## 4401-Tax Collection

### Program Authorization

*This program is authorized by the following legislation:*

- Title 36, Chapter 10 of the La. Revised Statutes

### Program Description

Program Initiatives: LDR wants to be a results-based, innovative, and focused organization that is capable of rapidly responding to the needs of its citizens/stakeholders. LDR exists to fairly and efficiently collect state tax revenues to fund public services and regulate the sale of alcoholic beverages, tobacco, and charitable gaming within Louisiana. LDR wants to continuously improve its abilities in the areas of Customer Service, Operational Efficiency & Accuracy, and Voluntary Compliance & Enforcement by achieving the group initiatives.

- Operational Efficiency and Accuracy means to utilize processes that will strategically streamline operations, lower operating costs and increase operating effectiveness.
- Voluntary Compliance and Enforcement means to utilize efficient processes and mechanisms that encourage and ensure voluntary compliance is easier and less complex. Meanwhile, these processes and mechanisms should also make involuntary compliance less necessary; but also ensure involuntary compliance is more productive and efficient. Target measures gauge the success of the agency's compliance and enforcements efforts.

### Program Goals:

- To improve the level of service provided to the citizens, businesses and stakeholders through improved operations in the customer service call center, decreased response time on incoming correspondence and improved refund processing times.
- Utilize processes that will strategically streamline operations and increase operating effectiveness by improving average return processing time and improving average remittance processing while increasing the percentage of funds deposited within 24 hours.
- Utilize efficient processes and mechanisms that encourage compliance and reduce complexity making involuntary compliance less necessary and in doing so become more productive and efficient.

### Program Activity:

Louisiana's tax system is based on the concept of voluntary compliance, with the expectation that taxpayers will voluntarily pay the right amount of tax timely. The program engages in a wide range of activities that directly or indirectly promote voluntary compliance, stretching from activities that occur before the taxpayer begins to fill out his or her return to enforcement of the tax laws through criminal prosecution.

The program comprises of the following core activities:

- Tax Policy Management - Tax policy activities focus on providing timely and accurate information for policy decision makers, clear guidance to taxpayers, employees, and the public regarding tax law and policy application, and coordinating interdivisional policy analysis and studies. Specific functions include preparing fiscal notes; analyzing and drafting legislation; drafting rules and coordinating the rule-making process; drafting other interpretative statements; and engaging in a number of stakeholder efforts to address emerging and/or sensitive policy issues.
- Revenue Collection & Distribution - The collection of data and revenues is an essential function of the tax collection program and is an invaluable resource for revenue forecasting, policy considerations by the Governor and Legislature, and issuance of refunds, rebates and other tax incentives. Primary activities include taxpayer registration, tax return and remittance processing, taxpayer account maintenance, and accounting for and distributing state and local tax revenues.

- **Taxpayer Assistance** - Voluntary compliance is promoted through taxpayer education, information and assistance. Primary activities include helping taxpayers understand their tax reporting and payment obligations via telephone and personal contact, responding to written inquiries, outreach opportunities, consultation visits, and processing of tax exemptions, certifications, permits, and clearances.
- **Tax Compliance** - Tax Compliance activities support voluntary compliance by promoting an optimal level of accurate tax reporting and payment. Activities include examining, auditing, or investigating returns, refund and rebate claims, and reports. Staff conducts tax return examinations and reconciles internal and external information to identify non-filers and under reporters. Field staff, located throughout this state and the United States, conduct audits of businesses that have activity in Louisiana by working directly with taxpayers to identify and correct improper reporting.
- **Tax Enforcement** - The Department is responsible for enforcing the tax laws for those who do not comply voluntarily. Primary activities include the collection of tax dollars owing on delinquent accounts, investigations to discourage tax fraud and evasion, and legal services to defend the state's interest through litigation of tax issues.
- **Administration** - Internal administrative services support activities to effectively carryout agency operations and the strategic business plan. These services include the overall management of the agency through executive oversight, internal auditing, accounting and budgeting, payroll administration, facilities management, purchasing, human resources, organizational development, forms management, mail services and technology management.
