

**STATE OF LOUISIANA
CONSULTATION WITH PARTICIPANTS FORM
26 USC §179D**

I hereby certify that an authorized representative of _____
(the "Architect/Engineer/Contractor") has:

1. Consulted with all other architects, engineers, and contractors that participated in the creation of the technical specifications for installation of the energy efficient commercial building property for which the Architect/Engineer/Contractor is seeking the attached Energy Efficient Commercial Buildings Tax Deduction ("CBTD") allocation and all such architects, engineers, and contractors have either declined to request an allocation or agreed to share a portion of the allocation of the CBTD from the State of Louisiana.

2. Performed reasonable due diligence to determine whether any subcontractors who participated in the creation of the technical specifications for installation of the energy efficient commercial building property for which the Contractor is seeking the attached CBTD allocation are interested in obtaining an allocation and determined that either no such subcontractors are interested or some or all of such subcontractors desire to share in a portion of the allocation.
