Executive Orders

EXECUTIVE ORDER DCT 83-1

WHEREAS, there is a public concern in the area of public health as it may be affected by the environment, and
WHEREAS, the incidence of some diseases, particularly cancer, is higher in certain areas of the State of Louisiana than the national average therefor; and
WHEREAS, it is essential for the health and welfare of the people of the State of Louisiana that there be a better understanding of environmental health problems, particularly their possible causes and possible corrective actions to prevent or lessen their incidence;

NOW, THEREFORE, I, DAVID C. TREEN, Governor of the State of Louisiana, by virtue of the authority vested in me, pursuant to the Constitution and applicable statutes of the State of Louisiana, do hereby create the Governor’s Task Force on Environmental Health which shall consist of at least one or more representatives appointed by me from at least the following professions and organizations:
1. Epidemiology or the field of medical statistics generally;
2. Toxicology;
3. Oncology;
4. Industrial medicine;
5. A state or quasi-public health organization;
6. The petrochemical industry; and
7. The House of Representatives and the Senate.

The Task Force shall review major epidemiological studies and findings concerning environmental health factors, identify those issues for which further development of information is necessary, review the feasibility of baseline studies, make an estimate of time and funding needed for resolution of the issues and problems so identified, and develop a plan for an orderly resolution of the issues and problems.

The Task Force, whose chairman shall be appointed by the Governor, shall report its findings not later than December 31, 1983. Within 60 days after the Task Force has been organized, it shall report to the Governor its plan of action and any initial findings to that date.

The Task Force may draw funds set aside for research on environmental and health issues in the Environmental Emergency Response Fund as authorized by the Legislature in the First Extraordinary Session of 1983 of the Louisiana Legislature.

The members of the Task Force may draw per diem and travel expenses as authorized by law.

The Task Force may call on the resources of educational and research institutions, private industry, nonprofit organizations, or any other organizations or individuals as may be appropriate for assistance in carrying out its responsibilities. The Governor, on behalf of the Task Force, may accept grants, donations or appropriations from public or private sources, to the extent permitted by state or federal law or regulations, which will aid the Task Force in the fulfillment of its responsibilities. The appropriate departments of the State of Louisiana are hereby directed to provide the necessary technical and other assistance required by the Task Force to carry out its responsibilities. The Task Force may make recommendations to the Governor regarding the need for additional technical staff to assist the Task Force in the completion of its work, and the Governor, on the basis of these recommendations, may authorize the Task Force to hire technical staff or obtain such assistance on a contractual basis.

The Task Force shall be organized under the Office of the Governor and shall terminate on April 30, 1984, unless otherwise extended by the Governor.

IN WITNESS WHEREOF, I have hereunto set my hand officially and caused to be affixed the Great Seal of the State of Louisiana, at the Capitol, in the City of Baton Rouge, on this the 31st day of January, A.D., 1983.

David C. Treen
Governor of Louisiana

EXECUTIVE ORDER DCT 83-2

WHEREAS, the Executive Mansion of the State of Louisiana belongs to all of the people of the state and is a symbol of the hospitality of our people and of the cultural heritage of our state; and
WHEREAS, the Executive Mansion was constructed in 1963 as a home for the Governor of Louisiana and as a place in which visitors might be welcomed in an environment representative of the graciousness and gentility of all of Louisiana’s people; and
WHEREAS, the Executive Mansion is visited each year by thousands of visitors from all parts of Louisiana, this nation and the world and is one of the most popular tourist destinations in the State of Louisiana; and
WHEREAS, a visit to Louisiana’s Executive Mansion should provide guests in the state an insight into the rich and varied cultural heritage that is ours in Louisiana; and
WHEREAS, it is important that this symbolic facility be maintained in such a manner that Louisianians may visit and enjoy it with pride and that visitors may come to a better understanding of the history and culture of Louisiana by viewing examples of Louisiana’s arts and crafts and by experiencing the environment of true hospitality and graciousness which is Louisiana;

NOW, THEREFORE, I, DAVID C. TREEN, Governor of the State of Louisiana, by virtue of the authority vested in me by the Constitution and applicable statutes of the State of Louisiana, do hereby create the Friends of the Mansion Commission within the Office of the Governor.

The Commission shall have the following powers, duties, functions and responsibilities:
1. To promote a greater understanding and awareness of the importance and significance of the Executive Mansion and to enhance the appearance, contents and surroundings of the mansion so that it will better serve as a symbol and actual representation of the history and cultural heritage of the state.
2. To encourage, approve or accept contributions, bequests, gifts or loans of furniture, works of art, crafts, memorabilia, objects of historical significance and other personal property in order to carry out the purposes of the Commission and its duties and responsibilities.
3. To acquire or provide for accession of appropriate furnishings, books, works of art, crafts, historical objects and similar items for the Executive Mansion through gifts, purchases or otherwise, from public or private sources, in order to carry out the purposes of the Commission, all in accordance with applicable laws.
4. To exchange or sell such items as provided in paragraph three above acquired by the Commission subsequent to the effective date of this Executive Order through gifts, purchase or otherwise from public or private sources, all in accordance with applicable laws.

Policy and Procedure Memorandum

POLICY AND PROCEDURE MEMORANDUM
Office of the Governor
Division of Administration
Policy and Procedure Memorandum No. 51 (Revised 3/20/83)

SUBJECT: Contractual Agreements for Maintenance, Rental and Leases of Office Equipment and Custodial Services

TO: Heads of All State Agencies, Boards, and Commissions (Budget and Non-Budget Units)

EFFECTIVE DATE: February 20, 1983

AUTHORIZATION: Title 39, Section 1561: Authority and duties of the Commissioner of Administration

This Policy and Procedure Memorandum rescinds Policy and Procedure Memorandum No. 51 and Policy and Procedure Memorandum 51 (Revised 6/1/73).

Except as otherwise provided in this Chapter, the Commissioner of Administration, hereinafter referred to as “the Commissioner” shall have the authority and responsibility to promulgate regulations, consistent with this Chapter, governing the procurement, management, and control of any and all supplies, services, and major repairs required to be procured by the State. The Commissioner shall consider and decide matters of policy within the provisions of this Chapter including those referred to him by the Director of State Purchasing. The Commissioner shall have the power to audit and review the implementations of the procurement regulations and requirements of this Chapter.

Therefore, pursuant to the above authority, in order to discharge my duty and responsibility as directed by the above quoted section of the State Statutes, it is hereby ordered that all State of Louisiana agencies shall abide by the following Rules and Regulations except where specific authority has been delegated in writing by the Commissioner of Administration.

I. Purpose and Scope:

1.1 The policies and procedures contained herein shall apply to all agencies of the State Government as required by the Louisiana Procurement Code, R.S. 39:1551 et seq., the Executive Order of the Governor, No. 82-13, and the official Rules and Regulations of the Purchasing Section, Division of Administration as contained in the State Purchasing Manual.

II. Definition of “Contractual Services”:

2.1 Contractual Services include all contracts, inter-agency agreements, or other documents for the maintenance and service of equipment, buildings or any other facilities and the lease and rental of equipment of any State agency under the jurisdiction of the Division of Administration, as noted in paragraph 1.1.

2.2 The following is a listing of contracts referred to in this memorandum, any other type of contract needs prior approval from the Director of State Purchasing.

It is emphasized that this directive applies to CONTRACTUAL SERVICE FOR MAINTENANCE AND CONTRACTUAL AGREEMENTS FOR LEASES AND RENTALS OF EQUIPMENT. Listed below are some commodities that fall into this category:

1. Janitorial services
2. Garbage disposal services
3. Water treatment services
4. Office machine maintenance
5. Thermostatic and temperature control
6. Laundry services
7. Pest control services
8. Office equipment
9. Communication equipment
10. Heavy equipment
11. Concession leases
12. Vending
13. Any other category with prior approval of the Director of State Purchasing

III. Procedures:

3.1 In accordance with R.S. 39:1566 All agencies of the State Government are hereby delegated the authority to purchase all contractual services as defined above in accordance with Executive Order 82-13 and Purchasing Rules and Regulations.

3.2 Agencies are authorized to prepay preventive maintenance contracts on equipment only when a brand name statewide contract exists that provides for at least a ten percent savings over paying on a monthly basis, or a competitive bid is requested that provides for preventive maintenance on a monthly basis and on a prepaid basis. A savings of ten percent or more is required to award on a prepaid basis.

3.3 A sample checklist is attached for use on each contract.

3.4 One complete copy of each file shall be forwarded to the Purchasing Section of the Division of Administration upon completion. These files will consist of:

   Copy of Purchase Requisition: Complete Agency Purchase
Order: BA-22 RL for Leases or Rental of Equipment; Copy of all bids received; Proof of advertisement (In accordance with Executive Order 82-13), Tabulation of bids received; Copy of the list of Vendors solicited.

Please note no Purchase Order is to be released until approval has been granted by the director of State Purchasing.

Approved copies of the Purchase Order will be returned to you: one copy of the Purchase Order and the remainder of the file will remain on file in the Division of Administration. Agencies are authorized to handle at agency level, without forwarding to Central Purchasing, those files within their delegated purchasing authority.

Any questions concerning this matter should be directed to the Purchasing Section of the Division of Administration.

E. L. Henry
Commissioner of Administration

EMERGENCY RULES

DECLARATION OF EMERGENCY
Department of Agriculture
Horticulture Commission

In accordance with the emergency provisions of the Administrative Procedure Act (LSA 49:953 B), notice is hereby given that the Department of Agriculture, Horticulture Commission, has determined that the provisions of Rule 9.5 (B) (1) of its Rules and Regulations have created an economic hardship on certain persons presently engaged in practice as arborists and/or persons desirous of entering into such practice, in that the said Rule imposes upon such persons a requirement for expensive and unnecessary insurance coverages. The high cost of certain medical payment coverage required in Rule 9.5 (B) (1), as previously written, has resulted in a reduction in the number of persons qualified for licensure as arborists at the beginning of the season when competent arborists are needed by citizens throughout the state.

Therefore, in order to remove the economic burden imposed upon certain licensed arborists and persons otherwise qualified for licensure as arborists, the Horticulture Commission has adopted the following amendment to its Rule 9.5 (B) (1), in which certain previous insurance coverage requirements have been deleted, on an emergency basis:

9.5 (B) (1) A certificate of insurance, written by an insurance company authorized to do business in Louisiana, covering the public liability of the applicant for personal injuries and property damages, providing for not less than $25,000 per person for personal injuries and not less than $50,000 for property damages, both limits applicable to each separate accident, provided that the Commission may waive the requirement for the stated insurance coverages for any licensed arborist who does not physically work on trees or accept responsibility for work on trees but only provides consultation with respect to work on trees. The certificate of insurance must provide for 30 days' written notice to the Commission prior to cancellation.

At its next regular meeting, the Horticulture Commission will call a public hearing to consider the adoption of the above Emergency Rule on a permanent basis.

Commissioner

DECLARATION OF EMERGENCY
Department of Agriculture
Structural Pest Control Commission

Notice is hereby given that the passage of Act 35 of the First Extraordinary Session of 1983 has created an emergency affecting the welfare of certain persons subject to regulation under R.S. 40:1261, et seq., in that the provisions of said Act conflict with regulations dealing with the same subject matter which were previously promulgated by the Structural Pest Control Commission. Therefore, in order to avoid confusion among the regulated community, the Structural Pest Control Commission has adopted the following revisions of its Rules and Regulations on an emergency basis:

Rule 3.4, relative to fees for place of business permits, was amended to read as follows:

3.4 — The fee for issuance of a permit for operation shall be $100 for firms which employ two or less employees and $150 for firms which employ three or more employees.

Rule 3.5, relative to fees for renewal of such permits, was amended to read as follows:

3.5 — The fee for renewal of a permit for operation shall be $100 for firms which employ two or less employees and $150 for firms which employ three or more employees.

Rule 5.3, relative to examination fees, was amended to read as follows:

5.3 — Each applicant for examination shall pay a fee of $50 at the time of submission of the application, which fee shall be non-refundable.

Rule 8.0, entitled “Contracts for Termite Control Work”, was amended by adding thereto a new Rule 8.6 reading as follows:

8.6 — No fee shall be due to the Commission for the first 10 termite control contracts performed in each fiscal year by a structural pest control operator. The operator must, however, report the performance of the first 10 contracts for termite control work in the report required under Rule 8.4 above. The fee established in R.S. 40:1272 is applicable to the eleventh and all subsequent contracts for termite control work in each fiscal year.

At its next quarterly meeting, during the month of April, 1983, the Structural Pest Control Commission will call a public hearing to consider the adoption of the above Emergency Rules on a permanent basis.

Commissioner

DECLARATION OF EMERGENCY
Department of Wildlife and Fisheries
Wildlife and Fisheries Commission

The Wildlife and Fisheries Commission has exercised the emergency provisions of the Administrative Procedure Act R.S. 49:953B at its meeting of October 26, 1982, and adopted by
resolution the following Emergency Rule:

WHEREAS, due to the exceptional weather conditions which existed throughout the State of Louisiana during the months of December, 1982 and January, 1983, and
WHEREAS, this climatic condition caused extensive flooding and extreme high water throughout all of the State of Louisiana’s natural watershed system, and
WHEREAS, fur bearing populations are managed on an annual basis through trapping programs, and
WHEREAS, the unusual climatic conditions prohibited and delayed many trapping programs, and
WHEREAS, fur technicians of the Department of Wildlife and Fisheries have determined that excessive annual populations presently exist in several coastal ecosystems which would result in environmental damage to habitat conditions,

NOW, THEREFORE, BE IT RESOLVED, that the Louisiana Wildlife and Fisheries Commission does hereby extend the trapping season in the North Zone through February 28, and
BE IT FURTHER RESOLVED, that the trapping season in the following described portion of the South Zone shall be extended through March 15,

Cameron Parish:
The area south of Little Chenier Highway east to the Mermontau River. South and west along the Mermontau River to the Creole Canal. North on the Creole Canal to Highway 27. North on Highway 27 to its junction with the Little Chenier Highway.

Terrebonne Parish:
The northern boundary line will begin at North Point on the west end of Point Au Fer Island and extend east and northeast along the shoreline of Atchafalaya Bay to the mouth of Creole Bayou. Then east along Creole Bayou and southward and eastward to the end of Bayou De Log and then eastward to the north end of Carrion Crow Lake. Then east and south along the bank of Carrion Crow Lake to Carrion Crow Bayou and then east on Carrion Crow Bayou to the Voss Canal. Then south on the Voss Canal to the junction with the Mauvais Bois Ridge and east along this ridge to the junction with Liners (Peoples) Canal. Down Liners (Peoples) Canal to Lake Decade. Then east along the north bank of Lake Decade to the Falgout Canal and eastward along the Falgout Canal to the Houma Navigation Canal. Then south of the Houma Navigation Canal to Terrebonne Bay.

RULE
Department of Commerce
Office of Financial Institutions

Under authority granted by R.S. 6:902B, the Commissioner of Financial Institutions has adopted the following Rule for the purpose of providing a means by which state chartered savings and loan associations may have authority consistent with that granted federal associations by Federal Home Loan Bank Board Rules and Regulation 545.24-3, which was published on page 36610, Volume 47, Number 163, of the Federal Register dated August 23, 1982.

Notwithstanding limitations imposed by Chapter 9, Title 6, Louisiana Revised Statutes, state chartered savings and loan associations, subject to regulation of the U.S. Treasury Department, are hereby authorized to serve as depositories for Federal taxes, as Treasury tax and loan depositaries, as depositaries of public money and fiscal agents of the Government, or any other instrumentality thereof when designated for that purpose by such instrumentality and satisfy any requirement in connection therewith, including maintaining the following accounts:

a. Tax and Loan Account. An account, the balance of which is subject to the right of immediate withdrawal, established for receipt of payments of Federal taxes and certain United States obligations; such accounts are not savings accounts or savings deposits.

b. Note Account. A note, subject to the right of immediate call, evidencing funds held by depositaries electing the note option under applicable U.S. Treasury Department regulations. Note accounts are not savings accounts or savings deposits.

c. United States Treasury General Account. An account maintained in the name of the United States Treasury the balance of which is subject to the right of immediate withdrawal, except in the case of the closure of the association, and in which a zero balance may be maintained. Such accounts are not savings accounts or savings deposits.

d. United States Treasury Time Deposit Account. A non-interest-bearing account maintained in the name of the United States Treasury which may not be withdrawn prior to the expiration of 30 days written notice from the United States Treasury, or such other period of notice as the Treasury may require. Such accounts are not savings accounts or savings deposits.

Hunter O. Wagner, Jr.
Commissioner

RULE
Department of Commerce
Office of Financial Institutions

The Commissioner of Financial Institutions, in exercise of his power specifically enumerated in R.S. 6:902 B, has adopted the following Rule for the purpose of providing a means by which state chartered savings and loan associations may have authority consistent with that granted federally chartered associations by Federal Savings and Loan Insurance Corporation Regulations 563.17-3, 563.17-4 and 563.17-5.

RULE

An association may engage in forward commitments, futures transactions and financial option transactions pursuant to the following provisions:

R. Gray Sexton
Executive Director
I. FORWARD COMMITMENTS

A. Definitions

1. Forward Commitment. An oral or written contract to buy securities 30 or more days after the contract date; such a commitment is a standby commitment if delivery is optional with the seller and a firm commitment if both buyer and seller are obligated to perform on the agreed date.

2. Securities. Assets in which the association is authorized to invest (except financial futures or financial options contracts entered into pursuant to the provisions of Section II and III of this Rule.)

3. Commitment Fee. Any consideration received directly or indirectly by an association for a forward commitment.

B. Authorized Personnel

The minutes of the board of directors of the association shall set out the names, duties, responsibilities, and current limits of authority, of the association’s personnel authorized to engage in forward commitment transactions for the association; the brokerage firms through which authorized personnel may conduct forward activity; and the dollar limit on transactions with each such firm.

C. Limitations

1. General - An association may make forward commitments to purchase securities, subject to the limits in C.2 below, if that activity is conducted in a safe and sound manner. An example of an unsafe and unsound practice which may preclude further investment under this section is an inability to fund commitments when due. No association may sell a forward commitment or security under agreement to purchase another forward commitment or security at a price other than actual market value.

2. Percent of assets - An association’s outstanding forward commitments to purchase securities plus short put options entered into may not exceed an amount equal to 5 percent of its assets if new worth is 3 percent or less of assets, 10 percent of its assets if net worth is over 3 percent but less than 5 percent of assets, or 15 percent of its assets if net worth is 5 percent or more of assets.

D. Disposal before Settlement

All profit or loss related to disposal or modification of a forward commitment before settlement shall be recognized on the association’s books at the time of disposal or modification.

E. Recordkeeping Requirements

An association engaging in forward commitments shall establish and maintain the following:

1. A current register of all outstanding forward commitments, including the type (firm or standby), commitment date, amount, rate, price to be paid at settlement, market price at date of commitment, settlement date, commitment fees received, date and manner of disposal, sales price and market value at disposal if disposition is made on or prior to settlement date other than through funding, and seller’s identity and confirmation; and

2. Documentation of the association’s ability to fund all outstanding forward commitments when due.

F. Commitment fees Received

A fee received for a forward commitment shall be recorded according to generally accepted accounting principles for loan commitment fees. If the commitment period is 30 days or less, a fee shall be deferred over at least ten years.

II. FUTURE TRANSACTIONS

A. Definition

As used in this section, the following definitions apply unless the context otherwise requires:

1. Financial futures contract. A transferable agreement to make or take delivery of a standardized amount of a financial instrument, of standardized minimum quality grade, during a month specified in the agreement, under terms and conditions established by an exchange designated and regulated by the Commodity Futures Trading Commission.

2. Financial futures transaction. Purchase or sale of a financial futures contract.

3. Long position. The holding of a financial futures contract to take delivery of a financial instrument.

4. Mortgage-related securities. Securities based on and backed by mortgages, including mortgage-backed securities guaranteed by the Government National Mortgage Association ("GNMA"), Mortgage Participation Certificated of the Federal Home Loan Mortgage Corporation, and similar obligations issued by the association or in which the institution is authorized to invest.

5. Offset. To cancel an obligation to make or take delivery of securities under a financial futures contract. A futures contract to purchase a financial instrument is offset by a futures contract to sell a financial instrument of the same type for the same type for the same delivery month. A futures contract to sell a financial instrument is offset by a futures contract to purchase a financial instrument of the same type for the same delivery month.

B. Permitted Transactions

To the extent that is has legal power to do so, an association may engage in financial futures transactions to reduce its net interest-rate risk exposure as provided in this paragraph B. For purposes of this section, net interest-rate risk exposure is the volatility in an institution’s earnings that can arise from the mismatching of the effective maturities of assets and liabilities. An association may enter into short positions that are appropriate for reducing its net interest-rate risk exposure. An association may enter into long positions, other than those that offset short positions, only under the following conditions:

1. The futures position must be matched against a firm forward commitment to sell mortgages not yet originated or to issue mortgage-related securities to be based on mortgages not yet originated. For purposes of this paragraph B., a firm forward commitment is a written commitment obligating the seller to make delivery, and the buyer to take delivery, of mortgage loans not yet originated or mortgage-related securities to be based on mortgages not yet originated, at a price and on or before a date specified in the commitment and

2. The futures position may be entered into and maintained only to the extent that the institution’s firm forward commitments exceed 10 percent of long-term assets with fixed interest rates. For purposes of this section, long-term assets are those having remaining terms to maturity in excess of five years.

C. Authorized Contracts

An association may engage in financial futures transactions using any financial futures contracts designated by the Commodity Futures Trading Commission and based upon a financial instrument that the institution has authority to invest in or to issue.

D. Board of Director’s Authorization

Prior to engaging in financial futures transactions, as association’s board of directors must authorize such activity. In authorizing futures trading, the board of directors shall consider any plan to engage in financial futures transactions, shall endorse specific written policies, and shall require the establishment of internal control procedures. Policy objectives must be specific enough to outline permissible contract strategies, taking into account price and yield correlations between assets or liabilities and the financial futures contracts with which they are matched, the relationship of the strategies to the institution’s operations, and how such strategies reduce the institution’s net interest-rate risk exposure. Internal control procedures shall include, at a minimum, periodic reports to management, segregation of duties and internal review procedures. In addition, the minutes of the meeting of the board of directors shall set forth limits applicable to futures transactions,
identify personnel authorized to engage in futures transactions, and set forth the duties, responsibilities and limits of authority of such personnel. The board of directors shall review the position limit, all outstanding contract positions, and the unrealized gains or losses on those positions at each regular meeting of the board.

E. Notification.

F. Recordkeeping Requirements.
An association engaging in financial futures transactions shall maintain records of such transactions sufficient to document how the transactions reduce the net interest-rate risk exposure of the institution in accordance with the following requirements:

1. Contract register. The association shall maintain a contract register adequate to identify and control all financial futures contracts and including, at a minimum, the type and amount of each contract, the maturity date of each contract, the cost of each contract, the dollar amount and description of the asset or liability with which the futures contract is matched, and the date and manner in which a contract is closed out. Such register shall be prepared in a manner sufficient to indicate at any time the institution’s total outstanding long and short financial futures positions.

2. Other documentation. The association shall maintain, as part of the documentation of its futures strategy, a schedule of the assets and liabilities for which net interest-rate risk exposure is being reduced and the purpose of each contract entered into.

3. Maintenance of records. The records designated in this paragraph F. shall be maintained for all futures transactions closed out during the preceding two years.

G. Accounting.
1. Purchase or sale. Upon the initial purchase or sale of a financial futures contract, a memorandum entry of the information specified in subparagraph F.1 of this section shall be made and appropriate margin accounts shall be established.

2. Gains and losses. Gains and losses on futures contracts shall be accounted for as follows:
(a) Gains and losses on futures contracts that are matched with assets or liabilities to be carried at cost shall be deferred and included in measurement of the dollar basis of the asset acquired or the liability incurred and amortized over the estimated life of the asset or liability as an adjustment to interest income or interest expense.

(b) Gains and losses on futures contracts that are matched with existing assets or liabilities carried at cost shall be deferred and included in measurement of the dollar basis of the asset or liability and amortized over the estimated remaining life of the asset or liability as an adjustment to income or interest expense. If the asset or liability is sold or otherwise disposed of, the unamortized gain or loss shall be recognized in income.

(c) Gains and losses on futures contracts that are matched with existing asset positions carried at the lower of cost or market shall be deferred and recognized in determining the lower of cost or market adjustment of the corresponding asset at the end of each reporting period, or upon sale or disposition of the corresponding asset.

III. FINANCIAL OPTION TRANSACTIONS
A. Definitions.
As used in this section, the following definitions apply unless the context otherwise requires:

1. Call. An option which gives the holder the right to purchase a financial instrument at a price and on or before the expiration date specified in the option contract.

2. Deliverable instrument. A financial instrument whose terms satisfy the requirements for fulfilling delivery obligations of an option.

3. Effective exercise price. The yield equivalent price of an instrument whose coupon rate differs from the standard instrument specified in the option.

4. Financial options contract. An agreement to make or take delivery of a standardized financial instrument upon demand by the holder of the contract at any time prior to the expiration date specified in the agreement, under terms and conditions established by an exchange designated or regulated by the Commodity Futures Trading Commission or the Securities Exchange Commission.

5. Financial options transactions. Purchase or sale of a financial options contract.

6. Immediate exercise value. The market value gained by exercising an option with the lowest cost deliverable instrument at its effective exercise price compared to purchasing (or selling) an identical instrument with the same coupon rate in the cash market.

7. Long position. The holding of a financial options contract with the option to make or take delivery of a financial instrument.

8. Option commitment fee. The option premium minus the immediate exercise value of the option.

9. Option premium. The price paid or received for establishing an option position.

10. Put. An option which gives the holder the right to sell a financial instrument at a price and on or before the expiration date specified in the financial options contract.

11. Short position. A commitment through a financial options contract to stand ready during the term of the contract to make or take delivery of a financial instrument.

B. Permitted Transactions.
To the extent that is has legal power to do so, an association may engage in financial option transactions as provided in this paragraph B.

1. Long positions. An insured institution may enter into long positions without numerical limit.

2. Short positions. An insured institution may enter into short call positions without numerical limit. An institution may enter into short put options to the extent that the aggregate amount of its short put options and forward commitments to purchase securities does not exceed an amount equal to 5 percent of its assets if net worth is 8 percent or less of assets, 10 percent of assets if net worth is over 8 percent but less than 5 percent of assets, or 15 percent of its assets if net worth is 5 percent or more of assets.

C. Authorized Contracts.
An insured institution may engage in financial options transactions using any financial options contracts designated by the Commodity Futures Trading Commission or approved by the Securities and Exchange Commission and based upon a financial instrument that the institution has authority to invest in or to issue, or based upon a financial futures contract.

D. Board of director’s authorization.
Prior to engaging in financial options transactions, an institution’s board of directors must authorize such activity. In authorizing options, the board of directors shall consider any plan to engage in writing or purchasing financial options contracts, shall endorse specific written policies, and shall require the establishment of internal control procedures. For options positions that will be matched with cash or forward market positions, policy objectives must be specific enough to outline permissible options contract strategies, taking into account price and yield correlations between assets or liabilities and the financial options contracts; the relationship of the strategies to the institution’s operations; the rationale for the ratio of the value of options positions to the value of the matched cash market positions; and how the options strategy reduces the institution’s interest-rate risk exposure. For unmatched option positions, policy objectives must specify the
relationship of the strategy to the institution’s operations. Prudent business judgment shall be exercised by participating institutions engaging in financial options transactions in order to maintain a safe and sound financial position. Internal control procedures shall include, at a minimum, periodic reports to management, segregation of duties and internal review procedures. In addition, the minutes of the meeting of the board of directors shall set forth limits applicable to financial options transactions, identify personnel authorized to engage in financial options transactions, and set forth the duties, responsibilities and limits of authority of such personnel. The board of directors shall review the position limit, all outstanding options contract positions, and the unrealized gains or losses on those positions at each regular meeting of the board.

E. Notification and reporting.

The association shall report its outstanding positions together with the total unrealized gain or loss from such positions on the Federal Home Loan Bank Board Monthly Report.

F. Recordkeeping requirements.

An association engaging in financial options transactions shall maintain records of such transactions in accordance with the following requirements:

1. Contract register. The association shall maintain a contract register adequate to identify and control all financial options contracts and sufficient to indicate at any time the amounts of financial options contracts required to be reported on its monthly report. At a minimum, the register shall list the type, amount, expiration date and the cost of or income from each contract.

2. Other documentation. The association shall maintain as part of documentation of its financial options strategy a schedule of any cash market or forward commitment position with which the option is matched and the purpose of each contract.

3. Maintenance of records. The records designated in this paragraph F. shall be maintained for all financial options closed out during the preceding two years.

G. Accounting

(1) Purchase or sale. Upon initial purchase or sale of a financial options contract, a memorandum entry of the information specified in subparagraph 1. of paragraph F. of this section shall be made and appropriate margin accounts shall be established.

(2) Option commitment fee. The option commitment fee paid or received shall be amortized to income or expense over the term of the option, except as provided in subparagraph 3 of this paragraph G of this section.

(3) Option contracts.

a. Gains or losses on options contracts that are matched with assets or liabilities carried at the lower of cost or market value or carried at market value shall be considered in determining the market value of the asset or liability.

b. Options positions that are matched with assets or liabilities carried at cost or to be carried at cost shall be accounted for as follows:

   (i) If a commitment fee will be or has been received with respect to the matched asset, the option commitment fee shall be treated as an adjustment of such fee. The adjusted commitment fee shall then be treated as a fee paid or received in connection with the matched asset;

   (ii) If a commitment fee has not been received with respect to a matched asset the option commitment fee shall be amortized to income or expense over the commitment period by the straight-line method;

   (iii) Any resulting gain or loss from an option position shall be treated as a discount or premium on the matched asset or liability;

   (iv) In the event that the cash market or forward commitment position with which an option is matched is sold or will not occur, the option shall be market-to-market.

c. The immediate exercise value of short puts and other unmatched option positions shall be carried at their current market value.

RULE
Department of Commerce
Office of Financial Institutions

Under the authority granted by R.S. 6:237-B, the Commissioner of Financial Institutions has adopted the attached amendment to the Rule previously published in Volume 6, Number 8 of the Louisiana Register, dated August 20, 1980. The purpose of this amendment to the Rule is to change the form and content of the personal financial statement required of the proposed directorate, proponents and officers.

SUMMARY

This amendment is to give the Office of Financial Institutions additional and better information to enable us to properly analyze the proposed directorate, proponents and officers of a proposed new State-chartered bank.

RULE
Department of Commerce
Office of Financial Institutions

Hunter O. Wagner, Jr.
Commissioner

RULE
Department of Commerce
Office of Financial Institutions

The Commissioner of Financial Institutions, in exercise of his powers specifically enumerated in LRS 6:237(B), hereby rescinds the Rule published in Volume 8, Number 9, September 20, 1982, in the Louisiana Register, pertaining to Adjustable Rate Mortgage Loan Instruments.

Hunter O. Wagner, Jr.
Commissioner of Financial Institutions

RULE
Department of Commerce
Office of Financial Institutions

Under authority granted by R.S. 6:902 B and R.S. 902.1, the Commissioner of Financial Institutions has adopted the following Rule for the purpose of providing a means by which state chartered savings and loan associations may have authority consistent with that granted federal associations by Federal Home Loan Bank Board Rules and Regulations 546.2 (b) and (e).

Notwithstanding limitations imposed by Chapter 9, Title 6, Louisiana Revised Statutes, one or more state chartered savings and loan associations may merge in accordance with the following Rule:

(a) Each association, by a two-thirds vote of its board of directors, shall approve a plan of merger evidenced by a merger agreement. The agreement shall state that it is effective only when approved by the Commissioner of Financial Institutions, State of Louisiana, and the Federal Home Loan Bank Board and shall specify (1) which association will be the resulting association; (2) the name it will use; (3) the location of its home office and branch offices; (4) the basis on which its savings accounts will be issued; and (5) the number of its directors and their names, addresses, and the length of their terms.

(b) Notwithstanding any other provision of this Rule, the Commissioner may require that a plan of merger be submitted to the voting members of any of the merging associations at a duly called meeting(s) and that the plan, to be effective, be approved by them.

Hunter O. Wagner, Jr.
Commissioner

Shared EFT

1. Definitions
   A. “Commissioner” means the Commissioner of Financial Institutions, State of Louisiana.
   B. “Electronic financial terminal” (EFT) means an electronic information processing device, other than a telephone, which is established to do either or both of the following:
      1. Capture the data necessary to initiate financial transactions; or
      2. Through its attendant support system, store or initiate the transmission of the information necessary to consummate a financial transaction.
   The term includes, without limitation, point of sale terminals, merchant-operated terminals, cash-dispensing machines, and automated teller machines. An EFT shared by a bank domiciled in a parish other than that of the EFT’s location is not a branch of the sharing bank so long as the restrictions imposed by this Rule are complied with.
   C. “Financial institution” means a national banking association, federal savings and loan association, or federal credit union, or a bank, savings and loan association, or credit union established and operating under the laws of the State of Louisiana.
   D. “State-chartered bank” means a bank chartered under the laws of the State of Louisiana.

2. EFT Sharing Permitted
   A State-chartered bank may share an EFT established and operated by another financial institution. A state-chartered bank may share an EFT controlled by a non-financial institution only if such institution has agreed, in writing, that the EFT is subject to such examination by the Commissioner as he deems necessary.

3. Authorized Functions for a Shared EFT
   Financial transactions which may be performed by an EFT shall be limited to the disbursement of funds under a preauthorized credit agreement, the withdrawal of funds from a customer’s account, the receiving of cash or checks, check verification and/or guarantee, the disbursement of cash, the payment of loan payments, the transfer of funds to or from one or more accounts in one or more financial institutions, and responding to account balance inquiries. A shared EFT may be used to accept deposits of customers of state-chartered banks domiciled in the parish in which the EFT is located, if such function is approved by the Commissioner.
   No shared EFT may be used to accept deposits from a customer of a State-chartered bank, which is domiciled in a parish other than that of the location of the EFT.

4. EFT Security
   Every institution sharing an EFT shall adopt and maintain safeguards to insure the safety of funds, items, and other information, which safeguards shall include security devices consistent with the appropriate requirements specified under the federal bank protection Act of 1968, 12 USCAs 1881 et seq., or any alternative security precautions as are approved by the Commissioner.
5. Service Charges
A state-chartered bank may impose service charges for shared EFT services.

6. Application to National Banks
The provisions of this Rule shall apply to National banks to the extent permitted by Federal law.

Commissioner

RULE

Department of Commerce
Office of Financial Institutions

Under authority granted by R.S. 6:902 B and R.S. 902.1, the Commissioner of Financial Institutions has adopted the following Rule for the purpose of providing a means by which state chartered savings and loan associations may have authority consistent with that granted federal associations by Federal Home Loan Bank Board Temporary Final Rule, published in Bulletin Number 82-730, dated November 4, 1982.

I. Implementation of Power

Notwithstanding the limitations imposed by Title 6 and Title 39, Louisiana Revised Statutes, and to implement certain new powers, state chartered savings and loan associations may now make or participate in demand deposits, governmental unit NOW accounts, commercial real estate loans, commercial loans, and consumer loans, pursuant to the following provisions:

A. Demand Deposits. An association may accept non-interest-bearing demand deposits from (1) a commercial, corporate, business, or agricultural entity for the sole purpose of effectuating payments thereto by a nonbusiness customer, or (2) any person or organization having a business, corporate, commercial or agricultural loan relationship with the association. An association may extend secured or unsecured credit in the form of overdraft privileges specifically related to demand deposits, but such overdraft loans must be aggregated with other commercial loans for purposes of the five-percent-of-assets limitation. Overdraft loans made under authority of this implementation must be made pursuant to proper underwriting and with due regard for safety and soundness.

B. Governmental Unit NOW Accounts. An association may offer NOW accounts as defined in Volume 6, Number 12, Louisiana Register, published December 20, 1980, for the deposit of public funds by an officer, employee, or agent of the United States, any state, county, municipality, or political subdivision thereof, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Guam, any territory or possession of the United States, or any political subdivision thereof.

C. Commercial Real Estate Loans. An association may invest up to 40 percent of its assets in loans secured by commercial real estate, pursuant to subparagraphs 1 and 2. Commercial real estate loans are not required to be secured by first liens, but associations must continue to comply with the 90-percent loan-to-value ratio for commercial real estate loans.

(1) Commercial real estate loans (including construction loans) secured by first liens on other improved real estate shall not exceed 90 percent of the value of the security property and shall be repayable within 30 years, except that construction loans and nonamortized loans shall be repayable within five years. Interest shall be payable at least semi-annually except to the extent that the loan contract provides for deferral and capitalization of interest, as provided by paragraph C, Section 3504, Title 9, Louisiana Revised Statutes (Act 767, 1982 Legislature). Provided, that the ratio of the loan balance to the current appraised value of the security property may not at any time during the loan term exceed 90 percent as a result of deferral and capitalization of interest.

(2) Other improved real estate. Commercial real estate containing (1) a permanent structure(s) constituting at least 25 percent of its value, or (2) improvements which make it usable by a business or industrial enterprise.

D. Commercial Loans. An association may invest up to five percent of its assets in secured or unsecured loans for commercial, corporate, business or agricultural purposes, provided that loans to any one borrower shall not exceed the limits of 6:822 B (1) and Rule published in Volume 8, Number 2, Louisiana Register, February 20, 1982.

E. Consumer Loans. Effective immediately, state chartered savings and loan associations may make up to thirty percent of their assets in consumer loans as defined by the Louisiana Consumer Credit Law (LRS 9:3516 (13)). All provisions of the Louisiana Consumer Credit Law (LRS 9:3510, et seq) will apply to loans made under this authority.

II. Rescission

This Rule rescinds paragraph (1) of Rule published in Volume 6, Number 8, Louisiana Register, August 20, 1980.

IV. Transitional Procedures for Currently Authorized Organizations

A. Any organization or other group currently receiving payment through voluntary state employee payroll deductions shall continue to be approved as a receiving organization under the following conditions:

(1) An application is completed and submitted to the Division of Administration, State Accounting Office, with any required documentation by April 1, 1983. A petition with 200 signatures is not required.

(2) The Division of Administration approves the applicant organization after review and consistent with the definition in Section I as a receiving organization.

(3) State Accounting Office or agency records verify vendor certification relative to minimum participation required in Section III has been maintained during the third quarter of the 1983 state fiscal year (Jan. - Feb. - Mar. '83) and annually thereafter. Payroll systems other than the statewide system must validate annual vendor certification and forward to the State Accounting Office a list of qualified and remaining vendor deductions for the ensuing fiscal year, no later than July 30 each year.

(4) Because records of original requests and/or authority for some payroll deduction slots currently recognized do not exist, a specific written request for exemption from these Rules and Regulations must be received from each statewide elected official for each deduction (to a maximum of five*) for which such exemption is desired.

(5) Documented requests for additional slots, which were subsequently approved, made prior to publication of this Notice of Intent shall comply with the continued participation requirements only and shall not require a petition of 200 names.

B. Organizations (or groups not included under this definition) which do not meet the criteria in Section III(A), above, for continued receipt of payroll deductions will be terminated on the last payroll of the fiscal year unless the organization voluntarily terminates its payroll deduction before that time.

V. General

A. Miscellaneous payroll deductions withheld shall be made payable only to the incorporated organization or carrier, not an individual, company, or agent representing the principal.

B. Approval of any organization by the Division of Administration for payroll deduction in no way constitutes an approval or certification of the organization or the deduction. The services, insurance or policy may be available to state employees for lesser cost through other organizations or vendors.

C. Voluntary withholding authorized under statutory authority shall continue to be governed by the statutory provisions.

D. Procedural requirements described herein shall govern only those agencies in the Executive Branch under the control of the governor but are recommended to departments under statewide elected officials. Annual written notification by the governing elected official will be required for continued exemption of a specific deduction (maximum of five per department.)

VI. Waivers

The Commissioner of Administration may waive in writing any provision of these regulations when the best interest of the State of Louisiana will be served.

*This represents a mechanical system limitation rather than a policy determination.

AMENDMENT TO LSBN RULES
FOR PRIMARY NURSE ASSOCIATES

R.N. 3.041, add (3) to read as follows:
The educational requirements set forth in R.N. 3.04 shall
not apply to any registered nurse who shows evidence that on or
before March 20, 1981, the nurse (1) was actively pursuing a
program from which national certification to practice as a primary
nurse associate was received on or before September 20, 1981; or
(2) was actively pursuing a formal educational program, which
included didactic and clinical experience, from which certification
to practice at the level of a primary nurse associate was received on
or before September 20, 1981.

In the event the certifying body in (1) or (2) of this section
requires recertification, evidence of same shall be made available
to the Board.

Anyone wishing to qualify as a primary nurse associate
under the provisions of this section must submit a formal application
to the Board within six months of the effective date of this
section.

RULE
Department of Health and Human Resources
Office of Family Security

Effective March 1, 1983, the Department of Health and
Human Resources, Office of Family Security, shall implement the
following changes in the Food Stamp Program as required by 7
CFR part 271, 272, 273, 277, and 281, as published in Federal
Register, Vol. 47, No. 224, pages 52328-52338, dated November
19, 1982. The Food Stamp Program’s State Manual has been
revised to reflect these mandated changes.

(1) Amendment to the definition of household, to include
as a separate household, parents living with their natural, adopted
or step-children or such children living with such parents, if at least
one parent is sixty years of age or older or receiving Supplemental
Security Income benefits under Title XVI, or disability, or blindness
benefits under Titles I, II, X, XIV or XVI of the Social Security Act.

(2) Households with striking members shall be ineligible to
participate in the Food Stamp Program unless the household was
eligible for benefits the day prior to the strike and is otherwise
eligible at the time of application. However, such a household shall
not receive an increased allotment as the result of a decrease in
the income of the striking member(s) of the household. Eligibility shall
be determined by considering the day prior to the strike as if it were
the day of application and assume the strike did not occur. Eligibil-
ity at time of application shall be determined by comparing the
striking member’s income before the strike to the striker’s current
income and adding the higher of the two to the current income of
nonstriking members during the month of application. To deter-
mine benefits, deduction shall be calculated for the month of
application as for any other household. Whether the striker’s
pre-striker earnings are used or his current income is used, the
earnings deduction shall be allowed if appropriate.

RULE
Department of Health and Human Resources
Office of Family Security

Effective March 1, 1983 the Department of Health and
Human Resources, Office of Family Security, shall implement the
following amendments to Expedited Service Policy in the Food
Stamp Program as required by 7 CFR Parts 271, 272, 273, and
275 as published in Federal Register Vol. 47, No. 230, pages
53828-53831, dated November 30, 1982. The Food Stamp Pro-
gram’s State Manual has been revised to reflect these mandated
changes.

(1) A maximum allowable limit of one-hundred dollars in
liquid resources shall be imposed and expedited services shall be
limited to households with less than one-hundred fifty dollars in
monthly gross income, or destitute migrant or seasonal farmwork-
ner households.

(2) Expedited services shall be defined as providing food
stamp benefits no later than five calendar days from the application
date.

(3) Verification shall be required of income and liquid
resources to the extent practical within the expedited service time
frame.

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office
of Family Security, shall require the IV-A agency to treat assigned
support payments retained in the current month as income, in
determining the need and amount of assistance payments. Under
this Rule an overpayment of assistance shall occur for each month
in which a direct support payment is retained by a recipient and not
counted by the IV-A agency to reduce the AFDC payment.

This Rule is elected by the Office of Family Security under
47, No. 193, dated October 5, 1982, and shall become effective
March 1, 1983.

This action is necessary because Section 2103 of the “Omnibus Budget Reconciliation Act of 1981” (P.L. 97-35) prohibited the use of Federal funds, therefore discontinuing reimbursement, under Medicare Part B and Medicaid for expenses incurred on or after October 1, 1981, for drugs identified in Section 2103. Identical products made by manufacturers not shown on the list are also excluded from payment.

Lists of drugs deemed “less than effective” and identical, similar and related were published in the *Louisiana Register* on November 20, 1981 and September 20, 1982.

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, hereby amends a Rule published in the *Louisiana Register* on December 20, 1982, in reference to prior authorization for Title XIX reimbursement for specific elective surgical procedures. The first amendment shall state that the Office of Family Security shall respond to any request for said prior authorization within 30 days of receipt of such request.

The second amendment shall state that reimbursement for any of the specified elective surgical procedures enumerated in the Rule published December 20, 1982, performed on an emergency basis may be requested of the Office of Family Security by the provider submitting a claim for the service accompanied by supporting medical documentation to the Office of Family Security Medical Assistance Director for review and post authorization.

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, hereby adopts a new Maximum Allowable Cost (MAC) determination as outlined below for the following drug:

- **Doxepin HCl** -
  - 10 mg capsule: $0.1030 per capsule
  - 25 mg capsule: $0.1328 per capsule
  - 50 mg capsule: $0.1869 per capsule
  - 100 mg capsule: $0.3382 per capsule

In no case may a recipient be required to provide payment for any difference in a prescription price that may occur with the implementation of MAC, nor may our office use a cost which exceeds the established maximums except as follows. DHHS’s regulations provide that when a physician certifies that a specific brand is medically necessary for a particular patient then the MAC limitations for that medication will not apply. In this case, their specific guidelines provide that:

1. the certification must be in the physician’s handwriting;
2. the certification may be written directly on the prescription, or on a separate sheet which is attached to the prescription;
3. a standard phrase written on the prescription, such as “brand necessary” will be acceptable;
4. a printed box on the prescription blank that could be checked by the physician to indicate brand necessity is unacceptable;
5. a handwritten statement transferred to a rubber stamp and then stamped on the prescription blank is unacceptable.

This action is in response to a telegram received from the chairman of the Pharmaceutical Reimbursement Board of the Health Care Financing Administration (HCFA). Medicaid regulations mandate compliance with these costs in order to assure Federal financial participation in Louisiana’s Medical Assistance Program.

RULE
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, shall revise the Refugee Resettlement Program as follows:

1. A refugee must register for employment services as a condition of receiving cash assistance regardless of his/her date of entry into the United States unless otherwise exempt from such registration.
2. Every employable refugee shall participate in any social service program that the Office of Family Security and/or Office of Human Development determines is available and appropriate.
3. An employable refugee’s cash assistance shall be terminated (after opportunity for an administrative hearing) with the month in which the refugee refuses an appropriate offer of employment or refuses to participate in an available and appropriate social service program.
4. Cash assistance shall not be made available to refugees who are full time students in institutions of higher education.

The above revisions are mandated by Public Law 97-383 and Action Transmittal ORR-AT-82-3 and shall become effective March 1, 1983.

63
Effective March 1, 1983, the Department of Health and Human Resources, Office of Family Security, shall implement the
following changes in the Food Stamp Program as required by 7 CFR Parts 271, 272, 273, and 274, as published in Federal
Register, Vol. 47, No. 226, pages 53309-53318, dated November 26, 1982. The Food Stamp Program’s State Manual has been
revised to reflect these mandated changes.

(1) Verification shall be required, prior to certification or
recertification of the household, of all factors of eligibility which are
determined questionable and affect the household’s eligibility
and benefit level. The definition of questionable information is
amended to include any information deemed by the eligibility
worker to be inconsistent as established by the agency. Question-
able information could be information that is inconsistent with
other information on the application, or inconsistent with other
information received by the agency. It could also be any informa-
tion that seems inconsistent with the household’s situation and
raises reasonable doubt about certain factors of eligibility. The
eligibility worker may not use these procedures to require addi-
tional verification based on race, religion, ethnic background, or
national origin. The eligibility worker shall not target groups such as
migrants and American Indians for additional verification.

(2) Any member whose citizenship is questionable shall be
declared ineligible to participate until proof of U.S. citizenship is
obtained. Until proof of U.S. citizenship is obtained, the member
whose citizenship is in question will have his or her income, less a
pro rata share, and all of his or her resources considered available to
any remaining household members.

(3) Collateral contacts will be selected if the household fails
to designate one or designates one which is unacceptable to the
agency. If the agency designates a collateral contact, the agency
shall not initiate contact with the designated collateral without
providing prior written or oral notice to the household at the time of
this notice, the agency shall inform the household that it has the
following options: (A) consent to the contact, (B) provide
acceptable verification in another form, or (C) withdraw its
application. If the household refuses to choose one of these options,
its application shall be denied in accordance with the normal
procedures for failure to verify information.

(4) Households participating or applying for participation
in the Food Stamp Program shall provide the agency with the
Social Security Number (SSN) of each household member, or
apply for one through the agency before certification as a condition
of eligibility. The member that has applied for an SSN shall be
allowed to participate for thirty days from the first day of the first full
month of participation while awaiting receipt of the SSN. If the
household member(s) can show good cause why an SSN has not
been obtained in a timely manner, they shall be allowed to partici-
pate for an additional 30 days. In determining if good cause exists
for failure to comply with this requirement, the Office of Family
Security shall consider information from the household member,
the Social Security Administration, and its own information.
Documentary evidence or collateral information that the house-
hold has applied for the number or made every effort to supply
SSA with the necessary information shall be considered good
cause for not complying with this requirement.

(5) The Office of Family Security shall have the authority
to establish the location and hours of service of Food Stamp
Certification and Issuance offices.

RULE

Department of Health and Human Resources
Office of Health Services and Environmental Quality

The Department of Health and Human Resources, Office of Health Services and Environmental Quality, adopts the following Rule pursuant to R.S. 40:33 and R.S. 40:46E and pertaining to an acknowledgment in accordance with Article 203 of the Louisiana Civil Code.

General Rule

In circumstances wherein the birth certificate of an illegitimate child on file in the Vital Records Registry does not reflect the name of a father, the certificate may be altered by an authentic act of acknowledgment in compliance with the provisions of Louisiana Civil Code, Article 203.

Vital Records Registry shall recognize formal and authentic acts of acknowledgment executed before a notary public, by the father and the mother jointly, or by the father alone, in the presence of two competent witnesses. The act of acknowledgment should set forth the acknowledging father’s address and full name, city and state of birth, age at the time of the child’s birth, and the father’s race. In the event that the above information relating to the child’s father is not a part of the authentic act itself, that information may be otherwise provided in writing by the acknowledging parent(s) or an attorney acting on his or their behalf.

Note: An acknowledgment by the child’s mother alone, while authorized pursuant to Article 203, would have no effect on the birth record. In other words, the child’s mother, acting alone, may not cause a father’s name to be added onto a birth record.

Upon presentation of the prescribed act of acknowledgment and parental information, the State Registrar or his designee shall add the name and birth facts of the father to the child’s birth certificate. No other alteration to the certificate may occur based upon an act of acknowledgment.

Thereafter the certificate shall be distinctly marked “altered” on its face and include the evidentiary basis for the alteration, the date of alteration and initials of the State Registrar or his designee making the alteration. See LSA-R.S. 40:59 and 40:60.

RULE

Department of Health and Human Resources
Office of Health Services and Environmental Quality

The Department of Health and Human Resources, Office of Health Services and Environmental Quality, implements the following regulations pursuant to R.S. 40:33 and pertaining to delayed or altered certificates in accordance with R.S. 40:59 and R.S. 40:60 as amended and reenacted by Act 776 of 1979.

DELAYED CERTIFICATES

I. Delayed Birth Certificates - Six Months to Twelve Years:

In instances where there exists no birth certificate of record of a person born in Louisiana, who is six months to twelve years of age, on file with the Vital Records Registry, an applicant shall be furnished an application with instructions for filing a certificate of birth for a child ages six months to twelve years only.

The State Registrar shall not furnish such applications unless he is satisfied that the applicant thereof is the person who has no birth certificate or record, or is a member of the immediate or surviving family of said person, or is named in a court proceeding as a member of the immediate or surviving family of said person. The credentials of an attorney at law authorized to practice in this state, together with a written declaration of the record in which he is interested, that he is a legal representative of one of the named parties at interest, shall constitute sufficient proof of a direct interest in the matter to warrant being furnished an application.

The certificate shall be completed by a hospital official, unless the child is delivered by someone other than a physician, in permanent black ink, or with a black typewriter ribbon. The original signature of the physician or attendant who delivered the child must appear on the face of the certificate, certifying that the physician or attendant attended the birth of that child and that the child was born alive on the date and hour stated on the certificate. The affidavit in the lower portion of the certificate must be signed by a parent or legal guardian, in the presence of a notary public. Upon completion, the certificate shall be forwarded to the Health Unit or Local Registrar in the parish of birth, whereupon it will be forwarded to the central office of the State Registrar in New Orleans for official recordation.

II. Delayed Birth Certificates - 12 Years and Older:

In instances where there exists no birth certificate or record on file for a person born in Louisiana and that person is 12 years of age or older, the applicant shall be furnished an application with instructions for filing a delayed certificate of birth.

The State Registrar shall not furnish such applications unless he is satisfied that the applicant thereof is the person who has no birth certificate of record, or is a member of the immediate or surviving family of said person, or is named in a court proceeding as a member of the immediate or surviving family of said person. The credentials of an attorney at law authorized to practice in this state, together with a written declaration of the record in which he is interested, that he is a legal representative of one of the named parties at interest, shall constitute sufficient proof of a direct interest in the matter to warrant being furnished an application.

The applicant is required to submit certain documentation as evidence to establish the facts of birth. The types of records generally acceptable in establishing the facts of birth are listed below. Original records are preferred for examination: certified or true copies are acceptable only if it is impossible to secure original records.

A.) Records That may Support Date of Birth, Birthplace and Names or Parents:

1.) BAPTISMAL, CRADLE ROLL, CONFIRMATION - Form issued by church. The form must have the signature of the priest or pastor and the seal of the church.

2.) SOCIAL SECURITY RECORD - Photostatic copy of application.

3.) ATTENDING PHYSICIAN’S OFFICE RECORD - Notarized abstract signed by physician or custodian, based on office record made at time of birth.

4.) NEWSPAPER CLIPPING (NOTING OF BIRTH) - Notarized abstract signed by publisher showing the name of the newspaper and the date of issue.

5.) PUBLIC WELFARE RECORD - Certified abstract of record.

B.) Records That May Support Date of Birth or Age and Name of Parent or Parents:

1.) SCHOOL ENROLLING RECORD - Records of enrollment in two different schools on dates at least five years apart will be acceptable as two different records. Records must be signed by the principal of the school or the Superintendent of Schools. Records are not acceptable if signed by a teacher.

2.) APPLICATION FOR MARRIAGE LICENSE - If the
registrant is married, obtain the document from the Clerk of Court of the parish or county in which the license was issued.

3.) LOCAL HEALTH UNIT RECORDS - The Local Registrar, upon request, will make a search of health unit records and, if a record is found, will abstract the data contained therein onto the lower section of the delayed certificate.

C.) Records That may Support Date and Place of Birth:

1.) APPLICATION FOR VOTING REGISTRATION - If the registrant has been a qualified voter for more than five years, obtain from the Registrar of Voters or other authorized official a statement as to the facts of birth as given on the applicant’s original registration record.

2.) APPLICATION FOR INSURANCE - The registrant may obtain from the insurance company a statement as to facts of birth contained on an original application for insurance. If the registrant has a photostatic copy of the original application in his possession, this photostat may be submitted. Policies taken out with two different companies on dates at least five years apart will be acceptable as two different records. In every case it is necessary that the name and address of the company and the policy number be given. Forms are only acceptable when signed by a manager or other duly authorized representative of the company. Certification by agents of companies are not recognized.

3.) BIRTH CERTIFICATE OF REGISTRANT’S CHILD - Send the name of the child, date and place of birth, and the names of the child’s parents (registrant and wife or husband) to the Office of Vital Records of the state in which the child was born. Request a photostatic certified copy.

D.) Records That Support One or More Facts of Birth:

1.) HOSPITALIZATION, EMPLOYMENT, FRATERNAL AND MILITARY SERVICE RECORDS - Abstracts of hospitalization, employment and fraternal records may be obtained by writing said agencies. A military service record (discharge) may be submitted for perusal.

2.) FAMILY BIBLE RECORDS - Acceptable as evidence only when the Bible itself is presented to a local registrar.

3.) RECORD OF FEDERAL OR LOCAL CENSUS - If the registrant cannot secure any other records, he may apply to this office for a form to send to the U.S. Bureau of Census for a copy of records on file. Two Federal Census records of two different decades, together with an affidavit of personal knowledge will suffice.

When the State Registrar has reasonable cause to question the validity, adequacy or authenticity of any evidence submitted, the State Registrar shall so advise the applicant as provided by R.S. 40:60E as amended and reenacted by Act No. 776 of 1979.

The certificate shall be entitled “Delayed Certificate of Birth”: All delayed certificates of birth are reviewed for correctness and acceptability by the section of Vital Records. Acceptable certificates are numbered and filed accordingly. Unacceptable certificates are returned for further investigation and clarification. If there is no response from an applicant or the applicant is unable to submit the necessary documentation within a six month period, the file shall be closed and the materials and documents returned.

In addition, any person born in Louisiana who is over 12 years of age and who has no birth record on file with the section of Vital Records may establish a birth record as provided by R.S. 40:67 through R.S. 40:71 as amended and reenacted by Act No. 776 of 1979.

III. Delayed Death Certificates:

In instances where there exists no death certificate of record, of a death or still birth occurring in the state, the coroner or medical examiner, the funeral director, or the hospital or institution wherein the death occurred shall complete a certificate of death based on their records. Said certificate shall be accompanied by a letter attesting to the facts contained therein.

IV. Delayed Marriage Certificates - Orleans Parish Only:

Marriage certificates of persons married in Louisiana are filed with the Clerk of Court in the parish where the marriage license was purchase, except in Orleans Parish, where the marriage certificates are filed with the section of Vital Records of the Office of Health Services and Environmental Quality of the State of Louisiana.

The State Registrar shall not furnish applications or instructions unless he is satisfied that the applicant is the person who has no marriage certificate or record, or is a member of the immediate or surviving family of said person, or is named in a court proceeding as a member of the immediate or surviving family of said person. The credentials of an attorney at law authorized to practice in this state, together with a written declaration of the record in which he is interested, that he is a legal representative of one of the named parties at interest, shall constitute proof of a direct interest in the matter to warrant being furnished applications or further instructions.

In instances where there exists no marriage certificate of record the applicant shall be instructed to contact the officiant of the marriage ceremony.

1.) If the officiant is in possession of the original certificate, the Section of Vital Records may accept the certificate for delayed filing.

2.) If the officiant is in possession of a duplicate of the original marriage certificate and he/she attests in writing to the facts of the marriage as contained therein, the Section of Vital Records shall issue another marriage license requiring only the medical certification of the parties in compliance with R.S. 9:241

*For parishes other than Orleans, contact the Clerk of Court for information or assistance.

RULE

Department of Health and Human Resources
Office of Health Services and Environmental Quality

The Department of Health and Human Resources, Office of Health Services and Environmental Quality, implements the following Rules governing the issuance of certified copies of incomplete or incorrect original birth certificates. These Rules are promulgated pursuant to R.S. 40:33 B and C, and R.S. 40:34 A(1) generally, and R.S. 40:38 in particular.

General Rule

No certified copy of an original birth record that has been submitted for “Registration” in the vital records registry as defined in R.S. 40:32 (1) shall be issued unless and until the said original birth record contains the information required by R.S. 40:34 A(1)(a) through (q), and as required by duly promulgated regulations relative thereto, including the following provisions.

A. If an original birth record is incomplete, incorrect or irregular, the State Registrar shall attempt to have the problem resolved through the assistance of the Local Registrar in parishes other than Orleans, and in the interim period no certified copies of the document will be issued.

B. The provisions of R.S. 40:34 A(1)(a) relative to the child’s surname appear to conflict with similar provisions in R.S. 40:42 A. To resolve this apparent conflict, the provisions of R.S. 40:34 A(1)(h), which specifically address the “full name of the
father’ shall only mean the legal husband of the mother of the child at the time of either conception or birth. It shall also include the name of the husband of the mother of the child, who, although divorced from her at the time of the birth, was not legally divorced from the mother of the child for more than 300 days prior to the birth of the child. This interpretation conforms fully with Louisiana substantive law, La. C.C. Arts. 179, 184 and 185.

It likewise follows that the ‘legal husband of the mother of the child’s” age, race, residence and birthplace shall be entered on the birth certificate pursuant to R.S. 40:34 A(1)(j), (k), (l) and (m); and also that his surname shall be entered as the child’s surname pursuant to R.S. 40:34 A(1)(a).

C. In addition to the minimum required information set forth in R.S. 40:34 A(1)(a) through (q), the birth certificate form also requires the signature of a legal parent of the child, or the signature of one “other informant,” certifying that the stated information is true and correct to the best of his or her knowledge. Should the document not be signed, no certified copy shall be issued as provided hereinabove.

RULE

Department of Health and Human Resources
Office of Health Services and Environmental Quality

Effective February 20, 1983, the Department of Health and Human Resources, Office of Health Services and Environmental Quality, Food and Drug Control Unit, in order to implement the provisions of LSA R.S. 40:608 (12) as amended by Act No. 608 of 1982, is adopting general Rules and Regulations pertaining to foods by creating the following regulations pertaining to labeling of bottled water, and by codifying the regulations in accordance with the codification system in the “State of Louisiana, Food, Drug and Cosmetic Laws and Regulations”, dated September, 1968 (the ‘Red Book’); as follows:

2.110 Definitions

1. The term ‘package’ means any container in which any bottled water is enclosed for use in the delivery or display of such commodity to retail purchasers, but does not include:
   (a) Shipping containers or wrappings used solely for the transportation of any such commodity in bulk or in quantity to manufacturers, packers, processors or wholesalers or retail distributors.
   (b) Shipping containers or outer wrappings used by retailers to ship or deliver any such commodity to retail customers if such containers and wrappings bear no printed matter pertaining to any particular commodity.
   (c) Five gallon containers of water intended for use in water vending machines, water coolers or dispensers.

2. The term ‘principal display panel’ as it applies to water in package form and as used in this part, means the part of a label that is most likely to be displayed, presented, shown or examined under customary conditions of display for retail sale.

2.111 Labeling outer container or wrapper

A requirement contained in this part that any word, statement or other information which appears on the label shall not be considered to be compiled with unless such word, statement or information also appears on the outer container or wrapper of the retail package.

2.112 Identity labeling of water in packaged form

1. The principal display panel of a water in packaged form shall bear as one of its principal features a statement of the identity of the commodity.

2. Such statement of identity shall be in terms of:
   (a) The common or usual name of the water, indicating the source of the water; or in the absence thereof.
   (b) An appropriately descriptive name indicating the source of the water.

3. This statement of identity shall be presented in bold type on the principal display panel, shall be in a size reasonably related to the most prominent printed matter on such panel and shall be in lines generally parallel to the base on which the package rests as it is designed to be displayed.

2.113 Water; designation of additives

1. The chemical name and concentrations of any preservatives or additives added to a bottled water shall be declared on the principal display panel immediately below the identity statement in type size not less than 6.0 points. Preservatives or additives added to bottled water shall be listed by common or usual name in descending order of predominance by weight.

2. The name of a preservative or additive shall be a specific name and not a collective (generic) name.

2.114 Water; designation or treatment methods

The principal display panel of water in packaged form shall bear as one of its principal features a statement of the method of treatment to which it has been subjected. The treatment shall be identified by its common or usual name, e.g. activated carbon filtration, etc.

2.115 Water; labeling of five gallon containers

The labeling requirements for water packaged in five gallon containers or larger, intended for use in water coolers, water vending machines or dispensers, will be deemed complied with if all mandatory labeling information required by this part appears on the cap or crown.

RULE

Department of Health and Human Resources
Office of Health Services and Environmental Quality

Effective March 20, 1983, the Department of Health and Human Resources, Office of Health Services and Environmental Quality, is adopting the following regulations pursuant to R.S. 40:33 and pertaining to vital record services provided to public bodies in accordance with R.S. 40:40(13) and R.S. 40:41(C) as amended and reenacted by Act No. 776 of 1979.

VITAL RECORDS SERVICES TO PUBLIC BODIES

As used in R.S. 40:40(13) public bodies include the State of Louisiana, agencies of the State of Louisiana, the United States government, agencies of the United States government, the individual states of the United States, agencies of the individual states of the United States and law enforcement bodies.

To protect the integrity of vital records and insure their proper use the State Registrar of Vital Records may disclose information in accordance with the following:

1. Components of the Office of Health Services and Environmental Quality of the Department of Health and Human Resources may have access to vital records information without charge. Vital records information shall be provided, without charge and without a signed release, to the State Health officer or his designee, in accordance with the provisions of R.S. 40:5.
2. Other Offices of the Department of Health and Human Resources may be provided certified copies of vital records without charge upon presentation of proof of custody or a release signed by the interested party as described in R.S. 40:41(C).

3. Federal, state and local bodies of government may be provided vital records information without charge, when requested in the conduct of their official duties for purposes of law enforcement and criminal investigation, as deemed appropriate by the State Registrar of Vital Records.

4. Federal, state and local bodies, not specifically addressed in this Rule, shall be required to submit the fee prescribed by R.S. 40:40 and a release form signed by the party at interest as described in R.S. 40:41(C).

5. Nothing in this Rule shall be construed to permit disclosure of information contained in the “Confidential Information for Medical and Health Use Only” section of the certificate, unless specifically authorized by the State Registrar.

Department of Natural Resources
Office of Environmental Affairs
Environmental Control Commission

Under the authority of the Environmental Affairs Act, L.R.S. 30:1066 (1) and (7) and 1084 B (1) and in accordance with the provisions in L.R.S. 49:951 et seq., the Louisiana Environmental Control Commission adopted revisions to the Louisiana Air Quality Regulations at the January 27, 1983 hearing. Preceding final adoption of the revisions by the Commission, the revisions were forwarded and found acceptable by the Joint Committee on Natural Resources.

The revision to Section 17.14 limits the stack height which can be used in determining an emission limitation.

Persons requesting copies and/or further information concern the revisions listed below may contact Ms. Terrie Lotton, Office of Environmental Affairs, Box 44066, Baton Rouge, LA 70804-4066, or phone (504) 342-1206.

LOUISIANA AIR QUALITY REGULATIONS REVISIONS

17.14.1 Definitions - For the purpose of this section, the terms below will have the meaning herein given.

(a) Emission limitation and emission standard - a requirement established by a State, or the Administrator who limits the quality, rate, or concentration of emissions of air pollutants on a continuous basis, including any requirements which limit the level of opacity, prescribe equipment, set fuel specifications, or prescribe operation or maintenance procedures for a source to assure continuous emission reduction.

(b) Stack - any point in a source designed to emit solids, liquids, or gases into the air, including a pipe or duct but not including flares.

(c) A stack in existence - the owner or operator had (1) begun, or caused to begin, a continuous program of physical on-site construction of the stack or (2) entered into binding agreements or contractual obligations, which could not be cancelled or modified without substantial loss to the owner or operator, to undertake a program of construction of the stack to be completed in a reasonable time.

(d) Dispersion technique - any technique which attempts to affect the concentration of a pollutant in the ambient air by using that portion of a stack which exceeds good engineering practice stack height, varying the rate of emission of a pollutant according to atmospheric conditions or ambient concentrations of that pollutant or by addition of a fan or reheater to obtain a less stringent emission limitation. The preceding sentence does not include: (1) the reheating of a gas stream, following use of a pollution control system, for the purpose of returning the gas to the temperature at which it was originally discharged from the facility generating the gas stream; (2) the use of smoke management in agricultural or silvicultural programs; or (3) combining the exhaust gases from several stacks into one stack.

(e) Good engineering practice (GEP) stack height - the greater of:

(1) 65 meters;
(2) (i) For stacks in existence on January 12, 1979, and for which the owner or operator had obtained all applicable pre-construction permits or approvals required under these regulations $H_g = 2.5H$.
(ii) For all other stacks, $H_g = H + 1.5L$, where $H_g$ = good engineering practice stack height, measured from the ground-level, elevation of the base of the stack, $H$ = height of nearby structure(s) measured from the ground-level elevation at the base of the stack, $L$ = lesser dimension (height or projected width) of nearby structure(s);

(3) The height demonstrated by a fluid model or a field study approved by the Assistant Secretary, which ensures that the emissions from a stack do not result in excessive concentrations of any air pollutant as a result of atmospheric downwashes, wakes, or eddy effects created by the source itself, structures, or terrain obstacles.

(f) Nearby - as used in 17.14 (e) (2) is that distance up to five times the lesser of the height or the width dimension of a structure but not greater than 0.8 km (one-half mile). The height of the structure is measured from the ground-level elevation at the base of the stack.

(g) Excessive concentrations - for the purpose of determining good engineering practice stack height in a fluid model or field
study means a maximum concentration due to downwash, wakes, or eddy effects.

(h) Plume impaction - concentrations measured or predicted to occur when the plume interacts with elevated terrain.

(i) Elevated terrain - terrain which exceeds the elevation of the good engineering practice stack as calculated under paragraph (e) of this section.

17.14.2 The degree of emission limitation required of any source for control of any air pollutant must not be affected by so much of any source's stack height that exceeds good engineering practice or by any other dispersion technique, except as provided in 17.14.2 (a) and (b). The Division will notify the public of the availability of any stack height demonstration study and will provide opportunity for public hearing on it. This Section does not restrict, in any manner, the actual stack height of any source.

(a) The provisions of 17.12.2 and 17.14.3 shall not apply to (1) stack heights in existence, or dispersion techniques implemented prior to December 31, 1970, or (2) coal-fired steam electric generating units, subject to the provisions of Section 118 of the Clean Air Act, which commenced operation before July 1, 1975 and whose stacks were constructed under a construction contract awarded before February 8, 1974.

(b) The good engineering practice (GEP) stack height for any source seeking credit because of plume impaction which results in concentration in violation of national ambient air quality standards or applicable prevention of significant deterioration increments can be adjusted by determining the stack-height necessary to predict the same maximum air pollutant concentration associated with the emission limit which results from modeling the source using the GEP stack height as determined in 17.14.2 (e) and assuming the elevated terrain features to be equal in elevation to the GEP stack height. If this adjusted GEP stack height is greater than the stack height the source proposes to use, the source's emission limitation and air quality impact shall be determined using the proposed stack height and the actual terrain heights.

17.14.3 Review of new sources and modifications - The degree of emission limitation required of any source for control of any air pollutant must not be affected by so much of any source's stack height that exceeds good engineering practice or by any other dispersion technique, except as provided in 17.14.3 (a) and (b). When the Division issues a permit to a source based on a good engineering practice stack height that exceeds the height allowed by 17.14.1 (e) (1) or (2), the Division will notify the public of the availability of the demonstration study and will provide opportunity for public hearing on it. This section does not restrict, in any manner, the actual stack height of any source.

AMENDMENT TO
FY 1982 RULE

PREAMBLE
This publication effort is to meet not only the spirit of the State's administrative responsibility for the LCDBG Program but the letter of that responsibility as well.

Unforeseen circumstances necessitated an extension of the deadline for economic development applications. During the extended time period a workshop was held on economic development in order to improve the competitive quality of the LCDBG...
economic development applications. Certified letters were sent to all eligible applicants.

The insertion of the following amendment in the Louisiana Register concerning the 1982 Rule will provide the authority to validate that decision. It is to be placed before the final paragraph on the last page.

VI. ADMINISTRATION

A. Rule for Policy Determination. In administering the program, while the State is cognizant of the intent of the program, certain unforeseeable circumstances may arise which may require the exercise of administrative discretion. The State reserves the right to exercise this discretion in either interpreting or establishing new policies.

RULE

Department of Urban and Community Affairs
Community Development Block Grant Program

Preamble to the FY 1983 Rule

In the Department of Urban and Community Affairs’ (DUCA) “Notice of Intent,” which was published in the Louisiana Register on December 20, 1982, it was stated that DUCA intended to refine the Rules published in the April 20, 1982, issue of the Register. Also, expectations were that the refinements would be restricted to mechanical and technical aspects of the program.

Outlined below are the most significant changes, in the opinion of the Department. The Final Statement will be effective on February 20, 1983.

Major Changes in the
LCDBG Statement for FY 1983

1. GENERAL PROGRAM GUIDELINES

   A. Fund distribution was changed from 65/35 to 60/40 Multi-Purpose/Single Purpose.

   B. Definition of “Low-Moderate Income” (L-M) - two choices are now given:
       1) 80 percent of statewide family median income;
       2) a sliding scale which takes household size into consideration.

   C. Data on selecting grantees -
       1) A statistical random sample is now permitted to determine L/M benefit;
       2) Survey cannot be over one year old, that is, it must have been prepared within 12 months prior to application submittal;
       3) Survey must conform to current program requirements, such as median family income (possibly the 1980 Census and the household survey form.)

2. Private/Public ratio:

3. Percent of funds recaptured by units of local government.

B. Thresholds were added:

1. Must have firm financial commitments;

2. A two to one ratio - Private to LCDBG dollars;

3. Must create more than 10 jobs;

4. The cost per job cannot exceed $20,000.

V. IMMINENT THREAT

A. The situation for which funds are being requested must be recent in origin, i.e., occurred within 12 months prior to request for funding.

COMMUNITY DEVELOPMENT BLOCK GRANT (LCDBG) PROGRAM

I. PROGRAM OBJECTIVES. The Small Cities Program provides grants to units of general local government in nonentitlement areas to undertake community development activities. The Small Cities Program, however, is competitive in nature and the demand for funds far exceeds the amount available. Therefore, eligible applicants selected for funding will be those communities having the greatest need as evidenced by poverty, unemployment and taxing capacity, and whose applications most adequately address locally-determined needs of low- and moderate-income persons, consistent with one or more of the following objectives, and consistent with the primary objectives of the Housing and Community Development Act of 1974 as amended:

(1) Strengthen community economic development through the creation of jobs, stimulation of private investment, and community revitalization.

(2) Elimination of slums and blight and the prevention of blighting influences.

(3) Elimination of conditions which are detrimental to health, safety, and public welfare.

(4) Benefit low to moderate income persons.

II. GENERAL

A. DEFINITIONS. For the purpose of the LCDBG program or as used in the regulations, the term:

   (a) “Unit of general local government” means any municipality or parish government of the State of Louisiana.

   (b) “Low-Moderate Income” is defined as either 1) 80 percent of the statewide median income or 2) a sliding scale based on household size as follows:

<table>
<thead>
<tr>
<th># of persons in HH</th>
<th>median income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>50</td>
</tr>
<tr>
<td>2</td>
<td>64</td>

<tr>
<td>4</td>
<td>80</td>
</tr>
<tr>
<td>5</td>
<td>85</td>
</tr>
<tr>
<td>6</td>
<td>90</td>
</tr>
<tr>
<td>7</td>
<td>95</td>
</tr>
<tr>
<td>8 or more</td>
<td>100%</td>
</tr>
</tbody>
</table>

(c) “General Distress” means a combination of indices which reflect the overall fiscal and physical status of a locality. Factors included are: per capita taxes divided by per capita income; percentage and number of poverty persons. (Data compiled from state and federal sources.)

(d) “Auxiliary Activities” means a minor activity which directly supports a major activity in one program area (Housing, Public Facilities or Economic Development). Note: The State will make the final determination of the validity (soundness) of such actions in line with the program intent and funding levels.

(e) “Slums and Blight” is defined as in Act 590 of the 1970 Parish Redevelopment Act, Section P-8.
(f) "Neighborhood Facility" is defined as a structure which will house two or more public services which will serve a specified geographic area. The city/parish must have firm commitments from the proposed service providers that includes rent which will cover the ongoing maintenance cost of the facility.

B. ELIGIBLE APPLICANTS. Eligible applicants are units of general local government, that is, municipalities and parishes, excluding the following areas: Alexandria, Baton Rouge, Bossier City, Jefferson Parish (including Grand Isle, Gretna, Harahan, Jean Lafitte, and Westwego), Kenner, Lafayette, Lake Charles, Monroe, New Orleans, and Shreveport. Each unit of general local government, be it a municipality or a parish, must submit an application on its own behalf. Applications submitted on behalf of one unit of local government, by another unit of local government, will not be considered for funding. Joint projects shall necessitate a meeting with state staff prior to submitting the application to determine who the correct applicant would be. Although the applications involving joint projects can be submitted by only one applicant, all local governing bodies involved must be eligible according to the threshold criteria.

C. ELIGIBLE ACTIVITIES. Eligible activities will be those as defined in Section 105 of Title I of the Housing and Community Development Act of 1974, as amended. Activities which are not specifically identified as eligible shall be ineligible. (See Appendix I and II.)

D. TYPES OF GRANTS. Recognizing that needs of communities vary widely, the Small Cities Program has two types of grants — Multi-Purpose and Single Purpose. These grants will be used for three program areas: Housing, Public Facilities, and Economic Development. When more than one of the three areas has major expenditures in an application, it is classified as a Multi-Purpose application. It is then classified as a Multi-Purpose Housing, Public Facilities or Economic Development application depending on which area (Housing, Public Facilities or Economic

*The percentage distribution between Housing and Public Facilities will be based upon the number of applications received and amount requested in each category. Half of the funds will be distributed based on percentage of applications received in each category, and half on the basis of amount of funds requested in each category.
Development) has the largest expenditure. Final determination of the classification will be made by the State. If more money is spent for housing, for example, it is a Multi-Purpose housing application, etc.

E. DISTRIBUTION OF FUNDS BETWEEN GRANTS. Figure 1 shows how the funds available will be allocated between the various type grants. Of the total CDBG funds allocated to the State of Louisiana up to two percent will be used to administer the program. Commitments of $6,579,549 have been made previously by HUD to cities for multi-year projects. The State will honor these commitments upon State determination that they have performed adequately. Of the remaining uncommitted funds, one percent will be reserved to assist local communities to develop plans for community development, and 10 percent reserved for imminent threat grants. Since creation and retention of permanent jobs is so critical to the economy of the State of Louisiana, 25 percent of the total LCDBG funds will be allocated specifically for economic development type grants. Only economic development applications will compete for these funds. Single Purpose and Multi-Purpose economic development applications will be rated on the Specific Program Criteria for economic development. All activities in the multi-purpose economic development applications should directly support the basic economic development projects of the application. If at the end of the Economic Development funding cycles, monies remain in the Economic Development fund, those monies will be transferred to the Housing and Public Facilities fund.

The remaining 64 percent of available LCDBG funds will be used to fund Public Facilities and Housing Applications. This general fund will be divided into two parts, one specifically for Public Facilities applications, and the other for Housing. The exact distribution of these funds will be based upon the number of applications received and amount of funds requested in each category. Half of the money will be allocated based on the number of applications received in each category and half based on the amount of funds requested in each category. These funds will be allocated in a 60/40 percent split between multi-purpose/single purpose projects. This 60/40 split may be altered by the State depending on the number and quality of applications for the funds. If there is sufficient demand for the multi-purpose funds, then more can be put into the single purpose category. In considering demand for single and multi-purpose grants, the State will consider the quality of the projects applied for, based on the selection criteria contained herein.

F. SIZE OF GRANTS.
(1) Ceilings. The State has established funding ceilings of $500,000 for Single Purpose, and $750,000 for Multi-Purpose Grants.
(2) Individual grant amounts. Both Single Purpose and Multi-Purpose Grants for specific grantees will be provided in amounts commensurate with the applicant’s program. In determining appropriate grant amounts for each applicant, the State may consider an applicant’s need, proposed activities, and ability to carry out the proposed program.

G. RESTRICTIONS ON APPLYING FOR GRANTS.
(1) Each eligible unit of general local government may apply for one Single Purpose or one Multi-Purpose Housing or Public Facilities Grant in each fiscal year. Those applicants not funded during the primary funding cycle, may apply for Planning Grants during subsequent funding cycle to be announced by the State, during the same fiscal year. Any eligible applicant may apply for an Economic Development grant, even those funded under the Housing and Public Facilities components.
(2) Capacity and performance: threshold considerations for grant approval. No grant will be made to an applicant that lacks the capacity to undertake the proposed program. In addition, applicants which have participated in the Block Grant Program previously must have performed adequately. Performance and capacity determinations are made as of the deadline the application is due to the State, and may be the basis for rejecting an application from further consideration. In determining whether an applicant has performed adequately, the State will examine the applicant’s performance in the following areas:
(a) The rate of progress achieved in moving activities into execution and the rate of expenditure and obligation of community development funds.
(b) All FY ’81 grants must be 95-100 percent obligated and 75 percent expended. If the FY ’81 grant was 100 percent drawn down as of October 15, 1982, all close-out documents including final audit must have been received by HUD as of the deadline for receipt of LCDBG applications by the State.
(c) Units of general local government will not be eligible to receive funding if past LCDBG programs awarded by HUD prior to 1981 have not been closed out as of the deadline for receipt of LCDBG applications by the State.
(d) The applicant’s compliance with the laws, regulations and Executive Orders applicable to the Community Development Block Grant Program, and the resolution of findings made as a result of the State’s and/or HUD’s monitoring.
(e) The State shall not accept an application from an applicant that has an outstanding audit and/or monitoring finding for any HUD program or has an outstanding monetary obligation to HUD or the State.

The State may provide waivers to these prohibitions, but in no instance shall a waiver be provided when funds are due to HUD or the State unless a satisfactory arrangement for repayment of the debt has been made.

III. METHOD OF SELECTING GRANTEES. The State has established selection and rating systems for both Multi-Purpose and Single Purpose Grants which identify the criteria used in selecting applicants. Applications are required for both types of grants. An applicant must include sufficient information in its application to permit the State to rate the application against the various selection criteria and must document to the State the source of information and the method used to compile the information for the application. The State will provide the information necessary to rate applicants on the general indicators of distress. Existing sources of information, such as area-wide analyses, State plans or needs assessments, and data from the Bureau of the Census, should be used whenever possible. Local surveys may be necessary to document the information submitted in the application. Documentation of the State’s selection process and copies of applicant ratings will be available upon request for public review.

The State shall establish deadlines for submission of applications, and notify all eligible units of local government through a direct mailing.

A. DATA. Data used in general indicators of distress is from the United States Bureau of the Census and the Department of Treasury. In order to determine the benefit to low/moderate income persons, the applicant must utilize either census data or conduct a local survey. If 1980 Census data is available on income by enumeration district, then the corresponding tables for 1980 as identified by the State must be utilized. If the applicant chooses to conduct a local survey, the survey sheet in the application package must be used. The following percentages must be used as a guideline in meeting the required number of responses for a
statistically balanced random sample:

<table>
<thead>
<tr>
<th>Occupied Households</th>
<th>Responses Required</th>

</tbody>
</table>

The annual income limits for low/moderate income persons will be provided by the State.

Local surveys which have been conducted within twelve months prior to the application submittal date will be accepted, providing the survey conforms to current program requirements.

B. PROGRAM DESIGN. The program as a whole must principally benefit low- and moderate-income persons and directly address and have an impact on the applicant’s needs. Each activity contained within such programs must 1) benefit low-to-moderate income persons, or 2) aid in the prevention or elimination of slums or blight, or 3) meet other community development needs having a particular urgency.

C. SINGLE PURPOSE GRANTS.

(1) Definition. A Single Purpose Housing and Public Facilities Grant provides funds for one need, consisting of an activity which may be supported by auxiliary activities. Single Purpose Economic Development grants are one project, consisting of one or more activities. Funds are available to address serious problems with housing and economic conditions or public facilities which affect both the public health and safety, all of which principally affect persons of low and moderate-income or aid in the prevention or elimination of slums and blight.

(2) Selection System for Single Purpose Grants. All single purpose applications will be rated and scored in two major categories: General Indicators of Distress (maximum 50 possible points) and the Specific Program Category (maximum of 150 possible points). The total possible points for a single purpose grant is 200 points.

(a) General Indicators of Distress. (50 Points) Each applicant will be rated against all other applicants in each of the following categories:

</tr>
</tbody>
</table>

(1) Fiscal Distress Indicator - per capita taxes per capita income - 20 points. All applicants are compared in terms of ratio of per capita taxes to per capita income. Individual scores are obtained by dividing each applicant’s ratio, by the highest ratio obtained by any applicant and multiplying by 20.

(2) Percentage of Poverty Persons - 15 points. All applicants are compared in terms of the percentage of their population below the poverty level. Individual scores are obtained by dividing each applicant’s percentage of persons in poverty by the highest percentage of persons in poverty of any applicant and multiplying by 15.

(3) Number of Poverty Persons - 15 points. All applicants are compared in terms of the number of persons whose incomes are below the poverty level. Individual scores are obtained by dividing each applicant’s absolute number of persons in poverty by the greatest number of persons in poverty of any applicant and multiplying by 15.

(b) Specific Program Criteria. (150 Points) There will be three specific program categories: 1) Economic Development; 2) Public Facilities; and 3) Housing. Each applicant will be rated against all other applicants proposing projects in the same Specific Program Category. The criteria for rating each of the specific programs are as follows:

1) ECONOMIC DEVELOPMENT
   i. PROGRAM IMPACT (Maximum Possible Points - 75)
   1) Number of permanent jobs created or retained 30 pts.
   3) Percent of funds recaptured by unit of local government 20 pts.

   A firm financial commitment from the private sector investor will be required upon submission of the application. Any application lacking a firm financial commitment will not be considered for funding. Each application will be given preliminary points for each of the above items, relative to other applicants’ performance for that specific item. Once the preliminary points for all four categories are determined and summed for all applicants, the applicants will again be ranked from highest to lowest number of total preliminary points. The top ranked application will receive 75 points. All other applications will receive points based on how they score relative to that highest score:

   \[ \text{Program Impact} = \frac{\text{applicant’s score}}{\text{highest score}} \times 75 \]

   Points (total possible points)

   If a project creates or retains fewer than 10 permanent jobs, or has a private funds/public funds ratio of less than 2:1, the application will not be considered for funding.

   ii. COST EFFECTIVENESS (Maximum Possible Points - 25)

   This will be calculated by dividing total LCDBG funds used by the number of permanent jobs created or retained to determine LCDBG cost per permanent job created or retained. Raw scores will be arrayed and the top ranked application will receive 25 points. All other applicants will receive points based on how they score relative to the lowest cost per job created:

   \[ \text{Cost Effective Points} = \frac{\text{lowest cost per job}}{\text{applicant’s cost per job}} \times 25 \]

If cost per job created or retained exceeds $20,000, applications will not be considered for funding.

iii. BENEFIT TO LOW-MODERATE INCOME PERSONS

   (Maximum Possible Points - 50)

   This will be calculated by determining the number of permanent jobs created or retained that are or will be held by low-moderate income persons (as defined by the State) and dividing that number by the total number of permanent jobs created or retained. The resulting raw scores will be arrayed and the top ranked applicant will receive 50 points. All other applicants will receive points based on how they score relative to that highest score:

   \[ \text{Low/Mod Benefit} = \frac{\text{applicant’s score}}{\text{highest score}} \times 50 \]

   Points (total possible points)

   2) PUBLIC FACILITIES

   i. PROGRAM IMPACT

   Maximum Impact 100 points
The project would bring a community's substandard infrastructure into conformance with state or national standards and/or would completely remedy documented infrastructure deficiencies in a particular geographic area which threatens public health and safety, and is cost effective.

Moderate Impact 65 points

The project would result in substantial progress being made towards achieving local conformance to state and national standards and/or towards remodeling infrastructure deficiencies that pose documented threats to public health and safety, and is cost effective.

Minimal Impact 30 points

The project would improve a community’s infrastructure but would address only documented needs which are not a threat to public health and safety and is cost effective, or the threat to health and safety is inadequately documented.

Insignificant Impact 0 points

The project would improve a community’s infrastructure but has insignificant documentation of community needs.

The state has rated most communities’ water supply, sewer, and solid waste and utility systems. Each community has a fire insurance rating. Projects which would bring substandard systems into compliance with these standards would receive 100 points. Projects which would remedy documented threats to public health and safety would also receive 100 points. The applicant will have to document the threat by using independent and appropriate sources, when possible, i.e. accidents occurring on a blind street corner or bottle neck, evidence of well contamination or seepage from septic tanks, letters from cognizant state or federal agencies, etc.

Documentation letters from the independent and appropriate sources must have been prepared within the 12 months prior to application submittal date.

Projects which would make substantial progress toward remedying deficiencies but which would not completely resolve them or bring systems into compliance would receive 65 points.

Projects which involve public improvements or facilities which do not pose threats to public health and safety would receive 30 points.

Projects which involve public improvements or facilities which do not include sufficient documentation will receive 0 points.

ii. BENEFIT TO LOW MODERATE INCOME PERSONS
(Maximum Possible Points - 50)

This will be calculated by dividing the number of low moderate income persons benefiting (as defined by the State) by the total number of persons benefiting. The resulting raw scores will be arrayed and the top ranked applicant will receive 50 points. All other applicants will receive points based on how they score relative to that highest score:

\[
\frac{\text{Low/Mod Benefit}}{\text{Points}} = \frac{\text{applicant’s score} \times 50}{\text{highest score}}
\]

3) HOUSING

i. PROGRAM IMPACT (Maximum Possible Points - 75)

This will be determined by dividing the total number of proposed units to be rehabilitated and replaced and vacant units to be demolished, by the total number of owner-occupied substandard units in need of rehab and replacement vacant units in need of demolition in the total area in which rehabilitation and/or demolition will be permitted, that is:

\[
\frac{\text{# of units to be rehabed and replaced} \times \text{# of vacant units to be demolished}}{\text{# of owner-occupied substandard units including those in need of demolition and replacement} + \text{vacant units in need of demolition inside the target area}} = \text{Raw Score}
\]

The raw scores of each housing application will be ranked and the top ranked applicant(s) will receive 75 points. All other applicants will receive points based on how they score relative to that highest score:

\[
\text{Program Impact Points} = \frac{\text{applicant’s score} \times 75}{\text{highest score}}
\]

If less than 25 percent of identified need will be met 0 points will be awarded.

This system also permits up to 10 percent of the rehabs to be located outside of target areas without affecting impact scores in any way. Ten percent of the total rehab monies may also be used for emergency repairs. All units, except the emergency rehabs, must be brought up to at least the Section 8 Existing Housing Quality Standards and HUD's Cost Effective Energy Conservation Standards. Only owner-occupied units are fundable under the housing rehabilitation component.

ii. COST EFFECTIVENESS (Maximum Possible Points - 25)

Cost effectiveness will be measured by dividing actual funds budgeted for rehab (i.e., loans, grants, acquisitions, relocations, and demolitions) by the number of proposed rehabilitations. That is:

\[
\frac{\text{loan, grant, acquisition, relocation}}{\text{demolition costs}} = \text{Raw Score}
\]

Number of units affected

These scores will be arrayed and the top ranked applicant will receive 25 points. All other applicants will receive points based on how they score relative to that highest score:

\[
\frac{\text{Cost Effective}}{\text{Points}} = \frac{\text{lowest cost per unit} \times 25}{\text{applicant’s cost per unit}}
\]

iii. BENEFIT TO LOW-MODERATE INCOME PERSONS
(Maximum Possible Points - 50)

Benefit to low moderate income persons will be calculated by dividing total number of households benefiting into the number of low moderate income households (as defined by the State) benefiting, that is:

\[
\frac{\text{Number of low-moderate households benefiting}}{\text{Total number of households benefiting}} = \text{Raw Score}
\]

These scores will be arrayed and the top ranked applicant will receive 50 points. All other applicants will receive points based on how they score relative to that highest score:

\[
\text{Low/Mod Benefit} = \frac{\text{applicant’s score} \times 50}{\text{highest score}}
\]

D. MULTI-PURPOSE GRANT

(1) Definition. A multi-purpose Housing and Public Facilities grant provides funds for two or more needs and has major expenditures in more than one activity in one or more of the two program areas (Housing and Public Facilities). Economic Development multi-purpose grants consists of two or more projects,
and two or more activities.

(2) Selection System for Housing and Public Facilities Multi-Purpose Grants. All Public Facilities multi-purpose applications will be rated and scored in two major categories, as will all Housing multi-purpose applications:

General Indicators of Distress (Maximum 50 possible points) and the Specific Program categories (150 points or more). Maximum possible points depend on the number of program areas for which the applicant applies.

(a) General Indicators of Distress (50 points) Each applicant will be rated against all other applicants on the same criteria listed under General Indicators of Distress for Single Purpose Grants.

(b) Specific Program Criteria. (150 points or more) Multi-purpose applicants will be rated on the same specific program criteria as the single purpose grants. The final scores received by the applicants will be based on the number of points they attain from each separate activity (maximum of 150 for each activity), weighted by the ratio of that activity's cost to the total cost of all activities.

(3) Selection System for Economic Development Multi-Purpose Grants. Multi-purpose and single purpose economic development applications will be rated together on the specific program criteria for economic development. All other activities in the multi-purpose economic development applications should directly support the economic development portion of the application.

(a) General Indicators of Distress (50 points) Each applicant will be rated against all other applicants on the same criteria listed under General Indicators of Distress for Single Purpose Grants.

(b) Specific Program Criteria. (150 points or more) Multi-purpose economic development applicants will be rated on the same specific program criteria as the Single-Purpose Economic Development applicants.

E. SUBMISSION REQUIREMENTS
Applications shall be submitted in a form prescribed by the State to the appropriate State Office and shall consist of the following:

(1) Program narrative statement. The program narrative statement shall consist of:

i. A brief description of the applicant's community development problems/needs to be served by the proposed activity; an identification of which of the three possible problem areas (housing, public facilities which affect the health and safety, or economic conditions) that the project will address; and whether the program principally benefits low- and moderate-income persons, aids in the prevention or elimination of slums and blight, or meets other community development needs having a particular urgency. A description of the activity to be carried out with LCDBG assistance and a financial statement estimating the cost of the project including information necessary for considering the cost-effectiveness factor. If the proposed activity is dependent on other funds for completion, the source of funds and the status of their commitment must also be indicated.

ii. A statement describing the impact the activity will have on the problem area selected and the needs of low- and moderate-income persons, including information necessary for considering the program impact factor.

iii. A statement on the percent of funds requested that will benefit low- and moderate-income persons. The statement should indicate the total number of persons to be served and the number of such persons that meet the definition of low and moderate income, as defined by the State.

(2) Maps. A map of the local jurisdiction which identifies:

i. Census tracts and/or enumeration districts.

ii. Location of areas with minorities, showing number and percent by census tracts and/or enumeration districts.

iii. Location of areas with low- and moderate-income persons, showing number and percent by census tracts and/or enumeration districts.

iv. Boundaries of areas in which the activities will be concentrated.

(3) Submission of Additional Data. Only that data received by the deadline established for applications will be considered in the selection process unless additional data is specifically requested, in writing, by the State. Unrequested material received after the deadline will not be considered as part of the application.

(4) Program Schedule. Each applicant shall submit, in a format prescribed by the State, a listing of dates for major milestones for the activity to be funded.

(5) Title VI Compliance. All applicants, shall submit in a form prescribed by the State, evidence of compliance with Title VI of the Civil Rights Act of 1964. This enables the State to determine whether the benefits will be provided on a nondiscriminatory basis and will achieve the purposes of the program for all persons, regardless of race, color, or national origin.

(6) Certifications of Assurances. The certification of assurances required by the State, relative to Federal and State Statutory requirements, shall be submitted by all applicants.

(7) Certification of Citizen Participation. One public hearing must be held prior to application submittal. Applicants must submit a notarized proof of publication. This will document the fact that a notice was published in the Official Journal informing citizens of the public hearing. The public notice must appear seven days prior to the public hearing.

F. APPLICATION REVIEW PROCEDURE

(1) The application must be received before the deadline that has been established by the State, unless the State decides that an extension of the deadline is warranted.

(2) The application requirements must be complete.

(3) The funds requested must not exceed the amount of the invitation by the State.

(4) Review and notification. Applications will be reviewed. Following the review, the State will promptly notify the applicant of the actions taken with regard to its application.

(5) Criteria for conditional approval. The State may make a conditional approval; in which case, the grant will be approved but the obligation and utilization of funds is restricted. The reason for the unconditional approval and the actions necessary to remove the condition shall be specified. Failure to satisfy the condition may result in a termination of the grant. Conditional approval may be made:

i. Where local environmental reviews have not yet been completed;

ii. Where the requirements regarding the provision of flood or drainage facilities have not yet been satisfied;

iii. To ensure that actual provision of other resources required to complete the proposed activities will be available within a reasonable period of time;

iv. To ensure the project can be completed within estimated costs.

(6) Criteria for disapproval of an application. The State may disapprove an application if:

i. Based on review of the application, it is determined that general administrative costs exceed 6 percent of total grant (excluding housing costs), and/or housing rehabilitation administrative costs exceed 12 percent of total housing costs.

ii. Based on field review of the applicant's proposal or other information received, it is shown that the information was incorrect, and the application was improperly rated, and no longer rates sufficiently high to warrant approval when compared with other applications in the Competition, given funds available.
Implementation of the Act and these regulations is conservatively estimated to result in an increase of approximately $50,000 annually in revenue collections.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

The major benefit to be achieved by implementation of the Act and these regulations is provision of adequate protection for producers. In order to achieve the necessary protection for producers, the following increases in costs are contained in the Act and these regulations: (1) Producers will pay approximately $175,000-$200,000 in one-time assessments at the first point of sale of agricultural commodities; previously producers paid no assessments. (2) Warehouses are no longer required to pay approximately $125,000 annually in inspection fees; warehouses which require monthly inspection for their own purposes may secure the monthly inspection and will continue to pay a monthly inspection fee on a voluntary basis. (3) License fees for warehouses and grain dealers will increase from $25 to $100 annually. (4) The amount of bond required for grain dealers will increase from $25,000 to $50,000, and the amount of bond required for warehouses will increase from “not less than $5,000” under prior law to a maximum of $500,000 (proportionate to licensed capacity under a formula contained in the Act). (5) Grain dealers and warehouses will be required to submit a financial statement “prepared and certified by an independent certified public accountant”, which they were not required to submit under prior law.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

Implementation of the Act and these regulations will have little or no effect on warehouses and grain dealers adhering to good business practices. However, a limited number of both warehouses and grain dealers may not be able to comply with the requirements of the Act; closure of such facilities will result in a decrease in job opportunities in the grain industry and a lessening of competition for the remaining facilities.

NOTICE OF INTENT
Department of Commerce
Office of Financial Institutions

The Commissioner of Financial Institutions intends to adopt the following Rules and Regulations, to be effective March 20, 1983.

STATE LICENSING OF QUALIFIED SMALL BUSINESS FINANCING COMPANIES

Rule 1. Purpose
It is the purpose of these Rules and Regulations to provide procedures for the equitable and efficient licensing of qualified small business financing companies and the monitoring of same in order to establish the continued eligibility of said companies to participate in the equity leveraging program provided for in R.S. 33:9081-9092 and R.S. 33:9061-9072, respectively. These Rules and Regulations implement specifically: R.S. 33:9066 governing state licenses, authority, and application procedures; R.S. 33:9070, governing prohibited and restricted activities, conflicts of interest, and penalties; and R.S. 33:9071, governing reporting and recordkeeping.

Rule 2. Definitions
(1) CDC “Community Development Corporation” means a community-based non profit corporation organized under the general laws of the state to carry out certain community services, and funded as such by the Community Services Administration or other federal agencies of the United States.

(2) “Commissioner” shall mean the Commissioner of Financial Institutions, State of Louisiana.

(3) “Development Company” means an enterprise incorporated under the laws of the state, formed for the purpose of furthering the economic development of its community and environs, and with authority to promote and assist the growth and development of small business concerns in the areas covered by their operations. Such corporation may be organized either as a profit or non profit enterprise.

(4) “Leverage” shall mean federal leverage, private leverage, public leverage, and state leverage.

(5) MESBIC “Minority Enterprise Small Business Investment Corporation” means a corporation, organized under the general laws of the state, to provide capital to minority small business and licensed according to applicable federal laws and regulations.

(6) “Qualified Small Business Financing Company” shall mean either a corporation, or a limited partnership organized pursuant to federal regulations, and in conformity with R.S. 33:9082, et seq, to which a federal license or a state chartered, or authorization has been granted to operate as a SBIC, MESBIC, CDC, or Development Company.

(7) SBIC “Small Business Investment Corporation” means a corporation organized under the general laws of the state to provide capital to small businesses and licensed according to applicable federal laws and regulations.

(8) “Small Business Financing Companies” shall mean a company organized under the general laws of the state to provide capital to small businesses and licensed according to applicable federal and state laws and regulations.

Rule 3. Procedures for Preparing and Filing Applications
3.1. Any qualified small business financing company may apply to the Commissioner of Financial Institutions for a state license establishing the eligibility of said company to participate in the equity leveraging program provided for in R.S. 33:9081-9092 and R.S. 33:9061-9072, respectively.

3.2. The application for such a license by a qualified small business financing company shall be forwarded to the Commissioner of Financial Institutions on OFI Forms 2, beginning on March 20, 1983. Two signed copies of the application (including exhibits and all other accompanying papers and documents) shall be filed with the Commissioner of Financial Institutions, Post Office Box 449095, Capitol Station, Baton Rouge, LA 70804, or 5420 Corporate Boulevard, Suite 207, Baton Rouge, LA 70808, as per the instructions accompanying OFI Form 2, hereinbelow provided. A notice of receipt shall be mailed or otherwise delivered to the applicant as soon as possible upon receipt by the Commissioner.

3.3. Application forms with accompanying instructions, copies of the Rules and Regulations, the Rules and Regulations of the Louisiana Small Business Equity Corporation, and the authorizing legislation provided for in R.S. 33:9081-9092 and R.S. 33:9061-9072 may be obtained in person at 5420 Corporate Boulevard, Suite 207, Baton Rouge, LA, or by letter of request mailed to: Commissioner of Financial Institutions, Post Office Box 449095, Capitol Station, Baton Rouge, LA 70804.

3.4. Each application shall be accompanied by a certified or bank cashier’s check in the amount of $500, payable to “Commissioner of Financial Institutions,” as an examination and filing fee. In the event the application is denied, the $500 examination and filing fee is non-refundable.

3.5. The application shall also be accompanied by a certified copy of a resolution or resolutions of the Board of Directors of such applicant (and of any corporation partnership or person controlling such applicant) specifically authorizing the person or persons signing the application and any consent on behalf of the applicant to sign and file the same.

3.6. If amendments are required to be made to the application either by request of the Commissioner or the applicant, one copy of each amendment shall be filed with the Commissioner by the applicant promptly upon the occurrence of the event necessitating such amendment. The applicant shall be responsible for accuracy of the application and any and all changes of facts, circumstances or certification of information contained in the original application shall be promptly amended before final review and determination by the Commissioner as to the award of a license.
NOTICE OF INTENT
Department of Commerce
Real Estate Commission

Notice is hereby given that the Louisiana Real Estate Commission will conduct a public hearing on Wednesday, March 9, 1983, at 9 a.m. in the Commission hearing room of its office located at 9151 Interline Avenue, Baton Rouge, LA, for the purpose of considering a comprehensive revision of the regulations of the Commission. This hearing will be conducted pursuant to the Louisiana Administrative Procedure Act, R.S. 49:951, et seq., and the authority vested in the Commission by R.S. 37:1435, 1440 and 1460.

The comprehensive revisions will incorporate informal policies of the Commission into the regulations, improve the organization and language of existing regulations, extensively deregulate the activities of real estate schools, delete many regulations that the Commission had previously adopted without statutory authority, and otherwise make deletions, additions and amendments to the regulations of the Commission. Virtually every existing regulation will be subject to at least some change.

Copies of the proposed regulations will be available for public inspection between the hours of 8 a.m. and 4:30 p.m. on any working day at the office of the Louisiana Real Estate Commission, 9151 Interline Avenue, Baton Rouge, LA 70809, and may be obtained by writing William G. Newchurch, Assistant Director, at that same address. Interested parties may direct inquiries and present their views, in writing, to William Newchurch or orally at the meeting on March 9.

Rule Title: Comprehensive Revision

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

There are no estimated implementation costs or savings to the Commission.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

There is no estimated effect on revenue collections.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

An exact reduction of costs cannot be determined; however, many measures should reduce costs.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

Competition among certain segments of the real estate industry should increase. Nothing in these regulations should result in less competition.

NOTICE OF INTENT
Department of Commerce
Small Business Equity Corporation

In accordance with the provisions of LSA 49:951, et seq., the Administrative Procedure Act and the authority given in LSA 33:9061 through 33:9072 and LSA 33:9081 through 33:9092, notice is hereby given that the Louisiana Small Business Equity Corporation, Department of Commerce, intends to adopt Rules and Regulations for the implementation of the Louisiana Small Business Investment Law of 1980.

The Louisiana Small Business Equity Corporation (LASBEC) was created to implement the provisions of the Louisiana Small Business Investment Law of 1980. It is the purpose of said law and the proposed Rules to stimulate the flow of private equity capital and long-term loans and other financial assistance for the sound financing of the development, expansion and retention of small businesses in the state through the medium of qualified small business financing companies. The proposed Rules contain provisions indicating how LASBEC will assist qualified small business financing companies through its program. Specifically, the Rules contain information on the purpose and intent of the Louisiana Small Business Investment Law of 1980, relevant definitions, licensing requirements, the intent of application/proposal procedures, the general form of the application/proposal, provisions relative to development companies, provisions relative to investment companies, a preproposal conference, the review process, the approval process, federal law and regulations, prohibited and restricted activities, reporting and recordkeeping and provisions for the prevention of arbitrage and inactivity.

A full text of the Rules and Regulations may be obtained by writing to Anthony J. Gagliano, Interim Staff, Louisiana Small Business Equity Corporation, Department of Commerce, 333 St. Charles Avenue, Suite 900, New Orleans, LA 70130, or by request in person at his office on the 9th floor of the Masonic Temple Building at the address given above. Written comments will be accepted by him up to and including March 6, 1983, or may be presented in person at the above address.

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: LASBEC

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

The estimated implementation costs to LASBEC are $73,151 for FY 1982-83; $144,423 for FY 1983-84; and $125,865 for FY 1984-85. These amounts do not include the funds that LASBEC will lend or use for guarantees. Two million dollars was appropriated by the legislature in 1982 for this purpose.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS -
for FY 1983-84 and $80,000 for FY 1984-85 are based on the assumption that the funds on deposit or loan will yield no less than 4% in the first two years of operation.

Increases in total identifiable direct taxes (state and local taxes, sales taxes) are estimated to be $0 in 1982-83, $110,000 in 1983-84 and $272,000 in 1984-85.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

This Rule will encourage greater private investment, long-term lending and other public and private assistance for the sound financing of small businesses in the state as a means of providing high levels of employment and income growth and expanded social and economic opportunities, especially to disadvantaged persons and within distressed areas. The program is designed to contribute to this purpose by providing assistance to three types of small business concerns: growth concerns; disadvantaged concerns; and concerns which are located in distressed areas.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

The effects upon employment will depend upon the funding provided by the legislature to LASBEC. If funding remains at the $2 million level, it is estimated that approximately 200 net jobs will be created or retained.

NOTICE OF INTENT

Board of Elementary and Secondary Education

The State Board of Elementary and Secondary Education intends to adopt the following as policy:

1. The Board directed that Policy No. 6.00.12b of the Policy and Procedure Manual regarding employment after age 65 be changed to agree with state and federal statutes.

2. The Board approved the following change to Rule 3.01.85a of the Board’s Policy and Procedure Manual: “The Board shall appoint the Textbook and Media Advisory Council for two year terms effective January 1, 1983. The Council shall be composed of 22 members of which a minimum of two-thirds shall be educators and the remainder shall be from the public sector.”

3. The Board adopted the following language to clarify the textbook adoption process: Rule 3.01.85b

1. The Ad Hoc Adoption Committee shall recommend the adoption of the specified number of textbooks.

2. Their recommendations shall be referred by the Board to the Textbook and Media Advisory Council which shall review the adoption procedures, hear public comments on the recommended list of textbooks and make recommendations for adoption to the Board’s Textbook and Media Committee.

3. The Committee, after review in a public meeting, shall make a recommendation to the Board for final adoption of the recommended lists.

4. Public comments to the Board and its advisory council and committee shall be restricted to observations about the recommended text which violate one or more of the Guidelines for Adoption found in Rule 3.01.84.

Interested persons may comment on the proposed policy change and/or additions, in writing, until 4:30 p.m., March 7, 1983 at the following address: State Board of Elementary and Secondary Education, Box 44064, Capitol Station, Baton Rouge, LA 70804.

Article B.

Part I. Meetings

Section a. Regular Meetings - The Board of Directors for the Louisiana School of Math, Science, and the Arts shall meet at least four times per year at a location to be decided by the said Board at its previous meeting, or as may be changed by the Board by resolution at its pleasure, or on call of the Chairperson at a location to be designated by the Chairperson.

Section b. Special Meetings - A special meeting of the Board may be called by the Chairperson of the Board or upon receipt of a written request signed by nine members specifying the purpose of the desired meeting. Notification shall be sent by mail or wire to each member at least five calendar days before the time of the meeting.

Section c. Quorum - Twelve members of the Board shall constitute a quorum for the transaction of business, and all official action of the Board shall require the favorable vote of a majority of those members present and voting as provided by law.

Section d. Rules of Order - When not in conflict with any of the provisions of this article, Robert's Rules of Order (latest revision) shall constitute the Rules of parliamentary procedure applicable to all meetings of the Board.

Section e. Order of Business - The order of business for regular meetings of the Board shall be as follows:
(1) Roll call and invocation
(2) Correction and approval of minutes of preceding regular meeting and of all special meetings held subsequent thereto.
(3) Reports and recommendations of standing committees.
(4) Reports and recommendations of special committees.
(5) Reports and recommendations of the Director of the School.
(6) New business.

Section f. Meetings - All regular meetings of the Board shall be open except when otherwise ordered by the Board for the consideration of executive matters as prescribed by law. No final or binding action shall be taken in a closed or executive session. At least ten days prior to each regular meeting of the Board, the Chairperson and Director shall prepare and forward to each member of the Board a tentative agenda for the meeting. The above shall place a particular item or subject on the agenda upon the request of any member of the Board.

All matters requiring action of the Board, however, may be acted on even though not carried on the agenda, if agreed upon by two-thirds of the Board members present and voting.

Section g. Compensation of Members - Each member of the Board or the attending designee as stated by him may be paid $50 for each day of actual attendance at meetings of the Board or of a committee appointed by the Board on which the member serves, or while on business for the Board as assigned by it, plus travel and other expenses incurred in the performance of official duties.

Reimbursement of travel and expenses shall be in conformity with regulations governing such expenses of state officials.

Section h. Minutes - The minutes of the meetings of the Board shall record official action taken upon motions or resolutions which are voted upon by the Board, and may contain a summary or report and pertinent discussion. In all cases when the action is not by a unanimous vote, the "ayes" and "nays" and abstentions of the individual members shall be recorded upon the request of any member of the Board.

The foregoing provisions relative to contents of the minutes shall in general also apply to minutes of committees of the Board. The minutes of the Board become official only when completed by the Secretary and approved by the Board.

Section i. Reference to Committees - In cases where practicable or desirable, before taking action on any subject or matter clearly within the sphere of any standing committee, the
Board may refer such subject or matter to the appropriate committee, which committee shall submit its recommendations in writing together with any appropriate resolutions necessary to implement them.

Section j. Presentation of Materials to the Board - The Director shall be charged with preparing the Board's agenda and materials to be submitted to the Board.

Article C. Part I. Committees

Section a. Executive Committee - There shall be an Executive Committee consisting of the Chairperson, Vice-Chairperson, and three other members appointed by the Chairperson. The Executive Committee shall consider matters referred to it by the Board, shall execute orders and resolutions assigned to it by the Board, and shall take immediate action if an emergency requiring such action arises between Board meetings. All acts of the Executive Committee shall be submitted to the Board for ratification or rejection, at its next meeting, except in matters in which the Board shall have delegated to the Executive Committee full power to act. Whenever the Board delegates to the Executive Committee full power to act with respect to any matter, affirmative action by a majority of the entire membership of the Executive Committee shall be required.

Section b. Standing Committees - All standing committees shall consist of no less than five voting members of the Board. Unless and until otherwise decided by the vote of a majority of the membership of the Board, the standing committees of the Board shall consist of the following:

1. Academic Affairs Committee - To this committee may be referred matters concerning academic organization, curricula, scholarships and other academic affairs.

2. Finance Committee - To this committee may be referred all matters related to the financial and budgetary operations.

3. Personnel Committee - To consider all matters concerning personnel.

4. Legislative Committee - To this committee may be referred all matters of legislative nature brought before the Board.

5. Physical Plants Committee - To this committee may be referred matters relating to physical plants of the School.

6. Students Affairs Committee - To this Committee may be referred all matters of policy concerning non-academic affairs relating to student welfare.

Section c. Appointment and Term of Committees - Members of all standing committees, one of whom shall be designated as committee chairperson and one of whom shall be designated as committee vice-chairperson, shall be appointed by the Chairperson of the Board within 30 days following his election as Chairperson. The term of committee appointees shall run concurrently with that of the Chairperson. Vacancies occurring among the appointive members of any committees, however arising, shall be filled by the President of the Board for the remainder of the term.

Section d. Meetings of the Standing Committees - It shall be the duty of the chairperson of each committee to call and to preside over the necessary meetings. The Secretary of the Board shall keep minutes of all committee meetings. The minutes of each meeting of the committee, showing its action and recommendation, shall apply with the provisions of Article B, Part I, Section h. above.

Section e. Quorum for Committee Meetings - A majority of the members of any committee of the Board shall constitute a quorum for the transactin of business. A committee chairperson, at any committee meeting, may appoint to membership on the committee in question any Board member in attendance at the committee meeting then being held.

Section f. Special Committee(s) - As need arises, the Board may create special committees with such function, powers and authority as it may determine. Special committees shall be established for temporary periods not exceeding the term of the Chairperson. Unless otherwise provided by the action of the Board for such a committee, the Chairperson shall determine the number of its members, shall appoint the members and shall designate the Chairperson.

Article D. Part I. Duties, Powers and Functions of the Board

Section a. General Duties - It shall be the function of the Board of Directors to establish and maintain the Louisiana School of Math, Science, and the Arts and to provide the highest quality of instruction for the children of the School.

Section b. General Statement of Administrative Policy - The Board shall determine broad administrative and educational policies for the conduct of all of its affairs and the affairs of the School and shall provide for the execution of its policies by the Director of the School and all other employees of the School.

Section c. Other Duties, Powers and Functions - In its supervision and management of the School, the Board shall have the authority to:

1. Accept donations, bequests, or other forms of financial assistance for educational purposes from any public or private person or agency and comply with Rules and Regulations governing grants from the federal government or from any other person or agency, which are not in contravention of the constitution and laws.

2. Purchase land and equipment and make improvements to facilities necessary for the use of the School, in accordance with applicable law.

3. Lease land or other property belonging to it or to the School, subject to approval of the Commissioner of Administration and in accordance with law.

4. Sell or exchange land or other real property not needed for School purposes, but only when specifically authorized by law and then only in accordance with the procedures provided in R.S. 41:982 for the sale of unused school lands. The sale shall be authorized by a resolution adopted by the Board, and the act of sale shall be signed by the Chairperson of the Board or such other person to whom the signing may be delegated by the Board in the authorizing resolution.

5. Adopt, amend, or repeal Rules, Regulations, and policies necessary or proper for the conduct of the business of the Board.

6. Award certificates and issue diplomas for successful completion of programs of study. All such certificates and diplomas shall be in addition to a regular high school diploma which shall be issued by the State Board in accordance with the provisions of R.S. 17:6 (11) to any student who successfully completes the program of study adopted by the Board.

7. Enter into contracts and agreements which have been recommended by the Director, in accordance with applicable law, and to the extent that funds are specifically appropriated therefor, with other public agencies with respect to cooperative enterprises and undertakings related to or associated with an educational purpose or program affecting education in the School. This shall not preclude the Board from entering into other such contracts and agreements that it may deem necessary to carry out its duties and functions.

8. Perform such other functions as are necessary to the supervision and control of those phases of education under its supervision and control.

9. The Board shall delegate to the Director such of its powers and duties as it deems appropriate to aid the Director in the efficient administration of his responsibility for the implementation of the policies of the Board.
Section d. In addition to the authorities granted herein and any powers, duties and responsibilities vested by any other applicable laws, the Board shall:

1. Adopt Rules, Regulations, and policies necessary for the efficient operation of the School.
2. Establish criteria to be used in determining eligibility of applicants for enrollment.
3. Determine subjects and extracurricular activities to be offered. Such subjects shall initially be subject to approval by the State Board, and thereafter, changes in the subjects shall be subject to approval by the State Board.
4. Select a Director who shall be the chief administrative officer of the School and who shall administer the Rules, Regulations, and policies adopted by the Board pursuant hereto.
5. Determine faculty and staff positions necessary for the efficient operation of the School and select personnel for such positions.
6. Prepare and adopt an annual budget necessary for the continued operation of the School.
7. Pay the expenses of the Board and its members and the salaries and expenses, including but not necessarily restricted to facilities, equipment, and supplies of the faculty and staff of the School out of funds appropriated or otherwise made available for the operating and administrative expenses of the Board and the School.
8. Exercise budgetary responsibility and allocate for expenditure by the School and programs under its jurisdiction all monies appropriated or otherwise made available for purposes of the Board and of such school and programs.
9. Prescribe and select for use in the School free school books and other materials of instruction for students enrolled in the School and programs under its jurisdiction for which the legislature provides funds. Wherever practical, the Board shall select the same school books and other materials of instruction as are adopted by the State Board.
10. Prepare and adopt or approve programs of study and rules, bylaws, and regulations for the discipline of students and for the government of the School and programs under its jurisdiction, which shall not be inconsistent with law and which shall be enforced by the staff and faculty of the School. Such programs of study shall initially be subject to approval by the State Board, and thereafter, any changes in such programs of study shall be subject to approval by the State Board.
11. Prescribe the qualifications for teachers of this School. Such qualifications shall initially be subject to approval by the State Board, and thereafter, any changes in such qualifications shall be subject to approval by the State Board.
12. Adopt Rules and Regulations under which faculty members may become permanent employees of the School.
13. Develop and adopt a formula or system under which students shall be admitted. Such formula or system shall be sufficient to insulate that at least one qualified applicant for admission from within the geographical boundaries of each city and parish school system shall be admitted to the School each year. If no qualified applicant from a city or parish school system applies for admission, then the student(s) available to that school system shall be lost to that system for the duration of that student’s enrollment.
14. Adopt Rules and Regulations to provide for the evaluation of any applicant who has not been evaluated but who meets all other criteria for participation in the program.

Section e. Any other Duties, Powers and Functions as granted under R.S. 17:1962 through 1968 inclusive, or as same may be amended.

Article E.

Part I. Board Staff

Section a. The Board may authorize the employment of such personnel as may be required to carry out the function(s) of the Board. It may assign to the personnel so employed such functions and duties as may be necessary to accomplish the purpose for which it was established.

Section b. The Board may employ on a fee basis such technical and professional assistance, including legal counsel, as may be necessary to carry out the powers, duties and functions of the Board.

Section c. The Board shall utilize the vast potential of the experienced competent professionals associated with the School.

Article F.

Amendment or Repeal of Bylaws

Section a. New Bylaws may be adopted, and bylaws may be amended or repealed, at any meeting of the Board, but no such action shall be taken unless notice of such proposed adoption, amendment, or repeal shall have been given at a previous meeting or unless notice in writing of the proposed change(s) shall have been served upon each member of the Board at least 30 days in advance of the final vote upon such change, provided, however, that by a vote of two-thirds of the entire membership of the Board, the requirement for such notice may be waived.

Article G.

Rules and Regulations of the Board

Section a. Any action by the Board establishing policy or methods of procedure, administrative, business, academic, or otherwise, not contained in these bylaws shall be known as “Policies and Procedures of the Board”.

Section b. Policies and Procedures of the Board may be adopted by the Board, or may be amended or repealed, in whole or in part, at any meeting of the Board in accordance with law.

Rule Title: Selection Criteria and By-laws

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

The estimated implementation cost to the agency is as follows:

Adoption of selection criteria and by-laws are a necessary part of implementation of the educational program to be offered by the School. For 1982-83, $433,839 has been appropriated for initiation of operations. Estimated costs in 1983-84 and 1984-85 are $1.6 million (200 juniors) and $2.3 million (400 juniors and seniors) respectively.

The criteria are being established for selection of students and the early stages of the admission process are underway. There are some 16 criteria considered for each student. The selection process is highly competitive. The school is working with Dr. Cliff Wing of Duke University in establishment of criteria and the weighting of these factors.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

There is no estimated effect on revenue collections.

III. ESTIMATED COSTS AND BENEFITS TO Affected GROUPS - (Summary)

By the beginning of the Louisiana School for Math, Science and the Arts there are two groups that would be affected. These are:

1. The students attending the Louisiana School. They will receive a challenging curriculum which will prepare them for their future and provide Louisiana with an extremely well trained talent pool.

2. The local school systems from which these students come may be affected in that some loss in state minimum foundation funds could be experienced. The only area in which such a loss is anticipated is in the expense per student allowance of $60 which would result in a reduction of $12,000 statewide in 1983-84 and $24,000 in subsequent years.

The revenue impact on the students is minimal. They will have to provide for their own transportation to and from the school and incidental expense only. The major expenses such as tuition, room, board, etc. will be borne by the State of Louisiana.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

A total of 41 faculty and staff will be employed to conduct all operations of the School. This includes 24 faculty type positions and 17 support or staff positions. The numbers include administration, faculty, staff, and support personnel.

Division of Administration

SUBJECT: Amendment, Miscellaneous Payroll Deductions Rule

Pursuant to the authority of the Commissioner of Administration in Article IV, Section 5(A), (H) and (I), Louisiana Constitution of 1974, the Division of Administration, Office of the Governor, proposes to amend the Rule governing “Miscellaneous Payroll Deductions” for state employees by adding II. C.

1. Any organization which is aggrieved in connection with the rejection of its payroll deduction application may protest to the Division of Administration, Assistant Commissioner of Finance, Commissioner’s Office, Box 44095, Baton Rouge, Louisiana, 70804. Protests shall be submitted in writing, stating fully the reasons for the protest within 10 days after notification to the organization by the Division of Administration of the rejection.

2. The Division of Administration shall send a copy of its decision to the aggrieved organization within 14 days of receipt of the protest. The decision shall:

(a) State reasons for the rejection if the protest is denied; and

(b) Inform the organization that it may appeal the decision to the Commissioner of Administration.

3. The protesting party may, within 14 days after its receipt of the decision, appeal the decision to the Commissioner of Administration. The appeal shall be limited to the reasons given by the aggrieved organization in its protest and to the reasons given pursuant to Section II(C)(2)(b), above. the Commissioner shall review such decision and appeal documents and may approve the decision provided he determines in writing that the decision was reached in accordance with these Regulations and is in the best interest of the state.

Interested persons may submit written comments on the proposed amendment until 4:30 p.m., March 7, 1983, to: Wayne

Rule Title: License Renewal

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
The procedure would require an expenditure of time for a combination of Administrative and Legal personnel. Based on experience in Purchasing hearings, it is estimated that an average of 18 hours (at an estimated hourly rate of $19.52) might be required for both review and hearing. Presuming that 12 protests might occur in each year and that half would require both review and hearing, the anticipated annual cost of personnel, time and transcripts of hearings (average $150.) would be $5,117.28.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
There will be no effect on revenue.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)
An aggrieved party will now (under the proposal) have a more time to review what they feel is an improper decision has been rendered. The explicit impact is undeterminable.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)
The proposed Rule should assure fair competition between vendors.

Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to implement a Rule to clarify criteria used in determining approval of rehabilitation plans for individuals who are likely to realize substantial gains in self-care, self-help, or rehabilitation. This criteria is present in use and does not represent a change in policy. The criteria has been clarified in the Title XIX State Plan, Attachment 3.1-A, Item 13.d.

1) Self-care and self-help are defined as the ability of the individual to take care of personal needs, e.g., eating, dressing, ability to walk, talk, or use devices unsassisted.

2) Rehabilitation is defined as a program to prevent further impairment of physical deformity and malfunction, and enable significantly increased ability of the individual to require less care by others.

3) Less care by others is defined as the ability of the client to use a minimum of assistance to take care of personal needs.

Interested persons may submit written comments on the proposed policy through March 7, 1983 at the following address: R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the person responsible for responding to inquiries about this Rule.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to adopt a Rule revising the procedure to provide for disposition of unclaimed personal funds of deceased residents of long term care facilities.

This action is necessary in order to incorporate into the Title XIX State Plan the recommendations made by the Public Administrator of the State of Louisiana. With the adoption of this proposed Rule, the Title XIX State Plan, Attachment 4.19-D, Page 41, paragraph B, shall read as follows:

PROPOSED RULE

The facility is to refund to the individual or responsible party, upon the recipient's discharge, the balance in his personal account and that portion of any advance payment not applied directly to the facility fee used by the recipient.

Upon the death of a recipient, the facility should notify the next of kin advising of the amount of such funds as of the date of death. The funds would then be held by the facility until the next of kin notifies as to whether a succession will be opened. If a succession is to be opened, the facility is to turn over the funds to the administrator of the estate, if one, or according to the judgment of possession. If no succession is to be opened, the facility should make the funds payable to the estate of the deceased, and the funds given to the responsible party of record. If the funds are retained by the facility and the responsible party (legal guardian, administrator of the estate, or person placed in possession by court judgment) fails to obtain the funds within three months after the date of death, the facility should notify the Public Administrator or Curator of vacant successions of the parish in which the facility is located. The notice should provide detailed information about the decedent, his next of kin, and the amount of funds which are on hand in the decedent's name. The facility shall continue to retain the funds until an order from a court specifies that the funds are to be turned over to the Public Administrator or Curator of vacant successions. If no order or judgment is forthcoming, the facility shall retain the funds for ten years from the date of the decedent. Thereafter the facility is responsible for delivering the unclaimed funds to the State Collector of Revenue.

Interested persons may submit written comments on the proposed policy through March 7, 1983 at the following address: R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the person responsible for responding to inquiries about this Rule.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to implement the following changes in the Food Stamp Program as set forth in the Food Stamp State Manual. These changes are mandated by Federal Regulations as published in the Federal Register, Vol. 47, No. 238, Friday, December 10, 1982, pp. 55463-55469 and Vol. 47, No. 240, Tuesday, December 14, 1982, pp. 55903-55910. The appropriate sections of the Food Stamp State Manual will be revised to incorporate the mandated changes.

Section 12-239 will be expanded to include new policy on sponsored aliens. A portion of the income and resources of an alien’s sponsor and the sponsor’s spouse shall be used in determining the eligibility and allotment level of a sponsored alien.

Section 12-222 will be expanded to amend the definition of household composition as follows: 1. The definition of "elderly and disabled" in the household definition has been expanded to include disabled veterans and their disabled surviving spouses and children. 2. Siblings living together must be considered one household unless at least one of the siblings is elderly or disabled. 3. The definition of a household is expanded to provide that elderly individuals (and their spouses) who cannot prepare their own meals because they suffer from disabilities considered permanent under the Social Security Act or some other physical or mental non-disease related disabilities may be a separate household even if living and eating with others. This is limited to those cases where the gross income of the individuals with whom the elderly or disabled person resides does not exceed 165 percent of the poverty level.

Section 12-230 will be amended to reflect the following changes with regard to post-secondary students. The definition of dependent care for students with dependents will be amended. Students with dependents must be responsible for a dependent household member under the age of 6; or be responsible for the care of a dependent household member who has reached the age
of 6 but is under age 12 where the Office of Family Security has determined that adequate child care is not available; or receiving benefits from Aid to Families with Dependent Children.

Section 12-235 will be expanded to include in a household’s resources individual retirement accounts less the amount that would be lost as penalty for early withdrawal of the entire account.

Section 12-236 will be revised to amend the income eligibility standards. Households with no elderly or disabled members will be subject to both the gross and net income eligibility tests. To be eligible, these households must meet both the net and gross income standards.

Section 12-238 will be amended to revise the definition and method of determining initial month’s benefits. The definition of “initial months” for a household which has previously participated includes the first month for which an allotment is issued following any period of time which the household was not certified for participation, providing that the household does not have an application pending. In determining initial month benefits, the result of the proration will be rounded down to the nearest lower dollar increment. If the calculation results in an allotment of less than $10, then no benefits will be issued.

A Public Hearing will be held beginning at 9 a.m., Monday, March 7, 1983 in the Louisiana State Library Auditorium, 760 Riverside North, Baton Rouge, Louisiana.

Interested persons may submit written comments through March 7, 1983, at the following address: R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the person responsible for responding to inquiries regarding the proposed Rule. A copy of this Notice is available for review in each parish Office of Family Security.

Rule Title: Food Stamp Program Revisions

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

The cost to the agency in FY 82-83 will be $300 (State) and $300 (Federal). There is no cost in FY 83-84 or FY 84-85.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

There is no effect on revenue collections.

III. ESTIMATED COSTS AND BENEFITS TO Affected GROUPS - (Summary)

These proposed revisions in the Food Stamp Program will have the effect of expanding eligibility and benefits to some households while restricting others from participation or lowering benefits. The Office of Family Security is in the process of estimating the impact of these revisions and will present this information to the Legislative Fiscal Office prior to formal consideration of this proposed Rule by the Subcommittee on Oversight of the Joint Health & Welfare Committee.

NOTICE OF INTENT

Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to implement a Rule in the Medical Assistance Program to amend Medicaid eligibility policy. Effective April 1, 1983, an individual will not be eligible for Title XIX payment for long term care or other services until he has been in the facility for a full calendar month, unless Medicaid eligibility was established prior to placement in the long term care facility. Any Medicaid eligible recipient except a Medically Needy recipient will continue to be eligible for Title XIX payment for long term care services for the month of admission and prior to being in the facility the first full calendar month.

An individual eligible for Medicaid under the special income level, will not be eligible for Title XIX payment for long term care or other services for the partial month of admission to the facility with the following exceptions: (1) If such an individual receives care in a combination of Title XIX facilities, such as a hospital, Skilled Nursing Facility (SNF) or Intermediate Care Facility (ICF) for a full calendar month, he has established eligibility for the purposes of applying the special income level. Continuity of institutional status must be maintained for the entire full calendar month; (2) An individual is a recipient of Home and Community Based Services under Title XIX prior to placement in an institution. For such individuals, Title XIX payment would begin on the date of admission as Medicaid eligibility has been established.

An individual eligible under the special income level who is discharged from a long term care facility prior to the end of the first calendar month, shall not be eligible for Title XIX payment. If such an individual dies during the first full calendar month, he will be eligible from the first day of the first full calendar month but not for any partial month prior to that.

An individual under the special income level who becomes eligible for Title XIX after being in the facility the first full calendar month, will not be eligible for any Medicaid services for any partial month of admission.

An individual eligible for Title XIX under the special income level is defined as an individual in an institution having an income greater than the maximum SSI benefit amount payable to an individual in his own home, but less than the CAP rate (300 percent of the SSI Standard Payment Amount).

The first full calendar month is defined as the month in which the individual has been in the institution for the entire calendar month (i.e. from the first day of the month through the end of the month).

This proposed action is being taken to bring the Louisiana Medical Assistance Program into compliance with Federal Regulation 42 CFR 435.722(c). This Notice of Intent replaces the Notice of Intent relating to this policy published in the December 20, 1982 Louisiana Register (Volume 9, Number 12, Page 666).

Interested persons may submit written comments through March 7, 1983, at the following address: R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the person responsible for responding to inquiries regarding this proposed Rule.

Rule Title: Limit on Medicaid Eligibility for LTC to First Full Month of Institutionalization

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
Implementation of the proposed Rule would result in an estimated savings to the agency of $46,678 for FY 82-83 and $556,995 in FY 83-84 and 84-85. These savings result from the reduction in expenditures for facility payments for the incomplete first month of institutionalization and for the costs for other medical services for the recipients who would no longer be eligible until the first full month of institutionalization.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
Revenues from federal funds will be decreased as a result of the proposed Rule. Reductions are as follows: $30,033 for FY 82-83; $346,451 for FY 83-84 and $342,830 for FY 84-85.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)
Patients in Long Term Care facilities who meet the specified income requirements would be eligible for Title XIX only with the first full month of institutionalization and not for a partial initial month of institutionalization.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)
No effect on competition and employment is anticipated as a result of the proposed Rule.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, elects the following change in Support Enforcement Program.

The IV-D Program shall establish involuntary military allotments through any absent parent/member's branch of military service when that absent parent has failed to make payments equal to the support payable for two months or longer and to liquidate any arrears when the absent parent is 12 or more weeks in arrears with a court order for child support.

This proposed Rule is elected by the Office of Family Security as allowed under 42 USC 665 as promulgated from Public Law 97-248. Section 9-407 of the Support Enforcement State Manual shall be revised to incorporate this proposed Rule.

Interested persons may submit written comments through March 7, 1983 at the following address: R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the one responsible for inquiries about this proposed Rule.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to implement a Rule in the Medical Assistance Program to clarify that Title XIX allows payment for rehabilitative services in an Intermediate Care Facility I and II. These services may be provided only by a Title XVIII-certified rehabilitation center, Title XVIII-certified home health agency or Title XVIII-certified hospital outpatient rehabilitative service. The long term care facility must have in effect a written agreement with any of the above for provision of the required services. Intermediate Care Facilities I and II which admit or retain a Title XIX recipient in need of rehabilitative services shall be responsible for arranging for the required services. The cost of rehabilitative services in an Intermediate Care Facility I or II is not an allowable cost under Title XIX reimbursement principles.

Skilled nursing facilities (SNF) which admit or retain a Title XIX recipient in need of rehabilitative services, shall be responsible for providing or arranging for, under written agreement, specialized rehabilitative services as part of the SNF services for these individuals. The cost of rehabilitative services in a SNF is an allowable cost under Title XIX reimbursement principles.

The agency is also proposing to implement a Rule which would prohibit physicians who have a significant ownership interest in an or contractual relationship with a health agency from preparing a certification of need for Home Health Agency Services or establishing and reviewing a plan of treatment for those services for the home health agency. This is in accordance with Federal Regulations published in the October 26, 1982, Federal Register, (Volume 47, Number 207, Page 47392).

Significant financial or contractual relationship shall be defined as a relationship that involves direct or indirect business transactions that, in any fiscal year, amount to more than $25,000 or 5 percent of the agency’s total operating expenses, whichever is less. Business transactions shall be defined as contracts, agreements, purchase orders, or leases to obtain services, supplies, equipment and space.

A physician shall be considered to have a “significant ownership interest” if he or she:
1) Has a direct or indirect ownership interest of five percent or more in the capital, the stock or the profits of the home health agency;
2) Has an ownership interest of five percent or more in any mortgage, deed of trust, note or other obligation that is secured by the agency, if that interest equals five percent or more of the agency’s assets; or
3) Is an officer or director of a home health agency organized as a corporation or a partner in a home health agency organized as a partnership.

Interested persons may submit written comments through March 7, 1983, at the following address: R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. Mr. Banks is the person responsible for responding to inquiries regarding this proposed Rule.

Rule Title: Rehabilitation Services by Home Health Agencies

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

The cost for implementing this Rule is estimated to be approximately $44 for the printing of manual revisions and a letter to providers advising of the correct procedures for billing for such services. No extra cost for services is being projected as these services are being paid for under Title XIX but further clarification of the requirements was necessary in Title XIX State Plan.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

It is not anticipated that the proposed Rule will have any effect on revenue collections.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

The proposed Rule shall benefit Title XIX recipients in ICF I and II as they will be able to have necessary rehabilitative services paid for under Title XIX if the above requirements are met. Home Health Agencies providing rehabilitative services in ICF I and II’s shall be required to bill on a different form but this will not affect their costs. Some physicians currently providing certificates of need for Home Health Agency Services would be prohibited from this practice because of their ownership interest or contractual relationship with an HHA. However, a cost cannot be predicted.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

No effect on competition and employment is anticipated as a result of the proposed Rule.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to amend a Rule published in the January 20, 1983, issue of the Louisiana Register. The original Rule states that Title XIX recipients in Intermediate Care Facilities be visited by a physician at least every 60 days following admission unless the physician decides that this frequency is unnecessary and records the reasons for that decision.

RULE

Physicians will no longer be required to visit Title XIX recipients certified for Intermediate Care Facilities I and II (ICFs I and II), including ICF recipients in Skilled Nursing Facilities (SNF) at least every 60 days following admission if the treating physician determines that this frequency is unnecessary. The rationale for this decision must be documented in the recipient's medical record. A minimum of one physician visit per recipient per year shall be required.

This change does not affect separate requirements for recertification by a physician regarding continued need for care and/or review or revision of the plan of care for the recipient.

This action is necessary in order to incorporate recommendations made at a meeting of the Subcommittee on Oversight, Joint Committee on Health and Welfare, which was held on January 13, 1983.

Interested persons may submit written comments on the proposed policy through March 7, 1983 at the following address: R. K. Banks, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, LA 70804. He is the person responsible for responding to inquiries about this Rule.

Rule Title: Physicians Visits in ICFs I and II

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

This proposed Rule would result in the following savings to the agency: FY 82-83 - $519,750; FY 83-84 - $2,079,000; FY 84-85 - $2,079,000.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS -
(Summary)

Federal revenues would be decreased as follows: FY 82-83 - $334,407; FY 83-84 - $1,293,138; FY 84-85 - $1,279,625.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

Title XIX recipients certified for ICFs I and II, including those ICF recipients in Skilled Nursing Facilities (SNF) will benefit from this proposed amendment because they will be assured of at least one physician visit per year, regardless of the status of their health.

NOTICE OF INTENT
Department of Health and Human Resources
Office of Human Development

The Department of Health and Human Resources, Office of Human Development, proposes to amend the rate determination formula promulgated in the June 20, 1981 issue of the Louisiana Register. This amendment applies to non-state operated residential facilities who provide services funded under the Client Placement Program and who do not operate under a written contractual arrangement with the Office of Human Development.

The per diem rates paid to providers affected by this amendment shall be determined in the following manner:

1. The per diem rates paid to providers affected by this amendment as of December 31, 1982 will be arrayed to establish a range of payments.

2. The 50th percentile of this array of rates will be calculated by the Department of Health and Human Resources.

3. All providers providing services at per diem rates at or below the 50th percentile will continue to be paid at that per diem rate.

4. All providers providing services at per diem rates above the 50th percentile will be paid a per diem rate calculated as follows:

   Maximum per diem rate - 50th percentile plus one half of the amount of the current per diem in excess of the 50th percentile.

   This adjustment in the rate determination formula is necessary to reduce expenditures so as to avoid a deficit funding posture.

Interested persons may submit written comments on the proposed changes within 15 days of the date of this publication to the following address: Arthur J. Dixon, Assistant Secretary, Office of Human Development, DHHR, Box 44367, Baton Rouge, LA 70804.

COMMITTEE REPORT
House of Representatives
Committee on Commerce

Honorable David C. Treen
Governor, State of Louisiana
State Capitol Building
Baton Rouge, Louisiana 70804

Dear Governor Treen:

This letter certifies the public statement by the representatives of the State Board of Certified Public Accountants of Louisiana, to permit certain staff accountancy work experience.

During the February 7, 1983, hearing by the House Committee on Commerce, Subcommittee on Executive Agency Oversight and Review, the Subcommittee received numerous Rules by the aforementioned agency. LAC 11:9:91 relates to equivalency experience by accountants. Open to question, particularly Rules 11.2.1 and 11.4, was the experience by an accountant under a non-certified public accountant.

The Board publicly agreed that such experience would not be excluded from its consideration and that, in fact, such experience would be allowable for consideration.

As part of the record, to be entered into the Louisiana Register, the Subcommittee respectfully submits this explanation of this agreement to be afforded to staff accountants of non-certified public accountants.

Eddie Doucet, Chairman
House Commerce Committee
Subcommittee on Executive Agency Oversight and Review

(Footer's note: This committee Report, first printed in the January, 1983 Register, is included here with the Action By Governor report to clarify the current status of the Rule. According to R.S. 49:968, the Rule is not effective.)

COMMITTEE REPORT
Joint Committee on Health and Welfare

Subject: Report on Disapproval of Proposed Rules on Two-Percent Reduction in Medicaid Long Term Care Reimbursement Rate, as required by R.S. 49:968

Dear Governor Treen:

This is to certify that the proposed Rules on a two-percent reduction in Medicaid long term care reimbursement rates by the Department of Health and Human Resources, Office of Family Security (Notice of Intent published in the Louisiana Register, p. 619, November 20, 1982) have been found unacceptable and disapproved in accordance with R.S. 49:968.

Mary Mitchell
Fiscal Officer

Mark C. Drennen
Legislative Fiscal Officer

96
The Senate members of the Joint Subcommittee on Oversight, acting as a committee on behalf of their respective house of the legislature, have, as specifically provided by R.S. 49:968 (D) and (E), disapproved the proposed Rules by a vote of 5 to 0. Voting to disapprove the Rules were Senators Randolph, Richey, Keith, Cross, and Landry.

With respect to the proposed Rules, the committee made the following determinations:

1. The two percent reduction contravenes federal law and regulations and the Louisiana Medical Assistance Plan.

Under federal law and regulations, “payments to providers under Medicaid cannot be lower than the agency finds are reasonable and adequate to meet costs that must be incurred by efficiently and economically operated providers to provide services in conformity with applicable State and Federal laws, regulations, and quality and safety standards.” [42 CFR 447.252 (a)(1) - Attachment 1]

In conformity with this requirement, the state Medical Assistance Plan provides that “... rates will be set at a level which the state determines is reasonable to adequately reimburse in full the allowable costs of a provider facility that is economically and efficiently operated.” It is clear that OFS may not alter the reimbursement rate without (1) a State Medical Assistance plan amendment which modifies the rate-setting methodology, or (2) receipt of additional historical cost data which differs materially from that in current use.

Another federal requirement relative to Medicaid long term care rate-setting is that the agency must submit assurances to HCFA that 42 CFR 447.252 (a)(1) and (b) requirements are met [42 CFR 447.252 (c)] as well as the public notice requirements of 42 CFR 447.254. These assurances must outline effects on (1) provider participation, (2) availability of services on a statewide and geographic area basis, and (3) the short- and long-term effects of rate change [42 CFR 447.255 - Attachment 2]. DHHR is not in compliance with these requirements.

Additionally, it is clear that budgetary considerations alone cannot justify a rate adjustment not in accordance with the State Plan Methodology. See for instance Montries Nursing Home v. Aggrey, Ohio Supreme Court, 54 Ohio St. 2d 394 (1978) and Country Club Home v. Harder, Kansas Supreme Court, 623 P. 2d 505 (1981). See also ANHA v. Harris, 5th Circuit [Attachment 2A].

2. The Notice of Intent is defective under the federal law [42 CFR 447.254 - Attachment 6]

In as much as the proposed Rules are a “significant proposed change in [OFS] methods and standards for setting payment rates for ... long term care facility services”, the Notice of Intent for the proposed Rules must “[e]xplain why the agency is changing its methods and standards” and “[i]dentify a local agency in each [parish] ... where copies of the proposed changes are available for public review.”

These requirements are mandatory, and violation of notice requirements has resulted in Rules being declared invalid in other states.

3. Probable Decrease in Private Providers

Any further reductions in Medicaid reimbursement will no doubt decrease Medicaid participation by private providers. If state facilities have to take over these functions, quality of care will suffer and total Medicaid costs will increase. As a case in point, one has only to look at Medicaid rates paid to the two existing state long term care facilities - Villa Feliciana and New Orleans Home. The state is currently paying these two facilities $55.28 and $40.57 for ICF-I care while private providers are paid only $29.76. The Louisiana Health Care Association has suggested to OFS several areas where significant savings to Medicaid may be realized. These are now under study by OFS and the federal Department of Health and Human Services.

It is the feeling of the committee that it might be premature to impose an across the board rate cut until such time as other cost saving measures can be studied and tested.

The proposed Rules were opposed by the Louisiana Health Care Association.

Action By Governor

I approve the action of the Subcommittee on Oversight with respect to proposed Rules on a two-percent reduction in the Medicaid long term care reimbursement rate (Notice of Intent published in the Louisiana Register, p. 619, November 20, 1982).

COMMITTEE REPORT

Joint Committee on Health and Welfare

Honorável David Treen, Governor
State of Louisiana
State Capitol
Baton Rouge, LA 70804

SUBJECT: Report on Disapproval of the Proposed Rule on Reduction of Personal Care Needs Allowance for Long Term Care Recipients as Required by R.S. 49:968

Dear Governor Treen:

This is to certify that the proposed Rule on the reduction of personal care needs allowance for long term care recipients by the Department of Health and Human Resources, Office of Family Security, (Notice of Intent published in the Louisiana Register, p. 670, December 20, 1982) has been found unacceptable and disapproved in accordance with R.S. 49:968.

The House members of the Subcommittee on Oversight, acting as a committee on behalf of their respective house of the legislature, have, as provided specifically by R.S. 49:968(D) and 49:968(E), disapproved the proposed Rule by a vote of 5 to 0. Voting to disapprove the Rules were Representatives Robert Adley, Edward Bopp, Charles Cusimano, Quentin Dastugue, and Bruce Lynn.

With the respect to the proposed Rules, the committee determined that the reduction of the personal needs allowance for nursing home patients from $50 to $45 and the reduction of the optional state supplement from $25 to $15 would place an undue hardship on elderly nursing home residents.

Under the provisions of R.S. 49:968, please be advised that you have five calendar days to consider this report and, if it is your desire, to disapprove the action taken by the committee. Please indicate your approval or disapproval of the action of the committee and return this document to my office at 732 North Boulevard, Baton Rouge, LA 70802.

Louis “Woody” Jenkins
Chairman
Action By Governor

I disapprove the action of the Subcommittee on Oversight with respect to the above Rules.

COMMITTEE REPORT

House Committee on the Oversight of The Department of Public Safety

On December 21, 1982, the Department of Public Safety submitted for review a proposal to amend Chapters I and II of their Rules governing the administrative hearings conducted by the department and all of the offices and agencies within the department. The proposal was published in Volume 8, No. 12 of the Louisiana Register on December 20, 1982. The House Subcommittee on Oversight of the Department of Public Safety held its hearing on January 10, 1983.

In addition to consolidating the Rules in Chapters I and II and making many technical changes, the proposal makes several substantive changes in the present Rules which the subcommittee found objectionable. The substantive changes included the time period for giving notice of the hearing, opening of the case, admissibility of evidence, use of ex parte statements and affidavits, and transcripts of the hearings. The chairman of the subcommittee, Representative Bolin, stated that he felt that the proposed Rules would place a bigger burden on the average citizen than was necessary.

After reviewing the Rules and hearing the testimony the subcommittee, with a quorum present, voted 9-0 to find the proposed Rules unacceptable.

Representative Bruce M. Bolin
Chairman

Action of Governor

I approve the action of the Subcommittee on Oversight of the Department of Public Safety with respect to the proposed Rules to amend Chapters I and II of their Rules governing the administrative hearings, conducted by the department and all of the offices and agencies within the department. Office of Family Security

The Department of Health and Human Resources, Office of Family Security, is withdrawing the following rulemaking which it had previously proposed:

(1) Change in Methodology for Hospital Reimbursement - First Notice of Intent published in the November 20, 1982 Louisiana Register (Volume 8, Number 11, pages 616-617); Emergency Rule published in the December 20, 1982 Louisiana Register (Volume 8, Number 12, pages 632-633) and a second Notice of Intent published in the same December 20, 1982 issue on page 670.

(2) Changes in the General Assistance and Refugee Resettlement Programs - Notice of Intent published in the December 20, 1982 Louisiana Register (Volume 8, Number 12, page 666).

(3) Two Percent Reduction in Long Term Care Reimbursement Rates - Notice of Intent published in the November 20, 1982 Louisiana Register (Volume 8, Number 11, pages 619-620). The Rule published in the December 20, 1982 issue of the Louisiana Register (Volume 8, Number 12, page 650) was not valid as this proposed Rule was disapproved by the Joint Legislative Subcommittee on Oversight for Health and Welfare in their report of December 16, 1982.

The above proposed policy changes have not and shall not be implemented by the Office of Family Security as previously proposed.
