SUBJECT:  Mandatory Training Requirements and Other Professional Development

AUTHORIZATION:

Ruth Johnson, Deputy Commissioner

I. POLICY:

The Division of Administration (DOA) recognizes that well-trained employees are critical to the success of the agency. It is the policy of the DOA to encourage employees to participate in professional development trainings. Those employees who occupy or are appointed to designated supervisory, managerial, or administrative jobs must comply with the mandatory training requirements of the Department of State Civil Service (DSCS). Participation in training courses will be allowed to the maximum extent possible without requiring the use of accumulated leave.

II. PURPOSE:

This policy is established to promote professional development and provide employees with the foundation for leadership, decision making, and professionalism necessary to achieve the agency’s mission. Further, the policy is intended to ensure that employees are aware of training requirements and available training programs, to set forth the rules governing participation in the training programs and to define the roles and responsibilities for each aspect of training.

III. APPLICABILITY:

This policy is applicable to all employees of the Division of Administration in all sections, both general and ancillary appropriations.
IV. DEFINITIONS:

- **Comprehensive Public Training Program (CPTP)** - A state-funded training program for state employees operated from the Department of State Civil Service (DSCS). Through the CPTP, employees are offered management development training, supervisory training, and general skills courses.

- **The Office of Information Services (OIS):** The OIS offers training for all ISIS applications. These courses are offered on-line through LEO under “My Training” - “Statewide Courses” - “ISIS Courses”.

Additional information may be obtained at: [http://www.doa.louisiana.gov/ohr/training/offerings.htm](http://www.doa.louisiana.gov/ohr/training/offerings.htm).

**VI. PROCEDURES:**

For CPTP mandated training, the OHR Training Coordinator will share with section training liaisons, as requested, available information regarding which employees are covered in Supervisory Groups 1, 2, and 3, as well as which courses are required for those employees.

For DOA mandated training, section heads, through supervisors, will inform employees of the courses and the time frame in which the courses must be completed.

Employees must self-enroll through LEO – “My Training” for courses which are mandated. Employees are encouraged to “pre-book” mandatory and instructor-led courses well in advance. Employees should notify their section’s training liaison if they encounter a problem when trying to self-enroll in a course. If the need arises, the section’s training liaison should contact the OHR Training Coordinator for assistance in resolving self-enrollment issues.

If an employee attempts to register for a particular course that is full, the employee will be placed on a waiting list by the LEO system. If the slot becomes available for that employee, he will be registered automatically via LEO and will receive an email notification. Employees that are unsuccessful in registering for a course should notify their supervisor and pre-book the course for future offerings.

Employees must make every effort to attend instructor-led courses for which they are registered. In the event that an employee cannot attend a course, he should cancel the course through LEO to allow for substitutions.

If the employee encounters an issue when cancelling the course, the section’s training liaison must notify the OHR Training Coordinator to request that the course be cancelled and give the reason for the cancellation.
Employees should keep records of their attempts to register for courses as well as details of the situation which kept them from attending those courses for which they were registered. Classified and unclassified employees are encouraged to enroll in training courses that are not mandated but have relevance to their jobs.

During the performance evaluation planning session for applicable employees, the supervisor will include the completion of required training courses in the appropriate section. In the rating process, the supervisor will rate performance based on the employee’s attempts to register and complete the required courses.

The OHR Training Coordinator (via email or through the LEO system) will notify the appropriate individuals of expiration dates for mandatory trainings within 60, 30, and 14 day intervals. The notifications will be forwarded in the following manner:

- Within 60 days of expiration - The employee will receive an automatic email notice from the LEO system.

- Within 30 days of expiration - The training liaison will receive a report of employees in their section that are due within 30 days.
