OFFICE OF THE GOVERNOR - OFFICE OF ELDERLY AFFAIRS

OFFICE OF THE GOVERNOR - OFFICE OF ELDERLY AFFAIRS

**OPERATIONAL PLAN FORM
AGENCY (BUDGET UNIT) DESCRIPTION**

AGENCY NUMBER AND NAME: 133 Governor's Office of Elderly Affairs

AGENCY MISSION:

The Governor's Office of Elderly Affairs overall MISSION is to serve as the focal point for the development, implementation, and administration of the public that addresses the needs of the state's elderly citizens.

AGENCY GOAL(S):

To serve as an effective viable advocate of the elderly by ensuring that appropriate services are provided by the aging network in Louisiana. This will be accomplished by

ADVOCATING for the needs and rights of all older Louisianians;

IMPROVING the quality of life of our older citizens by encouraging and providing the means to achieve active health independent lives;

BUILDING partnerships with communities, organizations, agencies, families, and individuals to ensure the availability and accessibility of a continuum of services for all older Louisianians;

PROMOTING public awareness and education about the aging process, trends in the aging of current older population, and projections for future generations of older persons;

SUPPORTING intergenerational activities which foster mutual understanding and support shared values, and personal responsibility;

INTERVENTION in the exploitation and abuse of elderly Louisianians.

STATEMENT OF AGENCY STRATEGIES FOR DEVELOPMENT AND IMPLEMENTATION OF HUMAN RESOURCE POLICIES THAT ARE HELPFUL AND BENEFICIAL TO WOMEN AND FAMILIES:

The Office of Elderly Affairs has modified their Personnel Manuel to provide flexible working hours which includes a four day work week. This allows staff to choose a work schedule that meets the needs of their families. The agency uses formula(s) to disperse Federal and State funds for services delivered to 60+. The Census 2010 shows the majority of seniors over the age of 75 are female and this coorelates the data regarding who is the service recipient.

**OPERATIONAL PLAN FORM
PROGRAM DESCRIPTION**

PROGRAM NAME: A Administration

PROGRAM AUTHORIZATION:

LSA R.S.46:93, LSA R.S.46:936, Elderly Protective Services LSA R.S.14:403.2, LSA R.S.15:503(4)(a), U.S.C.30581 Louisiana Senior Rx and Aging and Disability Resource Centers LSA R. S. 40:1300.213

PROGRAM MISSION:

The mission of the Administrative Program is to create a team which respects diversity and dignity of the elderly Louisianians by developing and promoting teamwork among the staff.

PROGRAM GOAL(S):

- (1) To oversee the management of and provide training to the staff of the Governor's Office of Elderly Affairs and the aging network.
- (2) To serve as an effective and visible advocate for the elderly of the state of Louisiana and provide leadership, direction and coordination in the delivery of services to the elderly population in Louisiana.
- (3) To prevent, remedy, and investigate the reports of abuse, neglect and exploitation of vulnerable elderly individuals.

PROGRAM ACTIVITY:

To provide information to staff and contractors to be informed of trends in aging. This program provides updated information to agency directors so they can provide services that meet the needs of the seniors in their service area.

PROGRAM ACTIVITY:

Aging & Disability Resource Center (ADRC)/SenioRx was established to assist seniors, their families, other agencies in locating resources for the 60 plus population. The SenioRx program processes applications to pharmaceutical companies who assist seniors with medication which is either free or at a reduced cost. This program also counsels and assists Medicare eligible individuals in the enrollment into a beneficial Medicare Part D plan. This is an asset to having the same worker help with the Medicare Programs and assisting with the access to medications from the pharmaceutical companies when the a client hits the "donut hole" in their program or the individual's prescription medication is not covered by their insurance. The ADRC/SenioRx worker is able to assist with the application process to prevent a lapse in medication coverage.

PROGRAM ACTIVITY:

Respond to reports of abuse, neglect and exploitation of the elderly and investigate all accepted Elderly Protective reports within forty-five (45) days.

Legal Assistance Program 42U.S.C.3027(a)(18), State Long Term Care Ombudsman LSA R.S. 40:2010.1 et seq

PROGRAM MISSION:

Leading Louisiana in serving older individuals

PROGRAM GOAL(S):

The goal of Title III, V, VI, and NSIP is to increase the number of elderly who receive services that will enable them to live dignified, independent, and productive lives in appropriate settings

The goal of Title V is to serve the low-income elderly of Louisiana, age 55 and over by providing meaningful part-time employment opportunities, enhance community involvement and place the older worker back in the mainstream of the labor market.

The goal of Title VII is to promote the rights and well being of residents in Louisiana's long term care facilities and empower residents, their families and communities to participate more fully in the actions and decision-making that impacts their lives.

PROGRAM ACTIVITY: Title III and NSIP

The Administration for Community Living provides federal funding to the state as mandated by the Older Americans Act. These funds are distributed to providers based on an approved formula and the state funds are also distributed by a formula as dictated by state law. Stakeholders for this program are the parish council on aging, area agencies on aging and the elderly population with the greatest social and economic needs. This elderly population is defined as individuals who are in need of services and may reside in rural areas. They may have a great economic or social need, limited income, disabled, suffer from Alzheimer's or other types of disabilities. The Family Caregiver Support Program was added in FY 02 and assists caregivers who are caring for a person over 60. Recipients of the congregate or home delivered meal programs and homemaker services are age 60 and older.

PROGRAM ACTIVITY: Title V

Recipients of the senior employment services are fifty-five (55) and older and meet an income criteria. This program provides senior citizens with training and the opportunity to return to the workforce on a part-time basis. The participants' goal is to move to unsubsidized employment.

PROGRAM ACTIVITY: Title VII

Ombudsman promote the rights of residents in long term care facilities, assisted living and board and care facilities by making regular visits. The Ombudsman empowers the residents to make decisions regarding their own care. Elder Rights and Ombudsman stakeholders are the residents in long term care facilities, their families and other individuals in the community.

PROGRAM NAME: E Senior Centers

PROGRAM AUTHORIZATION: LSA R.S. 46:932(14), LSA R.S.46:1608

PROGRAM MISSION:
The mission of the Senior Center is to provide facilities where older persons in each parish can receive supportive services and participate in activities that foster independence, enhance their dignity and encourage involvement in and with the community.

PROGRAM GOAL(S):
To provide facilities throughout the state where older individuals can come together and receive a variety of services on a local level.

PROGRAM ACTIVITY:
Senior centers offer a place where seniors can receive services and socialize. This helps seniors stay healthy, informed and active in their communities. More seniors are living longer and these centers provide an excellent opportunity to exchange ideas and participate in health activities. These facilities also provide activities to stimulate the senior's interest and promote independence.

Question	Narrative Response
State the purpose, source and legal citation.	These funds are authorized by the Older Americans Act. Up to 5% of the award can be used for state administration which requires a 25% match. The balance of the funds are allocated to the Area Agencies on Aging (AAAs) based on an intra-state funding formula developed by GOEA and approved by USHHS. Up to 10% of the funds can be used for AAAs administration and required match is 25%. All other funding is used for services which required match is 15% with the exception of the National Family Caregiver Program which requires a 25% match. The state agency is required to take off of the top, before allocation to the AAAs, an amount adequate to operate an effective Ombudsman program which is matched at 15%. Title VII funds are allocated for Ombudsman and Elder Abuse Prevention education and training. No administrative funds can be taken from these grants. This grant does not have a matching requirement. These funds are authorized by the Older Americans Act and disbursed by the Administration on Aging. These funds are dsibursed to the agency based on the ratio of each Area Agency on Aging's eligible meals served to the state total.
Agency discretion or Federal requirement?	In accordance with federal requirements, administrative funds can be used to support any costs contained in the State Plan. Service funds are allocated by Part such as Supportive Services (B), Congregate meals (C1), Home-Delivered meals (C2), Health Prevention (D), and Caregiver (E). Funds must be used according to the requirements of that part. A limited transfer can be made between Parts B and C and also between Subparts C1 and C2. Title VII, no administrative funds can be taken from this grant. Question	Narrative Response
Explain the need for this request.	In FY 21, LaGov was fully implemented. LaGov does not allow for a JV file upload for payments; however, due to the increase in the number of grants and payments to subrecipients through LaGov the volume and complexity of the work has significantly increased. The new procedures requires significant additional time for processing which has caused significant delays in timely processing payments. Currently, OEA has one Accountant 2 with a full workload including processing monthly travel for 30+ EPS investigators, the CBA account, the P-card, and regular accounts payable. This additional position would be responsible for processing contract payments to the Councils on Aging as well as assisting with federal and state reporting requirements. The LaGov ISG team had to assist OEA with establishing purchase orders and payments for its 200+ contracts since OEA was more than 6 weeks delayed in processing its first monthly contract payments. OEA continues to struggle to make timely payments in the LaGov system.
Cite performance indicators for the adjustment.	Contract payments have been delayed with the full implementation of the LaGov system in FY 21. OEA does not have enough accounting staff to be able to process payments timely.
What would the impact be if this is not funded?	If this position is not funded, payments will continue to be delayed restricting cash flow to the quasi public entities and affecting their ability to perform needed services to seniors.
Is revenue a fixed amount or can it be adjusted?	The amount can be adjusted.
Is the expenditure of these revenues restricted?	Revenues would be restricted to the Accounting and Finance Unit.
Additional information or comments.	NA.

Question	Narrative Response
Explain the need for this request.	Increase requested to fully fund the Parish Council on Aging Formula in R.S. 46:1606. The most current US Census Estimate available is as of July 1, 2021 and was used in this calculation.
Cite performance indicators for the adjustment.	To keep elderly citizens in the parish abreast of nutrition programs and other services being offered through parish council on aging or other parish or state resources by holding public hearings.
What would the impact be if this is not funded?	Not funding this request causes non-compliance with R.S. 46:1606 (see above). Many Councils on Aging do not have outside sources of funding. Failure to increase funding to this program reduces the percentage of the population able to receive services.
Is revenue a fixed amount or can it be adjusted?	This increase (decrease) is a fixed amount and is based on current population estimates. These funds are passed through to the Parish Councils on Aging in accordance with statute.
Is the expenditure of these revenues restricted?	Yes they are restricted to the Parish Councils on Aging.

Question	Narrative Response
Explain the need for this request.	Increase requested to fully fund the Senior Center Formula in R.S. 46:1608. The most current US Census Estimate available is as of July 1, 2021 and was used in this calculation.
Cite performance indicators for the adjustment.	Through the Senior Center activity, all state-funded seniors centers will provide access to at least five services: transportation, nutrition, information and referral, education and enrichment and health annually.
What would the impact be if this is not funded?	Not funding this request causes non-compliance with R.S. 46:1608 and 42 USC 3058i which states, in part, Many Councils on Aging do not have outside sources of funding. Failure to increase funding to this program reduces the percentage of the population able to receive services.
Is revenue a fixed amount or can it be adjusted?	This increase is a fixed amount and is based on current population estimates. These funds are passed through to the Parish Councils on Aging/Senior Centers in accordance with statute.
Is the expenditure of these revenues restricted?	This amount is restricted to the Parish Councils on Aging and Senior Centers.

Question	Narrative Response
<p>Explain the need for this request.</p>	<p>The Louisiana Governor’s Office of Elderly Affairs (GOEA) as the designated State Unit on Aging (SUA) serves as a focal point for Louisiana’s senior citizens and administers a broad range of home and community based services (HCBS) through a network of thirty-four (34) Area Agencies on Aging (AAA), eight of which also serve as Aging and Disability Resource Centers (ARDC). GOEA collects data, statistics, and conducts special studies on conditions pertaining to the employment, health, financial status, recreation, social adjustment, or other conditions affection the welfare of the aged. This information helps the agency to keep abreast of the latest developments in aging throughout the nation and interpret such findings to the public. GOEA makes recommendations regarding improvements and additional resources to promote the welfare of the aging in the state. GOEA coordinates the services of area agencies, Councils on Aging and other providers in the aging network in Louisiana serving the elderly through funding received from GOEA. Monthly reports are submitted via a system, developed in the 1980s, that requires transferring the data received to an Excel spreadsheets to get reporting data needed for GOEA’s federal partner (Administration for Community Living), management, the Executive Board on Aging or legislators requesting services provided in their parish. The services include congregate and home delivered meals, homemaker services, transportation services, personal care and other services provided in their particular parish for persons 60 years of age and older.. GOEA exercise the functions of the state relative to nutrition programs for the elderly and disabled citizens of Louisiana. Additionally, GOEA performs the functions of the state which are designed to meet the social and community needs of Louisiana residents sixty years of age or older. GOEA is the administrator of the federal Older Americans Act (OAA) programs which funds a multitude of aging services. GOEA recognizes that in order to optimally perform its functions, it requires the support of modem and purpose-built technology to promote efficiencies in processes, improve the quality of data it collects, be enabled to engage in comprehensive reporting, and comply with required data submissions to its federal partner, the Administration for Community Living (ACL). Today, GOEA has a sub-optimal technology environment relative to its aging service data systems. Each of the thirty-four (34) AAAs have their own standalone WellSky Aging & Disability (formerly SAMS) database software. There are no standardized data entry processes being enforced. From a data reporting prospective, GOEA staff must log into each database to run AAA-level reports. From a data aggregation perspective, GOEA relies on an outdated software toll to import data from each AAA database into GOEA’s WellSky Aging and Disability (WellSky A and D) software database. These processes are time-consuming, prevent GEOA from having real-time, global views of their statewide programs and are not sustainable. Further, the tool being utilized to import data is not able to support data required by ACLs new Older Americans Act Performance System (OAAPS) which places GOEA in a position where it will not be able to effectively submit its required data to ACL moving forward. To effectively address these changes, an upgrade that centers around consolidating all AAA WellSky databases into a single WellSky database that will be controlled by GOEA, is needed. The WellSky database will be controlled by GOEA. The upgrade will enable GOEA to utilize features and capabilities within the WellSky Aging and Disability software that it does not use today, such as features that enable greater fiscal control and oversight. The benefit is that GOEA will have a single, statewide database solution for all its aging services programs that is OAAPS compliant and that enables real-time reporting and greater programmatic and fiscal oversight.</p>

WellSky A and D feature demonstration and discovery meeting with GOEA staff. GOEA to identify end-users and associated roles. Submission of user spreadsheet to WellSky Project Manager. Phase 3 - Set Up and Configuration - Set up backup copies of the existing GOEA statewide WellSky A and D database to be used in test Sandbox environment. WellSky Solution Engineer to facilitate database and environment preparation by WellSky IT staff. Includes data migration of Resources and Consumer data from AAAs. WellSky A and D Administrator Orientation Session for client staff. Implement configuration changes and additions in Sandbox. Process User Spreadsheet for new user accounts set-up. Phase 4 - Validation - Team performs configuration validation. GOEA sign-off on configuration. Phase 5 - Training - Develop Training Plan. Provide Standard Training Materials. Schedule Training. Conduct GOEA end-user training.
What would the impact be if this is not funded?	The programmatic impact of the workload if this is not funded would result in manual manipulation of data, which could cause errors in the overall reporting to GOEA partners. It would also cause delays in reporting requests due to the timeframe of compiling the data manually, instead of pulling from one database.
Is revenue a fixed amount or can it be adjusted?	Yes this is a fixed cost
Is the expenditure of these revenues restricted?	The AAAs will still be paying a yearly subscriptions for the end-users but will be paying GOEA directly instead of WellSky. The amount of subscriptions will cover the yearly cost of the maintenance and operation fees but not the one-time upgrade and maintenance fees highlighted above in the amount of \$834,751.
Additional information or comments.	NA.

Provide all other data and measures of performance that you feel are important for use in evaluation of the program.

PERFORMANCE EVALUATION

(1) Identify valid benchmarks* that can be used for performance evaluation; what is the source of each? Provide interpretation of your data relative to the benchmarks. GOEA uses core performance measures including Service Level, Community Service, Service to Most-in- Need, 2nd Quarter After Exit, 4th Quarter after Exit, Median earnings, and Customer Satisfaction. These core performance measures are established by the Department of Labor. The data is found in SPARQ and GOEA uses the core performance measures to ensure program efficiency and identify where improvements are necessary. GOEA plans to continue monitoring its goals quarterly to increase the overall performance of the agency.

(2) If there are no benchmarks being used currently, do you have plans to utilize them in the future? Explain any actions on-going or contemplated with regard to the development of benchmarks for program performance evaluation. N/A -- Benchmarks are being used as established by USDOL.

(3) If there are no valid benchmarks or standards that can be utilized to evaluate your program's performance, is there another way in which your program's performance can be objectively evaluated? N/A -- GOEA uses benchmarks established by USDOL.

(4) If factual, objective data or evidence does not exist or is not meaningful or useful for an evaluation of your program's performance, how would you suggest that your program be evaluated? N/A

(5) Provide any other explanation that you feel is relevant and necessary for an understanding of your program's performance.

N/A

* The term "benchmarks" means external comparative data (e.g., federal data or other states) that can be used to evaluate program results.

PROGRAM STRENGTHS

What are the strong points of your program in terms of policies, strategies, practices and program activities? What is working well?

GOEA continues to ensure that all policy and procedures are consistent with the Dept of Labor standards, by providing Sub-Grantees quarterly trainings and biweekly conference calls. Moreover, providing additional guidance to Sub-grantees on how to use the employment-related core performance measures to guide program design and operations, without minimizing the importance of other program objectives has been a strong point of the program.

In addition, GOEA continues monitoring employment follow-ups and retention through routine desk audits of data that is stored in the Grants Management System (SPARQ). Through routine desk audits GOEA identifies case management best practices to share with sub-grantees to enhance the quality of follow-up and retention efforts. Furthermore, during the global pandemic GOEA allowed participants to engage in remote training activities to eliminate disruption in services.

PROGRAM WEAKNESSES

(1) What do you see as the weaknesses of your program? In what areas are improvements needed?

The most challenging weakness of SCSEP is under-enrollment. Under-enrollment persists in rural areas. There is a lack of public awareness and limited employment opportunities. In efforts to improve this weakness, GOEA has developed a strategy for Sub-Grantees to increase awareness in the under-served parishes by implementing additional outreach and recruitment activities.

Another reoccurring challenge participants lack computer skills. This continues to be an challenge because employers seek to hire individuals with computer literacy skills. Sub-grantees will continue to provide additional training and partner with the local libraries to overcome this challenge.

(2) Explain any plans or ideas that you have for changes in organization, policies, strategies and practices that would improve program effectiveness and efficiency. To improve performance GOEA plans to incorporate the following strategies and practices:

- GOEA will continue providing training to all Sub-grantees particularly around issues of program performance.
- Beyond screening for basic eligibility, Sub-grantees ensure that each participant is appropriate for the program—and that acute social service needs are being addressed before program entry.
- Conduct comprehensive assessments and develop detailed training plans that set specific training goals, make host agency assignments that match participants' goals, and monitor host agency and participant progress in furthering IEP goals.
- Arrange a broad range of training activities for participants outside their community service assignment, including training in computer skills and other topics such as financial literacy and healthy living.
