§105. Purpose of Charter Schools

A. The charter school law was enacted by the Louisiana Legislature to create a structure whereby city, parish, and other local public school boards and BESE can authorize the creation of innovative kinds of independent public schools for students in Louisiana.

B. The Charter School Law provides a mechanism for all persons with valid ideas and motivation to participate in the development of innovative schools and a mechanism to analyze results of charter schools. Analysis of results allows for the positive results to be repeated or replicated, if appropriate, and the negative results identified and eliminated.

C. The charter school law expresses the intention of the legislature that the best interests of economically-disadvantaged pupils shall be the overriding consideration in implementing the provisions of the law.

D. The purposes of charter schools include providing opportunities for educators and others interested in educating pupils to form, operate, or be employed within a charter school, with each such school designed to accomplish one or more of the following objectives:

1. improve pupil learning and, in general, the public school system;
2. increase learning opportunities and access to quality education for pupils;
3. increase educational opportunities for students in formerly failing schools;
4. increase learning opportunity choices for parents and students;
5. encourage the use of different and innovative teaching methods and a variety of governance, management, and administrative structures;
6. require appropriate assessment and measurement of academic learning results;
7. account better and more thoroughly for educational results;
8. create new professional opportunities for teachers and other school employees, including the opportunity to be responsible for the learning program at the school site;
9. provide competition within the public school system in order to stimulate continued improvement in all public schools; and/or
10. expand the capacity of the public school system.
E. It is not a purpose of the Charter School Law or this bulletin to permit the establishment of a charter school to be used as the means of keeping open an existing public school that otherwise would be closed. Such a circumstance, however, shall not preclude approval of a proposed charter that otherwise fulfills a purpose of the Charter School Law and for which the application/proposal clearly demonstrates that the educational program proposed to be offered will improve the achievement levels of the students enrolled in that school.

F. It is not a purpose of the Charter School Law or this bulletin to provide a means of funding for nonpublic schools or any home study program.

A BESE-authorized charter school shall begin operation by not later than 24 months after the final approval of the charter at a BESE meeting, or upon notification to BESE if opening additional approved charter schools pursuant to §519 of this bulletin, unless such charter school is engaged in desegregation compliance issues and, therefore, must begin operation by not later than 36 months. However, upon request, BESE may extend the time period within which any charter school must begin operation.

B. If a charter school fails to begin operation within the time periods set forth in §901.A, the charter for that school shall be automatically revoked although a new charter may be proposed in a subsequent application cycle.

C. A BESE-authorized charter school shall not begin operation sooner than eight months after approval of the charter school has been granted, unless BESE or the state superintendent agrees to a lesser time period.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), R.S. 17:3981, and R.S. 17:3983.

Chapter 11. Ongoing Review of Charter Schools

§1101. Evaluation for BESE-Authorized Charter Schools

A. BESE authorizes the operation of charter schools to provide schools with increased educational and operational autonomy in exchange for accountability for performance.

B. The performance of type 2, type 4, and type 5 charter schools will be reviewed and/or evaluated annually in the following categories:

1. academic performance;
2. financial performance; and
3. organizational performance.

C. BESE shall approve a charter school performance compact that will articulate the specific criteria the Department of Education will use to annually evaluate the academic, financial, and organizational performance of BESE-authorized charter schools. As necessary, the Department of Education may revise the charter school performance compact, subject to BESE approval of all material changes. All criteria used in the charter school performance compact shall correspond to one of the categories listed above.

D. In measuring the organizational and financial performance of schools as part of the charter school performance compact, charter schools will be given one of the following ratings:

1. meets all expectations;
2. meets most expectations;
3. does not meet expectations.

E. The charter school performance compact may include other supporting evidence to be included in evaluating school performance.

F. BESE shall receive a report on the review of type 2, type 4, and type 5 charter schools not later than January of each year.

1. Each charter school will be subject to regular site visits, monitoring, and contract, school policies, and data review on a schedule established by the Department of Education.

2. For a charter school with a renewal term of six or more years, the department will conduct an in-depth review and evaluation of the charter school, equivalent to a renewal review, at least once every five years to measure the charter school’s performance as measured by the charter school performance compact. The department shall present such review and evaluation to BESE at a regular meeting and provide an opportunity for BESE to take appropriate action or impose meaningful consequences, if necessary, as provided for in this bulletin.

G. Academic Performance

1. Academic performance is the primary measure of school quality. BESE shall use the state’s assessment and
accountability programs as objective and verifiable measures of student achievement and school performance. Student performance is the primary indicator of school quality; therefore, BESE will heavily factor contract extensions and renewal decisions on a school’s achievement of the student performance standards.

2. Charter schools are required to administer all state assessments and are subject to the Louisiana School and District Accountability System as required by Bulletin 111.

3. Pre-Assessment Index
   a. In the fall of each charter school’s second year of operation, the Department of Education shall provide each charter school with a pre-assessment index, as available.
   b. The pre-assessment index will consist of the test results of the students enrolled in the charter school from the immediately preceding spring state testing prior to the creation of the new charter school, where available.

4. The charter school performance compact shall articulate the specific criteria the Department of Education will use to evaluate academic performance.

H. Financial Performance

1. Charter schools are required to engage in financial practices, financial reporting, and financial audits as set forth in charter school law, this bulletin, and the charter. The requirements imposed by law, regulation, and contract ensure the proper use of public funds and the successful fiscal operation of the charter school.

2. Charter schools will be evaluated annually on the timely submission of budgets, audits, annual financial reports, and all other financial reporting and compliance with applicable financial budgeting; accounting; and auditing laws, regulations, and procedures.

3. Financial performance shall be assessed annually using the financial risk assessment framework approved and adopted by BESE. The financial risk assessment shall:
   a. monitor external conditions encountered by charter operators that, if not addressed, could render the school financially vulnerable; and
   b. identify internal factors that could lead to weaknesses or challenges in the financial operations of an operator.

4. The financial risk assessment shall be a factor in determining the financial performance of a charter school.

5. The financial risk assessment shall result in one of the following actions:
   a. no action. The school’s fiscal health is determined to be satisfactory and does not require continued departmental monitoring; or
   b. monitoring. The department will monitor specific aspects of the financial risk assessment, in order to assure continued progress in areas that have been problematic in the past; or
   c. dialogue. The department will conduct a detailed review of the school’s finances and financial practices; follow-up may include, but not be limited to, discussions between department staff and school leadership regarding issues of major concern, a formal site visit, or recommended action by BESE in order to address deficiencies.

6. Charter schools in their first year of operation shall be provided a financial practices self-assessment in order to determine the extent to which the school is positioned for strong financial performance.

7. The charter school performance compact shall articulate any other specific criteria the Department of Education will use to evaluate financial performance.

I. Organizational Performance

1. BESE shall evaluate a charter school’s organizational performance based on the Department of Education’s oversight and monitoring of the charter school’s compliance with and performance of statutory, regulatory, reporting, and contractual obligations, including R.S. 17:3972, which provides that the best interests of economically-disadvantaged pupils shall be the overriding consideration in implementing the provisions of charter law.

2. BESE’s organizational performance evaluation of each charter school shall be based on, but not limited to data and information in the following areas:
   a. special education and ELL program;
   b. student enrollment;
   c. student discipline;
   d. health and safety
   e. governance; and
   f. facilities.

3. The charter school performance compact shall articulate the specific criteria the Department of Education will use to evaluate organizational performance.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), 17:3981, and 17:3991.

§1103. Alternate Extension and Renewal Standards for Certain BESE-Authorized Charter Schools

A. BESE may approve alternate extension and renewal standards for a charter school serving a unique student population or populations, or for a charter school that is not included in the Louisiana School and District Accountability System provided that:

1. the department determines that the school primarily serves a special or non-traditional student population or
populations and mission, or the school is not included in the Louisiana School and District Accountability System;

2. the alternate extension and renewal standards are set forth in a framework approved by BESE; and

3. the alternate extension and renewal standards include specific academic performance criteria.

B. The department shall develop the alternate extension and renewal standards framework and shall engage with charter schools requesting use of such framework to determine the specific criteria to be included in the framework to be proposed for approval by BESE.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education in LR 39:1435 (June 2013), amended LR 44:236 (February 2018).

§1105. Intervention Process for BESE-Authorized Charter Schools

A. The charter school performance compact may include an intervention process that articulates the steps the Department of Education may take should a school fall out of compliance with requirements outlined in the charter school performance compact, law, or BESE policy. The stages of the intervention process shall include, at a minimum:

1. good standing. All charter schools will begin at this level;

2. notice of concern. If the Department of Education receives a verified complaint or if regular oversight generates significant concerns or questions, a school will receive a notice of concern. The notice of concern will contain specific actions and due dates required to remedy the concern. Upon remedying the concern the school will return to good standing. One or more notices of concern may lead to increased oversight by the Department of Education;

3. notice of breach. For significant, intentional, or repeated non-compliance with requirements outlined in the charter school performance compact, law, or BESE policy, or if a school fails to correct a notice of concern, the school will be issued a notice of breach that will contain specific actions and due dates required to remedy the breach. The Department of Education will monitor the implementation of the steps required to cure the breach. Once a school has fulfilled the notice of breach requirements, the school will return to good standing. One or more notices of breach may lead to increased oversight by the Department of Education;

4. revocation review. Upon failure to meet the requirements specified in the notice of breach, in instances of ongoing and significant concerns, or when the safety, health, or welfare of students is threatened, the department may initiate a revocation review. The review may include additional visits to the school or an in-depth audit to assess financial and/or organizational health. Findings from the revocation review will determine whether the Department of Education shall commence revocation proceedings or whether the school will be granted a new or revised notice of breach.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education in LR 39:1435 (June 2013), amended LR 44:236 (February 2018).

Chapter 13. Charter Term

§1301. Initial Charter

A. An approved charter shall be valid for an initial term of four years.

B. A charter operator shall have a right to operate a charter school during its initial four year term unless the charter is revoked or surrendered.

C. A charter operator's right to operate a charter school shall cease upon the expiration of the initial four year term, unless the charter operator is granted an extension to operate for a fifth year.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education in LR 34:1366 (July 2008), amended LR 38:3118 (December 2012).

§1303. Extension Review for BESE-Authorized Charter Schools

A. Each charter school shall be reviewed by its chartering authority after the completion of the third year of operation. If the charter school is achieving its stated goals and objectives pursuant to its approved charter, then the chartering authority shall extend the duration of the charter for a maximum initial term of five years. If the charter school is not achieving its stated goals and objectives pursuant to its approved charter, then the chartering authority shall not extend the duration of the charter, and the charter shall expire at the end of the school's fourth year.

B. Each type 2, type 4, and type 5 charter school's extension review shall be used to determine if the school will receive a one-year extension, as follows.

1. Each charter school shall be reviewed based on academic, financial, and organizational performance data collected by the Department of Education as provided for in the charter school performance compact in order to provide relevant information to BESE in making an extension determination.

2. For the 2018 and beyond extension processes, in order to be eligible for extension:

a. a turnaround school, qualified to receive a letter grade of “T” per Bulletin 111, §1105, school has

   (i.) earned a letter grade of “D” or higher based on performance data from the school’s third year of operation; or
(ii). earned a progress index equivalent to a letter grade of “A” based on performance data from the school’s third year of operation.

b. a non-turnaround school shall have earned a letter grade of “D” or higher based on performance data from the school’s third year of operation;

c. a school approved by BESE to be evaluated using an alternate framework pursuant to §1103 of this bulletin shall have met the standards for extension provided for in such approved framework.

3. For the 2017 extension process, in addition to the 2017 school performance score and letter grade, the department shall calculate a school performance score and letter grade for each charter school being considered for extension based on the formula that will be utilized for the 2018 school performance score and letter grade formula. The school performance score and letter grade that result in the better outcome for the charter school shall be considered by the department and BESE for extension purposes.

4. The state superintendent shall recommend that BESE extend the charter for any charter school meeting the extension eligibility criteria above, unless the charter school has significant, intentional, or repeated non-compliance with financial or organizational requirements outlined in the charter school performance compact, in which case the state superintendent may recommend that BESE allow the charter to expire at the conclusion of the school’s fourth year of operation.

5. If a charter school has not earned a letter grade in its third year of operation, or if the charter school fails to meet any of the standards set forth in Paragraph B.2 of this Section, or if the charter school has one or more outstanding issues or deficiencies related to organizational or financial performance, BESE may, at the superintendent’s recommendation, grant the school a one-year probationary extension that may include conditions or other required actions.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10).

Chapter 15. Charter Renewal

§1501. Renewal of Charter

A. At the conclusion of a charter school's fifth year of operation and the expiration of its initial charter contract, a charter operator no longer has a continuing right to operate a charter school.

B. No charter shall be renewed unless the charter can demonstrate, at a minimum, using standardized test scores, improvement in the academic performance of students over the term of the charter school's existence. For BESE-authorized charter schools, such improvement shall be evaluated by the department using appropriate data and the standards for renewal provided for in this chapter.

C. A charter may be renewed for additional periods of not less than three nor more than 10 years after thorough review by the approving chartering authority of the charter school’s operations and compliance with charter requirements.

§1503. BESE Processes for Charter Renewal
(Formerly §§1502 and 1503)

A. For each BESE-authorized charters school in the final year of operation under its current charter term, the state superintendent shall make a recommendation to BESE as to whether the charter should be renewed, and if so, the length of the proposed renewal term.

B. A BESE-authorized charter school may be renewed at the discretion of BESE if all requirements set forth in law and policy for the renewal of a charter have been met.

C. The process for renewing a school charter shall be based on a thorough review of the charter school’s academic, financial, and organizational performance as provided for in the charter school performance compact.

D. BESE will rely on data from the state’s assessment and accountability program as objective and verifiable measures of student achievement and school performance. Student performance is the primary indicator of school quality; therefore, BESE will heavily factor each charter school’s student performance data in all renewal decisions.

§1505. Eligibility for Renewal for BESE-Authorized Charter Schools (Formerly §1503.B)

A. For initial renewals during the 2018 and beyond renewal processes, a BESE-authorized charter school receiving a letter grade of “F” in the prior academic year will not be eligible for renewal, unless one of these conditions are met:

1. the charter school is a school approved by BESE to be evaluated using alternate renewal standards pursuant to
§1103 of this bulletin and has met such alternate standards; or

2. the school is a turnaround charter school that qualified to receive a letter grade of “T” per Bulletin 111, §1105 and has earned a progress index equivalent to a letter grade of “A.”

B. For subsequent renewals during the 2018 and beyond renewal processes, a BESE-authorized charter school receiving a letter grade of “D” or “F” in the prior academic year will not be eligible for renewal, unless one of these conditions are met:

1. the charter school is a school approved by BESE to be evaluated using alternate renewal standards pursuant to §1103 of this bulletin and has met such alternate standards; or

2. the charter school has a current letter grade of “D,” or an equivalent SPS and:
   a. has received a letter grade of “C” or an equivalent SPS for more than half of the letter grades received during the charter’s current term and the final letter grade received in charter school’s prior term; or
   b. has earned a progress index equivalent to a letter grade of “A” in the most recent year and for more than half of the progress indices received during the charter’s current term and the final progress index received during the charter school’s prior term.

   i. For years in which the school does not earn a progress index, a progress index may be calculated using the available data for that year.

C. When a charter school does not meet the criteria for renewal in the initial or subsequent charter term, BESE may renew the charter based upon the recommendation of the state superintendent. Such renewal may include conditions to be incorporated in the charter school contract and may require the charter operator to phase out operation of the school over the course of the renewal term. Prior to recommending such renewal, the following must be considered:

1. nonrenewal may require students to attend lower-performing schools;

2. available academic data, including student performance data and/or student growth data of neighboring and comparable schools, has been reviewed; and

3. efforts to find a new, high-quality operator for the charter school have failed.

D. For the 2017 renewal process, in addition to the 2017 school performance score and letter grade, the department shall calculate a school performance score and letter grade for each charter school being considered for renewal based on the formula that will be utilized for the 2018 school performance score and letter grade formula. The school performance score and letter grade that result in the better outcome for the charter school shall be considered by the department and BESE for renewal purposes.

E. The state superintendent of education may recommend a corrective action plan as a condition for renewal for any charter school that is eligible for renewal, but fails to fully meet any performance expectations of the charter school performance compact. The board may make the execution of the renewal charter contract contingent upon the completion of all or some of the actions required by the corrective action plan. The board may also direct the department to include all or some of the actions required by the corrective action plan to be incorporated into the charter contract so that failure to complete corrective actions may serve as grounds for revocation.

F. A recommendation for non-renewal may also include a recommendation that a new charter provider operate the school.

§1507. Renewal Term Length for BESE-Authorized Charter Schools (Formerly §1503.C)

A. For each charter school meeting the eligibility criteria for renewal in §1503 of this bulletin, the state superintendent shall recommend that BESE renew of the charter for a specified number of years as provided for in Subsection C of this section, unless the charter school has significant, intentional, or repeated non-compliance with financial or organizational requirements outlined in the charter school performance compact, in which case the state superintendent may recommend that BESE allow the charter to expire at the conclusion of the school’s current charter term.

B. For those charter schools the state superintendent recommends for renewal, the state superintendent shall recommend a renewal term length as follows:

1. the state superintendent shall recommend a minimum renewal term length based on the charter school’s current letter grade; and

2. the state superintendent may recommend a term of years longer than the minimum renewal term length through the optional addition of one or more years to the minimum renewal term length in recognition of the charter school’s financial and organizational performance as provided for in the charter school performance compact over the term of the school’s current charter.

C. The state superintendent shall recommend renewal term lengths in accordance with the table below.

<table>
<thead>
<tr>
<th>Current Letter Grade</th>
<th>Minimum Term Length</th>
<th>Potential Additional Years (Based on Organizational and Financial Performance Over Current Term)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>6 Years</td>
<td>“Does Not Meet</td>

</table>
D. Notwithstanding the above:

1. the state superintendent may recommend a renewal term that is up to two years shorter than the minimum term length specified above, which shall be no shorter than three years in any case, for a charter school:
   a. where fewer than 50 percent of the school's enrolled grades are testable under state accountability; or
   b. that has significant, intentional, or repeated non-compliance with financial or organizational requirements outlined in the charter school performance compact.

§1509. Automatic Renewal of BESE-Authorized Charter Schools (Formerly §1503.G)

A. A charter school which has met or exceeded for the three preceding school years the benchmarks established for it in accordance with the school and district accountability system, has demonstrated growth in student academic achievement for the three preceding school years, and has had no significant audit findings during the term of the charter agreement shall be deemed a high-performing school, and such school's charter shall be automatically renewed.

B. A BESE-authorized charter school that meets the following conditions shall be automatically renewed and shall be exempted from the renewal process requirements listed in this Section, as appropriate:

1. has received a letter grade of “A” or “B” or an equivalent SPS for the previous three years;
2. has demonstrated growth in student academic achievement as measured by a current progress index equivalent to a letter grade of “A”;
3. has received a “meets all expectations” or “meets most expectations” designation for organizational performance according to the charter school performance compact for the three previous years;

The local superintendent and the department shall work together to coordinate each entity’s reporting requirements for a charter school considered its own LEA in order to streamline and minimize duplication of reporting by the charter school. 4. In situations where continued LEA status for the charter school may result in a threat to the health, safety, or welfare of students or staff at the charter school, the state superintendent may temporarily rescind the charter school’s LEA status immediately, without prior written notification. In such a case, the state superintendent shall be required to provide written notification to the local school board and the charter school of the temporary rescission as soon as is feasible. Such written notification shall include the reason for the temporary rescission and a date by which the local school board and charter school may respond prior to permanent rescission of the charter school’s LEA status.

5. Upon rescission, the local school board shall begin to serve as the charter school’s LEA. The state superintendent may reinstate the charter school’s LEA status at the beginning of a subsequent school year (July 1) provided the local school board approves such reinstatement and the state superintendent has determined that the charter school has demonstrated the ability to comply with all applicable requirements henceforth.

6. With the local school board’s approval, a type 1, 3, 3B, or 4 charter school considered its own LEA may voluntarily request to relinquish its LEA status. For a type 5 charter school transferring to the local school board as a type 3B charter school, all property of the type 5 charter school shall remain property of the charter operator upon transfer to the local school board. Property belonging to the RSD used by the type 5 charter operator may be transferred to the ownership of the charter operator or the local school board, in accordance with state and federal law, BESE policy, auditing rules, and grant guidelines.

C. Charter operators shall maintain an inventory of all assets, including records of any assets acquired with any private funds. Inventories of assets must be audited annually and maintained consistent with the requirements set forth in Bulletin 1929—Louisiana Accounting and Uniform Governmental Handbook.

D. If a charter operator's charter is revoked, non-renewed, surrendered or the school otherwise ceases to operate, or the charter school fails to open and serve students, all assets and cash on hand shall be transferred or disposed of as authorized or directed by the department pursuant to §1601 of this bulletin.

1. Assets or cash on hand attributable to state public funds shall be transferred to BESE or disposed of, as authorized or directed by the department.

2. All assets and cash on hand attributable to federal funding shall be returned to the appropriate division within the U.S. Department of Education or the Louisiana Department of Education, or to any other federal funding source, except as specifically permitted by BESE pursuant to a written agreement.

3. All assets and cash on hand attributable to private funds shall remain the property of the charter operator, if the inventory or records of the charter operator demonstrate that the assets were purchased with private funds. If the records fail to clearly establish whether a particular asset was purchased with public funds or private funds, ownership of the asset shall revert to BESE.

E. If the charter school operates a charter school that results from the conversion of a pre-existing traditional public school, the charter operator shall manage any school fund maintained by the pre-existing school pursuant to R.S. 17:414.3 and any amounts therein prior to the charter school’s conversion to a charter school in accordance with the provisions of R.S. 17:414.3 and as directed by the department.

§2511. Cash Management and Investment

A. Each charter school board shall create and adopt a policy and implement procedures regarding cash management and investments of public funds. The policy shall protect public funds by minimizing the amount of unsecured funds to the extent practical.

B. Best practices identified for political subdivisions in R.S. 33:2955, Investment by Local Political Subdivisions and R.S. 39:1211, Banking Law for Political Subdivisions may be used as a guide for developing a cash management and investment policy for charter school boards. The use of any of the best practices shall not be interpreted to define charter schools as political subdivisions.

C. The cash management and investment policy shall contain procedures for determining the bank or other such entity in which public funds in an amount equal to the...
amount insured by the FDIC shall be deposited. The bank or other such entity shall be a stock-owned federally insured depository institution organized under the laws of this state or of any other state of the United States, or under the laws of the United States.

D. Each charter school board shall include in the policy a process for examination of the soundness of any banking institution considered as the fiscal agent or local depository prior to deposit of funds. Charter operators shall utilize the quarterly Federal Financial Institutions Examination Council’s (FFIEC) Uniform Bank Performance Review (UBPR) to select an institution in which to deposit funds. Two metrics included in this report indicate the stability of a bank specifically, high capital ratio and non-current loans equity capital, and shall be reviewed prior to conducting business with this institution. Documentation shall be maintained to support the completion of this verification and made available for review if requested.

E. The policy shall contain procedures for identifying one or more methods for managing unsecured funds in order to minimize the risk of loss. Documentation shall be maintained to support the selection of one or more methods for managing unsecured funds and made available for review if requested. In order to minimize unsecured cash, the following methods for cash management and investments may be considered:

1. collateralization of funds offered to public entities, if available;
2. certificate of deposit laddering;
3. deposits in the Louisiana Asset Management Pool (LAMP);
4. deposits in the certificate of Deposit Account Registry Service (CDARS);
5. deposits in an insured cash sweep service; and
6. deposits in multiple banking institutions.

F. Adherence to the adopted policy shall be measured as part of the annual independent audit of the financial statements of each charter school. The audit shall note if the charter operator holds any unsecured cash as of the end of the fiscal year, as well as the amount.

G. Each charter school board shall create and adopt a policy in compliance with the aforementioned requirements no later than December 31, 2021.

5. If parents are separated, divorced or if the legal custodian is other than the biological parents, legal custody documents, signed by a judge with a docket number, indicating the legal custodian or domiciliary parent must be provided.

6. Nothing in this policy shall prohibit the admission or readmission to school of a student who meets the definition of homeless under the federal McKinney-Vento Act (42 U.S.C. 11431 et seq.).

B. Type 4 Charter Schools. Only students who would be eligible to attend a traditional public school operated by the local school board holding the type 4 charter or students from the same areas as those permitted to attend the preexisting school, if a conversion charter, are eligible to attend a type 4 charter school, unless an agreement with another city, parish, or other local school board is reached to allow students to attend the charter school.

C. Type 5 Charter School Transferred Pursuant to R.S. 17:10.5. Students eligible to attend a type 5 charter school transferred to the jurisdiction of the Recovery School District pursuant to R.S. 17:10.5 include those students who would have been eligible to enroll in or attend the preexisting school under the jurisdiction of the city, parish, or other local public school board or other public school entity prior to its transfer to the recovery school district. In addition, if capacity exists, any students who are eligible to participate in a school choice program established by the prior system shall be permitted to enroll in such type 5 charter schools which have capacity for another student in the appropriate grade.

D. Each type 4 or 5 elementary and middle charter school, may request from and be granted by BESE the authority to give preference in its enrollment procedures to students residing within the neighborhood immediately surrounding the school. The geographic boundaries of the neighborhood immediately surrounding such school shall be determined by BESE. The recovery school district may grant or assign preference in its unified enrollment process, described in §2709 of this bulletin, to students residing within geographic boundaries immediately surrounding each school, as determined by the recovery school district. Type 5 charter schools shall not reserve more than 50 percent of spots in each grade level served for such enrollment preference.

E. Notwithstanding the residency eligibility and verification requirements above, upon approval of the state superintendent, a charter school may enroll a student without such documentation who has been displaced due to a federally-declared disaster in Louisiana or surrounding states. As a condition of enrollment, the parent or legal custodian must provide a form signed by the parent or legal custodian of the student that must attest to the following:

1. student’s name;
2. name of parent or legal custodian;
3. current address of parent or legal custodian;
4. statement indicating that the student is displaced from another school due to a federally-declared disaster; and

§2703. Enrollment Capacity for BESE-Authorized Charter Schools

A. A charter school shall not enroll more than 120 percent of the total number of students that it is authorized to enroll pursuant to its approved charter contract unless approved to do so pursuant to §1902 of this bulletin.

B. In determining the enrollment permitted in each school year, a charter school shall determine the enrollment authorized in its approved charter with respect to the individual school year. Charter schools are not authorized to a cumulative 20 percent increase in each year of its approved charter.

C. For type 5 charter schools participating in a unified enrollment system administered by the recovery school district, the charter contract may permit the maximum number of enrolled students per grade to be determined each year in accordance with procedures and timelines established by the RSD.

D. In the event of a federally-declared disaster in Louisiana or surrounding states, the state superintendent may approve a charter school to exceed 120 percent of the total number of students that it is authorized to enroll pursuant to its approved charter solely for the purpose of enrolling students who have been displaced from their homes or are unable to attend the school in which they were previously enrolled or zoned to attend. The state superintendent shall provide a report to BESE at its next regularly scheduled meeting outlining each charter school
granted an increase in its enrollment capacity pursuant to this Paragraph. Students enrolled pursuant to this Paragraph shall be permitted to remain enrolled in the charter school for the remainder of the school year. Parents or legal custodians found to have misrepresented their displacement status shall be required to return to the school in which the student was previously enrolled or zoned to attend.

§2705. Admission Requirements for BESE-Authorized Charter Schools

A. A charter school may have admission requirements that are consistent with the school's role, scope, and mission.

B. Admission requirements imposed by a school must be set forth in the charter school's approved charter contract and shall be specific and shall include a system for admission decisions which precludes exclusion of pupils based on race, religion, gender, ethnicity, national origin, intelligence level as ascertained by an intelligence quotient examination, or identification as a child with an exceptionality as defined in R.S. 17:1942(B). Such admission requirements may include, however, specific requirements related to a school's mission such as auditions for schools with a performing arts mission or proficiency in a foreign language for schools with a language immersion mission. Any charter school which began operation prior to July 1, 2012, and which incorporated achievement of a certain academic record as part of its admissions requirements may continue to utilize such admission requirements. No charter school beginning operation on or after July 1, 2012 may incorporate the achievement of a certain academic record as part of its admission requirements.

C. Admission requirements must be approved by BESE, either through the approval of the initial charter proposal, or through material amendment to an existing charter contract, as provided for in §1903 of this bulletin.

§2707. Application Period for BESE-Authorized Charter Schools

A. Prior to each school year, a charter school shall establish a designated student application period.

B. A student application period shall not be less than one month nor more than three months.

C. Type 5 charter schools shall comply with any unified application period set by the recovery school district, as approved by BESE.

D. An application shall be considered timely if it is submitted during the charter school's designated application period.

E. In the event of a federally-declared disaster, a charter school may accept applications for students displaced due to the disaster outside of the designated student application period.

§2709. Enrollment of Students, Lottery, and Waitlist in BESE-Authorized Schools

A. Each student submitting a timely application and meeting all residency requirements and admission requirements, as applicable, shall be considered eligible to enroll in a charter school. Additionally, students displaced as a result of a federally-declared disaster who submit an application and the form specified in §270.1.F of this Bulletin shall be considered eligible to enroll in a charter school.

B. A charter school shall enroll all eligible students unless the total number of eligible applicants exceeds the capacity of a program, class, grade level, or school.

C. A charter school shall admit no student during the school’s designated application period, but shall wait until the period has ended.

D. At the conclusion of a charter school’s designated application period, it shall determine if fewer eligible applicants have applied than the maximum number of students that the school can admit.

1. If fewer eligible applicants have applied than the maximum number of students that the school can admit to a program, a grade level, or the school, all eligible students shall be admitted.

2. If the total number of eligible students exceed the capacity of a program, a grade level, or the school, applicants shall be admitted based on an admissions lottery from among the total number of eligible applicants.

 a. A charter school shall use a lottery for the selection of students in order to reach its maximum capacity and to determine the order in which students will be placed on a waitlist.

 b. If a charter school’s enrollment capacity is increased for the purpose of enrolling students displaced due to a federally-declared disaster and the charter school’s designated application period has passed, the charter school may enroll students displaced due to a federally-declared disaster on a first come, first served basis until the enrollment capacity is reached.

 E. Following the admission of applicants after a determination that the number of applicants did not exceed the capacity of a program, a class, or the school, the charter
school may continue to accept applications and admit eligible students in the order in which applications are received until maximum capacity is reached.

F. A charter school lottery and continued admission of applicants, following a determination that a lottery is not required at the conclusion of the student application period, shall be performed in such a fashion that assures compliance with student population requirements detailed in §2713 of this bulletin. Nothing herein shall preclude the implementation of a weighted lottery to ensure such student population requirements are met.

G. Any charter school not participating in the recovery school district’s unified enrollment system in Paragraph J of this Section shall maintain a waitlist of applicants not admitted to the charter school as a result of capacity being reached in a program, a grade, or the school.

1. Applicants shall be placed on the waitlist in the order in which they were selected in the charter school's lottery or in the order in which they applied if the application was submitted following the school’s application period.

2. If an opening occurs at a charter school, selection from the waitlist shall begin with the first applicant on the waitlist.

H. A charter school shall maintain its waitlist throughout each school year. Any student admitted to the school must be an applicant on the waitlist, if a waitlist exists for the respective program, grade or school.

I. The charter school shall repeat the student admission process described in this Section each year.

J. Type 5 charter schools transferred to the RSD pursuant to R.S. 17:10.5 or R.S. 17:10.7 and type 3B charter schools shall comply with any unified enrollment system established by the RSD for the parish or region where the charter school is located. The RSD may create any policies and procedures to implement a unified enrollment system not prohibited by this Chapter, and may conduct one or more central lotteries to enroll students at participating schools, and enroll students applying or requesting transfers after the application period has ended throughout the year, manage student transfers, and student expulsions.

K. Upon request of a charter operator, the department may approve an enrollment preference for students matriculating into eighth grade or below between two BESE-authorized charter schools operated by the same charter operator.

L. All BESE-authorized charter schools (type 2, type 4, and type 5 charter schools) physically located in Orleans Parish shall participate in the unified enrollment system and expulsion process established by the recovery school district for Orleans Parish, with the exception of virtual charter schools, and shall continue to participate in the unified enrollment system and expulsion process upon the management of its transfer to the Orleans Parish School Board pursuant to 17:10.7.1. The department of education shall have discretion to determine on an individual basis whether to require virtual charter schools physically located in Orleans Parish to participate in the unified enrollment system and expulsion process. BESE-authorized charter schools participating in the unified enrollment system and expulsion process may retain admission requirements, geographic preferences, sibling preferences, and disciplinary regulations unrelated to expulsions, if authorized by law or BESE policy. BESE shall retain authority over the approval of amendments to charter contracts for such type 2 and type 4 charter schools for adjustments to grade levels served and enrollment projections. Schools participating in the unified enrollment and expulsion process shall not be permitted to maintain student waitlists.

§2711. Enrollment Preferences for BESE-Authorized Charter Schools

A. Students seeking enrollment to a charter school that was created through the conversion, merger, or turnaround of a pre-existing school who were enrolled at the pre-existing school shall be given preference over all other applicants and the applications procedure shall be established in a fashion that provides ample opportunity for such students to exercise the right to preferential admission.

B. Students previously enrolled in the charter school shall be given preference over all other applicants, and shall maintain enrollment or be automatically admitted following the charter school's application period. Students attending a pre-kindergarten or early childhood program operated by a charter school may be considered to have been previously enrolled at the charter school for the purpose of this Subsection. Requests by charter schools to give preference for students who attend a publicly-funded program at no cost to the student shall be automatically approved by the department for BESE-authorized charter schools, or the charter school's authorizer for other types of charter schools. For a charter school that requests to apply this preference for students who were admitted to a pre-kindergarten or early childhood program that utilizes admission requirements and/or charges tuition for some or all of its students, the use of the preference shall be subject to the approval of the department for BESE-authorized charter schools, or the charter school's authorizer for other types of charter schools. In such a case, the department or the charter school's authorizer, as applicable, shall require the charter school to set enrollment targets that ensure the charter school provides equity of access for economically disadvantaged applicants to its kindergarten classes.

C. Students seeking enrollment to a type 5 charter school that is assigned a facility formerly occupied by a pre-existing public school may be given preference and may be
 automáticamente admitted following the charter school’s application period, if authorized by the department.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), 17:3981, and 17:3991.

Chapter 41. Reopening School Facilities for the 2020-2021 School Year

§4101. Purpose and Background
A. This Chapter provides minimum health and safety standards regarding the reopening of school facilities for the 2020-2021 school year in response to the coronavirus disease (COVID-19) pandemic in order to ensure that students, faculty, staff, and others on school property are protected to the maximum extent possible and practical. These minimum standards regarding the reopening of schools for the 2021-2022 school year expire on June 30, 2021. Any future requirements for schools related to a statewide pandemic will be communicated as needed.

B. The requirements contained within this Chapter were developed by the LDE in coordination with the LDH using guidance provided by the Centers for Disease Control (CDC) regarding school settings, defined as a setting in which educational services are provided to children. As research and information about COVID-19 is updated or if the LDH or CDC revise guidance regarding school settings, the LDE will review the standards contained within this Chapter and, as appropriate and necessary, propose revisions of this Chapter to BESE.

C. While the requirements outlined in this Chapter are designed to mitigate the spread of COVID-19 and to create a safe and healthy environment for students, faculty, staff, and others on school property, no requirement or plan guarantees that individuals will not contract COVID-19.

D. By executive proclamation, the governor establishes the statewide phase(s) of reopening (phase 1, phase 2, or phase 3). If the local governing authority of a parish or other municipality has established a more restrictive phase of reopening, the LEA located within that parish or municipality must conform to the more restrictive requirements.

1. Subsequent to the reopening of school facilities for the 2020-2021 school year and in coordination with requirements outlined in 168 JBE 2020, LEAs may continue to follow the Phase 3 minimum requirements for reopening school facilities as set forth in this Chapter.

E. In the event the governor orders, via executive proclamation, a reversion or progression from one phase of the state reopening plan to another, BESE shall immediately communicate the substance of such executive proclamation to each LEA, including the impact of the executive proclamation on the roles, responsibilities, and requirements of each LEA in the state.

1. If necessary, as a result of such executive proclamation, BESE may:
   a. consider revisions to regulations pertaining to the phased reopening of school facilities for the 2020-2021 school year; or
   b. authorize the LDE to issue detailed guidance to each LEA in the state to include the roles, responsibilities, and requirements of each LEA in the state in response to the executive proclamation.

F. Medical or disability impact exceptions to any standard in this Chapter should be addressed on an individual basis by the LEA in accordance with local policies.

G. For the purposes of this Chapter, the following definition will apply:

   **Physical Distance**—the act of an individual maintaining a space of at least three feet from another individual.

§4103. Minimum Requirements for Reopening and Operating School Facilities
A. Group Sizes

1. The maximum group size that may convene indoors in a single room, irrespective of room size, or outdoors at any given time are as follows:
   a. phase 1—10 individuals;
   b. phase 2—25 individuals; and
   c. phase 3—50 individuals.

This must include, at a minimum, students in grades 2 or lower. The static group composition should be maintained for as long as possible over the course of the 2020-2021 school year.
b. The group composition may change if students are able to maintain physical distance from other students and adults. In this case, students must maintain physical distance, in accordance with current Louisiana Department of Health Guidelines as informed by the Centers for Disease Control and Prevention (CDC), from other students and adults in any classroom or indoor setting to the maximum extent possible.

B. Physical Standards for the use of School Facilities

C. Monitoring Students and Adults for Symptoms of COVID-19

1. Each school must establish an area used to isolate anyone showing signs of being sick. The isolation area must be cleaned after it is occupied by any sick student or adult.

2. Upon arriving at the school facility, each adult and student must be assessed for symptoms of COVID-19, as defined by the CDC. This includes an initial temperature check.

D. Environmental Cleaning and Personal Hygiene

1. High-touch surfaces must be cleaned multiple times per day, including bathrooms.

2. Students must wash or sanitize hands upon arrival at the school, at least every two hours, before and after eating, before and after using outdoor play equipment, and before exiting the school facility.

E. Face Coverings

1. BESE minimum reopening standards, pertaining to face coverings, are superseded by any statewide or district specific mandate issued by the governor. If there is a statewide or district specific mandate in place, the lifting of the mask requirement will be determined by an executive order or proclamation of the governor. If there is no statewide or district mandate in place, the lifting of this requirement will be determined by the Local Education Agency (LEA) at the appropriate time, based on the recommendation issued of the LDH.

a. While inside the school facility, all adults and students in grades 3 through 12 must wear a face covering to the greatest extent possible and practical within the local community context.

   b. phase 2 and 3—passengers must be dispersed throughout the bus to the greatest extent possible.

H. Student Programming Determinations

1. Student placement determinations in a distance or in-person education program should be made in consultation with the parent or custodian.

2. Student placement determinations should take into consideration a student’s unique academic, social, emotional, familial, and medical needs of a student, as identified by the student’s parent or custodian.
