The licensed faculty veterinarian shall be ultimately responsible for the proper veterinary care of the animal and held administratively accountable by the board per its regulatory authority.

2. A faculty license shall not be used to practice veterinary medicine beyond the holder's employment at the school. A faculty license cannot be used to practice veterinary medicine at a private or another public facility where veterinary care is provided, or to practice veterinary medicine at an emergency veterinary care facility. 4. The faculty license shall be subject to cancellation for any of the reasons and under the same conditions and costs set forth in R.S. 37:1526 and the board's rules, or if the holder permanently moves out of Louisiana, or leaves the employment of LSU-SVM.

5. Pending issuance of a faculty license or an active license, an intern, who is a graduate of a board-approved school of veterinary medicine, may practice veterinary medicine at LSU-SVM, provided the practice is limited to such duties as intern, and is under the supervision of a veterinarian who holds a faculty license issued by the board (or a faculty veterinarian with an active license issued by the board). *Supervision*, as used in this rule, shall mean the supervising, faculty licensed veterinarian (or a faculty veterinarian with an active license issued by the board) is on the premises or available by telephone for prompt consultation and treatment. The supervising, faculty licensed veterinarian (or a faculty veterinarian with an active license issued by the board) shall be ultimately responsible for and held accountable by the board for the duties, actions, or work performed by the intern.

6. For purposes of this rule, an *intern* is an employee of LSU-SVM, who is a graduate from a school of veterinary medicine with a degree of doctor of veterinary medicine or its equivalent as accepted by the board, and is undergoing training at the school for a one year period, and rotates in various specialties during such period. 2. The veterinarian shall provide any and all records as requested by the board to the board. Failure to do so shall be considered unprofessional conduct.

3. The records of a veterinary facility are the sole property of that facility, and when a veterinarian leaves salaried employment or contract services therein, the departing veterinarian shall not copy, remove, or make any subsequent use of those records. The copying, removal, or any subsequent use of those records by the departing veterinarian shall be considered a violation of the rules of professional conduct within the meaning of R.S. 37:1526.

who is responsible for, the Telazol (tiletamine HCl and zolazepam HCl) or Ketamine (ketamine HCl) used.

2. A storage and use plan for Telazol (tiletamine HCl and zolazepam HCl) and Ketamine (ketamine HCl) which meets or exceeds the requirements of all federal or state drug enforcement agencies (including storage of controlled substances in a securely locked, substantially constructed cabinet and the keeping of a perpetual inventory as required by LAC 48:I.Chapter 39) and the record keeping requirements of this Chapter shall be submitted to the Board of Veterinary Medicine for approval.

A review of the usage plan shall be made at least quarterly and the quantities of the drug used and on hand shall be tallied and authenticated. Any variance shall be noted in the log and steps should be taken and documented to correct the problem.

d. This usage plan shall include a requirement that any removal of Telazol (tiletamine HCl and zolazepam HCl) or Ketamine (ketamine HCl) from the securely locked, substantially constructed cabinet shall be in minimal amounts, shall be maintained in a locked container when not in use, and shall be documented in a manner to include, but not be limited to:

- i. a signed log indicating the person removing the drug;
- ii. the date on which the drug was removed;

1. No *legend drug*, as defined in §700, shall be administered, prescribed, dispensed, delivered to, or ordered for animals with which the veterinarian has not established a veterinarian-client-patient relationship as a primary care provider or as a consultant to the primary care provider. A consultant veterinarian who dispenses a legend drug must maintain records in accordance with §701.

2. No *controlled substance*, as defined in §700, shall be administered, prescribed, dispensed, delivered to, or ordered for animals with which the veterinarian has not established a veterinarian-client-patient relationship as a primary care provider by having personally examined the individual animal, herd, or a representative segment or a consignment lot thereof, and determined that such controlled substance is therapeutically indicated following said examination.

b. in the veterinarian's medical opinion, the prescribed substance is medically safe for in-home administration by the client.

2. A veterinarian shall not be required under §705 to write a prescription for controlled substances or a prescription for any medication that, in the veterinarian's medical judgment, is not appropriate for the patient's medical care.

3. A veterinarian may refuse to write a prescription under §705 if it is not directly requested by a client with whom a veterinarian-patient-client relationship exists.

4. A written prescription can be construed to include any manner of authorization for filling a prescription, including verbal or electronic communication.

A. Every applicant for a license to practice veterinary medicine in the state of Louisiana must successfully complete, during the fourth year in an accredited school of veterinary medicine or after graduation, a preceptorship program at a board-approved facility. Only one board-approved preceptorship program will be allowed to be performed by a preceptee.

B. Every applicant for a preceptorship program must:

Said agreement form must be agreed upon and signed by both the applicant and *preceptor*. The completed agreement form must be submitted to the board two weeks prior to the start of the preceptorship.

F. The board shall have the discretionary right to require a preceptee, who has received an unfavorable evaluation, to repeat the preceptorship program requirement for licensure, in its entirety or partially, with another preceptor selected by the preceptee and pre-approved by the board. If the preceptee is thereafter unable to obtain a favorable evaluation, the board shall have the discretionary right to deny licensure. Any decision made by the board pursuant to this subsection shall be subject to appeal and review in accordance with LAC 46:LXXXV.105.B.

G. The failure to comply with the time and duration requirements for any week(s) in training shall result in the preceptee having to successfully repeat the non-compliant week(s) in training at the same approved preceptorship site, or a successive board approved site, conditioned on submitting a revised preceptorship agreement to the board at least two weeks prior to the commencement of the makeup week(s) in training at issue. An applicant for a license to practice veterinary medicine must successfully complete the preceptorship requirement, or be granted a waiver pursuant to §1105.E, prior to being issued a license.

A. All practitioners who express an interest in participating in the preceptorship program must complete the following.

1. Practice Assessment Form. This form is used to determine if the practice meets the standards required by the American Veterinary Medical Association; and

2. Job Description Form. This form is to insure that both parties understand in advance what is to be expected from the other.

B. Applicants may request that forms be provided to practitioners with whom they have talked about the requirements for licensure.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Veterinary Medicine, LR 16:233 (March 1990), amended LR 27:544 (April 2001).

§1115. Preceptorship Practice Requirements

A. A completed Practice Assessment Questionnaire and Job Description Form shall be submitted to the board, at least two weeks prior to the start of a preceptorship, to provide adequate time for board review and approval of the facility and for applicant-practitioner negotiations prior to time the preceptorship begins.

B. A firm commitment must not be made between the preceptee and the preceptor before the practice is approved by the board or preceptorship committee.

C. Approval of a preceptor shall include the following.

2. Standards for large animal surgery must be consistent with good modern surgical techniques and provide for the performance of aseptic operative procedures.

3. All practices must be equipped or have the availability to provide a full radiographic service without hazardous exposure and must comply with all state and federal radiological standards.

4. Clinical pathology diagnostic services must be utilized.

5. The caseload must be of such nature as to provide good exposure for the preceptee while allowing time for preceptor -preceptee interaction.

6. The preceptor must be willing to provide supervised, hands-on experience.

§1117. Financial Arrangements and Agreements

A. Financial arrangements are negotiated by the practitioner and the applicant. It should be borne in mind that the main objective of the preceptorship should be educational rather than remunerative. The primary and perhaps only concern should be to supply funds for living or other costs encountered by the preceptor.

B. A written agreement between the preceptee and preceptor setting forth the responsibilities of the student and

the practitioner should be agreed to by both parties at the time the commitment is made. The agreement should include the starting and termination dates, duty hours, after duty hours, free time, salary and fringe benefits. This type of written agreement reduces possible misunderstandings and enhances the learning experience.

C. All written agreements are carried out between the preceptee and the preceptor. A firm commitment must not be made between the preceptee and the preceptor before the practice is approved by the committee or the board. Premature commitments to practices that were not approved will not be tolerated. When this occurs in the future, that particular practitioner will be denied for the applicant involved.

D. Splitting of the preceptorship between two practices will be permitted. In practices with satellite clinics, the preceptee is expected to be under the direct supervision of the preceptor.

The certificate shall entitle the CAET to perform pre-euthanasia chemical restraint and/or chemical euthanasia only at the facility site of the certificate holder's employment, which may include an animal control shelter's mobile vehicle, and only one certificate shall be issued to a certificate holder at any one time.

Lead Certified Animal Euthanasia Technician or Lead CAET—a CAET who also meets the requirements of R.S. 37:1552(4). There shall be only one Lead CAET per animal control shelter or facility.

A. The board may formulate, administer and grade an examination (herein defined as such written examination, oral interviews, and/or practical demonstrations as the board may request or require) or may select an agency whose qualifications for performing any or all of these functions are recognized by the board and charge said agency with the formulation, administration and/or grading of the examination.

B. All applicants for full certification must take and pass the examination(s) adopted by the board.

C. The administration of the examination(s) shall be in accordance with rules, practices, policies, or procedures prescribed by the board or by the designees of the board or by any person or person with whom the board may have contracted to administer said exam. E. The course shall consist of presentations in the areas of legal concerns (Veterinary Practice Act), record-keeping requirements (Veterinary Practice Act and DEA), human safety, and a general knowledge of sodium pentobarbital and proper euthanasia techniques.

F. The administration of the course shall be in accordance with rules, practices, policies, or procedures prescribed by the board or its designees. Instruction may be provided by the members of the board or any agent, employee, or designee of the board.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Veterinary Medicine, LR 19:1424 (November 1993).

§1205. Passing Scores

A. A passing score on any written and/or oral portions of the examination shall be deemed to be the correct answering of 70 percent of the questions contained on that portion of the examination.

B. A passing grade on the practical portion of the examination will be determined by the successful completion of a series of hands-on demonstrations which indicate that the applicant has been properly trained in procedures which will enable him to safely and effectively perform humane euthanasia with sodium pentobarbital.

C. Applicants who fail to achieve a passing score on any portion of the examination, either written or practical, will not be eligible for a certificate of approval nor may they apply for a temporary certificate of approval.

D. Appeals concerning the examination must be made in writing to the board within 30 days of the administration of the examination. All such formal appeals will be reviewed at the next available meeting of the board. Such prohibition is applicable to animal control shelters and their animals located on site as well as their animals which may be transported to a veterinary clinic for euthanasia. Temporary transfer of ownership of the animal to the veterinarian by the animal control shelter for euthanasia by cardiac injection is a violation of the law. The performance of euthanasia by intracardiac injection in violation of this section by a CAET and/or veterinarian is sanctionable.

B. A CAET (lead status or otherwise) shall not use any drug for purposes of sedation, or any form of anesthesia, since sedation is beyond the permissible scope of euthanasia

practice for this certificate holder. However, Acepromazine, Rompun (xylazine), or Domitor (medetomidine) which are non-controlled drugs, may be legally used by CAETs for pre-euthanasia restraint of feral/fractious animals. If an animal control shelter's animal must be sedated/anesthetized pursuant to Subsection A above, then a LA licensed veterinarian must perform this service.

2. Any programs accepted by another state's regulatory board of veterinary medicine, a governmental

entity, and/or AAVSB, as well as those programs sponsored by AVMA accredited schools of veterinary medicine and/or any professional associations recognized by the board shall be accepted as units or hours of annual continuing education. All other continuing education programs must be approved by the board prior to attendance.

3. Proof of attendance, which shall include the name of the course, date(s) of attendance, hours attended, shall be attached to the annual renewal form. Proof of attendance must include verification from the entity providing or sponsoring the educational program. However, the actual mediums of video tapes, self-test programs with third party grading, and/or self-help instruction, including online instruction, with third party grading, are limited to three hours per fiscal year period (July 1 through June 30). 6. Effective August 1, 2017, a CAET with prescriptive authority who holds a controlled dangerous substances (CDS) license with the Board of Pharmacy shall obtain three CE hours for certification renewal which shall include drug diversion training, best practice of prescribing controlled dangerous substances, appropriate treatment for addiction, and any other matters that are deemed appropriate by the veterinary board. The required three CE hours set forth herein may be a component part of the annual six hours of CE for certification renewal. Successful completion of this requirement once shall satisfy the requirement in full. However, an exemption for the three CE hours is available for the CAET with prescriptive authority who holds a controlled dangerous substances (CDS) license if he timely submits an annual certification form as adopted by the veterinary board attesting that he has not prescribed, administered, or dispensed a controlled dangerous substance during the entire applicable reporting period. The required three CE hours set forth herein may be a component part of the annual six hours of CE for certification renewal, and may be part of the on-line allowance. No certification shall be renewed for a CAET who fails to comply with this CE requirement or the exemption.

B. Failure to Meet Requirements

1. If a CAET fails to obtain a minimum six continuing education units within the prescribed 12-month period, his certificate shall be expired and his certificate shall remain expired until such time as the continuing education requirements have been met and documented to the satisfaction of the board.

2. The board may grant extensions of time for extenuating circumstances. The CAET must petition the board at least 30 days prior to the expiration of the certificate. The board may require whatever documentation it deems necessary to verify the circumstances necessitating the extension.

C. Approved Continuing Education Programs

1. Organizations sponsoring a continuing education program for CAETs which is required to obtain pre-approval must submit a request for approval of the program to the board no less than 14 days prior to the commencement of the program. Information to be submitted shall include:

CAETs may also submit a request for approval of a continuing education program which is required to obtain pre-approval, however, it must be submitted to the board no less than 14 days prior to the commencement of the program. Information to be submitted shall comply with the requirements of Paragraph C.1 of this Section.

Chapter 14. Disciplinary Procedures

A. The board, after due notice and hearing as set forth herein and the Administrative Procedure Act, R.S. 49:950 et seq., may deny, revoke or suspend any license, temporary permit, or certification issued or applied for or otherwise discipline a licensed veterinarian, registered veterinary technician or certified animal euthanasia technician on a finding that the person has violated the Louisiana Veterinary Practice Act, any of the rules and regulations promulgated by the board, the Principles of Veterinary Medical Ethics of the American Veterinary Medical Association, or prior final decisions and/or consent orders involving the licensed veterinarian, registered veterinary technician or certified animal euthanasia technician or applicant. Sometimes hereinafter in this Chapter, where the context allows, a licensed veterinarian, registered veterinary technician or certified animal euthanasia technician or applicant may be referred to as "person."

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:1518 et seq.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Veterinary Medicine, LR 25:2227 (November 1999).

§1403. Disciplinary Process and Procedures

A. The purpose of the following rules and regulations is to supplement and effectuate the applicable provisions of the Administrative Procedure Act, R.S. 49:950 et seq., regarding the disciplinary process and procedures incident thereto. These rules and regulations are not intended to amend or repeal the provisions of the Administrative Procedure Act, and to the extent any of these rules and regulations are in conflict therewith, the provisions of the Administrative Procedure Act shall govern.

B. A disciplinary proceeding, including the formal hearing, is less formal than a judicial proceeding. It is not subject to strict rules and technicalities, but must be conducted in accordance with considerations of fair play and constitutional requirements of due process.

C. The purpose of a disciplinary proceeding is to determine contested issues of law and fact; whether the person did certain acts or omissions and, if he did, whether those acts or omissions violated the Louisiana Veterinary Practice Act, the rules and regulations of the board, the Principles of Veterinary Medical Ethics of the American Veterinary Medical Association, or prior Final Decisions and/or Consent Orders involving the veterinarian, registered veterinary technician or certified animal euthanasia technician or applicant and to determine the appropriate disciplinary action.

§1405. Initiation of Complaints

A. Complaints may be initiated by any person or by the board on its own initiative.

B. All complaints shall be addressed confidential and shall be sent to the board office. The investigating board member, with benefit of counsel, shall decide to investigate the charges or deny the charges. If the charges are denied, a letter of denial is prepared and forwarded to the complainant and the person accused of wrongdoing. If the investigating board member decides to investigate, the person shall be notified that allegations have been made that he may have committed a breach of statute, rule and regulation, the American Veterinary Medical Association's Principles of Veterinary Medical Ethics, and/or prior final decisions or consent orders and that he must respond in writing to the board within a specified time period. The response is to be made to the board office address. The complaint letter of alleged violations shall not be given initially to the person. However, sufficiently specific allegations shall be conveyed to the person for his response. Once the person has answered the complaint, and other pertinent information, if available, is reviewed, a determination by the investigating board member, with benefit of counsel, will be made if a disciplinary proceeding is required.

C. Pursuant to its authority to regulate the industry, the board through its investigating board member, may issue subpoenas to secure evidence of alleged violations of the Louisiana Veterinary Practice Act, any of the rules and regulations promulgated by the board, the American Veterinary Medical Association's Principles of Veterinarian Medical Ethics, or prior final decisions and/or consent orders involving the licensed veterinarian, registered veterinary technician or certified animal euthanasia technician or applicant.

D. *Counsel* referenced in this Chapter shall mean the board's General Counsel who will be assisting in the investigation and prosecution of an administrative action. HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Veterinary Medicine, LR 25:2227 (November 1999).

§1407. Informal Disposition of Complaints

A. Some complaints may be settled informally by the board and the person accused of a violation without a formal hearing. The following types of informal dispositions may be utilized.

1. Disposition by Correspondence. For complaints less serious, the investigating board member may write to the person explaining the nature of the complaint received. The person's subsequent response may satisfactorily explain the situation, and the matter may be closed. If the situation is not satisfactorily explained, it shall be pursued through an informal conference or formal hearing.

2. Informal Conference

a. The investigating board member may hold a conference with the person in lieu of, or in addition to, correspondence in cases of less serious complaints. If the situation is satisfactorily explained in conference, a formal hearing is not scheduled.

b. The person shall be given adequate notice of the conference, of the issues to be discussed, and of the fact that information brought out at the conference may later be used in a formal hearing. Board members, other than the investigating board member, may not be involved in informal conferences.

3. Settlement. An agreement worked out between the person making the complaint and the person accused of a violation does not preclude disciplinary action by the board. The nature of the offense alleged and the evidence before the board must be considered.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:1518 et seq.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Veterinary Medicine, LR 25:2228 (November 1999).

§1409. Formal Hearing

A. The board has the authority, granted by R.S. 37:1511 et seq., to bring administrative proceedings against persons to whom it has issued a license, temporary permit or certification or any applicant requesting a license, temporary permit or certification. The person has the right to appear and be heard, either in person or by counsel; the right of notice; a statement of what accusations have been made; the right to present evidence and to cross-examine; and the right to have witnesses subpoenaed.

B. If the person does not appear, either in person or through counsel, after proper notice has been given, the person may be considered to have waived these rights and the board may proceed with the hearing without the presence of the person.

C. The process of administrative action shall include certain steps and may include other steps as follows.

1. The board receives a complaint alleging that a person has acted in violation of the Louisiana Veterinary Practice Act, the rules and regulations of the board, or the Principles of Veterinary Medical Ethics of the American Veterinary Medical Association. Communications from the complaining party shall not be revealed to any person until and unless a formal complaint is filed except those documents being subpoenaed by a court.

2.a. The complaint is investigated by the investigating board member or board attorney to determine if there is sufficient evidence to warrant disciplinary proceedings. No board member, other than the investigating board member, may communicate with any party to a proceeding or his representative concerning any issue of fact or law involved in that proceeding.

b. A decision to initiate a formal complaint or charge is made if one or more of the following conditions exist:

- i. the complaint is sufficiently serious;
- ii. the person fails to respond to the board's correspondence concerning the complaint;
- iii. the person's response to the board's letter or investigation demand is not convincing that no action is necessary; or
- iv. an informal approach is used, but fails to resolve all of the issues.

3. A sworn complaint is filed, charging the violation of one or more of the provisions of the Louisiana Veterinary Practice Act, the rules and regulations promulgated thereto, the American Veterinary Medical Association's Principles of Veterinary Medical Ethics, or prior final decisions and/or consent orders involving the person.

4. A time and place for a hearing is fixed by the chairman or an agent of the board.

5.a. At least 20 days prior to the date set for the hearing, a copy of the charges and a notice of the time and place of the hearing are sent by certified mail to the last known address of the person accused. If the mailing is not returned to the board, it is assumed to have been received. It is the person's obligation to keep the board informed of his whereabouts.

b. The content of the charges limits the scope of the hearing and the evidence which may be introduced. The charges may be amended at any time up to 10 days prior to the date set for the hearing.

c. If the board is unable to describe the matters involved in detail at the time the sworn complaint is filed, this complaint may be limited to a general statement of the issues involved. Thereafter, upon the person's request, the board shall supply a more definite and detailed statement to the person.

6. Except for extreme emergencies, motions requesting a continuance of a hearing shall be filed at least five days prior to the time set for the hearing. The motion shall contain the reason for the request, which reason must have relevance to due process.
