PROGRAM NUMBER AND NAME: 3771 - Northwest Louisiana Human Services District

The Northwest Louisiana Human Services District is one program comprised of administrative, behavioral health and developmental disabilities functions. Northwest Louisiana Human Services District was created by Act 373 of the 2008 Legislative Session as part of a statewide integrated human services delivery system with local accountability and management to provide behavioral health and developmental disabilities services. These local human service systems are referred to as local governmental entities (LGEs) and feature practices such as a framework anchored in clear policy objectives, well-defined local roles and responsibilities, and measures to assure accountability of delivering quality services to consumers that assist in determining the relative efficiency and effectiveness of public systems. Northwest Louisiana Human Services District completed the formation process in 2014 and now serves the parishes of Caddo, Bossier, Webster, Claiborne, Bienville, Red River, Desoto, Sabine and Natchitoches. Administrative services include board governance, executive management, human resources, fiscal services, and operations. The Northwest Louisiana Human Services District is the state's safety-net behavioral health service provider for the uninsured and underinsured in our service area and fiscal services bill for reimbursable services provided to clients insured by Medicaid, Medicare, and other insurance companies or contracted entities. Northwest Louisiana Human Services District provides community behavioral health services to help individuals and families reach their greatest potential. All individuals requesting services are provided equal access regardless of their payment source. A comprehensive array of mental health, addiction and co-occurring services are provided to its identified targeted population of children and adolescents ages 5 through 18, with severe emotional or behavioral disorders or addictive disorder and adults with mental health, addictive or co-occurring disorders. The target population for adults is those individuals with major mental disorders who meet functional assessment criteria under the 1915(i) state plan and individuals requesting medically necessary substance use services. Accessibility of service to persons in need and continuity of care between one service component and another is an integral part of the service delivery system. Northwest Louisiana Human Services District catchment area provides behavioral health services through four outpatient clinics. Outpatient clinic based services include: Information/Referral, Screening/Assessment/Evaluation, Nursing (Injections, HIV, STD and Pregnancy Testing), Individual, Family and Group Counseling, Community Psychiatric Support and Treatment (CPST), Medication Management, Outpatient and Intensive Outpatient Addiction Treatment Services, Co-Occurring Group Therapy, Peer Support Services, Pharmacy Services and Laboratory Services. Contracted mental health services include evidence-based practice Assertive Community Treatment Services, Case Management Services, Homeless Outreach, Consumer Care Resources, Transportation and Supported Housing. Contracted addiction services include Primary Prevention, Residential Adult Treatment, Inpatient Adolescent Treatment and Gambling Treatment (Outpatient, Intensive Outpatient and Inpatient). Service delivery includes full participation in the specialized behavioral health services through the Healthy Louisiana Plans. All Behavioral Health clinics in the Northwest Louisiana Human Services District participate as Medicaid Application and Voter Registration Centers for persons requesting services. Developmental Disabilities serves as the Single Point of Entry (SPOE) into the Developmental Disabilities (DD) Services System. Support Coordination services are provided to individuals and their families through DD where staff members are assigned cases and assess the needs for support and services, develop individual plans of support, make applicable referrals, and provide ongoing coordination for individual support plans. Services through the Home and Community-Based Waiver programs allows services to be provided in a home or community-based setting for the recipient who would otherwise require institutional care. This program is Medicaid funded and allows people greater flexibility to choose where they want to live and choose services and supports that best suit their individual needs. The Individual and Family Support Program is designed to assist individuals whose needs exceed those normally met by use of existing resources in the community, and other natural resources available. IFS provides assistance to individuals that are not available from other resources which will allow people with developmental disabilities to remain in their home or with family in the community. Individual and Family Supports services include but are not limited to: respite care, personal care assistance, specialized clothing such as adult briefs, dental and medical services, equipment and supplies, communication devices, crisis intervention, specialized utility costs, and specialized nutrition. The Flexible Family Fund Program is intended to assist families with children with severe or profound developmental disabilities to offset the extraordinary costs of maintaining their child in their own home. The program provides a monthly stipend to families of children under the age of 18 who have a qualifying exceptionality identified through their local educational authority.
