I. Overview:

This Action Plan Amendment No. 29 amends allocations to the Local Government Infrastructure Program and State Administration budget. This amendment is considered non-substantial because it does not create a new program, does not change any eligible beneficiaries and does not re-allocate more than 15% of funds in any program.

II. Reallocation of Funds for Existing Programs:

A. Local Government Infrastructure Program

The Local Government Infrastructure budget is increased to \$38,801,270.89 in order to fund an eligible activity to continue to meet the ongoing critical recovery needs of public entities. This program was created in Action Plan Amendment 15, and amended in Amendments 18, 20, 22, 25, and 28.

B. State Administration

The State Administration budget is reduced to \$37,223,066.97 because funds have been de-obligated from activities that are completed and closed out. This program was created in the Initial Action Plan.
