

DECLARATION OF EMERGENCY

Department of Health

Professional Services

Reimbursement Methodology

(LAC 50:IX.8305, 8505, 15113, 15133, and XIX.4334)

The Department of Health, Bureau of Health Services Financing adopts LAC 50:IX.8305, 8505, 15113, 15133, and XIX.4334 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:962 and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

Effective July 1, 2025, the Department of Health, Bureau of Health Services Financing hereby adopts a new methodology for Medicaid managed care organization reimbursement and fee-for-service reimbursement rates. These higher reimbursement rates may incentivize more providers to participate in Medicaid. Medicaid physician payment rates have historically been significantly lower than those of Medicare, often averaging around two-thirds of the Medicare rate. This disparity can lead to access issues, as some providers may be reluctant to accept Medicaid patients due to the lower reimbursement rates. This Emergency Rule is being adopted to better align Medicaid rates to Medicare rates, which will encourage providers to enroll in Medicaid. This rulemaking action will improve the quality of health care offered to Medicaid beneficiaries, thus improving the health outcomes of Medicaid beneficiaries throughout Louisiana.
