AIRFARE: Remember, while use of the contract travel agency is mandatory:

The State Travel Office strongly encourages use of lowest logical airfares. The State always supports purchasing the “best value” ticket. You should ask the state’s contracted travel agency to check for the lowest logical rates based on your personal needs.

Remember, PPM49, Section 1504 B2 (c) states “The policy regarding airfare penalties is that the State will pay for the airfare and/or penalty incurred for a change or cancellation if required by the State or other unavoidable situations approved by the agency’s department head. Justification for the change or cancellation by the traveler’s department head is required on the travel voucher.” Tickets which are unused by a traveler should always be monitored by the traveler and the agency. Traveler should ensure that any unused ticket is considered when planning future travel arrangements. Some airlines have a policy which would allow for a name change to another employee within the agency. A view of the latest airline policies regarding unused tickets are available at the State Travel Office’s website.

<https://www.doa.la.gov/doa/ost/airfare-airport/>

Ultimately, it is the traveler’s responsibility to determine, upon initial notification of an unused ticket and then every 30 days thereafter, if traveler will be utilizing the unused ticket. If it is determined that the ticket will not be utilized prior to expiration and there is a possibility to transfer the ticket, the traveler must immediately advise the agency travel administrator that the ticket is available for use by another employee, section or agency. The travel administrator should then act accordingly. In addition, the Department Head, at a minimum of three months prior to expiration, must review all unused airfare to determine, based on the traveler’s justification, if reimbursement from the traveler must be made to the agency for the amount of the unused ticket. All files must be properly documented. This may be accomplished with the unused ticket report sent to each agency program administrator each month from the contracted travel agency. This report in conjunction with employee notifications while booking other flights and employee email notifications every 120, 90, 60, 30 and 14 days prior to ticket expiration should be more than sufficient to reduce the loss of reusable airfare.
