Title 35
HORSE RACING
Part V. Racing Procedures

Chapter 63. Entries
§6311. Registration of Horse

No horse shall be allowed to enter or start in any race conducted by any licensee unless the horse is a quarter horse, thoroughbred or Appaloosa. Registration of a thoroughbred horse by the Jockey Club of New York, a quarter horse by the American Quarter Horse Association and an Appaloosa horse by the Appaloosa Horse Club, Inc. shall be prima facie evidence that such horse is a thoroughbred, quarter horse or an Appaloosa. However such registry shall not be conclusive evidence, nor binding on the commission. At the time of entry such certification of registration and Coggins test certificate must be on file in the office of the racing secretary before starting, except when such certificates are on file at another track which is then operating. The focal certificate must be on file with the racing secretary before a horse starts. The stewards may, at their discretion, waive this rule in the case of horses shipped in to start in races in this state.

AUTHORITY NOTE: Promulgated in accordance with R.S. 4:148.

Alan J. LeVasseur
Executive Director

DECLARATION OF EMERGENCY

Department of Health and Hospitals
Board of Examiners for Nursing Home Administrators

The Department of Health and Hospitals, State Board of Examiners for Nursing Home Administrators, has exercised the emergency provision of the Administrative Procedure Act, R.S. 49:953-B to adopt the following rule in the Certified Nurse Assistant Program.

It was necessary to adopt this as an emergency rule as the Omnibus Budget Reconciliation Act of 1987 mandates the implementation of a Certified Nurse Assistant Register by January 1, 1989. Failure to implement this register by the required date will jeopardize the state’s receipt of federal Medicaid funds.

Title 46
PROFESSIONAL AND OCCUPATIONAL STANDARDS
Part XLIX. Nursing Home Administrators
Chapter 16. Certified Nurse Assistants
§1601. General Definitions

A. A Certified Nurse Assistant is a person who has met standards established by the Bureau of Health Standards and who has been certified to the board as eligible.

B. Certified Nurse Assistant Register is a listing of all certified nurse assistants including names, addresses, certification number and other pertinent data.

C. Standards means the standards established by the Bureau of Health Standards for the training, examination, certification, investigation, hearings and other actions required to establish and maintain a certification program in compliance with federal regulations.

D. The Bureau is the Bureau of Health Standards in the Department of Health and Hospitals.

§1603. Certified Nurse Assistant Register

A. The board shall establish a certified nurse assistant register that maintains a current list of all certified nurse assistants in the state.

B. The register shall contain the name, address, Social Security number, certification number, school attended, date of certification, record of employment and whether nurse assistant has been disciplined. A second part of the register will contain specific information on disciplinary action for patient abuse or neglect, and/or misappropriation of patient property.

§1605. Register Notification

A. The bureau shall notify the register, supplying all required information on each person the bureau certifies.

B. The bureau shall notify the register of each person disciplined for patient abuse or neglect; misappropriation of patient properties, and any other act the bureau deems pertinent to certification.

§1607. Certification Fees

A. The board shall set a certification and re-registration fee not to exceed $3 annually for each certified nurse assistant.

§1609. Certificate Form

A. An applicant who has been certified by the bureau and paid the fee set by the board shall be issued a certificate and/or a certification card on a form provided for that purpose by the board, certifying that such applicant has met the requirements of standards and regulations entitling him/her to work and to hold himself/herself out as a duly certified nurse assistant. The certificate shall include an expiration date.

§1611. Registration of Certificates

A. Every person who holds a valid certificate as a certified nurse assistant issued by the board shall immediately upon issuance thereof be deemed registered with the board. Thereafter, such individual shall apply annually on a date set by the board for a new certificate of registration and report any facts required by the board and the bureau.

B. Re-registration application shall be made on forms provided by the board and the applicant must at the same time
submit a fee not to exceed $3 as set by the board.

C. Upon receipt of the application and the fee the board shall issue a new certificate of registration showing its expiration date.

D. When a certified nurse assistant fails to comply with provisions of this Section the register shall show his/her registration is not current.

§1613. Use of the Register
A. Each nursing home administrator who is administrator-of-record in a nursing home shall verify with the register that a nurse assistant is certified and in good standing before employing the nurse assistant, except as provided in the standards of the bureau.

§1615. Reproducing Certificates
A. No certified nurse assistant certificate may be copied or reproduced in any way.

§1617. Reissuing Certificates
A. When a certificate is lost or marred to the extent it is not readily legible, the holder shall apply to the board for a replacement. There shall be a replacement fee as set by the board not to exceed $2.

The effective date of these rules is January 1, 1989 and will expire May 1, 1989.

Winborn E. Davis
Executive Director

DECLARATION OF EMERGENCY

Department of Health and Hospitals
Office of the Secretary

The Department of Health and Hospitals, Office of the Secretary, has exercised the emergency provision of the Administrative Procedure Act, R.S. 49:953 B to adopt the following rule in the Bureau of Health Services Financing.

Public Law 100-203 established mandatory preadmission screening and annual resident review requirements for nursing care (other than ICF-MR) provided under Title XIX of the Social Security Act. Section 1919(b)(3)(E) prohibits admission of a mentally ill or mentally retarded recipient, unless the recipient requires the level of services provided by a nursing facility because of his/her physical and mental condition, as determined by the state mental health or state mental retardation authority. Additionally, when the admission or continued residence in a nursing facility is appropriated, a determination must be made as to whether active treatment for mental illness or mental retardation is required. Under mandatory federal law, the Bureau of Health Services Financing must follow the preadmission screening and annual resident review criteria for individuals with Mental Illness and Mental Retardation established by the Health Care Financing Administration.

Under this emergency rule, the Bureau of Health Services Financing is adopting the mandatory preadmission screening and annual resident review requirements required under P.L. 100-203 effective January 1, 1989.

RULE

The Bureau of Health Services Financing shall follow the criteria developed and published by the Health Care Financing Administration for making preadmission and annual review de-

terminations for recipients who have mental illness or mental retardation who seek admission or continued residence in a nursing facility (SNF, ICF-I, or ICF-II).

David Ramsey
Secretary

DECLARATION OF EMERGENCY

Department of the Treasury
Bond Commission

The State Bond Commission at a regular meeting on December 15, 1988, unanimously adopted an amendment to its rules as previously adopted and amended.

The commission exercised the emergency provisions of the Administrative Procedure Act R.S. 49:953B and amended Rule No. 2 as follows:

"2. Applications must be filed with the commission at least 20 working days in advance of a commission meeting, except in cases of absolute emergencies or in case where permission for later filing of routine matters is granted."

This emergency adoption is necessary due to the increase volume of applications and the increased complexity of their analysis and review.

This rule is effective immediately.

Mary L. Landrieu
Treasurer and Chairman

DECLARATION OF EMERGENCY

Department of Wildlife and Fisheries
Wildlife and Fisheries Commission

Closing 1988 Shrimp Seasons

In accordance with R.S. 49:967 (D) and R.S. 49:953 (B) of the Administrative Procedure Act and Act 1988 Number 893, the Louisiana Wildlife and Fisheries Commission hereby declares:

1. the shrimp season in Shrimp Management Zone 1.
2. the shrimp season in Shrimp Management Zone 2.

Zone 2 and Zone 3 in Louisiana’s inshore waters as defined in R.S. 56:495 will close at 12:01 a.m. December 21, 1988 and

1. Zone 2 and Zone 3 in Louisiana’s offshore territorial waters will close at 12:01 a.m. January 31, 1989 except in the area from Bayou Fontanelle (Empire Ship Channel) to Caminada Pass where the closure will be for that portion of Louisiana’s offshore territorial waters in Shrimp Management Zone 2 from the inside outside “shrimp” line seaward for a distance of three miles.

RULE
Department of Economic Development
Board of Architectural Examiners

Under the authority of R.S. 37:144 and in accordance with the provisions of R.S. 49:950 et seq., the Board of Architectural Examiners gives notice that it amended Chapter 5 (Applications for Examination), Chapter 7 (Requirements for Registration and Examination), and Chapter 9 (Registration Procedure) in their entirety so that said chapters will henceforth provide:

Title 46
PROFESSIONAL AND OCCUPATIONAL STANDARDS
Part I. Architects

Chapter 5. Applications for Examination
§501. Making Application for Architectural Registration Examination

A. A person desiring to take the Architectural Registration Examination ("ARE") should contact the National Council of Architectural Registration Boards ("NCARB") and request that NCARB file with the board on or before a date determined by the board a complete and approved intern development program record for final review and approval by the board. The applicant shall also furnish the board a photograph and pay directly to the board the fee for taking the examination.

B. The intern development program record, photograph, and the fee for taking the examination must be received by the board on or before the date determined by the board. If the record, photograph, and fee are not received by said date, the applicant will not be allowed to take the examination that year.

C. The applicant has full, complete, and sole responsibility for timely requesting from NCARB the filing of the record with the board, for furnishing to NCARB all necessary information, and for paying to NCARB all required fees. The applicant should be aware that NCARB requires a certain period of time to complete and file his record.

D. Upon request, an examination informational packet is available from the board.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:144.

§503. Failure to Take ARE

If an applicant fails to take the ARE at the time for which he has applied, two-thirds of his examination fee will be returned. Such applicant who desires to take the ARE thereafter is not required to file a new application but is required to pay the board the full examination fee and furnish the board a new photograph on or before the date set by the board.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:144.

§507. Training credits for Applicants not Holding a Professional Degree

Experience used to meet the educational equivalency requirements set forth in R.S. 37:146(D)(2) can not be used to satisfy the practical architectural work experience requirements set forth in R.S. 37:146(D)(3). Although training credits can be earned prior to satisfactory completion of the educational equivalency requirements set forth in R.S. 37:146(D)(2) at such times permitted by NCARB in its Circular of Information No. 1, experience used in earning such credits can not also be used to satisfy the training requirements of R.S. 37:146(D)(3).

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:144.

§509. Making Application for Computer Administered Version of the ARE

To obtain information regarding the computer administered version of the ARE ("C/ARE"), a candidate should write the board. The applicant will then receive instructions on the procedure to follow.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:144.

Chapter 7. The Examination

§701. Examinations Required

The Architectural Register Examinations ("ARE") as prepared by the NCARB, and the computer administered version thereof ("C/ARE"), are adopted by this board as the examinations required to obtain registration.

§703. Review of Examination and Answers of the Candidate; Reversing Grades

A candidate will not be permitted to review his/her examination or answers thereto. The board will not reverse the grade received by a candidate from NCARB.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:145-146.

§705. Proctoring the Architectural Registration Examination

As a courtesy to licensing boards in other states, the board will proctor candidates taking the ARE but only upon request made by another state licensing board prior to March 1 of the year in which the examination is to be taken and only for a candidate:

A. that is residing and working in Louisiana for a period of six months prior to March 1 of the year in which the examination is to be taken and
B. that has satisfied the same initial examination eligibility requirements as Louisiana, including:
   1. the satisfactory completion of an internship of practical working experience as defined by NCARB and as outlined by the intern development program administration of NCARB and

2. the holding of a first professional degree from a school whose curriculum has been accredited by the National Architectural Accrediting Board. The board shall charge $50 for this service which fee must be paid at the time of the request by the other licensing board for proctoring.

Chapter 9. Registration Procedure

§901. Registration Information

To obtain information regarding registration to practice architecture in Louisiana an individual, a corporation which satisfies the requirements of the Professional Architectural Corporations Law, and an architectural-engineering corporation which satisfies the requirements of the Architectural-Engineering Corporation Law, shall write the board indicating whether the applicant seeks to be registered as an architect, a professional architectural corporation, or an architectural-engineering corporation. The applicant will then receive instructions on the procedure to follow.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:145.

§903. Individuals Registered in Other States

A. The exclusive means for an individual registered in another state(s) seeking to be registered in Louisiana is the submission to the board of an NCARB (blue cover) certificate.

B. Upon finding the NCARB (blue cover) certificate in order and upon payment of the registration fee, the board will register said individual and issue a license to said individual to practice architecture in this state.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:148-149.

§905. Certificates

A. Upon granting registration and issuance of a license to practice architecture, a copy of the licensing law and the rules of the board shall be forwarded to the registrant.

B. Only individuals, professional architectural corporations, and architectural-engineering corporations who have met the statutory registration requirements through established board rules shall receive certificates of registration.

C. Each holder of a certificate shall maintain the certificate in his principal office or place of business in this state.

D. A replacement certificate will be issued to a registrant to replace one lost or destroyed, provided the current annual registration renewal is in effect, the registrant makes proper re-
quest and submits an acceptable explanation of the loss or destruction of the original certificate, and the registrant pays a fee to be set by the board.

E. Registrants 65 years of age or older, who have retired from active practice may request emeritus status. The annual renewal fee for approved emeritus registrants will be $5. Revocation and reinstatement rules will otherwise apply to emeritus registrants, just as they do to all other registrants.

Board of Embalmers and Funeral Directors

The Department of Health and Hospitals, Board of Embalmers and Funeral Directors, in accordance with R.S. 37:840 gives notice that rulemaking procedures have been instituted to amend LAC 46:XXXVII. 109, 901, 903 and 909 to read as follows:

       Em Tampke
       Executive Director
Chapter 1. General Provisions

$109. Embalmers Attire

A. Each Louisiana licensed embalmer or intern, while engaged in embalming a dead human body, shall be attired in a clean and sanitary smock or gown; and the body being embalmed shall at all times be covered so as to insure the privacy of said body.

B. Each Louisiana licensed embalmer or intern, while engaged in embalming a dead human body, shall be properly attired to provide for his/her own safety as well as the safety of others and in that regard, it is suggested that the proper attire of the embalmer or intern shall include the following:
   1. a sanitary waterproof disposable gown, apron or smock;
   2. clean and sanitary rubber or latex gloves;
   3. a mask or some other type of protective shield for eye and face protection.

C. Protective clothing should be removed before leaving the preparation room and deposited within a container that can be properly disposed of in accordance with governmental codes covering such disposals.

AUTHORITY NOTE: Adopted in accordance with R.S. 37:840.

HISTORICAL NOTE: Adopted by the Department of Health and Human Resources, Board of Embalmers and Funeral Directors, August 1966, amended March 1974, promulgated LR 5:277 (September 1979), amended by the Department of Health and Hospitals, Board of Embalmers and Funeral Directors, LR 15: (January 1989).

Chapter 9. Internship

$903. Requirements for Funeral Directing

A. Any person desiring to engage in the profession of funeral directing within this state shall serve as an intern within the state of Louisiana for a period of one year and must meet the following requirements.

1. The intern shall serve his internship within the state of Louisiana for one year under the direct supervision of a Louisiana licensed embalmer/funeral director.

2. The intern shall have actively assisted in the preparation of at least 25 dead human bodies during his period of internship and shall have actively assisted in conducting at least 25 funerals during his period of internship.

3. The intern must have a high school diploma or the equivalent G.E.D. certificate at the time of making application for internship.

4. While serving the term of internship, the intern must work on a full-time basis, that is a minimum of 40 hours per week. Half of the hours worked, on a weekly basis, must be worked during the hours of 7 a.m. and 5 p.m. while the other half of the hours worked on a weekly basis may be served any hours of the day or night.

5. The employment at the funeral home must be the intern's principal occupation.

6. The employment of the intern at the funeral home must be verified by the state board's inspector during any of the required inspections of the intern. Verification of employment will be made by presenting the quarterly returns submitted either to the Internal Revenue Service or the Louisiana Department of Revenue and Taxation, or, alternatively, some other official form used to verify employment, to the state board's inspector for his review.

7. A work schedule must be submitted with the intern's application showing hours to be worked and duties to be performed. Any changes or modifications within the original work schedule must be forwarded to the board's office within 14 days of the change.

8. The internship must be served within 12 months after graduating from embalming school.

AUTHORITY NOTE: Adopted in accordance with R.S. 37:840.

HISTORICAL NOTE: Adopted by the Department of Health and Human Resources, Board of Embalmers and Funeral Directors, August 1966, amended March 1974, promulgated LR 5:277 (September 1979), amended by the Department of Health and Hospitals, Board of Embalmers and Funeral Directors, LR 15: (January 1989).
5:277 (September 1979), amended by the Department of Health and Hospitals, Board of Embalmers and Funeral Directors, LR 15: (January 1989).

§909. Notification to Licensed Person

A. The secretary of the board, upon notification by the applicant, will inform the licensed person responsible for the supervision and the training of the intern of the rules and regulations concerning the internship and that he will be responsible to the board for the application and enforcement of these rules and regulations. The designated supervisor must be present and in charge of the intern during the normal working hours as required and shall be responsible for the instruction and the performance of the intern during the course of internship.

B. Credit for funeral director and/or embalmer internship shall not be allowed to any person while he is in military service or while enrolled as a full-time student in a mortuary college or university (part-time students pursuing 11 hours or less are acceptable).

C. It shall be a requirement and responsibility of the intern to make these reports monthly and to have them in the office of the secretary on the date specified. Failure to perform as specified in this rule will mean automatic loss of that monthly credit. Failure of the licensed supervisor to perform as agreed or to in any way falsify the records of the internship will cause a fine to be levied in accordance with the provisions of R.S. 37:850 for said violation.

AUTHORITY NOTE: Adopted in accordance with R.S. 37:840.

HISTORICAL NOTE: Adopted by the Department of Health and Human Resources, Board of Embalmers and Funeral Directors, August 1966, promulgated LR 5:277 (September 1979), amended LR 11:946 (October 1985), amended by the Department of Health and Hospitals, Board of Embalmers and Funeral Directors, LR 15: (January 1989).

Office of Mental Retardation and
of Prevention and Recovery from
Alcohol and Drug Abuse

The Department of Health and Hospitals (DHH), Office of Prevention and Recovery from Alcohol and Drug Abuse is applying for Block Grant federal funding for fiscal year 1988-89 in accordance with Public Law 99-570, the Alcohol and Drug Abuse Treatment and Rehabilitation (ADTR) Part C, Title XIX, PHS Act/45 CFR Part 96.

DHH, Office of Prevention and Recovery from Alcohol and Drug Abuse, will continue to administer the ADTR Block Grant in accordance with provisions set forth in Public Law 99-570 and the federal regulations.

David L. Ramsey
Secretary

RULE

Public Safety and Corrections
Board of Private Security Examiners

Notice is hereby given that the Department of Public Safety and Corrections, Louisiana State Board of Private Security Examiners amended LAC 46:LIIX as follows.

Title 46

PROFESSIONAL AND OCCUPATIONAL STANDARDS
Part LIIX. Private Security Examiners

Chapter 1. Organization and General Provisions
§103. Definitions

A. . . .

J. Armed Security Officer is an individual whose principal duty is that of an armed security officer, and who at any time wears, carries, possesses, or has access to a firearm in the performance of his duties. An armed security officer also includes:
1. a security officer who may carry a shotgun; and/or
2. a nightstick; and/or
3. carry a P.R.C. 24 nightstick; and/or
4. stun gun or any other device which emits electrical charges; and/or
5. any other defensive tactic weapon the board may so define.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3270 et seq.

Chapter 2. Application and Requirements for Company License

§203. Application Procedure

A. E. . . .

F.1. Companies wishing to do business in Louisiana must either incorporate here or be duly qualified to do business within this state with a valid certificate of authority issued by the Secretary of State, and shall have an agent for service of process designated as required by law.

2. Out-of-state companies wishing to do business in Louisiana, who satisfied all the licensing requirements outlined in this law, may do so without examination if the state under which it holds a valid license has comparable licensing requirements. Verification of satisfactory completion of such other state's examination must be submitted to the board. If the out-of-state company is licensed by a state that does not have licensing requirements comparable to those of Louisiana, then the company must satisfy all the licensing requirements outlined in R.S. 37:3270 et seq.

3. Fees for out-of-state companies are the same as for in-state companies except that an out-of-state company shall be required to pay the board the cost of transportation, lodging and meals at the state rate when an examination of records is performed if those records are kept outside of the state.

G. K. . . .

L. A branch office of a board licensed company which desires to register with the board may do so on a voluntary basis at a fee of $100 per year.

M. Any company actively operating a contract security business since September, 1985 and did not apply to the board for license, will be assessed an administrative fee of $200 per year for each year past September, 1985.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3270 et seq.

Chapter 3. Examination

§301. Examination

A. A qualified company at the time of the effective date of R.S. 37:3270 et seq. may be licensed without an examination, upon approval of the board, if the company applied to the board prior to March 31, 1986.

1. If the company applied to the board prior to April 1, 1988, the board may use the successful completion of the application as well as the information therein to suffice for knowledge of the private security business, his ability to apply that knowledge and assume responsible charge in the practice of private security.
responsible for insuring that officer is trained, or has been trained in accordance with R.S. 37:3284 and that proper documentation is, or has been, submitted to the board.

O. - R. . . .

S. A security officer who will only carry a nightstick or P.R.C. 24 nightstick and has successfully completed training and does not carry any other defensive weapon shall be issued an armed registration card classified as nightstick only.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3270 et seq.

Chapter 5. Training
§501. Training

A. . . .

B. Armed security officers in addition to the training requirements outlined in rule 501A. shall complete eight hours of firearms training and range qualifications prior to armed work assignment. Armed security officers must also complete an annual retraining course of at least four hours, which includes two hours of refresher courses on subjects previously specified and at least two hours aggregate retraining in firearms instructions to include minimum marksmanship qualification of 60 percent approved by the board.

C. . . .

D. Firearms Proficiency Course

1. An armed security officer must pass the course outlined as follows and all scores must be recorded on a form prescribed by the board. The weapon trained with must be the same weapon he/she carries while on his/her security work assignment.

2. 357 caliber revolver, minimum four inch barrel, with 357 or .38 caliber ammunition;

3. 38 caliber revolver minimum four inch barrel, .38 caliber ammunition.

4. 60 percent required to qualify, 150 points out of 250

5. 4 Yards 12 Shots, unsupported, point-shooting, without sights

6 Yards 2 Shots, unsupported

7. 7 Yards 2 Shots, unsupported

8. 15 Yards 12 Shots, barricade-strong hand

9. INRA B-27 or TQ-10 Target is required.

B. . . .

C. SCORING: 2 points for each hit (pellets or slugs) within the 7 ring. One point for each hit outside the 7 ring, in the black.

D. At the end of each stage of firing, all firearms will have their actions open, safeties on, with barrels up and muzzle above head.

E. Buckshot Stage

1. 15 Yards 2 Rounds, standing from the shoulder

2. 25 Yards 3 Rounds total, from the shoulder; one round standing, two rounds kneeling. Time includes loading time with the shotgun starting from the "cruiser-safe" position. (Chamber empty, magazine loaded, safety on).

F. Slug Stage

1. 25 Yards 2 Rounds total, from the shoulder; one round kneeling, one round standing

2. 25 Yards 3 Rounds total, from the shoulder; one round standing, two rounds kneeling. Starting from the "cruiser-safe" position.

G. Qualifications for Certification as an Instructor of Armed Guards are:

1. approved by the Board of Private Security Examiners; and

2. qualifications of an applicant as required by R.S. 37:3276 A(1) - (6); and

3. minimum of three years supervisory experience with a contract security company; proprietary security organization; or with any federal, state, parochial, or municipal law enforcement agency; or

4. a degree in Administration of Justice from an accredited college or university or the equivalent thereof; or

5. P.O.S.T certified instructors certificate; or

6. teaching certificate issued by state of Louisiana, Department of Education or the equivalent thereof; and one year supervisory experience in the security industry, and

7. the successful completion of training and the possession of a (1) National Rifle Association Security or Police Firearms Instructor Certificate; or (2) a P.O.S.T. Firearm Instructor Certificate or (3) a DOE Firearms Instructor Certificate.

H. - L. . . .

M. Trainer Examination

1. All applicants who apply to the board to become licensed as an instructor after October 1, 1988 are required to pass a written examination administered by the board.

2. The passing grade of the exam shall be 70 percent.

3. Fee for the examination is $25.

4. A person who does not successfully pass the examination may reapply to take the examination for a fee of $15. A person may take the examination no more than three times within a 12-month period.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3270 et seq.

Chapter 7. Investigation, Records and Unlawful Acts

§703. Administrative Fines
A. Administrative fines, for licensees in non-compliance, may be assessed by the executive secretary in lieu of, but not limited to, bringing before the board at a hearing. Fines are described as follows:
1. Failure to submit guard application, fingerprint card, and necessary fees Not to within 20 days from date of hire as Exceed described in §401.B of these rules. $25
2. Failure to resubmit fingerprint cards Not to in a timely manner after two written Exceed requests by the board. $25
3. Failure to notify the board in writing of guards who have been terminated Not to past 10-day period as prescribed by Exceed R.S. 37:3283 F(3). $25
4. Failure to submit information as Not to requested by the board when a deadline Exceed date is given. $25
   If information is not submitted within 14 days after deadline date, amount of fine accumulates at a daily rate, up to $500.
5. Failure to submit company Not to renewal fee prior to expiration date. Exceed $25
6. Failure to obtain training Not to as described in R.S. 37:3284. Exceed $25
7. Failure to submit training Not to verification within 10 days from Exceed completion of training. $25

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3270 et seq.

§707. Employee Records Required to be Kept and Subject to Inspection
A. The following is required to be kept and subject to such inspection as may reasonably be required by an authorized representative of the board during reasonable business hours:
   1. current residence of all registrants;
   2. copy of the application submitted to the board;
   3. documented information on the training required and provided;
   4. copy of registration card issued by the board;
   5. date of termination.
B. An authorized representative of the board shall be defined as the executive secretary, investigator or staff member of the board. Board members are not authorized to inspect employee records of licensees without the approval of majority of the board.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3270 et seq.

§709. Licensee Inspection
A. Licensee shall make available to any authorized representative of the board for inspection such employee records and other information as the board may reasonably require to insure compliance with the Private Security Regulatory and Licensing Law and with these rules and regulations.

B. The board shall notify the company in writing 15 days prior to the conducting of a routine inspection of employee records.

C. The board shall notify the company in writing three days prior to conducting an inspection of their employee records brought on by a complaint.

D. A company will have no more than 30 days to comply with the board’s written findings as a result of any inspection in addition to paying any fine assessed.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3270 et seq.

Chapter 8. Insignias, Markings, Restrictions

§801. Restrictions
A. With the exception of sworn peace officers in police uniforms, no individual, while performing the duties of a security guard, shall wear or display any badge, patch, or insignia that contains the word “police” or which would lead a reasonable man to believe that he is a sworn peace officer.

B. The board will decide on an individual basis whether circumstances are such as would lead a reasonable man to believe that the badge, patch, insignia or other markings were those of a sworn peace officer.

C. A copy of such badges and insignias of the licensee shall be submitted for approval to the board at the time of filing for initial and renewal license application.

D. No person, while performing any security services, shall have or utilize any vehicle or equipment displaying the words “police” or “law enforcement,” or have any sign, shield, marking or insignia that would lead a reasonable man to believe that such vehicle or equipment is from a public law enforcement agency.

E. Security officer uniforms shall be specifically described in writing and a full length picture of said uniform shall be submitted in writing to the board for approval.

F. No badge or insignia with the initials “SP” or “SO” may be worn on the uniform of a security officer.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3270 et seq.

Cynthia Fonté
Executive Secretary

RULE

Department of Social Services
Office of Eligibility Determinations

The Department of Social Services, Office of Eligibility Determinations, has adopted the following rule in the Food Stamp Program.
This change in the dependent care deduction is mandated by the Hunger Prevention Act with an implementation date of October 1, 1988. The rule hereby amends the rule entitled “Dependent Care Deductions for Elderly and Disabled”, published in the Louisiana Register, Vol. 13, No. 3, March 20, 1987, page 181. This proposed rule was published as an emergency rule in the Louisiana Register, Vol. 14, No. 10, October 20, 1988.

Rule
Effective October 1, 1988, the maximum dependent care deduction shall be $160 per dependent rather than $160 per food stamp household.

May Nelson
Secretary

RULE
Department of Transportation and Development
Traffic and Planning

In accordance with the applicable provisions of the Administrative Procedure Act, R.S. 49:950, et seq., notice is hereby given that the Louisiana Department of Transportation and Development adopted this fee schedule that will apply to Outdoor Advertising Permits issued by the department's Traffic and Planning Section, all in accordance with the provisions of R.S. 48:344, 381.

RULE
Department of Wildlife and Fisheries
Wildlife and Fisheries Commission

Pursuant to the authority granted under Louisiana Revised Statutes, Title 56, Section 22 the Louisiana Wildlife and Fisheries commission hereby prohibits the use of gill and trammel nets in Black Lake and Clear Lake in Natchitoches and Red River Parishes. The ban extends from January 1, 1989 to December 30, 1990.

Virginia Van Sickle
Secretary
NOTICE OF INTENT

Department of Civil Service
Civil Service Commission

The State Civil Service Commission will hold a public hearing on Wednesday, February 15, 1989 to consider amending a Civil Service rule and adopting certain new rules. The public hearing will begin at 8 a.m. in the Second Floor Commission Hearing Room, DOTD Annex Building, 1201 Capitol Annex Road, Baton Rouge, LA.

The following are proposed rules and amendments to be considered at the meeting:

PROPOSAL - AMEND RULE 19.3(b) AND ADOPT RULE 19.3(e)
19.3 Pay Upon Movement of Jobs to New Structure Grades

   a. ... 
   b. Subject to the provisions of Rule 19.3(e), if the employee's individual pay rate falls above the new range maximum, his pay shall be red circled. Individual pay rates that fall above the maximum established for the grade become Red Circle Rates and remain in effect for 2 years or until the range catches up with the rates, whichever comes first. Individuals whose salary rates are red circled shall not be eligible for any other pay adjustments.
   c. ...
   d. ...
   e. If the employee's individual pay rate falls above the new range maximum as a direct result of the implementation of the new pay plan and not as a result of the existence of a prior Red Circle Rate, his pay shall be red circled until the range catches up with the rate. An individual whose salary rate is red circled shall not be eligible for any further adjustment to his base pay. Special pay for hazardous duty, shift differential, etc. may be granted to individuals where appropriate and in accordance with these rules regardless of red circle status.

EXPLANATION

Rule 19.3(b) is proposed for revision in order to cite the exception written into 19.3(e). 19.3(e) is proposed in order that an individual whose pay has been red circled as a direct result of the movement into the new pay grades will retain his pay rate until the range catches up with the rate. It is our intention that the implementation of the pay plan does not adversely affect the pay of employees. This exception applies only to those employees whose rate of pay was red circled initially on June 29, 1987, when the new pay levels were assigned to the new job titles.

PROPOSAL - ADOPT RULE 19.11
19.11 Individual Pay Adjustments

   a. When an appointing authority determines that the relationship of individual pay rates resulting from the implementation of the January 1, 1987 Pay Plan adversely affects the efficiency of work unit(s), the Director may grant a request for an individual pay adjustment. Each request must include certification that funds are available to implement the request, the proposed amount of adjustment, a detailed explanation of the methodology used to determine the appropriate adjustment and explicit reasons why an individual pay adjustment is necessary to correct the existing management problem. The director shall include a listing of all approved adjustments in his monthly report to the commission.
   b. The director's decision shall be final and shall only be appealable to the commission pursuant to Rule 13.10(i)

EXPLANATION

This rule is proposed to allow agencies to correct individual pay rates which have caused unforeseen severe internal equity problems in the classified service and which occurred as a direct result of the walkover to new job titles on January 1, 1987.

Persons interested in making comments relative to these proposals may do so at the public hearing or by writing to the director of State Civil Service at Box 94111, Baton Rouge, LA 70804-9111.

Herbert Sumrall
Director

High School Credit for Correspondence Courses

In accordance with R.S. 49:950 et seq., The Administrative Procedure Act, notice is hereby given that the Board of Elementary and Secondary Education approved revisions to standard 2.015.41 (Bulletin 741) to permit approval of correspondence courses taken at accredited universities other than LSU and Southern as follows:

Reword standard 2.015.41 and add the following procedural block to page 100 of Bulletin 741 which states the following:

2.015.41
Credit toward high school graduation for high school students shall be earned through correspondence work from Louisiana State University, Southern University, or other accredited universities as approved by the Bureau of Secondary Education.

Procedural Block
In order to be approved to award high school credit for correspondence courses, a university must apply to the Bureau of Secondary Education. The application shall include a detailed course description with objectives for each course offering. Courses will be approved on an individual basis. Required courses must address all standards listed in the appropriate state curriculum guide.

Interested persons may comment on the proposed policy change and/or additions in writing, until 4:30 p.m., March 10, 1989 at the following address: State Board of Elementary and Secondary Education, Box 94064, Capitol Station, Baton Rouge, LA 70804-9064.

NOTICE OF INTENT
Board of Elementary and Secondary Education
Amendment to Standard on Local Electives (Bulletin 741)

In accordance with R.S. 49:950 et seq., The Administrative Procedure Act, notice is hereby given that the Board of Elementary and Secondary Education approved the following revisions to standards for approval of local electives (Bulletin 741 amendment):
NOTICE OF INTENT
Board of Elementary and Secondary Education

Amendment to Nonpublic School Standards

In accordance with R.S. 49:950 et seq., The Administrative Procedure Act, notice is hereby given that the Board of Elementary and Secondary Education approved the following amendment to the nonpublic school standards:

"Instructional time includes scheduled time within the normal school day approved by a school(s) for teaching courses outlined in the Program of Studies for parent/teacher conferences wherein the progress of the student or the student's program of study is assessed and semester or quarterly testing and evaluation of the student according to the adopted school calendar."

Interested persons may comment on the proposed policy change and/or additions in writing, until 4:30 p.m., March 10, 1989 at the following address: State Board of Elementary and Secondary Education, Box 94064, Capitol Station, Baton Rouge, LA 70804-9064.

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: Academic Programs Elem. and Sec. Ed. Comm.

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The revision and distribution of Bulletin 741 will cost approximately $50.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There will be no effect on revenue collection of state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)
There will be no costs to directly affected non-governmental groups.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
There will be no effect on competition and employment.

Community Development Block Grant (LCDBG) Program
FY 1989 Final Statement

I. PROGRAM GOALS AND OBJECTIVES

The LCDBG Program, as its primary objective, provides grants to units of general local government in nonentitlement areas for the development of viable communities by providing decent housing and a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income. Consistent with this objective, not less than 60 percent of the aggregate of fund expenditures shall be for activities that benefit low and moderate income persons.

Each activity funded must meet one of the following two national objectives:

A. Principal benefit (at least 60 percent) to low/moderate income persons.

B. Elimination or prevention of slums and blight. In order to justify that the proposed activity meets this objective, the following must be met. An area must be delineated by the grantee which:

1. meets the definition of slums and blight as defined in Act 590 of the 1970 Parish Redevelopment Act, Section Q-8 (See Appendix 1); and

2. contains a substantial number of deteriorating or dilapidated buildings or public improvements throughout the area delineated.

The grantee must describe in the application the area boundaries and the conditions of the area at the time of its designation and how the proposed activity will eliminate the conditions which qualify the area as slum/blight. If an applicant plans to request funds for an activity claiming that the activity addresses the slums/blight objective, the state must be contacted for the specific requirements for this determination/qualification prior to application submittal.

To accomplish these national objectives, the state has established the following goals:

A. strengthen community economic development through the creation of jobs, stimulation of private investment, and community revitalization, principally for low and moderate income persons,

B. benefit low and moderate income persons,

C. eliminate or aid in the prevention of slums or blight, or

D. provide for other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs.

II. GENERAL

A. APPLICATION PROCESS

This statement sets forth the policies and procedures for the distribution of LCDBG funds. Grants will be awarded to eligible applicants for eligible activities based on a competitive selection process to the extent that funds are available.

The state shall establish deadlines for submitting applications and notify all eligible applicants through a direct mailing. The applications submitted for FY 1988 funds for housing and public facilities were rated and ranked and funded to the extent that monies were available. The ranking under the FY 1988 program will also be used to determine the grants selected for funding under the FY 1989 LCDBG Program. In other words, the top ranked applications, to the extent that monies were available, were funded with FY 1988 funds; the next highest ranked applications will be funded in FY 1989 to the extent that monies are available. Only one application for housing or public facilities could be submitted for FY 1988 funds; that same application will be considered for FY 1989 funds. No new applications for housing and public facilities will be accepted in FY 1989. Only new applications for economic development and demonstrated needs funds will be accepted for FY 1989.

B. ELIGIBLE APPLICANTS

Eligible applicants are units of general local government, that is, municipalities and parishes, excluding the following areas: Alexandria, Baton Rouge, Bossier City, Terrebonne Parish Consolidated Government, Jefferson Parish (including Grand Isle, Gretna, Harahan, Jean Lafitte, and Westwego), Kenner, Lafayette, Lake Charles, Monroe, New Orleans, Shreveport, Slidell, and Thibodaux. Each eligible applicant may only submit an application on its own behalf. Two or more eligible applicants may submit a joint application for activities of mutual need of each eligible applicant. Joint projects shall necessitate a meeting with state staff prior to submitting the application to determine the appropriate applicant. All local governing bodies involved must be eligible according to the threshold criteria.

C. ELIGIBLE ACTIVITIES

An activity may be assisted in whole or in part with LCDBG funds if the activity meets the provisions of Title 24 of the U.S. Code of Federal Regulations, Subpart C, as provided in Appendix 2. For application purposes, eligible activities are grouped into the program areas of housing, public facilities, economic development or demonstrated need.

D. TYPES OF GRANTS

The state will only accept applications for single purpose grants. A single purpose grant provides funds for one need (water or sewer or housing, etc.) consisting of an activity which may be supported by auxiliary activities. Single purpose economic development grants are for one project, consisting of one or more activities.

E. DISTRIBUTION OF FUNDS

Approximately $23,000,000 (subject to federal allocation) in funds will be available for the FY 1989 LCDBG Program. Figure 1 shows how the total funds will be allocated among the various program categories.

Of the total CDBG funds allocated to the state, up to $100,000 plus two percent will be used by the state to administer the program.
The percentage distribution between the housing and public facilities program categories will be based upon the number of applications received and amount requested in each category. Half of the funds will be distributed based on percentage of applications received in each category and half on the basis of amount of funds requested in each category. However, the dollar amount allocated for housing will be no more than ten percent of the total funds available for housing and public facilities. Three subcategories (water, sewer, and other) will be established under public facilities. The dollar amount for each of these subcategories will be distributed based upon the percentage of applications submitted and amount of funds requested in each subcategory.

In addition, $1,500,000 will be set aside for the Demonstrated Needs Fund. Since the creation and retention of permanent jobs is so critical to the economy of the state, up to 40 percent of the remaining LCDBG funds will be allocated specifically for economic development type projects. Only economic development applications will compete for these funds. Economic development applications and demonstrated needs proposals will be accepted on a continual basis within the time frame designated by the state. Public facilities and housing applications will be funded with the remaining LCDBG funds. There will be one funding cycle for housing and public facilities applications. This fund will be divided into two program categories as identified in Figure 1; the exact distribution of these funds will be based upon the number of applications received and amount of funds requested in each program category as established under the FY 1988 LCDBG Program. Half of the money will be allocated based on the number of applications received in each category and half based on the amount of funds requested in each category with a maximum of ten percent of the funds allocated to housing. The public facilities category will be allocated in the same manner, by number and dollar amount of applications for sewer, water, and other type projects. Six months following the date of the state’s executed grant agreement with HUD, the status of the monies originally allocated (40 percent) for economic development will be evaluated. At that time, any monies in excess of half of the original allocation which have not yet been awarded for economic development projects will then be transferred to the current program year’s public facilities category to fund the project(s) with the highest score that was not initially funded. Twelve months following the date of the state’s executed grant agreement with HUD, all unawarded monies remaining in the original allocation for economic development will be transferred to the current program year’s public facilities category to continue to fund the highest ranked project(s) not already funded.

F. SIZE OF GRANTS

1. Ceilings. The state has established a funding ceiling of $550,000 for housing grants and $600,000 for public facilities grants with the exception of sewer grants which have a funding ceiling of $750,000. The state has established a funding ceiling of $600,000 for economic development projects.

Within the ceiling amounts the state allows applicants to request funds for administrative costs with the following limitations. Administrative funds for housing programs cannot exceed 12 percent of the estimated housing costs and administrative funds for public facilities programs cannot exceed seven percent of the estimated public facilities project costs. The amount which can be requested for demonstrated needs programs must be commensurate with the amount allowable for the specific type of project (housing rehabilitation or public facilities) for which funds are requested. For public facilities, housing, and demonstrated needs programs for which the total estimated project cost is less than $200,000, the state will make the final determination as to the appropriate allowable administrative costs. General administrative funds for economic development projects will be greater of $12,000 or a maximum of four percent of the LCDBG funds requested for project costs. In addition to the general administrative funds, the state will provide an additional two percent of the estimated economic development project costs; this additional two percent is specifically dedicated for the grantee to contract with a small business development center. If, after a project has been funded, the scope of the project changes significantly, the state will make a determination as to the actual amount which will be allowed for administrative costs; this determination will be made on a case-by-case basis.

Engineering fees may also be requested within the ceiling amounts; the funds requested must be in compliance with those established by the American Society of Civil Engineers and/or Farmer’s Home Administration. If, after a project has been funded, the scope of the project changes significantly, the state will make a determination as to the actual amount which will be allowed for engineering costs; this determination will be made on a case-by-case basis.

2. Individual grant amounts. Grants will be provided in amounts commensurate with the applicant’s program. In determining appropriate grant amounts for each application, the state shall consider an applicant’s need, proposed activities, and ability to carry out the proposed program.

G. RESTRICTIONS ON APPLYING FOR GRANTS.

1. Each eligible applicant could apply for one housing or public facilities grant under the FY 1988 LCDBG Program; that application will also be considered for funding under the FY 1989 LCDBG Program. Any eligible applicant may apply for an economic development project or demonstrated needs grant, even those applicants previously funded under the housing and public facilities components. The number of demonstrated needs grants which an eligible applicant may receive during each program year is limited to one.
2. Capacity and performance: threshold considerations for grant approval. No grant will be made to an applicant that lacks the capacity to undertake the proposed program. In addition, applicants which have previously participated in the Community Development Block Grant Program must have performed adequately. Performance and capacity determinations for FY 1989 will be made as of the date the state receives its executed grant agreement from HUD. In determining whether an applicant has performed adequately, the state will examine the applicant's performance.

In order to be eligible for a grant award in FY 1989, the following thresholds must have been met:

a. Units of general local government will not be eligible to receive funding unless past CDBG programs awarded by HUD have been closed out.

b. Units of general local government will not be eligible to receive funding unless past LCDBG programs (FY 1982, FY 1983 [including Jobs Bill Programs], FY 1984, FY 1985, FY 1986, FY 1987 and FY 1988) awarded by the state have been conditionally closed-out.

c. Audit and monitoring findings made by the state or HUD have been cleared.

d. All required reports, documents, and/or requested data have been submitted within the time frames established by the state.

Any applications that were determined to be ineligible for FY 1988 funding will be re-evaluated for eligibility for FY 1989 funding. The state is not responsible for notifying applicants as to their performance status. No waivers to the thresholds will be given by the state except for applicants requesting economic development and Demonstrated Needs funds. All requests for waivers must be submitted in writing to the state prior to the submittal of the application. There shall be no waiver granted if funds are due to HUD or the state unless a satisfactory arrangement for repayment of the debt has been made and payments are current.

H. DEFINITIONS.

For the purpose of the LCDBG Program or as used in the regulations, the term:
1. Unit of general local government means any municipal or parish government of the state.

2. Low/moderate income persons are defined as those having an income equal to or less than the Section 8 lower income limits as determined by the U. S. Department of Housing and Urban Development. (See Appendices 3 and 4.)

3. Auxiliary activity means a minor activity which directly supports a major activity in one program area (housing, public facilities). Note: The state will make the final determination of the validity (soundness) of such auxiliary activities in line with the program intent and funding levels and delete if deemed appropriate.

4. Slums and blight is defined as in Act 590 of the 1970 Parish Redevelopment Act, Section Q-8. (See Appendix 1.)

5. Division refers to the Division of Administration.

III. METHOD OF SELECTING GRANTEES.

The state has established selection and rating systems which identify the criteria used in selecting grantees.

A. DATA.

1. Low and Moderate Income. The low/moderate income limits are defined as being equal to or less than the Section 8 income limits as established by HUD. In order to determine the benefit to low/moderate income persons for a public facility project, the applicant must utilize either census data (if available) or conduct a local survey. A local survey must be conducted for housing activities and must involve 100 percent of the total houses within the target area. Local surveys which have been conducted within twelve months prior to the application submittal date will be accepted, provided the survey conforms to current program requirements.

a. Census Data. If an applicant in a non-metropolitan area chooses to utilize census data rather than conducting a local survey, the higher of either 80 percent of the 1980 median income of the parish or 80 percent of the median income of the entire non-metropolitan area of the state will be utilized to determine the low/moderate income levels. The 1980 annual income limits for low/moderate income persons for each parish is shown in Appendix 4. The FY 1979 median income for non-metropolitan Louisiana was $15,011; therefore, the non-metropolitan low/moderate income level would amount to $12,009. The low and moderate income levels for applicants in Metropolitan Statistical Areas (MSAs) will be determined on the basis of the entire MSA.

If 1980 census data on income is available by enumeration district, then the division will calculate the applicant's low/moderate income percentages. The applicant must request this data prior to submittal of the application.

b. Local Survey. If the applicant chooses to conduct a local survey, the survey sheet in the FY 1988 application package must be used. Local surveys must be conducted for all housing activities.

When conducting a local survey rather than using 1980 census data, an applicant in a non-metropolitan area will determine the low and moderate income level based on the higher of either 80 percent of the median income of the parish OR 80 percent of the median income of the entire non-metropolitan area of the state. The annual income limits for low/moderate income persons for each parish is provided in Appendix 3. The FY 1987 median income for non-metropolitan Louisiana was $22,400; therefore, the non-metropolitan state low/moderate income level would amount to $17,920. The low and moderate income levels for applicants in Metropolitan Statistical Areas (MSA) will be determined on the basis of the entire MSA.

If the applicant chooses to determine low/moderate income based on family size, the following sliding scale must be used:

<table>
<thead>
<tr>
<th># OF PERSONS</th>
<th>% OF PARISH/MSA</th>
<th>MEDIAN INCOME</th>
</tr>
</thead>
<tbody>
<tr>
<td>IN HOUSEHOLD</td>
<td></td>
<td></td>
</tr>
<tr>
<td>1</td>
<td>50</td>
<td></td>
</tr>
<tr>
<td>2</td>
<td>64</td>
<td></td>
</tr>
<tr>
<td>3</td>
<td>72</td>
<td></td>
</tr>
<tr>
<td>4</td>
<td>80</td>
<td></td>
</tr>
<tr>
<td>5</td>
<td>85</td>
<td></td>
</tr>
<tr>
<td>6</td>
<td>90</td>
<td></td>
</tr>
<tr>
<td>7</td>
<td>95</td>
<td></td>
</tr>
<tr>
<td>8 or more</td>
<td>100</td>
<td></td>
</tr>
</tbody>
</table>

*MSA = Metropolitan Statistical Area

When a local survey, rather than census data, is used to determine the low/moderate income benefit, a random sample which is representative of the population of the entire target area must be taken. There are several methodologies available to insure that the sample is random and representative. The methodology used must be stated in your application. If you have questions on the methodology to use, you should contact the Division for assistance. The appropriate sample size varies with
the total number of households in the target area and is determined by using the following formula:

\[ n = 0.9604 \times N + (0.0025N + 0.9579) \]

Where \( n \) = required number of households in sample
Where \( N \) = total number of occupied households in target area

If the situation arises where it must be determined as to whether or not the sample taken was indeed random, then standard statistical tests at the appropriate geographical level will be used.

B. PROGRAM OBJECTIVES.

Each activity must address one of the two national objectives previously identified under Section 1. Program Goals and Objectives.

C. RATING SYSTEMS.

All applications submitted for housing, public facilities, and economic development projects will be rated according to the following criteria established for each program category. Each FY 1988 housing and public facilities application was rated/ranked against all similar activities in the appropriate program category/subcategory.

1. HOUSING (Total of 100 points)

All units which will be rehabilitated or replaced must be occupied by low/moderate income persons. Also, the number of housing target areas may not exceed two. In delineating the target areas, it must be kept in mind that the boundaries must be coincident with visually recognized boundaries such as streets, streams, canals, etc.; property lines cannot be used unless they are also coincident with visually recognized boundaries. All houses rehabilitated within the FEMA one hundred year floodplain must comply with the community's adopted flood damage prevention ordinance, where applicable.

(a) PROGRAM IMPACT (Maximum Possible Points: 25)

This will be determined by dividing the total number of owner occupied units to be rehabilitated and/or replaced plus vacant units to be demolished in the target area by the total number of owner occupied substandard units in need of rehab and/or replacement plus vacant units in need of demolition in the target area.

\[ \frac{\# \text{ of owner occupied units to be rehabilitated} + \# \text{ of vacant units to be demolished}}{\# \text{ of owner occupied substandard units including those in need of demolition and replacement} + \# \text{ vacant units in need of demolition inside the target area}} = \text{Raw Score} \]

The raw scores were ranked and the top ranked applicant(s) received 25 points. All other applicants received points based on how they scored relative to that high score.

\[ \text{Program Impact Points} = \frac{\text{applicant's score} \times 25}{\text{highest score}} \]

No project will be funded that meets less than 75 percent of the identified need. Rental units which are occupied by low/moderate income persons are eligible as long as the number of rental units to be treated does not exceed ten percent of the total owner occupied units proposed for rehab; the rehab of rental units did not affect the impact score in any way. All units must be brought up to at least the Section 8 Existing Housing Quality Standards and HUD's Cost Effective Energy Conservation Standards.

b. NEEDS ASSESSMENT (Maximum Possible Points: 25)

This was determined by comparing the total number of owner occupied and vacant units to be treated in the target area to the overall needs of the target area.

\[ \frac{\# \text{ of owner occupied and vacant units}}{\# \text{ of units in need of treatment}} = \text{Raw Score} \]

The raw scores were arrayed and the top ranked applicant(s) received 25 points.

\[ \text{Needs Assessment Points} = \frac{\text{applicant's score} \times 25}{\text{highest score}} \]

c. PROJECT FEASIBILITY (Maximum Possible Points: 50)

This was rated based upon the project's cost effectiveness and overall needs of the area including housing as well as infrastructure.

2. PUBLIC FACILITIES (Total of 120 Points)

For the purpose of ranking public facilities projects, three separate subcategories were established (sewer, water, and other).

a. Program Impact (Maximum Possible Points: 50)

Maximum Impact - 50 points

The proposed project would completely remedy existing conditions that are in violation of a state or federal standard promulgated to protect public health and safety. The existing conditions and the standard being violated must be documented by cognizant state or federal agencies.

Moderate Impact - 25 points

The proposed project would result in substantial progress being made towards improving existing conditions that are in violation of a state or federal standard promulgated to protect public health and safety. The existing conditions and the standard being violated must be documented by cognizant state or federal agencies.

Minimal Impact - 0 points

The project would improve a community's infrastructure but would not address a violation of a state or federal standard promulgated to protect public health and safety or the conditions in violation of the standard are inadequately documented.

b. Benefit to low/moderate income persons (Maximum Possible Points: 10)

Projects consisting of more than one activity which involved different numbers and percentages of beneficiaries for each activity should have specifically identified the numbers and percentages for each activity.

Percentage of Low/Moderate Income (Maximum Possible Points: 5)

The percentage of low/moderate income persons benefitting was calculated by dividing the number of low/moderate income persons benefitting (as defined by the State) by the total persons benefitting. Points for percentage of low/moderate income persons benefitting were assigned according to the following ranges:

- 85% or more - 5 points
- at least 70% but less than 85% - 4 points
- at least 60% but less than 70% - 3 points

Number of Low/Moderate Income (Maximum Possible Points: 5)

Points for the number of low/moderate income persons benefitting were assigned according to the following ranges:
500 or more - 5 points
200 to 499 - 4 points
less than 200 - 3 points

c. **Cost Effectiveness** (Maximum Possible Points - 10)
Cost estimates per person benefitting were carefully evaluated. The cost per person benefitting was calculated for all projects. All applicants for the same type project (water, sewer, and natural gas or other) were grouped and each of these groups were then grouped by whether the project was for a new system or for repair to an existing system. Once all of these separate groups were established, they were separated into categories based on the number of persons benefitting. An average cost per person benefitting was then determined for each of these categories. Each applicant in a given category was scored relative to that average cost per person figure determined for that given category. An average cost project received five points, a project with lower than average cost per person benefitting received more than five points (a maximum of 10), and a project with higher than average cost per person received fewer than five points. The following formula was used to determine the cost effectiveness points for each applicant in each group:

\[
CE \text{ Points} = \frac{\text{Average Cost per Person Benefitted}}{\text{Cost per Person Benefitted}} \times 5
\]

If the calculation yielded more than 10, it was revised downward to the 10 point maximum. This allowed all applications for new sewer systems, sewer system repairs, new water systems, water system repairs, etc., to be rated against similar type projects. It also allowed those projects benefitting many people and those benefitting few people to be rated against other projects helping a similar number of persons.

d. **Project Severity** (Maximum Possible Points - 50)
This was rated based upon the severity of the problem and extent of the effect upon the health and welfare of the community. Priority will be given to water, sewer, and gas systems.

In assigning points for project severity, the following general criteria was critiqued for type of project proposed.

Gas Systems - the percentage of unaccounted for gas, the amount and magnitude of leaks, the type of material used in the distribution system, and the number of customers served.

Water Systems primarily for fire protection purposes - well capacity, reliability of supply, amount of water stored, extent of hydrant coverage or spacing, and water pressure and volume for fire fighting.

Water systems addressing potable water and sewer systems - the existence of conditions in violation of those provisions of the State Sanitary Code that most directly safeguard public health, and the adequacy of the proposed improvements to eliminate such conditions. The assessment will be based upon the problem as documented by DHH records, the relative degree of risks to human health posed and the number of persons most directly affected.

Problems that are generally attributable to a lack of routine operation and maintenance resulted in a less favorable evaluation. The proposed actions to eliminate verified problems were evaluated in terms of the direct applicability of the solution; surplusible or inadequate solutions resulted in a lowering of the overall rating.

3. **ECONOMIC DEVELOPMENT**

The economic development loan set aside is to be used to provide loans to businesses for job creation or retention projects. The LCDBG-ED funds go from the state to the local unit of government to the private developer. A three-way agreement (contract) is signed by these three participants, and other parts of the application are reviewed by them, to ensure a complete understanding by the three parties of the planned development, the expected number of jobs to be created or retained, the sources and uses of all funds to be committed to the project, the payback arrangements for all funds borrowed, the security assigned to each loan granting institution or agency, the financial and other reporting requirements of the developer and the local unit of government to the state, and all other obligations of the developer, the local governmental unit and the state.

An application for LCDBG-ED funds may be submitted at any time during the year, may not exceed $600,000, may not request more than $15,000 per job created or retained, and must be for a project which will create or retain a minimum of 10 jobs.

The term “developer” shall mean the corporate entity as well as the individual investors, stockholders, and owners of the applicant business. As an example of the effect of this definition, an LCDBG-ED loan to Company A cannot be used to purchase equipment, land, etc., from Company B, when both Company A and Company B are substantially owned by one or more of the same individuals.

The state will recoup 100 percent of the payback of LCDBG-ED loans (program income to the state) unless the local governing body will utilize the payback for expansion of the originally funded development. These program income funds received by the state will be placed in an Economic Development Revolving Loan Fund which will be used to supplement funding for economic development projects. These funds will be subject to the federal regulations regarding use of program income.

The interest rate charged on the LCDBG-ED loan depends on the financial and cash flow projections of the applicant business. This rate will be determined in the application review. In some instances it may be necessary and appropriate for a local unit of government to receive a grant for infrastructure improvements needed by a specific developer before his proposed job creation project can be fully implemented. This economic development grant could be used by the local unit of government to provide sewer, water, and street/road access on public property to the industrial/business site. It cannot be used for general industrial park projects created with the hope that a business client will then be attracted. It must be tied to a specific developer creating a specific number of jobs for low to moderate income people. It must be a “but for” situation, where the business cannot locate or expand at that site unless the particular infrastructure is provided. The developer must show why this location, which lacks proper infrastructure, must be used instead of another site which already has proper infrastructure. The developer must provide sufficient financial and other statements, projections, etc., to establish that the business is likely to be successful, and will create the appropriate number of jobs at the site in a specified time frame. Certain assurances by the developer, related to the timing of his development on the site, will be required. Other agreements between the local governing body and the developer/property holder, relative to public rights of way, availability of site to local governing body upon failure or change in operation by the developer, etc., will be required as needed on an individual project basis.

The maximum amount available to the local governing body for an infrastructure type project grant is $5,000 per job created or retained, with a $500,000 limit for infrastructure improvements on any single project. Any funds used as grant funds, in a situation where the grant is combined with a loan.
decreases the amount available as a loan to the developer on a dollar-for-dollar basis. For example, if $500,000 is used as grant funds for infrastructure improvements, then only $100,000 is available as loan funds to the developer - a total of $600,000 maximum. The following five requirements must be met by all economic development applicants.

A. A firm financial commitment from the private sector will be required upon submission of the application. The private funds/public funds ratio must not be less than 1:1 for manufacturing firms with Standard Industrial Code classifications of 20-39. A private to public ratio for non-manufacturing firms will have a minimum requirement of 2.5:1. In addition, the state must be assured that non-manufacturing projects will have a net job creation impact on the community and not simply redistribute jobs around the community. Private funds must be in the form of a developer's cash or loan proceeds. Revenues from the sale of bonds may also be counted if the developer is liable under the terms of the bond issue. Previously expended funds will not be counted as private funds for the purpose of this program, nor will private funds include any grants from federal, state or other governmental programs, nor any recaptured funds. The value of land, buildings, equipment, etc., already owned by the developer and which will be used in the new or expanded operation, will not be considered as private match. Personal endorsement from all principals of corporations, partnerships, or sole proprietorships shall be required on the LCDBG loan documents. The principals shall: 1) endorse the LCDBG loan to the corporation and 2) guarantee the payment and fulfillment of any obligation of the corporation. These endorsements will be made jointly to the local government and state of Louisiana.

Normally, a principal is defined as owning five percent or more of the business.

B. If cost per job created or retained exceeds $15,000 for the LCDBG monies, applications will not be considered for funding.

C. A minimum of 10 jobs created or retained is required for LCDBG-ED assistance.

D. A minimum of 60 percent of the employment will be made available to people who at the time of their employment are living in households whose total income is below the low to moderate income limit for the parish where the development occurs (see Appendix 3).

E. The application must include documentation showing that the project is feasible from the management, marketing, financial and economic standpoints. Management feasibility has to do with the past experience of the developer in managing the type of project described in the application, or other similar managerial experience. Marketing feasibility deals with how well the market for the product has been documented at the application stage - the best case being that the developer has verifiable commitments substantiating the first year’s sales projection. A typical market study includes a detailed analysis of competition, the expected geographical sales plan, and letters of intent to buy, specifying quantity and price. Economic feasibility relates to whether or not the developer has realistic projections of revenues and variable costs, such as labor and cost of materials, and whether they are consistent with industry value-added comparisons. An assessment will be made of the industry sector performances for the type of industry/business described in the application. Financial feasibility has to do with the ability of the firm to meet all of its financial obligations in the short and long run, determined by a cash flow analysis on the financial history and projections of the applicant’s business. In analyzing the financial feasibility of a project, the state may suggest alternatives in the timing of expenditures, the amount and proposed use of public and private funds, as well as other financial arrangements proposed in the application.

For an application to be funded, the state must be assured that: the project is credit worthy; there is sufficient developer equity; the LCDBG funds will be efficiently and effectively invested; the maximum amount of private and the minimum amount of public funds will be invested in the project; the project will make an adequate return in the form of public benefits commensurate with the money invested; the State and the local community will not assume a disproportionate amount of risk in the project; and, the state and the community will receive an adequate security interest proportionate to the LCDBG funds invested in the project.

DEFAULT: The local governing body shall be ultimately responsible for repayment of the contract funds which were provided by the state.

The state shall look to the local governing body for repayment of all funds disbursed under this contract and default by the developer shall not be considered as just cause for non-payment by the local governing body.

In case of a default by the local governing body in the repayment of contract funds to the state, in accordance with the terms and conditions of the contract, the full sum remitted to the local governing body shall become due and payable to the state upon demand, without the need of putting the local governing body in default.

The state shall deem the local governing body in default, regardless of the fact that the default was precipitated by the developer, to the extent that the local governing body failed to perform its contractual obligations in good faith.

D. DEMONSTRATED NEEDS FUND.

A $1.5 million reserve fund will be established to alleviate critical/urgent community needs.

An application cannot be submitted for consideration under this fund if the same application is currently under consideration for funding under any other LCDBG program category.

Subject to the availability of funds, projects that meet the following criteria will be funded:

1. GENERAL ELIGIBILITY

   Proposed activities must be eligible under Section 105 (a) of the Housing and Community Development Act of 1974, as amended (see Appendix 2).

   Each proposed activity must address one of the national objectives.

2. CRITICAL/URGENT NEED - PROJECT SEVERITY

   Each activity must address a critical/urgent need which can be verified by an appropriate authority, (cognizant state or federal agency), other than the applicant as having developed within six months prior to submittal of the application.

   The project evaluation request will be submitted to the appropriate cognizant agency by the division. In addition to the stipulation that the critical/urgent need must have developed within six months prior to submittal, the cognizant agency will rate the severity or urgency of the project on a scale of one to five based on the following:

   (1) project is urgently needed and is of a health threatening potential;

(2) project is worthwhile and needed, health risk is moderate, urgency is moderate;
(3) most of project is worthwhile;
(4) portions of project are worthwhile;
(5) project is not worthwhile.
Only those projects receiving a rating of 1 will be fundable.

3. APPLICATION REQUIREMENTS
All items and forms necessary for a regular public facilities application will also be required for demonstrated needs.

E. SUBMISSION REQUIREMENTS.
Applications shall be submitted to the division on forms provided by the division and shall consist of the following:
1. Program Narrative Statement. This shall consist of:
a. identification of the national objective(s) that the activity will address.
b. a detailed description of each activity to be carried out with LCDBG assistance. The description of each activity must clearly identify the target area or areas by street names, highway names or numbers for each street serving as a boundary of the target area. The written description must clearly and exactly conform to the designated area or areas on the map(s). A detailed cost estimate is also required for each activity. If the proposed activity is dependent on other funds for completion, the source of funds and the status of the commitment must also be indicated. If the applicant is applying for a public facilities project, the description must specifically describe what means will be taken by the applicant to ensure that adequate revenues will be available to operate and maintain the proposed project; the description must identify the source of estimated amount of funds that will be generated for this purpose.
c. A statement describing the impact the activity will have on the problem area selected and on the needs of low and moderate income persons, including information necessary for considering the program impact.
d. A statement on the percent of funds requested that will benefit low and moderate income persons. The statement should indicate the total number of persons to be served and the number of such persons that meet the definition of low and moderate income.
2. Map. A map of the local jurisdiction which identifies by project area:
a. census tracts and/or enumeration districts by number;
b. location of concentrations of minorities, showing number and percent by census tracts and/or enumeration districts;
c. location of concentrations of low and moderate income persons, showing number and percent by census tracts and/or enumeration districts;
d. boundaries of areas in which the activities will be concentrated;
e. specific location of each activity.
3. Program Schedule. Each applicant shall submit, in a format prescribed by the state, a listing of dates for major milestones for each activity to be funded.
4. Title VI Compliance. All applicants shall submit, in a form prescribed by the state, evidence of compliance with Title VI of the Civil Rights Act of 1964. This enables the state to determine whether the benefits will be provided on a nondiscriminatory basis and will achieve the purposes of the program for all persons, regardless of race, color, or national origin.
5. Certification of Assurances. The certificate of assurances required by the state, relative to federal and state statutory requirements, shall be submitted by all applicants; this certificate includes, but is not limited to, Title VI, Title VIII, and affirmatively furthering fair housing. In addition, each recipient should target at least 15 percent of all grant monies for minority enterprises. All assurances must be strictly adhered to; otherwise, the grant award will be subject to penalty.
6. Certification to Minimize Displacement. The applicant must certify that it will minimize displacement as a result of activities assisted with LCDBG funds. In addition to minimizing displacement, the applicant must certify that when displacement occurs reasonable benefits will be provided to persons involuntarily and permanently displaced as a result of the LCDBG assistance to acquire or substantially rehabilitate property. This provision applies to all displacement with respect to residential and nonresidential property not governed by the Uniform Relocation Act.
7. Certification of Residential Antidisplacement and Relocation Assistance Plan. The applicant must certify that it has developed and is following a residential antidisplacement and relocation assistance plan. The plan must include two components - a requirement to replace all low/moderate income dwelling units that are demolished or converted to a use other than low/moderate income housing as a direct result of the use of CDBG assistance and a relocation assistance component.
8. Certification to Promote Fair Housing Opportunities. Applicants are required to certify that they will make every effort to further fair housing opportunities in their respective jurisdictions.
9. Certification Prohibiting Special Assessments. The applicant must submit a certification prohibiting the recovery of capital costs for public improvements financed, in whole or in part, with LCDBG funds through assessments against properties owned and occupied by low and moderate income persons. The prohibition applies also to any fees charged or assessed as a condition of obtaining access to the public improvements.
10. Certification of Citizen Participation. Applicants shall provide adequate information to citizens about the Community Development Block Grant Program. Applicants shall provide citizens with an adequate opportunity to participate in the planning and assessment of the application for Community Development Block Grant Program funds. At least one public hearing must be held prior to application submittal in order to obtain the citizens’ views on community development and housing needs. A notice must be published informing the populace of the forthcoming public hearing; a minimum of five calendar days is required for this notice. Citizens must be provided with the following information at the hearing:
a. The amount of funds available for proposed community development and housing activities;
b. The range of activities that may be undertaken, including the estimated amount proposed to be used for activities that will benefit persons of low and moderate income;
c. The plans of the applicant for minimizing displacement of persons as a result of activities assisted with such funds and the benefits to be provided to persons actually displaced as a result of such activities.
d. If applicable, the applicant must provide citizens with information regarding the applicant’s performance on prior LCDBG programs funded by the state.
A second notice must be published after the first public hearing has been held but before the application is submitted. The second notice must inform citizens of the proposed objectives, proposed activities, the location of the proposed activities and the amounts to be used for each activity. Citizens must be
given the opportunity to submit comments on the proposed application. The notice must further provide the location at which and hours when the application is available for review. The notice must state the proposed submittal date of the application.

Applicants must submit a notarized proof of publication of each public notice.

In order to provide a forum for citizen participation relative to the proposed activities, a second hearing must be held to receive comments and discuss the proposed application.

Each applicant shall provide citizens with adequate opportunity to participate in the planning, implementation, and assessment of the CDBG program. The applicant shall provide adequate information to citizens, hold public hearings at the initial stage of the planning process to obtain views and proposals of citizens, and provide opportunity to comment on the applicant's community development performance. In order to achieve these goals each applicant shall prepare and follow a written citizen participation plan that incorporates procedures for complying with the following regulations (i-vi). The plan must be made available to the public at the beginning of the planning stage, i.e., the first public hearing.

e. The written plan must:

i. provide for and encourage citizen participation, with particular emphasis on participation by persons of low and moderate income who are residents of slum and blighted areas and of areas in which funds are proposed to be used;

ii. provide citizens with reasonable and timely access to local meetings, information, and records relating to the state's proposed method of distribution, as required by regulations of the secretary, and relating to the actual use of funds under Title I of the Housing and Community Development Act of 1974, as amended;

iii. provide for technical assistance to groups representa-

tive of persons of low and moderate income that request such assistance in developing proposals with the level and type of assistance to be determined by the grantee;

iv. provide for public hearings to obtain citizen views and to respond to proposals and questions at all stages of the community development program, including at least the development of needs, the review of proposed activities, and review of program performance, which hearings shall be held after adequate notice, at times and locations convenient to potential or actual beneficiaries, and with accommodations for the handicapped;

v. provide for a timely written answer to written complaints and grievances, within 15 days where practicable; and

vi. identify how the needs of non-English speaking resi-
dents will be met in the case of public hearings where a significant number of non-English speaking residents can be reasonably expected to participate.

11. Certification Regarding Lead-Based Paint. The applicant must certify that its notification, inspection, testing, and abatement procedures concerning lead-based paint are in compliance with Section 570.608 of the Housing and Community Development Act of 1974, as amended.

12. Local Survey Data. Those applicants who conduct a local survey to determine specific data required for the application must include one copy of all completed survey forms.

13. Submission of Additional Data. Only that data received by the deadline established for applications will be considered in the selection process unless additional data is specifically requested, in writing, by the state. Material received after the deadline will not be considered as part of the application, unless requested by the state.

F. APPLICATION REVIEW PROCEDURE.

1. The application must be mailed or delivered prior to any deadline dates established by the division. The applicant must obtain a "Certificate of Mailing" from the Post Office, certifying the date mailed. The division may require the applicant to submit this Certificate of Mailing to document compliance with the deadline, if necessary.

2. The application submission requirements must be complete.

3. The funds requested must not exceed the ceiling amounts established by the division.

4. Review and notification. Following the review of all applications, the division will promptly notify the applicant of the actions taken with regard to its application.

5. Criteria for conditional approval. The division may make a conditional approval, in which case the grant will be approved, but the obligation and utilization of funds is restricted. The reason for the conditional approval and the actions necessary to remove the condition shall be specified. Failure to satisfy the condition may result in a termination of the grant. Conditional approval may be made:

a. where local environmental reviews have not yet been completed;

b. where the requirements regarding the provision of flood or drainage facilities have not yet been satisfied;

c. to ensure the project can be completed within estimated costs;

d. to ensure that actual provision of other resources required to complete the proposed activities will be available within a reasonable period of time.

6. Criteria for disapproval of an application. The division may disapprove an application for the following reasons:

a. based on a field review of the applicant's proposal or other information received, it is found that the information was incorrect; the division will exercise administrative discretion in this area;

b. the Division of Administration determines that the applicant's description of needs and objectives is plainly inconsistent with facts and data generally available. The data to be considered must be published and accessible to both the applicant and state such as census data, or recent local, area wide, or state comprehensive planning data;

c. other resources necessary for the completion of the proposed activity are no longer available or will not be available within a reasonable period of time;

d. the activities cannot be completed within the estimated costs or resources available to the applicant;

e. Any of the items identified under E. SUBMISSION REQUIREMENTS are not included in the application.

G. PROGRAM AMENDMENTS FOR LCDBG 3 PRGRAM

The division may consider amendments if they are necessitated by actions beyond the control of the applicant. Recipients shall request prior division approval for all program amendments involving new activities or alteration of existing activities that will change the scope, location, or objectives of the approved activities or beneficiaries.

1. New or altered activities are considered in accordance with the criteria for selection applicable at the time the original application was reviewed and the policy, current at that time, regarding amendments.
2. All amended activities must receive environmental clearance prior to construction.

3. The state will ascertain as to whether or not the proposed activity is an integral part of the originally approved project and is necessary to complete the project as originally approved. The state will also review the site location of the proposed activity in relation to the originally approved target area. As a general rule, activities which are not an integral part of the originally approved project and which are not located within the boundaries of the originally approved target area will not be approved.

IV. ADMINISTRATION.

Rule for Policy Determination. In administering the program, while the division is cognizant of the intent of the program, certain unforeseeable circumstances may arise which may require the exercise of administrative discretion. The division reserves the right to exercise this discretion in either interpreting or establishing new policies.

V. REDISTRIBUTION OF FUNDS.

Any monies awarded by the state that are later recaptured or returned to the state will be reallocated in accordance with the division's policy, then in effect. The sources of these funds may include, but not be limited to, program income, questioned costs, disallowed expenses, recaptured funds from loans, unallocated monies, previously awarded funds not spent by grant recipients, etc.

With the following exceptions and the stipulations identified in Section II E., the monies as defined above will be placed in the current program year’s public facilities category and will be used to fund the project(s) with the highest score that was not initially funded. This policy will govern all such monies as defined herein from the FY 1982, FY 1983, FY 1984, FY 1985, FY 1986, FY 1987, FY 1988, and 1989 LCDBG program years as well as subsequent funding cycles, until later amended. One exception to this rule is that funds recaptured from economic development loans which were not spent by the grant recipients will initially be transferred to the current economic development program category. Those monies remaining in the economic development program category at the end of the FY 1989 program year will be transferred to the public facilities category for distribution as described above. Another exception is that all funds recaptured by the state from the payback of economic development loans will be placed in an economic development revolving loan fund which will be used to supplement funding for economic development projects. These funds will be subject to the federal regulations regarding use of program income.

These regulations are to be effective on March 20, 1989, and are to remain in force until they are amended or rescinded. Anyone having comments should submit them in writing by February 7, 1989 to Joan Wharton, Director, Office of State Planning, Division of Administration, Box 94095, Baton Rouge, LA 70804-9095. A public hearing will also be held to receive comments. The hearing will be held in the Auditorium of the State Library on January 31, 1989 at 2 p.m.

Dennis Stine
Commissioner

APPENDIX 1

Act 590 of the 1970 Parish Development Act
Section Q-8

(8) “Slum area” means an area in which there is a predominance of buildings or improvements, whether residential or non-residential, which by reason of dilapidation, deterioration, age or obsolescence, inadequate provision for ventilation, light, air, sanitation, or open space, high density of population and overcrowding, or the existence of conditions which endanger life or property by fire and other causes, or an area of open land which, because of its location and/or platting and planning development, for predominantly residential uses, or any combination of such factors is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, or crime, and is detrimental to the public health, safety, morals or welfare.

(i) “Blighted area” means an area which by reason of presence of an substantial number of slum, deteriorated or deteriorating structures, predominance of defective or inadequate street layout, faulty lot layout in relation to size, adequacy, accessibility or usefulness, insanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the fair value of the land, defective or unsafe conditions of title, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors substantially impairs or arrests the sound growth of the municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, morals, or welfare in its present condition and use; but if the area consists of any disaster area referred to in Subsection C (5), it shall constitute a “blighted area.”

APPENDIX 2

Eligible Activities

Sec. 105. (a) Activities assisted under this title may include only—

(1) the acquisition of real property (including air rights, water rights, and other interests therein) which is (A) blighted, deteriorated, deteriorating, undeveloped, or inappropriately developed from the standpoint of sound community development and growth; (B) appropriate for rehabilitation or conservation activities; (C) appropriate for the preservation or restoration of historic sites, the beautification of urban land, the conservation of open spaces, natural resources, and scenic areas, the provision of recreational opportunities, or the guidance of urban development; (D) to be used for the provision of public works, facilities, and improvements eligible for assistance under this title; or (E) to be used for other public purposes;

(2) the acquisition, construction, reconstruction, or installation (including design features and improvements with respect to such construction, reconstruction, or installation that promote energy efficiency) of public works, facilities (except for buildings for the general conduct of government), and site or other improvements;

(3) Code enforcement in deteriorated or deteriorating areas in which such enforcement, together with public improvements and services to be provided, may be expected to arrest the decline of the area;

(4) clearance, demolition, removal, and rehabilitation (including rehabilitation which promotes energy efficiency) of buildings and improvements (including interim assistance, and financing public or private acquisition for rehabilitation and reha-
ilitation of privately owned properties and including the renova-
tion of closed school buildings);

(5) special projects directed to the removal of material
and architectural barriers which restrict the mobility and accessi-
bility of elderly and handicapped persons;

(6) payments to housing owners for losses of rental in-
come incurred in holding for temporary periods of housing units
to be utilized for the relocation of individuals and families dis-
placed by activities under this title;

(7) disposition (through sale, lease, donation or other-
wise) of any real property acquired pursuant to this title or its
retention for public purposes;

(8) provisions of public services, including but not limited
to those concerned with employment, crime prevention, child
care, health, drug abuse, education, energy conservation, wel-
fare or recreation needs, if such services have not been provided
by the unit of general local government (through funds raised by
the such unit, or received by such unit from the state in which it
is located) during any part of the twelve-month period immedi-
ately preceding the date of submission of the statement with re-
spect to which funds are to be made available under this title,
and which are to be used for such services, unless the Secretary
finds that the discontinuation of such services was the result of
events not within the control of the unit of general local govern-
ment, except that not more than 15 percent of the amount of
any assistance to a unit of general local government under this
title may be used for activities under this paragraph unless such
unit of general local government used more than 15 percent of
the assistance received under this title for fiscal year 1982 or
fiscal year 1983 for such activities (excluding any assistance
received pursuant to Public Law 98-8), in which case such unit of
general local government may use not more than the percentage
or amount of such assistance used for such activities for such
fiscal year, whichever method of calculation yields the higher
amount;

(9) payment of the non-Federal share required in connec-
tion with a Federal grant-in-aid program undertaken as part of
activities assisted under this title;

(10) payment of the cost of completing a project funded
under Title I of the Housing Act of 1949;

(11) relocation payments and assistance for displaced in-
dividuals, families, businesses, organizations, and farm opera-
tions, when determined by the grantee to be appropriate;

(12) activities necessary (A) to develop a comprehensive
community development plan, and (B) to develop a policy-
planning-management capacity so that the recipient of assistance
under this title may more rationally and effectively (i) determine
its needs, (ii) set long-term goals and short-term objectives, (iii)
devise programs and activities to meet these goals and objec-
tives, (iv) evaluate the progress of such programs in accomplis-
ning these goals and objectives, and (v) carry out management,
coordination, and monitoring of activities necessary for effective
planning implementation;

(13) payment of reasonable administrative costs and car-
rying charges related to the planning and execution of commu-
nity development and housing activities, including the provision
of information and resources to residents of areas in which com-
unity development and housing activities are to be concen-
trated with respect to the planning and execution of such
activities, and including the carrying out of activities as described
in section 701(e) of the Housing Act of 1954 on the date prior to
the date of enactment of the Housing and Community Develop-
ment Amendments of 1981;

(14) activities which are carried out by public or private
nonprofit entities, including (A) acquisition of real property; (B)
acquisition, construction, reconstruction, rehabilitation, or instal-
lation of (i) public facilities (except for buildings for the general
conduct of government), site improvements, and utilities, and (ii)
commercial or industrial buildings or structures and other com-
mercial or industrial real property improvements; and (C) plan-
ning:

(15) assistance to neighborhood-based nonprofit organi-
zations, local development corporations, or entities organized
under section 301(d) of the Small Business Investment Act of
1958 to carry out a neighborhood revitalization or community
economic development or energy conservation project in fur-
therance of the objectives of section 101(c), and assistance to
neighborhood-based nonprofit organizations, or other private or
public nonprofit organizations, for the purpose of assisting, as
part of neighborhood revitalization or other community develop-
ment, the development of shared housing opportunities (other
than by construction of new facilities) in which elderly families (as
defined in section 3(b)(3) of the United States Housing Act of
1937) benefit as a result of living in a dwelling in which the
facilities are shared with others in a manner that effectively and
efficiently meets the housing needs of the residents and thereby
reduces their cost of housing;

(16) activities necessary to the development of energy
use strategies related to recipient’s development goals, to assure
that those goals are achieved with maximum energy efficiency,
including items such as—

(A) an analysis of the manner in, and the extent to, which
energy conservation objectives will be integrated into local gov-
ernment operations, purchasing and service delivery, capital im-
provements budgeting, waste management, district heating and
cooling, land use planning and zoning, and traffic control, park-
ing, and public transportation function; and

(B) a statement of the actions the recipient will take to
foster energy conservation and the use of renewable energy re-
sources in the private sector, including the enactment and en-
forcement of local codes and ordinances to encourage or
mandate energy conservation or use of renewable energy re-
sources, financial and other assistance to be provided (principally
for the benefit of low- and moderate-income persons) to make
energy conserving improvements to residential structures, and
any other proposed energy conservation activities.

(17) provisions of assistance to private, for-profit entities,
when the assistance is necessary or appropriate to carry out an
economic development project;

(18) the rehabilitation or development of housing assisted
under Section 17 of the United States Housing Act of 1937; and

(19) provision of assistance to facilitate substantial recon-
struction of housing owned and occupied by low and moderate
income persons (A) where the need for reconstruction was not
determinable until after rehabilitation under this section had al-
ready commenced, or (B) where the reconstruction is part of a
neighborhood rehabilitation effort and the grantee (i) determines
the housing is not suitable for rehabilitation, and (ii) demonstrates
to the satisfaction of the Secretary that the cost of sub-
stantial reconstruction is significantly less than the cost of new
construction and less than the fair market value of the property
after substantial reconstruction.

(b) Upon the request of the recipient of assistance under
this title, the Secretary may agree to perform administrative serv-
ices on a reimbursable basis on behalf of such recipients in con-
rection with loans or grants for the rehabilitation of properties as authorized under subsection (a)(4).

(c)(1) In any case in which an assisted activity described in paragraph (14) or (17) of subsection (a) is identified as principally benefitting persons of low and moderate income, such activity shall—

(A) be carried out in a neighborhood consisting predominately of persons of low and moderate income and provide services for such persons; or

(B) involve facilities designed for use predominately by persons of low and moderate income and provide services for such persons; or

(C) involve employment of persons, a majority of who are persons of low and moderate income.

(2)(A) In any case in which an assisted activity described in subsection (a) is designed to serve an area generally and is clearly designed to meet identified needs of persons of low and moderate income in such area, such activity shall be considered to principally benefit persons of low and moderate income if (i) not less than 51 percent of the residents of such area are persons of low and moderate income; (ii) in any metropolitan city or urban county, the area served by such activity is within the highest quartile of all areas within the jurisdiction of such city or county in terms of the degree of concentration of persons of low and moderate income; or (iii) the assistance for such activity is limited to paying assessments (including any charge made as a condition of obtaining access) levied against properties owned and occupied by persons of low and moderate income to recover the capital cost for a public improvement.

(B) The requirements of subparagraph (A) do not prevent the use of assistance under this title for the development, establishment, and operation for not to exceed 2 years after its establishment of a uniform emergency telephone number system if the Secretary determines that—

(i) such system will contribute substantially to the safety of the residents of the area served by such system;

(ii) not less than 51 percent of the use of the system will be by persons of low and moderate income; and

(iii) other Federal funds received by the grantee are not available for the development, establishment, and operation of such system due to the insufficiency of the amount of such funds, the restrictions on the use of such funds, or the prior commitment of such funds for other purposes by the grantee.

The percentage of the cost of the development, establishment, and operation of such a system that may be paid from assistance under this title and that is considered to benefit low and moderate income persons is the percentage of the population to be served that is made up of persons of low and moderate income.

(3) Any assisted activity under this title that involves the acquisition or rehabilitation of property to provide housing shall be considered to benefit persons of low and moderate income only to the extent such housing will, upon completion, be occupied by such persons.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

The LCDBG Program basically benefits persons of low/moderate income throughout the state. Although fewer persons will receive housing assistance and the benefits of new/improved water, sewer, and gas systems, more jobs will be made available through the funding of economic development projects.

This will be caused by a shift in spending priorities from FY 88 of approximately $3 million from housing and public facilities to economic development projects.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

All construction projects are subject to state and federal bid laws. All professional contracts must be awarded in accordance with OMB Circular A-102.

The allocation of these funds to housing and public facilities projects will result in fewer construction contracts, therefore less short-term jobs. It is anticipated that the allocation of more funds to economic development will result in the creation/re-ention of more long-term jobs.

Dennis Stine

NOTICE OF INTENT
Department of Health and Hospitals
Board of Examiners for Nursing Home Administrators

The Louisiana State Board of Examiners for Nursing Home Administrators advertises its intent to adopt Chapter 16 in LAC Title XLIX to establish policy and procedures for the Nurses Assistant Register.

The entire text of this proposed Rule can be viewed in its entirety in the Emergency Rule Section published in this issue of the Louisiana Register.

Interested persons may submit written comments on the proposed regulations until 3:30 p.m., February 15, 1989 at the following address: Winborn E. Davis, Executive Director, Louisiana State Board of Examiners for Nursing Home Administrators, Suite 100, 4550 North Boulevard, Baton Rouge, LA 70806.

Winborn E. Davis
Executive Director

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: Certified Nurse Assistants

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
   It is estimated the board will incur an implementation cost during fiscal 1988-89 of $40,339.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
   It is estimated the board will collect revenues amounting to $41,339 during fiscal 1988-89. This will be fees paid by people certified. In addition, the federal government will reimburse an as yet undetermined percent of the costs.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)
   There will be a cost of $3 per certified nurse assistant paid either by the assistant or the nursing home.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
   Competition will be affected. It is intended that certification of nurse assistants will weed out people who are guilty of patient abuse or misappropriation of patient property. January 1, 1990 requirement will be to hire only nurse assistants certified by DHH Bureau of Health Standard.

Winborn E. Davis
Executive Director

Title 46
PROFESSIONAL AND OCCUPATIONAL STANDARDS
Part XLIX. Nursing Home Administrators
Chapter 11. Licenses
§1102. Emergency License

A. The board may issue a provisional license on an emergency basis when the state agency responsible for licensing nursing homes certifies to the need. Applicants for a provisional license need not be fully qualified for a regular license but they must be knowledgeable of the operation of a nursing home as determined by an oral review conducted by a board member or the executive director of the board.

1. Applicants shall complete application forms provided by the board and shall pay a fee of $100.

B. The emergency license shall not exceed a period of three months. At the end of each month the state agency licensing nursing homes shall certify to the board the need to continue the license at the end of the first month and of the second month when indicated.

C. An applicant issued a provisional license under provisions of this Chapter shall represent himself as an “emergency administrator” in all actions and on all documents he is required to sign in his role as head of the nursing home.

Interested persons may submit written comments on the proposed regulation until 3:30 p.m., February 4, 1989, at the following address: Winborn E. Davis, Executive Director, Louisiana State Board of Examiners for Nursing Home Administrators, Suite 100, 4550 North Boulevard, Baton Rouge, LA 70806.

Winborn E. Davis
Executive Director

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: Emergency License

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
   Estimated savings to the board $400 per year. There will be no costs or savings to any other state or local governmental units.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
   The repeal of this rule will decrease revenue collections of the board by an estimated $2,500 per year based on 25 people needing an emergency license.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)
   There will no cost to any person as the board proposes to repeal this rule.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
   There will no effect on competition and employment caused by this proposed rule.

NOTICE OF INTENT

Department of Health and Hospitals
Board of Medical Examiners

Notice is hereby given, in accordance with R.S. 49:950, et seq., that the Louisiana State Board of Medical Examiners (board), pursuant to the authority vested in the board by R.S. 37:1270(B)(1) and (6), and R.S. 37:1278(B) intends to adopt rules governing board requests and subpoenas, pursuant to R.S. 37:1278(B), for information and medical records relating to physician impairment. The proposed rules are set forth hereinafter. Inquiries concerning the proposed rules may be directed in writing to: Delmar Rorison, Executive Director, Louisiana State Board of Medical Examiners, at the address set forth below.

Interested persons may submit data, views, arguments, information or comments on the proposed rule, in writing, to the Louisiana State Board of Medical Examiners, at Suite 100, 830 Union Street, New Orleans, LA 70112-1499. Written comments must be submitted and received by February 17, 1989. A request pursuant to R.S. 49:953(A)(2) for oral presentation, argument or public hearing must be made in writing on or before February 3, 1989.

Title 46
PROFESSIONAL AND OCCUPATIONAL STANDARDS
Part XLV. Medical Profession
Chapter 83. Investigation of Information and Records Relating to Physician Impairment

§301. Scope of Chapter

The rules of this Chapter prescribe the policy and procedures governing the board’s exercise of its authority under R.S. 37:1278(B) to obtain, either by informal request or through the mandate of investigative or adjudicatory proceeding subpoena, disclosure of medical information and records relative to the physical and mental condition of physicians licensed by the board.

§303. Definitions

A. As used in this Chapter, the following terms shall have the meanings specified:

Health Care Provider — The term “health care provider” means an individual or institutional state-licensed provider of health care services.

Medical Records — The term “medical records” means any and all notes, records, charts, memoranda, test results, reports, radiographic films, or other written, graphic or recorded items and materials, on whatsoever media recorded or stored and howsoever maintained relating to professional services in the nature of examination, history, evaluation, diagnosis, therapy or treatment by a health care provider.

Physician — The term “physician” means a person possessing a doctor of medicine or equivalent degree who has applied to the board for a license or permit to practice medicine in the state of Louisiana or who holds a medical license or permit issued by the board.

B. Masculine terms wherever used in this Chapter shall be deemed to include the feminine.

§305. Statement of Policy and Intent

A. The privilege of confidentiality with respect to communications between a patient and a physician, recognized equally as a matter of Louisiana law and professional medical ethics, serves an important public policy interest in encouraging and permitting a patient’s forthright, full and unfettered com-
upon information developed by investigation of the board initiated upon a complaint of or against the subject physician submitted in written form to the board and signed by the complainant.

§8309. Procedure for Obtaining Medical Information and Records

A. When the board has a basis, pursuant to R.S. 37:1278(B) and as specified by §8307, for seeking and obtaining disclosure from a health care provider of otherwise privileged or confidential medical information and records relating to the diagnosis or treatment of a physician, and such information is required in connection with an official investigation or pending adjudication of the board, prior to a request or service of an investigative subpoena by the board for such information or records, the board shall first serve an initial inquiry in writing on the health care provider. Such initial inquiry shall:

1. clearly identify the physician who is the subject of the board’s inquiry;
2. indicate the nature of the condition, disease or infirmity which the board believes affects the subject physician’s capacity to practice medicine with reasonable skill and safety;
3. request the health care provider’s response as to whether such health care provider: (a) does have in his or its possession information and/or records relevant to a determination as to whether the subject physician is incapable of practicing medicine with reasonable skill and safety to patients; (b) does not have in his or its possession information or records relevant to such determination; or (c) is unable to determine whether information or records in his or its possession are relevant to such determination;
4. request that the health care provider:
   a. if an institution, submit to the board a true and complete copy of all relevant medical records in the possession of the health care provider; or
   b. if an individual, submit to the board, at the election of the health care provider, either:
      i. a written report and evaluation summarizing the nature and course of the health care provider’s services to the subject physician, the condition for which the subject physician was seen, the health care provider’s diagnosis, the course of treatment, if any, the results of such treatment, and the health care provider’s prognosis for the subject physician, to the extent that such information may be relevant to a determination of the physician’s capacity to practice medicine with reasonable skill and safety, together with the health care provider’s opinion, if any, as to whether, as of the date of such report, or as of the date that the subject physician was last seen, examined or evaluated by the health care provider, the subject physician was capable of practicing medicine with reasonable skill and safety; or
      ii. a true and complete copy of all medical records in the possession of the health care provider relevant to the physician’s capability of practicing medicine with reasonable skill and safety;
5. provide a summary of the provisions of R.S. 37:1278(B); and
6. prescribe a reasonable deadline for the health care provider to submit its response to the board.

B. If the board has reason to believe that a health care provider’s response to its initial inquiry is inaccurate, incomplete or insufficient in any respect, notwithstanding a timely response or the submission of a written report or medical records, the board may appoint an independent consultant to consult with the health care provider concerning his or its response. The independent consultant shall be a physician licensed by the board who shall, to the extent possible and practicable, be designated by the board from among physicians engaged in the same specialty practice as the responding health care provider. In the selection of such consultant the board may consult with the Impaired Physicians Committee of the Louisiana State Medical Society or with appropriate specialty medical organizations. Such independent consultant shall be authorized to consult with the health care provider concerning the information and records in the possession of the health care provider relative to the subject physician, to examine the records of the health care provider relative to the subject physician, and to advise the board as to whether, in the opinion of the independent consultant, the health care provider is in possession of relevant medical information and records not previously reported or provided to the board. The independent consultant’s consultation with the health care provider and his examination of the health care provider’s records shall otherwise be maintained in confidence, and the independent consultant shall not disclose to the board the contents of any information or records in the possession of the health care provider.

C. The board may issue and serve a subpoena for the appearance and testimony and/or the production of relevant medical information and records of a health care provider relative to a subject physician:

1. with respect to information or records, previously provided to the board in response to an initial inquiry under Subsection A of this Section, which are sought to be introduced, offered into evidence or otherwise used in connection with an adjudicatory proceeding before the board pursuant to R.S. 37:1285; or
2. when a health care provider fails to timely respond to an initial inquiry under Subsection A of this Section; or
3. when an independent consultant appointed by the board pursuant to Subsection B of this Section determines that the health care provider is in possession of relevant medical information and records not previously reported or provided to the board; or
4. when a health care provider fails or refuses to consult with or permit examination of records by an independent consultant appointed by the board pursuant to Subsection B of this Section; or
5. when the board has reasonable grounds to believe immediate disclosure or production of relevant medical information and records is imperatively required to prevent imminent danger to the public health and safety.

D. With respect to relevant medical information and records in the possession of a health care provider not subject to the board’s subpoena authority or not located within the state of Louisiana who or which fails or refuses to respond to an initial inquiry by the board pursuant to Subsection A of this Section, or who fails or refuses to provide relevant medical information or records in his or its possession, the subject physician, upon reasonable prior notice and request by the board, shall be obligated to execute and subscribe a written instrument, directed to such health care provider, authorizing such health care provider to disclose and provide relevant medical information and records to the board. A physician’s failure to provide such written authorization and consent, when so requested by the board pursuant to this Section, shall be deemed a violation of the rules and regulations of the board, constituting sufficient grounds under R.S. 37:1285(A)(30) for the denial of an application by the physician for licensure or for the suspension or revocation of the physician’s medical license.

§8311. Confidentiality of Medical Information and Records

Medical information and records obtained by the board
pursuant to R.S. 37:1278(B) and the rules of this Chapter, and as to which the privilege of confidentiality has not otherwise been waived or abandoned, shall be maintained in confidence by the board, its officers, members, employees and agents, shall not be deemed or treated as public records, and shall be privileged against disclosure or production pursuant to administrative or judicial subpoena; provided, however, that any such information or records which are admitted into evidence and made part of the administrative record in an adjudicatory proceeding before the board pursuant to R.S. 37:1285 shall remain confidential but shall not be privileged from disclosure and production pursuant to administrative or judicial subpoena and provided further that any such information or records made a part of an administrative adjudicatory record shall become public records upon the filing of a petition for judicial review of the board’s final decision therein.

NOTICE OF INTENT
Department of Health and Hospitals
Board of Medical Examiners

Notice is hereby given, in accordance with R.S. 49:950, et seq., that the Louisiana State Board of Medical Examiners (board), pursuant to the authority vested in the board by R.S. 37:1270B(1) and (6) and R.S. 37:3351-61, intends to amend and supplement its rules governing the qualifications for licensure and temporary licenses for respiratory therapists and respiratory therapy technicians. The proposed amendments are set forth hereinafter. Inquiries concerning the proposed rules may be directed in writing to: Delmar Rorison, Executive Director, Louisiana State Board of Medical Examiners, at the address set forth below.

Interested persons may submit data, views, arguments, information or comments on the proposed rule, in writing, to the Louisiana State Board of Medical Examiners, at Suite 100, 830 Union Street, New Orleans, LA 70112-1499. Written comments must be submitted and received by February 17, 1989. A request pursuant to R.S. 49-953(A)(2) for oral presentation, argument or public hearing must be made in writing on or before February 3, 1989.

Title 46
PROFESSIONAL AND OCCUPATIONAL STANDARDS
Part XLV. Medical Profession
Subpart 2. Licensing and Certification
Chapter 25. Licensure Qualification, Temporary License
§2507. Requirements for Licensure of Respiratory Therapist (amended)
A. To be eligible and qualified to obtain a respiratory therapist license, an applicant shall:
1. be at least 18 years of age;
2. be of good moral character;
3. be a high school graduate or have the equivalent of a high school diploma;
4. possess current credentials as a registered respiratory therapist granted by the National Board for Respiratory Care, or its successor organization or equivalent approved by the board, on the basis of written examination; provided, however, that an applicant who has failed such written examination four times shall not thereafter be eligible for licensure in Louisiana;
5. be a citizen of the United States or possess valid and current legal authority to reside and work in the United States duly issued by the commissioner of the Immigration and Naturalization Service of the United States under and pursuant to the Immigration and Nationality Act (66 Stat. 163) and the commissioner's regulations thereunder (8 C.F.R.);
6. satisfy the applicable fees as prescribed by Chapter 1 of these rules;
7. satisfy the procedures and requirements for application provided by §2513 to §2517 of this Chapter; and
8. not be otherwise disqualified for licensure by virtue of the existence of any grounds for denial of licensure as provided by the law or in these rules.

§2509. Requirements for Licensure of Respiratory Therapy Technician (amended)
A. To be eligible and qualified to obtain a respiratory therapy technician license, an applicant shall:
1. be at least 18 years of age;
2. be of good moral character;
3. be a high school graduate or have the equivalent of a high school diploma;
4. possess at least one of the following credentials:
   a. current credentials as a certified respiratory therapy technician granted by the National Board for Respiratory Care, or its successor organization or equivalent approved by the board, on the basis of written examination; provided, however, that an applicant who has failed such written examination four times shall not thereafter be eligible for licensure in Louisiana; or
   b. be a graduate of a respiratory therapy technician program approved by the American Medical Association or its suc-
cessor and have taken and successfully passed the examination administered by the board as further detailed in §§2519 to 2537 of this Chapter; provided, however, that an applicant who has failed such examination four times shall not thereafter be eligible for licensure in Louisiana; or

c. a temporary license issued in accordance with the provisions of §2547B of these rules and who has taken and passed the licensing examination administered by the board; provided, however, that an applicant who has failed such examination four times shall not thereafter be eligible for licensure in Louisiana.

5. be a citizen of the United States or possess valid and current legal authority to reside and work in the United States duly issued by the commissioner of the Immigration and Naturalization Service of the United States under and pursuant to the Immigration and Nationality Act (66 Stat. 163) and the commissioner’s regulations thereunder (8 C.F.R.);

6. satisfy the applicable fees as prescribed by Chapter 1 of these rules;

7. satisfy the procedures and requirements for application provided by §2513 to §2517 of this Chapter; and if applicable, the procedures and requirements for examination provided by §§2519-2537 of this Chapter; and

8. not be otherwise disqualified for licensure by virtue of the existence of any grounds for denial of licensure as provided by the law or in these rules.

§2547. Temporary License (Amended)

A. An applicant may obtain an eighteen-month temporary license as a respiratory therapy technician if he has completed the appropriate American Medical Association approved program and has applied for and is awaiting examination. The temporary license shall be valid until the date on which the results of the qualifying examination have been known and acted on by the board. The temporary license shall be renewable only once if the applicant fails the examination or if the applicant fails to take the qualifying examination. Exceptions may be made at the discretion of the board based upon an appeal identifying extenuating circumstances.

B. Repealed.

Delmar Rorison
Executive Director

NOTICE OF INTENT

Department of Health and Hospitals
Board of Medical Examiners

Notice is hereby given, in accordance with R.S. 49:950, et seq., that the Louisiana State Board of Medical Examiners (board), pursuant to the authority vested in the board by R.S. 37:1270(B)(1) and (6), R.S. 37:1275 and R.S. 37:1272, as amended by Acts 1988, No. 887, intends to adopt a transitional rule governing the criteria and procedure for the licensure of physicians having, for a period of not less than 48 consecutive months, been actively engaged in the practice of medicine in the state of Louisiana under authority of an Institutional Temporary Permit previously issued by the board pursuant to R.S. 37:1275. The proposed rule is set forth hereinafter. Inquiries concerning the proposed rule may be directed in writing to: Delmar Rorison, Executive Director, Louisiana State Board of Medical Examiners, at the address set forth below.

Interested persons may submit data, views, arguments, information or comments on the proposed rule, in writing, to the Louisiana State Board of Medical Examiners, at Suite 100, 830 Union Street, New Orleans, LA 70112-1499. Written comments must be submitted and received by February 17, 1989. A request pursuant to R.S. 49:953(A)(2) for oral presentation, argument or public hearing must be made in writing on or before February 3, 1989.

Title 46
PROFESSIONAL AND OCCUPATIONAL STANDARDS
Part XLV. Medical Profession
Chapter 3. Licensing and Certification of Physicians and Surgeons
Subchapter A. General Provisions
§326. Alternative Qualification (Transitional Rule)

A. A foreign medical graduate who possesses and meets all of the qualifications and requirements specified by §§323 to 325 of this Chapter, save for having successfully completed postgraduate clinical training of the duration and type otherwise required by §323.A.4, shall nonetheless be eligible for licensing, upon application, if, for a period of not less than 48 consecutive months, he has been actively engaged in the practice of medicine in the state of Louisiana under authority of an Institutional Temporary Permit previously issued by the board pursuant to R.S. 37:1275, and his professional performance in exercising privileges under such permit is determined by the board to have been satisfactory relative to the physician's cognitive and clinical competence.

B. In considering an application made pursuant to this Section, the board may make such inquiry and require the applicant to submit, or cause to be submitted, such documentation as the board deems necessary or appropriate to provide a reason-
able basis for determining whether the applicant's professional performance while holding an Institutional Temporary Permit has been satisfactory and whether, at the time of the application, the applicant is capable of practicing medicine with reasonable competence, skill and safety to patients. Without limitation on such authority, as a condition to consideration of an application made pursuant to this Section, the board may require an applicant to authorize and cause to be submitted to the board, in writing, an evaluation of the applicant's medical competence and professional performance while holding an Institutional Temporary Permit by: (i) the physician serving as chief of staff (or equivalent position) at the time application for licensure is made hereunder, and (ii) the physician(s) serving as the applicant's immediate medical supervisor(s), responsible for his professional performance, at the time application for licensure is made hereunder and for the preceding two years. Each such written evaluation shall include a description of the nature and scope of the applicant's clinical practice at the subject institution, the author's general evaluation of the applicant's professional performance at such institution, advice as to whether the applicant has been the subject of employment or professional complaint or disciplinary action while at such institution (including the nature and result of any such complaint or action), and the author's opinion as to whether the applicant is currently capable of practicing medicine with reasonable skill and safety to patients pursuant to unrestricted medical licensure.

Executive Director

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: Alternative Qualification (Transitional Rule)
Physicians and Surgeons

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
It is not anticipated that implementation of the proposed rule will result in any additional costs to the Board of Medical Examiners.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
It is not anticipated that implementation of the proposed rule will have a material effect on the board's revenue collections.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)
Approximately 35 physicians currently hold Institutional Temporary Permits previously issued by the board. Provided that they are able to satisfy other conditions to licensure, all of such physicians may ultimately, following the satisfactory completion of four years under such permits, be eligible for unrestricted licensure, entitling them to practice medicine in the state of Louisiana in any lawful capacity, with the potential for additional income in alternative institutional or private practice. Institutions currently employing such physicians who, upon full licensure, choose to relocate, may have to increase compensation to recruit and maintain necessary complements of physician staffing. The board is unable to estimate either the number of physicians who may make such an election or the actual economic impact on affected institutions. Given the small number of physicians affected, it is not anticipated that the effects of the licensure provided for by the rule will be significant.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
It is not anticipated that the proposed rule will have a material impact on competition or employment in either the public or private sector, though the rule may make unrestricted medical licensure available to approximately 15-25 physicians otherwise ineligible, thereby enhancing competition in the provision of medical services in the state.

Delmar Rorison
Executive Director
John R. Rombach
Legislative Fiscal Officer

NOTICE OF INTENT
Department of Health and Hospitals
Office of Public Health

In accordance with the laws of R.S. 40:4, 40:5, and the provisions of Chapter XIII of the State Sanitary Code, the state health officer is proposing that the following amendment to the listing entitled "Mechanical Wastewater Treatment Plants for Individual Homes--Acceptable Units" be made:
1. Amend the listing to include one additional series model for a currently listed manufacturer/plant, specified as follows:

<table>
<thead>
<tr>
<th>MANUFACTURER</th>
<th>PLANT DESIGNATION</th>
<th>CAPACITY</th>
</tr>
</thead>
<tbody>
<tr>
<td>Clearstream Wastewater Systems, Inc.</td>
<td>Model 750 H</td>
<td>750 GPD</td>
</tr>
</tbody>
</table>

Box 705
Silsbee, Texas 77656
(409) 385-1395

The specified change is in compliance with the requirements set forth in Section 6.6 of Appendix A of Chapter XIII of the State Sanitary Code.

Comments regarding the proposed rule should be addressed to Joseph D. Kimbrell, Deputy Assistant Secretary-Programs, Office of Public Health, Department of Health and Hospitals, Box 60630, New Orleans, LA 70160. A public review hearing will be held on February 6, 1989 at 10 a.m. at 325 Loyola Avenue, Room 511, New Orleans, to hear comments on the rule.

David L. Ramsey
Secretary

Rule Title: "Mechanical Wastewater Treatment Plants for Individual Homes--Acceptable Units:" Amended Listing

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There are no implementation costs.
II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There is no effect on revenue collections.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

The consumer will be afforded a wider selection of products -- thus enhancing competition and possibly resulting in reduced costs for the related products and services to the consumer.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

Competition will be stimulated by the presence of the new product. Effect on employment cannot be estimated.

Joseph D. Kimbrell
Deputy Assistant Secretary

John R. Rombach
Legislative Fiscal Officer

NOTICE OF INTENT

Department of Health and Hospitals
Office of Public Health

(Editor's Note: This Notice of Intent is being republished in its entirety to correct an error in the December Louisiana Register. The final rule will be published in February.)

The Department of Health and Hospitals, Office of Public Health intends to change Chapter XXIII A of the State Sanitary Code to conform with Act 644 of the 1988 Regular Session of the Louisiana Legislature. This rulemaking recinds the rule promulgated in the February 20, 1988 issue of the Louisiana Register on Page 92.

The current Chapter XXIII A will be changed to read as follows:

CHAPTER XXIII A
TEMPORARY FOOD SERVICE

23A:001. DEFINITIONS: Unless otherwise specifically provided herein, the following words and terms used in this Chapter of the Sanitary Code, and all other Chapters which are adopted or may be adopted, are defined for the purposes thereof as follows:

Festivals or fairs shall mean a gathering of persons for an event such as a bazaar, carnival, circus, public exhibition or other similar gathering for the purpose of celebration, competition, entertainment, distribution or sale of foods or goods, exhibition, religious activity, or other such purposes, which will operate for only a temporary period in any one location.

Recognized Louisiana Festival or fair: For purposes of this regulation, the words "Recognized Louisiana Festival or Fair" shall mean those that are officially acknowledged, in writing, as recognized by a state, parish, or municipal governmental body or by the Louisiana Association of Fairs and Festivals.

Multi-service articles shall mean reusable articles for the service of foods made of smooth, impervious material and approved by the state health officer.

Single-service articles shall mean cups, containers, lids, closures, plates, knives, forks, spoons, stirrers, paddles, straws, napkins, wrapping materials, toothpicks, and small articles intended for one-time, one-person use and then discarded.

Temporary Food Service shall mean a food service that operates for a period of time of not more than 21 consecutive days in conjunction with a single event in a single location such as, but not limited to a festival or fair.

Potentially Hazardous Food means any food that consists in whole or in part of milk or milk products, eggs, meat, poultry, fish, shellfish, edible crustacea, or other ingredients, including synthetic ingredients, in a form capable of supporting rapid and progressive growth of infectious or toxicogenic microorganisms.

Organizer/ Promoter/ Chairman means that person responsible for managing the festival or fair. In the event of his/her unavailability, the assistant shall be deemed the responsible person.

Individual Food Operator/ Responsible Person means the person responsible for operating the individual food service concession.

Food Vendor/ Food Concessionaire shall mean any person who handles food or drink during preparation or serving, or who comes in contact with any eating or cooking utensils, or who is employed at any time in a room in which food or drink is prepared or served.

Interpretation: This chapter shall be interpreted and applied to promote its underlying purpose of protecting the public health.

PART 1. TEMPORARY FOOD SERVICE REGULATIONS:
23A:002. GENERAL: The state health officer or his/her duly authorized representative may impose requirements in addition to those set forth below to protect against health hazards related to the operation of the temporary food service, may prohibit the sale of some or all potentially hazardous foods, and when no health hazard will result, may waive or modify requirements of the Code, in accordance with Administrative Procedures. Nothing in this Chapter shall be construed to abridge the constitutional right of the people to peaceably assemble.

23A:003 PERMITS:
A. A temporary food service permit is not required for those fairs or festivals expressly exempted from regulation by this Code by R.S. 40:4.1 thru R.S. 40:4.6 inclusive.
B. When an organizer, promoter, or chairman of an exempted fair or festival makes written request for Office of Public Health inspections and permits and pays applicable fees, he or she shall comply with 23A:003-1 of this Code.
C. All fairs or festivals not exempted by 23A:003A, shall not be allowed to operate until applying for, paying applicable fees, and receiving a valid permit to operate from the state health officer or his/her duly authorized representative

23A:003-1 Written application for permit (LHS-31A), signed agreement, and supplemental application (obtainable from parish health unit) should be received by the state health officer or his/her duly authorized representative at least 30 days in advance of the proposed gathering.

A permit to operate shall be required of the festival, fair or other special event organizer or promoter and must be obtained from the local parish health unit. The following shall be included with the application for permit:
(A) name of special event;
(B) location of special event;
(C) permanent mailing address;
(D) telephone number;
(E) name of property owner;
(F) opening date;
(G) closing date;
(H) daily hours of operation;
(I) size of site (square feet);
(J) anticipated maximum attendance at any one time;
(K) name of event organizer or promoter;
(L) home address of organizer or promoter;
(M) home phone number of organizer or promoter;
(N) business address and phone number of organizer or promoter;
(O) list of each Individual Food Operator/Responsible Person, including their home address, home phone number, business phone, and food items to be sold.
(P) outline map showing the locations of all proposed and existing:
(1) toilets;
(2) lavatory facilities;
(3) water supply sources (including storage tanks) and distribution system;
(4) food service areas (including diagram and description of the types of booths, tents, etc. to be used for the preparation of or dispensing of any food or beverage products);
(5) garbage and refuse storage and disposal areas;
(6) special event command post;
(7) location of sewage disposal;
(Q) the following optional information is recommended to be included with the application for permit (on the outline map):

A permit to operate shall also be required of each Individual Food Operator/Responsible Person operating a temporary food service unit and must be obtained from the local parish health unit. Permits are not transferable, shall be issued for each food and/or beverage stand and shall be posted in the temporary food service unit/booth.

23A:004 ICE/WET STORAGE: Ice that is consumed or that contacts food shall be made under conditions meeting the requirements of this Code. The ice shall be drained and held in a way that protects it from contamination. ICE SCOOPS MUST BE USED. (i.e. ice used for food storage shall not be used for human consumption). The use of dry ice and/or frozen gel packs are recommended for cold storage. Storage of packaged food in contact with water or undrained ice is prohibited. Sandwiches shall not be stored in direct contact with ice.

23A:004-1 EQUIPMENT: Equipment and food contact surfaces must be of good construction, in good repair, clean, and located and installed in a way that prevents food contamination.

23A:005 FOOD PROTECTION:
23A:005-1 SOURCE: Food shall be in sound condition, free from spoilage, filth or other contamination and shall be safe for human consumption. Food shall be obtained from sources that comply with all laws and regulations related to food and food labeling.

The use of canned food not prepared in a food processing establishment is prohibited.

The sale of potentially hazardous home prepared food is prohibited. Food prepared away from the site must be prepared in an approved facility, handled, transported, stored, and served in accordance with applicable provisions of the Sanitary Code as described in Chapter XXIII.

23A:005-2 TEMPERATURE CONTROL: All potentially hazardous (and readily perishable) foods shall be maintained at a temperature of 45°F or below, or at a temperature of 140°F or above at all times, including during transportation if prepared off site and during storage. A thermometer should be provided in all perishable food storage facilities.

23A:005-3 CROSS CONTAMINATION: Cooked food shall be protected from contamination by raw foods or items coming in contact with raw foods. The re-use of containers made of paper, wood, wax or plastic coated cardboard is prohibited. Containers made of glass, metal, or hard plastic may be reused only after they are properly washed, rinsed, and sanitized.

23A:006 FOOD AND FOOD SERVICE SUPPLIES:
23A:006-1 STORAGE: Food offered for human consumption shall not be openly displayed, and must be adequately protected from dust, flies, and other vermin at all times. Additionally, food and food service supplies must be stored off the ground/floor.

23A:006-2 DISPLAY AND SERVICE: Food and food service supplies shall be protected from contamination by consumers and other contaminating agents during display and service.

Sugar, salt, pepper and other condiments must be served in approved containers (i.e. shakers, squeeze bottles, or self-dispensing pumps) or individual packages. The use of bulk or open containers is prohibited.

Eating utensils and items such as straws and toothpicks, must be dispensed by the food vendor or individually wrapped or dispensed from self-dispensing containers.

All beverages must be dispensed/served from a closed container, with a spigot, or from the original container.

All milk dispensed must be served in individual containers or from approved bulk dispensers. Only pasteurized milk or cream, from approved sources, shall be used or served.

23A:007 PERSONAL HYGIENE. Each person working in a food booth must be in good health, free of any communicable disease, have no open sores, in clean clothing, and have their hair restrained (i.e. caps, sunvisors, etc.). Food handlers shall thoroughly wash their hands with soap and warm water before starting work, during work as often as is necessary to keep them clean, and after smoking, eating, drinking or using the toilet. Smoking in food booths and food preparation areas is prohibited.

23A:008 FOOD STAND/BOOTH CONSTRUCTION:
23A:008-1 INDOOR BOOTH must be constructed with tables, counters, and/or walls on all sides to control patron access. Food service must be from the rear area of the booth or otherwise dispensed to prevent contamination by customers' coughing and sneezing.

23A:008-2 OUTDOOR BOOTH must be constructed to include a roof made of wood, canvas, or other material that protects the interior of the booth from the weather and is enclosed by counters/walls to control patrons’ access.

It is recommended that the booth be enclosed on three sides with the fourth, front side opening the service area, so constructed as to minimize the entrance of dust, flies and vermin; the use of screen, mosquito netting, or polyurethane for this purpose is acceptable; counter-service openings shall be minimal.

Additional protective covering must be provided to completely enclose outer openings in the event of rain, dust storms
or other inclement weather.

23A:008-3 FLOORS shall be kept clean, in good repair and level, so as not to allow the pooling of water. It is recommended that floors be constructed of concrete, asphalt, or similar material. Dirt or gravel, when graded to drain, may be used, however, clean removable pallets, duckboards, plywood, or other similar material is recommended.

23A:008-4 BARBECUE PLACES: Places where barbecue is cooked must be provided with a cover impenetrable by rain or barbecue pits must be provided with covers. All food storage and handling must be as per Section 23A:006.

23A:008-5 SEAFOOD BOILS: Seafood boils are permissible as long as the boiling areas are provided with a cover impenetrable to rain or a covered boiling apparatus. Care must be given to avoid cross contamination and maintain proper temperature control.

23A:008-6 EXCEPTION: Pre-packaged, pre-wrapped and properly labeled (according to the provisions of Louisiana's Food, Drug and Cosmetic Law) foods may be offered for sale in open type food stands, providing such food is properly stored and handled as described in Chapter XXIII.

23A:009 SANITIZING OF UTENSILS AND EQUIPMENT: All utensils and equipment must be washed, rinsed, and sanitized at least daily, or when needed, in order to prevent contamination as described in Chapter XXIII.

Soft service frozen dessert machines are permissible as long as facilities are provided on site for cleaning and sanitizing. Such machines must be broken down, cleaned, and sanitized daily.

All glasses, cups, spoons and other utensils which come in contact with the mouth or lips must be properly cleaned and sanitized after each use; single service utensils can be used only once.

23A:010 WATER: Enough potable water shall be available for food preparation, for cleaning and sanitizing utensils and equipment, and for hand washing. A heating facility capable of producing enough hot water for these purposes shall be required.

Water supply lines and appurtenances shall be of good construction, in good repair and properly maintained. Adequate protection, including vacuum breakers, shall be provided in order to protect the public water supply. Water faucets or drinking fountains shall be of approved type, conveniently accessible and well identified.

Potable (drinking) water requirements are contained in Chapter XII of this Code.

23A:011 SEWAGE (TOILETS AND WASTE): Approved facilities shall be provided and properly maintained for the disposal or collection, treatment, and disposal of all sewage and liquid waste, as provided in Chapter XIII of this Code.

No person shall discharge, or allow to be discharged, the contents or effluent from any water closet, sink, lavatory, bath tub, shower drain, kitchen fixture, laundry fixture, vault, privy, leaching pit, chemical toilet, or septic tank, directly or indirectly, into any street, gutter, ditch, water course, body of water, or onto the surface of the ground. Toilets shall be provided at the rate of one per 200 persons or fractional part thereof.

23A:012 HAND WASHING: When water under pressure is available, a convenient hand washing facility with hot and cold water, through a mixer faucet shall be provided for employee hand washing in the food preparation, food service, and equipment washing area. Soap and sanitary towels must be provided at the lavatory. Reusable towels for common use are prohibited.

When water under pressure is not available at the serving or food dispensing booth, two buckets of water shall be provided for each concessionaire. One bucket containing potable water must be provided to remove extraneous materials or excess food particles; a second bucket containing a sanitizing solution (100 ppm chlorine, or 25 ppm iodine, or 200 ppm quaternary ammonia) must be provided as a hand dip well.

23A:013 REFUSE (GARBAGE AND TRASH): Refuse means all combustible or non-combustible, putrescible or non-putrescible solid or liquid wastes. The storage, collection, transportation, and disposal of refuse shall be so conducted as to prevent odor, insect, rodent, and other nuisance conditions.

One 50-gallon refuse container shall be provided for each 100 persons at peak anticipated attendance. Additionally, each food vendor must have a covered container for booth use. All refuse shall be collected at least once each day of the assembly (or more often, if necessary), and handled, transported and disposed of in an approved manner, in order to insure that no nuisance is created.

Grease containers will be provided and ALL used grease must be deposited in these containers. IT MUST NOT BE POURED DOWN ANY DRAIN.

The grounds and immediate surrounding properties shall be cleaned of refuse as soon as possible following the assembly, within and not exceeding 24 hours.

23A:014 MISCELLANEOUS:

23A:014-1 GROUNDS: Each fair, festival and/or temporary food service site shall be well drained and so arranged to provide sufficient space for people assembled, vehicles, sanitary facilities, and equipment.

All tents, cars, trailers, food stands and other appurtenances connected with said activity shall at all times be kept in a clean and sanitary condition; and the grounds on which located shall be kept and, when vacated, left in a clean and sanitary condition.

The grounds shall be maintained free from dust wherever possible, accumulations of refuse, and other health and safety hazards.

23A:014-2 VECTOR CONTROL: Insects, rodents and other vermin shall be controlled by proper sanitary practices, extermination, or other safe and effective control methods.

23A:015 INSPECTIONS/VIOLATIONS/CLOSURE: All food operations are subject to at least daily inspections by representatives of the Department of Health and Hospitals.

Critical violations (i.e. temperature control, food handling, food protection, sewage and waste, etc.) noted at the time of inspection are expected to be corrected immediately. Non-critical violations must be corrected as soon as possible. Failure to make the necessary corrections or repeated violations will result in suspension of permit or seizure of food stuffs and/or further legal action.

Interested persons may submit comments on the proposed changes to Joseph D. Kimbrell, Deputy Assistant Secretary, Department of Health and Hospitals, Office of Public Health, Box 60630, New Orleans, LA 70160.

Secretary
Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: Chapter XXIII A State Sanitary Code

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO
STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There are no estimated implementation costs.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF
STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
We anticipate no more than 10 fairs or festivals making
application, therefore, the $250 generated is insignificant.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO
DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)
Any recognized Louisiana fair or festival official or organi-
zator who requests an inspection and subsequent issuance of a
permit will be charged a fee of $25. This would allow food
service operators at fairs and festivals to meet the require-
ments of the Sanitary Code while providing a margin of pro-
tection to the consuming public.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOY-
MENT (Summary)
There is no estimated effect on competition and employ-
ment.

NOTICE OF INTENT
Department of Health and Hospitals
Office of the Secretary

In accordance with Act 104 of the 1988 Regular Session
of the Louisiana Legislature, the Department of Health and Hos-
pitals, Office of the Secretary, proposes to amend LAC 48:
Chapter 43, Section 4301 and 4302 (A), as follows:

Title 48
PUBLIC HEALTH—GENERAL
Part XI. Hospitals
Subpart XVII. Hospital Notification

Chapter 43. Infectious Disease Notifications

§4301. Introduction
A. If, while treating or transporting an ill or injured patient
to a hospital, an emergency medical technician, paramedic, fire-
fighter, or other person who is employed by or voluntarily work-
ing with a firm, agency, or organization which provides
emergency treatment or transportation comes into direct contact
with a patient who is subsequently diagnosed as having an infec-
tious disease as listed below, the hospital receiving the patient
shall notify the appropriate firm, agency, or organization which
shall notify its emergency medical technician, paramedic, fire-
fighter, emergency medical transportation service employer, or
other person treating or transporting the patient of the individ-
ual’s exposure to the infectious disease.

B. In accordance with the above, DHH defines hospital to
mean any public or private health care facility which is primarily
operated for the purposes of diagnosis, treatment or care of per-
sons admitted for health care services. This definition expressly
includes emergency rooms and outpatient clinics operated in
connection with said health care facilities. In addition, R.S.
40:1099 B requires notification to and by nursing homes.

C. The following infectious diseases are subject to notifi-
cation and consultation procedures of this rule:
1. untreated pulmonary tuberculosis;
2. acute meningococcal meningitis;
3. acute hepatitis virus B infection (or diagnosed carriers
   of chronic hepatitis B);
4. human immunodeficiency virus (HIV) infection or ac-
quired immune deficiency syndrome (AIDS).

§4302. Requirements
A. The following notification and consultation procedures
shall be carried out in each hospital:

1. Each hospital shall maintain a registry or sign-in log
which shall include the name, address and telephone number of
the agency, firm, organization, and person(s) who provided
emergency treatment and/or transportation of the patient, when
the provider is someone other than an ambulance transportation
service provider (transporting ambulance providers shall con-
tinue to use the existing ambulance transportation log). The log
shall later be referred to in the event that it becomes necessary to
identify and notify such providers of the exposure to a patient
who is subsequently diagnosed and confirmed as having one of
the above listed infectious diseases.

2. Each hospital shall post a visible sign to advise the
public that Louisiana law requires the hospital to notify, within 48
hours after diagnosis confirmation, any person who has pro-
vided emergency treatment or transportation of a patient who is
later diagnosed to have infectious diseases as listed in §4301. In
order to comply with this law, anyone transporting a patient into
the hospital must register in the hospital log book with the name
of the agency, firm, or organization with which he/she is affili-
ated. Transporting ambulance service providers, however, will
continue to sign the existing ambulance log which is currently
completed whenever a patient is transported by ambulance to the
hospital.

3. The hospital’s Infection Control Officer (ICO) or other
administratively designated staff person shall be promptly noti-
fied of all cases involving confirmed diagnoses of the above listed
infectious diseases. The ICO shall confidentially contact the
listed firms, agencies, and organizations (which will in turn notify
the individual) to advise of the exposure to a confirmed case of
an infectious disease. The notification, which shall be done
within 48 hours of confirmation of patient diagnosis, must in-
clude a statement that the transporting agency, firm, or organiza-
tion contact a designated hospital staff person for necessary
consultation. The hospital must document that the required noti-
fication and consultation, if held, has taken place.

Interested persons may comment on the proposed
changes, in writing, until 4:30 p.m., February 20, 1989 at the
following address: Bureau of Policy Planning, 655 North Fifth
Street, Room 305, Baton Rouge, LA 70802.

AUTHORITY NOTE: Promulgated in accordance with
R.S. 40:1099.

HISTORICAL NOTE: Promulgated by the Department of
Health and Human Resources, LR 13: (January 1987),
amended by the Department of Health and Hospitals, Office of
the Secretary, LR 15: (January 1989).

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There are no estimated implementation costs or savings as a result of implementation of this proposed rule change.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
This proposed rule change should have no estimated effect on revenue collections of state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)
The proposed rule change deals with a small change in a hospital reporting process and will have no economic costs or benefits on the directly affected persons or on non-governmental groups.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
There is no estimated effect on competition or employment.

NOTICE OF INTENT
Department of Transportation and Development
Office of the Secretary

In accordance with the applicable provisions of the Administrative Procedure Act, R.S. 49:950, et seq., notice is hereby given that the Department of Transportation and Development intends to adopt the attached schedule of tolls that will apply to vehicles and pedestrians using ferry crossings owned, operated and maintained by the Department of Transportation and Development, all in accordance with the provisions of R.S. 48:25.

PROPOSED RULE

Department of Transportation and Development Ferries
TOLL SCHEDULE

The following toll schedule applies to:

1) Edgard/Reserve Ferry
   Mississippi River
   District 02

2) Plaquemine/Sunshine Ferry
   Mississippi River
   District 61

3) New Roads/St. Francisville Ferry
   Mississippi River
   District 61

4) Cameron/Ship Channel Ferry
   Calcasieu River and Intracoastal
   District 07

5) Cameron/Monkey Island Ferry
   Calcasieu River
   District 07

6) White Castle/Carville
   Mississippi River
   District 61

7) Duty/Enterprise
   Ouachita River
   District 58

8) Melville
   Atchafalaya River
   District 03

9) Angola
   Mississippi River
   District 61

Each vehicle, its owner or operator, and all occupants of such vehicle shall be jointly and solidarily liable for payment of the prescribed toll. Each ferry passenger not crossing in a vehicle shall be liable for payment of the prescribed toll.

The funds thus generated will be applied to the construction, improvements, repairs, maintenance, and operations of those ferry facilities and properties.

Joseph L. Wax
Deputy Undersecretary

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: Toll Schedule DOTD Ferries

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
All of the ferries at the nine different locations now meet Coast Guard Standards. The expenditures related to upgrading these ferries occurred in FY 1987-88. DOTD will have some expenses related to training and some expenses related to depositing the receipts daily at the different locations. These expenses will total $55,000/year and sufficient funding is available within DOTD's current operating budget to provide for this expense.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The net revenues for these nine locations are estimated at $206,000 per month. These estimates were based on the calendar year 1987 actual ridership statistics, less 10 percent decrease for the economy and the anticipated decrease in ridership due to the tolls.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)
The economic costs to individual riders will be as reflected on the attached fee schedule. Regular users of ferries could pay as much as $40 per month but these costs are optional as riders can elect to ride the ferries or use alternate routes. It is estimated that annual fee collections will total approximately $1.4 million. The benefits to riders are that the ferry will save time and expenses incurred by using alternate routes for river crossings.
IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

This rule will have no effect on competition or employment.

Dale J. Richard
Management and Budget Administrator

John R. Rombach
Legislative Fiscal Officer

NOTICE OF INTENT

Department of Transportation and Development
Office of the Secretary

In accordance with the applicable provisions of the Administrative Procedure Act, R.S. 49:950, et seq., notice is hereby given that the Department of Transportation and Development intends to adopt the following schedule of tolls that will apply to vehicles and pedestrians using ferry crossings owned, operated and maintained by the Department of Transportation and Development, all in accordance with the provisions of R.S. 48:25.

PROPOSED RULE

Department of Transportation and Development Ferries

TOLL SCHEDULE

1) $.50 for pedestrian, per crossing each way
2) $1.00 per vehicle, per crossing each way

Locations:
1) Chalmette - Lower Algiers
2) Canal Street - Algiers
3) Jackson Avenue - Gretna

Each vehicle, its owner or operator, and all occupants of such vehicle shall be jointly and solidarily liable for payment of the prescribed toll. Each ferry passenger not crossing in a vehicle shall be liable for payment of the prescribed toll.

Exceptions: Elderly and Handicapped access to the ferries will be free at all times. Evidence of Elderly and/or Handicapped status will be demonstrated by an identification card issued by any one of the following: regional transit authority, St. Bernard Parish, or Jefferson Parish or any of its transit operators.

All interested persons so desiring shall submit oral or written data, views, comments or arguments no later than 30 days from the date of publication of this notice of intent to: Joseph L. Wax, Deputy Undersecretary, Department of Transportation and Development, Box 94245, Baton Rouge, LA 70804-9245.

Joseph L. Wax
Deputy Undersecretary

Fiscal and Economic Impact Statement

For Administrative Rules

Rule Title: Ferry Tolls - MRBA

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

All ferries at the three locations now meet Coast Guard Standards. Routine maintenance is budgeted on a regular fiscal year basis to keep these boats up to Coast Guard Standards. Additional police and toll collector expenses will be necessary with the imposition of tolls. These expenses will total $170,000 per year.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The net monthly revenues from these three locations are estimated at $258,000. These estimates were based on the actual ridership statistics, less 10 percent. The 10 percent decrease is based on bridges drawing some of the old ferry riders.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

Regular users of ferries could pay as much as $40 per month.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

Approximately 15 additional personnel will be necessary to police the ferries and collect the tolls. However, there should be no effect on competition and employment other than the direct employment of these personnel.

NOTICE OF INTENT

Department of the Treasury
Bond Commission

In accordance with the application provisions of the Administrative Procedure Act, R.S. 49:950, et seq., notice is hereby given that the Louisiana State Bond Commission intends to amend the commission's rules as originally adopted on November 20, 1976.

The commission proposes to amend Rule No. 2 as follows:

2. Applications must be filed with the commission at least 20 working days in advance of a commission meeting, except in cases of absolute emergencies or in cases where permission for later filing of routine matters is granted.

The proposed rule amendment will be made available for public inspection between the hours of 8 a.m. and 4:30 p.m. on any working day after January 20, 1989, at the Office of the State Bond Commission, Third Floor, State Capitol Building, Baton Rouge, LA.

Interested persons may submit their views and opinions through January 30, 1989, to Sherri A. Dazet, Secretary and Director of the State Bond Commission, Third Floor, State Capitol Building, Box 44154, Baton Rouge, LA 70804.

The State Bond Commission shall, prior to the adoption of the rule, afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. Opportunity for oral presentation or argument shall be granted if requested, by 25 persons, by a governmental subdivision or agency, by an association having not less than 25 persons, or by a committee of either house of the Legislature to which the proposed rule change has been referred, as required under the provisions of Section 968 of Title 49. Such hearing shall be held as provided by law.
At least eight working days prior to the meeting of the State Bond Commission at which a rule or rules are proposed to be adopted, amended or repealed, notice of any intention to make an oral or written presentation shall be given to the director of the State Bond Commission. If the presentation is to be oral, such notice shall contain the name or names, telephone numbers, and mailing addresses of the person or persons who will make such oral presentation, who they are representing, the estimated time needed for the presentation, and a brief summary of the presentation. Notice of such oral presentation may be sent to all State Bond Commission members prior to the meeting. If the presentation is to be written, such notice shall contain the name or names of the person or persons submitting such written statement, who they are representing, and a copy of the statement itself. Such written statement will be sent to all State Bond Commission members prior to the meeting.

The commission shall consider all written and oral submissions concerning the proposed rules. Upon adoption of a rule, the commission if requested to do so by an interested person either prior to the adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for or against its adoption.

Mary L. Landrieu  
State Treasurer and Chairman

NOTICE OF INTENT

Department of Wildlife and Fisheries  
Wildlife and Fisheries Commission

The Louisiana Wildlife and Fisheries Commission hereby gives notice to the public that pursuant to Act 169 of the 1988 regular session of the Legislature, the commission intends to begin consideration of guidelines to be adopted for determining the value of illegally taken, possessed, injured, or destroyed fish, wild birds, wild quadrupeds, and other wildlife and aquatic life.

Guidelines for Determining Wildlife Values

The following guidelines are established pursuant to Act 169 of the 1988 Regular Session of the Louisiana Legislature and shall be used by the Louisiana Department of Wildlife and Fisheries in preparing recommendations to the Louisiana Wildlife and Fisheries Commission concerning values to be established for certain wildlife species in accordance with that act.

With respect to fish and shell fish species, published hatchery values reflecting estimated costs involved in rearing various fishes to particular size classes are available for many groups of freshwater fishes and are contained in the American Fisheries Society's publication entitled "Monetary Values of Freshwater Fish and Fish-kill Counting Guidelines." These figures, adjusted by the most recent Consumer Price Index; current data relating to expenditures of both sport and commercial fishermen relating to the animal or species which, directly or indirectly, result in revenues being generated for the state; ex-vessel commercial prices, as presented in the annual National Marine Fisheries Survey of Louisiana Landings; estimated costs involved in the capture, purchase, transportation and release of species of fish; the current commercial retail selling price of living replacement animals; and, the current commercial selling price of meat and/or other products which are derived from the animal and traded in commerce, may be considered by the department in formulating its recommendations concerning valuation.

With respect to avian species, existing information and estimated costs involved in the capture, purchase, transportation and release of species of birds; cost to purchase replacement animals from other states or jurisdictions; the costs to zoos and other zoological institutions to raise and maintain like animals; the current commercial retail selling price of meat and/or other products which are derived from the animal and traded in commerce; and, the expenditures of sportsmen and others relating to the animal or species which, directly or indirectly, result in revenue being generated for the state, may be considered by the department in formulating its recommendations concerning valuation.

With respect to mammal species, estimated costs involved in the capture, purchase, transportation, and release of species of mammals; pelt values; costs to zoos and other zoological institutions to raise and maintain like animals; the current commercial retail selling price of meat and/or other products which are derived from the animal and traded in commerce; and the expenditures of sportsmen and others relating to the animal or species which, directly or indirectly, result in revenue being generated for the state, may be considered by the department in formulating its recommendations concerning valuation.

With respect to reptiles and amphibian species, the estimated costs involved in the capture, purchase, transportation and release of species of reptiles and amphibians; pelt or hide values; costs to zoos and other zoological institutions to raise and maintain the animal; the current commercial retail selling price of meat and/or other products which are derived from the animal and traded in commerce; and the expenditures of hunters, trappers, and recreational sportsmen with respect to the animal or species which, directly or indirectly, result in revenues being generated for the state may be considered by the department in formulating its recommendations concerning valuation.

Certain species are highly prized because of their rarity or
may have a high intangible perceived value placed on the animal or species by the public. Other species have an intrinsically high value because they are threatened or endangered. In addition to the guidelines set forth above, the department may, with respect to these rare and/or threatened and/or endangered species which might have limited commercial value but which possess a high intangible, intrinsic, aesthetic, ecological, or biological value, consider those factors when determining its recommendations with respect to valuation.

Not all the criteria set forth in the guidelines above will be applicable to each particular species and each criterion or factor may be considered by the department only insofar as it is applicable to each particular species.

Interested persons may submit comments on these proposed rules to M. B.Watson, Department of Wildlife and Fisheries, Box 98000, Baton Rouge, LA 70898. Telephone: 765-2369.

NOTICE OF INTENT
Department of Wildlife and Fisheries
Wildlife and Fisheries Commission

The Wildlife and Fisheries Commission hereby expresses
intent to adopt rules and regulations establishing a marking sys-
tem for all gill nets and trammel nets used in the saltwater areas
of the state delineated by R.S. 56:322. Authority for adoption of
this rule is included in R.S. 56:320.

NOTICE OF INTENT
Department of Wildlife and Fisheries
Wildlife and Fisheries Commission
Closing 1988 Shrimp Seasons

In accordance with R.S. 49:967 (D) and R.S. 49:953 (B)
of the Administrative Procedure Act and Act 1988 Number 893.

Philip Bowman
Acting Administrator

John R. Rombach
Legislative Fiscal Officer
the Louisiana Wildlife and Fisheries Commission hereby declares:

1. the shrimp season in Shrimp Management Zone 1, Zone 2 and Zone 3 in Louisiana’s inshore waters as defined in R.S. 56:495 will close at 12:01 a.m. December 21, 1988 and
2. the shrimp season in Shrimp Management Zone 1, Zone 2 and Zone 3 in Louisiana’s offshore territorial waters will close at 12:01 a.m. January 31, 1989 except in the area from Bayou Fontanelle (Empire Ship Channel) to Caminada Pass where the closure will be for that portion of Louisiana’s offshore territorial waters in Shrimp Management Zone 2 from the inside-outside “shrimp” line seaward for a distance of three miles.

Interested persons may submit written comments or inquiries to Philip Bowman, Marine Fisheries Division, Department of Wildlife and Fisheries, Box 98000, Baton Rouge, LA 70898-9000.

Dr. Don Hines
Chairman

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: Shrimp Season, Title 56
and Act 1988 No. 893

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There will be no cost to implement this season as it will be handled along with other duties.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
This rule change will have no effect on revenue collections of state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)
The cost or benefits of this rule (season closure) on the shrimp fishermen cannot precisely be determined. However, cyclical closure of shrimp season is consistent with proper biological management and thus should result in long-term, industry-wide benefits.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
Approximately 60,000 individuals are influenced by the shrimp season. The effect of this rule cannot precisely be determined, however this rule would prohibit shrimp in the affected state waters until reopened by the Commission or the Department Secretary. Long-term employment in this industry in enhanced by proper biological management (e.g. cyclical closure of season).

Recommendation: The subcommittee recommends that the interest of the public can best be served by the enactment of legislation assessing penalties and attorneys’ fees against those who illegally construct driveways within highway rights-of-way rather than charging a fee to law-abiding citizens.

With respect to the proposed rule establishing a fee schedule for evaluation of new products, the subcommittee determined the following:

1. materials manufacturers and suppliers would be at a disadvantage as they will be required to pay a fee before the department decides whether or not it will use the product;
2. fair competition may be impaired since some materials manufacturers and suppliers may elect not to submit materials for evaluation due to the cost;
3. government should provide an environment conducive to free enterprise; and
4. testing costs have always been absorbed by the state to promote fair competition among suppliers and to provide the department with the latest technology. Department would lose more in new technology information than the $10,000 generated by this fee.

House members voting to disapprove the rule were Representatives Deano, Jetson, Guzzardo, Heitmeier, Hopkins, Kennard, McClery, and Triche.

With respect to the proposed rule establishing a fee for project-related inspections, the subcommittee determined the following:

1. Revenue of $240,000 to be generated by the fee cannot be justified as the cost of performing the service;
2. Revenue generated from the fee would be charged back to the department through the bid process by contractors bidding on state projects. In charging the fee, the state might be receiving cash payments from state bond money.

House members voting to disapprove the rule were Representatives Deano, Jetson, Guzzardo, Heitmeier, Hopkins, Kennard, and McClery.

With respect to the proposed rule establishing a fee for qualified products list qualifications, the subcommittee determined the following:

1. Costs incurred by the affected companies will be passed on to the department through increased bid prices.

House members voting to disapprove the rule were Representatives Deano, Jetson, Guzzardo, Heitmeier, Hopkins, Kennard, and McClery.

Under the provisions of LRS 49:968(G), please be advised that you have 10 calendar days to consider this report and, if it is your desire, to disapprove the action taken by the subcommittee. Please indicate your approval or disapproval of the subcommittee’s action and return this document to Mona Henderson, Research Analyst, House Committee on Transportation, Highways, and Public Works, Box 44486, Baton Rouge, LA 70804.

Chairman
COMMITTEE REPORT

House of Representatives
Natural Resources Subcommittee
Oversight Review

Pursuant to the provisions of R.S. 49:968, the House of Representatives Natural Resources Subcommittee on Oversight met on December 30, 1988 and reviewed certain proposed rules by the Louisiana Department of Wildlife and Fisheries to increase the rental rate on state waterbottoms leased for the purpose of cultivating and harvesting oysters with the following results:

Based on testimony by the chairman of the Oyster Task Force, the secretary of the department, and representatives of the oyster fishermen to the effect that the Oyster Task Force recommended the rejection of the rule because there were alternative ways to raise the funds needed by the department that were more equitable than an increase in the lease rental rate; and that the task force would be recommending possible legislation to address this matter for the upcoming legislative session; the proposed rule was found unacceptable by a vote of 10-0.

In accordance with R.S. 49:968(F) and 971, copies of this report are being forwarded this date to the Governor, the Department of Wildlife and Fisheries, the Louisiana Senate, and the State Register.

POTPOURRI

Department of Health and Hospitals
Office of the Secretary

The Bureau of Medical Services Financing is correcting the final rule on enrollment of Podiatrists under Title XIX reimbursement which was published in the Louisiana Register Vol. 14, No. 12, dated December 20, 1988. Reimbursement is limited to podiatrists who are licensed by the state and who engage in the practice of their profession in accordance with all rules and regulations set forth by the Louisiana State Board of Podiatrists. To be reimbursed for services, a provider must have on file with the Bureau of Health Services Financing (Medicaid Program), a valid provider enrollment form.

David L. Ramsey
Secretary

POTPOURRI

Department of Natural Resources
Fishermen's Gear Compensation Fund

In accordance with the provisions of the Fishermen's Gear Compensation Fund, R.S. 56:700.1, notice is given that 40 claims amounting to $72,667.04 were received during the month of November, 1988. During the same month, 26 claims in the amount of $43,991.22 were paid, and two claims were denied. During the month of December, 1988, 35 claims amounting to $66,946.13 were received, 2 claims in the amount of $5370.15 were paid, and 6 claims were denied.

Pursuant to the provisions of Act 33 of 1988, the following claims with the Fishermen's Gear Compensation Fund have been validated by the Fund's hearing examiner and the secretary of DNR will approve payment, effective February 1, 1989.

Written comments from interested parties may be addressed to: Department of Natural Resources, Fishermen's Gear Compensation Fund, Box 94396, Baton Rouge, LA 70804, and must be received on or before January 31, 1989.

No objections were filed to claims proposed for payment in the November, 1988 Louisiana Register. However, in Claim No. 87-88-379, noted in the September 1988 Louisiana Register, Michael J. Russell of Rt. 6 Box 233 DE, New Orleans, LA 70129 Social Security No. 439-23-4626, the amount should have been $840.00, instead of $40.00.
