

## D-9: BUY AMERICA CERTIFICATION FORM

**PURPOSE:** The “Buy America Certification Form” is used to certify that, as required by federal law, all of the iron, steel, specific construction materials – non-ferrous metals, lumber, composite building materials, plastic and polymer based pipe and tube, (for FY24 funded projects and forward), all construction materials, including manufactured products (for FY25 funded projects and forward) utilized in federally funded projects with an aggregate of \$250,000 or more funds, including HUD CDBG and RHP funds, are produced in the United States in a manner that complies with the Build America, Buy America Act, unless an applicable waiver applies or is granted by the Made in America Office of Management and Budget (MIAO).

**GENERAL INFORMATION:** BABA guidance requires the following Buy America preference: 1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States for FY 2023 funded projects forward; and, 2. All listed manufactured products used in the project are produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and, for FY 2025 funded projects forward; 3. All (listed and non-listed) construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

**CERTIFICATION:** I hereby certify the materials installed/to be installed pursuant to the attached Submittal conform to the Build America, Buy America Provisions. Signing this document does not alleviate the signee of providing evidence of such a request.

*The Prime Contractor is responsible for all subcontractors and also ensuring that all manufacturers and suppliers certify materials with the understanding that those certifying the material assume full legal responsibility of the material and are subject to providing documentation verifying the material meets all requirements upon demand. Engineers and/or Architects signed or stamped acceptance of the attached submittal declares the submittals and accompanying materials meet BABA requirements. Any additional materials needed for the project should be itemized, specify if BABA applies, and then certified by the engineer prior to submittal to OCD.*

**\* Attach the final certified itemized cost estimate that identifies all materials subject to BABA**
