Title 67
SOCIAL SERVICES
Part I. General Administration

Chapter 1. Substance Abuse Testing

§101. Introduction and Purpose
A. The employees of the state of Louisiana are among the state's most valuable resources, and the physical and mental well-being of these employees is necessary for them to properly carry out their responsibilities. Substance abuse causes serious adverse consequences to users, impacting on their productivity, health and safety, dependents and co-workers, as well as the general public. Substance abuse on the job can cause undue risk of harm to the public in general and the children and other clients directly served by and dependent on the services of the Department of Social Services (DSS).

B. The state of Louisiana has a long-standing commitment to working toward an alcohol-free, drug-free workplace. In order to curb the use of illegal drugs by employees of the state of Louisiana, the Louisiana Legislature enacted laws which provide for the creation and implementation of drug testing programs for state employees.

C. The Department of Social Services fully supports these efforts and is committed to an alcohol-free, drug-free workplace.

AUTHORITY NOTE: Promulgated in accordance with R.S. 49:1001 et seq.
HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of the Secretary, LR 25:1145 (June 1999), amended by the Department of Social Services, Office of Management and Finance, LR 32:114 (January 2006), LR 35:967 (May 2009).

§103. Applicability
A. This policy shall apply to all employees of DSS including appointees and all other persons having any employment relationship with this agency.

AUTHORITY NOTE: Promulgated in accordance with R.S. 49:1001 et seq.
HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of the Secretary, LR 25:1145 (June 1999).

§105. Definitions

Controlled Substance—a drug, chemical substance or immediate precursor in Schedules I through V of R.S. 40:964 or Section 202 of the Controlled Substances Act (21 U.S.C. 812).

Designer (Synthetic) Drugs—those chemical substances that are made in clandestine laboratories where the molecular structure of both legal and illegal drugs is altered to create a drug that is not explicitly banned by federal law.

Employee—unclassified, classified, and student employees, student interns, both paid and unpaid, and any other person having any employment relationship with the agency, regardless of the appointment type (e.g., full-time, part-time, temporary, etc.).

Illegal Drug—any drug which is not legally obtainable or which has not been legally obtained, to include prescribed drugs not legally obtained and prescribed drugs not being used for prescribed purposes or being used by one other than the person for whom prescribed.

Public Vehicle—any motor vehicle, water craft, air craft or rail vehicle owned or controlled by the state.

Reasonable Suspicion—belief based upon reliable, objective and articulate facts derived from direct observation of specific physical, behavioral, odorous presence, or performance indicators and being of sufficient import and quantity to lead a prudent person to suspect that an employee is in violation of this policy.

Safety-Sensitive or Security-Sensitive—a position determined by the appointing authority to contain duties of such nature that the compelling state interest to keep the incumbent drug-free outweighs the employee's privacy interests. Executive Orders Number KBB 2005-08 and KBB 2005-11 set forth the following non-exclusive list of examples of safety-sensitive and/or security-sensitive positions in state government:

1. positions with duties that may require or authorize the safety inspection of a structure;
2. positions with duties that may require or authorize access to a prison or an incarcerated individual;
3. positions with duties that may require or authorize carrying a firearm;
4. positions with duties that may allow access to controlled substances (drugs);
5. positions with duties that may require or authorize inspecting, handling, or transporting hazardous waste as defined in R.S. 30:2173(2) or hazardous materials as defined in R.S. 32:1502(5);
6. positions with duties that may require or authorize any responsibility over power plant equipment;
7. positions with duties that may require instructing or supervising any person to operate or maintain, or that may require or authorize the operating or maintaining, any heavy equipment or machinery;
§108. Reasonable Suspicion

Any employee shall be required to submit to an alcohol/drug test if there is a reasonable suspicion (as defined in this policy) that the employee is using illegal drugs or is under the influence of alcohol while on duty. At least two supervisors/managers must concur there is reasonable suspicion before an employee is required to submit to an alcohol/drug test. Supervisors shall decide who will drive the employee to the testing site.

2. Post-Accident. Each employee involved in an accident that occurs during the course and scope of employment shall be required to submit to an alcohol/drug test if the accident:

   a. involves circumstances leading to a reasonable suspicion of the employee's alcohol/drug use;
   b. results in serious injury or a fatality; or
   c. results in or causes the release of hazardous waste as defined in R.S. 30:2173(2) or hazardous materials as defined in R.S. 32:1502(5).

3. Rehabilitation Monitoring. Any employee who is participating in a substance abuse after-treatment program or who has a rehabilitation agreement with the agency shall be required to submit to periodic drug testing.

4. Pre-Employment. Each prospective employee shall be required to submit to drug screening at the time and place designated by the appointing authority or designee following a conditional job offer contingent upon a negative drug-testing result. A prospective employee who tests positive for the presence of drugs in the initial screening or who fails to cooperate in the testing shall be eliminated from consideration for employment. Employees transferring to DSS from other state agencies without a break in service are exempt from pre-employment testing.

5. Safety-Sensitive and Security-Sensitive Positions—Appointments and Promotions. Each employee who is offered a safety-sensitive or security sensitive position (as defined in this policy) shall be required to pass a drug test before being placed in such position, whether through appointment or promotion. (See §119 listing of these positions.)

6. Safety-Sensitive and Security-Sensitive Positions—Random Testing. Every employee in a safety-sensitive or security-sensitive position shall be required to submit to alcohol/drug testing as required by the appointing authority, who shall periodically call for a sample of such employees, selected at random by a computer-generated random selection process, and require them to report for testing. All such testing shall, if practicable, occur during the selected employee's work schedule.

   AUTHORITY NOTE: Promulgated in accordance with R.S. 49:1001 et seq.

   HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of the Secretary, LR 25:1146 (June 1999), amended by the Department of Social Services, Office of Management and Finance, LR 32:114 (January 2006), LR 35:967 (May 2009).

§109. Conditions Requiring Drug Tests

A. DSS shall require alcohol/drug testing under the following conditions.

8. positions with duties that may require or authorize the operation or maintenance of a public vehicle, or the supervision of such an employee.

Under the Influence—for the purposes of this policy, alcohol, a drug, chemical substance, or the combination of alcohol, a drug, chemical substance that affects an employee in any detectable manner. The symptoms or influence are not confined to that consistent with misbehavior, nor to obvious impairment of physical or mental ability, such as slurred speech or difficulty in maintaining balance. A determination of influence can be established by a professional opinion or a scientifically valid test.

Workplace—any location on agency property including all property, offices, facilities, vehicles and equipment, whether owned, leased or otherwise used by the agency or by an employee on behalf of the agency in the conduct of its business, in addition to any location from which an individual conducts agency business while such business is being conducted.

AUTHORITY NOTE: Promulgated in accordance with R.S. 49:1001 et seq.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of the Secretary, LR 25:1145 (June 1999), amended by the Department of Social Services, Office of Management and Finance, LR 32:114 (January 2006).

§107. DSS Drug-Free Workplace Policy

A. It shall be the policy of DSS to maintain a drug-free workplace and a workforce free of substance abuse. Employees are prohibited from reporting for work, performing work, or otherwise being on any duty status for DSS with the presence in their bodies of alcohol, illegal drugs, controlled substances, or designer (synthetic) drugs at or above the initial testing levels and confirmatory testing levels as established in the contract between the state of Louisiana and the official provider of drug testing services. Employees are further prohibited from illegal use, possession, dispensation, distribution, manufacture, or sale of controlled substances, designer (synthetic) drugs, and illegal drugs at the work site and while on official state business, on duty or on call for duty.

B. To assure maintenance of a drug-free workplace, it shall be the policy of DSS to implement a program of drug testing in accordance with R.S. 49:1001 et seq., and all other applicable federal and state laws, and executive orders, as set forth below.

AUTHORITY NOTE: Promulgated in accordance with R.S. 49:1001 et seq.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of the Secretary, LR 25:1146 (June 1999), amended by the Department of Social Services, Office of Management and Finance, LR 32:114 (January 2006), LR 35:967 (May 2009).
§111. Procedure

A. Alcohol/drug testing pursuant to this policy shall be conducted for the presence of any illegal drugs including, but not limited to, cannabinoids (marijuana metabolites), cocaine metabolites, opiates metabolites, phencyclidine, and amphetamines in accordance with the provisions of R.S. 49:1001 et seq. DSS reserves the right to test employees for the presence of any alcohol, illegal drugs or controlled substance when there is a reasonable suspicion to do so.

B. The human resources director of each office shall be involved in any determination that one of the above-named conditions requiring alcohol/drug-testing exists. Upon such determination, the appointing authority or designee for each office shall notify the supervisor of the employee to be tested, who shall immediately notify the employee where and when to report for the testing.

C. Testing services shall be performed by a provider chosen by the Office of State Purchasing, Division of Administration, pursuant to applicable bid laws. At a minimum, the testing service shall assure the following.

1. All specimen collections will be performed in accordance with applicable federal and state regulations and guidelines to ensure the integrity of the specimens and the privacy of the donors. The appointing authority or designee for each office shall review and concur in advance with any decision by a collection site person to obtain a specimen under direct observation. All direct observation shall be conducted by a collection site person of the same gender.

2. Chain of custody forms must be provided to ensure the integrity of each urine specimen by tracking its handling and storage from point of collection to final disposition.

These records will be kept in a locked confidential file just as any other medical records are retained.

AUTHORITY NOTE: Promulgated in accordance with R.S. 49:1001 et seq.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of the Secretary, LR 25:1147 (June 1999), amended by the Department of Social Services, Office of Management and Finance, LR 32:115 (January 2006).

§115. Responsibilities

A. The Secretary of DSS is responsible for the overall compliance with this policy and shall submit to the Office of the Governor, through the Commissioner of Administration, a report on this policy and drug testing program; describing the process, the number of employees affected, the categories of testing being conducted, the associated costs of testing, and the effectiveness of the program by December 1 of each year.

B. The appointing authority or designee is responsible for administering the alcohol/drug testing program; determining when drug testing is appropriate; receiving, acting on, and holding confidential all information received from the testing services provider and from the medical review officer; and collecting appropriate information necessary to agency defense in the event of legal challenge.

C. All supervisory personnel are responsible for assuring that each employee under their supervision is aware of and understands this policy.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of the Secretary, LR 25:1147 (June 1999), amended by the Department of Social Services, Office of Management and Finance, LR 32:115 (January 2006), LR 35:967 (May 2009).

§117. Violation of the Policy

A. Positive Test Result. All initial screening tests with positive results must be confirmed by a second more accurate test with the results reviewed by a medical review officer. Any breath test resulting in 0.08 alcohol concentration will be considered an initial positive result. In these cases, the confirmation test will be performed within 30 minutes, but not less than 15 minutes, of completion of the screening test. Urine samples will be tested using the split sample method, with the confirmation test performed on the second half of the sample in the event of an initial positive result. Any employee reported with a confirmed positive test shall either be suspended with pay pending investigation or shall have the safety/security sensitive duties removed from his/her position pending preparation and approval of disciplinary action up to and including dismissal.
At a minimum the following actions will be taken in the instance of a first confirmed positive test.

1. The employee shall be subject to disciplinary action as determined by the appointing authority.

2. The employee must meet with an approved chemical abuse counselor for a substance abuse evaluation. The employee must release the substance abuse evaluation prior to returning to duty. The evaluation will become part of the follow-up plan for that employee to continue employment with the department.

3. The employee shall be screened on a periodic basis for not less than 12 months nor more than 60 months. Follow-up testing, return to duty testing, counseling and any other recommended treatment will be at the cost of the employee and not the department. Post accident or return to duty tests which are positive will result in the employee's dismissal.

B. Refusal to Test

1. Any employee refusing to submit to a breath test for the presence of alcohol or a urine test for the presence of drugs will be subject to the consequences of a positive test. A refusal is defined as a verbal refusal, abusive language to the supervisor or personnel performing the test, or tampering of any sample, container, equipment or documentation of the sampling process. If a test is determined to be invalid, it is not considered a refusal and no disciplinary action will be taken. Inability to perform the testing procedures must be documented by a medical physician and recorded in the employee's personnel file.

2. If an employee alleges that, because of medical reasons, he/she is unable to provide a sufficient amount of breath to permit a valid breath test, the Breath Alcohol Technician (BAT) will instruct the employee to try a second time to provide an adequate amount of breath. If an employee is unwilling to submit to the test, then the results of the test will be subject to the consequences of a positive test. If an employee is unable to provide a sufficient quantity of urine, the collector will discard the insufficient specimen and instruct the individual to drink up to 40 ounces of fluid, distributed reasonably through a period of up to three hours, or until the employee has provided a new urine specimen. If the employee remains unable to provide a sufficient specimen, the collector must discard the insufficient specimen, discontinue testing and notify the agency human resources director or his/her designee of his/her actions. In these instances, the agency human resources director or his/her designee shall inform the appointing authority immediately. The appointing authority shall direct the employee to have a medical evaluation, within five working days (at the agency’s expense) conducted by an agency selected licensed physician with expertise in the medical issues surrounding a failure to provide a sufficient specimen. The physician will provide to the appointing authority, a report of his/her conclusions as to whether the employee's inability to provide a sufficient specimen is genuine or constitutes a refusal to test. If the conclusion of refusal to test is reached, it will be subject to the consequences of a positive test.

C. Reasonable Suspicion of Adulterated/Substituted Sample. A specimen temperature that measures outside the range of 90 to 100 degrees Fahrenheit constitutes a reason to believe that an employee has adulterated or substituted the specimen. The collector must immediately conduct a new collection using direct observation procedures.

D. Challenging Test Results. If a current or prospective employee receives a confirmed positive test result, he/she may challenge the test results within 72 hours of actual notification, with the understanding that he/she may be placed on suspension pending investigation, until the challenge is resolved. A written explanation of the reason for the positive test result may be submitted to the medical review officer. Employees who are on legally prescribed and obtained medication for a documented illness, injury or ailment will be eligible for continued employment upon receiving clearance from the medical review officer.

E. Other Violations. Each violation and alleged violation of this policy will be handled on an individual basis, taking into account all data, including the risk to self, fellow employees, clients, and the general public.

F. Failure to comply with provision of the policy, including but not limited to, the following, will be grounds for disciplinary action:

1. an employee is subject to disciplinary action up to and including dismissal should a criminal drug statute conviction result from the unlawful manufacture, distribution, possession, or use of a controlled substance in the workplace;

2. refusal or failure to report to an approved counseling or rehabilitation program after voluntarily requesting help for drug addiction;

3. refusal or failure to report to an approved counseling or rehabilitation program, if advised by the department to do so, after a confirmed positive test for any substance prohibited by this policy;

4. leaving a treatment program prior to completion and not being properly released to return to work.

AUTHORITY NOTE: Promulgated in accordance with R.S. 49:1001 et seq.

Chapter 2. Criminal Background and State Central Registry Checks

§201. Introduction and Purpose

A. The Department of Children and Family Services (DCFS) has a fervent commitment to protect children by preventing the employment by the department of an individual who has specific past criminal convictions, in positions whose duties include the investigation of child abuse or neglect, supervisory or disciplinary authority over children, direct care of a child, or performance of licensing surveys and/or has been determined to be a perpetrator of abuse or neglect of a child and listed on the state central registry.

B. In order to enhance the state’s ability to protect children, the Louisiana Legislature enacted laws which provide for state and federal criminal background checks and a state central registry check for certain DCFS employees and potential employees.

C. The department will utilize the state central registry of justified (valid) reports of abuse or neglect for clearances of certain current and potential department employees, and will prohibit these individuals from being employed or considered for employment in those positions whose duties include the investigation of child abuse or neglect, supervisory or disciplinary authority over children, direct care of a child, or performance of licensing surveys when their name is recorded on the state central registry subsequent to January 1, 2010 and when their administrative appeal rights have been exhausted.

§203. Conditions of Employment

A. No individual shall be hired by the department whose duties include the investigation of child abuse or neglect, supervisory or disciplinary authority over children, direct care of a child, or performance of licensing surveys, until the following conditions are met.

1. The individual submits his fingerprints to the Louisiana Bureau of Criminal Identification and Information to facilitate a state and national criminal records check and it is determined that the person has not been convicted of or pled nolo contendere to a crime listed in R.S. 15:587.1(C).

2. The department has conducted a search of the state central registry and determined that the individual's name has not been recorded subsequent to January 1, 2010.
3. If the potential employee’s name is recorded on the state central registry subsequent to January 1, 2010 and prior to August 1, 2018, they shall not be denied consideration for employment until the potential employee has exhausted their right to an administrative appeal and thereafter the potential employee’s name is confirmed to be listed on the state central registry.

4. If the individual’s name is recorded on the state central registry as a perpetrator of child abuse or neglect subsequent to August 1, 2018, they shall not be employed or considered for employment by the department in positions whose duties include the investigation of child abuse or neglect, supervisory or disciplinary authority over children, direct care of a child, or performance of licensing surveys.

B. Any current employee of the department whose duties include the investigation of child abuse or neglect, supervisory or disciplinary authority over children, direct care of a child, or performance of licensing surveys and whose name is recorded subsequent to January 1, 2010 and prior to August 1, 2018, shall not be terminated from their position in the department until the employee has exhausted their right to an administrative appeal and thereafter the employee’s name is confirmed to be listed on the state central registry. If the employee’s name is recorded on the state central registry subsequent to August 1, 2018, they shall be terminated from their current position whose duties include the investigation of child abuse or neglect, supervisory or disciplinary authority over children, direct care of a child, or performance of licensing surveys by the department.

The criminal history record checks will be used to determine the suitability of individuals to access FTI in performance of their job duties or services for the Department of Children and Family Services.

B. Any hearing which is required or permitted hereunder may be conducted utilizing remote telephonic communications if the record reflects that all parties have consented to conducting the hearing by use of such communications and that such procedure will not jeopardize the rights of any party to the hearing. 3. the issue is settled in the claimant’s favor by the department.

   b. **Subchapter C. Recovery**

§1285. **IV-D Recovery of Support Payments**

A. When assigned child support payments are received and retained by the FITAP applicant/recipient, responsibility is placed with the IV-D agency (Child Support Enforcement Services) to recover all such payments. The only exception is a direct payment retained by the recipient during the period when the sanction for failure to cooperate is in effect.

B. In providing for this policy the IV-D staff must:

1. document that the recipient has received and retained direct payments, and the amounts;

2. provide a written notice of intent to recover the payments to the recipient including:

   a. an explanation of the recipient’s responsibility to cooperate by turning over direct payments as a condition of eligibility for FITAP, and a sanction for failure to cooperate as provided at 45 CFR 232.12(d);

   b. a detailed list of the direct payments as documented by IV-D, including dates and amounts of payments and description of documentary evidence possessed by IV-D;

   c. a proposal for a repayment agreement related to the recipient’s income and resources including the FITAP grant and the total amount of retained support;

   d. providing the opportunity for the recipient to have an informal meeting to clarify his responsibilities and to resolve any differences regarding repayment.

C. The IV-D Agency (Child Support Enforcement Services) must refer the case to IV-A (FITAP Program) with evidence of failure to cooperate if the recipient refuses to sign a repayment agreement or signs an agreement but subsequently fails to make a payment. IV-D must also notify IV-A if a recipient later consents to an agreement or if the recipient who defaulted on the agreement begins making regularly scheduled payments.

D. To recover amount due from any period of default, the IV-D Agency (Child Support Enforcement Services) must extend the duration of the agreement.

1. implement an administrative hearing procedure for FITAP fraud cases; and  
2. disqualify the adult found guilty of FITAP fraud by a court or in an administrative hearing;

3. cash assistance shall be denied to an individual for 10 years from the date that individual is convicted in federal or state court of having made a fraudulent statement or representation with respect to his place of residence in order to receive assistance simultaneously from two or more states. This does not apply with respect to a conviction of an individual, for any month beginning after the President of
the United States grants a pardon with respect to the conduct which was the subject of the conviction.

C. If an individual who is a member of a family applying for or receiving FITAP is found by a federal or state court or by an administrative hearing to have intentionally made a false or misleading statement or misrepresented, concealed, or withheld facts, or committed any act intended to mislead, misrepresent, conceal or withhold facts or propound a falsity, for the purpose of establishing or maintaining the family's eligibility for aid or of increasing or preventing a reduction in benefits, then that individual's needs shall not be taken into account in making the eligibility or benefits determination. That individual shall be disqualified for a period of 12 months for the first offense, 24 months for the second offense, and permanently for the third offense.

D. Each applicant shall be provided with a written notice of the penalties for fraud at the time of FITAP application.

§1506. Special Considerations in Determining Recovery Amounts

A. If the payee fails to report a child's absence of more than a 45-day duration by the end of the five-day period that begins with the date that it became clear to the payee that the child would be absent for a 45-day period, and good cause for the absence is not established, the needs of the payee as well as the needs of the child will be excluded when determining the recovery amount.

Subchapter C. Confidentiality

§1507. Disclosing Information Concerning Fugitive Felons

A. Rules and regulations regarding the implementation of the Food and Nutrition Act of 2008 (P.L. 110-246) have been adopted effective January 1, 2010.

B. The Office of the State Register has determined that publication of these rules would be unduly cumbersome and exercised its privilege to omit them from the Louisiana Register, as per R.S. 49:954.1(C). The new Supplemental Nutrition Assistance Program (SNAP) Manual may be obtained from the Department of Children and Family Services, Post Office Box 94065, Baton Rouge, Louisiana 70804. §1709. Purchasing Prepared Meals
A. Effective May 1, 1987 homeless Supplemental Nutrition Assistance Program (SNAP) recipients (including newly eligible residents of temporary shelters for the homeless) may use their SNAP benefits to purchase prepared meals served by an authorized public or nonprofit establishment that feeds homeless people.

§1711. Disabled People in Group Living Arrangements
A. All individuals residing in group living arrangements who meet the Food and Nutrition Act of 2008 definition of disabled (as defined in Section 3(r) of the Food and Nutrition Act) are eligible to receive SNAP benefits to purchase their prepared meals.

to be included in such a declaration, the temporary eligibility standards, grant amounts, and duration of the program.

C. In order for a parish or community to be eligible for inclusion in a DSNAP declaration, the following criteria must be met.

1. Normal commercial channels for food distribution were disrupted by the disaster.

2. Normal food distribution channels were restored.

3. The normal, ongoing Supplemental Nutrition Assistance Program is unable to expeditiously handle the volume of households affected by the disaster.

AUTHORITY NOTE: Promulgated in accordance with 7 CFR 280 and Section 5(h)(1) of the Food Stamp Act of 1977, P.L. 110-246.

Chapter 19. Certification of Eligible Households

Subchapter A. Household Concept

§1901. Household Composition

A. The definition of a household includes an individual or a group of individuals who live together and customarily purchase food and prepare meals together for home consumption.

B. Separate household status may not be granted to the following individuals or groups of individuals, even if they purchase and prepare meals separately:

1. spouses who live together;

2. natural, adopted or step-children, age 21 or under who live with their parents.

C. The definition of a household provides that elderly individuals (and their spouses) who cannot prepare their own meals because they suffer from disabilities considered permanent under the Social Security Act or some other physical or mental non-disease-related disabilities may be a separate household even if living and eating with others. This is limited to those cases where the gross income of the individuals with whom the elderly or disabled person resides does not exceed 150 percent of the poverty level.

§1903. Boarder

A. Effective February 1, 1989 foster children are to be considered "boarders" and must be certified under the provisions governing boarder status in Section C-140 and E-210 of the FAM-4. The provision under E-211.1 which prohibits granting boarder status to children under 18 years of age who are under the parental control of an adult household member does not apply with regard to foster children. In addition, the foster care payments must be excluded from consideration as income to the household providing the foster care.

B. However, foster care households continue to have the option to treat the foster children as members of the household in accordance with current boarder policy. The entire foster care payments would then count as income to the household.

AUTHORITY NOTE: Promulgated in accordance with 7 CFR 273.1.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Eligibility Determinations, LR 15:393 (May 1989).

§1905. Definition of Elderly and Disabled

1. is 60 years of age or older;

2. receives Supplemental Security Income benefits under Title XVI of the Social Security Act or disability or blindness payments under Titles I, II, X, XIV, or XVI of the Social Security Act;

3. receives federally or state-administered supplemental benefits under Section 1616(a) of the Social Security Act provided that the eligibility to receive the benefits is based upon the disability or blindness criteria used under Title XVI of the Social Security Act;

4. receives federally or state-administered supplemental benefits under Section 212(a) of P.L. 93-66;

5. receives disability retirement benefits from a governmental agency because of a disability considered permanent under Section 221(i) of the Social Security Act;

6. a veteran with a service-connected or non-service-connected disability rated by the Veteran's Administration (VA) as total or paid as total by the VA under Title 38 of the United States Code;

7. is a veteran considered by the VA to be in need of regular aid and attendance or permanently housebound under Title 38 of the United States Code;

8. is a surviving spouse of a veteran and considered by the VA to be in need of regular aid and attendance or permanently housebound or a surviving child of a veteran and considered by the VA to be permanently incapable of self-support under Title 38 of the United States Code;
9. is a surviving spouse or surviving child of a veteran and considered by the VA to be entitled to compensation for a service-connected death or pension benefits for a non-service-connected death under Title 38 of the United States Code and has a disability considered permanent under Section 221(i) of the Social Security Act. Entitled as used in this definition refers to those veterans' surviving spouses and surviving children who are receiving the compensation or pension benefits stated or have been approved for such payments, but are not yet receiving them;

10. receives an annuity payment under Section 2(a)(1)(iv) of the Railroad Retirement Act of 1974 and is determined to be eligible to receive Medicare by the Railroad Retirement Board; or Section 2(a)(i)(v) of the Railroad Retirement Act of 1974 and is determined to be disabled based upon the criteria used under Title XVI of the Social Security Act.

AUTHORITY NOTE: Promulgated in accordance with R.S. 49:953(B), 7 CFR 273.1.

Subchapter B. Application Processing

§1907. Expedited Service—Initial and Subsequent Month Benefits

A. Eligible households that apply after the fifteenth of the month under the expedited processing standards shall be certified the initial month with prorated benefits and for the subsequent month with full benefits.

AUTHORITY NOTE: Promulgated in accordance with F.R. 46:44712 et seq., and 7 CFR 273.2.

§1911. Households Eligible for Expedited Service

A. Expedited service is defined as the providing of Supplemental Nutrition Assistance Program (SNAP) benefits no later than seven calendar days from the application date.

B. Households entitled to receive benefits under the SNAP Program's expedited service procedure are defined as follows:

1. those households whose combined gross income and liquid resources are less than the household's monthly rent or mortgage and utilities;
2. households whose countable gross monthly income is less than $150 and whose countable liquid resources are $100 or less;
3. migrant or seasonal households who are destitute and whose countable liquid resources are $100 or less.

C. Verification shall be required of income and liquid resources to the extent practical within the expedited service time frame.

§1913. Determination of Eligibility of Migrant or Seasonal Farmworkers

A. Two provisions of the Drought Relief Act changed SNAP's procedures pertaining to the determination of eligibility and benefit levels for migrant or seasonal farmworkers. This is effective for applications received as of September 1, 1988 or allotments issued for the month of September, 1988.

1. Proration of Initial Month's Benefits. The first provision affects the proration of benefits after a break in participation in SNAP. This provision requires that migrant and seasonal farmworkers receive the full allotment for a month of application when the household has participated in the program within 30 days prior to the date of application. Thus, unless the household's break in participation exceeds 30 days, the migrant or seasonal farm worker household is eligible for a full month's allotment, rather than a prorated allotment, in the month of application.

2. Income Exclusion for Emergency PA or GA Assistance Payments. The second provision provides an income exclusion for any emergency PA or GA assistance payment which is provided to a third party on behalf of the migrant or seasonal farmworker household (i.e., vendor payments) while the household is in the job stream. This assistance may include, but is not limited to emergency vendor payments for housing or transportation.

§1915. Homeless SNAP Household

A. The definition of "homeless SNAP household" is being replaced by the definition of a "homeless individual."

B. Homeless Individual—individual who lacks a fixed and regular nighttime residence or an individual whose primary nighttime residence is:

1. a supervised shelter designed to provide temporary accommodations (such as a welfare hotel or congregate shelter);
2. a halfway house or similar institution that provides temporary residence for individuals intended to be institutionalized;
3. a temporary accommodation for not more than 90 days in the residence of another individual; or

4. a place not designed for, or ordinarily used, as a regular sleeping accommodation for human beings (a hallway, a bus station, a lobby or similar places).

§1917. Homeless Meal Provider

A. A homeless meal provider is a public or private nonprofit establishment, (e.g., soup kitchen, temporary shelter) approved by the department, that feeds homeless SNAP households. To be eligible to accept SNAP benefits, a meal provider must also be authorized by Food and Nutrition Services (FNS) after the department approves it.

B. The provider must serve meals that include food purchased by the establishment. A meal provider serving only meals which consist wholly of donated foods is not eligible for authorization.

C. Only those SNAP households determined to be homeless shall be permitted to use SNAP benefits to purchase prepared meals served by authorized homeless meal providers. To ensure that the use of SNAP benefits for prepared meals is restricted to homeless persons, homeless meal providers shall establish that person's right to use SNAP benefits to purchase meals.

D. Applicant meal providers must apply for approval at the departmental office in their parish. An approval review at the provider's establishment will be conducted by the regional agency representative. After approval has been granted by the department, the provider must then make application to an FNS field office to receive authorization to accept SNAP benefits.

E. Homeless meal providers may accept SNAP benefits as authorized retail redemption points after authorization from the department and FNS. The provider will receive settlement from the Federal Treasury as an electronic deposit directly to the provider's account at a financial institution. Homeless meal providers that redeem SNAP benefits in excess of $100 per month will be provided equipment that will allow acceptance, redemption and settlement of program funds electronically. Others may participate by using manual vouchers.

F. The use of SNAP benefits to purchase meals from homeless meal providers is voluntary on the part of SNAP recipients. SNAP recipients must continue to be given the option of using cash if payment for a meal is required. In addition, if others have the option of eating free or making a monetary donation, homeless SNAP recipients must be given the same option (eat free, or donate money or SNAP benefits). The amount requested from homeless SNAP recipients using SNAP benefits to purchase meals may not exceed the average cost to the homeless meal provider of the food contained in a meal served to the patrons of the meal provider. If a homeless recipient voluntarily pays more than the average cost of food contained in a meal served, such payment may be accepted by the meal provider.

G. Homeless meal providers will not be permitted to serve as "authorized representative" for homeless SNAP households.

§1919. Certification of Information

A. Effective August 1, 1986, one adult member in all applicant households must certify in writing under penalty of perjury, the truth of the information contained in the application for the household's allotment.

§1921. SSI and Supplemental Nutrition Assistance Program (SNAP) Application by Residents of Public Institutions

A. Effective May 1, 1989 residents of public institutions who apply for SSI prior to their release from an institution under the Social Security Administration's Prerelease Program for the Institutionalized (42 U.S.C. 1383) shall be permitted to apply for SNAP benefits at the same time they apply for SSI.

B. When a resident of an institution is jointly applying for SSI and SNAP prior to leaving the institution, the filing date of the application to be recorded by the department on the application is the date of release of the applicant from the institution.

C. The department shall make an eligibility determination and issue SNAP benefits to a resident of a public institution who applies jointly for SSI and SNAP within 30 days (or five days if expedited processing is appropriate) following the date of the applicant's release from the institution. Expedited processing time standards for an applicant who has applied for SNAP and SSI prior to release shall also begin on the date of the applicant's release from the institution. SSA shall notify the department of the date of release of the applicant from the institution.

D. If, for any reason, the department is not notified on a timely basis of the applicant's release date, the department shall restore benefits to such applicant back to the date of release.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Eligibility Determinations, LR 15:497 (June 1989), amended by the Department of Children and Family Services, Economic Stability and Self-Sufficiency Section, LR 36:2526 (November 2010).

§1923. Verification

A. Effective April 1, 1987, in addition to federally required verification, the department may mandate verification of any other factor which affects household eligibility or allotment level, including household size.

§1927. Disclosure of Information

A. Effective February 1, 1985, use or disclosure of information obtained from SNAP applicant households, exclusively for SNAP, shall be restricted to the following persons:

1. persons directly connected with the administration or enforcement of the provisions of the Food and Nutrition Act or regulations, other federal assistance programs, or federally assisted state programs which provide assistance, on a means-tested basis, to low income individuals;

2. employees of the Comptroller General's Office of the United States for audit examination authorized by any other provision of law; and

3. local, state or federal law enforcement officials, upon their written request, for the purpose of investigating an alleged violation of the Food and Nutrition Act or regulations. The written request shall include the identity of the individual requesting the information, and his authority to do so, the violation being investigated and the identity of the person on whom the information is requested.

B. If there is a written request by a responsible member of the household, its currently authorized representative, or a person acting on its behalf to review material and information contained in its casefile, the material and information contained in the casefile shall be made available for inspection during normal business hours. However, the state agency may withhold confidential information, such as the names of individuals who have disclosed information about the household without the household's knowledge, or the nature or status of pending criminal prosecutions.

§1928. Verification of Eligibility

A. The Office of Family Support shall require verification of residency requirements, the identity of the person making application and continuing shelter charges.

B. The Office of Family Support may, with prior food and nutrition service approval, require additional verification of other eligibility factors as indicated by quality control reviews, audits, or other special reviews.

C. The agency will require verification of necessary information within 10 days. Failure to provide such verification may result in rejection of the application unless the household has requested additional time in which to obtain the verification or assistance in obtaining the verification. If the case is closed due to failure to submit required verification and the verification is subsequently provided within the initial 30-day period, the application will be reactivated retroactively to the date of application. If the verification is provided in the second 30-day period, the application will be reactivated and benefits will be prorated from the date the missing verification is provided.

d. refused without good cause, at the time of recertification, to register for employment;

e. refused without good cause to accept an offer of employment.

2. Benefits shall not be delayed beyond the normal processing times pending the outcome of this determination. This provision applies only if the employment involved 30 hours or more per week or provided weekly earnings equivalent to the federal minimum wage multiplied by 30 hours; the violation occurred within 60 days prior to the date of application or anytime thereafter, and was without good cause. Terminating a self-employment enterprise or resigning from a job at the demand of the employer will not be considered a violation for purpose of this Section. An employee of the federal government, or of a state or local government who participates in a strike against such government, and is dismissed from his or her job because of participation in the strike, shall be considered to have violated the work requirements without good cause.

3. If an application for participation is filed in the last month of the disqualification period, the eligibility worker shall use the same application for the denial of benefits in the remaining month of disqualification and certification for any subsequent month(s) if all other eligibility criteria are met.

4. Upon a determination that a violation of the work requirements occurred, the DCFS shall determine if the violation was with good cause. If it is determined that good cause does not exist, the sanction will be imposed. The DCFS shall provide the household with a notice of ineligibility. The notice shall inform the household of the proposed period of disqualification; its right to reapply at the end of the disqualification; and of its right to a fair hearing.

2. An individual who regained eligibility and who is no longer fulfilling the work requirement is eligible for three consecutive countable months one time during the 36-month fixed-clock period, starting on the date the individual first notifies the agency that he or she is no longer fulfilling the work requirement, unless the individual has been satisfying the work requirement by participating in a work, training, or workfare program, in which case the period starts on the date the agency notifies the individual that he or she is no longer meeting the work requirement.

§1941. Work Requirements of the SNAP Household

A. Persons losing exemption status due to any change in circumstances that are subject to the reporting requirements shall register for employment when the change is reported.

Subchapter H. Resource Eligibility Standards

§1945. Resource Test

A. Effective June 1, 1983, households in which all members receive Family Independence Temporary Assistance (FITAP) and whose income meets the gross
income eligibility standards will be considered to have satisfied SNAP’s resource test. However, the households must continue to meet all other SNAP eligibility standards, including the net income standards.

§1947. Resources

A. The following resources shall be countable resources:

1. cash on hand;
2. money in checking or savings accounts;
3. certificates of deposit;
4. stocks;
5. bonds.

§1949. Exclusions from Resources

A. All resources other than those listed in Section 1947 of this Title shall be excluded from countable resources.

B. All of the resources of individuals who are included in a household that is categorically eligible are excluded.

Subchapter I. Income and Deductions

§1951. Strikers

A. For SNAP purposes, a striker is defined as anyone involved in a strike or concerted stoppage of work by employees (including a stoppage by reason of the expiration of a collective-bargaining agreement) and any concerted slowdown or other concerted interruption of operations by employees. Any employee engaged in a lockout, however, is not deemed to be a striker.

B. Strikers shall be subject to the work registration requirement unless otherwise exempt.

C. Effective March 1, 1983, households with striking members shall be ineligible to participate in SNAP unless the household was eligible for benefits the day prior to the strike and is otherwise eligible at the time of application. However, such a household shall not receive an increased allotment as the result of a decrease in the income of the striking member(s) of the household. Eligibility shall be determined by considering the day prior to the strike as if it were the day of application and assume the strike did not occur. Eligibility at time of application shall be determined by comparing the striking member's income before the strike to the striker's current income and adding the higher of the two to the current income of nonstriking members during the month of application. To determine benefits, deduction shall be calculated for the month of application as for any other household. Whether the striker's pre-striker earnings are used or his current income is used, the earnings deduction shall be allowed if appropriate.

§1953. Income Eligibility Standards

A. The income eligibility standards for SNAP shall be as follows:

1. Gross Income. (All households except those specified in Paragraph 2 below.) The income eligibility standards for the contiguous 48 states and the District of Columbia, Guam, Puerto Rico and the Virgin Islands shall be 130 percent of the Office of Management and Budget's (OMB) nonfarm income poverty guidelines for the 48 states and the District of Columbia.

2. Net Income. For households which contain a member who is 60 years of age or over, or a member who receives Supplemental Security Income (SSI) benefits under Title XVI of the Social Security Act, or disability and blindness payments under Titles I, II, X, XIV of the Social Security Act, the net income eligibility standards for SNAP shall be as follows: The income eligibility standards for the contiguous 48 states and the District of Columbia, Guam, Puerto Rico and the Virgin Islands shall be the Office of Management and Budget's (OMB) nonfarm income poverty guideline for the 48 states and the District of Columbia.

3. Effective April 1, 1983, Section 12-236 will be revised to amend the income eligibility standards. Households with no elderly or disabled members will be subject to both the gross and net income eligibility tests. To be eligible, these households must meet both the net and gross income standards.

4. The income eligibility limits, as described in this Paragraph, are revised annually to reflect OMB’s annual
adjustment to the nonfarm poverty guidelines for the 48 states and the District of Columbia, for Alaska, and for Hawaii.

§1957. Income Eligibility and Benefit Level

A. For households containing a member age 60 or over or who receives SSI under Title XVI of the Social Security Act or disability and blindness payments under Titles I, II, X, XIV, or XVI of the Social Security Act, income eligibility shall be based on net income.

B. For all other households, income eligibility shall be based on gross income.

C. All eligible one and two-person households shall receive a minimum monthly allotment of 8 percent of the thrifty food plan for one person except when proration of initial month's benefits occurs. No issuance shall be made for the initial month for allotments less than $10 due to proration. For those eligible households with three or more members, which are entitled to no benefits except for the initial month due to proration, the eligibility worker shall deny the household's participation, on the grounds that its net income exceeds the level below which benefits are issued.

D. The level of benefits for all eligible households shall be based upon net monthly income.

§1959. Thrifty Food Plan

A. Effective April 1, 1982, the Thrifty Food Plan amounts shall be adjusted to the nearest dollar increment to reflect changes in the Consumer Price Index for all Urban Consumers (CPI-U) for the cost of food, for the 15 months ending on December 31, 1981.

B. Effective July 1, 1983, the Thrifty Food plan amounts shall be adjusted to the nearest dollar amount to reflect changes in the CPI-U for the cost of food, for the 15 months ending March 31, 1983.

C. Effective October 1, 1984, the Thrifty Food Plan amounts shall be adjusted to the nearest dollar increment to reflect changes in the CPI-U for the cost of food, for the 15 months ending June 30, 1984.

D. Effective October 1, 1985, and each October 1 thereafter, the Thrifty Food Plan amounts shall be adjusted to the nearest dollar increment to reflect changes in the CPI-U for the cost of food, for the 12 months ending on the preceding June 30.

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Family Security, LR 8:10 (January 1982).

§1961. Adjustment of Standard Deduction

A. Effective October 1, 2002, the standard deduction shall be set at 8.31 percent of the poverty level based on household size of up to six persons. The standard deduction will be adjusted in accordance with directives from the United States Department of Agriculture, Food and Nutrition Service.

§1965. Standard Utility Allowance (SUA)

A. Households which incur heating or cooling costs separate and apart from their rent or mortgage use a mandatory single Standard Utility Allowance (SUA) in the determination of shelter costs and deductions. To be qualified, the household must be billed on a regular basis for heating or cooling costs. However, during the heating season a household that is billed less often than monthly, but is eligible to use the standard allowance, may continue to use the standard allowance between billing months. The SUA is available to those households receiving energy assistance payments or reimbursements but who continue to incur heating or cooling costs that exceed the payment during any month covered by the certification period.

B. Effective February 1, 2005, households living in public housing with shared meters that are only charged for excess utilities shall use the SUA if heating or cooling costs are incurred.

C. The full SUA shall be allowed to all parties who contribute to the utility costs, if these costs include heating or cooling costs, when the household shares a residence and utility costs with other individuals.

§1966. Basic Utility Allowance (BUA)

A. Households which do not incur heating or cooling costs separate and apart from their rent or mortgage use a mandatory single Basic Utility Allowance (BUA). To be eligible, a household must be billed on a regular basis for utility costs.

B. Effective February 1, 2005, households living in public housing with shared meters that are only charged for excess utilities shall use the BUA if heating or cooling costs are not incurred.

C. The full BUA shall be allowed to all parties who contribute to the utility costs, if these costs do not include heating or cooling costs, when the household shares a residence and utility costs with other individuals.

§1967. Setting the Standard Utility Allowance and the Basic Utility Allowance

A. Effective October 1, 1985, and each October 1 thereafter, the annualized standard utility allowance in the Supplemental Nutrition Assistance Program shall be adjusted to reflect changes in the cost of utilities.

B. The department will conduct an annual statewide survey of utility companies to determine the average monthly cost of utilities. This methodology is subject to approval by the United States Department of Agriculture Food and Nutrition Service. The standard allowance developed shall also be submitted to USDA FNS for approval.

AUTHORITY NOTE: Promulgated in accordance with 7 CFR 273.9(d)(6).

§1968. Homeless Shelter Deduction

A. Homeless households in which all members are homeless individuals that are not receiving free shelter throughout the month and do not claim an excess shelter deduction shall be allowed the standard homeless shelter deduction. The value of the deduction is indexed based on inflation.

AUTHORITY NOTE: Promulgated in accordance with Section 5(e)(6)(D) of the Food and Nutrition Act of 2008, 7 USC §2014(e)(6)(D).
HISTORICAL NOTE: Promulgated by the Department of Children and Family Services, Economic Stability, LR 45:1441 (October 2019).

§1969. Standard Telephone Allowance

A. Effective May 1, 2002, all SNAP households whose only utility cost is a telephone shall use a mandatory standard telephone allowance of $24. Each October 1 thereafter, the mandatory standard telephone allowance shall be adjusted to reflect changes in the cost of basic telephone services.

B. The Office of Family Security will conduct an annual statewide survey of telephone companies to determine the average subject to approval by the United States Department of Agriculture Food and Nutrition Service. The standard allowance developed shall also be submitted to USDA FNS for approval.

AUTHORITY NOTE: Promulgated in accordance with 7 CFR 273.9(d)(6).

§1971. Farm Self-Employment Income

A. Effective March 27, 1986, if the cost of producing self-employment income exceeds the income derived from self-employment as a farmer, such losses will be offset against other countable income in a household. To be considered a self-employed farmer, the farmer must receive or anticipate receiving annual gross proceeds of $1,000 or more from the farming enterprise. The same base that is used to determine income from self-employed farm operations shall be used to determine any net loss. Losses should be prorated over the year in a manner comparable to that used to prorate farm self-employment income.

§1973. Diverted Income

A. Effective April 1, 1987, assistance payable for living expenses by Public Assistance (PA) or local General Assistance (GA) Programs, or other basic assistance programs comparable to GA as determined by the secretary of USDA shall be with certain exceptions, considered income to a household if diverted to a third party on behalf of the household.

B. General Assistance (GA) is defined as cash or another form of assistance excluding in-kind assistance, financed by state or local funds as part of a program which provides assistance to cover living expenses or other basic needs intended to promote the health or well-being of recipients.

C. A PA or GA payment which is not made directly to the household, but paid to a third party on behalf of the household to pay a household expense, shall be considered an excludable vendor payment and not counted as income to the household if such PA or GA payment is for:

1. medical assistance;
2. child care assistance;
3. energy assistance; or
4. housing assistance payments made to a third party on behalf of a household residing in temporary housing, if the temporary housing unit provided for the household as a result of such assistance lacks facilities for the preparation and cooking of hot meals or the refrigerated storage of food for home consumption, provided that such vendor payments shall be excluded under this provision if paid to the housing provider during the period beginning October 20, 1987 and ending September 30, 1989.

D. Assistance financed by state or local funds which is provided over and above the normal PA or GA grant or payment, or is not normally provided as part of such grant or payment would be considered emergency or special assistance and excluded as income if provided to a third party on behalf of the household.

§1975. Earned Income Tax Credits (EITC)

A. Exclude EITC as resources for 12 months from receipt.

§1977. Cash Charitable Contributions

A. Effective immediately, cash charitable contributions based on need, which are received from private nonprofit charitable organizations, not in excess of $300 total per federal fiscal year quarter, shall be excluded as SNAP household income.

B. Affected households are entitled to the income exclusion beginning with the second federal fiscal year quarter of 1988 (January, 1988 through March, 1988) but not prior to February 1, 1988. Consequently a household which received $100 in January, 1988, another $100 in February and $250 in March from private nonprofit charitable organizations would be entitled to an income exclusion for the $100 received in February and $200 of the $250 received in March for a total income exclusion of $300 in that quarter.

C. Affected households which were denied benefits because the household’s eligibility or benefit calculation during the second federal fiscal year quarter of 1988 (but not prior to February 1, 1988) did not include this income exclusion shall be entitled to restored benefits, if otherwise eligible, at the time of recertification, whenever the household requests a review of its case, or when the department otherwise becomes aware that a review of a particular case is needed. Restored benefits shall be paid to February 1, 1988, or the date of the SNAP application, whichever is later.

§1978. Income Decreased for Failure to Comply with Another Program

A. Effective November 27, 1996, an increase in SNAP benefits is prohibited when a household’s benefit from another federal, state or local means-tested assistance program is decreased (reduced, suspended or terminated) due to failure to comply with a requirement of the program that imposed the benefit decrease.

B. The procedures for determining SNAP benefits when there is such a decrease in income are as follows.

1. When a recipient's benefits under a federal, state, or local means-tested program (such as but not limited to SSI or FITAP) is decreased due to noncompliance, SNAP identifies that portion of the decrease which is a penalty.

2. The department calculates the SNAP benefits using the benefit amount which would be issued by that program if a penalty had not decreased the recipient's benefit.

§1979. Income

A. Earnings to individuals who are participating in on-the-job training programs under the Workforce Investment Act (formerly the Job Training Partnership Act) shall be counted as income. This provision does not apply to household members under 19 years of age who are under the parental control of another adult member.

§1980. Income Exclusions

A. In addition to those income exclusions previously adopted and codified in Chapter 19, Certification of Eligible Households, the following income types will be excluded from countable income for the Supplemental Nutrition Assistance Program (SNAP):
1. payments or allowances to provide energy assistance under any federal law, including the Department of Housing and Urban Development and the Farmers Home Administration, except that provided under title IV-A;

Subchapter J. Determining Household Eligibility and Benefit Levels

§1985. Determining Eligibility

A. Effective March 1, 1983, the Supplemental Nutrition Assistance Program's State Manual has been revised to reflect these mandated changes.

1. Verification shall be required, prior to certification or recertification of the household, of all factors of eligibility which are determined questionable and affect the household's eligibility and benefit level. The definition of questionable information is amended to include any information deemed by the eligibility worker to be inconsistent as established by the agency. Questionable information could be information that is inconsistent with other information on the application, or inconsistent with other information received by the agency. It could also be any information that seems inconsistent with the household's situation and raises reasonable doubt about certain factors of eligibility. The eligibility worker may not use these procedures to require additional verification based on race, religion, ethnic background, or national origin. The eligibility worker shall not target groups such as migrants and American Indians for additional verification.

2. Any member whose citizenship is questionable shall be declared ineligible to participate until proof of U.S. citizenship is obtained. Until proof of U.S. citizenship is obtained, the member whose citizenship is in question will have his or her income, less a pro rata share, and all of his or her resources considered available to any remaining household members.

3. Collateral contacts will be selected if the household fails to designate one or designates one which is unacceptable to the agency. If the agency designates a collateral contact, the agency shall not initiate contact with the designated collateral without providing prior written or oral notice to the household at the time of this notice, the agency shall inform the household that it has the following options: (1) consent to the contact, (2) provide acceptable verification in another form, or (3) withdraw its application. If the household refuses to choose one of these options, its application shall be denied in accordance with the normal procedures for failure to verify information.

4. Households participating or applying for participation in SNAP shall provide the agency with the Social Security Number (SSN) of each household member, or apply for one through the agency before certification as a condition of eligibility. The member that has applied for an SSN shall be allowed to participate for 30 days from the first day of the first full month of participation while awaiting receipt of the SSN. If the household member(s) can show good cause why an SSN has not been obtained in a timely manner, they shall be allowed to participate for an additional 30 days. In determining if good cause exists for failure to comply with this requirement, the department shall consider information from the household member, the Social Security Administration, and its own information. §1987. Categorical Eligibility for Certain Recipients

A. Households Considered Categorically Eligible

1. Households in which all members are recipients of benefits from the FITAP, STEP, KCSP, and/or SSI, shall be considered categorically eligible for SNAP.

2. Recipient includes an individual determined eligible for TANF or SSI benefits, but the benefits have not yet been paid.

3. Recipient shall also include a person determined eligible to receive zero benefits, i.e., a person whose benefits are being recouped or a TANF recipient whose benefits are less than $10 and therefore does not receive any cash benefits.

4. A household shall not be considered categorically eligible if:
   a. any member of that household is disqualified for an intentional program violation;
   b. any member of that household is disqualified for being a fleeing felon or a probation or parole violator or for being convicted as an adult of certain crimes after February 7, 2014, and not in compliance with the terms of their sentence. These crimes include:
      i. aggravated sexual abuse under section 2241 of Title 18, United States Code;
      ii. murder under section 1111 of Title 18, United States Code;
      iii. an offense under chapter 110 of Title 18, United States Code;
      iv. a federal or state offense involving sexual assault, as defined in section 40002(a) of the Violence Against Women Act of 1994 (42 U.S.C. 13925(a)); or
   c. an offense under state law determined by the attorney general to be substantially similar to an offense described in Clause A.4.b.i, ii, or iii of this Section.
   d. the household was disqualified due to receipt of substantial lottery or gambling winnings equal to or greater than the elderly or disabled resource limit. If the household reapplies after losing eligibility due to these winnings, the household would not be considered categorically eligible and must meet the income and resource limit. The case would be processed under regular SNAP rules. This requirement only applies to the first time a household is certified following the loss of eligibility due to substantial lottery or gambling winnings.

5. The following persons shall not be considered a member of a household when determining categorical eligibility:
   a. an ineligible alien;
   b. an ineligible student;
   c. an institutionalized person;
   d. an individual who is disqualified for failure to comply with the work registration requirements;
   e. an individual who is disqualified for failure to provide or apply for a Social Security number;
   f. an individual who is on strike.

6. Households which are categorically eligible are considered to have met the following SNAP eligibility factors without additional verification:
   a. resources;
   b. Social Security numbers;
   c. sponsored alien information;
   d. residency.

7. These households also do not have to meet the gross and net income limits. If questionable, the factors used to determine categorical eligibility shall be verified.

8. Categorically eligible households must meet all SNAP eligibility factors except as outlined above.

9. Changes reported by categorically-eligible SNAP households shall be handled according to established procedures except in the areas of resources or other categorical eligibility factors.

10. Benefits for categorically-eligible households shall be based on net income as for any other household. One- and two-person households will receive a minimum benefit as required by 7 CFR 273.10(e)(2)(ii)(C). Households of three or more shall be denied if net income exceeds the level at which benefits are issued.

B. Application Processing

1. Households in which all members are applying for public assistance shall continue to be processed according to joint processing procedures. Until a determination is made on the public assistance application, the household's SNAP eligibility and benefit level shall be based on SNAP eligibility criteria. However, the local office shall postpone denying a potentially categorically-eligible household until the thirtieth day in case the household is determined eligible to receive public assistance benefits.

2. The household shall be informed on the notice of denial that it is required to notify the local office if its FITAP or SSI benefits are approved.

3. If the household is later determined eligible to receive public assistance benefits after the thirtieth day and is otherwise categorically eligible, benefits shall be provided using the original application along with other pertinent information occurring subsequent to the application.

4. The local office shall not reinterview the household but shall use any available information to update the application and/or make mail or phone contact with the household or authorized representative to determine any...
changes in circumstances. Any changes shall be initialed and the updated application re-signed by the authorized representative or authorized household member.

5. If eligibility for public assistance is determined within the 30-day SNAP processing time, benefits shall be provided back to the date of application. If eligibility for public assistance is determined after the SNAP application is denied, benefits for the initial month shall be prorated from the effective date of the public assistance certification or the date of the SNAP application, whichever is later.

C. Certified households which become categorically eligible due to receipt of SSI benefits shall be eligible for the medical and uncapped shelter deductions from the beginning of the period for which the SSI benefits are authorized or the date of the SNAP application, whichever is later. These additional benefits shall be provided through restoration.

D. For SNAP purposes, refugee cash assistance (RCA) benefits are not considered public assistance and, therefore, an RCA household is not categorically eligible.

E. Households who receive a non-cash TANF/ MOE funded benefit or service may be considered broad-based categorically eligible for Supplemental Nutritional Assistance Program (SNAP).

1. A household shall not be considered broad-based categorically eligible if:

   a. any member of that household is disqualified for an intentional program violation; or

   b. any member of that household is disqualified for being a fleeing felon or a probation or parole violator or for being convicted as an adult of certain crimes after February 7, 2014, and not in compliance with the terms of their sentence. These crimes include:

      i. aggravated sexual abuse under section 2241 of Title 18, United States Code;

      ii. murder under section 1111 of Title 18, United States Code;

      iii. an offense under chapter 110 of Title 18, United States Code;

      iv. a federal or state offense involving sexual assault, as defined in section 40002(a) of the Violence Against Women Act of 1994 (42 U.S.C. 13925(a)); or

      v. an offense under state law determined by the attorney general to be substantially similar to an offense described in Clause A.4.b.i, ii, or iii of this Section.

2. The following persons shall not be considered a member of a household when determining broad-based categorical eligibility:

   a. an ineligible alien;

   b. an ineligible student;

   c. an institutionalized person;

   d. an individual who is disqualified for failure to comply with the work registration requirements;

   e. an individual who is disqualified for failure to provide or apply for a social security number;

   f. an individual who is on strike.

3. Households which are broad-based categorically eligible are considered to have met the resource eligibility factor without additional verification.

4. Broad-based categorically eligible households must meet all Supplemental Nutritional Assistance Program eligibility factors except as outlined above.

5. Benefits for broad-based categorically eligible households shall be based on net income as for any other household.

§1988. Eligibility Disqualification of Certain Recipients

A. Fleeing felons and probation/parole violators are ineligible for benefits.

B. An individual convicted as an adult of certain crimes after February 7, 2014, and not in compliance with the terms of their sentence is ineligible for benefits. These crimes include:

1. aggravated sexual abuse under section 2241 of Title 18, United States Code;

2. murder under section 1111 of Title 18, United States Code;

3. an offense under chapter 110 of Title 18, United States Code;

4. a federal or state offense involving sexual assault, as defined in section 40002(a) of the Violence Against Women Act of 1994 (42 U.S.C. 13925(a)); or

5. an offense under state law determined by the attorney general to be substantially similar to an offense described in Clause A.4.b.i, ii, or iii of this Section.

C. The household is disqualified due to receipt of substantial lottery or gambling winnings equal to or greater than the elderly or disabled resource limit.
A. Effective 10/1/96 by ER Initial month means either the first month for which an allotment is issued to a household, or the first month for which an allotment is issued to a household following any period during which the household was not certified for participation in SNAP.

B. A household's benefit level for the initial month of certification will be based on the day of the month it applies for benefits. Using a 30-day calendar or fiscal month, households shall receive benefits prorated from the day of application to the end of the month. A household applying on the thirty-first of a month will be treated as though they applied on the thirtieth of the month.

C. Households who have applied for initial month's benefits after the fifteenth of the month, completed the application, provided all required verification, and have been determined eligible to receive benefits for the initial month of application and the next subsequent month shall receive their prorated allotment for the initial month of application and their first full month's allotment at the same time. In determining initial month benefits, the result of the proration will be rounded down to the nearest lower dollar increment. If the calculation results in an allotment of less than $10, then no benefits will be issued.

§1993. Replacement of Benefits

A. Replacement issuances shall be provided only if a household timely reports a loss (food purchased with SNAP benefits has been destroyed in a household misfortune) and executes the proper affidavit. Replacement issuances shall be provided in the amount of the loss to the household, up to a maximum of one month's allotment, unless the issuance includes restored benefits which shall be replaced up to their full value.

B. If the signed statement or affidavit is not received by the agency within 10 days of the date of report, no replacement shall be made. If the tenth day falls on a weekend or holiday, and the statement is received the day after the weekend or holiday, the agency shall consider the statement timely received. Replacement issuances shall be provided to households within 10 days after report of loss or within two working days of receiving the signed affidavit, whichever date is later.

§1995. Sponsored Aliens

A. The full amount of income and resources of an alien's sponsor and the sponsor's spouse are counted in determining the eligibility and allotment level of a sponsored alien until the alien becomes a citizen or has worked 40 qualifying quarters of Social Security coverage. These provisions do not apply to battered aliens, their children, the alien parent of a battered child, or effective October 1, 2003, any alien under 18 years of age, or an indigent alien that the state agency has determined is unable to obtain food and shelter, taking into account the alien's own income plus, any cash, food, housing, or other assistance provided by other individuals, including the sponsor(s).

§1997. Drug and Alcohol Treatment Centers

A. Residents of publicly operated community mental health centers which provide the same type of residential programs for alcoholic or drug rehabilitation as private, nonprofit institutions will be considered individual households and, if eligible, may participate in SNAP.

B. Drug addicts or alcoholics and their children who are residents in an approved public or private, drug or alcohol treatment center program may participate in SNAP.

B. Simplified reporting households are required to report only:

1. changes in the household’s gross monthly income which result in the household’s income exceeding 130 percent of the monthly poverty income guideline for the household size;

2. changes in work or training hours of able-bodied adults without dependents (ABAWDs) who are subject to the time limit set forth in Section 1940 if the change results in the ABAWD working or participating in training an average of less than 20 hours per week; and

3. all SNAP households, including LaCAP and categorically eligible households, are required to report when a member of the household receives substantial lottery or gambling winnings equal to or exceeding the resource limit for elderly or disabled households won in a single game before taxes or other amounts are withheld. The winnings must be reported by the 10th of the month following the month the lottery or gambling winnings were won.

AUTHORITY NOTE: Promulgated in accordance with 7 CFR 273.12(a), P.L. 107-171.

**Subchapter M. Notice of Adverse Action**

§1999. Reduction or Termination of Benefits

A. A notice of adverse action shall be sent at least 13 days prior to taking action to reduce or terminate benefits. In some circumstances advance notice is not required. A concurrent notice shall be sent to the household at the time of action in the following situations:

1. the agency disqualifies a household member because of an intentional program violation and the benefits of the remaining household members are reduced or ended because of the disqualification;

2. benefits are reduced or terminated at the end of the certification period when the client timely reapplies;

3. the client has been certified in another state and that fact has been established;

4. the client signs a statement requesting closure or reduction in benefits and waives the right to advance notice;

5. benefits are reduced or terminated effective the month following the simplified report month;

6. the agency receives a written report signed by the head of the household or other responsible household member which provides sufficient information for the agency to determine the household’s benefit amount or ineligibility;

7. mass changes;

8. based on reliable information, the agency determines that the household has moved or will be moving out of the state prior to the next monthly issuance;

9. the household applied for cash assistance and SNAP at the same time and has been getting SNAP benefits while waiting for approval of the cash assistance grant;

10. the client was a certified resident in a drug or alcohol treatment center or a group living arrangement which loses its state certification or FNS disqualifies it as a retailer;

11. a household certified under expedited processing rules provides postponed verification which reduces or terminates benefits.

B. A concurrent notice shall not be sent to the household at the time of action in the following situations:

1. all members of the household have died;

2. the household's allotment changes from month to month during the certification period because of changes expected at the time of certification;

3. the agency recoups benefits from a client who previously received a repayment demand letter; and

4. the Fraud and Recovery Section converts a cash payment to allotment reduction because the household failed to make agreed payments on a claim.

**Subchapter N. Recertification**

A. Supplemental security income households which have received a SNAP notice of expiration shall be entitled to make a timely application for SNAP recertification at the SSA office.
1. Mandatory disqualification periods of one year for the first offense, two years for the second offense, and permanently for the third offense will be imposed against any individual found to have committed an intentional program violation, regardless of whether the determination was arrived at administratively or through a court of law.

2. Individuals will be disqualified for two years for a first finding by a court that the individual used or received SNAP benefits in a transaction involving the sale of a controlled substance, and permanently for a second such finding. Permanent disqualification will also result for the first finding by a court that an individual used or received SNAP benefits in a transaction involving the sale of firearms, ammunition or explosives with SNAP benefits.

3. An individual convicted of trafficking SNAP benefits of $500 or more shall be permanently disqualified.

4. An individual shall be ineligible to participate for 10 years if found to have made a fraudulent statement or representation with respect to identity or residence in order to receive multiple benefits simultaneously.

C. A loss of benefits penalty shall be imposed on those SNAP recipients who fail to report earned income in a timely manner. When determining the amount of benefits the household should have received, the department shall not apply the 20 percent earned income deduction to the income of the household which did not timely report. By doing this, the household that benefited from the failure to timely report is penalized since the amount it has to repay in overissuance will be increased. This provision shall be applied to allotments issued for October 1996 and all allotments issued for subsequent months.

§2009. Collection Methods

A. The agency is required to collect any over-issuance as well as claims for trafficking. Collection of over-issued benefits may be accomplished using various methods including, but not limited to, the following methods:

1. reducing future allotments unless a repayment schedule has been established. The amount by which the agency can reduce the household’s monthly allotment in the collection of over-issuances which are the result of intentional program violation is limited to 20 percent of the household’s entitlement or $20 per month, whichever is greater, and 10 percent of the allotment or $10, whichever is greater, for all other over-issuances;

2. return of benefits;

3. cash repayment;
4. referral of delinquent food stamp claims to the Department of the Treasury for collection through the Treasury Offset Program. The Treasury Offset Program is the withholding of federal income tax returns, federal salaries or other funds payable by the federal government which may include, but not be limited to, federal retirement payments, military retirement, contractor/vendor payments, railroad retirement and Social Security payments. The Financial Management Service of the Treasury Department will charge an administrative fee for all collection services, and this fee will be added to the claim and deducted with any federal offset; or
5. withholding of unemployment compensation benefits.

B. The agency will not compromise claims, that is, forgive all or a portion of a debt. Claims may be terminated or written-off in accordance with federal policy.

If the collection amount exceeds the amount of unreimbursed grant, the excess will be refunded to the AR up to the current arrearage amount.

2. In cases in which the AR previously received AFDC or FITAP, and there are amounts owed to the state, collections received through any means other than IRS intercepts will be distributed as follows:
   a. the AR shall receive an amount equal to the court-ordered monthly obligation and any arrears owed to the AR that accrued in a non-assistance period;
   b. amounts owed to the state;

§5103. Conditions of Eligibility

A. Family Independence Temporary Assistance Program (FITAP) recipients who are satisfactorily participating in the Strategies to Empower People (STEP) Program, as determined by the case worker, are categorically eligible. The program will pay 100 percent of the FITAP/STEP participant's child care costs, up to the maximum amounts listed in §5109.B. The following eligibility criteria must be met.

1. The household must include a child in current need of child care services who is under the age of 13, or age 13-17 and physically or mentally incapable of caring for himself or herself, as verified by a physician or certified psychologist, or by receipt of Supplemental Security Income (SSI), or who is under court supervision.

4. Effective September 1, 2002, unless disabled as established by receipt of Social Security Administration disability benefits, supplemental security income, Veterans' Administration disability benefits for a disability of at least 70 percent, or unless disabled and unable to care for his/her child(ren) as verified by a doctor's statement or by worker determination, the TEMP must be:

   e. Exception: The employment and training activity requirements may be waived for a period of 180 days from the effective date of certification for homeless parents or persons acting as parents who demonstrate that they are seeking employment or participating in a transitional living program as defined in Section 5102. There is a six-month lifetime maximum for this exception.

5. Household income does not exceed 55 percent of the state median income for a household of the same size. Income is defined as:

   a. the gross earnings of the head of household, that person's legal spouse, or non-legal spouse and any minor unmarried parent who is not legally emancipated and whose children are in need of child care assistance, with the exception of income from:

      i. Corporation for National and Community Service (CNCS);

c. a child care provider reports that the client owes co-payments or is not making necessary co-payments.

C. The family requesting child care services must provide the information and verification necessary for determining eligibility and benefit amount, and meet appropriate eligibility requirements established by the state. However, the verification of a child's age and/or immunizations may be waived for a period of 90 days from the effective date of certification for a household in which all of the members meet the homeless definition described in Section 5102, as long as all other eligibility factors described in Section 5103, Subsection B, Paragraphs 1-3 and 5-7 are met.

D. Cases eligible for payment may be assigned a certification period of up to twelve months. However, cases based on §5103.B.4.e that have waived the 30 hours per week employment and training requirement for a homeless family shall be assigned a certification period of six months.

E. Effective October 1, 2004, all children receiving services must be age-appropriately immunized according to the schedule of immunizations as promulgated by the Louisiana Office of Public Health, or be in the process of receiving all age-appropriate immunizations. No person is required to comply with this provision if that person or his/her parent or guardian submits a written statement from a physician stating that the immunization procedure is contraindicated for medical reasons, or if the person or his/her parent or guardian objects to the procedure on religious grounds. However, the verification of a child's age and/or immunizations may be waived for a period of 90 days from the effective date of certification for a household in which all of the members meet the homeless definition described in Section 5102, as long as all other eligibility factors described in Section 5103, Subsection B, Paragraphs 1-3 and 5-7 are met.

F. CCAP households must participate in the system designated by the agency for capturing time and attendance. This process may include finger imaging for the head of household and their household designees. The agency will determine the maximum number of household designees allowed on a CCAP case. Finger imaging is a requirement to participate in CCAP if the provider chosen by the client utilizes this as the mechanism for capturing time and attendance. Exceptions may be granted by the Executive Director of Economic Stability or his or her designee on a case-by-case basis.

G. If a client chooses care in an in-home provider setting, the client must possess a working landline telephone.

§5104. Reporting Requirements Effective February 1, 2004

A. A low income child care household that is not included in a Supplemental Nutrition Assistance Program Simplified Reporting household shall report any change that affects eligibility or the amount of monthly benefits. Changes in income must be reported if the household’s gross monthly income changes by more than $100 in earned income or $50 in unearned income. Changes shall be reported within 10 days of the knowledge of the change.

B. A low income child care household that is included in a SNAP simplified reporting household is subject to the simplified reporting requirements in accordance with LAC 67:III.2013. In addition, these households must report the following changes within 10 days of the knowledge of the change:

1. a change in child care provider;

2. an interruption of at least three weeks or termination of any TEMP’s employment or training, or

3. a child receiving CCAP services leaves the home.

§5105. Funding Availability

A. Louisiana's share of the national total of available funds for child care programs is based on factors determined by federal law and regulation. Funds are appropriated by Congress and allocated on an annual basis so that a limited amount of federal funding is available each year through the Child Care and Development Fund (CCDF). Therefore, a determination will be made of the number of children, or "slots," that the CCDF can pay for based on available funding.

1. The children of STEP participants shall be categorically eligible for child care benefits. The children of STEP participants whose FITAP eligibility is terminated due to earned income will be given priority status with slots available for them as long as other eligibility factors are met and funding is available.

2. Children with special needs will be given priority status should it be necessary for a waiting list to be implemented. Children with special needs will be given priority status with slots available for them as long as other eligibility factors are met.

3. After all available slots are filled; a waiting list of cases or eligible children will be established and maintained for each parish in chronological order by date of application. As slots become available, cases will be removed from the waiting list and considered for current eligibility.

   a. To facilitate maintaining an active waiting list in each parish, open enrollment will be scheduled for a limited time in the months of October, January, April, and July. During open enrollment periods, children determined eligible will be added to the waiting list. At the agency's discretion additional enrollment periods may be designated.

B. The secretary of the Department of Children and Family Services (DCFS) has the authority to implement an application freeze based on the lack of available child care funds to operate the Child Care Assistance Program.

§5106. Ineligible Payments

A. All ineligible benefits are subject to action to recover such benefits with the exception of inadvertent household error claims and administrative error claims of $125 or less for non-participating households.

B. Action will be taken to recover all claims for participating households, all claims which are determined to be the result of intentional program violation (IPV), and all claims resulting from errors which are discovered in a quality control review.

C. When a participant is suspected of IPV, appropriate referral and forms shall be submitted to the Fraud and Recovery Section. The Fraud and Recovery Section may then:

   1. refer the case for prosecution; or
   2. refer the case to the Appeals Bureau for a disqualification hearing if the participant does not sign the waiver of right to an administrative hearing and the facts of the case do not warrant civil or criminal prosecution through the appropriate court systems; or the case was previously referred for prosecution and was declined by the appropriate legal authority; or the case was previously referred for prosecution and no action was taken within a reasonable period of time and the referral was formally withdrawn by Fraud and Recovery.

   D. If IPV is established, Fraud and Recovery will send a notice to the person to be disqualified and a copy of the notice to the local DCFS office. The local DCFS office will take action to disqualify for the appropriate situations:

      1. 12 months for the first violation;
      2. 24 months for the second violation; and
      3. permanently for the third violation.

3. The number of days or hours authorized for payment is based on the lesser of the following:

   a. the time the child is actually in care each week; or

   b. the number of hours the head of household, the head of household’s spouse or non-legal spouse, or the minor unmarried parent is working and/or attending a job training or educational program each week, plus one hour per day for travel to and from such activity; or

   c. effective July 1, 2004, the time the care is actually needed and available.

C. Payment is made to the eligible child care provider after services are rendered.

D. Payment may be made to more than one provider for the same child if the combined payment does not exceed the maximum allowable per child.

E. Payment will not be made for absences of more than two days by a child in any calendar month or for an extended closure by a provider of more than two consecutive days in any calendar month. A day of closure, on a normal operating day for the provider, is counted as an absent day for the child(ren) in the provider’s care. If a child authorized for full-time care attends child care less than four hours in one day, this will be counted as a half day absent and half the daily rate will be paid to the provider. No absences will be authorized for part-time care. Exception: in cases of a federal/state/locally declared emergency situation, or other special circumstances, the department may at the discretion of...
of the deputy secretary of programs waive this absence policy.

F. Electronic disbursement of child care payments shall be mandatory for all types of CCAP providers. Electronic disbursement of child care payments includes direct deposit to the CCAP provider’s bank account (checking or savings) or payments to a stored value card account for the CCAP provider. It is mandatory for Class A, Class M, and school child care providers to utilize direct deposit to receive their CCAP payments. The fees associated with the use of a stored value card are subject to the conditions of that financial institution.

§5113. Disqualification Periods for CCAP Providers

A. A child care provider shall be disqualified from receiving CCAP payments if the department determines that certain acts or violations have been committed by that provider. CCAP disqualifications shall apply as follows.

1. A criminal background check (CBC) shows that a provider has been convicted of or pled no contest to any defense in another jurisdiction whose elements would constitute an enumerated offense under R.S.15:587.1(C) if committed within Louisiana, shall result in permanent disqualification. If a CBC shows that a person living in or working in an FCDCH or a person working in a Class A, Class E center, or child care center licensed by the Department of Defense (Class M) shows the person has been convicted of or pled no contest to any offense enumerated in R.S. 15:587.1(C), or has been convicted or pled no contest to any offense in another jurisdiction whose elements would constitute an enumerated offense under R.S. 15:587.1(C) if committed within Louisiana, the provider shall be disqualified until that person is no longer living in or working in the FCDCH or working in the Class A, Class E, or Class M center. For purposes of this Section a conviction under La C.Cr.P. Arts 893 or 894, or equivalent provisions of another jurisdiction, shall constitute a conviction.

2. A Category 1 validated complaint of child abuse or neglect on the provider shall result in permanent disqualification. If the Category 1 validated complaint is for a person living in or working in an FCDCH or for a person working in a Class A, Class E, or Class M center, the provider shall be disqualified until that person is no longer living in or working in the FCDCH or working in the Class A, Class E, or Class M center. The following types of validated complaints of child abuse or neglect are considered to be Category 1 complaints: bone fracture, factitious disorder by proxy/Munchausen by proxy syndrome, poisoning or noxious substance ingestion, suffocation, whiplash/shaken infant syndrome, HIV/AIDS and hepatitis, prostitution, sexual intercourse (vaginal or anal), failure to thrive (non-organic), central nervous system damage/brain damage/skull fracture, internal injury, subdural hematoma, torture, wounds, oral sex, sexual exploitation/pornography, sexually transmitted disease, malnutrition/starvation, death/abuse, death/neglect, perpetrators who have an adjudication of a child in need of care, perpetrators with a voluntary or involuntary Termination of Parental Rights (TPR) judgment, sexual enticement, simulated intercourse, abandonment, burns, eye injury, minor head/facial injuries, tying or confinement, passive abuse, exploitation, sexual manipulation or fondling, emotional maltreatment, bruises/cuts/welts/scratches, dislocations or sprains, human bites, mouth/dental trauma, medical neglect, drug/alcohol abuse, dependency, and lack of supervision as described in §5113.A.4. These types of validated complaints of child abuse or neglect are defined by the department.

3. A Category 2 validated complaint of child abuse or neglect on the provider shall result in the disqualification periods described below. If the Category 2 validated complaint is for a person living in or working in an FCDCH or working in a Class A, Class E, or Class M center, the provider shall be disqualified until that person is no longer living in or working in the FCDCH or working in the Class A, Class E, or Class M center, or until the disqualification period described below ends, whichever is sooner. The following types of validated complaints of child abuse or neglect are considered to be Category 2 complaints: inadequate clothing, inadequate food, inadequate shelter, and lack of supervision as described in §5113.A.4. These types of validated complaints of child abuse or neglect are defined by the department. The disqualification periods for Category 2 validated complaints are as follows:

   a. 6 months for first validated complaint;
   b. 12 months for second validated complaint;
   c. 24 months for third and subsequent validated complaints.

4. A validated complaint of child abuse or neglect due to lack of supervision shall be deemed by the department as either a category 1 or a category 2 complaint, based on the severity of the complaint and the circumstances that existed at the time of the complaint.

5. An Intentional Program Violation (IPV) is any act by a CCAP provider that consists of intentionally making a false or misleading statement, or misrepresenting, concealing, or withholding relevant facts. A provider who has committed an IPV will be subject to the following disqualification periods:

Environment Rating Scales (ERS)—the assessment tools developed at Frank Porter Graham Child Development Institute at the University of North Carolina that measure environmental indicators of quality. They include the Infant/ Toddler Environment Rating Scale-Revised (ITERS-R) and the Early Childhood Environment Rating Scale-Revised (ECERS-R), as well as the School Age Care Environment Rating Scale (SACERS) for school age programs, and the Family Child Care Environment Rating Scale (FCCERS-R) for family child care homes. Only the ITERS-R/ECERS-R apply for purposes of the Quality Start Child Care Rating System at this time.

Group—those children who are assigned for most of the day to a specific teacher and who occupy an individual classroom or well defined space that prevents intermingling of children from different groups within a larger group or area.

Infant Toddler Environment Rating Scale—Revised (ITERS-R)—a research-based assessment tool that measures environmental indicators of quality in preschool classrooms with children 0-2.5 years of age.

Categories are established for child care staff, child care assistant teacher, child care teacher, child care assistant director and child care director. Information on LA Pathways can be found at http://pathways.louisiana.gov/ or www.dss.state.la.us.

Quality Start Child Care Rating System Points—points given in the Program, Staff Qualifications, Administration Practices, and Family and Community Involvement areas. All items within a point must be verified to receive credit. The total points earned determine the star award at star rating three, four, and five.

Service Period—the months within the calendar quarter for which a child received care.

Social Emotional Subscales of the Environment Rating Scales—a subscale of the ECERS-R and ITERS-R generated by the scores earned on the Language-Reasoning, Interaction...
and Program Structure subscales of the ECERS-R and the Listening and Talking, Interaction and Program Structure subscales of the ITERS-R. This new subscale score will be used to determine the ERS score for Program Points 1-4.

§5119. Quality Start Child Care Rating System Requirements

A. The Quality Start Child Care Rating System is designed to assess the level of quality of early care and education for programs serving birth through age five, communicate the level of quality, and support improvements of child care centers. The Quality Start Child Care Rating System consists of five star ratings that can be earned by a licensed child care center, uses licensing as the foundation, and has four star ratings above Louisiana’s licensing standards. The system components (administration practices, family and community involvement, program, and staff qualifications) have indicators that must be achieved to earn the star rating.

B. The secretary of the Department of Children and Family Services, in specific instances, may waive compliance with a requirement if it is determined that the economic or adverse impact is sufficiently great to make compliance impractical, as long as the health and well-being of the staff and/or children are not imperiled. If it is determined that the facility or individual is meeting or exceeding the intent of a requirement, the requirement may be deemed to be met. The decision to grant or deny a waiver rests with the sole discretion of the secretary.

§5121. Participation

A. A child care center will complete the application to participate in the Quality Start Child Care Rating System at one star. If awarded, this will establish the center’s initial year in the system.

B. Centers with two to five stars may submit an application for a star(s) six months after the date of award of the current rating or denial of an award. A verification visit will be conducted by the department prior to the award of two or more stars.

C. Quality ratings will be valid for two years from the date of the star rating award as long as the center continues to qualify for the star rating. A rating review, which may be a visit or verification of documentation, will be conducted on a percentage of participating centers to ensure continued compliance.

D. Centers that have achieved a star rating may have their rating reviewed and modified. If at any time, it becomes known to the department or the department receives information from the center that the child care center no longer meets standards for the center’s current star rating award.

Chapter 53. Application, Eligibility, and Furnishing Assistance

Subchapter A. Application, Determination of Eligibility, and Furnishing Assistance

§5301. Application

A. All individuals applying for Kinship Care Subsidy Program (KCSP) shall be considered applicants for assistance and shall file a written and signed application form under a penalty of perjury. The date the application form is received by the department shall be considered the date of application. If an application is received after 4:30 p.m. central time, the following workday shall be considered the date of application. If determined eligible, benefits shall be prorated from the date of application. Applicants for KCSP must apply for benefits through Family Independence Temporary Assistance Program (FITAP).

§5303. Application Time Limit

A. The time limit for disposition of the application is 30 days from the date on which the signed application is received in the local office. The applicant shall have benefits available through Electronic Benefits Transfer (EBT), or be notified that he has been found ineligible for KCSP by the 30th day, unless an unavoidable delay has occurred.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Family Support, LR 26:351 (February 2000), amended by the Department of Children and Family Services, Economic Stability Section, LR 45:1442 (October 2019).

§5305. Certification Period and Reaplication

A. Certification periods of a set duration will be assigned. In order to continue to receive benefits, the household must timely reapply and be determined eligible. In the month preceding the final month of certification, a notice of expiration will be provided to the household. The notice shall inform the household that failure to timely reapply will result in closure and include the right to a fair hearing. Also, if during the reaplication process, a change is reported which results in a determination of ineligibility or a reduction in benefits, this change will be made effective the following month.

B. The department will require an official reaplication for benefits and prorate benefits from the date of application following a period of ineligibility.

§5307. Notices of Adverse Actions

A. A notice of adverse action shall be sent at least 13 days prior to taking action to terminate benefits. In some circumstances advance notice is not required. A concurrent notice shall be sent to the client at the time of action in the following situations:

1. the agency has factual information confirming the death of the KCSP payee;
2. the client signs a statement requesting reduction or closure and waiving the right to advance notice;
3. the client's whereabouts are unknown and agency mail directed to the client has been returned by the post office indicating no known forwarding address;

7. the client has been placed in a skilled or intermediate nursing care facility or long-term hospitalization;
8. the agency disqualifies a household member because of an intentional program violation and benefits are terminated because of the disqualification;
9. the worker reduces or ends benefits at the end of a normal period of certification when the client timely reapplies;
10. the case is closed due to the amount of child support collected through child support enforcement services;

11. the agency receives a written report signed by the head of household or other responsible household member which provides sufficient information for the agency to determine the client’s ineligibility;

12. benefits are reduced or terminated effective the month following the simplified report month;

13. mass changes;

14. effective May 1, 2006, the child has been certified for supplemental security income and that fact has been established;

15. the child has been certified for foster care payments and that fact has been established.

§5309. Domestic Violence

A. The secretary shall waive, for as long as necessary, pursuant to a determination of good cause, any public assistance program requirement that will create obstacles for a victim of domestic violence to escape a domestic violence situation, including but not limited to, work, training, or educational requirements; limitations on TANF assistance to noncitizens; child support or paternity establishment cooperation requirements; residency requirements; and any other program requirements which will create obstacles for such victim to escape violence or penalize that victim for past, present, and potential for abuse.

B. Any information obtained pursuant to this Section regarding a victim of domestic violence shall be used solely for the purposes provided for in this Section or for referral to supportive services and shall not be released to any third party, including a governmental agency, unless such agency is authorized to obtain such information by another provision of law.

C. Individuals who allege domestic violence should submit any available evidence to substantiate their claim. The child's parents may not reside in the home. Legal custody or guardianship must be obtained by the caretaker relative within one year of certification of benefits. Failure to obtain such custody within 12 months of certification will result in cessation of benefits. B. Pretest

1. In order to meet this requirement, the gross countable income of the caretaker relative's KCSP income unit must be less than 150 percent of the federal poverty threshold for the family size.
2. For purposes of this pretest, the caretaker's KCSP income unit is defined to include:
   a. the child; and

C. Income after Pretest. The child is determined eligible for KCSP if the child's monthly countable income is,

No person is required to comply with this provision if that person or his/her qualified caretaker relative submits a written statement from a physician stating that the immunization procedure is contraindicated for medical reasons, or if the person or his/her qualified caretaker relative objects to the procedure on religious grounds.

into the shelter or by requiring a time limit between re-entries into the shelter. The program must not maintain a “no readmit” list, however, it is permissible to maintain a “not admit at this time” list if admittance of a survivor is not currently appropriate. This information is to be documented in the survivor’s file. Reentry is based on the current needs of a survivor and is not based on past situations.

The program must have procedures relative to serving adult male survivors of domestic violence seeking emergency shelter. Male survivors are to be provided with the same level of services as provided to female survivors. Services may be provided in an alternate setting such as a hotel.

5. Standard 17.7. A shelter must provide a back-up staffing system for use during emergencies. A supervisor or designee must be available via a cellular telephone or in some manner that allows for an immediate response. The program must have written protocols that define criteria and steps for using the back-up system.

      i. services to be provided by the program, it staff members, and volunteers;
      ii. confidentiality rights and agreements including records and accessibility;
      iii. communal living arrangements, resident’s rights, and privacy matters; and
      iv. length of stay policies and the criteria that may affect the survivor’s stay.

8. Standard 17.10. Programs that provide a physical shelter facility must ensure that staff members and volunteers are trained in the dynamics of communal living including:

   b. facilitating group dynamics; and
   c. parent and child dynamics and interactions.

9. Standard 17.11. Shelters must develop guidelines that promote communal living. The purposes of the guidelines are for protection, safety, and health. Guidelines must include the shelter’s policies on confidentiality, child abuse reporting, nonviolence, weapons, drugs, alcohol, food areas, smoking areas, medications, childcare, and safety.

community living may affect their continued stay in the shelter.

Programs that utilize hotels and motels must offer a minimum length of stay of four nights and facilitate a stay in a traditional, multifamily, or single family program for longer periods.

13. Standard 17.15. Survivors must be informed, in writing, of the minimum length of stay policy and of any criteria that may impact or shorten their stay in the facility.

14. Standard 17.16. Lengths of stay extensions are contingent on the survivor’s progress toward meeting self-identified goals. Programs must have a process for determining extensions. When a request for an extension is denied, the reasons are to be documented in the survivor’s case file and shared with the survivor in sufficient time for the survivor to make alternative arrangements. Participation in a support group may not be used as a criterion for granting length of stay extensions.

15. Standard 17.17. Any type of firearm or weapon shall be prohibited in the facility. Program staff members must include in their assessment for services appropriate questions to identify those survivors who may possess firearms or other weapons and assist them in making arrangements for them to be stored at a different location.

16. Standard 17.18. The program must have clearly defined policies for the involuntary termination of services. Shelter programs must make every effort to work with a survivor in order for the survivor to remain in the shelter, except for situations that compromise the safety of others or of the shelter such as:

   a. demerit and warning systems are not to be used; and
   b. the program must respect the survivor’s right to privacy in their person, property, communications, papers, and effects. Survivors are not to be subjected to unwarranted or unreasonable searches by shelter staff of their person, room, or property. However, circumstances may arise where some form of search may be necessary to protect the health and safety of shelter residents and staff. Survivors must be informed during intake of the circumstances under which such searches may occur.

18. Standard 17.20. Each residential survivor is to be assigned an advocate. This staff person must be available to meet with the survivor three times a week for the purpose of individual service planning and counseling. Survivors must be notified, in writing, that they will have at least one hour per day, three days a week, of available individual sessions.
   a. If the survivor’s assigned advocate is not available, the program must ensure that an alternate staff advocate is available to meet with the survivor.

19. Standard 17.21. Shelter staff members must assist survivors requesting emergency safe shelter in obtaining other temporary shelter if the primary shelter facility is at capacity. The required minimum assistance to be offered by staff members of the domestic violence shelter in this situation is the provision of information and referrals to obtain alternative safe shelter and notice of the right to call back for additional assistance. Staff members and volunteers may make contact with another shelter or service and provide this resource to the survivor.

20. Standard 17.22. When an alternative safe shelter is located, it is the responsibility of the domestic violence program to provide transportation to the alternative shelter.

A. Purpose, Need, and Eligibility

1. Under the Department of Defense Appropriations Act (H.R. 2863), $220,901,534 has been allocated to Louisiana in a supplemental appropriation to Social Service Block Grant (SSBG) funds for necessary expenses related to the consequences of hurricanes in the Gulf of Mexico in calendar year 2005. In addition to other uses permitted by Title XX of the Social Security Act, funds appropriated under this heading may be used for health services, including mental health services, and for repair, renovation and construction of facilities, including mental health facilities. The Administration for Children and Families, (ACF) approved a waiver of the provisions under Section 2005 (a) of the Social Security Act on June 2, 2006 to allow the use of SSBG Supplemental funds for the rebuilding and construction of childcare facilities in Louisiana.

2. The Office of Community Services (OCS) proposes to enter into contracts, memoranda of understanding, or other agreements with the entities listed in this Rule
including but not limited to such services as health services, including mental health services, for repair, renovation, and construction of facilities, including Class A child care facilities and mental health facilities, intensive benefits, and case management for the citizens of this state affected by the hurricanes. This Rule is effective for the SSBG allotment of federal fiscal year 2006.

3. It recognizes that the hurricanes in the Gulf of Mexico in calendar year 2005 have imposed extreme demands for social and health care services in affected states. States may use SSBG funds for a wide array of human services.

4. Because of the nature of the natural disaster, many affected individuals and families will not have in their possession customary documentation of their economic status to substantiate eligibility for SSBG supported services. Also, many individuals or families who may not have been eligible for assistance prior to the hurricanes may be, because of the devastation, eligible now. Therefore, “presumptive eligibility” determinations may be made based on applicant residence in known areas of devastation at the time of hurricane Katrina (H Katrina) or Hurricane Rita (H Rita) or post-hurricane experience of affected individuals or families. Each entity that receives the SSBG funding can have additional or different eligibility requirements.

5. The following areas to be addressed include:

   a. The health care needs of people affected by the hurricanes in the Gulf of Mexico in calendar year 2005 and who lack health insurance or other adequate access to care and to help health care create a "safety net." This would include intended uses of these funds in areas of mental health service provision and provision for substance and addictive disorder interventions and services.

   b. Expanding services to meet the needs of families in the child welfare system in the areas of foster care, adoption, prevention, intervention, and protective services in child welfare.

   c. Institutions serving these populations in order to build community health centers, rural hospitals and clinics, community mental health centers, public hospitals, and other providers with substantial percentages of uninsured patients. Funds may be made available for repairs and reconstruction needed to allow health centers and similar providers to resume or expand operations, or to help key providers meet salary and other costs associated with resuming or restoring health services.

   d. Providing social service delivery and case management services to families in order to assist with identification of housing needs, development of individualized recovery plans and referral of families to available disaster relief services, provide for case management and follow-up with families, and to provide for direct emergency assistance in human services.

   e. Restoring critical child care services will support families as they return to work in hurricane affected parishes. Child care supports are vital to reestablishing a workforce and strengthening our state's economy. Child care is a critical need to promote independence and safety of families and children. Restoring the child care infrastructure is a current need in Louisiana. Funds will be available to rebuild the child care infrastructure by repairing and/or building Class A child care centers and providing training and technical assistance necessary in attracting and retaining a child care workforce.

B. Department of Social Services

1. Child Welfare Services—Foster Care, Adoption, Prevention, Intervention and Protective Services. Services will include anger management, parenting skills, counseling, etc. Visitation expenses include travel for the foster child and foster parent/caretaker from their displaced location to the birthparent's location, lodging, and meals during the travel. This includes travel both within and outside of Louisiana. It is estimated that 2/3 of impacted children lost at least a significant portion or all of their personal belongings that have yet to be replaced. These were possessions lost or damaged during the time during and after H Katrina or H Rita. These funds will be used in this arena. These funds will be used to provide for the youth affected by H Katrina or H Rita in OCS independence programs. These are programs used to assist children aging out of foster care custody and who have greater needs for transitional assistance than is typically provided, especially in the aftermath of the upheaval and displacement brought on by the storms of 2005. These funds will be used for foster care reunification services, as additional demands for such services are felt as a result and impact on the child welfare system of services due to H Katrina and H Rita. After most disasters, there is an evidenced increase in abuse and/or neglect as well as disruptions in foster care. Such funds will be used to obtain trauma-related services to help stabilize placements and prevent disruptions by providing increased service access for family services, respite care, counseling, parenting classes, etc.

2. Child Care Services. Louisiana must rebuild the child care infrastructure in the hurricane affected parishes to assist families in returning to work while ensuring their children receive quality child care. To meet the critical need for child care in Louisiana, DSS/OFS will implement a child care support system to rebuild the child care sector. This will be done by three initiatives.

   a. Training and Technical Assistance for Child Care Providers. The objective of this program is to provide intensive training and technical assistance for current and prospective child care providers to increase the supply of child care businesses opening and reopening in the hurricane affected areas. Training and technical assistance will also be provided to current and prospective child care providers and other professionals engaged in the system. The services will be available in Calcasieu, Cameron, Orleans, Jefferson, Plaquemines, St. Bernard, St. Tammany and Washington Parishes.

   b. Furnishing Child Care Centers Program. This component will offer a program for equipping, furnishing, and supplying Class A Child Care centers whose licenses
were suspended due to hurricane-related damage and have reopened. Class A centers in the process of opening or reopening, or Class A centers being constructed. An assessment of each center will be conducted and a priority for equipping Class A child care centers will be established. Furnishings, equipment and supplies include but are not limited to curriculum, books, furniture, appliances, office equipment, developmentally and age appropriate play equipment for both indoor and outdoor space and other items appropriate to the operation of a Class A licensed day care center.

i. Eligibility will be limited to the Class A child care centers that are currently participating in the Child Care Assistance Program (CCAP) funding; those reopening, that participated in the CCAP within a year prior to August 2005; or for those new Class A child care centers that have opened since August 29, 2005, and are committing to serve CCAP eligible children within 60 days of opening for business.

ii. The program will be offered in Calcasieu, Cameron, Orleans, Jefferson, Plaquemines, St. Bernard, St. Tammany and Washington parishes.

iii. Eligible expenses dated October 1, 2005 or after will be reimbursable. Eligible reimbursable expenses are those not covered by other reimbursements, such as insurance and other state or federal funds.

iv. Class A child care centers participating in this program must agree to accept all requirements as defined by SSBG and the state, including federal and state interest.

c. Child Care Facilities Restoration Fund: This program will provide funds for repair and/or construction of Class A child care centers in hurricane devastated parishes Calcasieu, Cameron, Orleans, Jefferson, Plaquemines, St. Bernard, St. Tammany and Washington. The state must apply its appropriate administrative standards when issuing sub awards to guarantee the protection and disposition of real estate rebuilt, constructed or purchased with grant funds and the state is also required to file a Notice of Federal Interest document to officially recognize the Federal Government's continuing financial interest in the property. The minimum eligibility criteria for the Child Care Facilities will include the following:

i. previously held Class A license or agree to become a Class A licensed facility and agree to maintain a Class A license;

ii. for Class A centers that previously held a Class A license, have served children subsidized with CCAP funds within 12 months prior to August 2005 and commit to doing so moving forward, and provide assurance that SSBG funding along with any other identified funding will allow the center to reopen and serve children;

iii. for an entity wishing to open a new Class A child care center, must declare intention to serve children subsidized with CCAP funding and provide assurance that SSBG funding along with any other identified funding will allow the center to reopen and serve children;

iv. must provide evidence of current demand for services;

§1103. State Central Registry

A. Within the state repository of reports of abuse and neglect, the Department of Children and Family Services (DCFS) establishes and maintains a state central registry (SCR) that is comprised of three tier levels of certain justified/valid reports of abuse and neglect. Each justified/valid allegation shall be assigned a tier level for each perpetrator and child victim combination. At the time of the case closure, the highest tier of all justified/valid determinations shall be assigned to that perpetrator. The three SCR tiers range from tier 1 which includes the most severe abuse and neglect harm/injury to the child victim to tier 3 which includes the least severe harm/injury to the child victim. The SCR tier system determines placement on the SCR and the duration of time the individual’s name will remain on the SCR. Information on a perpetrator of child abuse or neglect shall be maintained indefinitely on the SCR for tier 1 determinations. Information on a perpetrator shall be maintained on the SCR for 18 years from the date of the justified/valid finding for tier 2 determinations. Information on a perpetrator shall be maintained on the SCR for seven years from the date of the justified/valid finding for tier 3. An individual will be removed from the SCR at the end of the SCR retention period for tiers 2 and 3. Individuals shall be notified in writing of the period of maintenance on the SCR along with the notification of a valid finding.

B.1. Individuals in investigations in families who have been determined to be justified/valid as a perpetrator of child abuse and/or neglect prior to July 1, 2018, will be maintained on the SCR for the lesser of:

a. the length of time as determined for the allegation in accordance with the SCR tier system; or
b. the retention period in effect at the time of the valid/justified determination.

2. Individuals who have been placed on the SCR as a perpetrator of abuse or neglect as the result of an investigation determined to be justified/valid prior to August 1, 2018, will have the right to an administrative appeal pursuant to LAC 67:V.1111. Information on such determinations will not be released until the individual has exhausted their right to an administrative appeal, unless otherwise allowed by law. Once the individual has exhausted their administrative appeal rights, if an SCR clearance has been received by DCFS, the clearance will be completed and information released consistent with the administrative hearing decision and as permitted for the purpose of the clearance request.

C.1. Individuals in investigations in families who have been determined to be justified/valid as a perpetrator of child abuse and/or neglect subsequent to July 1, 2018, will be maintained on the SCR in accordance with the application of the SCR tier level.

2. Individuals in investigations in families who have been determined to be justified/valid as a perpetrator of child abuse and/or neglect for a tier 1, 2, or 3 finding, as defined in LAC 67:V.1103.A, subsequent to July 1, 2018, shall be provided written notice of the SCR and the rules governing maintenance and release of SCR records. As of August 1, 2018, the written notice shall also inform the individual of their right to an administrative appeal pursuant to LAC 67:V.1111. The individual’s name will not be placed on the SCR until the individual has exhausted his right to an administrative appeal. If the individual fails to request an administrative appeal within 20 days of the written
notification of the justified/valid finding, withdraws their request for an administrative appeal, or the justified/valid finding is upheld by an administrative law judge, the individual’s name will be immediately placed on the SCR.

D. Once an individual has exhausted their administrative appeal rights, the individual’s name shall be listed on the SCR if at least one justified/valid finding that meets the criteria for a tier 1, 2, or 3 finding, as defined in LAC 67:V.1103.A is upheld.

E. Information on individuals in child abuse or neglect investigations that appear to be not justified/invalid or inconclusive used as a part of the basis of a later, related and justified/valid tier 1, 2 or 3 determination shall become part of the file for the justified/valid report and shall cease to be a separate report. The information will be maintained on the SCR for the length of the time for the justified/valid determination.

F.1. Any person whose name is included on the SCR subsequent to August 1, 2018, may file a rule to show cause against DCFS in the court exercising juvenile jurisdiction in the parish in which the investigation was conducted to show why the individual’s name should not be removed from the SCR. A perpetrator of a tier 1 justified/valid determination cannot be removed through this procedure. This rule to show cause may be filed for a perpetrator of a tier 2 justified/valid determination after nine years from the date of the case closure, or, four years from the date of the case closure for a perpetrator of a tier 3 justified/valid determination with the following circumstances:

a. there was no child in need of care adjudication related to the justified/valid determination;

b. no criminal charges are currently pending, associated with the incident, or criminal conviction for any offense listed in R.S. 15:587.1; and

At the end of 7 years from the date of the determination, the information will be expunged unless there have been subsequent reports and investigations involving the same perpetrator. When there are subsequent investigations with determinations of not justified/invalid or inconclusive, all records will be maintained until the youngest child in the victim’s family at the time of the investigation reaches the age of 18 or 7 years from the date of the latest determination, whichever is longer.
2. When there are subsequent investigations involving the same perpetrator determined to be justified/valid and the information from the not justified/invalid report is used as a part of the basis for a later, related justified/valid report, the earlier not justified/invalid report shall become part of the file of such justified/valid report and shall cease to be a separate report. All the information is maintained until the retention period for the justified/valid finding has elapsed.

DCFS will maintain records on the state repository on reports of child abuse and/or neglect in families determined to be inconclusive for seven years after the determination of the finding unless there is a subsequent report and investigation involving the same perpetrator. If there is a subsequent investigation determined to be not justified/invalid or inconclusive, the information will be maintained until the youngest child in the alleged victim’s family at the time of the investigation reaches the age of eighteen or seven years from the date of the latest determination, whichever is longer. When there are subsequent investigations determined to be justified/valid and information from the inconclusive investigation is used as a part of the basis for a later, related justified/valid determination, the inconclusive report shall become part of the file of such justified/valid report and shall cease to be a separate report. All the information is maintained until the longest retention period for the determinations has elapsed.

C. DCFS will maintain information on the state repository on reports and investigations of child abuse/neglect in foster homes, specialized providers, juvenile detention centers, residential facilities, day care centers, and registered family child day care homes determined to be not justified/invalid or inconclusive. These records will be maintained for seven years unless there is a subsequent report and investigation involving the same alleged perpetrator. In that case, all records will be maintained an additional seven years for the not justified/invalid or inconclusive determination.

D. Information on investigations determined to be client non-cooperation will be maintained on the state repository for seven years unless there is a subsequent investigation involving the same perpetrator, in which case all records will be maintained until the retention period for the subsequent determination has elapsed.

E. Information on investigations determined to be unable to locate will be maintained on the state repository for three years unless there is a subsequent investigation or alternative response family assessment involving the same perpetrator, in which case all records will be maintained until the retention period for the subsequent determination or assessment has elapsed.

F. Information on intake cases on families and out-of-home settings closed as not accepted for an investigation or an alternative response family assessment with current or previous DCFS involvement will be maintained on the state repository for 18 months or the record retention period for the closed or active case, whichever is longer. If a subsequent not accepted report involving the same perpetrator is received within the 18 month retention period, all intake cases are maintained until the most recent not accepted report has been maintained for 18 months. If there are subsequent reports involving the same perpetrator accepted for investigation, all not accepted reports are maintained until the longest retention period for the justified/valid determinations or assessments has elapsed.

G. Protective service alerts from other states will be maintained on the state repository for one year from the month the information is entered into the agency computer tracking and management system when the protective service alert is not associated with a DCFS case. Protective service alerts associated with a DCFS and family services case are retained for the retention period for the associated agency case.

H. Alternative response family assessment records are retained on the state repository for seven years from the date of closure. If there are subsequent investigations or alternative response family assessments involving the same perpetrator, all information will be maintained until the retention period for the subsequent determination has elapsed, however in no circumstance will the original assessment be maintained for less than seven years.

I. Information on a report and investigation determined to be a false report will be maintained on the state repository for six years.

J. Case information and findings from investigations that include individuals with justified/valid findings for their involvement as a perpetrator of child abuse or neglect in a case that includes a tier 1 justified/valid finding will be maintained on the state repository indefinitely. Case information and findings from investigations that involve individuals with justified/valid findings for their involvement as a perpetrator of child abuse or neglect in a case that does not include a tier 1 justified/valid finding will be maintained on the state repository for 18 years from the date of the finding.

K. Information on a report and investigation determined to be inconclusive is confidential and shall only be released for the following purposes, unless otherwise specifically authorized by law.

1. Information on an adult with an alleged involvement in the abuse/neglect may be released, with the individual’s written permission when they are applying to be a volunteer, foster parent, adoptive parent, or caregiver pursuant to Louisiana Children’s Code Ch. C., article 616.

2. Information regarding a report and investigation may be released to law enforcement without an individual’s consent with a current criminal investigation involving acts against children.

L. Information on a report and investigation determined to be justified/valid maintained on the state repository shall not be released for employment purposes, except as allowed by LAC 67:V.1103, and shall only be released for the following purposes, except as specifically authorized by law.
1. DCFS will disclose information regarding perpetrators of child abuse and/or neglect listed on the state repository to other states' child welfare agencies upon formal inquiry by that agency, when the inquiry is made pursuant to an ongoing child protective services investigation, child protection alternative response, foster care home study, adoptive home study, or family services case following a child protective services investigation in the requesting state, in accordance with R.S. 46:56(F)(4)(a). This information may also be released to private licensed child placing agencies located in Louisiana and in other states upon formal inquiry and verification of licensure. Information disclosed shall be limited to those names recorded on the repository subsequent to January 1, 2010.

5. DCFS will disclose information on perpetrators with justified/valid sexual abuse determinations on the state repository in accordance with 34 USC 30301 et seq., and 28 CFR 115.5 et seq. for prospective and current juvenile facility employees of the Office of Juvenile Justice upon receipt of a written request containing the individual’s consent.

6. DCFS will disclose information on the state repository when requested by an employer or prospective employer of a person who will be exercising supervisory authority over that employer's minor children or other dependent person as part of that person's direct employment and supervision as a caregiver by the parent or person with the dependent. The written request for the information will be a signed and notarized request form that must be signed by the employee and employer. The form will be provided upon request from the employer, prospective employer, employee, or prospective employee. The information will be disclosed to the employer or prospective employer.

7. DCFS will disclose information regarding perpetrators of child abuse and/or neglect in foster homes, child day care centers, specialized providers, juvenile detention centers, residential facilities, registered family child day care homes and residential facilities on all valid determinations on the state repository to the agency or sponsoring agency responsible for the licensure or registration of the facility.

M. Any person whose name is included on the SCR prior to August 1, 2018 with a justified/valid determination may file a rule to show cause against DCFS in the court exercising juvenile jurisdiction in the parish in which the investigation was conducted to show why the information on file should not be expunged. DCFS will expunge the petitioner's name and other identifying information from the SCR upon receipt of a court order to do so. Any expungement order issued by a court shall not take effect as to non-identifying statistical information on file until the three-year record retention period required by federal law for audit purposes has expired, counting from the month and year of the determination. During the three-year record retention period, such records bearing the non-identifying statistical information shall be sealed and accessible only to the financial auditors.

N. O. An individual may inquire in person at a DCFS parish child welfare office as to whether they have any appealable justified/valid findings when they provide proof of their identity. They will be advised in writing of any appealable justified/valid finding and of their right to an administrative appeal.

AUTHORITY NOTE: Promulgated in accordance with Louisiana Children’s Code Article 616.

§1111. Child Protective Services Administrative Appeal

A. The Department of Children and Family Services (DCFS) establishes an administrative appeal process with the Division of Administrative Law (DAL). The purpose is to provide individuals the right to appeal DCFS Child Protective Services investigation findings of justified/valid. Any individual with a justified/valid finding of child abuse or neglect may request an appeal of their justified/valid finding directly with DAL.

B. Individuals with justified/valid findings in an investigation prior to August 1, 2018, will have the right to an administrative appeal of any/all of their DCFS findings of justified/valid. When a request for an SCR clearance is received by DCFS, or DCFS verifies that an individual has a justified/valid finding, and the individual is listed as a perpetrator with a justified/valid finding of abuse or neglect in an investigation prior to August 1, 2018; the individual will be notified in writing of their right to an administrative appeal.
appeal. The individual will have 20 days from the date of the written notification to request an appeal through DAL.

C. Any individual notified of a DCFS justified/valid finding in an investigation subsequent to August 1, 2018, will have the right to an administrative appeal of any/all of their DCFS findings of justified/valid. The individual will have 20 days from the date of the written notification to request an appeal through the DAL.

D. When DCFS receives a request for an SCR clearance on an individual who is a prospective or current employee in a licensed/registered child care setting by the Louisiana Department of Education, a current or prospective employee of an Office of Juvenile Justice juvenile facility, a current or prospective employee in a specialized provider, juvenile detention facility provider licensed by DCFS; or, a current or prospective employee of DCFS in a position whose duties include the investigation of child abuse or neglect, supervisory or disciplinary authority over children, direct care of a child, or performance of licensing surveys, they may request an expedited appeal. A request for an expedited appeal shall be submitted to DAL within 10 days of the date of the written notification. If the appeal is not submitted within the 10 days, the individual has 20 days from the date of the written notification to request a non-expedited appeal through DAL.

E. The appeal request, whether expedited or not expedited, shall include the DCFS written notification of their justified/valid determination. If no request for an appeal is timely submitted and confirmed by DAL, the individual’s right to an administrative appeal is exhausted. DAL will provide notice of the filing of an appeal to the individual requesting an administrative appeal and DCFS.

F. The following provisions shall be applicable to all proceedings related to an administrative appeal request.

1. The administrative appeal hearing will be held in the DCFS region or parish where the justified/valid finding occurred, or in a location designated and agreed upon by all parties and DAL for convenience and accessibility, or as ordered by DAL.

2. Pursuant to R.S. 46:56, all proceedings related to an administrative appeal requested pursuant to this section shall be closed to the public.

3. Information that is contained in the record that is considered confidential pursuant to R.S. 46:56 shall not be released to the public.

4. Any relevant records and/or reports in individual cases may be released to parties, their counsel, or other legal representative upon the issuance of a discovery order signed by the administrative law judge assigned to the case. Under no circumstances shall any information that could identify the reporter of the abuse or neglect or any other non-discoverable information be released for discovery.

5. DCFS will bear the burden of proving by a preponderance of the evidence that the finding of justified/valid should be upheld.

G. When DCFS is notified by the DAL of an appeal decision to overturn an investigation finding, the department will modify the department’s records to reflect the decision for each investigation finding overturned. DCFS will notify the individual of the new finding and the department’s action as a result of the appeal decision(s). This notification shall include information on the maintenance period on the SCR and/or the state repository.

H. DAL notification that the justified/valid findings are upheld shall result in the individual being recorded as a perpetrator of abuse or neglect with a justified/valid finding, and; if the determination meets the criteria for a tier 1, 2, or 3 finding, the individual’s name shall be listed on the SCR.

I. An individual’s right to appeal is exhausted in the following circumstances:

1. the individual does not request an administrative appeal with DAL within 20 days of the date of the written notification of their right to appeal the DCFS determination;

2. the individual timely requests an administrative appeal with DAL, an appeal hearing is held and a written decision is rendered by DAL; or

3. the individual withdraws their appeal request.

J. Except as otherwise authorized by law, DCFS will not disclose the individual is listed on the SCR as a perpetrator of child abuse or neglect until their right to an administrative appeal is exhausted, and at least one justified/valid finding has been upheld that meets the criteria for a tier 1, 2, or 3 finding.

K. Within 30 calendar days after the mailing date listed on the notice of final decision by DAL, or if a rehearing is requested, within 30 calendar days after the date of the decision thereon, a party may obtain judicial review by filing a petition for review of the decision in the Nineteenth Judicial District Court or the district court of the domicile of the individual.

AUTHORITY NOTE: Promulgated in accordance with Act 348 of 2017 and Children’s Code Article 616.1.1., and 42 USC 9858f.

Chapter 13. Intake

§1301. Child Protection Investigation Report Acceptance

A. Reports will be assigned for investigation when the circumstances of the report indicate either:

1. a cause to believe by the reporter that substantial risk of harm to the child is present and the child's physical, mental, or emotional health is seriously endangered as a result; or

2. the reporter has cause to believe that abuse or neglect has already occurred.

B. Reports of abuse and/or neglect which provide first hand information of an injury, or of evidence of an injury to a child, such as personal observation of photograph, names of witnesses, medical reports, or police reports, which cause a reporter to believe that a child has been injured or is at substantial risk of injury through the action or inaction of the child's caretaker will be investigated. It is important to understand that in all cases the reported circumstances of the child such as age, health, current condition, and the past history of the family and alleged perpetrator, such as access to the victim, history of violence or neglect, and parental willingness and/or ability to protect the child, could add information that will either establish or weaken the reason to believe that immediate and substantial risk of harm is likely to be present.

C. Response Time. The reports classified as presenting low risk of immediate substantial harm alleged will be assigned a response time of from 24 hours up to five calendar days from the date the report was received.

D. Anonymous Reports

1. Reports of alleged child abuse and neglect will be accepted from anonymous reporters.

2. OCS intake staff shall attempt to obtain the reporter's name and address so that follow up contacts are possible in order to clarify information contained in the report and to improve the assessment of risk to the child. The reporter shall be informed of the confidentiality of the reporter's identity and the legal protection from civil or criminal liability for reporters who report in good faith.

E. Bad Faith Reports

1. At any time when OCS staff has reason to believe that a report of child abuse and/or neglect has been made in bad faith, all available information shall be turned over to the district attorney for review.

2. This action would be taken when there is evidence that the reporter made a report known to be false or with reckless disregard for the truth of the report.

F. Residential Care of Children in State Custody. In order to provide some workload relief for child protection and foster care staff in the Office of Community Services, the positions assigned to the Gary W. Program will be transitioned consistent with the federal court’s approval of conclusion of OCS activities in the Gary W. case, into monitoring and strengthening of residential foster care programs to prevent occurrence in Louisiana of abusive or neglectful conditions for foster children which resulted in the Gary W. judgment against the state of Louisiana.

G. Nonreports

1. According to the Guidelines for a Model System of Protective Services established by the National Association of Public Child Welfare Administrators, child protective services is a specialized field of child welfare which is not an appropriate service for all child and family-related problems. These guidelines have been used to assist staff in making a determination of those situations which do not constitute a report of child abuse and/or neglect. Response from the public during the recent hearings indicated that the majority of participants were in concurrence with these decisions.

2. Following is a listing of nonreports of child abuse and/or neglect. Brief explanations are included for clarity. If there is a need for medical, mental health, social, or other services to be provided to the child, his/her family, or the caretaker, appropriate referrals for such services will be made:

   a. sexual activity with a sibling or minor perpetrator with no alleged parental/caretaker culpability;

   b. sexual enticement/harassment and unspecified sexual abuse without a specific allegation of sexual abuse by caretaker or parent;

   c. venereal disease in a child age 13 or older without a specific allegation of sexual abuse by caretaker/parent;

   d. abandonment of a teenager whose parents want the agency to take custody due to conflict/behavior and other unspecified family or behavior problem which does not include abuse or neglect;

   e. clothing inadequate which does not seriously endanger life or health of the child;

   f. dependency due to the substance abuse or mental/physical limitation of a parent which does not incapacitate them from providing minimally acceptable care;

   g. drug/alcohol abuse by a teenager with or without parental permission;

   h. educational neglect reports shall be referred to the local school board which is charged under Louisiana law with responsibility for enforcing compulsory school attendance;

   i. food inadequate when the reporter expresses concern about the family dietary choices which do not seriously endanger the development, health, or life of a child;
j. lack of supervision of a teenager 13 years or older unless mental capacity, physical condition or situational factors indicate serious threat to life or health of the child;

k. medical neglect with no strong likelihood of serious consequences such as failure to provide corrective shoes, glasses, or orthodontia;

l. shelter inadequate which does not seriously endanger the life or health of a child.

H. Reports of abuse/neglect in family day care homes with no allegations of culpability in the abuse/neglect by parents or legal custodians will be assigned a level of risk based on the information provided by the reporter and referred to law enforcement and, when appropriate to the case circumstances, other agencies.

AUTHORITY NOTE: Promulgated in accordance with the Louisiana Children's Code, Article 612.

§1303. Time Limits on Acceptance of Reports

A. Reports will not be accepted when the time period from the alleged abuse or neglect occurrence to the date of the report exceeds the following limits.

1. Physical Abuse:
   a. severe abuse (i.e., high priority) 12 months;
   b. less severe (i.e., medium-low priority) three months unless documentation of the injury such as scars or medical records, continues to be available.

2. Neglect. One month unless the report includes several incidents which would indicate a continuing pattern of neglect.

3. Sexual Abuse. No time limit if the alleged victim remains a minor to whom the alleged perpetrator continues to have access. Reports over 12 months post-occurrence will not be accepted if the perpetrator no longer has access.

B. Reports in which the victim is no longer a minor will not be accepted regardless of time elapsed.

AUTHORITY NOTE: Promulgated in accordance with the Louisiana Children's Code, Article 612 G.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Community Services, LR 17:387 (April 1991).

Chapter 15. Conducting Investigations in Families

§1501. Audio Tape Recording of Interviews

A. All interviews of the child and his parents conducted in the course of a child protection investigation will be tape recorded, if requested by the parent or parents.

AUTHORITY NOTE: Promulgated in accordance with the Louisiana Children's Code, Article 612 C.

§1505. Safe Haven Relinquishment

A. The DCFS establishes procedures for implementation of title XI, safe haven relinquishment, chapter 13, safe haven relinquishment, of the Louisiana Children's Code, as a collaborative effort with community agencies.

1. Prevent Child Abuse Louisiana and DCFS will provide toll-free lines for the public to inquire about safe haven relinquishment information, procedures and designated emergency care facilities. Parents who have relinquished an infant may contact the DCFS through the toll free hotline at 1-855-452-5437 or Prevent Child Abuse Louisiana at 1-800-244-5373 to inquire about their parental rights or anonymously provide medical information.

2. DCFS, the Department of Health, and community agencies will collaborate to identify facilities meeting the legal definition of a designated emergency care facility, develop and distribute the written notification to such facilities regarding the provisions of the statute, develop and distribute written information and training materials for facilities to use for the instruction of their staff designated to receive relinquished infants and interview parents, develop and distribute information materials to use to increase public awareness regarding safe haven relinquishment, and develop and distribute the notification to hospitals of the requirements of the medical evaluation and testing of a relinquished infant.

3. DCFS will work with community agencies to develop and distribute the card for designated emergency care facilities to give to relinquishing parents as required by article 1152.

4. The following image shall constitute the official safe haven symbol for use in identifying designated emergency care facilities to the public.

SAFE BABY SITE

a. The text and image shall be black and the background either white or a shade of yellow typically used for traffic warning signs indicating the necessity of caution. The Department of Children and Family Services will transmit the symbol electronically to any designated emergency care facility upon their request.

B. The initial agency response to notification of a safe haven relinquishment will be within the DCFS Child Protective Services Program.
1. A report that an infant has been relinquished at a designated emergency care facility will be accepted as a report of a safe haven relinquishment and immediately assigned to a child welfare worker. The worker will respond to secure the safety of the infant and obtain immediate medical care if the infant is at a location other than a medical facility able to provide the infant with immediate medical care, unless medical care has already been secured by the emergency care facility.

2. The worker will contact the appropriate court with juvenile jurisdiction and request an instanter order placing the infant in the custody of DCFS as a child in need of care.

3. The worker will contact local law enforcement agencies to request their assistance to determine if the relinquished infant may have been reported missing. The agency will also contact the national registry for missing and exploited children to determine if the infant has been reported missing to that registry.

C. Any relinquishing or non-relinquishing parent of a safe haven infant contacting the DCFS will be asked to voluntarily provide information as well as be informed of their rights as per article 1152.

D. Once the infant has received the required medical examination and testing and any other necessary medical care, and has been discharged from the medical facility providing emergency and/or other medical care, the DCFS will place the infant in the foster/adoptive home that can best provide for his needs. Efforts for the continuance of custody as a child in need of care and the procedure for a termination of parental rights will begin immediately and proceed in accordance with the provisions of titles VI, child in need of care, and XI, safe haven relinquishment. The infant will receive services through the DCFS foster care and adoption programs until the parental rights are terminated and an adoption is finalized or the mother and/or father establish parental rights.

AUTHORITY NOTE: Promulgated in accordance with Article 1149 et seq., of the Louisiana Children’s Code, Title XI, Surrender of Parental Rights.

SOCIAL SERVICES  
Part V.  
Child Welfare  
Subpart 5. Foster Care  

Chapter 35. Payments, Reimbursables, and Expenditures  

§3501. Procedures for Determining the Amount of Contribution Required by Parents Whose Children are in the Care and/or Custody of the State of Louisiana  

A. At initial assessment when children enter the custody of the state, the gross income of the family shall be considered as a base from which to begin the assessment process. From this amount, parents are allowed a deduction of $1,500 per dependent in the home. This includes the children who were residing in the home prior to removal. The resulting figure shall be the adjusted family income which shall be used to determine the amount of contribution. The amount of the assessment shall be 10 percent of the adjusted family income divided into 12 monthly payments. The amount would be the same for the family regardless of the number of children in care, i.e., families which have the same adjusted income but different numbers of children in care would be billed the same amount.  

B. At reassessment, only changes in the composition or income of the family will be considered in the calculation. Dependent deductions of $1,500 for family members in the home will continue to be allowed. The resulting figure is the adjusted family income. The amount shall be used to determine the amount of contribution. The yearly contribution shall be equal to 10 percent of the adjusted family income. The family will pay this one amount regardless of the number of children who are in care.  

C. Parental contributions shall not be recommended if an existing child support order is in place or if good cause exists in a particular case. The exceptions for good cause shall be determined on a case by case basis by the case manager for reasons including, but not limited to short-term foster care placements; pending adoption proceedings; potential non-custodial parent placement; imminent termination of parental rights; or, when assessment is contrary to the case plan goals. These exceptions shall be documented in the case plan or court report.  

D. By removal or voluntary placement into foster care of a child from the parent or another individual, the parent or individual shall be deemed, without the necessity of signing any document, to have made an assignment to the department of his entire right, title, and interest to any support obligation such parent or individual may have in his own behalf or on behalf of any family member for whom the parent is applying for or receiving foster care services which has accrued at the time of the placement of the child in foster care and which accrues during the time the child is in foster care. The assigned support rights shall constitute an obligation owed to the department by the person responsible for providing such support, and said obligation shall be established by an order of a court of competent jurisdiction, and the department may thereafter collect by appropriate process any outstanding debt thus created. Voluntary child support payments made to the parent or individual at the time of the placement of the child in foster care shall be deemed to have been assigned to the department, unless such is contrary to a valid court order. The department may thereafter collect such support payments by appropriate services. The parents or individual shall also be deemed, without the necessity of signing any document, to have consented to the designation of the department as payee in an initial or amended order of support and to have appointed the child support enforcement administrator as his or her true and lawful attorney-in-fact to act in his or her name, place, and stead to perform the specific act of endorsing any and all drafts, checks, money orders, or other negotiable instruments representing support payments which are received on behalf of such individual or his parent. The department shall be an indispensable party to any proceeding involving a support obligation or arrearages owed under this Subpart. The provisions of this Subpart shall apply retrospectively to all support rights assigned, whether by written assignment or by operation of law, prior and subsequently to the effective date of this rule. The parent or individual of services shall also be deemed without the necessity of signing any document to have appointed the child support enforcement administrator as his or her true and lawful attorney-in-fact to act in his or her name, place, and stead to perform the specific act of endorsing any and all drafts, checks, money orders, or other negotiable instruments representing support payments which are received on behalf of such individual or caretaker. No parent or individual who has had a child removed from the parent(s) custody or voluntarily placed the child in foster care on behalf of the parent or another individual shall be permitted to enter into a contract for the collection of support pursuant to R.S. 21:1441 et seq. Any such contract shall be considered a violation of public policy and shall be void.  

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:51.1.  

§3503. Reimbursement Rates for Residential Facilities

A. Office of Community Services (OCS) will implement a competitive solicitation process as a means to select all private residential facility-based programs to serve foster children and to establish per diem rates for that residential service. The department's published Prospective Provider Procedure will be followed. The department may adjust the cycle for the competitive solicitation process when the appointing authority of the OCS determines that an emergency situation exists or other exigent circumstances require the adjustment of the cycle in order to facilitate the provision of appropriate services to children.

B. Individuals and/or agencies currently providing residential services to OCS foster children and those that contact the Department of Social Services, Office of Community Services (OCS) wishing to provide residential services to foster children funded by OCS are placed on a prospective provider list. All persons and agencies on the list will be notified at the time that the office seeks to develop residential services for foster children in a specific geographic area. The current and prospective residential providers will be mailed a full description of the type and scope of programs sought in geographic areas along with an invitation to submit to OCS a proposal for that service. The notification will include a list of other materials that providers may request/need to assist proposers in preparation of their proposals. The name and telephone number of an OCS representative will be given to prospective providers to contact for more information.

1. A committee of professionals from OCS will evaluate the proposals according to criteria included in the packet of materials. The committee will select the program(s) most fitting the needs of the Foster Care Program.

C. Each proposal will include a submitted per diem cost bid with a budget in accordance with the instructions for the solicitation. This competitive process, resulting selections and final negotiations constitutes OCS' rate setting process as rates will be based on market economy and proposer's fiscal projections for programs. The final rate for each provider can be negotiated down from the bid rate, but in no case will be higher than the bid rate. The use of the residential beds at the rate set through this process will be done on a case-by-case basis by the OCS case worker(s) as the need arises. There are no guarantees of specific sums of monthly or annual payments or referrals of clientele.

D. The department reserves the right to cancel the solicitation if the expenditures for the aggregately selected proposals would result in OCS exceeding available funds. In the event the department cancels the solicitation process, the department will freeze the rates for the current programs at the current amount. For rates issued for the 2000/2001 rate year, the department continues freezing the rates at the 1999/2000 amount.

AUTHORITY NOTE: Promulgated in accordance with R.S.15:1084.

Youth in a secure placement (detention, jail, etc.) are not eligible for services provided by Chafee funds.

D. The allowable services and activities must be purposefully planned by the foster care worker and the youth to meet specific needs that have been identified and addressed in the youth’s transitional living plan. The allowable services may include:

They shall be eligible for foster care services until their twenty-first birthday as long as the youth is willing and continues to meet the above stated eligibility criteria. The youth initiates extended foster care services through signing a voluntary placement agreement. The young adult in foster care shall be eligible for all foster care services in accordance with their voluntary placement agreement and case plan; and, their foster parents, custodian or other placement provider continued services and benefits for the period of time the young adult is eligible and participating in the extended foster care program.

The written notifications will continue every 90 days unless the foster child and foster parents/custodian/placement provider consent to participate in extended foster care, or the child becomes ineligible for participation in the program.

Chapter 41. Guardianship Subsidy Program

§4101. Subsidizing Guardianship Arrangements for Children in Foster Care

A. Overview of Program Purpose

1. The Subsidized Guardianship Program enables the Department of Children and Family Services (DCFS) to make payments to certified relative and fictive kin caregivers as well as certified caregivers with a significant familial bond with the child on behalf of a child who otherwise might not be able to achieve permanency outside of department custody because of special needs or other circumstances. Subsidy payments shall be limited to child(ren) for whom guardianship is indicated due to other more permanent options such as reunification with the parents, immediate unsubsidized custody to a relative or other caregiver, or adoption being determined unfeasible for the child. The guardianship subsidy applies only to a child(ren) for whom the DCFS holds legal custody, only to potential caregivers with whom the child has a significant familial bond; with whom it would be in the child’s best interest to remain until the age of majority, and when the kinship placement provider or other caregiver with a significant familial bond becomes a certified caregiver according to the certification standards of the state, and, the child(ren) remains in the certified kinship placement or placement with the other caregiver with a significant familial bond for at least six consecutive months during the current foster care episode prior to entering the guardianship subsidy arrangement. The guardianship subsidy also applies to successor guardian(s) who meet the following criteria:

a. the successor guardian is named in the guardianship subsidy agreement with DCFS;

b. the successor guardian and all adult household members have satisfactorily completed national fingerprint based criminal and child abuse/neglect background clearances; and
c. guardianship is transferred by a court to the successor guardian in accordance with *Louisiana Children’s Code* articles 718 through 724.1.

2. The prospective guardianship family must meet basic foster care certification eligibility requirements or the successor guardianship criteria in all respects except for the ability to assume complete financial responsibility for the child’s care.

3. An extended guardianship subsidy may be provided to the guardians or successor guardians of a child who initially received a guardianship subsidy from DCFS after achieving the age of 16, but prior to achieving the age of 18, when the guardian continues to provide care for the child and the guardian remains responsible for financial support of the child, if the child meets the same eligibility criteria as children eligible for the department’s extended foster care program.

**B. Types of Subsidy Payments.** The child may be subsidized for the following services up to age 18.

1. Maintenance. The maintenance subsidy includes basic living expenses such as board, room, clothing, spending money, and ordinary medical costs. The maintenance subsidy may be ongoing until the child reaches age 18, but must be renewed on a yearly basis. The maintenance subsidy may be renewed on the child’s eighteenth birthday and extended up to age 21 if the guardian continues to provide care for the child and the guardian remains responsible for financial support of the child, if the child meets the same eligibility criteria as children eligible for the department’s extended foster care program. This extended maintenance subsidy must be reviewed quarterly and may be renewed annually as long as the child continues to meet the same eligibility criteria as children eligible for the department’s extended foster care program. This renewal will be dependent upon the child remaining in the care of the guardian or successor guardian with whom the subsidy agreement was established. The amount of payment shall not exceed 80 percent of the state’s regular foster care board rate based on the monthly flat rate payments of the regular foster care board rate for the corresponding age group. Monthly maintenance payments shall not be based on subsidized foster care arrangements such as specialized foster care, alternate family care, or therapeutic foster care. Changes in the maintenance subsidy rate routinely only occur once a year and the adjustment is typically made at the time of the subsidy renewal, or due to a change in the child’s age. Adjustments to the maintenance subsidy rate may also occur due to availability of funds, legislative changes or adjustments to the regular foster care board rate.

2. Special Board Rate. Foster parents entering into a guardianship agreement for a foster child for whom a special board rate was received during the foster care episode may request up to a maximum of $240 which is 80 percent of the special board rate amount of $300. This is only provided if the care and needs of the child in the guardianship arrangement warrant this same special board rate. The special board rate subsidy may be renewed on the child’s eighteenth birthday and extended up to age 21 if the guardian continues to provide care for the child and the guardian remains responsible for financial support of the child, if the child meets the same eligibility criteria as children eligible for the department’s extended foster care program. An extended special board subsidy for a child ages 18 to 21 must be reviewed quarterly and may be renewed annually as long as the child continues to meet the same eligibility criteria as children eligible for the department’s extended foster care program. The continued need for the special board rate shall be reviewed at the time of the quarterly reviews. The review shall consist of a determination of whether the same level of specialized care by the guardian, for which the special board rate was being provided at the time of the initial subsidy agreement, continues to be necessary to meet the child’s needs. Any reduction in the level of care required by the guardian or successor guardian should result in a decrease in the amount of special board rate compensation to the guardian.

3. Special Services

a. The special services subsidy is time limited and in some cases may be a one-time payment. It is the special assistance given to handle an anticipated expense when no other family or community resource is available. If needed, it can be offered in addition to the maintenance and special board rate subsidy. The special services subsidy must be established as a part of the initial guardianship subsidy agreement, and may not be provided or renegotiated based on any circumstances which develop or issues identified after that point. Special services subsidies include the following types of needs:

i. special medical costs deemed medically necessary for the daily functioning of the child for any condition existing prior to the date of the initial judgment establishing guardianship with the kinship caregiver or other caregiver with a significant familial bond and not covered by Medicaid or other insurance;

ii. ongoing therapeutic treatment costs to complete current therapy and future treatment costs on a time limited basis up to 18 years of age or for the duration of an extended subsidy for any eligible child, as department resources allow, related to the abuse/neglect received by the child and impacting the child’s capacity to function effectively as part of the child’s educational, family or social environment. This does not include the cost of residential care or psychiatric hospitalization, nor does it include therapeutic intervention for the sole purpose of providing behavior management assistance to the guardian;

iii. legal and court costs to the potential guardian family up to $1000 for children who are not title IV-E eligible and up to $2000 for children who are title IV-E eligible for establishing the guardianship arrangement. This service is only available for costs distinct and separate from the routine costs of the child in need of care proceedings to provide for costs to the potential guardian in establishing the guardianship arrangement. This legal and/or court fee will be
provided as a non-reoccurring, one-time payment for each guardianship episode.

b. Medicaid Eligibility. The child remains eligible for Medicaid coverage up to 18 years of age when entering a guardianship subsidy arrangement from foster care. This coverage will be eligible utilizing title IV-E federal benefits if the child was title IV-E eligible at the time of the subsidy arrangement. For children not eligible for title IV-E, this coverage will be provided through title XIX federal benefits or state general funds. For a Louisiana child who is placed out of state in a potential guardianship placement or who moves to another state after the establishment of a guardianship subsidy, if the child is eligible for title IV-E guardianship subsidy payments, the child is also categorically eligible for Medicaid in the state in which the child resides whether that state participates in the title IV-E Guardianship Subsidy Assistance Program or not.

c. Chaffee Foster Care Independent Living Skills Training and Education Training Voucher Eligibility. The child is eligible for consideration for participation in the Chaffee Foster Care Independent Living Skills Training and for Education Training Vouchers if the child initially enters a guardianship arrangement from foster care (not a successor guardianship) after reaching 16 years of age, as long as the child meets any other program eligibility requirements.

C. Exploration of Guardianship Resources

1. Before a child is determined by the Department of Children and Family Services (DCFS) as eligible for a guardianship subsidy, it must be determined the child cannot be reunited with the parents, and resources for adoptive placement must be explored by the child’s worker. If the kinship family or other caretakers with a significant familial bond with the child and with whom the child is placed refuses to adopt the child or is unable to be certified as an adoptive family, the department has to show efforts to achieve the more permanent case goal of adoption for the child and demonstrate the benefits of maintaining the child in the placement in a guardianship arrangement as opposed to ongoing efforts in pursuing adoption or any other long term permanency arrangement. It is also necessary for the child’s worker to discuss plans for a guardianship arrangement with the child and document the outcome of that discussion with the child, including agreement with that plan by any child 14 years of age up to 18 years of age. Lack of agreement by any child 14 years of age up to 18 years of age should be an ongoing topic of counseling regarding the benefits of the arrangement between the worker and the child, until a permanency option is achieved for the child or until the child attains 18 years of age.

2. Whenever an eligible child in the custody of DCFS is legally placed based on the interstate compact on the placement of children guidelines with a certified kinship caregiver or other certified caretaker with a significant familial bond with the child in another state, the family shall be eligible for a guardianship subsidy under the same conditions as Louisiana residents.

D. Eligibility Criteria

1. The DCFS, Guardianship Subsidy Program, will determine the appropriateness of subsidy benefits, the type of subsidy, and, the level of the subsidy. An agreement form between the DCFS and the prospective guardianship parent(s), with clearly delineated terms, including designation of a successor guardian, if desired, must be signed prior to the granting of the final decree for guardianship. This agreement will be reviewed on an annual basis thereafter by the DCFS to insure ongoing eligibility. Any extended guardianship subsidy for a child who has attained 18 years of age must be reviewed quarterly to ascertain ongoing eligibility.

2. Subsidy payments shall be limited to a child(ren) for whom guardianship is indicated due to other more permanent options such as reunification with the parents, or adoption being determined unfeasible for or not in the best interests of the child. The exception would be any child who has been receiving a subsidy payment and enters a successor guardianship. A more permanent option for placement is not required as these children do not re-enter state custody.

3. The guardianship subsidy applies only to a child(ren) for whom the DCFS holds legal custody, only to potential caregivers with whom the child has an established familial or emotional relationship which it is deemed to be in the child’s best interest to continue, and when the kinship placement provider or other caregiver with a significant familial bond with the child becomes a certified foster caregiver according to the certification standards of the state, and, the child(ren) remains in the certified kinship/caregiver placement for at least six consecutive months during the current foster care episode prior to entering the guardianship subsidy arrangement. The exception would be children entering a successor guardianship. There is no requirement for the child to be in DCFS custody, to be with a caregiver with an established relationship, for certification of the caregiver, nor for a child to be placed with the successor guardian for any length of time prior to entering the guardianship subsidy arrangement.

4. A family is considered eligible for participation in the Guardianship Subsidy Program if they are related to the child or family of the child through blood or marriage or if there exists a fictive kin relationship, which is defined as a relationship with those individuals connected to an individual child or the family of that child through bonds of affection, concern, obligation, and/or responsibility prior to the child’s original entry into the custody of the state, and the individual(s) are considered by the child or family to hold the same level of relationship with the child or family as those individuals related by blood or marriage. The exception would be an individual considered for the successor guardianship named by the guardian in the guardianship subsidy agreement with DCFS. Additionally, a family is eligible for participation in the Guardianship Subsidy Program if they have a significant familial bond with the child. This term is used to describe individuals with whom the child has a very close affinity who may or may not have been known to the child or his/her family prior to foster care entry. It is also intended to convey the importance
of the relationship to the well-being of the child in maintaining a connection into the future. The child demonstrates this bond through a strong attachment to the caregiver. A family with whom the child shares a significant familial bond could potentially include foster parents who are unable or unwilling to establish an adoptive relationship with the child in spite of DCFS efforts to overcome barriers to adoption, yet who are willing to commit to long term permanency through guardianship for the child. This is demonstrated by non-related family who have a significant and positive relationship with the child and who have a strong commitment to caring permanently for the child.

E. Effects of Deaths of Guardians on Guardianship Subsidy

1. When a child has been placed in an approved guardianship placement with a guardianship subsidy agreement in effect and the guardian dies prior to the child reaching the age of majority, the child’s eligibility for a guardianship subsidy shall not be affected if a successor guardian was named in the original guardianship subsidy agreement. The child may remain in the care of a duly designated tutor/guardian as established by the guardian family prior to their death, without further involvement of the department. If the duly designated tutor/guardian requires financial assistance to maintain the care of the child and the individual was named in the guardianship subsidy agreement as a successor guardian, it is not necessary for the child to return to state custody and those individuals to become certified foster parents. Successor guardians named in the original guardianship subsidy agreement who take over financial responsibility for a child for whom the original guardians have been receiving an extended guardianship subsidy and the original guardians have died may receive the extended guardianship subsidy as well as long as the child continues to meet eligibility requirements up to the child achieving age 21.

2. If no successor guardian was named in the guardianship subsidy agreement, any individual otherwise legally designated as a tutor/guardian for the child and requiring financial assistance to sustain the care of the child would have to return the child to state custody and those individuals would have to become certified foster parents. Adoption of the child by the family should be explored as well, since adoption is a more permanent relationship for the child and family. If the family and home are determined to be safe for the care of the child through assessment of the home environment; fingerprint based criminal records clearance, and child abuse/neglect clearances, the child may remain in the care of the family while they are certified.

3. Where a guardianship subsidy agreement is in effect and the guardians both die prior to the child reaching the age of majority, the subsidy agreement will end. The child may remain in the care of a duly designated tutor/guardian as established by the family prior to their death, without further involvement of the department.

4.a. If the designated tutor/guardian requires financial assistance to maintain the care of the child, it will be necessary for the child to return to state custody and those individuals to become certified as foster parents and provide care to the child six consecutive months after certification and prior to entering into a guardianship subsidy agreement with the department. During the process of becoming certified as foster parents the family may continue to provide care to the child, as long as they are determined to be safe caregivers through a minimum of:
   i. department assessment of the home environment;
   ii. national fingerprint based criminal records clearances on all adults in the home; and
   iii. child abuse/neglect clearances on all adults in the home.

b. Adoption of the child by the family will be explored by the department as well. There can be no financial support of the child by the child welfare agency while being cared for by the family until such family has been certified, other than incidental expenditures routinely reimbursed to other non-certified caregivers of children in foster care. Each guardianship arrangement is considered a new episode. Therefore, the department may provide legal and court costs to support the establishment of this new legal guardianship arrangement between the potential guardian and the child up to $1000 for children who are not title IV-E eligible and up to $2000 for children who are title IV-E eligible. No legal or court costs are provided for any guardianship arrangement established on or after the child’s eighteenth birthday.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Community Services, LR 36:552 (March 2010), amended by the Department of Children and Family Services, Division of Programs, Child Welfare Section, LR 41:2308 (November 2015), amended by the Department of Children and Family Services, Division of Child Welfare, LR 45:1168 (September 2019), effective October 1, 2019.

§4103. Nonrecurring Expenses in Guardianship Arrangements

A. The Department of Children and Family Services (DCFS) sets forth criteria for reimbursement of nonrecurring expenses associated with establishing guardianship arrangements for children in foster care.

1. The amount of the payment made for nonrecurring expenses associated with establishing guardianship arrangements for children in foster care shall be determined through agreement between the guardian(s) and the DCFS. The agreement must indicate the nature and amount of the nonrecurring expenses to be paid.

2. The agreement for nonrecurring expenses must be signed prior to the final decree granting guardianship.

3. There must be no income eligibility requirement for guardian(s) in determining whether payments for nonrecurring expenses associated with establishing guardianship arrangements for children in foster care shall
However, potential guardians cannot be reimbursed for out-of-pocket expenses for which they have otherwise been reimbursed.

4. The maximum rate of reimbursement for nonrecurring expenses has been set at $1000 for children who are not title IV-E eligible and up to $2000 for children who are title IV-E eligible per guardianship arrangement.

5. In cases where siblings are placed and guardianship arrangements established, whether separately or as a unit, each child is treated as an individual with separate reimbursement for nonrecurring expenses up to the maximum amount allowable for each child.

6. In cases where a child has been returned to the custody of the state and a guardianship arrangement dissolved, the child is allowed separate and complete reimbursement for nonrecurring expenses up to the maximum amount allowable for establishing another guardianship arrangement.

7. Reimbursement is limited to costs incurred by or on behalf of guardian(s) not otherwise reimbursed from other sources. Payments for nonrecurring expenses shall be made directly by the DCFS.

8. When the guardianship arrangement for the child involves interstate placement, Louisiana will only be responsible for paying the nonrecurring expenses for the arrangement for the child when Louisiana is the child’s legal custodian and enters into the guardianship subsidy agreement with the caregiver.

9. The term nonrecurring expenses in relation to guardianship arrangements means reasonable and necessary legal fees, court costs, attorney fees and other expenses which are directly related to the legal establishment of the guardianship arrangement for a child in foster care, which are not incurred in violation of state or federal law, and which have not been reimbursed from other sources or other funds. Other expenses which are directly related to the legal establishment of the guardianship arrangement for a child in foster care means the costs of the arrangement incurred by or on behalf of the guardians and for which guardians carry the ultimate liability for payment. Such costs may include but are not limited to travel costs for the child and/or guardians to be present for the legal proceedings to establish the guardianship arrangement.

AUTHORITY NOTE: Promulgated in accordance with P.L. 110-351 and P.L. 113-183.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Community Services, LR 36:554 (March 2010), amended by the Department of Children and Family Services, Division of Programs, Child Welfare Section, LR 41:2310 (November 2015).
Chapter 45. Adoption Registries

§4501. Louisiana Adoption Resource Exchange (LARE)

A. Within 90 days after termination of all parental rights or abandonment, or voluntary surrender to a child-caring agency, any child whose parents’ rights have been so terminated and who has not been placed either in a private family home for the specific purpose of effecting an adoption or with a relative who expresses an intent to care for the child until majority, shall be registered with the Louisiana Adoption Resource Exchange (LARE). Upon request, the Department of Health and Human Resources, Office of Human Development, shall provide the forms necessary to effect said registration to all private child-caring agencies. Private child-caring agencies will be requested to include a recent 3” x 5” black and white photograph of each child registered.

B. The Department of Health and Human Resources, Office of Human Development, will maintain a list of the children registered with the Louisiana Adoption Resource Exchange. The listing will be updated no less often than quarterly and will be made available to all licensed child placement agencies in Louisiana. The listing will include a photograph of each child, but will not include the surname of the child or otherwise reveal the identities of the blood parents of the child.

C. As an effort to effect permanent placements by matching potential adoptive parents with available children, the Department of Health and Human Resources, Office of Human Development, may, under established guidelines, utilize media presentations for those children determined to be difficult to place. Subject to confidentiality requirements and the guidelines listed below, such presentations may include newspaper, radio, and television features depicting particular children, describing the adoption process, and explaining how persons interested in adoption may obtain information.

D. Guidelines for Media Recruitment

1. The Department of Health and Human Resources, Office of Human Development, may utilize media presentations involving children who are available for adoption to recruit homes for specific children and to recruit homes for general categories of children who are difficult to place. The children involved are those whose parents are dead, who were abandoned by their parents or in cases where parental rights have been terminated according to state laws. All children will be available for adoption or for a subsidized adoption program. The types of children considered by the agency as “hard to place” in adoptive homes include:
   a. sibling groups;
   b. black males (not infants);
   c. adolescents (over age 10) of any race or sex;
   d. children with handicapping (mental or physical) conditions. Most of these children have unique situations or have other extraordinary circumstances which led to their placement in this category.

2. Media recruitment may be used only after a child has been registered with the Louisiana Adoption Resource Exchange (LARE) and every possible effort has been made to find a permanent home for him regionally and statewide, through public and private agencies.

3. The child will be helped to understand to the best of his ability that he is available for adoption and that media recruitment may help in finding an adoptive home for him and other children in similar circumstances. No child will be forced to participate in media recruitment.

4. Media recruitment shall be subject to Louisiana Confidentiality Statutes (R.S. 46:65) as interpreted by the Department of Health and Human Resources, Office of General Counsel. No identifying information concerning the child or his biological parents can be revealed. The social circumstances of the child and his birth parents must be considered in determining appropriate media resources for the child. Media recruitment may not be used within a region where a child’s background and circumstances are generally known to the public and could result in embarrassment and humiliation to the child or his biological parents.

5. The child shall be videotaped or photographed in comfortable surroundings while engaged in casual conversation and/or an activity which interests him and reflects his usual level of functioning and ability to interact with other people. The accompanying narrative would give descriptive information about the child’s hobbies, interests and abilities and his expressed desires for an adoptive home.

6. Regional homefinders and adoption specialists shall be designated to coordinate media recruitment for their region with the consultation of the Office of Human Development State Office and the Department of Health and Human Resources, Public Information Office.

7. Only free media resources will be used for publicizing recruitment efforts, such as public service announcements, special programming and news programs.
The production of these presentations will be accomplished either by Department of Health and Human Resources or by the media resource and supervised by Department of Health and Human Resources.

AUTHORITY NOTE: Promulgated in accordance with Act Number 429 of the 1981 Louisiana Legislature.

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Human Development, LR 8:13 (January 1982).

1. effective September 6, 1991, adoptees and birth parents may register in the State Voluntary Register when the adoptee reaches 18 years of age;
2. the biological mother of the adopted child;
3. the biological father of the child if:
   a. the father has signed a voluntary release for the child's adoption in accordance with R.S. 9:402 and R.S. 9:422.3 et seq.; or
   b. the father has legitimated the child as provided by law.

B. Procedures for Registration. Voluntary registration by the adopted person and/or the biological parents of the adopted person shall be by a typewritten affidavit, filed with the Office of Human Development, Division of Evaluation and Services. All affidavits filed must contain certain minimum identifying information as specified by law. Any other information which the applicant feels will be useful in making the match between the adopted person and the biological parent(s) of the person may be added.

C. Fees for Voluntary Registration. The affidavit submitted to Department of Health and Human Resources, Office of Human Development/Division of Evaluation and Services must be accompanied by a check or money order payable to Department of Health and Human Resources, Office of Human Development/Division of Evaluation and Services in the amount of $25. The fee is charged to cover the cost of establishing the file of registrants and other costs to the Office of Human Development in providing this service.

D. Mandatory Counseling Requirement. Within 30 days of registration with the Office of Human Development, the registrant shall be required to participate in not less than one hour of counseling with a board certified social worker or a social worker employed by a licensed adoption agency. The Office of Human Development will provide the names and addresses of participating agencies to provide counseling service in the state of Louisiana. An adopted person or a biological parent who is domiciled outside the state of Louisiana shall obtain counseling from an appropriate agency in his state of domicile. The licensed adoption agency or social worker shall collect the cost of counseling services from persons who are able to pay all or part of the cost of services provided.

E. Matching the Adopted Person and the Biological Parent

1. The Office of Human Development shall regularly monitor registrant affidavits to determine whether or not affidavits have been filed by an adopted person and his biological parent(s). If there appears to be a match between an adopted person and a biological parent, the Office of Human Development shall notify a licensed adoption agency located in or near the parish residence of the adopted person. The agency notified shall delegate a social worker in its employ or a BCSW to contact the registered and matched parties in a careful and confidential manner, and give the information necessary to contact each other.

2. If the Office of Human Development has any doubt that there is a match between the adopted person and biological parent the parties shall be advised to petition the district court having jurisdiction to open the sealed adoption record for verification. The court may appoint an ad hoc curator for this purpose.

F. Time Limit on Registration

1. The registration will remain in effect indefinitely. The registration may be withdrawn by the adoptee or birth parent at any time by a written request.

2. If both birth parents of an adopted person are deceased and if this fact is known by the Office of Human Development or the licensed adoption agency which originally placed the adopted person, this information shall be disclosed to the adopted person.

G. Confidentiality. Notwithstanding the provisions of R.S. 44:1 et seq., documents filed with the Office of Human Development, pursuant to the provisions of this law shall be confidential and not available for inspection; nor shall any information acquired by the Voluntary Registry be disclosed under any sunshine or freedom of information legislation, rules, or practice. No person, group of persons, or entity may file a class action to force the voluntary registry to disclose identifying information.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:91(D) and 92(B) as amended and re-enacted by Act 519 of the 1991 Session of the Louisiana Legislature.

1. ages of the biological parents; and

2. an explicit and extensive medical genetic history of the biological parents and their immediate families.

B. This statement will be made part of the sealed adoption record and shall be given to the adoptive parents at the time of adoptive placement. Upon attaining the age of 18, the adoptee shall, upon request, be given a copy of the statement.

C. Within 15 days following an act of voluntary surrender of a child to the Department of Health and Human Resources, a copy of the surrender will be sent to the court exercising jurisdiction over the child.

AUTHORITY NOTE: Promulgated in accordance with Acts 717 and 429 of the 1981 Louisiana Legislature.

Chapter 49. Adoption Subsidy Program

§4901. Subsidizing the Adoption of Children with Special Needs

A. Overview of Program Purpose

1. The Subsidized Adoption Program enables the Department of Children and Family Services to make payments to adoptive parents on behalf of a child who otherwise might not be adopted because of special needs or circumstances. Subsidy payments shall be limited to a child(ren) for whom adoption is indicated but placement through existing resources is unavailable because of the child's physical or mental condition, race, age, membership in a sibling group which should not be separated, or other serious impediments or special needs. The adoption subsidy applies to a special needs child for whom the Department of Children and Family Services holds full and permanent custody prior to the adoptive placement or to a special needs child, SSI or AFDC eligible, for whom a private nonprofit agency holds custody and to nonrecurring adoption expenses only for special needs children who are adopted independently. The adoption subsidy may be extended for children who were adopted from foster care and initially placed in a foster home, Alternate Family Care facility, or a Therapeutic Foster Home, Alternate Family Care facility, or a Therapeutic Foster Care. No child may have an adoption subsidy initiated for the first time after age 18. The adoption subsidy may be extended for the child's care.

2. The prospective adoptive family must meet basic adoption eligibility requirements in all respects except for the ability to assume complete financial responsibility for the child's care.

B. Types of Subsidy. The child may be subsidized for the following services up to age 18, or up to age 21 if eligible for an extension of the adoption subsidy.

1. Maintenance. The maintenance subsidy includes basic living expenses such as board, room, clothing, spending money, and ordinary medical and dental costs. The maintenance supplement may be ongoing, but must be renewed on a yearly basis. An extension of an adoption subsidy for youth who have turned 18 must be reviewed quarterly to ensure ongoing eligibility, but only needs to be renewed annually as long as eligibility criteria continue to be met. The amount of payment shall not exceed 80 percent of the state's regular foster care board rate based on the monthly flat rate payments for the corresponding age group. Changes in the maintenance subsidy rate care may occur once a year and the adjustment is made at the time of a change in the child's age group. The monthly maintenance shall not be based on specialized foster care arrangements such as subsidized foster care, alternate family care, or therapeutic foster care.

2. Special Board Rate

a. Foster parents adopting a foster child for whom a special board rate was received may request up to a maximum of 80 percent of the special board rate amount of $300. This includes adoptive parents who were not previously certified as the child's foster parent(s), if the care and needs of the child in the adoptive home warrant this same special board rate. Therefore, under the Adoption Subsidy Program, the special board component for these type homes shall not exceed $240. The continued need for the special board rate shall be reviewed at the time of the annual review for children under age 18. At age 18, the extension of an adoption subsidy shall be reviewed a minimum of quarterly.

b. For the child placed in a Subsidized Foster Home, Alternate Family Care facility, or a Therapeutic Foster Home, Alternate Family Care facility, the maximum amount of the special board component of the adoption subsidy shall not exceed $258. This amount equals the Flexible Family Fund (monitored by the Office for Citizens with Developmental Disabilities and the Office of Behavioral Health and administered by the 10 human service districts/authorities) authorized to the care of children with severe emotional disturbance or severe intellectual/developmental disabilities who are in their own homes.

3. Special Services

a. The special services subsidy is time limited and in some cases may be a one time payment. It is the special assistance given to handle an anticipated expense when no other family or community resource is available. If needed, it can be offered in addition to the maintenance subsidy. Special services subsidies include the following type needs:

i. special medical costs for the child in connection with any physical or mental condition which existed prior to the date of the initial judgment of adoption;
ii. psychiatric, or psychological expenses, special equipment, prosthetic devices, or speech therapy;

iii. other services determined to be medically necessary for the care, training and education of the child; and

iv. legal and court costs of adoption under special circumstances.

b. Assessment must be made of the adopting family’s medical insurance and of other public and voluntary community services to determine whether the costs of treatment and related costs can be covered in part or in whole by insurance and by other community services.

c. Reimbursement for special services will be limited to the usual and customary fee in the community where such services are rendered.

C. Exploration of Adoptive Resources

1. Before a child is certified by the Division of Child Welfare as eligible for a subsidy, resources for adoptive placement without such benefits must be explored by the adoption worker. This will include recruitment of adoptive parents, registrations for a reasonable period on state, regional, and/or national adoption resources exchanges, and referral to appropriate specialized adoption agencies.

2. Whenever an eligible child has been available for adoption for at least six months and every reasonable effort has been made to place the child for adoption with Louisiana residents, adoptive parents from other states shall be eligible for a subsidy under the same conditions as Louisiana residents, except where the other state has a Subsidized Adoption Program that is available to such non-resident parents.

D. Eligibility Criteria

1. Non IV-E Placements

a. The income scale determining eligibility for the non IV-E maintenance subsidy shall be utilized by the Department of Children and Family Services, Division of Child Welfare to determine eligibility for non IV-E benefits. The scale is based on 60 percent of Louisiana’s median income for a family of four, adjusted for family size as published by the U.S. Department of Health and Human Services. Figures in the column on the left refer to the number of family members, including the adoptive child(ren). Figures in the column on the right refer to family gross income. Persons living in the household who are not dependent on the adoptive family's income even though related, are not counted. Families whose income falls below the figures in the right column may apply for subsidy.

b. The Division of Child Welfare, Adoption Subsidy Program, will determine the appropriateness of subsidy benefits, the type of subsidy, and the level of the subsidy. An agreement form between the Division of Child Welfare and the prospective adoptive parents with clearly delineated terms must be signed prior to the granting of the final decree.

</table>

d. For each additional family member above six persons, add three percentage points to the percentage for a six-person household (103 percent), and multiply the new percentage by 60 percent of the state’s estimated median income for a four-person household.

2. IV-E Placements. Federal regulations prohibit the use of an income eligibility requirement (means test) for prospective adoptive parents in determining the availability of payments or other types of adoption assistance. The eligible child who has met the "special needs" requirements in Section 473(c) of the Social Security Act will be eligible for payments and other types of services and assistance under the Title IV-E Adoption Assistance Program. Parents with whom such a child is placed for adoption are eligible to receive Title IV-E payments and other assistance on behalf of that child, under an agreement with the state agency.

3. A child adopted from foster care after age 16 but prior to age 18 and receiving an adoption subsidy already may be allowed an extension of the adoption subsidy if requested by the family for the adoptive family to continue receiving the adoption subsidy payments on behalf of the child after the child turns 18 and up to age 21 as long as the family retains financial responsibility for the child, the child meets the same eligibility criteria as children eligible for the department’s Extended Foster Care program and all other eligibility criteria for the original subsidy remain in effect. Ongoing eligibility must be reassessed by DCFS/CW quarterly, but renewal of the subsidy only completed annually. If notified by the family the child and family are no longer eligible or interested in receiving the extended subsidy; or, if at reassessment it is determined the child and family are no longer eligible for the extended subsidy, the subsidy shall be ended immediately.

E. Effects of Deaths of Adoptive Parents on Adoption Subsidy

1. Where an adoption subsidy agreement is in effect and the adoptive parents die prior to the adopted child reaching the age of majority, the duly designated tutor or guardian of the child may continue to receive subsidy payments on behalf of the child provided that the tutor or guardian is capable of providing a permanent home for the
child in all respects other than financial, and the child's needs are beyond the resources of the tutor or guardian. In these situations, the child who was Title IV-E eligible prior to the death of the adoptive parent(s) shall cease being eligible for these federal benefits. The child's medicaid certification as a Title IV-E adoption subsidy child shall be closed and re-opened as a non IV-E adoption subsidy child. The tutor or guardian should be encouraged to apply for survivors benefits for the child and/or AFDC.

2. It is extremely important to note that if the child is Title IV-E eligible, Section 473(a)(i) of the Social Security Act (the Act) prohibits the transfer of this benefit to the guardian. The Act makes no provision for payments to be made to the child or others, such as a tutor/guardian. Therefore, in these situations, the payments made by the Adoption Subsidy Program are funded with all state dollars.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:1790-1792 and P.L. 96-272 (Title IV-E).

§4903. Nonrecurring Expenses in Adoptions

A. The Division of Child Welfare sets forth criteria for reimbursement of nonrecurring expenses associated with the adoption of children with special needs.

1. The amount of the payment made for nonrecurring expenses of adoption shall be determined through agreement between the adopting parent(s) and the Division of Child Welfare. The agreement must indicate the nature and amount of the nonrecurring expenses to be paid.

2. The agreement for nonrecurring expenses must be signed prior to the final decree of adoption.

3. There must be no income eligibility requirement (means test) for adopting parents in determining whether payments for nonrecurring expenses of adoption shall be made. However, parents cannot be reimbursed for out-of-pocket expenses for which they have otherwise been reimbursed.

4. To be eligible, the child must meet the criteria previously established by the Division of Child Welfare to be designated as a "child with special needs". Furthermore, the child must have been placed for adoption in accordance with applicable state laws.

5. The rate of reimbursement for nonrecurring expenses has been set at $1,000 per adoption.

6. In cases where siblings are placed and adopted, whether separately or as a unit, each child is treated as an individual with separate reimbursement for nonrecurring expenses up to the maximum amount allowable for each child.

7. Reimbursement is limited to costs incurred by or on behalf of adoptive parents that are not otherwise reimbursed from other sources. Payments for nonrecurring expenses shall be made directly by the Division of Child Welfare.

8. When the adoption of the child involves interstate placement, the state that enters into an adoption subsidy agreement will be responsible for paying the nonrecurring adoption expenses of the child. In cases where there is interstate placement but no agreement for other federal or state adoption assistance (subsidy), the state in which the final adoption decree is issued will be responsible for reimbursement of nonrecurring expenses if the child meets the definition of a "child with special needs".

9. The term nonrecurring adoption expenses means reasonable and necessary adoption fees, court costs, attorney fees and other expenses which are directly related to the legal adoption of a child with special needs, which are not incurred in violation of state or federal law, and which have not been reimbursed from other sources or other funds. Other expenses which are directly related to the legal adoption of a child with special needs means the costs of the adoption incurred by or on behalf of the parents and for which parents carry the ultimate liability for payment. Such costs may include the adoption home study, including health and psychological examinations, supervision of the placement prior to finalization of the adoption, transportation and the reasonable costs of lodging and food for the child and/or the adoptive parents when necessary to complete the placement or adoption process.

AUTHORITY NOTE: Promulgated in accordance with 45 CFR Part 1356, as published in the Federal Register on December 14, 1988, Section 1711 of the Tax Reform Act of 1986 as it relates to the Adoption Assistance Program under Title IV-E, and Act 345 of the 1990 Legislative Session.

Chapter 51. Adoption Petition Program

§5101. Certificate of Adoption in Private Adoptions

A. Any prospective adoptive parent in a private adoption shall obtain a Certificate of Adoption prior to physically receiving the child except when the child is the step-child, grandchild, sibling, niece, or nephew of one of the prospective adopting parents.

B. Definitions

1. Certificate of Adoption—a person who applies to adopt a child privately is certified as qualified to adopt in accordance with the Louisiana Children's Code. A Certificate of Adoption is valid a minimum of two years and a maximum of four years without an update being required. A Certificate of Adoption can be revoked for just cause.

2. Any Prospective Adoptive Parents (in this Section)—any couple who is adopting any child except
persons who may petition for intrafamily adoption. The following persons may petition for an intrafamily adoption:

a. a stepparent married to the parent of a legitimate child;

b. a single grandparent or married grandparents of a legitimate child when the child has been in the grandparent's home for six months prior to the filing of a petition for adoption.

When the spouse of the stepparent or one joint petitioner dies after the petition has been filed, the adoption proceedings may continue as though the survivor was a single original petitioner.

C. There are two procedures by which a valid Certificate of Adoption may be obtained by any prospective adoptive couple in Louisiana attempting to adopt privately. Any out-of-Louisiana prospective adoptive couple must also comply with the Louisiana Interstate Compact on Placement of Children.

1. The prospective adoptive couple may apply for a court order approving the placement of a child in their home. The court shall be of proper venue in state of Louisiana.

   a. The application for court approval of adoptive placement shall be verified and shall contain the following:
      i. the name, address, age occupation, and marital status of the prospective adoptive parents;
      ii. expected date of the child's placement;
      iii. relationship between the child and the prospective adoptive parent, if any;
      iv. the name of the child whose placement is requested, if known.

   b. This application for court approval of adoptive placement shall be filed with the clerk of a court of appropriate venue as authorized in Louisiana's Children's Code.

   c. The application for court approval of adoptive placement shall be set for hearing in chambers, confidentially, and in a summary manner within 48 hours of its filing.

   d. At the hearing, the prospective adoptive parents shall testify under oath concerning their fitness to receive the child into their care and custody, including but not limited to:
      i. their moral fitness, previous criminal records or validated complaints of child abuse or neglect, if any;
      ii. their mental and physical health;
      iii. their financial capacity and disposition to provide the child with food, clothing, medical care, and other material needs;
      iv. their capacity and disposition to give the child love, affection, and guidance and to undertake the responsibilities of becoming the child's parents;
      v. the adequacy of the physical environment of their home and neighborhood for the placement of the child;
      vi. the names and ages of other family members who would reside with the child in the prospective adoptive home and their attitude toward the proposed adoption;
      vii. the stability and the permanence, as a family unit, of the proposed adoptive home.

   e. At the conclusion of the hearing, the court shall render an order approving or disapproving the placement of the child with the prospective adoptive parents.

   f. The order shall be in writing and signed by the judge.

   g. A certified copy of the court order approving the adoptive placement shall be given to the prospective adoptive parents. This certified court order is the certificate of adoption if approval is granted.

   h. Any order disapproving the adoptive placement shall include specific reasons therefor.

   i. Any perjury, withholding of information or misleading statements, during this hearing, may be grounds for revocation of the Certificate of Adoption, or for revoking the adoption itself.

   j. The court may issue an instanter order taking protective custody of the child if this information, if known, together with other evidence presented at the hearing would have resulted in the court's disapproval of the adoptive placement.

2. The second procedure for obtaining a Certificate of Adoption is that any person qualified to adopt in Louisiana may request a social worker in the employ of a licensed child placing agency, a board certified social worker, or a licensed counselor, psychologist, or psychiatrist to conduct a home study before the physical placement of the child in the home. Those people or agencies doing the home study shall be licensed in their respective fields in the state of Louisiana.

   a. This home study must address, as appropriate, in writing, all the items in the following Sections of the Louisiana Administrative Code, namely:
      i. LAC 48:1.4115.C—Adoptive Home Study;
      ii. LAC 48:1.4115.D—Notification Regarding Application;
      iii. LAC 48:1.4115.E—Access to Records;
      iv. LAC 48:1.4115.F—Updating Home Study;

   b. In addition to the home study, the application for Certificate of Adoption must also contain a request for the court to order a criminal records check for all federal and state arrests and convictions, and validated complaints of child abuse or neglect, respectively, in this or any other state specified for each prospective adoptive parent. This check
shall provide a certificate indicating all information discovered or that no information has been found.

c. Attorneys representing prospective adoptive couples living in Louisiana for private adoptions must request the court having jurisdiction to order a Louisiana child abuse/neglect records check from the Division of Child Welfare's Regional Office for the parish of residence of the prospective adoptive couple with the results of said check to be submitted in writing to the court. The court order shall be sent to the attention of the Adoption Petition Unit.

d. The mailing addresses of the regional offices of the Division of Child Welfare where this form may be obtained are as follows:

i. Greater New Orleans;
   (a). Jefferson District, Box 10009, Jefferson, LA, 70181;

e. The prospective adoptive couple at the end of this home study shall be given a Certificate of Adoption if favorable in the judgment of the contracted person doing the home study in accordance with Louisiana's Children's Code. If there is a disapproval, the prospective adoptive couple shall be informed in writing of the reason for the disapproval.

f. Payment of the home study is at the petitioner's expense.

D. The Department of Children and Family Services, Division of Child Welfare in carrying out the duties as detailed in the Children's Code, Title XII, Chapter 10, Article 1229 (A) shall include in the report to the court a copy of the Certificate of Adoption for the prospective adoptive couple or report to the court in writing that no Certificate of Adoption has been obtained in accordance with the Louisiana Children's Code.

1. New buildings shall be non-institutional in design and appearance and physically harmonious with the neighborhood in which they are located, considering such issues as scale, appearance, density and population. A child residential facility shall not occupy any portion of a building licensed by another agency.

2. Before beginning operation, it is mandatory to obtain a license from the Department of Social Services,
Bureau of Licensing. The following steps should be followed.

Guidelines from the Office of Public Health, Sanitarian Services; the Office of State Fire Marshal, Code Enforcement and Building Safety; and the city fire department (if applicable) should be obtained.

b. After securing property, obtain an application form issued by:

   Baton Rouge, LA 70821-3078
   Phone: (225) 922-0015

d. Upon receipt of the facility's application by the Bureau of Licensing, a request will be made to the Office of State Fire Marshal, Code Enforcement and Building Safety; office of city fire department (if applicable); Office of Public Health and any known required local agencies to inspect the location as per their standards. It is the applicant's responsibility to obtain these inspections and approvals. A licensing specialist shall visit the facility to conduct a licensing inspection.

e. A license will be issued on an initial application when the following requirements have been met and verification is received by the Bureau of Licensing:
   i. approval by the Office of Public Health, Sanitarian Services;
   ii. approval by the Office of State Fire Marshal, Code Enforcement and Building Safety;
   iii. approval by the city fire department (if applicable);

3. When a facility changes location, it is considered a new operation and a new application and fee for licensure shall be submitted. All items listed in §7955.A.2.e shall be in compliance for the new location.

4. When a facility changes ownership, a new application and fee shall be submitted. All approvals listed in §7955.A.2.e shall be current. Documentation is required from the previous owner assuring change of ownership; e.g., letter from previous owner, copy of bill of sale or a lease agreement.

5. All new construction or renovation of a facility requires approval from agencies listed in §7955.A.2.c and the Bureau of Licensing.

6. The department is authorized to determine the period during which the license shall be effective. A license is valid for the period for which it is issued unless it is revoked for the facility's failure to maintain compliance with minimum standards.

7. A license is not transferable to another person or location.

8. If an administrator or member of his immediate family has had a previous license revoked, refused or denied, upon reapplication, the applicant shall provide written evidence that the reason for such revocation, refusal or denial no longer exists. A licensing survey will then be conducted to verify that the reasons for revocation, refusal or denial have been corrected and the administrator/facility is in substantial compliance with all minimum standards.

B. Fees

1. An initial application fee of $25 shall be submitted with all initial license applications. This fee will be applied toward the license fee when the facility is licensed. This fee is to be paid by all initial and change of location providers. The full licensure fee shall be paid on all changes of ownership. All fees shall be paid by certified check or money order only and are nonrefundable.

2. License fees are required prior to issuance or renewal of a license. However, Class "B" child care facilities or agencies owned or operated by a church or religious organization are exempt from license fees. Fee schedules (based on licensed capacity) are listed below:

when the request coincides with the regular renewal of a license.); and

b. processing fee of $5 for issuing a duplicate license with no changes.

C. Renewal of the License

1. A license shall be renewed on an annual basis. The month of issue of the initial license becomes the anniversary month for all renewals. A license shall expire on the last day of the anniversary month unless prior to that time the provider has made timely application for renewal as provided in Subparagraph C.2 below.

2. The provider shall submit, at least 60 days prior to its license expiration date, a completed renewal application form and applicable fee. Failure to submit a completed renewal form, applicable fee, and any of the documentation listed below within the time frame set forth herein shall cause the license to expire on its anniversary date. Once a license has expired, a provider may submit an application for an initial license in the manner prescribed in these regulations. The following documentation shall be submitted with the renewal application form:

   a. Office of Fire Marshal approval for occupancy;
   b. Office of Public Health, Sanitarian Services approval;

3. Prior to renewing the CRF license, an on-site survey shall be conducted to assure compliance with all licensing laws and standards. If the CRF is found to be in compliance with the licensing laws and standards, and any other required statutes, laws, ordinances, or regulations, the license shall be renewed for a 12-month period.

4. In the event the annual licensing survey finds the CRF is non-compliant with any licensing laws or standards, or any other required statutes, ordinances or regulations but the department, in its sole discretion, determines that the noncompliance does not present a threat to the health, safety, or welfare of the participants, the provider shall be required to submit a corrective action plan to the department for approval. The department shall specify the timeline for submitting the corrective action plan based on such noncompliance or deficiencies cited but no later than 10 days from the date of notification. The corrective action plan shall include a description of how the deficiency shall be corrected and the date by which correction(s) shall be completed. Failure to submit an approved corrective action plan timely, or submission of a corrective action plan deemed by the department to be insufficient to adequately address the deficiencies in a timely and effective manner, shall be grounds for non-renewal.

5. If it is determined that such noncompliance or deficiencies have not been corrected prior to the expiration of the license, the department at its sole discretion, may issue an extension of the license for a period not to exceed 60 days.

6. When it is determined by the department that such noncompliance or deficiencies have been corrected, a license may be issued for a period not to exceed 12 months.

7. If it is determined that all areas of noncompliance or deficiencies have not been corrected prior to the expiration date of the extension, the department may revoke the license.

The administrator or owner may appeal this decision by submitting a written request for a fair hearing, together with the reasons he/she believes the decision to be incorrect, to the Department of Social Services Appeals Bureau, P.O. 7. When such involvement of the legally responsible person is not possible or not desirable, the reasons for their exclusion shall be recorded in the admission study.

1. The provider shall accept a client into care only when a current comprehensive intake evaluation has been completed, including health and family history and medical, social, psychological and, as appropriate, developmental or vocational or educational assessment.

2. In emergency situations necessitating immediate placement into care, the provider shall:
   a. gather as much information as possible about the client to be admitted and the circumstances requiring placement;
   b. formalize this in an "emergency admission note" within two days of admission; and,
   c. proceed with an intake evaluation as quickly as possible. The intake evaluation shall be completed within 30 days of admission.

C. Clarification of Expectations to Client. The provider shall, consistent with the client's maturity and ability to understand, make clear its expectations and requirements for behavior and provide the client referred for placement with an explanation of the provider's criteria for successful participation in and completion of the program.

D. Placement Agreement

5. The provider shall assign a staff member to orient the client and, where available, the family to life at the provider.

E. Discharge and After Care

1. Prior to planned discharge of a client, the provider's staff should formulate an aftercare plan discussing the supports and resources to be provided to the client and the legally responsible person.
   a. Prior to discharge, the provider's staff should ensure that the client is aware of and understands his/her aftercare plan.
   b. When a client is being placed in another program following discharge, representatives of the staff shall confer with representatives of that program prior to the client's discharge to share information concerning the client.

   c. The provider shall have a written report detailing the circumstances leading to each unplanned discharge.

3. Within 30 days of discharge of a client, a provider shall compile a written discharge summary to be included in the client's record. When the client is discharged to another agency, this summary should accompany the client. This summary should include:
SOCIAL SERVICES

3. Education

a. A provider shall ensure that each client has access to appropriate educational services consistent with the client's abilities and needs, taking into account his/her age and level of functioning.

b. All clients of school age must either be enrolled in a school system or a program approved by the Department of Education.

G. Arrangement of Clients into Groups. A provider should conscientiously consider the manner in which clients are arranged into groups within the provider, and document that this manner of arranging clients into groups effectively addresses the needs of clients. This statement should be in accordance with the following guidelines.

1. All clients must have privacy and a place to go for periods of relative quiet and inactivity.

2. All clients must have an opportunity to build relationships within small groups.

3. Clients must have an opportunity to form relationships with a consistent group of direct service staff.

H. Behavior Management

1. Clients should be given opportunities to learn gradually to assume responsibilities and make decisions for phases of daily living that they are able to carry out by themselves. They should have the assistance and guidance of workers whom they trust and respect, and with whom they have a positive relationship, while learning self-control and self-direction in a widening sphere of daily life.

   a. Discipline is the educational process by which professionals help a client have the experiences that enable the client to learn to live in reasonable conformity with accepted standards of social behavior and to do so by progressively acquiring and applying self-control rather than relying on external pressures.

   b. Every provider should develop policies and procedures to govern all disciplinary actions. Staff should be fully aware of these policies and their implications through staff development and written materials.

   c. Each client should know the basic rules that include not hurting others, not destroying things and not disrupting ongoing activities.

   d. Good discipline involves being clear and specific as to limits on behavior, showing the client what is permitted and what is not, and giving feedback on actions that are right or wrong.

   e. Responsibility for discipline should be given to the worker who takes care of the clients and supervises their daily activities.

2. Punishment

   a. Punishment should be used only in situations where other means are ineffective and when clients can benefit from the experience of facing the consequences of

a. name and home address of the client and, when appropriate, the legally responsible person;

b. name, address, telephone number of the provider;

c. summary of services provided during care;

d. summary of growth and accomplishments during care;

e. assessed needs which remain to be met, and alternate service possibilities which might meet those needs; and

f. statement of an aftercare plan and identification of who is responsible for follow-up services and aftercare.

F. Individual Service Planning

1. A provider shall ensure that a direct service staff who is an appropriately qualified professional is assigned to each client and given responsibility for and authority over:

   a. supervision of the implementation of the client's service plan;

   b. integration of the various aspects of the client's program;

   c. recording of the client's progress as measured by objective indicators;

   d. reviewing the client's service plan on a quarterly basis; and

   e. monitoring any extraordinary restriction of the client's freedom, including use of any form of restraint, any special restriction on a client's communication with others and any potentially harmful treatment or behavior management technique applied to the client.

2. Service Plan

   a. A provider shall, within 30 days of admitting a client, ensure that a comprehensive written psychological, social and, as appropriate, educational assessment of the client has been completed and, on the basis of this assessment, shall develop a comprehensive, time-limited, goal-oriented individual service plan addressing the needs identified by the assessment.

   b. Unless it is clearly not feasible to do so, a provider shall ensure that the service plan and any subsequent revisions are explained to the client and, where appropriate, the legally responsible person in language understandable to these persons.

   c. The social service staff shall review each plan at least annually and shall evaluate the degree to which the goals have been achieved.

   d. The social service worker shall prepare quarterly status reports on the progress of the client relative to the goals and objectives of the service plan. These reports shall be prepared by designated staff and reviewed and approved.

   e. A social service worker shall ensure that all persons working directly with the client are appropriately informed of the service plan.
 unacceptable behavior not as an end in itself, but as a part of a learning process.

b. Punishment is one form of intervention by the staff in situations in which the client fails to behave as expected or required, or fails to maintain self-control. The staff should have clear reasons for choosing punishment. It is usually more effective to offer an intervention activity that can be positively enforced rather than an intervention that could prove to be a negative reinforcement to a client.

c. Timing or any punishment should be related to the occurrence of the offense and should not extend over so long a period that it loses meaning for the client.

d. Group punishment for misbehavior of one or more members is not desirable. It can have the negative long-range effect of embittering the clients who are unfairly punished and may disturb group cohesiveness. The group may become hostile to the individual client who may feel alone and rejected by them. The group may also direct its hostility to the staff member. Humiliating or degrading punishment, which undermines the client’s respect (including ridicule, sarcasm, shaming, scolding or punishment in the presence of the group or another staff member), should be avoided.

i. Corporal punishment, including slapping, spanking, paddling, belting, hitting or forcing the client to march, stand or kneel rigidly in one spot, or causing any kind of physical discomfort, shall not be used other than when approved by the client’s parent or guardian in writing. All state laws must be followed when approved corporal punishment is administered.

ii. Physical restraint of a client by a worker is at times necessary for the protection of the client or others.

3. Misbehavior

a. To be effective, worker intervention should be determined by an understanding of the particular client, the immediate situation, the particular living group of the client, the client’s capacity at the time to learn from the experience and the treatment plan.

b. Some situations require purposeful non-interference, i.e., nothing should be done. Others call for active intervention, such as reasoning and discussion of the incident, changing the situation, disapproval, physical restraint or punishment.

Chapter 71. Residential Homes—Type IV

§7101. Purpose

A. It is the intent of the legislature to protect the health, safety, and well-being of the children and residents of the state who are in out-of-home care on a regular or consistent basis. Toward that end, it is the purpose of chapter 14 of title 46 of the Louisiana Revised Statutes to establish statewide minimum standards for the safety and well-being of children and residents, to ensure maintenance of these standards, and to regulate conditions in these facilities through a program of licensing. It shall be the policy of the state to ensure protection of all individuals under care by specialized providers and to encourage and assist in the improvement of programs. It is the further intent of the legislature that the freedom of religion of all citizens shall be inviolate.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Community Service, LR 36:804 (April 2010), amended by the Department of Children and Family Services, Licensing Section, LR 43:246 (February 2017).

§7103. Authority

A. Legislative Provisions

1. The state of Louisiana, Department of Children and Family Services, is charged with the responsibility of developing and publishing standards for the licensing of residential homes.

a. The licensing authority of the Department of Children and Family Services is established by R.S. 46:1401 et seq., and R.S. 46:51 which mandate the licensing of all residential homes. A residential home is any place, facility, or home operated by any institution, society, agency, corporation, person or persons, or any other group to provide full-time care, 24 hours per day, for more than four children, who may remain at the facility in accordance with R.S. 46:1403.1, who are not related to the operators and, except as provided in this Subparagraph, whose parents or guardians are not residents of the same facility, with or without transfer of custody. However, a child of a person who is a resident of a residential home may reside with that parent at the same facility. The age requirement may be exceeded as stipulated in R.S. 46:1403.1 which states that, "...notwithstanding any other provision of law to the contrary, including but not limited to R.S. 46:1403(1), a child housed at a residential home may stay at such home for a period not to exceed six months beyond his eighteenth birthday to complete any educational course that he began at such facility, including but not limited to a general education development (GED) course, and any other program offered by the residential home". In addition, the R.S. 46:1403.1(B) further stipulates that, “Notwithstanding Subsection A of this Section and any other provision of law to the contrary, including but not limited to R.S. 46:1403(1), a child housed at a residential home that does not receive Title IV-E funding pursuant to 42 USC 670 et seq., may remain at such home until his twenty-first birthday to complete any educational course that he began at such facility, including but not
limited to a General Education Development course, and any other program offered by the residential home.”

2. In accordance with HCR 71 of the 2020 Legislative Session, license renewal fees due from July 1, 2020 through June 30, 2021 are hereby suspended for existing residential homes located in Louisiana as part of Louisiana’s response to and as a way to help businesses reopen and recover from COVID-19.

B. Penalties. As mandated by R.S. 46:1421, whoever operates as a specialized provider as defined in R.S. 46:1403, without a valid license issued by the department shall be fined not less than $1,000 for each day of such offense.

C. Waiver Request

1. The secretary of the department, in specific instances, may waive compliance with a standard, as long as the health, safety, and well-being of the staff and/or the health, safety, rights, or well-being of residents or children of residents are not imperiled. Standards shall be waived only when the secretary determines that the economic impact is sufficient to make compliance impractical.

2. Application for a waiver shall be made in writing and shall include:

a. a statement of the provisions for which a waiver is being requested; and

b. an explanation of the reasons why the provisions cannot be met and why a waiver is being requested.

3. The request for a waiver will be answered in writing and approvals will be maintained on file by the requesting provider and the department. A waiver is issued at the discretion of the secretary and continues in effect at her pleasure. It may be revoked by the secretary at any time, either upon violation of any condition attached to it at issuance, upon failure of any of the statutory prerequisites to issuance of a waiver (i.e., the cost of compliance is no longer so great as to be impractical or the health or safety of any staff or any child of a resident or resident is imperiled), or upon her determination that continuance of a waiver is no longer in the best interest of the department.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Community Service, LR 36:805 (April 2010), amended by the Department of Children and Family Services, Division of Programs, Licensing Section, LR 39:67 (January 2013), amended by the Department of Children and Family Services, Licensing Section, LR 43:246 (February 2017), LR 47:230 (February 2021), effective March 1, 2021.

H. Disqualification of Facility and Provider

1. If a facility's license is revoked or not renewed due to failure to comply with state statutes and licensing rules, the department shall not process a subsequent application from the provider for that facility or any new facility for a minimum period of 24 months after the effective date of revocation or non-renewal or a minimum period of 24 months after all appeal rights have been exhausted, whichever is later (the disqualification period). The department reserves the right to determine, at its sole discretion, whether to issue any subsequent license.

2. Any voluntary surrender of a license by a facility facing the possibility of adverse action against its' license (revocation or non-renewal) shall be deemed to be a revocation for purposes of this rule, and shall trigger the same disqualification period as if the license had actually been revoked. In addition, if the applicant has had a history of non-compliance, including but not limited to revocation of a previous license, operation without a license, or denial of one or more previous applications for licensure, the department may refuse to process a subsequent application from that applicant for a minimum period of 24 months after the effective date of denial.

Box 2944, Baton Rouge, LA 70821-9118.
2. A provider shall have 15 calendar days from receipt of the letter notifying of the revocation or non-renewal to request an appeal. Provider may continue to operate during the appeals process as provided in the Administrative Procedure Act.

3. If the provider’s license will expire during the appeal process, the provider shall submit all information as required in Paragraph E.2 of this Section. Each provider is solely responsible for obtaining the application form. The required information shall be received on or postmarked by the last day of the month in which the license expires, or the provider shall cease operation at the close of business by the expiration date noted on the license.

4. A provider shall have 30 calendar days from receipt of the letter notifying of the denial of an application for a license to request an appeal.

J. Complaint Process

1. In accordance with RS 46:1418, the department shall investigate all complaints (except complaints concerning the prevention or spread of communicable diseases), including complaints alleging abuse or neglect, within prescribed time frames as determined by the department based on the allegation(s) of the complaint. The provider shall ensure that the notice continues to be visible to the general public, parents, guardians, and other interested parties throughout the pendency of any appeals of the revocation.

c. The provider shall notify the department’s licensing management staff verbally and in writing immediately if the notice is removed or obliterated.

d. Failure to maintain the posted notice of revocation required under these rules shall be grounds for denial, revocation, or non-renewal of any future license.

2. For licensing purposes, children of residents’ and resident’s information shall be kept on file a minimum of one year from date of discharge from the program.

§7108. Corrective Action Plans

A. A corrective action plan (CAP) shall be submitted for any and all deficiencies noted by Licensing Section staff regarding any licensing law or standard, or any other required statute, ordinance, or standard. The request for submission of the CAP does not restrict the actions which may be taken by DCFS. If the department does not specify an earlier timeframe for submitting the CAP, the CAP shall be submitted within 10 calendar days from the date of the inspection or receipt of the deficiencies, if mailed or emailed. The CAP shall include a description of how the deficiency will be corrected, the date by which correction(s) shall be completed, and outline the steps the provider plans to take in order to prevent further deficiencies from being cited in these areas, and the plan to maintain compliance with the licensing standards. If the CAP is not sufficient
and/or additional information is required, the provider shall be notified and informed to submit additional information within 3 calendar days. If it is determined that all areas of noncompliance or deficiencies have not been corrected, the department may revoke the license.

B. Provider may challenge a specific deficiency or any information within a cited deficiency which the provider contends is factually inaccurate. The provider shall have one opportunity to request a review of a licensing deficiency. A statement of why the deficiency is being disputed and supporting documents (if applicable) shall be submitted with the corrective action plan within the timeframe specified for the submission of the CAP.

C. The statement of deficiencies for which a review has been requested will not be placed on the internet for viewing by the public until a decision has been reached. As a result of the licensing deficiency review request, a deficiency may be upheld with no changes, the deficiency may be removed, or the deficiency may be upheld and revised to include pertinent information that was inadvertently omitted. Once a decision has been reached, provider will be informed in writing of the decision and the reason for the decision. If the deficiency or information within the deficiency was cited in error or the cited deficiency is revised by the DCFS Licensing Section staff, provider will receive a revised “statement of deficiencies” with the decision letter. If any enforcement action was imposed solely because of a deficiency or finding that has been deleted through the licensing deficiency review process, the action will be rescinded.

§7109. Critical Violations/Fines

A. In accordance with R.S. 46:1430, when a provider is cited for violations in the following areas, the department may at its discretion elect to impose sanctions, revoke a license, or both:

2. §7111.A.9.a.i-v, vii, ix, or x—staffing ratios;
3. §7117.F.19—motor vehicle checks;
4. §7111.D.1.a if sections noted in §7111.D.7. also cited or §7111.D.1.b.i. if sections noted in §7111.D.7 also cited or §7111.D.2.—critical incident reporting; and/or

B. The option of imposing other sanctions does not impair the right of DCF to revoke and/or not renew a provider’s license to operate if it determines that the violation poses an imminent threat to the health, safety, rights, or welfare of a resident or child of a resident. Only when the department finds that the violation does not pose an imminent threat to the health, safety, rights, or welfare of a resident or child of a resident will the department consider sanctions in lieu of revocation or non-renewal; however, the absence of such an imminent threat does not preclude the possibility of revocation or non-renewal in addition to sanctions, including fines.

C. In determining whether multiple violations of one of the aforementioned categories has occurred, both for purposes of this Section and for purposes of establishing a history of noncompliance, all such violations cited during any 24-month period shall be counted, even if one or more of the violations occurred prior to the adoption of the current set of standards. If one or more of the violations occurred prior to adoption of the current set of standards, a violation is deemed to have been repeated if the standard previously violated is substantially similar to the present rule.

D.1. For the first violation of one of the aforementioned categories, if the department does not revoke or not renew the license, the department may issue a formal warning letter noting the department’s intent to take administrative action if further violations of the same category occur.

2. The warning letter shall include a directed corrective action plan (CAP) which shall outline the necessary action and timeframe for such action that a provider shall take in order to maintain compliance with the licensing standards. The provider shall acknowledge receipt of the warning letter by submitting a written response to the CAP within 10 calendar days of receipt of the letter. Failure by the provider to submit requested information and/or failure to implement the CAP as evidenced by a repeated violation of the same category of the standards may result in either the assessment of a civil fine, revocation/non-renewal of license, or both.

E. For the second violation of one of the same aforementioned categories within a 24-month period, provider will be assessed a civil fine of up to $250 per day for a violation in each of the aforementioned categories (if same category cited twice) and fined for each day the provider was determined to be out of compliance with one of the aforementioned categories according to the following schedule of fines.

1. The base fine level for all violations shall be $200 per day. From the base fine level, factor in any applicable upward or downward adjustments, even if the adjustment causes the total to exceed $250. If the total fine after all upward and downward adjustments exceeds $250, reduce the fine for the violation to $250 as prescribed by law.

a. If the violation resulted in death or serious physical or emotional harm to a resident or child of a resident, or placed the resident or child of a resident at risk
of death or serious physical or emotional harm, increase the fine by $50.

b. If the provider had a previous license revoked for the same critical violation cited, increase the fine by $25.

c. If the critical violation was cited and occurred despite the objective good faith best efforts of licensee to comply, decrease the fine by $25.

d. When the cited critical violation was for a criminal background check not being completed prior to hire as required, but obtained before the individual was on the premises and/or had access to a resident or child of a resident, the fine shall be decreased by $25.

e. When the cited critical violation was for criminal background check not being completed prior to the individual being on the premises and/or having access to a resident or child of a resident, the fine shall be increased by $25.

f. If the provider exceeds staffing ratios by more than one resident, increase the fine by $25.

g. If the provider failed to meet staffing ratios related to children of residents, increase the fine by $25.

h. If the provider self-reported the incident which caused the critical violation to be cited, decrease the fine by $25.

i. If the provider failed to self-report the incident which caused the critical violation to be cited, increase the fine by $25.

j. If a critical violation for supervision was cited due to residents or children of residents being unsupervised in a vehicle, increase the fine by $25.

k. If a critical violation for supervision was cited due to staff not knowing the whereabouts of residents to which they are assigned, increase the fine by $25.

l. When the cited critical violation was for a state central registry clearance not being completed prior to hire as required, but obtained before the individual was on the premises and/or had access to a resident or child of a resident, the fine shall be decreased by $25.

m. When the cited critical violation was for state central registry clearance not being completed prior to the individual being on the premises and/or having access to a resident or child of a resident, the fine shall be increased by $25.

F. For the third violation of one of the same aforementioned categories within a 24-month period, the provider’s license may be revoked.

G. The aggregate fines assessed for violations determined in any consecutive 12-month period shall not exceed $2,000 as prescribed by law. If a critical violation in a different category is noted by DCFS that warrants a fine and the provider has already reached the maximum allowable fine amount that could be assessed by the department in any consecutive 12-month period and the department does not revoke or not renew the license, the department may issue a formal warning letter noting the department’s intent to take administrative action if further violations of the same category re-occur. The warning letter shall include a directed CAP which shall outline the necessary action and timeframe for such action that a provider shall take in order to maintain compliance with the licensing standards. The provider shall acknowledge receipt of the warning letter by submitting a written response to the CAP within 10 calendar days of receipt of the letter. Failure by the provider to submit requested information and/or failure to implement the CAP as evidenced by a repeated violation of the same category of the standards may result in revocation/non-renewal of license.

H. Departmental Reconsideration and Appeal Procedure for Fines

1. When a fine is imposed under these standards, the department shall notify the program director or owner by letter that a fine has been assessed due to deficiencies cited at the residential home and the right of departmental reconsideration. The notification may be sent by certified mail or hand delivered to the residential home. If the program director or owner is not present at the residential home, delivery of the written reason(s) for such action may be made to any staff of the residential home. Notice to a staff shall constitute notice to the residential home of such action and the reasons therefore. The letter shall specify the dates and the violation cited for which the fine(s) shall be imposed. Fines are due within 30 calendar days from the date of receipt of the letter unless the provider request a reconsideration of the fine assessment. The provider may request reconsideration of the assessment by asking DCFS for such reconsideration in writing within 10 calendar days from the date of receipt of the letter. A request for reconsideration shall include a copy of the letter from the Licensing Section that notes the reasons for assessment of the fine together with the specific reasons the provider believes assessment of the fine to be unwarranted and shall be mailed to Department of Children and Family Services, Licensing Section, P.O. Box 260036 Baton Rouge, LA 70826. If the provider withdraws the request for reconsideration, the fine is payable within 7 calendar days of the withdrawal or on the original date that the fine was due, whichever is later.

2. The department shall advise the program director or owner by letter of the decision of DCFS after reconsideration and the right to appeal. The notification may be sent by certified mail or hand delivered to the residential home. If the program director or owner is not present at the residential home, delivery of the written decision may be made to any staff of the residential home. Notice to a staff shall constitute notice to the residential home of such action.

a. If DCFS finds that the Licensing Section’s assessment of the fine is justified, the provider shall have 15 calendar days from the receipt of the reconsideration letter to appeal the decision to the Division of Administrative Law (DAL). A request for appeal shall include a copy of the letter from the Licensing Section that notes the reasons for

Providers receiving federal funds may not use standards related to income, age, education, family structure and size, or ownership of housing to exclude groups of prospective parents on the basis of race, color, or national origin, where these standards are arbitrary or unnecessary or where less exclusionary standards are available.

6. The license shall be displayed in a prominent place at the CPA. Child placing agencies operated by a church or religious organization are exempt from this requirement provided the license is available upon request.

Notification shall be submitted within five calendar days prior to the scheduled closure or within three calendar days of an unscheduled closure. Notification shall include child-placing agency’s name, license number, dates, the reason for closure, and provider signature. Closures of more than 30 calendar days render the license null and void.

14. The email address provided to the Licensing Section on the licensing application is the official email address unless the provider subsequently submits written notification of a change of email address to the Licensing Section and the request is acknowledged as received by licensing staff.

J. Disqualification of Agency and Provider—Foster Care, Adoption, Transitional Placing

1. If a child-placing agency’s application is denied, license revoked or not renewed due to failure to comply with state statutes and/or licensing rules, the department shall not process a subsequent application from the provider for that child-placing agency or any other license issued by DCFS for a minimum period of 24 months after the effective date of denial or revocation or non-renewal or a minimum period of 24 months after all appeal rights have been exhausted, whichever is later (the disqualification period). Any pending application by the same provider shall be treated as an application for a new agency for purposes of this section and shall be denied and subject to the disqualification period. Any subsequent application for a license shall be reviewed by the Secretary or her designee prior to a decision being made to grant a license. The department reserves the right to determine, at its sole discretion, whether to issue any subsequent license.

2. Any voluntary surrender of a license by a child-placing agency facing the possibility of adverse action against its license (revocation or non-renewal) shall be
deemed to be a revocation for purposes of this rule and shall trigger the same disqualification period as if the license had actually been revoked.

3. In the event a license is revoked or renewal is denied, (other than for cessation of business or non-operational status), or voluntarily surrendered to avoid adverse action any owner, officer, member, manager, program director, or executive director of such licensee shall be prohibited from owning, managing, directing, or operating another licensed agency for a period of not less than two years from the date of the final disposition of the revocation or denial action. If the action was not appealed, the effective date is the last day for which an appeal could have been requested. The lapse of two years shall not automatically restore a person disqualified under this provision. The department, at its sole discretion, may determine that a longer period of disqualification is warranted under the facts of a particular case.

4. If a license is revoked or not renewed or application denied or refused, an application or license shall also be denied or refused to any affiliate of the licensee or applicant. The disqualification period provided in this section shall include any affiliate of the provider.

K. Complaint Process—Foster Care, Adoption, Transitional Placing

1. In accordance with R.S. 46:1418, the department shall investigate all complaints (except complaints concerning the prevention or spread of communicable diseases), including complaints alleging abuse or neglect. All licensing complaint investigations shall be initiated within 30 days.

2. All licensing complaint investigations shall be unannounced.

3. Providers shall advise staff, foster/adoptive parents, and youth in the transitional placing program of the licensing authority of DCFS and that they may contact the Licensing Section with any unresolved complaints. Providers shall post the current telephone number, email address, and mailing address of the Licensing Section in the child-placing agency office in an area regularly utilized by staff. Documentation of notification of the licensing authority of DCFS to foster/adoptive parents and youth in the transitional placing program shall consist of a signed and dated statement by the foster/adoptive parents and the youth.

L. Corrective Action Plans—Foster Care, Adoption, Transitional Placing

1. A corrective action plan (CAP) shall be submitted for all deficiencies noted by Licensing Section staff regarding any licensing law or standard, or any other required statute, ordinance, or standard. The request for submission of the CAP does not restrict the actions which may be taken by DCFS. If the department does not specify an earlier timeframe for submitting the CAP, the CAP shall be submitted within 10 calendar days from receipt of the deficiencies. Receipt of the deficiencies by any staff person constitutes notice to the child-placing agency. The CAP shall include a description of how the deficiency will be corrected, the date by which correction(s) will be completed, and outline the steps the child-placing agency plans to take in order to prevent further deficiencies from being cited in these areas, and the plan to maintain compliance with the licensing standards. If the CAP is not sufficient and/or additional information is required, the provider shall be notified and informed to submit additional information within five calendar days. If it is determined that all areas of noncompliance or deficiencies have not been corrected, the department may revoke the license.

2. Provider may challenge a specific deficiency or any information within a cited deficiency which the provider contends is factually inaccurate. The provider shall have one opportunity to request a review of a licensing deficiency within the timeframe specified for the submission of the CAP. A statement of why the deficiency is being disputed and supporting documents (if applicable) shall be submitted with the corrective action plan within the timeframe specified for the submission of the CAP.

3. The statement of deficiencies for which a review has been requested will not be placed on the internet for viewing by the public until a decision has been reached. As a result of the licensing deficiency review request, a deficiency may be upheld with no changes, the deficiency may be removed, or the deficiency may be upheld and revised to include pertinent information that was inadvertently omitted. Once a decision has been reached, provider will be informed in writing of the decision and the reason for the decision. If information within the deficiency was cited in error or the cited deficiency is revised by the DCFS Licensing Section staff, provider will receive a revised “statement of deficiencies” with the decision letter. If any enforcement action was imposed solely because of a deficiency or finding that has been deleted through the licensing deficiency review process, the action will be rescinded.

M. Critical Violations/Fines—Foster Care, Adoption, Transitional Placing

1. In accordance with R.S. 46:1430, when a provider is cited for violations in the following areas, the department may at its’ discretion elect to impose sanctions, revoke a license, or both:

   b. §7313.N.2, N.6, and/or N.7—critical incidents; and/or

   c. §7319.D, §7321.H, and/or §7323.F.2-5—supervision.

2. The option of imposing other sanctions shall not limit the right of DCFS to revoke and/or not renew a provider’s license to operate if it determines that the violation poses an imminent threat to the health, safety, rights, or welfare of a child/youth. Only when the department finds that the violation does not pose an imminent threat to the health, safety, rights, or welfare of a child/youth will the department consider sanctions in lieu of revocation or non-renewal; however, the absence of such an imminent threat does not preclude the possibility of revocation or non-renewal in addition to sanctions, including fines.

3. In determining whether multiple violations of one of the above categories have occurred, both for purposes of this section and for purposes of establishing a history of non-compliance, all such violations cited during any 24-month period shall be counted.

4. For the first violation of one of the aforementioned categories, if the department does not revoke or not renew the license, the department may issue a formal warning letter noting the department’s intent to take administrative action if further violations of the same category occur.

5. The warning letter shall include a directed corrective action plan (CAP) which shall outline the necessary action and timeframe for such action that a provider shall take in order to maintain compliance with the licensing standards. The provider shall acknowledge receipt of the warning letter by submitting a written response to the CAP within 10 calendar days of receipt of the letter. Failure by the provider to submit requested information and/or failure to implement the CAP as evidenced by a repeated violation of the same category of the standards may result in either the assessment of a civil fine, revocation/non-renewal of license, or both.

6. For the second violation of one of the same aforementioned categories within a 24-month period, provider may be assessed a civil fine of up to $250 per day for a violation in each of the aforementioned categories (if same category cited twice) and fined for each day the provider was determined to be out of compliance with one of the aforementioned categories according to the schedule of fines noted in §7311.M.7-9.

7. The base fine level for all violations shall be $200 per day. From the base fine level, factor in any applicable upward or downward adjustments, even if the adjustment causes the total to exceed $250. If the total fine after all adjustments exceeds $250, reduce the fine for the violation to $250 as prescribed by law.

   a. When the violation resulted in death or serious physical or emotional harm to a child/youth or placed a child/youth at risk of death or serious physical or emotional harm, the fine shall be increased by $50.

   b. When the provider had a previous license revoked for the same critical violation cited, the fine shall be increased by $25.

   c. When the critical violation was cited and occurred despite the objective good faith best efforts of licensee to comply, the fine shall be decreased by $25.

   d. When the cited critical violation was for a criminal background check not being completed prior to hire as required, but obtained before the individual was on the premises and/or had access to a child/youth, the fine shall be increased by $25.

   e. When the cited critical violation was for criminal background check not being completed prior to the individual being on the premises and/or having access to a child/youth, the fine shall be increased by $25.

   f. When the provider self reports the critical incident which resulted in the death or serious physical or emotional harm to the child/youth; however it is reported outside of the timeframe as specified by licensing regulations, the fine shall be decreased by $25.

   g. When the provider fails to report the critical incident which resulted in the death or serious physical or emotional harm to the child/youth, the fine shall be increased by $25.

   h. When a critical violation for supervision was cited due to staff not providing supervision as required to youth in transitional placing program, the fine shall be increased by $25.

   i. When a critical violation for supervision was cited due to staff not conducting required visits to the foster/adoptive parent or child, the fine shall be increased by $25.

   j. When the cited critical violation was for a state central registry clearance not being completed prior to hire as required, but obtained before the individual was on the premises and/or had access to a child/youth, the fine shall be decreased by $25.

   k. When the cited critical violation was for state central registry clearance not being completed prior to the individual being on the premises and/or having access to a child/youth, the fine shall be increased by $25.

8. For the third violation of one of the same aforementioned categories within a 24 month period, the provider’s license may be revoked.

9. The aggregate fines assessed for violations determined in any consecutive 12 month period shall not exceed $2,000 as prescribed by law. If a critical violation in a different category is cited by DCFS that warrants a fine and the provider has already reached the maximum allowable fine amount that could be assessed by the department in any consecutive 12 month period and the department does not revoke or not renew the license, the department may issue a formal warning letter noting the department’s intent to take administrative action if further violations of the same category re-occur. The warning letter shall include a directed CAP which shall outline the necessary action and timeframe for such action that a provider shall take in order to maintain compliance with the
licensing standards. The Provider shall acknowledge receipt of the warning letter by submitting a written response to the CAP within 10 calendar days of receipt of the letter. Failure by the provider to submit requested information and/or failure to implement the CAP as evidenced by a repeated violation of the same category of the standards may result in revocation/non-renewal of license.

N. Departmental Reconsideration and Appeal Procedure for Fines—Foster Care, Adoption, Transitional Placing

1. When a fine is imposed under these standards, the department shall notify the program director or owner by letter that a fine has been assessed due to deficiencies cited at the child-placing agency and the right of departmental reconsideration. The notification may be sent by certified mail or hand delivered to the child-placing agency. If the program director or owner is not present at the child-placing agency, delivery of the written reason(s) for such action may be made to any staff of the child-placing agency. Notice to a staff person shall constitute notice to the child-placing agency of such action and the reasons therefore. The letter shall specify the dates and the violation cited for which the fine(s) shall be imposed. Fines are due within 30 calendar days from the date of receipt of the letter unless the provider request a reconsideration of the fine assessment. The provider may request reconsideration of the assessment by asking DCFS for such reconsideration in writing within 10 calendar days from the date of receipt of the letter. A request for reconsideration shall include a copy of the letter from the Licensing Section that notes the reasons for assessment of the fine together with the specific reasons the provider believes assessment of the fine to be unwarranted and shall be mailed to Department of Children and Family Services, Licensing Section, P.O. Box 260036, Baton Rouge, LA 70826. If the provider withdraws the request for reconsideration, the fine is payable within seven calendar days of the withdrawal or on the original date that the fine was due, whichever is later.

2. The department shall advise the program director or owner by letter of the decision of DCFS after reconsideration and the right to appeal. The notification may be sent by certified mail or hand delivered to the child-placing agency. If the program director or owner is not present at the child-placing agency, delivery of the written decision may be made to any staff of the child-placing agency. Notice to a staff person shall constitute notice to the child-placing agency of such action.

a. If DCFS finds that the licensing section’s assessment of the fine is justified, the provider shall have 15 calendar days from the receipt of the reconsideration letter to appeal the decision to the Division of Administrative Law (DAL). A request for appeal shall include a copy of the letter from the Licensing Section that notes the reasons for assessment of the fine and a copy of the reconsideration decision letter together with the specific areas of the decision the appellant believes to be erroneous and/or the specific reasons the decision is believed to have been reached in error, and shall be mailed to Department of Children and Family Services, Appeals Section, P.O. Box 2944, Baton Rouge, LA 70821-9118.

b. The DCFS appeals section shall notify the DAL of receipt of an appeal request. DAL shall conduct a hearing in accordance with the Administrative Procedure Act and shall render a decision. The appellant will be notified by DAL of the decision, either affirming or reversing the DCFS’s decision.

c. If the provider has filed a timely appeal and the DCFS’s assessment of fines is affirmed by an administrative law judge of the DAL, the fine shall be due within 30 calendar days after mailing notice of the final ruling from DAL or, if a rehearing is requested, within 30 calendar days after the rehearing decision is rendered. The provider shall have the right to seek judicial review of any final ruling of the administrative law judge as provided in the Administrative Procedure Act. If the appeal is dismissed or withdrawn, the fines shall be due and payable within seven calendar days of the dismissal or withdrawal. If a judicial review is denied or dismissed, either in district court or by a court of appeal, the fines shall be due and payable within seven calendar days after the provider’s suspensive appeal rights have been exhausted.

3. If the provider does not appeal within 15 calendar days of receipt of the DCFS’s reconsideration decision, the fine is due within 30 calendar days of receipt of the DCFS’s reconsideration decision and shall be mailed to Department of Children and Family Services, Licensing Section, P.O. Box 260036, Baton Rouge, LA 70826. If the provider files a timely appeal, the fines shall be due and payable on the date set forth in §7311.N.2.c. If the provider withdraws the appeal, the fine is payable within seven calendar days of the withdrawal or on the original date that the fine was due, whichever is later.

4. If the provider does not pay the fine within the specified timeframe, the license shall be immediately revoked and the DCFS shall pursue civil court action to collect the fines, together with all costs of bringing such action, including travel expenses and reasonable attorney fees. Interest shall begin to accrue at the current judicial rate on the day following the date on which the fines become due and payable.

4. In the event the annual licensing inspection finds the JDF is non-compliant with any licensing laws or standards, or any other required statutes, ordinances or regulations but the department, in its sole discretion, determines that the noncompliance does not present a threat to the health, safety, or welfare of the youth, the JDF shall be required to submit a corrective action plan to the department for approval. The department shall specify the timeline for submitting the corrective action plan based on such noncompliance or deficiencies cited but no later than 14 calendar days from the date of notification. The corrective action plan shall include a description of how the deficiency shall be corrected and the date by which correction(s) shall be completed. o. permit an individual to be on the premises or to have access to children/youth when listed on the state central registry.

H. Disqualification of Facility and/or Provider

The effective date of a revocation, denial, or non-renewal of a license shall be the last day for applying to appeal the action, if the action is not appealed. Any pending application by the same provider shall be treated as an application for a new facility for purposes of this section and may be denied and subject to the disqualification period. Any subsequent application for a license shall be reviewed by the secretary or designee prior to a decision being made to grant a license. DCFS reserves the right to determine, at its sole discretion, whether to issue any subsequent license.

2. If a provider has multiple licensed facilities and one of the facility’s licenses is revoked or not renewed, a capacity increase shall not be granted at any of the existing licensed facilities for a minimum period of 24 months after the effective date of revocation or non-renewal, or for a minimum period of 24 months after all appeal rights have been exhausted, whichever is later.

3. Any voluntary surrender of a license by a provider facing the possibility of adverse action against its license (revocation or non-renewal) shall be deemed to be a revocation for disqualification purposes and shall trigger the same disqualification period as if the license had actually been revoked.

4. If the applicant has had a history of non-compliance, including but not limited to revocation of a previous license, operation without a license, or denial of one or more previous applications for licensure, DCFS may refuse to accept a subsequent application from that applicant for a minimum period of 24 months after the effective date of denial.

5. With respect to an application in connection with the revoked, denied, or not renewed facility, the disqualification period provided in this Section shall include any affiliate of the provider.

6. If a facility’s license was revoked due solely to the disapproval from any agency whose approval is required for licensure or due solely to the facility being closed and there are no plans for immediate re-opening within 30 calendar days and no means of verifying compliance with minimum standards for licensure, the disqualification rule (or period) may not apply. DCFS may accept a subsequent application for a license that shall be reviewed by the secretary or designee prior to a decision being made to grant a license. DCFS reserves the right to determine, at its sole discretion, whether to issue any subsequent license.

7. In the event a license is revoked or renewal is denied, (other than for cessation of business or non-operational status), or voluntarily surrendered to avoid adverse action any owner, officer, member, manager, or administrator of such licensee may be prohibited from owning, managing, or operating another licensed facility for a period of not less than 24 months from the date of the final disposition of the revocation or denial action. The lapse of 24 months shall not automatically restore a person disqualified under this provision eligibility for employment. DCFS, at its sole discretion, may determine that a longer period of disqualification is warranted under the facts of a particular case.

I. Appeal Process

1. The DCFS Licensing Section, shall advise the administrator or owner in writing of the reasons for non-renewal or revocation of the license, or denial of an application, and the right of appeal. If the administrator or owner is not present at the facility, delivery of the written reasons for such action may be made to any staff of the facility. Notice to a staff shall constitute notice to the facility of such action and the reasons therefore. A request for appeal shall include a copy of the letter from the Licensing Section that notes the reasons for revocation, denial, or non-renewal, together with the specific areas of the decision the appellant believes to be erroneous and/or the specific reasons the decision is believed to have been reached in error; and shall be mailed to: Department of Children and Family Services, Appeals Section, P.O. Provider may continue to operate legally throughout the appeals process. Provider shall be issued a license noting that the provider is in the appeal process.

3. If provider’s license expires during the appeal process, the provider shall submit a licensing renewal application and a copy of the satisfactory criminal background clearance for every owner. Each provider is solely responsible for obtaining the licensing application form. The licensing application and full licensure fee as well as copies of the criminal background clearances for all owners shall be received on or postmarked by the last day of
the month in which the license expires, or the provider shall cease operation at the close of business by the expiration date noted on the license.

6. If the decision of DCFS is affirmed or the appeal dismissed, the provider shall terminate operation of the JDF immediately. If the provider continues to operate without a license, the DCFS may file suit in the district court in the parish in which the facility is located for injunctive relief.

7. If the decision of DCFS is reversed, the license will be re-instatement and the appellant may continue to operate.

1. The mediation process will provide the applicant/client, (or as appropriate the applicant's/client's representative) an opportunity for dispute resolution proceedings which are fair, effective, and expeditious. This process may be used by applicants/clients for a timely resolution of disputed findings of an administrative review; or as a direct avenue of appeal bypassing the administrative review option, but must occur prior to the fair hearing option.

2. The mediation process will also be offered to an applicant/client as an option at the time a formal request for a fair hearing is made. However, this process may not be used as a means to delay or supplant a fair hearing conducted by an impartial hearing officer.

3. The mediation process will be conducted by a qualified and impartial mediator as expeditiously as possible upon receipt of the initial written request from the applicant/client. A list of qualified impartial mediators will be maintained by Louisiana Rehabilitation Services.

4. The mediation process must be entered into voluntarily by all parties. Discussions that occur during the mediation session will be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding. The parties involved in the mediation session will be required to sign a confidentiality pledge prior to the commencement of such process. The Impartial Mediator must ensure that if an agreement is reached by the parties in dispute, this agreement is set forth in a written mediation agreement prior to the conclusion of the session. This written agreement is the only information from the mediation session that may be presented at any subsequent due process hearing or civil proceeding.

5. All applicants/clients must be provided written notification of appeal rights at the time of application, placement into a category in the order of selection,
development of the individualized plan for employment, and upon reduction, suspension, or cessation of vocational rehabilitation services. Services, including evaluations and assessment services and plan development (IPE), will continue during the mediation process unless the services being provided were obtained through misrepresentation, fraud, collusion, or criminal conduct on the part of the client.

6. In order to insure that an applicant/client is afforded the option of availing themselves the opportunity to appeal agency decisions impacting their vocational rehabilitation case, written notification by the counselor and/or regional manager must include:

a. the agency's decision (inclusive of an administrative review, if conducted);

b. the basis for, and effective date of the decision;

c. the specific means for appealing the decision;

d. the applicant's/client's right to submit additional evidence and information, including the client's right to representation at the mediation session or fair hearing;

e. advise the applicant/client of the Client Assistance Program and how they can access the program, including the telephone number; and

f. the name and address of the regional manager who should be contacted in order to schedule a mediation session or fair hearing.

NOTE: All mediation sessions must be conducted in a manner which insures that the proceedings are understood by the applicant/client.

C. Fair Hearing

1. The fair hearing process may be requested by applicants/clients to appeal disputed findings of an administrative review, or as a direct avenue of appeal bypassing the administrative review or the mediation process option. The fair hearing must be conducted by an impartial hearing officer within 60 days of the initial written request. At the time the fair hearing is requested, the applicant/client shall be offered mediation as an option to resolve a dispute.

2. An impartial hearing officer shall be selected on a random basis or by agreement between the Louisiana Rehabilitation Services Director and the applicant/client. This officer shall be selected from among a pool of qualified persons identified jointly by Louisiana Rehabilitation Services and members of the Louisiana Rehabilitation Council. The impartial hearing officer shall provide the decision reached in writing to the applicant/client and to Louisiana Rehabilitation Services within 30 days of completion of the hearing.

3. All applicants/clients must be provided written notification of appeal rights at the time of application, placement into a category in the order of selection, development of the Individualized Plan for Employment, and upon reduction, suspension, or cessation of vocational rehabilitation services. Services, including evaluations and assessment services and plan development (IPE), will continue during the fair hearing process unless the services being provided were obtained through misrepresentation, fraud, collusion, or criminal conduct on the part of the client.

4. In order to insure that the applicant/client is afforded the option of availing themselves the opportunity to pursue a fair hearing, written notification by the counselor and/or regional manager must include:

a. the agency's decision (inclusive of an administrative review and/or mediation agreement, if conducted);

b. the basis for, and effective date of, that decision;

c. the specific means for appealing the decision;

d. the applicant's/client's right to submit additional evidence and information, including the client's right to representation at the fair hearing;

e. advise the applicant/client of the Client Assistance Program and how they can access the program, including the telephone number; and

f. the means through which a fair hearing may be requested, including the name and address of the regional manager.

NOTE: All fair hearings must be conducted in a manner which insures that the proceedings are understood by the applicant/client.

D. Review of Fair Hearing Decisions

1. The impartial review for decisions rendered by impartial hearing officers is the final level of appeal within the Department of Social Services regarding disputes arising within Louisiana Rehabilitation Services. Subsequent to a decision being reached as a result of the impartial review by the Department of Social Services, any further pursuit of the issue by the applicant/client (or, as appropriate, the applicant/client's representative) or the agency must be by civil action through the public court system.

2. The decision of the impartial hearing officer will be final unless the applicant/client or the agency requests a review of the impartial hearing officer's decision by making a written request to the secretary of the Department of Social Services within 20 days of mailing the decision. The secretary cannot delegate the responsibility for making this final decision to any other officer or employee of Louisiana Rehabilitation Services. The applicant/client and the agency shall be provided an opportunity to submit additional evidence and information relevant to the final decision.

3. The Department of Social Services' secretary may not overturn or modify a decision of an impartial hearing officer, or part of such a decision, that supports the position of the applicant/client unless the secretary determines, based on clear and convincing evidence, that the decision of the impartial hearing officer is clearly erroneous on the basis of being contrary to the state plan, the Rehabilitation Act (including regulations implementing the Act) or any state regulation or policy that is consistent with the federal requirements specified in the Act.
4. The secretary shall provide the decision reached in writing to the applicant/client and to Louisiana Rehabilitation Services. This decision shall include a full report of the findings and grounds for the decision.

E. Civil Action. Any party aggrieved by a final decision from an impartial review by the Department of Social Services may bring civil action for review of such decision. The action may be brought in any state court of competent jurisdiction or in district court of the United States of competent jurisdiction without regard to the amount in controversy. If a party brings a civil action, the final decision of the Department of Social Services shall be implemented pending review by the court. In any action brought under this Subsection, the court shall:

1. receive the records relating to the hearing;
2. hear additional evidence at the request of a party to the action; and
3. base the decision of the court on the preponderance of the evidence, shall grant such relief as the court determines to be appropriate.

§109. Eligibility and Ineligibility

A. Criteria for Eligibility

1. An individual is eligible for vocational rehabilitation services, if the individual:
   a. has a physical or mental impairment which for such individual constitutes or results in a substantial impediment to employment; and
   b. requires vocational rehabilitation services to prepare for, secure, retain, or regain employment; and
   c. can benefit in terms of an employment outcome from vocational rehabilitation services.

B. Presumption of Benefit

1. An individual who meets the criteria in §109.A.1.a and b shall be presumed to be an individual who can benefit in terms of an employment outcome from vocational rehabilitation services, unless LRS can demonstrate by clear and convincing evidence that such individual is incapable of benefiting in terms of an employment outcome from vocational rehabilitation services due to the severity of the disability of the individual.

2. In making the demonstration of clear and convincing evidence, LRS shall explore the individual's abilities, capabilities, and capacity to perform in work situations, through the use of trial work experiences, except under limited circumstances when an individual cannot take advantage of such experiences.

   a. Such trial work experiences shall be of sufficient variety and over a sufficient period of time to determine the eligibility of the individual or to determine clear and convincing evidence that the individual is incapable of benefiting in terms of an employment outcome from vocational rehabilitation services.

   b. Trial work experiences shall also include appropriate supports and training.

C. Presumption of Eligibility

1. An individual who has a disability or who is blind as determined pursuant to Title II or Title XVI of the Social Security Act (42 U.S.C. 401 et seq. And 1381 et. seq.) shall be:

   a. considered to be an individual with either a significant disability or a most significant disability, such determination to be made by LRS; and

   b. presumed to be eligible for vocational rehabilitation services, provided that the individual intends to achieve an employment outcome.

2. LRS can find an SSDI or an SSI recipient ineligible for vocational rehabilitation services if LRS can demonstrate by clear and convincing evidence through the use of trial work experiences that the severity of the individual's disability prohibits the individual from benefiting from vocational rehabilitation services in terms of an employment outcome.

D. Determinations by Officials of Other Agencies

1. To the extent appropriate and consistent with the requirements of this Section, LRS will use determinations made by officials of other agencies, particularly education officials, regarding whether an individual satisfies one or more factors relating to whether an individual is an individual who has a physical or mental impairment which for such individual constitutes or results in a substantial impediment to employment.

E. Compliance Provisions

1. Nondiscrimination and Non-Exclusion

   a. Eligibility decisions must be made without regard to sex, race, age, creed, color or national origin of the individual applying for services.

   b. No group of individuals is excluded or found ineligible solely on the basis of type of disability.

   c. No upper or lower age limit is established which will, in and of itself, result in a finding of ineligibility for any individual with a disability who otherwise meets the basic eligibility requirements specified in this manual.

   d. Louisiana Rehabilitation Services does not impose a residence requirement. Illegal aliens, however, cannot be served. Disabled aliens who have a legal, unexpired work visa, and who otherwise meet the eligibility criteria, can be served.
F. Determination of Ineligibility

1. A determination of ineligibility for vocational rehabilitation services is made:
   a. when LRS is in possession of clear and convincing evidence that an individual has no physical and/or mental impairment which constitutes or results in a substantial impediment to employment; or
   b. when LRS is in possession of clear and convincing evidence that an individual with a disability does not require vocational rehabilitation services to prepare for, secure, retain, or regain employment; or
   c. when LRS is in possession of clear and convincing evidence that an individual is incapable of benefiting from vocational rehabilitation services, including available supported employment services in terms of an employment outcome.

2. If an individual who applies for vocational rehabilitation services is determined (based on the review of existing data and, to the extent necessary, the assessment of activities of a trial work period as described under the presumption of benefit) not eligible for services, or if an eligible individual receiving services under an Individualized Plan for Employment (IPE) is determined to be no longer eligible for services, LRS shall:
   a. provide an opportunity for full consultation with the individual or, as appropriate, the individual's representative; and
   b. inform the individual, or as appropriate, the individual's representative, in writing of:
      i. the reason(s) for the ineligibility determination; and
      ii. an explanation of the means by which the individual may express and seek a remedy for an dissatisfaction with the determination, including the procedures for review by an impartial hearing officer and the availability of services from the Client Assistance Program; and
      iii. a referral to any other agencies or programs from whom the individual may be eligible to receive services, including other components of the statewide workforce investment system.

3. Any ineligibility determination that is based on a finding that the individual is incapable of benefiting in terms of an employment outcome shall be reviewed:
   a. within 12 months; and
   b. annually thereafter, if such a review is requested by the individual or the individual's representative.

G. Use of Existing Information

1. To the maximum extent appropriate and consistent with the requirement of this Section, for purposes of determining eligibility of an individual for vocational rehabilitation services, LRS shall use information that is existing and current (the current functioning of the individual), including information available from the individual, programs, and providers, particularly education officials and the Social Security Administration.

H. Time Frame for Making an Eligibility Determination

1. LRS shall determine whether an individual is eligible for vocational rehabilitation services within a reasonable period of time, not to exceed 60 days, after the individual has submitted an application for the services unless:
   a. exceptional and unforeseen circumstances beyond LRS' control preclude making an eligibility determination within 60 days and the individual agrees to an extension of time; or
   b. LRS is exploring an individual's abilities, capabilities, and capacity to perform in trial work experiences.

I. Individual with a Significant Disability

1. Individuals eligible for vocational rehabilitation services are determined to be significantly disabled if the disabling condition and subsequent functional limitations fall into one of the following:
   a. the individual is a recipient of Social Security Disability Insurance (SSDI); or
   b. the individual is a recipient of Supplemental Security Income (SSI) by reason of blindness or disability (SSI based on age alone does not automatically render an individual significantly disabled); or
   c. the individual is one:
      i. who has a severe physical or mental impairment which severely limits one or more functional capacities (mobility, motor skills, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome; and
      ii. whose vocational rehabilitation can be expected to require multiple vocational rehabilitation services over an extended period of time (extended period of time means six months or longer); and
      iii. who has one or more physical or mental disabilities resulting from:
         (a). amputation;
         (b). arthritis;
         (c). autism;
         (d). blindness;
         (e). burn injury;
         (f). cancer;
         (g). cerebral palsy;
         (h). cystic fibrosis;
         (i). deafness;
(j). head injury;  
(k). heart disease;  
(l). hemiplegia;  
(m). hemophilia;  
(n). respiratory or pulmonary dysfunction;  
(o). mental retardation;  
(p). mental illness;  
(q). multiple sclerosis;  
(r). muscular dystrophy;  
(s). musculoskeletal disorders;  
(t). neurological disorders (including stroke and epilepsy);  
(u). paraplegia, quadriplegia, other spinal cord conditions;  
(v). sickle cell anemia;  
(w). specific learning disability;  
(x). end-stage renal disease; or  
(y). another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitations.

J. Functional Capacity Areas—Defined. Functional capacity areas are defined as follows: mobility, motor skill, communication, self-care, self-direction, interpersonal skills, work tolerance, and work skills.

K. Order of Selection

1. LRS follows an order of selection to ensure that individuals with the most significant disabilities receive priority for vocational rehabilitation services.

2. The following factors shall not be used either in determining the order of selection or in determining the placement category of eligible individuals:
   a. any duration of residency requirement, provided the individual is present in the state;  
   b. type of disability;  
   c. age, gender, race, color, creed, or national origin;  
   d. source of referral;  
   e. type of expected employment outcome;  
   f. the need for specific services or anticipated cost of services required by an individual; or  
   g. the income level of an individual or an individual's family.

3. Prerequisite to placement in the order of selection assignment to a selection group is made after a determination of both of the following:
   a. eligibility for Vocational Rehabilitation Services; and  
   b. significance of disability.

4. Selection Groups. In accordance with the criteria below, an individual is placed in one of the following:
   a. Selection Group I—Most Significantly Disabled. An eligible individual is considered most significantly disabled when all of the following apply:
      i. the individual meets the definition of an "individual with a significant disability" as defined in Subsection I above.
      ii. the individual's significant physical or mental impairment seriously limits four or more functional capacity areas; and  
      iii. the individual's vocational rehabilitation is expected to require multiple vocational rehabilitation services over an extended period of time;  
   b. Selection Group II—The Most Significantly Disabled. An eligible individual is considered the most significantly disabled when the following apply:
      i. the individual meets the definition of an "individual with a significant disability" as defined in Subsection I above.
      ii. the individual's severe physical or mental impairment seriously limits three functional capacity areas; and  
      iii. the individual's vocational rehabilitation is expected to require multiple vocational rehabilitation services over an extended period of time;  
   c. Selection Group III—Significantly Disabled. An eligible individual is considered significantly disabled when the following apply:
      i. the individual meets the definition of an "individual with a significant disability" as defined in Subsection I above.
      ii. the individual's severe physical or mental impairment seriously limits two functional capacity areas; and  
      iii. the individual's vocational rehabilitation is expected to require multiple vocational rehabilitation services over an extended period of time;  
   d. Selection Group IV—Significantly Disabled. An eligible individual is considered significantly disabled when the following apply:
      i. the individual meets the definition of an "individual with a significant disability" as defined in Subsection I above.
      ii. the individual's severe physical or mental impairment seriously limits one functional capacity area; and  
      iii. the individual's vocational rehabilitation is expected to require multiple vocational rehabilitation services over an extended period of time.
e. Selection Group V—Non-Significantly Disabled. An individual is considered non-significantly disabled when:
   i. the individual has a physical or mental impairment;
   ii. the individual has been determined eligible for vocational rehabilitation services; and
   iii. the individual does not meet the above stated criteria for an individual who is either "the most significantly disabled" or "significantly disabled."

f. Other Considerations
   i. Individuals shall be placed in the highest priority category for which they are eligible.
   ii. Upon placement into a priority category, individuals will be notified in writing of their category assignment and of their right to appeal their category assignment.

5. Scope of Services Available. LRS’s order of selection shall not limit the scope of services available for eligible individuals within the selection group(s) being served.

6. Information and Referral. LRS will, as appropriate, refer those individuals in selection groups not being served to other components of the statewide workforce investment system that are best suited to address the specific employment needs of the individual with a disability.

7. Continuity of Services. LRS shall provide for continuity of services once an otherwise eligible individual is selected for and begins to receive services under an IPE, irrespective of the severity of the individual's disability.

8. Other Assurances
   a. All individuals within a higher priority category for services shall be served before individuals in the next lowest priority category.
   b. When it is impossible to serve all eligible individuals within a priority category, the individuals (in addition to referral to other components of the statewide workforce investment system) will be placed on a deferred services waiting list. Individuals on the deferred services waiting list will be served in chronological order based on the date of application.
   c. If the order of selection is rescinded, individuals on deferred services waiting lists and in unserved categories will be contacted and served in chronological order based on the date of application.

9. Client Participation in the Cost of Services. All LRS policy relative to client participation in the cost of services shall apply to individuals receiving services under the order of selection.

§110. Information and Referral Services

A. Purpose. The purpose of an expanded system of information and referral is as follows:

1. to ensure that individuals with disabilities who are not being served under LRS’ Order of Selection receive accurate vocational rehabilitation information and guidance to assist such individuals in preparing for, securing, retaining, or regaining employment; and

2. to ensure that such individuals, as appropriate, are referred to other federal and state programs, including other components of the statewide workforce investment system.

B. Services

   b. Information provided by LRS to the individual will contain:
      i. a copy of the notice of the referral by LRS to the other agency carrying out the program; and
      ii. information identifying a specific point of contact within the agency carrying out the program; and
      iii. information and advice regarding the most suitable services to assist the individual to prepare for, secure, retain, or regain employment.

§115. Financial

A. Comparable Services and Similar Benefits

1. Determination of Availability

   a. Prior to providing any vocational rehabilitation service to an eligible individual, except those services specified below in Subclauses c.i.(a)-(f), LRS will determine whether comparable services and benefits are available under any other program (other than a program carried out under Title IV, Rehabilitation Act Amendments of 1998) unless such a determination would interrupt or delay:

      i. the progress of the individual toward achieving the employment outcome identified in the IPE of the individual;

         ii. an immediate job placement; or

      iii. the provision of such service to any individual at extreme medical risk.

   b. Awards and Scholarships. For purposes of the determination of availability in Paragraph A.1 above, comparable benefits do not include awards and scholarships based on merit.

   c. Exceptions to Use of Comparable Services and Benefits

   2. LRS will consider, through budgetary analysis of assets, income, disability-related expenses and comparable services and benefits, the financial need of eligible individuals; individuals who are participating in trial work periods; and individuals under extended evaluations for purposes of determining the extent of the individual’s participation in the costs of certain vocational rehabilitation services.

      a. Neither a financial needs test, nor a budgetary analysis, is applied and no financial participation is required as a condition for furnishing the following vocational rehabilitation services:

         i. assessment for determining eligibility and priority for services, except those non-assessment services that are provided during an extended evaluation to explore the individual's abilities, capabilities, and capacity to perform in work situations (trial work periods);

§1507. Applicant/Client Appeal Rights

A. Administrative Review

1. The administrative review is a process which may be used by applicants/clients (or as appropriate the applicant's/client's representative) for a timely resolution of disagreements. However, this process may not be used as a means to delay a fair hearing conducted by an Impartial Hearing Officer. The administrative review will allow the applicant/client an opportunity for a face to face meeting in which a thorough discussion with the regional manager or designee can take place regarding the issue(s) of concern. All administrative reviews render a final decision expeditiously after receipt of the initial written request from the applicant/client.

2. All applicants/clients must be provided adequate notification of appeal rights at the time of application, development of the independent living plan, and upon reduction, suspension, or cessation of independent living services. Services will continue during the administrative review appeal process unless the services being provided under the current independent living plan were obtained through misrepresentation, fraud, collusion, or criminal conduct on the part of the client.

3. In order to insure that an applicant/client is afforded the option of availing themselves of the opportunity to appeal agency decisions impacting their independent living case, adequate notification by the counselor must include:
   a. the agency's decision;
   b. the basis for, and effective date of the decision;
   c. the specific means for appealing the decision;
   d. the applicant's/client's right to submit additional evidence and information, including the client's right to representation;
   e. advise the applicant/client of the Client Assistance Program and how they can access the program, including the telephone number; and
f. the name and address of the regional manager who should be contacted in order to schedule an administrative review or fair hearing.

NOTE: All administrative reviews must be conducted in a manner which ensures that the proceedings are understood by the applicant/client.

B. Fair Hearing

1. The fair hearing is the final level of appeal within Louisiana Rehabilitation Services. Subsequent to a decision being reached as a result of the fair hearing, any further pursuit of the issue by the applicant/client (or, as appropriate, the applicant's/client's representative) must be through the public court system.

2. The fair hearing process may be requested by applicants/clients to appeal disputed findings of an administrative review or as a direct avenue bypassing the administrative review option. The fair hearing will be conducted by an impartial hearing officer.

3. An impartial hearing officer shall be selected on a random basis to hear a particular case by agreement between the Louisiana Rehabilitation Services Director and the applicant/client. This officer shall be selected from among a pool of qualified persons identified jointly by Louisiana Rehabilitation Services and members of the Louisiana Rehabilitation Council. The impartial hearing officer shall provide the decision reached in writing to the applicant/client and to Louisiana Rehabilitation Services as expeditiously as possible.

4. All applicants/clients must be provided adequate notification of appeal rights at the time of application, development of the Independent Living Plan, and upon reduction, suspension, or cessation of independent living services.

5. Services will continue during the fair hearing process unless the services being provided under the current Independent Living Plan were obtained through misrepresentation, fraud, collusion, or criminal conduct on the part of the client.

6. In order to insure that the applicant/client is afforded the option of availing themselves the opportunity to pursue a fair hearing, adequate notification by the counselor and/or regional manager must include:
   a. the agency's decision (inclusive of an administrative review, if conducted);
   b. the basis for, and effective date of, that decision;
   c. the specific means for appealing the decision;
   d. the applicant's/client's right to submit additional evidence and information, including the client's right to representation at the fair hearing;
   e. advise the applicant/client of the Client Assistance Program and how they can access the program, including the telephone number; and
   f. the means through which a fair hearing may be requested, including the name and address of the regional manager.

NOTE: All fair hearings must be conducted in a manner which ensures that the proceedings are understood by the applicant/client.

§1509. Eligibility and Ineligibility

   2. for whom the delivery of independent living services will improve their ability to function, continue functioning, or move towards functioning independently in the family or community.

B. Determinations by Officials of Other Agencies. To the extent appropriate and consistent with the requirements of this Section, LRS will use determinations made by officials of other agencies regarding whether an individual satisfies one or more factors relating to whether an individual is an individual who has a physical or mental impairment which for such individual substantially limits their ability to function independently.

C. Compliance Provisions

   1. Nondiscrimination and Nonexclusion

      a. Eligibility decisions must be made without regard to sex, race, age, creed, color or national origin of the individual applying for services.

      b. No group of individuals is excluded or found ineligible solely on the basis of type of disability.

      c. No upper or lower age limit is established which will, in and of itself, result in a finding of ineligibility for any individual with a disability who otherwise meets the basic eligibility requirements specified in this manual.

      d. Louisiana Rehabilitation Services does not impose a residence requirement. Illegal aliens, however, cannot be served.

D. Determination of Ineligibility

   1. A determination of ineligibility for independent living services is made:

      a. when LRS is in possession of clear and convincing evidence that an individual has no physical and/or mental impairment which substantially limits an individual's ability to function independently in the family or community; or
b. when LRS is in possession of clear and convincing evidence that an individual with a disability does not require independent living services to function independently in the family or community; or

c. when LRS is in possession of clear and convincing evidence that an individual is incapable of benefitting from independent living services, in terms of becoming more independent in the home and/or community.

2. If an individual who applies for independent living services is determined (based on clear and convincing evidence) not eligible for services, or if an eligible individual receiving services under an Independent Living Plan (ILP) is determined to be no longer eligible for services, LRS shall:

a. provide an opportunity for full consultation with the individual or, as appropriate, the individual’s representative; and

b. inform the individual, or as appropriate, the individual's representative, in writing of:
   i. the reason(s) for the ineligibility determination; and

   ii. an explanation of the means by which the individual may express and seek a remedy for any dissatisfaction with the determination, including the procedures for review by an Impartial Hearing Officer and the availability of services from the Client Assistance Program; and

   iii. a referral to any other agencies or programs from whom the individual may be eligible to receive services, including a center for independent living or other components of the statewide workforce investment system.

3. LRS shall review the applicant's ineligibility at least once within 12 months after the ineligibility determination has been made and whenever is has been determined the applicant's status has materially changed. This review need not be conducted in situations where the applicant has refused the review, the applicant is no longer present in the state, or the applicant's whereabouts are unknown.

E. Use of Existing Information. To the maximum extent appropriate and consistent with the requirement of this Section, for purposes of determining eligibility of an individual for independent living services, LRS shall use information that is existing and current (as of the current functioning of the individual), including information available from the individual, other agencies and programs.

F. Eligibility for Nursing Home Residents. Eligibility is met if independent living services rendered enables the individual to permanently leave the nursing home or to participate in other ongoing community or family activities which will enhance the quality of the individual's life outside of the facility.

2. to ensure that such individuals, as appropriate, are referred to other federal and state programs, including centers for independent living.

B. Services

1. Information

   a. As appropriate, to the extent that such services are not purchased by LRS, LRS will provide the following informational services:
