouge, LA 70804-4275. Re: Docket No. UIC 83-2, Commercial Salt Water Disposal Well, St. Landry Parish.

Department of Urban and Community Affairs
Office of Planning and Technical Assistance

As stated in our December 20 “Notice of Intent,” the Department of Urban and Community Affairs (DUCA) planned to revise the Rules governing the administration of the Louisiana Community Development Block Grant (LCDBG) Program utilizing written comments and a meeting of the Governor’s Community Development Advisory Committee and the Interagency Review Panel Members.

However, because of the Special Legislative Session, the Interagency Review Panel was unable to meet prior to the deadline for submittal of material to the Louisiana Register for its January issue. Therefore, it is envisioned that a Proposed Final Statement will be published in the February 20, 1983, issue of the Louisiana Register with the Final Statement being published in a subsequent issue.
