Program Description

The mission of the Administration program is to regulate the insurance industry in the state (licensing of producers, insurance adjusters, public adjusters, and insurers) and to serve as advocate for the state's insurance consumers.

The goal of the Administration Program is to provide necessary administrative and operational support to the entire department, to attract insurers to do business in the state to promote a more competitive market, and to stabilize the property insurance market.

The Administrative program includes the following activities:

The Office of the Commissioner - Provides management oversight to the entire department and coordinates the administration of all provisions of the Louisiana Insurance Code - Title 22 of the Louisiana Revised Statutes. The Office of the Commissioner also entails the following:

The Office of Consumer Advocacy (OCA) conducts regular random reviews of complaint case files to determine the existence of patterns of behavior by regulated entities which require further examination by other LDI offices or divisions' staff. Additionally, the OCA provides audit services of compliance staff in OPC, OHI, OLC-L, A, LTC to review their effectiveness in protecting consumers' interests. In addition to its continued outreach efforts pertaining to current insurance trends and topics, the OCA oversees the Senior Health Insurance Information Program (SHIIP), which provides health insurance information to senior citizens and others eligible for Medicare. Since 2012, SHIIP's duties, under its federal grant expansion, support federal efforts to increase awareness of certain provisions of the Patient Protection and Affordable Care Act of 2010.

Explanatory Note: The Louisiana Department of Insurance's (LDI) budget generally exceeds the \$30 million threshold contained in the preamble of the Appropriations Bill (HB1), which requires such agencies to allot within their table of organization positions that perform the function of internal auditing. The LDI has numerous staff, supervisors, and managers, who regularly track, reconcile, and inventory assets entrusted to the LDI. These functions include but are not limited to tracking appropriated budget revenue and expenditures, performing annual inventory of movable property, and processing over \$400 million in revenue the LDI collects on behalf of the State of Louisiana. The LDI maintains one position dedicated exclusively to planning and performing internal audits.

Program Description

The mission of the Market Compliance Program is to regulate the insurance industry in the state and to serve as advocate for insurance consumers.

The goals of the Market Compliance Program are:

- Regulate the insurance industry in the state (licensing of producers, insurance adjusters, public adjusters, and insurers).
- Serve as advocate for the state's insurance consumers by enforcing existing laws fairly and consistently and by proposing new laws as necessary.

The Market Compliance Program includes the following activities:

Office of Licensing & Compliance – Consists of Producer Licensing Division, Company Licensing Division, and Life, Annuity & Long-term Care Division.

- Producer Licensing – Maintains license, records, and company appointments of all producers, surplus lines brokers, and adjusters to determine their qualification to conduct business in accordance with Louisiana laws.
- Company Licensing – Oversees the licensing of foreign and domestic insurance companies, third party administrators, dental referral plans, health maintenance organizations, risk purchasing groups, risk retention groups, vehicle mechanical breakdown insurers, and viatical settlement brokers and providers, and medical necessity review organizations. The Company Licensing Division provides registration for Home Service Contract Providers.
- Life, Annuity & Long-term Care Compliance – Investigates consumer complaints related to Life, which involves initiating life policy searches for death benefits by the request of potential beneficiaries, reviews for approval of life insurance, annuity, and long-term care contract forms that insurers propose to market in this state and implements approvals made by the Interstate Insurance Product Regulation Compact. Annuity and Long-term Care coverages which enforce the provisions of the Louisiana Insurance Code pertaining to life insurance, annuities, and long-term care products.
- Life, Annuity & Long-term Care Forms Review – Reviews for approval life insurance, annuity, and long term care contract forms that insurers propose to market in this state and implements approvals made by the Interstate Insurance Product Regulation Compact.
- Office of Health Insurance – Consolidates the regulation of state and federal requirements applicable to commercial and government-operated health benefit plans. Provides protection to Louisiana consumers and assures continued viability of health benefit plans. The Office of Health Insurance consists of two regulatory divisions (Compliance and Forms Review) and an advisory commission: the Louisiana Health Care Commission.

- Compliance – Monitors the marketing, customer service, and claims handling practices of health insurance issuers and producers conducting business in the state of Louisiana. This Division investigates health insurance related consumer complaints and performs statutory regulatory functions of medical necessity review organizations until Jan. 1, 2015, and thereafter of utilization review organizations and independent review organizations.
- Forms Review – Reviews and approves/disapproves contract/policy forms, advertising, and where authorized, rates. The staff reviews all filings for compliance with applicable statutes, rules, and regulations and implements approvals made by the Interstate Insurance Product Regulation Compact.
- Health Care Commission – Engages representatives of the health insurance and health care delivery systems to recommend public policies and perform activities which extend access to health care.
- Office of Financial Solvency – Analyzes and examines the financial condition and market conduct activities of all insurers approved to conduct the business of insurance in Louisiana. The type of regulated insurer varies and includes Louisiana domiciled (domestic), out of state (foreign), and out of country (alien) insurers. These companies may operate as life, health, property and casualty, health maintenance organizations, surplus lines, self-insurance funds (primarily workers' compensation insurance), and vehicle mechanical breakdown companies. The Office of Financial Solvency plans, coordinates, and administers the rehabilitation and liquidation of insolvent insurers pursuant to Part XVI and other applicable statutes contained in the Louisiana Insurance Code and under the supervision of the 19th Judicial District Court of Louisiana. In addition, this activity entails the following:

The Property and Casualty Actuarial Unit provides similar actuarial and reinsurance expertise to the examination and analysis of property and casualty insurers, title insurers, vehicle mechanical breakdown companies, and self-insurance funds. The Actuarial Division provides actuarial analysis of insurance legislation.
- Insure Louisiana Incentive Program – Provides oversight and auditing of the grant program passed by the Legislature in 2007 to encourage private market insurers to cover risks in the GoZone and to provide coverage to policyholders taken out of residual market insurer; La. Citizens Property Insurance Corporation.

The rates and rules submitted for review must be approved by the Commissioner of Insurance prior to implementation by an insurer.

- Compliance – Monitors the marketing, customer service, and claims handling practices of property and casualty insurers and producers conducting business in the state of Louisiana. Additionally, this Division provides information, advice, and assistance to consumers and industry representatives by responding to inquiries, making public presentations, and supplying pamphlets and brochures to interested parties.

Its functions include drafting regulations, directives, bulletins, and advisory letters; preparing and monitoring legislation; representing the Department in litigation before federal, state courts, and the Division of Administrative Law; enforcing insurance regulatory laws in administrative hearings; and assisting Department staff by providing legal advice on policy forms and any other insurance related matters. It also serves as a liaison between the Department and other federal, state, and local government departments, agencies, and commissions as well as insurance companies, producers, and consumers.
- Division of Insurance Fraud - Investigates all instances of alleged or suspected fraud committed by or upon insurance producers, brokers, and companies. Explanatory Note: A consumer complaint may or may not result in a claim payment or premium refund from the insurer or producer, depending on the facts of the matter giving rise to the complaint. Complaints are investigated to determine whether the insurer or producer performed in compliance with the law and the terms and conditions of the policy. A consumer may expect payment for an item not covered by the policy or may not agree with the way a transaction was handled, but the company or producer may have acted properly and within the law. Technical wording changes are made to performance indicators to reflect that this activity includes long-term care insurance products in addition to life insurance and annuity products.

Delays in the process can result in consumers not having access to those products and to insurers being able to sell those products. Good efficiency in this area is important to our department-wide efforts to attract more companies to do business in the state.

Explanatory Note: The department has an aggressive program of financial examinations and analyses. A field examination takes place on-site and is required by statute to be no less frequent than once every five years. Analysis occurs in the department, using various filings, results of previous and current examinations, complaints, and other data to determine if a company merits examination sooner than its scheduled date. By law, a company can be examined more frequently than every five years when indicated. This system allows for earlier detection of problems and earlier remediation. A market conduct examination may be conducted in concert with a financial examination or without connection to a financial examination. Complaints may trigger a market conduct examination. Because of the NAIC accreditation process, the office is able to rely on financial analyses and examinations by accredited insurance departments in a foreign insurer's domiciliary state.
