The solicitor general is the head of the Federalism Division and directs its operations. This section also provides legal representation, renders advice, and prepares educational publications and training for the approximately 850 justices of the peace and constables statewide. This section approves forms used by the Department of State.

- The Lands and Natural Resources Section advises and renders legal support to state agencies, levee boards, commissions, and other political subdivisions pertaining to lands, water bottoms, boundaries, accretion and erosion, oil and gas, public rights of use and access, sale and acquisition of lands, expenditure of public funds, and related activities. In addition, this section administers the Department of Justice's responsibilities for disaster response matters related to cemeteries as well as representing the state on matters such as grave desecration and human remains theft. This section represents numerous state agencies on bankruptcy matters related to oil and gas, state lands, and wildlife matters. Large components of the section's litigation are consumed by takings claims against the state arising from public works and coastal protection projects, including levee servitudes, flowage easements, and large-scale constructions. In addition, this section represents the state in numerous licensing proceedings throughout the year to ensure that the cemeteries of this state are being operated pursuant to law. Part of this work also includes the recovery of often hundreds of thousands of dollars a year in cemetery trust fund underpayments or mismanagement that directly benefit consumers. This section defends the title of the state and its political subdivisions to land and water bottoms, and safeguards the interests of the state in lands and mineral transactions involving publicly owned lands and water bottoms. Increasingly, this section has led efforts to recover funds from various entities for the plugging and abandonment of oil and gas wells. The section brings actions against mineral companies that owe the state for royalty underpayments. The Lands and Natural Resources Section defends the constitutionality of statutes within its sphere of expertise. The Lands and Natural Resources Section also authors attorney general opinions on topics including lands, natural resources, cemeteries, coroners, and water bottoms.
- The agencies and political subdivisions served by this section include several state departments, such as the Division of Administration, the State Mineral and Energy Board, the Department of Culture, Recreation and Tourism, Louisiana Coastal Protection and Restoration Agency, the Department of Natural Resources, the Louisiana Department of Transportation and Development, the Louisiana Department of Wildlife and Fisheries, the Board of Trustees for state Colleges and Universities, the Louisiana Military Department, the Governor's Office of Homeland Security and Emergency Preparedness, the Department of Health, the Louisiana Cemetery Board, the Louisiana Division of Archaeology, as well as numerous school boards, police juries, all state universities, assessors, district attorneys, and levee boards. In addition to its legal representation, the section's personnel serve as members of the Louisiana Geographic Information Systems Council, the Statewide Cemetery Response Task Force, and the Slavery Ancestral Burial Grounds Preservation Commission.
- The Public Finance and Contracts Section provides competent and professional representation to statewide elected officials such as the treasurer, as well as other state boards and commissions, including the State Bond Commission, the Tobacco Settlement Financing Corporation, the Architects Selection Board, the Engineers Selection Board, the Office of State Procurement, and the Office Facilities Corporation. This section has the responsibility for the preparation or review of all legal documents required for issuance of state general obligation bonds and state revenue anticipation notes. This section reviews revenue bond issues of the state including issues of the Transportation Trust Fund and the Office Facilities Corporation. This section provides counsel to the State Bond Commission which entails reviewing all items brought before the Bond Commission and responding to questions and concerns of the members and staff on all areas of finance law. This section initiates legal proceedings necessary for appointment of a fiscal administrator for political subdivisions. This sec-

tion provides an attorney general representative to the procurement support team. This section reviews and approves hospital acquisitions. Opinions rendered by this section center around areas of taxation, violations of Louisiana Constitution, Article VII, §14, public finance, public bid law, and contracts.

- The Environmental Section assists the attorney general in the discharge of his duties under the Environmental Quality Act and in connection with the constitutional responsibility and power of the attorney general as chief legal officer of the state to institute, prosecute, or intervene in any civil action in order to assert or protect a state natural resource interest. The Environmental Section represents the Coastal Protection and Restoration Authority, State Land Office, Department of Natural Resources, the Department of Environmental Quality, the Department of Public Safety, the Department of Wildlife and Fisheries, the Department of Culture, Recreation and Tourism, the Office of Public Works, the Department of Agriculture, the Capital Area Groundwater Conservation District, the Louisiana Professional Engineering and Land Surveying Board, Louisiana State Board of Embalmers and Funeral Directors, and other interested state agencies or subdivisions. Representation not only includes litigation counsel, but also includes general counsel, regulatory counsel, i.e. drafting and promulgating regulations, and service as hearing officer for professional regulatory boards. Further, this section prepares opinions, analyzes legislation, and advises officials and employees of these same state agencies and other governmental entities. The Environmental Section includes members of the Public Access Task Force and the Surface Water Sales Study Group. Staff personnel also assist the solicitor general in preparing comments to draft federal rules and regulations and defend the interests of the state and its residents relating to federal overreach in the environmental or natural resources realm. Examples include comments or letters relating to the Clean Water Act, Clean Air Act, Endangered Species Act, and fisheries management. This Environmental Section prepares opinions, analyzes legislation, and advises officials and employees of the Department of Natural Resources, the Department of Environmental Quality, the Department of Public Safety, the Department of Wildlife and Fisheries, the Department of Culture, Recreation and Tourism, the Office of Public Works, the Department of Agriculture, the United States Corps of Engineers and other interested federal and state agencies or subdivisions. The Environmental Section plays an important role in the administration of the Red River Compact and Sabine River Compact and protection of the state's water by providing legal counsel to the state's delegates. The Environmental Section attends hearings throughout the state and visit problem sites and meet with representatives of both government and industry to seek resolution of environmental problems. Staff personnel also respond to inquiries and complaints from city-state coastal zone regulations in connection with offshore leasing by the U.S. Department of the Interior, and numerous administrative enforcement actions involving hundreds of thousands of dollars of assessed penalties against environmental violators in Louisiana.
- The Public Protection Division, a part of the Civil Program, administers, enforces, and fulfills civil laws for the State of Louisiana in areas including consumer protection, unfair and deceptive trade practices, unfair competition, antitrust, housing discrimination, insurance receivership, occupational licensing, and tobacco; conducts investigations in the interest of the public; brings enforcement actions in the name of the state; regulates and registers certain businesses and charities; provides education and training; conducts outreach; and reviews proposed regulations. The Public Protection Division is currently divided into six sections: Complex Litigation; Consumer Protection; Equal Housing Opportunity; Insurance; Occupational Licensing Review Program; and Tobacco.
- The Complex Litigation Section handles multidistrict, multistate litigation and anti-trust enforcement. These cases are often large cases with multiple states involved as plaintiffs to enforce anti-trust and consumer protection issues. The attorneys in the Complex Litigation Section operate in both Louisiana state courts and federal courts throughout the country. The Complex Litigation Section protects the citizens of the State of Louisiana by investigating potential violations and filing suits, where deemed necessary, by seeking either monetary or injunctive relief via the Louisiana Unfair Trade Practices and Consumer Protection Law (Louisiana Revised Statute 51:1401, et seq.) and Antitrust Laws (Louisiana Revised Statute 13:5081, et seq.).
- The Consumer Protection Section protects the interests of Louisiana by providing consumer education and resources to the public. The section conducts investigations on behalf of the public and brings civil enforce-

ment actions in the name of the state for violations of unfair or deceptive trade practices and other consumer protection laws. Lawyers from the section participate in investigations with local, state, and federal authorities, including other states' attorneys general in matters involving unfair or deceptive trade practices, data security, and other consumer matters. Through its investigative and enforcement authority, the section obtains injunctive relief, consumer restitution, and other relief in the interest of the public. The Section accepts and processes consumer disputes through written consumer dispute forms and provides a consumer protection hotline to consumers to report consumer issues and obtain assistance. The section provides a voluntary mediation process to complainants and companies to help facilitate open communication between consumers and businesses to obtain resolutions of their disputes. The section promotes consumer education to make consumers aware of their consumer rights and common scams. The section provides information about consumer protection laws through the publishing of pamphlets and brochures on product safety and common scams, consumer alerts, participation in community events, and other communications. In addition, the section regulates and registers certain charities, credit repair services, business opportunity sellers and agents, going out of business sales, promoters of going out of business sales, athlete agents, multi-level marketers, and other entities. The section also administers various statutory notices and other obligations such as Database Security Breach Notices.

- The Equal Housing Opportunity (Fair Housing) Section is responsible for the administration and enforcement of the Louisiana Equal Housing Opportunity Act, which prohibits discrimination in the sale and rental of housing based on an individual's race, color, religion, sex, disability, familial status, national origin, or natural, protective, or cultural hairstyle. As such, the Equal Housing
- Opportunity Section is required to investigate, conciliate, and judicially enforce fair housing complaints. The Equal Housing Opportunity Section also provides fair housing training and conducts outreach in an effort to increase awareness about fair housing laws and the rights and responsibilities of property owners, tenants, property managers, and others under such laws.
- The Insurance Section has direct involvement in and primary knowledge of every insurance liquidation in Louisiana. This section performs legal work, supervises contract counsel, and works with the Department of Insurance. Staff personnel conduct research in insolvency cases and maintain a proactive position in the areas of insurance liquidation. This section reviews legal bills of contract attorneys, incorporates terms of engagements and development with contract attorneys and the Department of Insurance case management plans for each liquidation.
- In the Occupational Licensing Review Program, in order to provide Active State Supervision to provide Louisiana Occupational Regulatory Boards with state action immunity, the Occupational Licensing Review Program (OLRP) provides a substantive review of all proposed regulations and disciplinary actions submitted to the program. Additionally, OLRP reviews final disciplinary actions submitted to the Department of Justice and provides a summary of criminal activity for Louisiana Bureau of Investigation review.
- The Tobacco Settlement Enforcement Unit, i.e. Tobacco Section/Unit, was created in 1999. On November 23, 1998, attorneys general from 46 states signed the historic Master Settlement Agreement (MSA). The attorney general created this section to enforce the terms of the MSA and related Louisiana laws. As a result of joining the MSA, Louisiana receives annual MSA payments from certain tobacco companies. The Tobacco Unit is tasked with handling litigation arising from or relating to the MSA, monitoring compliance with the MSA, monitoring the payment stream from the MSA, and monitoring the statutory compliance of Non-Participating Manufacturers (NPMs)—manufacturers that did not sign the MSA. Field agents routinely travel around the state to inspect tobacco retailers and tobacco sponsored events for violations of the advertising restrictions within the MSA. The Tobacco Unit is also responsible for enforcing various state laws with regard to tobacco manufacturers and wholesalers. All tobacco product manufacturers must annually submit certifications capturing cigarette(s) and roll-your-own tobacco (RYO) brands intended for sale into the state. The Tobacco Unit reviews these certifications and determines whether the brands and/or manufacturers meet certain requirement(s). Only those cigarette/RYO brands listed as approved on the state directory maintained by the Louisiana Department of Justice

may be lawfully sold in the state. The Tobacco Unit may issue unfair trade practice notifications if unapproved cigarette/RYO product is sold in or into Louisiana. The Tobacco Unit is responsible for reviewing monthly reports submitted by Louisiana licensed wholesalers that affix tax stamps to certain products for sale. By utilizing information captured within such reports, the Tobacco Unit tracks the volume of sales as well as the quarterly escrow payments owed by NPMs based on those sales. The Tobacco Unit may institute litigation for non-payment or late payment of escrow obligations by NPMs.

### Program Description

The mission of the Criminal Law and Medicaid Fraud Program of the Louisiana Department of Justice safeguards the rights of the citizens of the State of Louisiana by providing prompt, professional, and ethical prosecutions of criminal matters referred to this division. The Criminal Division also investigates violations of criminal laws, maintains governmental integrity, assists and advises local district attorneys in the analysis and prosecution of criminal cases, and protects and serves the public.

The goal of the Criminal Law and Medicaid Fraud Program is to provide superior legal and professional services to the State of Louisiana and its citizens, private sector organizations, and all governmental entities.

Program Activities include the following:

In addition the Criminal Program investigates and prosecutes individuals and entities defrauding the Medicaid Program or abusing residents in health care facilities.
- The Louisiana Bureau of Investigation (LBI) is housed within the Criminal Program. This investigatory arm provides for services related to Cyber Crime Unit, Fugitive Apprehension, Special Investigation, Trial assistance. These units are responsible for the investigation of alleged violations of the criminal laws of this state, including investigations of public corruption, computer related crimes, child exploitation, institutional and insurance fraud, intellectual property crimes, and fugitive apprehension. The LBI also provides investigative services to the attorneys in the Criminal Division to include follow-up on cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and evidence management. The LBI responds to the numerous requests for investigative assistance from local, state and federal governmental agencies.
- The General Prosecution Section prosecutes violations of all criminal laws of the state by conducting or assisting in criminal prosecutions pursuant to the recusal or request of district attorneys. This section prosecutes cases, including but not limited to, white collar crime, public corruption, narcotics violations, violent crimes, and violations of the state's environmental laws. This section also serves as (1) advisor to the district attorneys, law enforcement, and the legislature, (2) a training agency for law enforcement, and (3) a liaison between all levels of law enforcement within the state.
- The Appeals and Special Services Section provides legal services to the state in the areas of (1) extraditions, (2) federal habeas corpus and post- conviction relief, (3) as amicus curiae in matters pending before the U.S. Supreme Court, (4) constitutional challenges, and (5) Attorney General opinions in matters of criminal law.
- The Insurance Fraud Support Unit fulfills three primary responsibilities: providing legal advice and consultation to the other two task force agencies (the Louisiana State Police and the Louisiana Department of Insurance) in insurance fraud matters; prosecuting individuals charged with insurance fraud; and presenting insurance fraud information and training to the insurance industry, as well as other state and federal agencies.

- The primary objective of the Assistant Attorneys General (in the Criminal Division of the) Louisiana Department of Justice's Insurance Fraud Support Unit is to provide superior legal representation to the Louisiana Department of Insurance and the Louisiana State Police in insurance fraud investigations and prosecutions. Attorneys assigned to the Insurance Fraud Support Unit (in the Criminal Division of the Louisiana Department of Justice) prosecute violations of Louisiana's criminal laws under Titles 14, 22, 23, and 47, by conducting, or assisting in, criminal prosecutions, upon the recusal or request for assistance by local district attorneys, and providing legal support to law enforcement agencies investigating criminal insurance fraud. In Louisiana, the responsibility to investigate and prosecute provider fraud is assigned to the Medicaid Fraud Control Unit of the Department of Justice. The U.S. Department of Health and Human Services, the Louisiana Department of Health and Hospitals, the Medicaid Fraud Tip Hotline, and other sources serve as the initial entry point for Medicaid fraud complaints. The U. S. Department of Health and Human issues regulations requiring the Medicaid Fraud Control Unit to review complaints alleging abuse or neglect of Medicaid patients in health care facilities and to investigate those cases which indicate a substantial potential for criminal prosecution. The Medicaid Fraud Control Unit investigates and prosecutes individuals and entities defrauding the Medicaid Program or abusing residents in health care facilities.
- The Sexual Predator Apprehension Team (SPAT) supervises the statewide implementation and enforcement of Louisiana's sex offender and child predator registration and notification laws applicable to over 13,000 registered sex offenders and child predators. SPAT works with federal, state, and local investigative resources, and the public, ensuring that offenders meet their registration requirements, or imposing the criminal consequences for failure to adhere to the statutory mandate. In addition, SPAT is responsible for ensuring substantial compliance with the federal Adam Walsh Act by advising the legislature when changes are proposed to Louisiana's registration and notification laws and reporting any changes to the U.S. Department of Justice. Furthermore, SPAT provides trainings and consultations to law enforcement, prosecutors, and other state and federal agencies related to sex offender and child predator registration and notification requirements. Lastly, SPAT manages all litigation related to the application of sex offender registration and notification laws and calculates official registration end dates for particular offenders who are not required to register for a lifetime. The authorities and duties of SPAT are set forth in LSA –R.S. 15:544(E), 15:544.1, and 15:544.2, and 15:552.
- The Cyber Crime Unit is a specialized unit with attorneys, investigators, and computer forensic experts all trained in the specific field of cyber-crime investigation and prosecution. This specialized unit concentrates on combating crimes involving digital technology. The CCU includes the first state computer forensic center and provides forensic examinations of digital evidence to the LADOJ, as well as other local, state, and federal government agencies. The Section includes the Louisiana Internet Crimes Against Children Task Force (ICAC), that investigates crimes relating to child exploitation and abuse on the Internet. ICAC investigators conduct proactive online undercover operations and investigate child exploitation cases referred to the department from other agencies, as well as the National Center for Missing and Exploited Children. The CCU Forensic Lab also works cases involving online auction fraud, death investigations, domestic violence, economic fraud including online fraud and counterfeiting, email threats, harassment and stalking, extortion, identity theft, narcotics, prostitution, human trafficking, software piracy, and telecommunications fraud. CCU also provides training to local law enforcement and gives public service presentations in regard to technology based crimes and internet safety throughout the State of Louisiana.
- The Investigations Section is divided into two squads that are responsible for the investigation of alleged violations of the criminal laws of this state, conducting of civil and special investigations including investigations of public corruption, institutional and insurance fraud. The Section also provides investigative services to the attorneys in the Criminal Division to include follow-up on cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and evidence management. This Section also responds to the numerous requests for investigative assistance from local, state or federal governmental agencies.

- The Trial Unit provides investigative services to the attorneys in the Criminal Division to include follow-up and support on criminal prosecution cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and trial evidence management.
- The Fugitive Apprehension Unit (FAU) is dedicated to assisting local law enforcement agencies in locating and arresting wanted individuals who either cannot be located by the local agency, or where the suspect is believed to be located in a jurisdiction other than where the arrest warrant is issued. The majority of the suspects are aware they are being sought by law enforcement and have taken measures to evade capture. Due to pending caseloads and other considerations, local law enforcement agencies may not have the time or resources available to locate them. Crossing jurisdictional lines can also be problematic for local law enforcement when searching for wanted individuals who reside in, or have fled to, a different city, parish, or state. The FAU has statewide jurisdiction and can dedicate all the time and resources necessary to bring these fugitives to justice. The FAU has also worked successfully with law enforcement in surrounding states in locating and apprehending fugitives from Louisiana.

### Program Description

The mission of the Risk Litigation Program is to provide legal representation to the State of Louisiana, State agencies, and State employees in all tort claims seeking damages. The Risk Litigation Program defends claims managed by the Office of Risk Management and by any post secondary education institution granted an exemption from the State's risk management program.

Program Activities include the following:

- The Litigation Division is divided into sections: Executive, Case Administration, Appeals, Civil Rights, General Liability, Medical Malpractice, Road Hazard, Transportation and Workers' Compensation. The Litigation Division is headquartered in Baton Rouge with five regional offices located in Alexandria, Lafayette, Monroe, New Orleans and Shreveport. The Litigation Division is one of the largest defense firms across the state, with a combined full-time staff of 172 employees, consisting of attorneys, paralegals, and support personnel.
- The executive staff ensures that the daily activities, duties, and responsibilities of the Division are accomplished. The staff consists of the director, three deputy directors, an associate deputy director, two administrative assistants, a property and procurement manager, a property and procurement assistant, special litigation counsel, assistant special litigation counsel, an executive management officer, an executive secretary, case administration specialists, and a receptionist.

The Case Administration Section has two attorneys and five support staff members.
- The Appeals Section was recently created to handle in-house cases during the appeals process. The Appeals Section is staffed by designated employees throughout the Litigation Division housed across the state. The Division benefits from having its own in-house appellate specialists, who are familiar with the regional areas in which they practice.
- The Civil Rights Section defends suits filed in both state and federal court involving the deprivation of a person's civil rights. Such suits include, claims brought pursuant to 42 U.S.C. § 1983; the Civil Rights Act of 1964, as amended; the Age Discrimination in Employment Act; the Americans with Disabilities Act; the Family and Medical Leave Act of 1993; the Rehabilitation Act of 1973; and parallel state statutes.
