## Disasters:

### Declaration Number

No Disasters Found

## Narratives

### Disaster Damage:

Hurricanes Katrina and Rita's legacy to coastal Louisiana was an unprecedented wake of death, destruction and devastation. Taken together, 1,464 people lost their lives, more than 200,000 homes and 18,000 businesses were destroyed and billions of dollars in property was impacted. Hurricane Katrina approached New Orleans and the Louisiana-Mississippi state border on August 29, 2005 at a Category 5 level, and the fifth-strongest ever recorded hurricane. Before reaching land it was downgraded to a Category 3, but caused massive destruction and severe damage up to 76 miles east of the storm's center. Orleans, Plaquemines, and St. Bernard Parishes suffered widespread flooding as a result of storm surge overtopping or breaching area levees. Along the north shore of Lake Pontchartrain, up to six feet of water inundated the cities of Mandeville and Slidell. The City of New Orleans was under a mandatory evacuation for more than a month. Less than a month later on September 24, Hurricane Rita, the second strongest ever to enter the Gulf of Mexico came ashore, also as a Category 3, and flooded the coastal areas of southwestern Louisiana in the area around Lake Charles, impacting nearly a half million households. Hurricane Katrina will most likely be categorized as the third deadliest and the costliest storm in U. S. history. While hurricane Rita exacted a lower death toll, taken together, these storms wrought catastrophic destruction on the Louisiana coastal areas, exacting an enormous toll on the material, financial and emotional resources of hundred's of thousands of Louisianans.

While the impact was wide-spread and indiscriminate of income and social status, the impact of the hurricanes on the poor was particularly devastating, especially in Orleans Parish where the U.S. Census in 2000 reports only a 46.5% homeownership rate (compared to 67.9% in the State), a median household income of \$27,133 (compared to \$32,566 in the State), and a poverty rate of 27.9% (compared to a state rate of 19.6%). In contrast, while Calcasieu, Cameron, Plaquemines and St. Bernard Parishes sustained major damage, they had higher homeownership rates (ranging between 71% and 85%), higher median incomes (ranging between \$34,000 and \$38,000) and lower poverty rates (12% to 18%). The concentration and number of persons in extreme poverty neighborhoods exacerbated the negative impact on the poor principally in New Orleans. According to the Brookings Institution (October 2005), one out of every four neighborhoods in the city of New Orleans was classified as an "extreme-poverty" neighborhood, with at least 40% of its residents living below the federal poverty threshold. These 47 neighborhoods were home to nearly 100,000 residents and had an average household income which lagged the City's by over \$17,000. The Congressional Research Service (CRS) calculates that the poverty rate in the flooded and damaged areas in the State of Louisiana was 21.4%, confirming the widespread sentiment that high poverty neighborhoods were disproportionately flooded (CRS, November 4, 2005). The social impacts were also greater for those most vulnerable before the storms. These individuals were less connected to the workforce, had educational disadvantages, were elderly or disabled, or were children. Nearly 90,000 persons aged 65 and older were likely displaced by the storms, many of whom lived alone and had at least one disability. Displaced aged persons also were poor (an estimated

### Disaster Damage:

5%) and one quarter lacked vehicles. The child poverty rate in the areas affected by the hurricanes was over 30% (CRS, November 4, 2005). The fragility of the most affected populations places a greater burden on the federal, state and local resources available for recovery efforts. The poor standing of the impacted population before the hurricanes severely stretches Louisiana's state and local resources, making the need for federal assistance even more critical.

### Recovery Needs:

Coastal Louisiana struggles two years after the hurricanes. The population Orleans Parish which was 455,000 in June 2005 had fallen to an estimated 223,388 in March 2007. Plaquemines Parish has lost an estimated 16% of its population while St. Bernard went 65,000 people to 15,514, a 77% loss. [All figures used here are U. S. Census estimates.] By comparison, St. Tammany parish north of Lake Pontchartrain and out of the direct path of the storms, gained 25,000 people. East Baton Rouge Parish had an influx of nearly 36,000 people. Louisiana citizens were displaced all over the state and country with over 90,000 in Texas and significant numbers in Mississippi, Georgia and Florida. In total,

approximately 210,000 FEMA applicants from Louisiana were at out-of-state mailing addresses. Job losses peaked at round 220,000 in October 2005. Currently there are 77,000 fewer people employed on the New Orleans MSA when compared to June 2005, despite increased demand for construction labor. In respect to businesses damaged by the hurricanes, 62,000 of 81,000 have reopened since the hurricanes hit, a reduction of over 25%. The gross state product declined nearly \$7.4 billion dollars in the one year period of June 2005 to 2006. Only 18% of the public schools and 21% of the child care centers in New Orleans have reopened, and three of ten New Orleans pre-storm hospitals have reopened. Sixty three (63) water systems statewide were storm damaged to the point that they have been deactivated or closed altogether. In New Orleans only 60% of the electric and 41% of the gas pre-storm customers were using these services. Bus rider ship was at 49% of the pre-storm level and 59% of the daily air line seats in and out of the Louis Armstrong Airport were being filled. The famed New Orleans streets cars, known worldwide, were not operational. Over 165,000 submitted applications for homeowner assistance to the Road Home program and nearly 40,000 have received funding by the end of July 2007. Affordable housing in New Orleans is virtually non-existent with over 35 % of the City's rental units either destroyed or severely damaged by Katrina. Four of the City's largest public housing complexes are scheduled to be demolished, rather than being rebuilt or replaced, furthering hampering New Orleans residents ability to return. Debris left in the wake of the storm amounts to staggering quantities: 22 million tons [or enough to fill the Superdome more than 13 times]; 350,000 flooded or abandoned vehicles; 60,000 damaged vessels; nearly 1.5 million units of white goods [refrigerators/freezers, washers/dryers, stoves, AC units, etc.] Estimates are available for the City of New Orleans regarding the impact of Hurricane Katrina on housing occupied by low to moderate income residents which are defined as those below 80% of the average median income (AMI). Those estimates produced by the Greater New Orleans Community Development Center show that 65% of the owner occupied units that are damaged or destroyed belonged to low to moderate income families. Low to moderate income families rented 89% of the rental units that were damaged or destroyed. An estimated total of 119,770 owner occupied and rental units serving the low to moderate income population, or 88.7%, were damaged or destroyed. Not only did the hurricanes greatly affect the availability of housing, it also affected the capacity of the non-profit infrastructure as well as the private home building industry to address th

**Recovery Needs:**

e needs arising from this crisis. Prior to the storms of 2005, the non-profit sector accounted for 5.6% of the State's total workforce, a substantial force on the State's economy. A large percent of those jobs fell within the State's metropolitan statistical areas, and 55% of all non-profit jobs are in the health care industry. The fact that 70% of these jobs were located in the parishes most devastated by the hurricanes call into question the state's capacity to offer critical services related not only to housing, but also to the areas of health care, social services, education and nearly more.

**Activity Description:**

**Location Description:**

Calcasieu Parish

**Activity Progress Narrative:**

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

2 Calcasieu Parish homes purchased by the State via the Road Home Program were sold this quarter, resulting in a total of \$15,300 in program income, which remained with the Parish. 108 homes have been disposed to-date in this parish. 12 of the 108 resulted in program income funds being returned to the State, 96 resulted in funds remaining with the Parish and 0 properties were given to the Parish. This activity contains the funds remaining with the Parish.

**Activity Description:**

As prescribed by program rules, the State must adhere to HUD's regulations with respect to oversight of compliance with environmental statutes and authorities. The State has developed comprehensive procedures to ensure compliance with HUD's CDBG program regulations for each funded project. The State will verify that each project that requires it has been environmentally cleared prior to any construction activity. In order to ensure that this responsibility is fulfilled, the services of an environmental consulting firm, Environ, will be engaged to evaluate and provide written analysis for a broad range of environmental studies. These evaluations will follow applicable laws and regulations, which may include the National Environmental Protection Act (NEPA) environmental review procedures relating to "HUD-CDBG" activities, and/or other local, state or federal environmental laws. Environ will be responsible for the environmental review of Louisiana Land Trust properties, Small Rental properties and Infrastructure activities to determine that all environmental issues are cleared before any work commences on any activity. These will be handled through the Environmental Section of the OCD-DRU through the use of work orders and regular updates that are sent by Environ.

**Location Description:**

Katrina and Rita affected parishes.

**Activity Progress Narrative:**

Continuing activity include environmental review of asbestos inspection on nearly 1000 properties in Orleans parish for the Small Rental Program; Chinese Dry Wall inspections across south Louisiana. In addition, work continues on English Turn and West Bank Sewerage project in Plaquemines parish; Parks and Recreation Improvement & ndash English Turn and District 7 in Plaquemines parish; the Unmet Needs Homeowner Program statewide; the Plaquemines parish Oyster Processing Facility; South Plaquemines United Fisheries Cooperative and the City of New Orleans Aggregate Streetscape projects. Completed projects include Iberville Infrastructure Redevelopment; Gernon Brown Gym in New Orleans; St. Bernard parish

Submerged Roads project and Plaquemines parish Consolidated Parish Government Complex.

**Activity Description:**

**Location Description:**

Orleans Parish

**Activity Progress Narrative:**

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

0 homes purchased by the State in Orleans Parish, via the Road Home Program, were sold this quarter. 5,082 homes have been disposed to-date in this parish. 1,086 of the 5,083 resulted in program income funds being returned to the State, 1,041 resulted in funds remaining with the Parish and 2,956 properties were given to the Parish. One property was given to the parish this quarter. This activity contains the funds remaining with the Parish.

**Activity Description:**

Direct management costs for the disposition of Road Home Program option 2 & 3 lots managed by the Louisiana Land Trust in St. Bernard Parish.

**Location Description:**

St. Bernard Parish.

**Activity Progress Narrative:**

The total St. Bernard Parish inventory of the Road Home option 2 and 3 properties purchased by the State is 4,468. As of 6-30-2013, 2,569 of these have been disposed with 260 being given to the Parish to be used at the Parish's discretion. This leaves 2,159 properties to be maintained by Louisiana Land Trust. These funds were expended on property maintenance.

### Activity Description:

This activity is the result of an amendment that transfers \$6,000,000 from the Small Rental Program to the Non-Profit Rebuilding Pilot Program (NRPP). These funds will be used to complete the current activities of the NRPP program. The administration of these additional funds will be directly under OCD/DRU through the United Way of Southeast Louisiana. The Louisiana Housing Finance Agency will close out the original grant funds under its administration, returning any remaining funds to be administered by OCD/DRU.

### Location Description:

Orleans Parish

### Activity Progress Narrative:

Final disbursements were made for the following addresses that have closed in prior quarters: 1013-15 Atlantic Ave. and 3934 Louisiana Avenue.

**Activity Description:**

This activity is the result of an amendment that transfers \$6,000,000 from the Small Rental Program to the Non-Profit Rebuilding Pilot Program (NRPP). These funds will be used to complete the current activities of the NRPP program. The administration of these additional funds will be directly under OCD/DRU through the Rapides Station Community Ministries. The Louisiana Housing Finance Agency will close out the original grant funds under its administration, returning any remaining funds to be administered by OCD/DRU.

**Location Description:**

Calcasieu, Cameron, Washington, and St. Tammany Parishes

**Activity Progress Narrative:**

Final disbursements were made for the following addresses that have closed in prior quarters: 1416 Howard St., 1917 North Lincoln Street, and 313 17th Ave.

**Activity Description:**

The Cecil J. Picard LA 4 Program serves four-year-old children not enrolled in any other publically funded prekindergarten program and who are eligible to attend kindergarten the following year. The targeted population in these programs are children considered to be "at-risk" of achieving later academic success. The LA4 program has developed as an important public service in support of the economic revitalization of parishes struggling to recover from Hurricanes Katrina/Rita and Gustav/Ike. The program delivers high-quality early childhood education for students from low to moderate income families. It also delivers long-term recovery and economic revitalization of these impacted parishes by supporting increased employment opportunities and workforce expansion both in the school system and for parents able to enter the workforce as a result of the provision of this public service program. It is estimated that 7,562 qualify for the 6-hour education program, and 838 for a 4-hour before- and after-school enrichment program. The total served is 8,400 which is the number of children who qualify for free/reduced price meals.

**Location Description:**

All eligible Katrina/Rita school districts/charter schools. Orleans, St. Bernard, Plaquemines, St. Tammany, Terrebonne, Cameron, Lafourche, Jefferson, Calcasieu, Iberia, Tangipahoa, Vermilion, and Washington parishes.

**Activity Progress Narrative:**

The Cecil J. Picard LA 4 Program serves four-year-old children not enrolled in any other publicly funded prekindergarten program and who are eligible to attend kindergarten the following year. The targeted population in these programs are children considered to be "at-risk" of achieving later academic success. The program follows Louisiana Standards for Programs Serving Four-Year-Old Children and utilizes research-based curricula and assessments to ensure the provision of high-quality services and to prepare children to enter kindergarten ready for academic success. The program operates from August through June.

**Activity Description:**

This project will make substantial infrastructure improvements at the entry-way to the NASA-Michoud Assembly Facility, while adding new enhancements that will make the area more competitive in the eyes of prospective business tenants. Specifically, the project involves design and construction of the following elements: 1. Provision of 2.2 miles of landscaping along Old Gentilly Road (from I-510 to Chef Menteur Highway); 2. Improvement of storm drains and replacement of concrete panels along sections of Old Gentilly Road; 3. Installation of lighting along Old Gentilly Road; and 4. Asphalt cold planing and concrete overlay portions of Old Gentilly Road.

**Activity Description:**

This project removes residential home slabs and/or flatwork remaining after FEMA funded structure demolition and restores the sites (filling and grading property). This project is part of an overall program of St. Bernard and Orleans Parishes with slab removal. The proposed estimate of slabs that can be removed from St. Bernard Parish is 1602 and from 350 from Orleans Parish, bringing the total to 1952 properties.

**Location Description:**

Area wide (St. Bernard Parish, Orleans Parish), LA

**Activity Description:**

This project utilizes CDBG funds on the various University buildings which were damaged by the storms to bring them in compliance to the regulations of the Americans with Disabilities Act of 1990, making these facilities accessible to all its students. This project will fund the rehabilitation of five (5) campus buildings ineligible for FEMA funding to necessitate the University to comply with these modifications to the ADA act.

**Activity Description:**

These funds will be used to assist Infrastructure program applicants in development their projects and complying with CDBG regulations throughout implementation. Funds will be used to provide assistance to applicants in all Disaster Recovery Infrastructure programs, including the following: Ratepayer Mitigation, Long Term Community Recovery, Primary and Secondary Education Infrastructure, and Fisheries Infrastructure. Efforts under this activity will include project development, bidding, pre-construction, construction, and closeout. Project closeout is to include assistance with preparation and submittal of the final wage report and project closeout package, which includes the preparation of financial reports, the clearing of any liens and finalizing outstanding payment requests.

**Location Description:**

Disaster affected parishes.

**Activity Progress Narrative:**

The majority of the Infrastructure Program Delivery funds pay for the services of two contractors involved in application through project closeout activities. These activities include application preparation, application amendments, and providing assistance to grantees in the areas of project development, record keeping, financial management, citizen participation, procurement, residential anti-displacement, Section 504, fair housing, equal employment opportunity, Section 3, labor compliance, disclosure reporting, and property acquisition.

Iberia Parish

**Activity Progress Narrative:**

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

0 homes purchased by the State in Iberia Parish, via the Road Home Program, were sold this quarter. 16 homes have been disposed to-date in this parish. 2 of the 16 resulted in program income funds being returned to the State, 11 resulted in funds remaining with the Parish and 3 properties were given to the Parish. This is a correction in the numbers sold with funds coming back to the State and properties given to the Parish reported during the 3rd quarter of 2012. This activity contains the funds remaining with the Parish.

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

0 homes purchased by the State in Iberia Parish, via the Road Home Program, were sold this quarter. 16 homes have been disposed to-date in this parish. 2 of the 16 resulted in program income funds being returned to the State, 11 resulted in funds remaining with the Parish and 3 properties were given to the Parish. This is a correction in the numbers sold with funds coming back to the State and properties given to the Parish reported during the 3rd quarter of 2012. This activity contains the funds returned to the State.

**Activity Description:**

This project is an 80/20 match with CDBG - DR funds being used as the 20 % match. The concept is for the CDBG funds to finance the design and inspection services as required by FHWA/LaDOTD. The remaining portion of the CDBG funds will be used for the construction match. The recovery efforts of the roadway systems in St. Bernard Parish are critical to the overall welfare of the parish. The thirteen roadway improvements included in the target area have been devastated since Hurricane Katrina and Rita. The roadway reconstruction will allow for a systematic recovery for the entire St. Bernard Parish.

**Location Description:**

**Activity Description:**

This program will fund nine (9) code enforcement positions and related costs in the Department of Safety and Permits, for a three (3) year period. The City of New Orleans has experienced a quantifiable increase in the demand placed on the Department relative to the ongoing rebuilding efforts following Katrina. The proposed project activities will allow additional staffing to strategically target blighted properties and implement code enforcement processes to eliminate the blighted conditions of properties and facilitate code-compliant rebuilding of structures to reduce damages from future storm events.

**Activity Progress Narrative:**

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

1 home purchased by the State via the Road Home Program was sold in Jefferson Parish this quarter. Resulting in \$1,205 in program income being returned to the State. 166 homes have been disposed to-date in this parish. 135 of the 166 resulted in program income funds being returned to the State, 0 resulted in funds remaining with the Parish and 31 properties were given to the Parish. This activity contains the funds remaining with the Parish.

**Activity Description:**

This activity is a bucket for all unbudgeted Piggyback projects and administrative costs.

HUD approved the release of funds for the Low-income Housing Tax Credits (LIHTC)/Community Development Block Grant (CDBG) Piggyback Program; outlined in Action Plan One, Amendment 4; on December 8, 2006, to combine the resources of Gulf Opportunity Zone Tax Credits (GO Zone), CDBG Piggyback funding, available HOME funds, Section 8 housing vouchers, and leveraged private investments to generate between 18,000 and 33,000 new or restored rental units. The program will support the development of mixed income communities and ensure the restoration of rental housing in the most heavily affected parishes. HUD approved Action Plan Two, Amendment 4, on November 9, 2007, which reallocated a portion of the funds from this program to the Homeowners Assistance Program. The State plans on submitting Action Plan Two, Amendment 17, to request \$9 million from the Small Rental Program for the purpose of funding the Sugar Hill Crossing Project in St. James Parish.

The total number of Piggyback projects now stands at 57 with CDBG funds allocated to assist in the development of approximately 7,726 units.

**Location Description:**

Katrina/Rita affected parishes.

### Activity Progress Narrative:

The above expenditures are for consulting fees for financial/legal analysis and labor compliance.

### Activity Description:

Before the disaster, a large portion of very low income working families resided in single-family homes, "doubles" and small, multi-family buildings that were owned and operated by small-scale landlords. A sizeable number of these properties were underinsured or uninsured and no longer available for occupancy. The State proposes to provide financial assistance to small rental property owners through Action Plan 2 so that they may effectively return an estimated 10,206 affordable and ready to be occupied units to the rental housing market. A portion of the funds (\$40 million) is set aside as a pilot program to assist in the creation of homeownership opportunities for renters and will be administered by the Louisiana Housing Finance Agency. The primary purposes of this incentive program is to enable small-scale rental properties to return to the market while limiting the amount of debt (and therefore debt service) required for the properties, so that the owners will be able to charge affordable rents. The program will, on a competitive basis, offer incentives in the form of forgivable loans to qualified owners who agree to offer apartments at affordable rents to be occupied by lower income households. Subsidies will be provided on a sliding scale, with the minimum subsidy provided for units made available at affordable market rents to be occupied (rents affordable to household with incomes at or below 80% of median) and maximum amount of subsidy going to units affordable to families with incomes at or below 50% of AMI.

In addition to funding incentives for providing affordable units in small rental properties, the program will, where practical, make funds available to improve building design and make properties less susceptible to damage from natural events. In general, higher per unit amounts will be available to property owners who agree to offer lower rents to reflect the lower amount of rental income these properties will receive. The assistance will be offered as deferred payment loans at zero percent interest, due only upon resale of the property or failure to comply with the agreed-upon restrictions on rents and household incomes. The program will, on a competitive basis, provide zero interest gap financing to restore units that are rented at affordable rates. Higher funding amounts up to \$100,000 per unit are available to qualified landlords who agree to offer lower rents, with the maximum amount of subsidy going for larger rental units where rents are affordable for families with incomes at or below 50% area median income.

Additional performance measures include: Total # units in the activity: proposed 10,206 # affordable units: proposed 7,655 Minimum # years that affordability restrictions apply: 10 # assisted units occupied by elderly households: proposed 850 # units subsidized with project based rental assistance: proposed 340 # units made lead safe: proposed low-income 1531 proposed mod-income 1021 # units meeting Sec. 504 accessibility standards: proposed 850 # people served below 30% of AMI: TBD Expenditures on affordable rental housing under 2nd appropriation: TBD Expenditures in New Orleans Metro area under 2nd appropriation: TBD

### Location Description:

Disaster affected parishes.

### Activity Progress Narrative:

The Small Rental Property Program design was approved by the LRA and the OCD-DRU December 28, 2006. Program applications were received through a series of competitive rounds. March 2007 marked the application deadline for Round 1, while Round 2 ended in July 2007.

There are 4,782 total current/active awardees meeting basic eligibility requirements for competition. This number represents the total in rounds 1, 2, 2.1, and 2.2. Since the close of all rounds, \$452,945,546 in federal funds has been committed through a program issued commitment letter to 4,715 of the 4,782 current awardees, with the average project award being \$101,069. Of the 4,782, there are 1,269 still moving toward closing.

As of the end of June 2013, \$382,761,849 has been disbursed on Rental. 4,367 total Rental closings have resulted in a total of 8,426 livable units with 7,519 representing affordable units. In addition, there are 347 current/active Owner Occupied awards that have resulted in 293 closings held, with a total of \$20,291,628 awarded for 293 units. The SRPP has had a total of 4,660 closings on 8,526 units with 7,519 affordable units.

Construction Management Initiative Option (CMIO)

>Due to the feedback received from applicants and public officials, Small Rental developed a new path to which current SR applicants can complete construction of their affordable units. The Initiative Program is an alternative for current small rental applicants to choose from. The state assigns a contractor and makes disbursements to the contractor as construction progresses.

Of the total population of current/active awardees, 345 applicants are being processed through the CMIO. All 345 have completed preliminary benefit determination and have had a contractor assigned. Of these, 343 applicants have a bid accepted, and 338 have been sent to closing. 335 CMIO applicants have had construction start on their property, and 239 have had construction completed. SRPP has closed 338 CMIO properties, with 619 total livable units, representing 597 affordable units.

Appeals

>There have been 4,614 appeals received, and 4,585 have had issue determinations completed and resolved. Staff continues to process files for the Uniform Relocation Act assistance program for Rounds 1, 2, 2.1, and 2.2

**Activity Progress Narrative:**

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

71 St. Bernard Parish homes purchased by the State via the Road Home Program were sold this quarter, resulting in a total of \$495,740 in program income remaining with the Parish. 260 homes have been given to the parish to be used at the Parish's discretion. 2,569 homes have been disposed of to-date in this parish, with the PI generated from the sale of 2,095 returning to the State. This activity contains the funds returned to the Parish.
