

State of Louisiana
Division of Administration
Office of the Commissioner

April 8, 2014

The Honorable James R. "Jim" Fannin, Chairman
Joint Legislative Committee on the Budget
P. O. Box 44294
Baton Rouge, LA 70804

Dear Representative Fannin:

Act 745 of the 1995 Regular Session requires that all state agencies and component reporting units report to the Commissioner of Administration, on a quarterly basis, information on accounts receivable and debt owed the state. The Commissioner is charged with the responsibility of developing the format for state agencies to report this information and also for compiling this information and reporting the results to the Joint Legislative Committee on the Budget.

Attached is the Accounts Receivable Report for the quarter ended **December 31, 2013**. Not included in the report are the Judiciary and the Legislature. In a letter dated March 6, 1997, from the Second Circuit Court of Appeal, Louisiana Revised Statute (LRS) 39:4 (B) is cited, that the Judiciary and the Legislature do not fall under the jurisdiction of the Division of Administration. The House of Representatives and the Senate have cited LRS 39:2(1) which gives the definition of a state agency. Both the House of Representatives and the Senate contend that the reporting requirement is not applicable to them, as they are not state agencies.

The report consists of: a Schedule of Accounts Receivable for the State, a Schedule of Current Receivables Activity by Agency, a Schedule of Long-Term Receivables Activity by Agency, a Schedule of Accounts Receivable Disposition by Agency, a Schedule of Number of Accounts by Agency, and a Schedule of Detail Account Balances by Agency for Beginning Balance, Collections, and Ending Balance. These schedules are explained in the "notes to the account receivable report section" of this report.

The accounts receivable write-off reported this quarter is \$25,752,471 and is reported in the long-term section of the report only. These write-offs represent the amounts that are uncollectible by the agency and/or exceed the 3 year reporting period required of the receivables report. The Department of Transportation and Development reported 71.08% of the total write-offs this quarter due to the 3 year reporting period limitation. Department of Health and Hospitals reported 21.69% of the total write-offs this quarter due to the receivables being uncollectible and continuing collection efforts not being cost effective.

The Honorable James R. "Jim" Fannin

Colleges and Universities reported 1.03% of the total write-offs this quarter due to the 3 year reporting period limitation and are deemed uncollectible. The remaining 6.20% of the total write-offs are reported by various state agencies this quarter which is due to the 3 year reporting period limitation.

The Accounts Receivable's beginning balance has been restated by \$(22,691,102). LSU Health Science Center – Shreveport restated by \$(9,428,027) due to healthcare contractual agreements that had not been applied on the September 30, 2013 report. Louisiana Workforce Commission restated by \$(1,219,486) due to billing errors that should have been removed from previous reports. Department of Wildlife and Fisheries restated by \$(12,043,589) due to an audit revealing that one of the receivables reported on previous reports was not a receivable and should be taken off of the agency's quarterly report.

South Louisiana Community College did not submit a report for this quarter so there is no activity reported. The balances shown are as of the quarter ending March 31, 2013.

If you have any questions concerning the information presented in this report, please contact Mr. Afranie Adomako at (225) 342-0708.

Sincerely,

Kristy H. Nichols
Commissioner of Administration

STATE OF LOUISIANA
QUARTERLY ACCOUNTS RECEIVABLE REPORT

Background

Louisiana Revised Statute 39:79(C) mandated (1) the reporting of accounts receivable information by major revenue source, age, collectibility, and by all relevant billing and collection activity on receivables and debt owed the State by state agencies and component reporting units on a quarterly basis; (2) the development of the format for reporting this information; and (3) the maintenance of detailed data included in the report sufficient to analyze such receivables and the effectiveness of the collection procedures by each state agency and component reporting unit. These agencies are to submit a reporting package no later than 45 days after the end of each quarter. The quarterly reporting package for the agencies contains the following schedules:

Current Receivables (up to 180 days) – This schedule requires the reporting of the activity in two sections. The first section includes, by revenue source, the beginning balance (net of contractual agreements, corrections, errors, discounts, and other adjustments), additions, collections activity, amount over 180 days-moved to long-term receivables, and ending balance.

Long-Term Receivables (over 180 days but less than 3 years) – This schedule requires the reporting of the activity in two sections. The first section includes, by revenue source, beginning balance (net of contractual agreements, corrections, errors, discounts and other adjustments), amount moved from current receivables during the quarter, collections activity, write-offs, amount transferred to outside collections, and ending balance. Receivables over 3 years are transferred to an outside collection service or written off for reporting purposes only and are not shown in this report.

Accounts Receivable Disposition – This schedule is the second section of the current receivable and long-term receivable schedules which presents the disposition of total net receivables if the funds were collected by the report date as follows: amount budgeted for self-generated use, amount estimated to be retained by the state's general fund, amount due to the federal government, and the amount due to other funds. Accounts Receivable Disposition is shown in both current and long-term sections of the agency's report.

Quarterly Write-off Disclosure – This schedule requires the disclosure, by revenue source, of accounts written off during the quarter with a specific reason as to why there was a write-off of the account(s). Write-offs authorize a state agency or reporting component unit to transfer an account to a dormant file and discontinue reporting the receivable, but it does not constitute a forgiveness of the debt. The authorized quarterly write-offs are determined within each agency by their board or committee. It is presented only in the long-term receivables section of the report.

STATE OF LOUISIANA
QUARTERLY ACCOUNTS RECEIVABLE REPORT

Number of Accounts – This schedule requires, by revenue source, the number of accounts for the quarter ending for current receivables, long-term receivables, write-offs, accounts transferred to the Attorney General’s office and accounts transferred to an outside collection company.

Reporting Requirements – The Accounts Receivable report for the agencies are as follows:

1. Report receivables according to current and long-term receivables by agency,
2. Report the quarter activity by agency,
3. Report the disposition of the receivables by agency, if collected,
4. Report the number of accounts by agency,
5. No allowance for estimated uncollectible amounts, and
6. Report only three years of outstanding receivables.

This reporting format provides a summary of the status of the state’s receivables and related collections activity by agency. It also provides the disposition of the ending balance for the quarter by identifying the ultimate owner of the amounts, if the funds are collected in the future.

The accounts receivable reporting requirement is applicable to all state agencies and component reporting units for the State of Louisiana except for the Judiciary of the State and the Legislature. Title 39 of the Louisiana Revised Statutes (LRS) establishes the Division of Administration and mandates that all administrative functions of the state fall under its jurisdiction. LRS 39:4(B) states, “The provisions of this Chapter shall not apply to the Judiciary of the State, except the office of the Attorney General to which they shall apply, nor the Legislature.” Therefore, this reporting requirement is not applicable to either the Judiciary or the Legislature.

STATE OF LOUISIANA
NOTES TO THE ACCOUNTS RECEIVABLE REPORT

Summary of Significant Policies and Procedures:

- A. Scope of Reporting – This report includes information related to receivables and debt owed to the State of Louisiana for the quarter. Receivables included are those of various departments, agencies, and other organizational units that are within the control and authority of Louisiana Legislature and/or constitutional officers of the State of Louisiana using the criteria established by Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity: Omnibus* an amendment of GASB Statements No. 14 and 34.
- B. Purpose – Quarterly Accounts Receivable Reporting is necessary to provide a summary of the status of the State’s receivables and related collections activity by agency. The primary purpose of this report is to provide information concerning the State’s receivables in order to determine the effectiveness of state agency receivables management. Receivables management consists of accounting for outstanding receivables, collection of receivables owed the State, and methods to minimize the amounts “estimated to be uncollectible and eventually” written off.
- C. Basis of Accounting – Accounts Receivable are recognized when goods are delivered or services are performed but collection has not occurred or when an amount to be claimed by the State as future cash can be reasonably estimated. These reports include only those amounts identifiable for each quarter. Receivables are reported by revenue source, for example, amounts due from vendors, receivables from individuals, and major state revenue items such as sales tax and severance tax. Receivables are reported at gross (net of contractual agreements, corrections, errors, discounts and other adjustments) with no provision for allowance for uncollectible receivables. This report does not include receivables due under the Louisiana Employment Security Law because of the enabling legislation. In addition, receivables from the federal government are not included, as the collectibility of these receivables is assured. Also, the report does not include inter-agency or intra-agency receivables.
- D. Presentation – This report consist of 6 schedules – accounts receivable summary, current receivables activity, long-term receivables activity, the disposition of the receivables if the funds were collected, number of accounts, and detail account balances by the report date.
1. Accounts Receivable Summary – This schedule summarizes the status of the state’s receivables and related collections activity for the report date.
 - Balance (gross) – prior report date ending balances for current and long-term receivables.

STATE OF LOUISIANA
NOTES TO THE ACCOUNTS RECEIVABLE REPORT

- Adjustment to Beginning Balance – adjustments that agencies made to the prior report date ending balances.
 - Balance Restatement – the adjusted beginning balances due to agencies restating their prior report ending balances.
 - Additions – new billing invoices/receivables during the quarter.
 - Reclassification from Current to Long-Term – receivables that are 181 days old and moved from current to long-term. These two amounts must zero out on the summary page.
 - Collections – amount of monies collected/received for this report date.
 - Write-offs – for purposes of this report constitute receivables over 3 years old that are transferred to a dormant file and are no longer reported in the quarterly report. This does not constitute a forgiveness of the debt.
 - Transferred to Outside Collection – receivables over 3 years old that are still deemed to be collectible but by a more aggressive collection process.
 - Balance of Receivables – the ending balance for this report date.
 - Total Receivables – the sum of the “total/balance of receivables” as restated and additions for the quarter.
 - Total Collections – the sum of monies collected for 1-90 days, 90-180 days, and over 180 days.
 - Disposition of Receivables – provides the disposition of the state’s accounts receivable ending balance according to how the receivables will be allocated.
2. Current Receivable Activity by Agency – This schedule provides the activity for the receivables that are 1 to 180 days old.
 3. Long-Term Receivable Activity by Agency – This schedule provides the activity for receivables that are between 181 days and 3 years old.
 4. Disposition of the Receivables by Agency, if the funds were collected – This schedule provides information on the ending balance by identifying how the receivables would be allocated, if collected.

NOTES TO THE ACCOUNTS RECEIVABLE REPORT

5. Number of Accounts by Agency – This schedule provides for the number accounts according to current, long-term, write-offs, and transferred to an outside collection such as Attorney General's office, private agency, or centralized government agency.
6. Detail Account Balances by Agency – This schedule provides the composite totals of current and long-term receivables for beginning balances, collections, and ending balances.

E. Accounts Receivable Quarterly Report:

1. This report is a performance report of the debt owed to the state and it is not intended to be a financial statement presentation in accordance with Government GAAP reporting. This report should be used for its intended purpose by the current law, R.S. 39:79(C).
 2. This report presents the complete accounts receivable cycle (beginning balance, additions, collections, and ending balance) and the disposition of the receivable.
 3. This report does not allow the agency to report their receivables based on an estimated uncollectible amount but to report their receivables at gross with the exception of Louisiana State University Health Sciences Centers which includes Health Care Service Division, Shreveport, and New Orleans. These centers report their receivables net of their healthcare contractual agreements with insurance companies.
 4. This report presents three years of accounts receivable activity and separates the accounts into two sections. The first section are accounts that are within the normal collection cycle and should be collected within a reasonably short period of time, while the second section are accounts that will probably be transferred to a collection agency or eventually written off.
 5. Since this report does not report receivables over 3 years old, any amounts that are collected from receivables over 3 years old will not be reported as collections on this report.
- F. Third Party Collection Service – Receivables that are over 3 years old are transferred to a third party collection service for more aggressive collection process. The agencies are still ultimately responsible for the receivables while the receivables are at the Third Party Collection Service. Third Party Collection Service may be the State's Attorney General Office, a central government collection unit, or a private collection agency.
