Chapter 1. Introduction

§101. Purpose

A. Certification is a licensing process whereby qualified professionals become legally authorized to teach or to perform designated duties in K-12 schools and early learning centers under the jurisdiction of the Board of Elementary and Secondary Education (BESE). The certification process provides a systematic and nondiscriminatory procedure for the credentialing of teachers and other school personnel.

B. Certification policies and statutes are designed to identify and support high quality teachers in all Louisiana classrooms; promote higher standards in the teaching profession; and provide for growth and development of the teaching profession. The Louisiana Department of Education (LDE) implements and maintains teacher certification procedures as mandated by legislation and BESE policy.

C. Certification policies are adopted and implemented in a manner, and with a timeline, that allows for a smooth transition from old to new requirements. Any certification change approved by BESE will include specified implementation dates. In particular, changes in Praxis exams will allow for a 12-month transition period from the date of adoption by BESE. Additionally:

1. if the passing score for a specific PRAXIS exam increases, there will be a 12-month period from the date of adoption by BESE to the effective date;

2. if the passing score for a specific PRAXIS exam decreases, scores achieved up to 12 months prior to the effective date adopted by BESE will be accepted.

D. When revised certification policy requirements necessitate a program change at the college level, a notice shall be given to institutions of higher education that have teacher preparation programs so that catalogs can be revised and incoming freshman can be notified of the changes.

E. This bulletin will serve as a reference for current state policy regarding initial certification and to certification endorsement options for individuals seeking to become teachers, practicing teachers, personnel from both school districts and institutions of higher education, and persons requiring certification assistance.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), 17:7(6), 17:10, 17:22(6), 17:391.1-391.10, and 17:411.

Chapter 2. Initial Teacher Certification

Subchapter A. Teacher Certification Areas and Required Competencies

§201. Overview

A. Louisiana Revised Statute 17:7 provides for the duties, functions, and responsibilities of the Board of Elementary and Secondary Education (BESE). Specifically, 17:7(6)(a)(i) states that BESE shall prescribe qualifications and provide for certification of teachers in accordance with applicable law, and that such qualifications and requirements shall ensure that certification shall be a reliable indicator of minimum current ability and proficiency of the teacher to educate at the grade level and in the subject(s) to which the teacher is assigned.

B. The Louisiana competencies for initial teacher certification define what a teacher candidate must know and be able to do in order to be eligible for certification upon completion of a BESE-approved teacher preparation program. They represent the knowledge and skills needed for teacher candidates to successfully transition to teaching, as determined by content experts, elementary and secondary educators, and postsecondary education leaders. The competencies set forth what teacher candidates should be taught; preparation providers and their school system partners should determine how the competencies should be developed through quality practice experiences that include, at minimum, a year-long residency as defined in Bulletin 996.

C. When a candidate has successfully completed a state-approved program that develops and assesses mastery of these competencies and met state testing and grade point average certification requirements, the program provider recommends the candidate for certification.

NOTE: The LDE will accept no final grade below a “C” in coursework within the approved undergraduate program, with the exception of the general education requirements. All coursework used for certification purposes must be for regular credit and not of a remedial or developmental nature.

Chapter 3. Initial Teacher Certification

Subchapter A. Teacher Certification Areas and Required Competencies

Editor's Note: The name of the Division of Student Standards and Assessments has been changed to The Division of Student Standards, Assessments, and Accountability.

§301. Overview

A. Louisiana Revised Statute 17:7 provides for the duties, functions, and responsibilities of the Board of Elementary and Secondary Education (BESE). Specifically, 17:7(6)(a)(i) states that BESE shall prescribe qualifications and provide for certification of teachers in accordance with applicable law, and that such qualifications and requirements shall ensure that certification shall be a reliable indicator of minimum current ability and proficiency of the teacher to educate at the grade level and in the subject(s) to which the teacher is assigned.

B. The Louisiana competencies for initial teacher certification define what a teacher candidate must know and be able to do in order to be eligible for certification upon completion of a BESE-approved teacher preparation program. The competencies represent the knowledge and skills needed for teacher candidates to successfully transition to teaching, as determined by content experts, elementary and secondary educators, and postsecondary education leaders. The competencies establish what teacher candidates should be taught; preparation providers and school system partners should determine how the competencies should be developed through quality practice experiences that include, at a minimum, a year-long residency as defined in Bulletin 996.

C. When a candidate has successfully completed a state-approved program that develops and assesses mastery of the competencies and has met state testing and grade point average certification requirements, the program provider recommends the candidate for certification.

1. The LDE will accept no final grade below a "C" in coursework within the approved undergraduate program, with the exception of the general education requirements. All coursework used for certification purposes must be for regular credit and not of a remedial or developmental nature.

(Federal criminal code provisions are located in title 18 of the U.S.C.A., Crimes and Criminal Procedure.)

An individual may apply for a certificate if the following conditions apply:

1. five years have elapsed from date of entry of final conviction, the date of entry of his plea of nolo contendere, or from the date of receipt of notification from the board of its determination that the person submitted fraudulent documentation or facilitated cheating on a state assessment; and/or

If a conviction or information upon which the certificate has been denied is reversed, such action must be communicated to the department through documentation provided by the applicant.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), 17:7(6), 17:10, 17:22(6), 17:391.1-391.10, and 17:411.

Subchapter A. The Educational Leadership Certificate

§1503. Introduction

A. The educational leadership certification structure provides for four levels of leader certification: teacher leader; educational leader level 1; educational leader level 2; and educational leader level 3. The teacher leader certificate is an option for a teacher to be identified as a teacher leader and is not a state required credential for a specific administrative position. The educational leader level 1 certificate is an entry-level certificate for individuals seeking to qualify for school and/or district leadership positions such as assistant principals, principals, parish or city supervisors of instruction, supervisors of child welfare and attendance, special education supervisors, or comparable school/district
EDUCATION

leader positions. An individual advances from a level 1 to a level 2 certificate after successfully meeting standards of effectiveness for three years pursuant to Bulletin 130 and R.S. 17:3902, and completing the required years of experience. The level 3 certificate qualifies an individual for employment as a district superintendent. The LDE will issue a letter of eligibility for an EDL certificate to requesting educators not currently serving in an educational leadership role.

B. Educational leadership preparation programs and induction programs must be aligned with state and national standards in accordance with LAC 28:CXXXVII.301 in Bulletin 125.

C. Medical Excuse and Exceptions. Exceptions to policy will be considered in the case of serious medical condition or unavailability of required coursework or exams, when not in violation of law. When serious medical problems of the teacher or immediate family exist, a doctor statement is required with a letter of assurance from the teacher that the unmet policy requirements will be completed within one year of the exception being granted. The final authority for approval and policy flexibility is at the discretion of the LDE.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), 17:7(6), 17:10, 17:22(6), 17:391:1-391.10, 17:411, and 17:3902.

   a. pass a state approved assessment for paraprofessionals;
   b. obtain an associate (or higher) degree at a higher education institution; or
   c. complete two years of full-time study at an institution of higher education.

D. Louisiana Pathways for Paraprofessionals to Meet Federal Requirements. The U.S. Department of Education specifies that paraprofessionals should be able to demonstrate knowledge of and the ability to assist in instruction in the areas of reading, writing, and math, or in school readiness. Paraprofessionals are expected to have a working knowledge of the academic areas. Louisiana offers all paraprofessionals three ways to meet federal requirements.

1. State Test. A paraprofessional who passes the Educational Testing Service (ETS) para-pro assessment will meet state and federal requirements to be classified as a highly qualified paraprofessional. A paraprofessional who is not new to the profession, passes the ACT work keys assessment, and has successful observations will meet state and federal requirements to be classified as a highly qualified paraprofessional.

2. Two Years of Full-Time Study (48 Semester Credit Hours). State, district, and post-secondary education personnel collaborated in identifying course requirements for paraprofessionals within a state approved institution of higher education that would assist paraprofessionals when instructing students in the areas or reading, writing, math, and school readiness.

3. Associate Degree. State, district, and post-secondary education personnel collaborated in identifying course requirements for paraprofessionals within a state-approved institution of higher education that would assist paraprofessionals when instructing students in the areas of reading, writing, math, and school readiness.

E. State-Approved Institutions of Higher Education. State-approved higher education institutions may offer coursework to paraprofessionals. To be approved by the state, institutions must be accredited by a nationally recognized accrediting entity or granted pre-accreditation status. Newly developed public institutions that are formally seeking accreditation may obtain pre-accreditation status from the state. A list of approved institutions is available from the LDE upon request.
