EDUCATION
Part CXXXI. Bulletin 746—Louisiana Standards for State Certification of School Personnel

Chapter 1. Introduction

§101. Purpose
A. Certification is a licensing process whereby qualified professionals become legally authorized to teach or to perform designated duties in K-12 schools and early learning centers under the jurisdiction of the Board of Elementary and Secondary Education (BESE). The certification process provides a systematic and nondiscriminatory procedure for the credentialing of teachers and other school personnel.

B. Certification policies and statutes are designed to identify and support high quality teachers in all Louisiana classrooms; promote higher standards in the teaching profession; and provide for growth and development of the teaching profession. The Louisiana Department of Education (LDE) implements and maintains teacher certification procedures as mandated by legislation and BESE policy.

C. Certification policies are adopted and implemented in a manner, and with a timeline, that allows for a smooth transition from old to new requirements. Any certification change approved by BESE will include specified implementation dates. In particular, changes in Praxis exams will allow for a 12-month transition period from the date of adoption by BESE. Additionally:

1. if the passing score for a specific PRAXIS exam increases, there will be a 12-month period from the date of adoption by BESE to the effective date;

2. if the passing score for a specific PRAXIS exam decreases, scores achieved up to 12 months prior to the effective date adopted by BESE will be accepted.

D. When revised certification policy requirements necessitate a program change at the college level, a notice shall be given to institutions of higher education that have teacher preparation programs so that catalogs can be revised and incoming freshman can be notified of the changes.

E. This bulletin will serve as a reference for current state policy regarding initial certification and to certification option endorsement options for individuals seeking to become teachers, practicing teachers, personnel from both school districts and institutions of higher education, and persons requiring certification assistance.

§103. General Provisions
A. Effectiveness for Teachers. Beginning September 1, 2023, for renewal or advancement of teaching certification as required in individual sections of this Part and the standards of effectiveness in accordance with LAC 28:CXLVII (Bulletin 130), effectiveness may be met for the specified number of years in the following manner:

1. A teacher serving in a nonpublic school setting must earn the specified number of effective ratings per local personnel evaluations.

2. A teacher serving in a public school setting is required to meet the standards of effectiveness in accordance with LAC 28:CXLVII (Bulletin 130) Chapter 3.

3. A teacher providing instruction in a public school setting, not employed by but contracted to the public school with a BESE-approved company, must earn effective ratings per employer personnel evaluations.

4. Educators serving in multiple settings may be credited with evaluations appropriate to the employment setting for each year.

5. Any out-of-state experience must be verified as successful by the out-of-state employing authority or SEA.

B. Effectiveness for Leaders. Beginning September 1, 2023, for renewal or advancement of leadership certification as required in individual sections of this Part and the standards of effectiveness in accordance with LAC 28:CXLVII (Bulletin 130), effectiveness may be met for the specified number of years in the following manner:

1. Individuals employed in a leadership capacity at the school level in the public school setting must meet the standards of effectiveness in accordance with LAC 28:CXLVII (Bulletin 130) Chapter 3.

2. Individuals employed in a leadership capacity at the district level must earn effective ratings per local personnel evaluations.

3. Individuals employed in a leadership capacity in a nonpublic setting must earn effective ratings per local personnel evaluations.

4. Any out-of-state experience must be verified as successful by the out-of-state employing authority or SEA.

5. Educational leaders serving in multiple settings may be credited with evaluations appropriate to the setting for each year.
AUTHORIZED NOTE: Promulgated in accordance with R.S. 17:6, 17:7(6), R.S. 17:8.3 and 8.4, and R. S. 17:3902.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 50:20 (January 2024).

Chapter 3. Initial Teacher Certification

Subchapter A. Teacher Certification Areas and Required Competencies

Editor's Note: The name of the Division of Student Standards and Assessments has been changed to The Division of Student Standards, Assessments, and Accountability.

§301. Overview

A. Louisiana Revised Statute 17:7 provides for the duties, functions, and responsibilities of the Board of Elementary and Secondary Education (BESE). Specifically, 17:7(6)(a)(i) states that BESE shall prescribe qualifications and provide for certification of teachers in accordance with applicable law, and that such qualifications and requirements shall ensure that certification shall be a reliable indicator of minimum current ability and proficiency of the teacher to educate at the grade level and in the subject(s) to which the teacher is assigned.

B. The Louisiana competencies for initial teacher certification define what a teacher candidate must know and be able to do in order to be eligible for certification upon completion of a BESE-approved teacher preparation program. The competencies represent the knowledge and skills needed for teacher candidates to successfully transition to teaching, as determined by content experts, elementary and secondary educators, and postsecondary education leaders. The competencies establish what teacher candidates should be taught. Preparation providers and school system partners should determine how the competencies should be developed through quality practice experiences that include, at a minimum, a year-long residency as defined in Bulletin 996.

C. When a candidate has successfully completed a state-approved program that develops and assesses mastery of the competencies and has met state testing and grade point average certification requirements, the program provider recommends the candidate for certification.

1. The LDOE will accept no final grade below a "C" in coursework within the approved undergraduate program, with the exception of the general education requirements. All coursework used for certification purposes must be for regular credit and not of a remedial or developmental nature.

B. Educational leadership preparation programs and induction programs must be aligned with state and national standards in accordance with LAC 28:XXXXVII.301 in Bulletin 125.

C. Medical Excuse and Exceptions. Exceptions to policy will be considered in the case of serious medical condition or unavailability of required coursework or exams, when not in violation of law. When serious medical problems of the teacher or immediate family exist, a doctor statement is required with a letter of assurance from the teacher that the unmet policy requirements will be completed within a specified time period, as determined by the LDOE. The final authority for approval and policy flexibility is at the discretion of the LDOE.

3. The educator will have 10 days to respond to LDE communication, after which sanction of the credential will proceed, as will all other steps in accordance with this Section.
4. If the department determines that an educator was found to have participated in cheating, the credential will be considered for sanction by BESE. B. If the board or designee decides to conduct a records review, board staff will notify the applicant of a date, time, and place when a committee of the board will consider the applicant’s request. Only the written documentation provided prior to the records review will be considered. In all cases, appellants are encouraged to submit letters of recommendation from past/present employers, educator and professional references, and community leaders that evidence the character, ethics, rehabilitation, and accomplishments of the educator.

C. Submission of specific documentation is required and will be determined by the prior action or violation for which the records review is requested. BESE staff will communicate timelines and documentation requirements to appellants upon request.

D. The board reserves the right to accept or reject any document as evidence of rehabilitation and the right to determine if adequate rehabilitation has occurred and will itself determine if and when an applicant is eligible for issuance or reinstatement of an educator credential.

I paraprofessionals hired after January 8, 2002, must meet the following requirements to be hired:

1. possess a secondary school diploma or recognized equivalent including paraprofessionals who serve as translators or who conduct parental involvement activities; and

2. satisfy one of the following:
   a. pass a state approved assessment for paraprofessionals;
   b. obtain an associate (or higher) degree at a higher education institution; or
   c. complete two years of full-time study at an institution of higher education.

D. Louisiana Pathways for Paraprofessionals to Meet Federal Requirements. The U.S. Department of Education specifies that paraprofessionals should be able to demonstrate knowledge of and the ability to assist in instruction in the areas of reading, writing, and math, or in school readiness. Paraprofessionals are expected to have a working knowledge of the academic areas. Louisiana offers all paraprofessionals three ways to meet federal requirements.

1. State Test. A paraprofessional who passes the Educational Testing Service (ETS) para-pro assessment will meet state and federal requirements to be classified as a highly qualified paraprofessional. A paraprofessional who is not new to the profession, passes the ACT work keys assessment, and has successful observations will meet state and federal requirements to be classified as a highly qualified paraprofessional.

2. Two Years of Full-Time Study (48 Semester Credit Hours). State, district, and post-secondary education personnel collaborated in identifying course requirements for paraprofessionals within a state approved institution of higher education that would assist paraprofessionals when instructing students in the areas of reading, writing, math, and school readiness.

3. Associate Degree. State, district, and post-secondary education personnel collaborated in identifying course requirements for paraprofessionals within a state-approved institution of higher education that would assist paraprofessionals when instructing students in the areas of reading, writing, math, and school readiness.

E. State-Approved Institutions of Higher Education. State-approved higher education institutions may offer coursework to paraprofessionals. To be approved by the state, institutions must be accredited by a nationally recognized accrediting entity or granted pre-accreditation status. Newly developed public institutions that are formally seeking accreditation may obtain pre-accreditation status from the state. A list of approved institutions is available from the LDE upon request.
