Non-Substantial Amendment

In accordance with Public Law 113-2, HUD announced an allocation of \$1 billion of the \$15.2 billion appropriated for certain declared disasters occurring during the years 2011, 2012 and 2013 for the National Disaster Resilience Competition (NDRC). The State of Louisiana was awarded \$92,629,249 of this total for the Resettlement of Isle de Jean Charles (\$48,379,249) and the LA SAFE Fund (\$39,750,000).

The State of Louisiana requests approval, through this non-substantial amendment, to reallocate the budget for the *Resettlement of Isle de Jean Charles* to reflect an executed option purchase agreement for a new community settlement site, as well as to reflect a current budget for planning activities following procurement of a Master Planning vendor. Furthermore, given the nature of these changes, adjustments have additionally been made to activity budgets for Relocation and Economic Development Assistance. There is no change to the total budget amount within the *Resettlement of Isle de Jean Charles*, less than 10% of the grant funds are being reallocated and there are no changes in beneficiaries as a result of this reallocation; therefore, it is a non-substantial amendment. Note, a further amendment may be required at the conclusion of the Master Plan in order to accurately reflect the assistance needed to carry out the specific activities related to the community resettlement. This is expected to be finalized in 2018.
