Emergency Rules

DECLARATION OF EMERGENCY

Department of Agriculture and Forestry
Office of Management and Finance
Agricultural Industry Board

In accordance with the emergency provisions of the Administrative Procedure Act (R.S. 49:953(B)) and R.S. 3:3704, the Department of Agriculture and Forestry, Agricultural Industry Board, has adopted the emergency rules detailed below. The Louisiana Agricultural Industry Board has designated 12 certified market participants in the program and receive incentives. Eleven certified market participants have approved 1987 confidential business plans which call for contracting with Louisiana agricultural producers to grow and deliver agricultural commodities or products. These contracts must be entered into during the planting season which is currently under way. In order to assure that these procedures are adequately secured and that there is established a method whereby potential violations may be adjudicated and disputed incentive payments are escrowed, a new paragraph is added to Section 7:17711D of the rules and regulations.

§17711. Incentive Payments to Certified Market Participants (Amend)

A. Incentive Payments Application Procedure

1. A request for incentive payments shall be submitted in writing on the forms approved by the board.

2. The request for incentive payment form shall be a public record in accordance with R.S. 3:3707(E) and shall contain the following information:

   a. name, address and phone number of certified market participant;
   b. signature of authorized agent;
   c. date submitted;
   d. month for which payment is requested;
   e. number of gallons of ethanol sold for which incentive payment is requested; and
   f. certification by authorized agent that the information reported on the form is true, correct and complete.

3. The following information shall be submitted simultaneously with request for incentive payment and such information shall be exempt from R.S. 44:1 et seq. and be considered confidential information:

   a. ethanol buyer’s name, address and quantity;
   b. total number of gallons of ethanol and gasohol sold in Louisiana;
   c. copies of shipping and receiving documents; and
   d. certification by authorized agents that the information reported is true, correct and complete; and
   e. an affidavit in authentic form provided by the commissioner and executed by the blender attesting to the following:

      i. the blender has purchased from _________, the certified market participant, ________ gallons of ethanol on the ___ day of _________, 19____, for use in gasohol to be sold in Louisiana;
      ii. the blender shall on or before the twentieth day of each
month file with the Louisiana Department of Revenue and Taxation report(s) or document(s) or pay monies as may be appropriate relative to taxes imposed on gasohol; and

iii. the blender shall attach to his affidavit and mail to the commissioner certified true copies of report(s) or documents(s) filed or monies paid by the blender with the Louisiana Department of Revenue and Taxation.

iv. the blender shall attach as a schedule to his affidavit and mail to the commissioner a copy of a first-in, first out perpetual inventory report showing each certified market participant’s beginning inventory balance, shipments of ethanol received from said certified market participant during the month, sales of ethanol for said certified market participant that month and ending certified market participant’s ethanol inventory. A copy of this schedule will also be sent to the certified market participant.

4. The incentive payments shall be made only to certified market participants who have contracts approved by the board.

B. Procedures for Payment to Certified Market Participants

1. Certified market participants must submit a written request for payment which shall be reviewed and approved as to form and completeness by the commissioner or his designee.

2. Within five working days of the fifth day of each month, the commissioner shall notify each certified market participant of his approval as to form and completeness of application for the month’s incentive payment. This approval shall be evidenced by a certificate or certificates, the Agricultural Industry Board Incentive Payment Certificate, in the form approved by the board, signed by the commissioner stating the payment application has been approved as to form and completeness. The commissioner shall on or before the fifth working day following the fifth day of each month issue to certified market participant their specific Agricultural Industry Board Incentive Payment Certificate. The certified market participant may, with board approval, assign those certificates to a producer, intermediary, blender, financial institution or other person.

3. The commissioner is authorized on behalf of the board to take all necessary steps to make payments to certified market participants from the Agricultural Industry Incentive Fund.

4. Each incentive payment made from the fund shall be applied first to the oldest outstanding certificate issued to the certified market participant until all certificates issued to the certified market participants shall be paid.

C. Procedures For Adjustments In Incentive Payments Due To Overpayment

In the event the request for incentive payment is inaccurate or erroneous, the commissioner shall notify the certified market participant and if the certified market participant agrees that an error has been made then the commissioner is authorized to deduct from any future incentive payment requested an amount sufficient to correct any error in payment plus legal interest. If the commissioner and the certified market participant do not agree, then the commissioner shall call an adjudicatory hearing before the board to consider the matter.

D. Procedure for Other Adjustment of Incentive Payments

1. If on a monthly basis the money in the fund is not sufficient to satisfy all outstanding obligations for incentive payments, the payments shall be divided proportionately among the certified market participants in accordance with the following formula: the payment received by each certified market participant shall be in the same proportion to the total funds available for incentive payments as the number of gallons of ethanol produced and sold by the certified market participant for use in gasohol sold in Louisiana bears to the total number of gallons of ethanol produced and sold by all the certified market participants for use in gasohol sold in Louisiana.

2. Any violation of the certified market participant contract, the Act, regulations or any agency and producer contracts (herein violation) makes the certified market participant ineligible for incentive payments and until the issue of eligibility is resolved, there shall be no right to receive incentive payments. If payments have already been wrongfully made to a certified market participant, then the board, in accordance with R.S. 3:3708B, shall order the return and repayment of any incentive payments plus interest. If incentive payments have not been made, then the commissioner shall notify the certified market participant of a potential violation and their ineligibility to receive incentive payments. If the certified market participant notifies the commissioner that it is not in violation, then the certified market participant shall have an opportunity to establish its eligibility for incentive payments at an adjudicatory hearing called by the commissioner or the board within 10 days. When the commissioner denies eligibility based on a potential violation and prior to the adjudicatory hearing, then the disputed incentive payments may, at the board’s discretion, be transferred to an escrow account for security and payment of any agency and producer contracts.

DECLARATION OF EMERGENCY

Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, has exercised the emergency provision of the Administrative Procedure Act, L.A. R.S. 49:953(B) to adopt the following rule in the Medical Assistance Program. The categories of recipients required to report monthly or periodically are based on a waiver of federal regulations set forth in 7CFR 273.21 and approved by the Food and Nutrition Service, United States Department of Agriculture. It is being adopted as an emergency rule as the implementation of this waiver could reduce the error rate and thereby reduce the possibility of federal sanctions.

The rule entitled “Monthly Reporting in Food Stamps” published in the Louisiana Register, Vol. 11, No. 12, December 20, 1985 page 1146-1149 is hereby amended.

I. Monthly Reporting

The following households shall be required to report monthly:

1. public assistance food stamp households who are required to report for public assistance purposes.

2. nonpublic assistance food stamp households consisting of seven or more persons with the exception of the households whose only countable gross income consists of self-employment which is received other than monthly.

Remaining households, other than those excluded by law, would periodically report at six month intervals with the redetermination of eligibility serving as the periodic report. Those households whose only countable gross income consists of self-employment which is received other than monthly would periodically report at 12 month intervals with the redetermination serving as the periodic report.

DECLARATION OF EMERGENCY

Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, has exercised the emergency provision of the Administrative Procedure Act, R.S. 49:953 B to adopt the following rule in the Medical Assistance Program.

The Louisiana Maximum Allowable Cost (LMAC) reimbursement regulations currently cover 623 multiple source drugs. Circumstances have necessitated the review of all optional Medicaid Services. As a result 9 drugs have been identified by the Pharmacy Program as readily available from multiple sources. Inclusion of these drugs under LMAC regulations will allow the Medical Assistance Program to maintain essential Medicaid services at reasonable and adequate reimbursement rates to meet the costs that must be incurred by efficiently and economically operated providers to provide services in conformity with applicable state and federal laws, regulations, and quality and safety standards. This rule is necessary to allow the Medical Assistance Program to continue providing essential medical services and avoid imminent peril to the welfare of Medicaid recipients statewide who depend upon current services to maintain their health.

RULE

Effective June 1, 1987, Louisiana Maximum Allowable Cost Regulations (LMAC) for reimbursement under Title XIX are amended to include the following multiple source drugs:

1. Chlordiazepoxide/Amitriptyline 12.5 mg/5 mg. Tablets

2. Chlordiazepoxide/Amitriptyline 25mg/10 mg. Tablets

3. Clonidine 0.1 mg. Tablets

4. Clonidine 0.2 mg. Tablets

3. State Implementation:
(a) The State will use the following procedures and schedules in implementing the Act:

The State of Louisiana will receive Drug-Free Schools and Communities Act funds in a split allotment with the SEA share being received by that agency and the Governor's
share being received by the Division of Management and Finance of the Department of Health and Human Resources. Each agency will administer its own program, but several mechanisms will be employed to achieve close coordination between the two (including representation of the SEA on the Governor's advisory council, participation of the LEA in the setting of priorities by the Governor's advisory council, participation of the advisory council in the regional meetings held for the LEAs and ongoing communication between the Governor's advisory council and the SEA). Critical to the Governor's program will be a ten-member advisory council which will have representation from public education, higher education, the state substance abuse treatment authority, the state substance abuse commission, community-based programs, allied health and preparedness. In addition to advising the Governor, this body will assist in setting priorities, contribute to the framing RFPs, solicit responses to RFPs, review proposals, make recommendations on proposals, review monitoring reports, make recommendations on action plans and recommend disposition of contracts in the case of agencies that remain out-of-compliance.

The advisory council will function under the leadership of a chairman, appointed by the Governor. This officer will be provided an office and full clerical and management support by the Louisiana Department of Health and Human Resources.

In administering its 70 percent share of the Drug-Free Schools and Communities Act funds, the Louisiana Department of Education will rely largely on organizational structure already in place.

The schedule of major activities for carrying out both the Governor's and the SEA's programs follow:

(b) The State Department of Education, through the Office of Academic Programs, Bureau of Student Services, has worked cooperatively with other state agencies prior to the passage of this Act. Therefore, at the state level, staff members of the State Department of Education will continue to meet on a regularly, scheduled basis with the appropriate representatives from the Department of Health and Human Resources, Louisiana State Police and Public Safety, and the Governor's Office as a means of leveraging all resources, both human and financial, for the successful implementation of this Act. In addition, representatives from the State Department of Education will attend meetings of the Governor's State Advisory Council to continue the coordination between programs and agencies.

This coordination between all agencies will also be an important component of the programs in each of the LEAs. Through the state application process for funding, each LEA will describe their proposed plans for implementing programs which will ensure the participation of state agencies, law-enforcement officials, community organizations, judiciary, and treatment facilities. Also, during the training of the local SAPE' coordinators, representatives from the various state agencies, such as law enforcement, judiciary, and Health and Human Resources, will participate in the program to discuss their resources available on the local levels and various strategies for collaboration with the programs and services in the local school systems.

The State Department of Education will provide local SAPE' coordinators with information on resources available from other state agencies (ongoing during the year) as part of the technical assistance component of the program. Staff members of the Department of Education and personnel from other state agencies will conduct regional meetings for local SAPE' coordinators during the school year.

The requirement of the establishment of local advisory councils will ensure that representatives from other agencies be an integral part of the drug abuse prevention program in every community.

§505. Initiation of Complaint

Complaints may be initiated by any citizen of the state, another licensed chiropractor or by the board on its own initiative.

1. the name and address of the petitioner;
2. specific reference to the statute or rules and regulations to which the petitioner relates;

4. Formal Hearing

Subchapter C. Conduct of Informal Inquiry/Hearing (Non-adversarial Procedure)

§519. Informal Inquiry Procedures
A. The licensee shall be given adequate prior notice of the informal inquiry and possible hearing of the issues to be discussed. Adequate notice includes:
   1. informing the licensee in writing that a complaint has been filed,
   2. a short and plain statement of the nature of the complaint,
   3. a reference to the particular sections of the statutes, rules, and/or ethical standards of the board which appear to have been involved,
   4. copies of the law and the rules and regulations of the board, and
   5. a request for the licensee’s cooperation in obtaining a full understanding of the circumstances which led to the allegation.
B. The licensee is requested to provide, within 30 days, a written statement giving the licensee’s view of the situation which is the subject of the complaint so that the board may be cognizant of all relevant aspects of the case.
C. 1. Evaluating the findings of the informal inquiry. Upon receipt of a reply from the licensee, the board shall review the information and determine if a violation may have occurred, and if so, what standard(s) have been violated.
   2. If the determination of the board is that the issues raised by the complainant would constitute a violation of standards, the board shall then determine whether:
      a. further investigation by correspondence is indicated; or
      b. further investigation by an informal hearing is indicated; or
      c. institution of formal hearing procedures is indicated.

§521. Informal Hearing Procedures
The board shall conduct informal hearings in executive session in accordance with the following:
A. It is expected that the licensee not have an attorney or other advisors present, although it is his right to do so.
B. Witnesses may be called, but are not placed under oath and no subpoenas are issued.
C. Statements made at the informal hearing may not be introduced at a formal hearing unless all parties consent.
D. No transcript of the informal hearing is made.

§523. Evaluating the Findings of the Informal Hearing
A. If the board decides that the subject of the complaint is a violation of the standards, and the disciplinary proceedings are warranted, the board shall then determine whether:
   1. the violation merits informal disposition; or
   2. a formal hearing will be held.
B. The board, in determining for informal disposition, shall order actions such as:
   1. A settlement between the person making the complaint and the licensee. This settlement shall be written, signed by the licensee and the complainant and submitted to the board within 30 days of the informal hearing.
   2. A consent order describing the disciplinary action which will be taken. A consent order shall be signed by the licensee, the chairman and the vice-chairman of the board.

§525. Refusal to Respond or Cooperate With the Board
A. If the licensee does not respond to the original inquiry within 30 days, a follow-up letter shall be sent to the licensee by registered mail or certified mail, return receipt requested.
B. If the licensee refuses to reply to the board’s inquiry or otherwise cooperate with the board, the board shall continue its investigation. The board shall record the circumstances of the licensee’s failure to cooperate and shall inform the licensee that the lack of cooperation may result in action which could eventually lead to suspension or revocation of license, or other appropriate legal action under the law.

§527. Withdrawal of a Complaint
If the complainant wishes to withdraw the complaint, the inquiry is terminated, except in cases where the board judges the issues to be of such importance as to warrant completing the investigation in its own right and in the interest of the public welfare.

§529. Emergency Action Required
If, at any point in the informal proceedings described above, the board finds that public health, safety, or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, the board is hereby given authority to obtain a restraining order from a judge of the appropriate court to suspend the license pending formal hearing proceedings for revocation of license or other disciplinary action. This formal hearing shall be promptly instituted.

Subchapter D. Conduct of Formal Hearing

§535. Initiating the Process
A. The board initiates a formal hearing by issuing full notice of the hearing. A formal hearing may be the result of a complaint made by any manner specified in the informal procedures.
B. Once full notice of the formal hearing has been served, no board member or officially designated hearing officer may communicate with any party to a formal hearing or to that party’s representative concerning any issue of fact or law involved in that formal hearing.

   2. Notice shall include:
      a. a statement of the date, time, place and nature of the hearing;
      b. a statement of the legal authority and jurisdiction under which the hearing is to be held;
      c. a reference to the particular sections of the statutes, rules or ethical standards involved;
      d. a short and plain statement of the matters asserted which shall be the subject of the hearing;

NOTE: It is the licensee’s obligation to keep the board informed of his/her whereabouts.

5. The content of the notice limits the scope of the hearing and of the evidence which may be introduced.

6. If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application, a more definite and detailed statement shall be furnished.

With respect to any such information or documentation, the submission of an application for licensing to the board shall equally constitute and operate as a consent by the applicant to disclosure and release of such information and documentation and as a waiver by the applicant of any privilege or right of confidentiality which the applicant would otherwise possess with respect thereto.

B. By submission of an application for licensing to the board, an applicant shall be deemed to have given his consent to submit to physical or mental examinations if, when, and in the manner so directed by the board and to waive all objections as to the admissibility or disclosure of findings, reports or recommendations pertaining thereto on the grounds of privileges provided by law. The expense of any such examination shall be borne by the applicant.

C. The submission of an application for licensing to the board shall constitute and operate as an authorization and consent by the applicant to the board to disclose and release any information or documentation set forth in or submitted with the applicant’s application or obtained by the board from other persons, firms, corporations, associations or governmental entities pursuant to Subsections A or B of this Section to any person, firm, corporation, association or governmental entity having a lawful, legitimate and reasonable need therefor, including, without limitation, the physical therapy licensing authority of any state; the Federation of Physical Therapy Licensing Board; the Federation of State Medical Boards of the United States; the American Physical Therapy Association and any component state and county or parish medical society; federal, state, county or parish and municipal health and law enforcement agencies, including the Louisiana Department of Health and Human Resources; and the Armed Services.

B. In the event of suspected conduct described by §1739B(5) or (6), the subject applicant-examinee shall be permitted to complete the examination, but shall be removed at the earliest practical opportunity to a location precluding such conduct.

C. When the board, upon information provided by the chief proctor, an assistant proctor, an applicant-examinee or any other person, has probable cause to believe that an applicant has engaged or attempted to engage in conduct which subverts or undermines the integrity of the examination process, the board shall so advise the applicant in writing, setting forth the grounds for its finding of probable cause, specifying the sanctions which are mandated or permitted for such conduct by §1743 of this Subchapter and provide the applicant with an opportunity for hearing pursuant to R.S. 49:955-958 and applicable rules of the board governing administrative hearings. A. With respect to applicants who do not meet or possess all of the qualifications and requirements for licensing, the board may, in its discretion, issue such temporary permits as are, in its judgment, necessary or appropriate to its responsibilities under law.

B. A temporary permit entitles the holder to engage in the practice of physical therapy in the state of Louisiana only for the period of time specified by such permit and creates no right or entitlement to licensing or renewal of the permit after its expiration.

§1753. Permit Pending Examination

A. An applicant who possesses all of the qualifications for licensing prescribed by §1707A of this Chapter, save for §1707A(5), and who has applied to the board and completed all requirements for examination shall be issued a temporary permit to be effective pending the applicant’s taking of the next scheduled physical therapy licensing examination and the reporting of the applicant’s scores thereon to the board.

B. A physical therapist holding a temporary permit issued under this Section may practice physical therapy only under the direction of a physical therapist licensed by the board, who shall provide such supervision and instruction to the permit holder as is adequate to ensure the safety and welfare of patients.

C. A temporary permit issued under this Section shall expire and thereby become null and void and to no effect, on the earliest of any date that:

1. the board gives written notice to the permit holder that he has failed to achieve a passing score on his second taking of the licensing examination;

2. the board gives written notice to the permit holder pursuant to §1741C that it has probable cause to believe that he has engaged or attempted to engage in conduct which subverted or undermined the integrity of the examination process; or

3. the holder of a permit issued under this Section fails to appear for and take the licensing examination for which he has registered.

§1757. Foreign Graduate Temporary Permit

A. A foreign graduate who possesses all of the qualifications for licensing prescribed by §1715 of this Chapter, save for §1715A(4), shall be issued a temporary permit to engage in supervised clinical therapy training under the direction and supervision of a physical therapist licensed by the board for the purpose of fulfilling in whole or in part the requirement of §1715A(4).

B. The holder of a permit issued under this Section shall not engage in the practice of physical therapy in any respect in the state of Louisiana or receive physical therapy education training involving clinical practice other than within the course and scope of the employment or association for which he is approved by the board.

C. A temporary permit issued under this Section shall expire and thereby become null and void and to no effect, on the date specified by such permit.

Subchapter H. License and Permit Issuance, Termination, Renewal, Reinstatement
§1759. Issuance of License

A. If the qualifications, requirements and procedures prescribed or incorporated by §§1707 to 1709, §§1715 to 1717, or §1721 are met to the satisfaction of the board, the board shall issue to the applicant a license to engage in the practice of physical therapy in the state of Louisiana.

B. A license issued under §1707 of this Chapter shall be issued by the board within 30 days following the reporting of the applicant’s licensing examination score to the board. A license issued under any other Section of this Chapter shall be issued by the board within 15 days following the meeting of the board next following the date on which the applicant’s application, evidencing all requisite qualifications, is completed in every respect.

§1761. Expiration of Licenses and Permits

A. Every license or permit issued by the board under this Chapter, the expiration date of which is not stated thereon or provided by these rules, shall expire and thereby become null, void and to no effect, on the last day of the year in which such license or permit was issued.

B. The timely submission of an application for renewal of a license, but not a permit, as provided by §1763 of this Chapter, shall operate to continue the expiring license in full force and effect pending issuance of the renewal license.

C. Permits are not subject to renewal.

§1763. Renewal of License

A. Every license issued by the board under this Chapter shall be renewed annually on or before its date of expiration by submitting to the board an application for renewal, upon forms supplied by the board, together with the renewal fee prescribed in Chapter 81 of these rules.

B. An application for renewal of license form shall be mailed to the board to each person holding a license issued un-
under this Chapter on or before the first day of December of each year. Such forms shall be mailed to the most recent address of each licensee as reflected in the official records of the board.

§1765. Reinstatement of License

A. A license which has expired may be reinstated by the board subject to the conditions and procedures hereinafter provided.

B. An application for reinstatement shall be made upon forms supplied by the board and accompanied by two letters of character recommendation from reputable physicians, dentists, podiatrists or physical therapists of the former licensee’s last professional location, together with the applicable renewal and reinstatement fees.

Subchapter I. Physical Therapy Advisory Committee

§1767. Constitution of Committee

To assist the board in the review of applicants’ qualifications for licensure under this Chapter, in the preparation and administration of the physical therapy licensing examination, in interpretation and enforcement of board rules and regulations, in the delivery of temporary licenses, and in liaison with licensed physical therapists in the state of Louisiana, the board shall constitute and appoint a Physical Therapy Advisory Committee (PTAC) which shall be organized and shall function in accordance with the provisions of this Subchapter.

§1769. Composition: Appointment

A. The PTAC shall comprise five members who shall be physical therapists licensed by the board engaged in the active practice of physical therapy within the state of Louisiana.

B. Insofar as possible or practical, in its appointment of members of the PTAC, the board shall maintain geographic diversity so as to provide membership on the PTAC by physical therapists residing and practicing in the several geographic areas of the state.

C. Each member of the PTAC shall be appointed by the board from among a list of not fewer than three nominees submitted to the board by the Louisiana Chapter of the American Physical Therapy Association (LPTA), or its successor. Each nomination so submitted shall be accompanied by a personal résumé or curriculum vitae for the nominee together with a written consent to serve if appointed, subscribed by such nominee.

D. Within 10 days of the effective date of these rules, the LPTA shall submit to the board a list of 10 nominees, from which the board shall appoint five members to the PTAC, one appointee designated to serve a term expiring on the last day of the year of appointment; two to serve terms expiring on the last day of the year succeeding the year of appointment; and two to serve terms expiring on the last day of the second year succeeding the year of appointment. Thereafter, each member of the PTAC shall serve a term of three years, subject to removal or declaration of vacancy at any time upon recommendation of a majority of the committee on the basis of:

1. death or resignation of a member;
2. loss or suspension of a member’s license to practice physical therapy;
3. failure of a member to perform assigned duties;
4. failure of a member to attend 50 percent of the scheduled committee meetings during a calendar year; or
5. a two-thirds vote of the committee recommending removal.

E. Members appointed to the PTAC by the board to fill a vacancy occurring on the PTAC other than by expiration of the designated term shall serve for the unexpired term. A member of the PTAC may be appointed by the board for not more than three consecutive terms.

F. Following the board’s appointment of the initial PTAC pursuant to the preceding Subsection, appointments to the PTAC shall be made by the board pursuant to Subsection C hereof. LPTA nominations for members of the PTAC shall be annually delivered to the board on or before November 15. Other than the initial appointments provided for herein, board appointments to the PTAC shall be effective when made with respect to appointments for unexpired terms and otherwise shall be effective as of the first day of the year following the date of appointment.

§1771. Delegated Duties and Responsibilities

A. The PTAC is authorized by the board to:

1. advise and assist the board in the development, preparation, administration and ongoing evaluation of the physical therapy licensing examination administered by the board;
2. assist the board in examining the qualifications and credentials of and interviewing applicants for physical therapy licensure and permits and make recommendations thereon to the board;

B. In discharging the functions authorized under this Section, the PTAC and the individual members thereof shall, when acting within the scope of such authority, be deemed agents of the board.

C. Members of the PTAC shall be reimbursed by the board for their reasonable actual expenses for attendance at meetings of the PTAC and in the performance of other functions requested by the board.

Subchapter C. Supervised Practice
§4515. Scope of Chapter

The rules of this Subchapter prescribe certain restrictions on and requirements for supervision of physical therapists holding temporary permits issued by the board. For purposes of this Subchapter, a physical therapist holding a temporary permit issued by the board is sometimes referred to as a “permittee.”

§4717. Qualifications for License

A. A physical therapist holding a temporary permit shall engage in the practice of physical therapy only as an employee of a licensed physical therapist or a partnership of licensed physical therapists, or an employee of an individual or entity employing at least one licensed physical therapist who assumes responsibility for the supervision of such permittee.

3. provide the board with written certification, following the conclusion of a foreign graduate’s clinical training as required by §1715A(4), that the permittee has accumulated not less than 1,500 hours of actual clinical experience in the practice of physical therapy under the supervision of the licensed physical therapist.

Subchapter D. Grounds for Administrative Action
§4721. Causes for Administrative Action

The board may refuse to issue a license or temporary permit to, or suspend, revoke or impose probationary conditions and restrictions on the license or temporary permit of a person on a finding of any of the causes provided by Section 2413A of the Physical Therapy Practice Act, R.S. 37:2413A.

§4723. Causes for Action; Definition

A. A person who “attempts to or attains a license by fraud or misrepresentations,” as used in Section 2413A(2) of the Physical Therapy Practice Act, means and includes a person who:
1. makes any representation to the board, knowingly or unknowingly, which is in fact false or misleading as to a material fact or omits to state any fact or matter that is material to an application for a license or temporary permit under Chapter 17 of these rules; or
2. makes any representation, or fails to make a representation, or engages in any act or omission which is false, deceptive, fraudulent or misleading in achieving or obtaining any of the qualifications for a license or permit required by Chapter 17 of these rules.

B. As used in Section 2413A(4) of the Physical Therapy Practice Act, a “felony” means a crime defined as such under the laws of the United States, or of any state. The term “convicted,” as applied to a licensed physical therapist, the holder of a temporary permit or an applicant for such license or permit, means that a judgment has been entered against such person by a court of competent jurisdiction on the basis of a finding or verdict of guilt or a plea of guilty or nolo contendere. Such a judgment provides cause for administrative action by the board so long as it has not been reversed by an appellate court of competent jurisdiction and notwithstanding the fact that an appeal or other application for relief from such judgment is pending.

C. As used in Section 2413A(5) of the Physical Therapy Practice Act, “habitually intermperate” means:
1. repeated excessive use or abuse of alcohol; or
2. the ingestion, self-administration or other use of legally controlled substances or other medications affecting the central nervous system other than pursuant to and in accordance with a lawful prescription.

D. E. As used in Section 2413A(7) of the Physical Therapy Practice Act, the term “unprofessional conduct” means:
1. departure from, or failure to conform to, the minimal standards of acceptable and prevailing physical therapy practice in the state of Louisiana, regardless of whether actual injury to a patient results therefrom;
2. conviction of any crime or entry of a plea of guilty or nolo contendere to any criminal charge arising out of related to the practice of physical therapy;
3. making or participating in any communication, advertisement or solicitation which is false, fraudulent, deceptive, misleading or unfair, or which contains a false, fraudulent, deceptive misleading or unfair statement or claim;

or records relating to the physical therapist-patient relationship, except when such disclosure is otherwise required or permitted by law;

5. initiation or continuation of physical therapy services that are contraindicated or cannot reasonably result in a benefi-
cial outcome; or

6. abuse or exploitation of the physical therapist-patient rela-
tionship for the purpose of securing personal compensation, gratification or benefit unrelated to the provision of physical ther-
apy services.

RULE
Department of Health and Human Resources
Office of Human Development

Effective July 1, 1987, for all vendor and purchase of
services (POS) contracted day care services delivered during that
month and thereafter, the Department of Health and Human
Resources, Office of Human Development, adopted rule
changes which will:

1. establish (as shown in the attached sliding fee scales)
the maximum rate paid by this office for Title XX vendor and
POS contracted day care services in all licensed day care centers
at $154/month/child or $7/day/child or $1/hour/child and in
all approved day care homes at $103.18/month/child or
$4.69/day/child or $.67/hour/child, and

2. list the Title XX day care providers the option of
collecting or not collecting copayments only according to the
attached sliding fee scales from families who need day care be-
cause the parent/caretaker-relative is employed.

The total amount received by these Title XX day care
providers including the OHD maximum reimbursement rate plus
the copayment collected from families, may exceed but shall not
exceed the provider’s actual cost of delivering day care services.

This allows the Office to substantially comply with HCR
17 of the 1986 First Extraordinary Session. This effective date
also provides the Title XX vendor and POS day care programs
sufficient time to prepare for implementing these rule changes in
the new fiscal year and allows providers who elect to implement
collection of copayments prescribed by the scale to enhance their
provision of the Title XX day care services with the additional
funding generated.

The Office of Human Development expects that the ven-
dor and POS contracted day care providers electing to imple-
ment copayments will be totally responsible for the adminis-
trative activities therein, although the Division of Chil-
dren, Youth and Family Services will retain responsibility for eligi-
bility determination for children utilizing vendor day care
services. Upon eligibility determination and redetermination, the
Office of Human Development will provide to the family receiv-
ing vendor day care services a copy of the sliding fee scale(s) for
their information. DCYFS staff will also share with the vendor
day care provider at eligibility determination and redetermination
the client information needed for determining the amount of the
copayment, including gross monthly family income and number of
children in the family and in day care. POS contracted day
care providers will retain responsibility for eligibility determination
and redetermination and will provide to the family receiving POS
contracted day care a copy of the sliding fee scale(s) for their information. The Office of Human Development will monitor periodically fee collections by those Title XX vendor and POS contracted day care providers who elect to collect copayments to assess their compliance with the sliding fee scale(s) and with the requirement that their total amount received may meet but shall not exceed their actual costs in delivering day care services.

Office of Human Development

Effective June 20, 1987, the Department of Health and Human Resources, Office of Human Development, Division of Rehabilitation Services, will change the State Plan (Section 6.6 (a) A, page 1 of 1) and its policy manual amending the income exemption for eligibility determination for the following pre-employment services: 1) Physical Restoration; 2) Maintenance; 3) Transportation; 4) Books and Supplies; 5) Occupational Tools and Equipment; 6) Other Goods and Services; 7) Telecommunication, Sensory, and other Technological Aids. Interpreter services for long-term training shall be exempt from the economic needs test. Post-Employment Services must meet the same economic needs test as pre-employment services. Eligibility criteria for interpreter services provided with state funds under the Commission for the Deaf shall be established by the commission.

The Louisiana Department of Health and Human Resources conducted public hearings on this change in May, 1987 in four major metropolitan areas of the state.

Secretary and State Health Officer

RULE

Department of Health and Human Resources
Office of Management and Finance
Division of Policy, Planning and Evaluation

The Department of Health and Human Resources, Office of Management and Finance, Division of Policy, Planning and Evaluation has adopted the following changes to the Policies and Guidelines for Section 1122 Capital Expenditure Reviews effective June 20, 1987. The changes were made to the rule published in Volume 11, Number 4 of the Louisiana Register, April 20, 1985 and to LAC 48:1.12503.

The changes:

1) Add #15 to the criteria for Expedited Review (p. 8) to read “Replacement construction contracts submitted after the expiration of the approval period.”

2) Make some editorial changes on pages 8 and 8-A.

3) Amend the section on Evidence of Obligation/Expiration of Approval to clarify that a construction contract, which has been entered into during the approval period as evidence of a capital obligation, shall be replaced by a different contract after the expiration of the approval period, only when approved by the Division of Policy, Planning and Evaluation.

This third set of changes will revise the introductory paragraph to the “Construction Projects” subsection (p. 13) and add a part “e” to the same subsection (p. 15).

Pages 8, 8-A, 13 and 15 will read as follows:

Page 8

7. Addition of a new service in an existing facility which will not exceed $600,000.

8. Incorporation, reorganization, merger, consolidation, majority stock sale or transfer, or other changes in the person owning a health care facility with Section 1122 approval.

9. A site change which is not substantial (i.e. adjacent to the originally proposed site, with the same zoning and within the same parish); or which is a result of expropriation, zoning change or other governmental action restricting the development of all or part of the original site and is in the same service area.

10. A reduction in approved beds or a discontinuance of an approved service.

11. The cost of site preparation for a mobile CT scanner which is the only capitalized expenditure the Section 1122 health care facility incurs to provide CT services.

12. Acquisition of an additional CT scanner which is not a replacement or backup CT scanner.

13. Sale or transfer of 25 to 50 percent of the ownership of an entity owning a Section 1122 approval.

14. Other proposals for expedited review may be submitted for consideration. Such proposals may be “accepted” for expedited review if no useful public purpose would be served by a full review.

“15. Replacement construction contracts submitted after the expiration of “” the approval period.

An applicant proposing a capital expenditure which may qualify for an expedited review must submit a written request to DPPE. DPPE will review the request, determine whether a full review or an expedited review will be conducted, and send the appropriate application forms to the applicant.

Pre-application Conference

At any time prior to submitting an application, an applicant may request a formal conference with DPPE to discuss the proposed project. A mutually acceptable meeting time will be established between the applicant and the agency.

Review Procedures

Applicants may request application forms in writing or by telephone from DPPE. The DPPE will promptly provide the applicant with the appropriate forms and a copy of the policies and guidelines. A pre-application appointment may be requested, to be scheduled at a time which is mutually acceptable to the applicant and the agency.

Applications must be submitted on 8 1/2” X 11” paper, as follows:

- Full review - Original and two copies
- Expedited review - Original only
- Adjustments to Long Term Care Resource Goals - Original and six copies.

Page 8-A

Procedures for Requests for Adjustments to Long Term Care Resource Goals.

The contact person specified on the application will be the only person to whom DPPE sends notification in matters relating to the status of the application during the review process. If the contact person (or his address) changes at any time during the review process, the applicant shall notify DPPE in writing.

1. Expedited Review Procedures

Within 15 days of receipt of an application for an expedited review, DPPE shall review the application for completeness. The application is deemed complete for review purposes as of the date on which all required information is received.

If DPPE fails to notify the applicant within 15 days that additional information is required, the application is deemed complete as of the date received.

After an application is submitted, each time the applicant submits additional information subsequent to the date the original application was submitted, but prior to the application being declared complete, DPPE shall have 15 days from the date the
most recent information was submitted to declare the application complete or incomplete.

Page 13

NEGATIVE RECOMMENDATION (Restatement of federal regulations)

When a proposal is found by DPPE to be in non-conformity, DHHS ordinarily excludes certain expenses related to the expenditure in determining federal reimbursement to be made under Title XVIII and Title XIX. However, if DHHS determines that one of the following conditions exists, such expenses shall be included in federal reimbursement.

a. the exclusion of costs for the proposal would discourage the operation or expansion of a health care facility which has demonstrated capability of providing comprehensive health services efficiently, effectively, and economically.

b. the exclusion of costs for the proposal would otherwise be inconsistent with the effective organization and delivery of health services.

c. the exclusion of costs for the proposal would be inconsistent with the effective administration of Title XVIII and/or Title XIX. For additional information, refer to 42 C.F.R. §100.108.

FAILURE TO PROVIDE TIMELY NOTICE

When DPPE determines that an applicant incurred an obligation for a proposed expenditure without providing 60 days timely notice, DPPE shall send written notification to the applicant to DHHS, and to any other agency deemed appropriate, that timely notice was not provided. DHHS will make a determination as to whether a penalty should be imposed, and will notify the applicant and DPPE.

EVIDENCE OF OBLIGATION/EXPIRATION OF APPROVAL

Evidence of an obligation to make a capital expenditure must be received by DPPE within one year of the approval of the project (unless a six-month extension has been granted), or the approval will expire.

The following documents are acceptable as evidence of an obligation for the specified types of proposals:

1. Construction projects

A construction contract, enforceable under Louisiana law and duly executed by the appropriate parties is required. A construction contract must obligate the applicant and the building contractor to cause the capital asset approved under Section 1122 to be constructed. When a construction contract which has been accepted as evidence of an obligation is to be replaced with another construction contract, the replacement construction contract must be submitted to DPPE for review. If the contract replacement occurs during the approval period (12 months following conformity with Section 1122 requirements or 18 months for good cause), no action other than submission of the contract to DPPE will be required. Refer to Paragraph e for the policy regarding replacing an applicable original construction contract after expiration of the approval period.

A construction contract submitted as evidence of an obligation to make a capital expenditure must include the following provisions:

d. If an applicant finds it necessary to replace the original contract after the approval period has expired and the replacement contract is intended to serve as evidence of a capital obligation, the applicant must include written documentation of the reasons for the change in contracts. The documentation must establish that the original contract was replaced for good cause. Good cause includes Acts of God, insolvency, bankruptcy, breach of contract or other situations beyond the control of the applicant.

The documentation must establish that the original contract is legally unenforceable or that from a practical standpoint it is not in the best interest of the project to enforce the contract.

The applicant must submit the proposed replacement contract for review along with the documentation described above. DPPE will review the required documentation and make a determination as to whether the replacement contract may serve as evidence of obligation for the project.

If the documentation does not clearly establish that the replacement of the original contract was for good cause, the project must be constructed with the original contract or the Section 1122 approval will expire.

If the applicant is unable to meet the time frames for vertical construction set forth in Paragraph b above, the applicant may request an extension of time in accordance with Paragraph d.

2. Acquisition of a facility without financing

The Act of Cash Sale shall be submitted.

3. Acquisition of a facility with financing

A copy of the loan agreement or any other financial agreement shall be submitted. Loan guarantees and loan commitments do not meet requirements for evidence of obligation for such transactions.

4. Lease of facility

A copy of the legally executed lease shall be submitted.

5. A formal internal commitment of funds by a facility (or organization) for a force account expenditure

Documentation shall be submitted from a financial institution verifying that a specific separate account (with funds equivalent to the amount of the proposed expenditure) has been designated by the applicant/owner for the project. In the case of a state-owned facility, an appropriation is considered a force account expenditure.

When a formal internal commitment of funds by a facility (or organization) for a force account expenditure is submitted as evidence of obligation for a project to be constructed, then vertical construction shall commence within 18 months from the date of the Notice of Conformity or 24 months from such date if an extension to submit evidence of obligation was granted. A substantial completion date shall be given upon timely commencement of vertical construction. Vertical construction and substantial completion shall be documented in the manner required in 1b-d above.

6. Donated property

Documentation including the date on which the gift is completed, in accordance with applicable Louisiana law, shall be submitted.

As provided in the regulations, the one year approval period may be extended for up to six months at the discretion of DPPE, upon request of the applicant, if one of the following conditions exist:

RULE

Department of Natural Resources
Office of the Secretary

In accordance with the Administrative Procedure Act and
R.S. 47:648.11, the Department of Natural Resources has
adopted the rule detailed below, effective June 20, 1987. This
rule repeals and republishes rules, effective November 20,
1986, which adopted procedures for claiming a conditional se-
verance tax exemption. Due to a perceived inconsistency between
the provisions of the November 20, 1986 rules and R.S.
47:648.11, which inconsistency caused problems with the re-
porting and collection of the state severance taxes due on oil, the
secretary deemed it necessary to adopt this rule.

STEP SEVERANCE TAX EXEMPTION

1. Definitions
1. Oil means crude petroleum oil, and other hydrocar-
bons, regardless of gravity, which are produced at the well head
in liquid form by ordinary production methods (R.S. 30: 3(1)).
2. A qualified well means any well which is spudded on
or after July 15, 1986 and on or before July 15, 1987.
3. Eligible barrels of oil means the first 50 barrels of oil
produced daily from a qualified well or the cumulative total of
10,000 barrels of oil produced from a qualified well in an annual
exemption period computed on the basis of no more than 50
eligible barrels of oil per day.
4. The annual exemption period means the 365-day per-
iod commencing the day after a well is determined to be capable
of commercial production, except that if such a period com-
ences less than 365 days before July 15, 1990 it shall none-theless end on such date.

II. General Rule of Exemption

An exemption from Louisiana’s severance tax may be claimed for the first eligible 10,000 barrels of eligible oil produced by a qualified well during an annual exemption period. If a qualified well produces more than 50 barrels of oil on any given day during an annual exemption period, an exemption from Louisiana’s severance tax may be claimed for only 50 barrels per day of such production. A taxpayer must claim the exemption for all eligible barrels of oil as they are produced or lose such exemption. The exemption shall expire in each annual exemption period when 10,000 barrels of eligible oil have been produced.

III. Limitations upon the Exemption

1. The exemption may be claimed for oil produced from a qualified well only.

2. The exemption may be claimed for the first 10,000 barrels of eligible oil produced within a well’s annual exemption period.

3. The exemption may be claimed for oil which is sold for $21 or less per barrel (as reported under R.S. 47.633(7)) only.

IV. Claiming the Exemption

1. A claim for exemption from the severance tax shall be filed monthly with the collector of revenue.

2. Forms for claiming the severance tax exemption shall be prepared and distributed by the collector of revenue.

3. At a minimum the claim of exemption form shall require reporting of the cumulative total of production during the current period of exemption and the cumulative total of exempt production claimed during the current period of exemption.

4. The claim of exemption form shall be accompanied by the producer’s report, and the Office of Conservation certification that the subject wells are qualified wells.

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: Revise Tree Seeding Prices

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO
STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There are no implementation costs involved.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS
OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

Based on planned seedling production and anticipated sales, self-generated revenues will increase approximately $17,500 over current year receipts to offset increases in nursery production costs for 1986-87. There will be no effect on revenues to local governmental units. This is solely a state program.

Self-generated revenues (collected by the state/Office of Forestry) are determined by actual sales. Tree seeding production is based on landowner demand...actual production is a result of seed germination, favorable agricultural conditions and crop care.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO
DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

Louisiana landowners will pay more for hardwood tree seedlings next year. Trees are sold at cost, and prices are adjusted periodically to offset production costs. Hardwood seedling prices will rise by $25/M (from $100 to $125 per M) for quantities of 500 or more per species. For quantities under 500 per species, the price will be $150/M.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOY-
MENT (Summary)

No effect on employment is expected.

Louisiana Community Development Block Grant (LCDBG) Program
Corrective and Remedial Actions

Introduction
This policy describes the types of administrative actions that can be taken by the Louisiana Division of Administration (DOA) in cases of improper or inadequate performance by recipients of Louisiana Community Development Block Grant (LCDBG) Program grants. In each instance, to the extent possible under the circumstances, the action taken will be intended, first, to prevent a continuation of the deficiency; second, to mitigate any adverse effects or consequences of the deficiency; and third, to prevent a recurrence of the same or similar deficiencies.

Types of Deficiencies
A deficiency is an instance of non-performance of activities or non-compliance with requirements as set forth in the grant contract between the state of Louisiana and the grant recipient. Examples of deficiencies are the following:

On-site monitoring covers these program aspects: financial management, environmental, labor standards, fair housing/equal opportunity, acquisition, relocation, rehabilitation, citizen participation, procurement, program progress, public improvements, and compliance with national objectives. An on-site monitoring visit may be conducted as a matter of routine monitoring or whenever problems come to the attention of the DOA. Once the monitoring visit has been made, a letter is written to the recipient which lists each finding made, the corrective action required, and a target date for the corrective action to be accomplished. Upon receipt of the recipient's response, the state determines whether or not the information is sufficient to resolve the findings. A status letter is then prepared for the recipient which addresses each finding. Findings which are not properly resolved remain outstanding, and a new target date is given to the recipient.

2. Failure to file reports as required. Examples: Minority Business Report, Semi-Annual Budget and Reconciliation Report, Economic Development Quarterly Reports, Developer's Financial Statements, the Performance Assessment Report, Audits, etc.

3. Failure to resolve an audit finding within 120 days.

4. Incurring of ineligible cost. These costs are described in the regulations for HUD entitlements, 24 CFR Part 570.207.

5. Lack of continuing capacity to administer the program.

6. Failure to execute planned activities in accordance with the implementation schedule included in the contract between the state and the recipient.

7. The implementation of a project change without prior state approval.

Notice of Deficiency
The first step in the corrective procedure is for the DOA to send a Notice of Deficiency to the grant recipient. The notice describes the deficiency specifically and objectively, describes action the recipient must take in order to remedy the deficiency (with a deadline for doing so), and describes the consequences of failure to remedy the deficiency (that is, administrative sanctions or legal action).

Sanctions
If the deficiency remains uncorrected, one or more sanctions are imposed. The choice of sanction(s) to be applied is governed by the objectives stated in the Introduction, the type of deficiency, and the term of the grant contract. The possible sanctions are as follows:

1. Required administrative change. Example: If the consultant who is administering the program is doing a poor job, but the recipient has the continuing capacity to administer, the recipient may be required to discharge the consultant and engage someone else to administer the program.

2. Suspension of grant payments.

3. Reduction of grants.
4. Termination of grant.
5. Reimbursement of disallowed cost.
6. Disqualification from consideration for other LCDBG grants. Criteria for disqualification shall be consistent with /but not limited to the state’s threshold requirements for funding.
7. The state may pursue legal action.
   If the recipient does not comply with the sanction imposed, or if the recipient’s response does not remedy the problem, additional sanctions may be imposed, or the matter may be referred for legal action.

Appeals
The final determination to impose any of the above sanctions shall be subject to review by the assistant commissioner of administration supervising CDBG activities. Any recipient that desires such review shall submit a detailed written request to the assistant commissioner with 20 days of receipt of notification of sanction(s). A decision shall be rendered within 20 days of receipt of the request for review, unless a greater length of time is agreed to by recipient.

This policy is to be effective on August 20, 1987, and is to remain in force until it is amended or rescinded. Anyone having comments should contact: J. W. Vaughn, Assistant Commissioner, Division of Administration, Box 94095, Baton Rouge, LA 70804-9095.

Add Subsection D to 1517 as follows:

Chapter 15. Designation and Setting Aside of Procurement Activities for Minority-Owned Business Participation
§1517. Designation of a Minority Set-Aside Bid.
D. In the event there are not three or more certified minority vendors in a specific category, but the Office of Minority Business Enterprise certifies that there are not three such minority-owned businesses in Louisiana that are certified, nor are there three such minority-owned businesses which could be certified in the state of Louisiana, then the bid may be designated as a set-aside for the exclusive participation of certified minority-owned business as long as one certified minority vendor exists in the category being bid. The bid(s) received must conform with §1701.2 and §1703.A relative to not exceeding 15 percent of what could have been obtained via open-market competition. Amend §1703 A. and E. as follows:

Chapter 17. Criteria for Procurement of Goods and Services
§1703. Consulting Service
Criteria for requests for proposal for consulting services under Chapter 16. When the award for a contract for consulting services has been set-aside for minority-owned business participation and at the time request for proposals are to be distributed there are not at least three certified minority-owned businesses available to bid on the contract or class of contracts involved or the contract has not been set-aside in accordance with §1517 D of these rules and regulations, the award shall be made on the basis of open competitive bidding under the Louisiana Procurement Code.

In all cases, the state agency or educational institution actually making the award, either under open competitive bidding or under the set-aside provisions of this Title, may reject all proposals if it is determined based upon reasons provided in writing that such action is in the best interest of the state. One reason, but not the only reason, for rejection of all bids when the contract has been set-aside under the set-aside provisions of this Title, shall be if prices obtained exceeded more than 15 percent of what could have been obtained via open-market competition.

Interested persons may submit written comments on the proposed amendments to Clovis Torry, Office for Minority Business Enterprise, Box 94095, Baton Rouge, LA 70804-9095.

NOTICE OF INTENT

Department of Health and Human Resources
Board of Embalmers and Funeral Directors

The Department of Health and Human Resources, State Board of Embalmers and Funeral Directors, in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., and L.R.S. 37:840 gives notice that rulemaking procedures have been initiated to amend the following rule:

Chapter 7. Renewal

§701. License Renewal and Reinstatement

Section 1. All individual licenses issued by the board shall expire on the thirty-first day of December of each year and must be renewed on or before that date. All establishment licenses and pre-need affidavits shall also expire on the thirty-first day of December and must be renewed on or before that date. Applications for renewal of licenses must be made to the secretary of the board upon forms furnished by said board and must be accompanied by a renewal fee of $25 for individual licenses for embalmers and/or funeral directors and not more than $300 for funeral establishments. There is no fee for the annual report of prepaid funeral services or merchandise.

Section 2. Application for renewal of individual licenses and establishment licenses may be submitted to the board any time after October 1 of each year. For each renewal application submitted between the period October 1 and November 30, the renewal application fees may be submitted and paid in cash, check or money order. Any and all renewal applications for licenses postmarked and received after November 30 must be paid by either cash, money order or cashier's check. When a licensed funeral establishment or individual licensee renews the license, if, for any reason, the check or money order received is not paid by the bank for non-sufficient funds (NSF) or for any other reason, the licensee of the firm forwarding the funds shall be assessed a penalty of $10 for individual license and $25 for establishment license. In either event, the license fee and penalty must be in the office within 10 days after the notice of NSF or nonpayment is received.

Section 3. When a funeral director or embalmer has failed to renew his license on or before December 31 of each year, said license shall lapse. However, same may be reinstated provided application is made to the board along with regular application and fee of $150. If the funeral director or embalmer has failed to renew within the specified time, he must present his request in person to the board, which may, at its discretion, renew or refuse to renew the lapsed license. In any event, no license will be re-instated without a payment of all fees delinquent from date of lapse to date of reinstatement.

Section 4. When a licensed funeral establishment fails to renew its license on or before December 31 of each year, said license shall lapse. However, same may be reinstated provided that the applicant shall submit to an inspection; and if the board is satisfied that the applying establishment meets all requirements, it shall issue a renewal license for the remaining portion of the current year upon payment of regular application fee of five hundred dollars.

Section 5. As all license applications are received, the board will process same in a timely fashion and will begin mailing the licenses to the individuals and establishments so applying on December 15 of each year.

The primary purposes of the proposed revisions are to clarify point of time at which licenses become delinquent, clarify reinstatement of delinquent license procedure and eliminate problems with NSF checks.

Interested persons are invited to submit written comments on the proposed revisions. Such comments should be submitted no later than the close of business on July 15, 1987 to Lloyd E. Eagan, Secretary, Board of Embalmers and Funeral Directors, Box 8757, Metairie, LA 70011

NOTICE OF INTENT

Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to adopt the following rule in the
Aid to Families With Dependent Children Program (AFDC) and the Child Support Enforcement Services.

Presently, when assigned child support payments are received and retained by an AFDC applicant or recipient, under 45 CFR 302.31 and 45 CFR 233.20(a)(3)(v) the IV-D agency (Child Support Enforcement) shall notify the IV-A agency (AFDC program) when it discovers that directly received payments are being or have been retained. Assigned support received and retained by an AFDC applicant/recipient is then budgeted in AFDC in determining monthly benefits.

The state has the federal regulation option of selecting another method of handling directly received and retained assigned child support. The other option is offered at 45 CFR 302.31(a)(3)(ii), such that the IV-D agency shall recover the retained support payments. This recovery by the IV-D agency is to be carried out in accordance with standards for program operations in 45 CFR 303.80.

PROPOSED RULE

When assigned child support payments are received and retained by the AFDC applicant/recipient, responsibility is now placed with the IV-D agency (Child Support Enforcement Services) to recover all such payments in accordance with 45 CFR 303.80. The only exception is a direct payment retained by the recipient during the period when the sanction for failure to cooperate is in effect, as provided at 45 CFR 232.12(d).

In providing for this policy the IV-D staff must:

1. document that the recipient has received and retained direct payments, and the amounts,

2. provide a written notice of intent to recover the payments to the recipient including:

a. an explanation of the recipient's responsibility to cooperate by turning over direct payments as a condition of eligibility for AFDC, and a sanction for failure to cooperate as provided at 45 CFR 232.12(d),

b. a detailed list of the direct payments as documented by IV-D, including dates and amounts of payments and description of documentary evidence possessed by IV-D.

c. a proposal for a repayment agreement related to the recipient's income and resources including the AFDC grant and the total amount of retained support.

d. providing the opportunity for the recipient to have an informal meeting to clarify his responsibilities and to resolve any differences regarding repayment.

The IV-D Agency (Child Support Enforcement Services) must refer the case to IV-A (AFDC Program) with evidence of failure to cooperate if the recipient refuses to sign a repayment agreement or signs an agreement but subsequently fails to make a payment. IV-D must also notify IV-A if a recipient later consents to an agreement or if the recipient who defaulted on the agreement begins making regularly scheduled payments.

To recover amount due from any period of default, the IV-D agency (Child Support Enforcement Services) must extend the duration of the agreement.

Interested persons may submit written comments to the following address: Marjorie T. Stewart, Assistant Secretary, Box 94065, Baton Rouge, LA 70804-4065. She is the person responsible for responding to inquiries regarding this proposed rule. A copy of this proposed rule and its fiscal and economic impact statement is available for review in each local Office of Family Security and each Child Support Enforcement Regional Office.

A public hearing on this proposed rule will be held on July 8, 1987 in the Louisiana State Library Auditorium, 760 Riverside, Baton Rouge, LA beginning at 9:30 a.m. All interested persons will be afforded an opportunity to submit data, views or arguments, orally or in writing at said hearing.

NOTICE OF INTENT

Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to adopt the following rule in the Food Stamp Program.

These revisions are mandated by federal regulations as published in the Federal Register, Vol. 52, No. 47, Wednesday, March 11, 1987, pages 7554-7558. It was necessary to adopt this as an emergency rule as an April 1, 1987 implementation date is mandated.

Proposed Rule
Effective May 1, 1987 homeless food stamp recipients (including newly eligible residents of temporary shelters for the homeless) may use their food stamps to purchase prepared meals served by an authorized public or nonprofit establishment that feeds homeless people.

A "Homeless food stamp household" is an eligible food stamp household which has no fixed mailing address or does not reside in a permanent dwelling. The "Homeless meal provider" is a public or private nonprofit establishment (e.g., soup kitchen, temporary shelter) approved by the Office of Family Security that feeds homeless food stamp households. To be eligible to accept food stamps, a meal provider must also be authorized by Food and Nutrition Service (FNS) after the Office of Family Security approves them. This rule changes the definition of residents of institutions to exclude those residents of public or private nonprofit shelters for homeless persons.
The provider must serve meals that include food purchased by the establishment. A meal provider serving only meals which consist wholly of donated foods will not be eligible for authorization.

Only those food stamp households determined to be homeless shall be permitted to use food stamp benefits to purchase prepared meals served by authorized homeless meal providers. To ensure that the use of food stamps for prepared meals is restricted to homeless persons, homeless meal providers shall establish that person’s right to use coupons to purchase meals.

Applicant meal providers must apply for approval at the Office of Family Security in their parish. An approval at the provider’s establishment will be conducted by the regional food stamp consultant. After approval has been granted by OFS, the provider must make application to an FNS Field Office to receive authorization to accept food coupons. The two FNS Field Offices are located at 2156 Wooddale Boulevard, Suite 400, Baton Rouge, LA 70806, Phone Number (504) 389-0491 and at 211 North Third Street, Room 102, Monroe, LA 71201, Phone Number (318) 387-3634.

The homeless meal providers may not redeem food stamps through financial institutions for cash. Meal providers will therefore be restricted to redeeming food stamps received from homeless persons through authorized wholesale food outlets and through authorized retail food stores for food only.

The use of food stamps to purchase meals from homeless meal providers is voluntary on the part of food stamp recipients. Food stamp recipients must continue to be given the option of using cash if payment for a meal is required. In addition, if others have the option of eating free or making a monetary donation, homeless food stamp recipients must be given the same option (eat free, or donate money or food stamps.) The amount requested from homeless food stamp recipients using food stamps to purchase meals may not exceed the average cost to the homeless meal provider of the food contained in a meal served to the patrons of the meal provider. If a homeless recipient voluntarily pays more than the average cost of food contained in a meal served, such payment may be accepted by the meal provider.

However, neither cash change nor credit slips shall be returned for coupons used for the purchase of prepared meals from authorized homeless meal providers. Such meal providers may use uncanceled and unmarked $1 coupons which were previously accepted for meals served to food stamp recipients when change is required for $5 and $10 coupons.

Homeless meal providers will not be permitted to serve as “Authorized Representatives” for homeless food stamp households.

Interested persons may submit written comments to the following address: Marjorie T. Stewart, Assistant Secretary, Office of Family Security, Box 94065, Baton Rouge, LA 70804. She is the person responsible for responding to inquiries regarding this proposed rule. A copy of the proposed rule and its fiscal and economic impact statement is available for review in each local Office of Family Security.

A public hearing on the proposed rule will be held on July 8, 1987, in the Louisiana State Library Auditorium, 760 North Riverside, Baton Rouge, LA beginning at 9:30 a.m. All interested persons will be afforded an opportunity to submit data, views or arguments, orally or in writing, at said hearing.

NOTICE OF INTENT

Department of Health and Human Resources
Office of Management and Finance
Division of Policy, Planning and Evaluation

The Department of Health and Human Resources, Office of Management and Finance, Division of Policy, Planning and Evaluation proposes to adopt the following changes to the Louisiana State Health Plan to be effective August 20, 1987. The proposed changes will be made to the rule published in Volume 13, Number 2 of the Louisiana Register, February 20, 1987 and LAC 48:11535.

The following Section will be added to Chapter 9 - Health Resource Requirement.

A. Health Care for Persons with Acquired Immunodeficiency Syndrome

It is recognized that certain factors may limit accessibility of health care facility beds to persons who have been diagnosed as having Acquired Immunodeficiency Syndrome (AIDS) or even persons who have tested positive for evidence of the virus (HIV) in the body. Many times persons must remain in a hospital for a significant number of days at $450-$800 per day because of the inaccessibility of nursing home care. Sixty percent of the cases documented to date are from Orleans parish. For these reasons, a need exists for 100 beds which may be approved to care for these patients, not necessarily in the same facility. These beds shall be provided, in order of priority by:

1. using existing beds in several health care facilities (acute or long term care) which can be converted to meet the standards for this care;
2. converting an entire existing facility to provide care for these patients; or
3. developing a new facility for this use.

Current estimates predict uninterrupted growth in the size of the AIDS population since no effective medical intervention
exists. Each 12 to 14 months the total number of cases doubles. Since 1981, when these cases were first officially counted, there have been 419 diagnosed AIDS cases and 65 percent of those patients are now deceased. From July 1, 1987 to June 30, 1988, an additional 400 or more new cases are expected to develop.

Of the new cases, some patients will experience fulminant disease resulting in early death, while others may remain relatively well or in need of episodic care with some periods of relative wellness. Others will survive hospitalization and will experience a partial recovery, but will need varying levels of nursing or personal care. It is estimated that 35-40 percent of these new patients (140-160) will need institutional care at some time. With the addition of some of the AIDS patients still living from the cases occurring before FY 1988 (currently approximately 147), the significance of appropriate planning and providing for nursing home care for these individuals is critical.

Applications for Proposals to Serve Patients with Acquired Immunodeficiency Syndrome

Section 1122 applications for health facility beds specifically for patients with Acquired Immunodeficiency Syndrome shall be submitted on the full review application form (nine copies) and shall be accepted by the Division of Policy, Planning and Evaluation on a schedule to be announced in the Potsouri section of the State Register. All the policies and procedures contained in the policies and guideline for the Section 1122 program will be applied to these applications. Neither the beds nor the ongoing utilization in this facility will be counted in determining the need for other nursing home facilities. The Section 1122 approval for these specialized beds is limited for the purpose of serving the AIDS population, except, if an existing facility converts beds for this purpose, the Section 1122 approval will be reinstated upon discontinuance of the need to serve this population.

The applications will be considered on a comparative basis and will be referred to a committee of knowledgeable professionals who will review the applications and provide written comments to the division. The following will be members of the committee: The assistant secretary of the Office of Family Security, the assistant secretary of the Office of Preventive and Public Health Services, and the assistant secretary of the Office of Charity Hospital at New Orleans, the administrator of the Division of Licensing and Certification, the chair of the Statewide Health Coordinating Council, the ombudsman coordinator of the Governor's Office of Elderly Affairs and the director of the Bureau of Civil Rights of DHHR.

Division of Policy, Planning and Evaluation shall forward copies of the applications to be reviewed to the above noted committee members after such applications are declared complete. The transmittal will include the date of the public hearing and the decision due date. The division shall also forward a summary of the public hearing comments to the committee members. Each committee member shall forward comments and recommendations to the Division of Policy, Planning and Evaluation. These shall be received by division at least five working days prior to the decision due date.

The long term care and acute care sections will be revised to reference this additional Section.

Interested persons may submit written comments on the proposed changes until July 20, 1987 at the following address:

Mrs. Bonnie W. Smith, Division of Policy, Planning and Evaluation, 200 Lafayette Street, Suite 406, Baton Rouge, LA 70801.

Rule Title: Changes to the State Health Plan to allow beds for AIDS patients

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The estimated implementation cost to the state is as follows: FY88 $382,371; FY89 $662,543; and FY90 $833,391. This cost covers additional long term care days. Acute care costs to the state will decrease, since many of these patients are being kept in charity hospitals after all Medicaid payments have been exhausted because no long term care beds are available. It is estimated that the acute care costs are $450 to $800 per day.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

Additional federal Title XIX matching funds will be received in the amount of $798,879 for 1987-88, $1,390,528 for 1988-89 and $1,854,109 for 1989-90.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

It can be assumed that an increase in services as a result of the change in the resource goals might accrue economic benefits to the developers of such services and the local area. The magnitude of these benefits can not be calculated with present information.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

It can be assumed that an increase in the provision of services will affect the employment in the local area. The magnitude of this change cannot be calculated.

The proposed changes will be made to the Rule published in Volume 11, Number 4 of the Louisiana Register, April 20, 1985 and to LAC 48:1.105 and 115. The changes are as follows:

1) Chapter 4, Statewide Health Priorities, has been updated to describe a survey conducted in 1986 which reaffirmed the priority health needs in Louisiana as being: a) cost containment; b) alternatives to institutionalization; and c) health promotion.
2) The need-related resource goals contained in Chapter IX of the State Health Plan have been revised in order to explicitly state the intent of the plan; that is, in all cases where the word should is used, the word shall will be substituted. Shall is defined as must and more clearly reflects the Department's intent and practice of using the resource goals as mandatory standards.

Example: Page 9-60 of the state plan states that the nursing home bed supply should not be more than 80 per 1000 population age 65+; the words shall not will replace should not in this sentence.

NOTICE OF INTENT

Department of Health and Human Resources Office of the Secretary

The Department of Health and Human Resources proposes to adopt changes to the “Rate Setting for Residential Care System Manual” in the area of requirements for the filing of appeals. This proposed change is in accordance with R.S. 15: 1081-1086 and R.S. 36:254 A (3).

The current rule requires that rate appeals be filed within 30 days from receipt of the letter delineating the rate of payment, and that these rate appeals be filed with the rate administrator. There is no requirement for a filing fee. The proposed change would lengthen the number of days within which an appeal can be filed to 60 days, and requires the submission of a $100 filing fee with the appeal. The filing fee is to be refunded if the appeal is won by the appellant. The proposed change also requires that rate appeals be sent directly to the Appeals Section. By giving providers of care a longer period of time to review rates and by requiring a filing fee, the department is hoping to eliminate a number of frivolous appeals that are currently being filed.

Interested persons may comment on the proposed regulations in writing before close of business on July 7, 1987 at the following address: Division of Rate Setting, Office of Management and Finance, DHHR, Box 3776, Baton Rouge, LA 70821.

A public hearing on this proposed rule will be held on July 7, 1987 in the Louisiana State Library Auditorium, 760 Riverside Mall, Baton Rouge, LA, beginning at 9:30 a.m. All interested persons will be afforded an opportunity to submit data, views or arguments, orally or in writing at said hearing.

NOTICE OF INTENT

Department of Wildlife and Fisheries
Wildlife and Fisheries Commission

Pursuant to the authority of Louisiana Revised Statutes, Title 56, Sections 22, 317 and 402, the Louisiana Wildlife and Fisheries Commission and the Louisiana Department of Wildlife and Fisheries hereby advertise their intent to establish and permit a special recurring commercial fishing season, allowing the use of certain nets and slab traps, in Lake Bruin, Tensas Parish, Louisiana. The season will commence each year at sunrise on November 1 and close at sunset on the last day of February the following year.

Commercial fishing with certain nets and slab traps will be allowed on Lake Bruin only during the above described special season and only by licensed commercial fishermen who must also obtain a Lake Bruin commercial fishing permit from the Louisiana Department of Wildlife and Fisheries. The permit will be issued at no cost on a seasonal basis and must be renewed for each season. The permittee must also file a report to the Department of Wildlife and Fisheries of his catch within 15 days of the close of that season. The use of nets in Lake Bruin will be limited to gill and trammel nets greater than or having at least a minimum mesh of 3½" bar and 7" stretched.

Commercial fishing will be allowed only during daylight hours except that gear can remain set overnight but fish captured may be removed during daylight hours only.

Failure to comply with the terms of the special permit or of any Louisiana commercial fishing regulations shall result in immediate cancellation of the permit and denial of a permit for next year's special season.

Interested persons may submit written comments on the proposed rule until 4:30 p.m., July 14, 1987, to the following address: J. Burton Angelle, Secretary, Louisiana Department of Wildlife and Fisheries, Box 15570, Baton Rouge, LA, 70895.

Rule Title: Commercial Fishing Season, Lake Bruin

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
Department enforcement agents already employed in Tensas Parish will enforce this rule as part of their routine duties, as they have already done during the past experimental seasons; therefore there will be no implementation costs.
II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

WLF issues these permits free of charge, therefore there will be no revenues generated to the state. Based upon a local sales tax rate of 3 percent on food sales, the retail sale of this catch would generate approximately $3,500 in sales tax revenue to local governments in 1987-88.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

During the 1986-87 experimental season 25 permitted commercial fishermen took 116,000 lb. of buffalo, 2,000 lb. of gar, and 1,000 lb. of catfish from Lake Bruin. A similar take is estimated for the 1987-88 season. Based on current wholesale and retail prices the fish market value is $18,300 to the commercial fishermen and approximately $100,000 to the retail dealers and processors.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

This rule will increase employment opportunities for commercial fishermen in the Lake Bruin area.
