OSRAP MEMORANDUM 23-01

TO: Fiscal Officers
   All State Agencies

FROM: Brian Fleming, CPA
      Director, Office of Statewide Reporting & Accounting Policy

SUBJECT: Prior Year Close Procedures for August 14, 2022

Attached for your information and use is the established time frame for transaction processing for the 08/14/22 year-end close. Also attached are operational procedures covering the following specific subjects:

NOTE: NO AFS FISCAL YEAR 2023 ENTRIES SHOULD BE PROCESSED

- Carryover of Prior Year Cash to Current Year Means of Financing Appropriation
- Reclassification Between Fiscal Years
- DS Unclassified Deposits at Fiscal Year End
- Transfer of Operating Free Cash to Means of Financing Appropriation

It is extremely important to adhere to all time frames for the transactions. It is best, if possible, to process your documents at least a day before the deadline to ensure their acceptance in ISIS by the appropriate deadline. Both the transaction and the receipt of the supporting documentation by the control agencies are due by the dates and times listed. Even though the transaction is in ISIS and at the proper status, approval of the ISIS transaction is not guaranteed if the required documentation is not received by the control agencies by the deadline. It is your agency’s responsibility to ensure the documents are approved and processed before the close is run.

In addition, your agency is responsible for ensuring that data sent via Interface tapes and FTPs are received by the deadline specified. You may verify receipt of your FTP by contacting OTS at
225.342.2677, Option 2, and then Option 2 to speak to an AFS Help Desk staff. Agencies should consider delivery and transmission delays when scheduling their internal deadlines and processes.

All BFY22 deposits relating to regular appropriations must be classified by the agencies no later than close of business on 08/10/22. If your agency does not classify BFY22 deposits by the deadline, OSRAP will classify the money to Income Not Available.

There is no ISIS BFY22 rollover of encumbrances and the AFS accounts payable/credit memo liquidation (CLEARPAY) will be processed on 08/15/22.

- LaGov Rollover will be Friday, 08/05/22. LaGov/SRM purchase orders with a rollover flag set to “Y” will be liquidated in BFY22 and rolled over to BFY23. **Deadline to set the rollover flag is 4:30 pm Thursday, 08/04/22.**

- ISIS Automated Disbursements (AD) and Electronic Fund (EF) cycles will run during the nightly cycle on Thursday, 08/11/22 for scheduled payment dates through 08/14/22 for budget fiscal year 22.

- ISIS CLEARPAY will run against BFY22 payment vouchers during the close cycle on the morning of 08/15/22. This process will include both AD and EFT payments. The CLEARPAY liquidation will include all BFY22 payables, including those with scheduled payment dates beyond 08/14/22.

**Please ensure cash is available in BFY22 for any ISIS payment on the dates the AD and EF cycles run.**

A special front-end security to allow only OPB, OSRAP, STO, and OTS access to ISIS will be in place beginning **Monday, 08/15/22.** Agencies will not have access to ISIS from 08/15/22 until the close process is complete. Close and agency reports will be run during the monthly processes on the night of 08/15/22. If the entries and close process are not completed on 08/15/22, the ISIS application will be unavailable on Tuesday, 08/16/22 and the year-end reports may not be available until Wednesday, 08/17/22. Agencies should periodically review the ISIS DOA sign-on screen for system availability. **Interfaces MUST NOT be sent on the days ISIS is not available.**
Please distribute copies of this memorandum to all fiscal, purchasing, and contract office employees. Many of the deadlines affect these individuals. Please contact the OSRAP Help Desk at 225.342.1097 if you have questions concerning the information above or attached instructions.

- At 8/14, LaGov expenditures by FUND must equal AFS Warrants Drawn by Means of Financing.
  - The Office of Planning and Budget (OPB) will require justification as to why LaGov and AFS do not equal.
  - If the Systems do not equal, the outage must be supported by retainage owed, retainage paid, liens, or business area fund loans with associated outstanding receivables.

- It is to the agency’s advantage to ensure that operating cash has been transferred to the appropriate Means of Financing on or before 08/12/22. If the agency does not make the transfer by 8/12, OSRAP will. Your agency personnel will need to be available on Mon, 8/15/22 so they can process the appropriate expenditures transactions in LaGov to match the OSRAP AFS warrant vouchers processed.
PROCEDURE: Carryover of Prior Year Cash to Current Year Means of Financing Appropriation

PROCEDURE: Reclassification between Fiscal Years

This procedure is used to input a journal entry for the reclassification of revenue or expenditures between fiscal years. During the 45-day period when the prior and current fiscal years are both open, some transactions get classified to the incorrect fiscal year. When this occurs, it is necessary to reclassify the transaction to the proper fiscal year while both periods are still open. For the transition period of Fiscal Year 2022 and Fiscal Year 2023 the following process will be used. See attachment OSRAP2301B.xlsx for examples. NOTE: Agency will need to email the OSRAP JV group with the AFS J1 document number and the associated LaGov FV50 document number.

PROCEDURE: Transfer of Operating Free Cash to Means of Financing Appropriation

The following procedure is used to move remaining operating free cash to the appropriate Means of Financing Appropriation(s) during the 45 day period ending August 14, 2022.

Responsibility Action

Agcy Fiscal Officer (ISIS) 1. Review the fiscal year 22 cash account 6000 on the CASH Table for your fund/agency to determine the amount to transfer back to the appropriate Means of Financing (MOF). Take into consideration all payables when determining the exact amount to reverse to get the cash account to zero at the end of the fiscal year 22.

Agcy Fiscal Officer (ISIS) 2. Process a reverse Warrant Voucher (WV) to move the operating free cash to the appropriate Means of Financing cash account (See example 1 below).

NOTE: It is to the agency’s advantage to ensure that operating cash has been transferred to the appropriate Means of Financing on or before 08/12/22. If the agency does not make the transfer by Fri, 08/12, OSRAP will. Because OSRAP cannot identify the source of funding, OSRAP will reverse warrants against the means of financing listed below, up to available budget and until operating cash is zero, in this order: General Fund, Self-Generated, Interagency Transfer, Federal Aid, and finally Statutory Dedication. Your agency personnel will need to be available on Mon, 8/15/22 so they can process the appropriate expenditures transactions in LaGov to match the OSRAP AFS warrant vouchers processed.
Agency Fiscal Officer (NON-ISIS)

1. Determine the excess 2022 fiscal year cash in your operating bank account.

2. Write a check to the State Treasurer’s office for the amount to be returned as surplus.

3. Prepare a Return of Surplus Request by completing a letter to the State Treasurer’s Office (See example 2 below).

4. Send the Letter and Check to the State Treasurer’s Office for processing.
