

Corrections Services

Department Description

The mission of Corrections Services is to enhance public safety through the safe and secure incarceration of offenders, effective probation/parole supervision and proven rehabilitative strategies that successfully reintegrate offenders into society, as well as to assist individuals and communities victimized by crime. Through its partnership with the Louisiana Sheriffs' Association, the Department utilizes parish and local jails in addition to state correctional facilities to house offenders who have been committed to state custody and are awaiting transfer.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: Correction Services provide for the safety of staff and offenders by maintaining an organized and disciplined system of operations, which enhances the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service. Our employees conduct their duties and responsibilities with a high degree of integrity and respect for the value and dignity of human life.
- II. Provision of Basic Services: Correction Services provides food, clothing, and shelter services. Corrections are further committed to delivering quality and cost-effective health care services that maintain medical and behavioral health services during the offender's incarceration and to prepare him/her for release by providing linkage to care in the community.
- III. Correction Services promotes moral rehabilitation through program participation and provides an environment for offenders that encourages positive behavior change. On behalf of individuals demonstrating motivation for change and a desire to participate in programming, the Department seeks educational, rehabilitative, and productive work opportunities within the institution or in the community for individuals under supervision.
- IV. Opportunity for Making Amends: Through the opportunities to work and volunteer in prison jobs and educational programs, make restitution, participate in community restorative initiatives, and communicate in vic-

tim-initiated victim-offender dialogue, offenders can repair and/or learn from the harm caused by their crime. Correction Services believes that victims of crime have the right to an active role in shaping how their needs can be met.

V. Reentry: Correction Services recognizes the role of community participation and support in successfully delivering our vision and mission. By using evidence-based practices and following criminal justice reform legislation, Correction Services will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate with the end goal of safely reducing recidivism within Louisiana. Correction Services is committed to working with the public to reduce barriers and stigma faced by offenders that hinder their successful reintegration upon their return to our communities.

Corrections Services is comprised of 11 budget units: Corrections - Administration, Louisiana State Penitentiary (LSP), Raymond Laborde Correctional Center (RLCC), Louisiana Correctional Institute for Women (LCIW), Winn Correctional Center (WCC), Allen Correctional Center (ALC), Dixon Correctional Institute (DCI), Elayn Hunt Correctional Center (EHCC), David Wade Correctional Center (DWCC), Adult Probation and Parole (P&P), and B. B. "Sixty" Rayburn Correctional Center (RCC).

08-400-Corrections - Administration

Agency Description

The mission of Corrections – Administration is to provide for the custody, control, care, and treatment of adjudicated offenders through enforcement of the laws and management of programs designed to ensure the safety of the public, staff, and offenders and to reintegrate offenders into society.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: Corrections provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: Corrections basic services relating to adequate food, clothing and shelter. Corrections is further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: Corrections promotes moral rehabilitation through program participation and will provide an environment for offenders that enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution or in the community for offenders under supervision who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: Corrections is committed to developing community partnerships to include victims, relevant groups, and public and private agencies. We recognize the importance of the role of the community, the victim, and the offender in the successful criminal justice system. By using evidence-based practices, Correction Services will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

Corrections - Administration has four programs: Office of the Secretary, Office of Management and Finance, Adult Services, and the Board of Pardons and Parole.

4001-Office of the Secretary

Program Authorization

This program is authorized by the following legislation:

- *R.S. 15:574.2-574.21; R.S. 15:821-840; R.S. 36:401-409; R.S. 15:111; R.S. 46:1844; Hayes Williams, et al., v. John McKethen, et al., U.S. District Court, Middle District of Louisiana, Number CA 71-98-B*

Program Description

The mission of the Office of the Secretary within Corrections Services is to oversee development and implementation of departmental policy and to give direction and lend support in the administration, control, and operation of departmental programs and other activities related to offenders placed in State custody by the courts. To afford this direction and support, the Office provides department-wide administration, policy development, financial management and leadership, sets the standard for ongoing audit programs, and maintains a corporate culture for management excellence.

The goals of the Office of the Secretary Program are:

- I. Continue to lead the nation in correctional services by maintaining rigorous operational standards.
- II. Assist victims, support community needs, and offer offenders an opportunity to make amends.
- III. Sustain reentry efforts to ensure the focus on reentry in Louisiana is maintained on an annual basis.

To afford department-wide direction and support, the Office of the Secretary Program provides department-wide administration, policy development, financial management and leadership, sets the standards for ongoing audit programs, and maintains a corporate culture for management excellence. The department's Secretary is responsible for the functioning and control of all programs within the department. The Secretary formulates regulations and determines policies regarding management, personnel, and total operations. The Deputy Secretary is responsible for special duties and functions as assigned by the Secretary.

Executive support staff ensures that all administrative functions are carried out. The Legal Services Section represents and defends the department in pertinent litigation, including civil service matters. The chief of staff serves as chief administrative officer of the department's executive and administrative operations, coordinates headquarters policies, and addresses and resolves broad administrative issues that impact the whole department. The Office of the Secretary Program also maintains the Crime Victims Services Bureau, which publicizes and provides a way for crime victims and their family members to be kept informed about: successful court appeals; parole board or pardon board hearings or other release hearings; information regarding dates of possible release from physical custody, escape, apprehension or otherwise; and inquiries concerning the department's policies and programs for inmates. The office is also responsible for implementation of and reporting on Project Clean-Up, a joint effort of the Department of Public Safety and Corrections (DPS&C), Corrections Services, and the Department of Transportation and Development (DOTD). Project Clean-Up was developed and implemented to improve the appearance of roads and highways across the state. The project involves DPS&C offender crews for litter pickup and DOTD work crews for mowing and litter collection. In addition to picking up litter, adult offenders suitable for outside work details are assigned to clean out ditches, mow grass, and perform general maintenance tasks to help improve the state's appearance. Project Clean-Up offender crews are supervised by correctional officers who are equipped with radios and telephones.

4003-Adult Services

Program Authorization

This program is authorized by the following legislation:

- *R.S. 15:574.2-574.21; R.S. 15:821-840; R.S. 15:111; R.S. 36:407-408; R.S. 46:1844(A)(3); Hayes Williams, et al., v. John McKeithen, et al., U.S. District Court, Middle District of Louisiana, Number CA 71-98-B.*

Program Description

The mission of the Office of Adult Services is to provide administrative oversight and support of the operational programs of the adult institutions. The Chief of Operations leads and directs the Department's audit team, which conducts operational audits of all adult institutions and local facilities and assists all units with matters relative to the maintenance of ACA accreditation. Staff in this office also support the Administrative Remedy Procedure (offender grievance and disciplinary appeals). The Office of Adult Services also provides oversight of local facilities.

The goals of the Adult Services Program are:

- I. The Adult Services Program will maximize capacity utilization.
- II. The Adult Services Program will provide basic/broad-based educational programs to adult offenders who are motivated to take advantage of these services and have demonstrated behavior that would enable them to function within an educational setting.
- III. Prepare offenders for release through implementation of innovative programs and initiatives.
- IV. Maximize public safety through appropriate and effective correctional, custodial, and supervisory programs.
- V. To provide constitutionally acceptable levels of health care that reflect community care standards and operate in an efficient and cost-effective manner.
- VI. To develop and implement a comprehensive mental health program to screen, diagnose and treat mental illness, developmental disabilities, and substance abuse.

Louisiana has 9 state adult correctional facilities, one of which is operated by a private prison management corporation. Louisiana's adult prison system came under federal court order in June 1975. During 1997, ten adult state prisons were released from the federal consent decree, under which all state prisons had operated since 1983, (except for a brief period of time when nine had been released from the consent decree). The remaining adult facility, Louisiana State Penitentiary, was released from court supervision in April 1999. According to the 2020 Southern Legislative Conference survey conducted by the Legislative Fiscal Office, Louisiana ranks 10th in incarceration rates out of the 15 southern region states with 326.15 offenders per 100,000 population compared to the southern average of 393.35 offenders per 100,000 population.

4004-Pardon Board

Program Description

The mission of the Board of Pardons and Parole, whose members are appointed by the Governor and confirmed by the State Senate, is to recommend clemency relief (commutation of sentence, restoration of parole eligibility, pardon and restoration of rights) for offenders who have shown that they have been rehabilitated and have been or can become law-abiding citizens. The Board shall also determine the time and conditions of releases on parole of all adult offenders who are eligible for parole and determine and impose sanctions for violations of parole. No recommendation is implemented until the Governor signs the recommendation.

The goal of the Board of Pardons and Parole is to continue to render objective determinations of clemency applications and provide for the reintegration of parole eligible offenders in a manner consistent with public safety.

08-402-Louisiana State Penitentiary

Agency Description

Louisiana State Penitentiary (LSP), a maximum security facility, is located at Angola, on an isolated 18,000- acre site in a bend of the Mississippi River. It was opened in 1901 and today is the largest correctional facility in the south and one of the largest in the United States. Within LSP's boundaries are the 2,000-man Main Prison and four 'outcamps', which are largely self-contained living units of various sizes. The LSP also houses Louisiana's death row and execution chamber. On the LSP grounds is a community of approximately 250 homes and 750 people (staff and family members), which is supported by a post office, community center, grocery store, and recreational facilities. The Louisiana State Penitentiary attained American Correctional Association (ACA) accreditation in January 1994 and has since maintained accreditation. LSP was removed from court oversight on April 7, 1999. Current operational capacity is 4,967.

The mission of the Louisiana State Penitentiary is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: LSP provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: LSP provides basic services relating to adequate food, clothing and shelter. LSP is further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: LSP promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: LSP is committed to developing partnerships throughout our communities to include victims, relevant groups, and public and private agencies. LSP recognizes the importance of the role of the community, the victim and the offender in the successful criminal justice system. By using evidence-based practices, LSP will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

Louisiana State Penitentiary has four programs: Administration, Incarceration, Auxiliary (Offender Canteen), and Auxiliary (Rodeo).

4022-Incarceration

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, and 3) Health Services. It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

The goals of the Incarceration Program are:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.)

The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic, and vocational educational programs, religious guidance programs, recreational programs, on-the-job training and institutional work programs.

The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities.

The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Offender Canteen Fund is administered as a service to offenders of Louisiana State Penitentiary. The fund is used to account for purchases by offenders of consumer items from the institution's canteen. The institution supplies basic food and hygiene products to offenders. However, the Offender Canteen Fund provides a mechanism for offenders to obtain items in greater quantity or variety than supplied by the institution. This account is funded entirely with fees and self-generated revenues derived from offender canteen sales.

402W-Auxiliary Account - Rodeo

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Angola Prison Rodeo is a professionally produced rodeo held annually every Sunday in October, and one weekend in April. Angola contracts with professional rodeo stock contractors to provide the rodeo stock used in events, and professional judges are contracted to objectively judge each event. In addition, to ensure offender participant safety, professional rodeo clowns and a full complement of emergency services personnel are always present in the arena during events.

The objective of the Angola Prison Rodeo remains to provide the prison population at Louisiana State Penitentiary with an opportunity for positive behavior changes.

This account is funded entirely with Fees and Self-generated Revenues derived from the sale of admission ticket, offender hobby crafts, and advertising.

08-405-Raymond Laborde Correctional Center

Agency Description

Raymond Laborde Correctional Center (RLCC), located near Cottonport in Avoyelles Parish, opened in October 1989. The prison is located on a 1,187-acre tract that includes 38 acres of vegetable fields and 80 acres on which the institution itself is sited. Offender living areas include four dormitories (including an honor dorm for offenders who maintain a very good institutional conduct record) and a working cellblock for maximum custody offenders whose institutional conduct precludes assignment to minimum or medium custody dormitories. Current operational capacity is 1,808. In February 1993, the RLCC began operating under the unit management concept, in which Corrections Security Officer Majors serve as unit managers. This concept allows for more defined areas of responsibility and accountability. RLCC received American Correctional Association (ACA) accreditation in December 1992 and has since maintained accreditation. RLCC was released from the federal consent decree in 1997.

The mission of Raymond LaBorde Correctional Center is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: RLCC provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: RLCC provide basic services relating to adequate food, clothing and shelter. RLCC will further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: RLCC promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: RLCC is committed to developing partnerships throughout our communities to include victims, relevant groups, and public and private agencies. RLCC recognizes the importance of the role of the community, the victim and the offender in the successful criminal justice system. By using evidence-based practices, RLCC will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

Raymond Laborde Correctional Center has three programs: Administration, Incarceration and Auxiliary.

4052-Incarceration

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, and 3) Health Services. It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

The goals of the Incarceration Program are:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.)

The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training, and institutional work programs.

The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities.

The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Offender Canteen Fund is administered as a service to offenders of Raymond Laborde Correctional Center. The fund is used to account for purchases by offenders of consumer items from the institution's canteen. The institution supplies basic food and hygiene products to offenders. However, the Offender Canteen Fund provides a mechanism for offenders to obtain items in greater quantity or variety than supplied by the institution. This account is funded entirely with fees and self-generated revenues derived from offender canteen sales.

08-406-Louisiana Correctional Institute for Women

Agency Description

Louisiana Correctional Institute for Women (LCIW), located on a 200-acre site in St. Gabriel, was opened in 1973, however has not been operational due to the August 2016 flood. Currently, the female offenders of all security classes that would be housed at the LCIW facility are being housed at various facilities throughout the state, primarily the former Jetson Correctional Center for Youth. The current operational capacity is 604 offenders. In July 1993, the LCIW received American Correctional Association (ACA) accreditation and has since maintained accreditation. In 1997, the LCIW was released from the federal consent decree.

The mission of the Louisiana Correctional Institute for Women is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: LCIW provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: LCIW provides basic services relating to adequate food, clothing and shelter. LCIW is further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: LCIW promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: LCIW is committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. LCIW recognizes the importance of the role of the community, the victim, and the offender in the successful criminal justice system. By using evidence-based practices, LCIW will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

Louisiana Correctional Institute for Women has three programs: Administration, Incarceration, and Auxiliary.

4062-Incarceration

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, and 3) Health Services. It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

The goals of the Incarceration Program are:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.)

The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training, and institutional work programs.

The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities.

The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Offender Canteen Fund is administered as a service to offenders of the Louisiana Correctional Institute for Women. The fund is used to account for purchases by offenders of consumer items from the institution's canteen. The institution supplies basic food and hygiene products to offenders. However, the Offender Canteen Fund provides a mechanism for offenders to obtain items in greater quantity or variety than supplied by the institution. This account is funded entirely with fees and self-generated revenues derived from offender canteen sales.

08-407-Winn Correctional Center

Agency Description

Winn Correctional Center (WNC), a medium custody facility located on a 1,209-acre tract in Winn Parish, was opened in March 1990. Current operational capacity is 1,440 offenders, however only 10 state offenders are being housed in this facility. WNC is a privately managed state correctional institution operated by the Winn Parish Law Enforcement District. Currently, the majority of the operational capacity is being utilized to house Immigration and Customs Enforcement (ICE) detainees. The WNC received American Correctional Association (ACA) accreditation in June 1991 and has since maintained accreditation. WNC was released from the federal consent decree in 1997.

The mission of WNC is to house offenders for the Louisiana Department of Public Safety and Corrections. Specifically, the facilities maintain the necessary level of security to ensure public safety as well as provide work programs, academic programs, and vocational programs to incarcerated offenders.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: WNC provide for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: WNC provide basic services relating to adequate food, clothing, and shelter. WNC are further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: WNC promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: WNC is committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. WNC recognizes the importance of the role of the community, the victim, and the offender in the successful criminal justice system. By using evidence-based practices, WNC will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

Winn Correctional Center has two programs: Administration and Purchase of Correctional Services.

4077-Purchase of Correctional Services

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409 and R.S. 39:1800.1-1800.7

Program Description

The mission of the Purchase of Correctional Services Program is to provide sufficient resources and accountability for funds required for contract obligations with the private provider and to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders.

The goals of the Purchase of Correctional Services Program are:

- I. Provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. Provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their ability to successfully reintegrate into society.
- III. Assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.

08-408-Allen Correctional Center

Agency Description

Allen Correctional Center (ALC), a medium custody facility located in Kinder, was opened in 1990. The current operational capacity is 1,474 offenders. ALC became a state operated correctional institution in August 2017. ALC received American Correctional Association (ACA) accreditation in January 1993 and has since maintained accreditation. ALC was released from the federal consent decree in 1997.

The mission of Allen Correctional Center is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: ALC provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: ALC provides basic services relating to adequate food, clothing and shelter. ALC is further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: ALC promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: ALC is committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. ALC recognizes the importance of the role of the community, the victim and the offender in the successful criminal justice system. By using evidence-based practices, ALC will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

Allen Correctional Center has three programs: Administration, Incarceration, and Auxiliary.

4082-Incarceration

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, and 3) Health Services. It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

The goals of the Incarceration Program are:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.)

The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training, and institutional work programs.

The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities.

The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Offender Canteen Fund is administered as a service to offenders of Allen Correctional Center. The fund is used to account for purchases by offenders of consumer items from the institution's canteen. The institution supplies basic food and hygiene products to offenders. However, the Offender Canteen Fund provides a mechanism for offenders to obtain items in greater quantity or variety than supplied by the institution. This account is funded entirely with fees and self-generated revenues derived from offender canteen sales.

08-409-Dixon Correctional Institute

Agency Description

Dixon Correctional Institute (DCI) is located on a 3,000-acre site in Jackson. The institution, which opened in 1976 as the first satellite facility built following the decision to decentralize the Louisiana State Penitentiary, is now a multi-security level institution with an operational capacity of 1,800 offenders. DCI received American Correctional Association (ACA) accreditation in August 1993 and has since maintained accreditation. DCI was released from the federal consent decree in 1997.

The mission of Dixon Correctional Institute is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: DCI provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: DCI provides basic services relating to adequate food, clothing, and shelter. DCI is further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: DCI promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: DCI is committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. DCI recognizes the importance of the role of the community, the victim and the offender in the successful criminal justice system. By using evidence-based practices, we will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

Dixon Correctional Institute has three programs: Administration, Incarceration, and Auxiliary.

4092-Incarceration

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, and 3) Health Services. It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

The goals of the Incarceration Program are:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.)

The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training, and institutional work programs.

The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities.

The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Offender Canteen Fund is administered as a service to offenders of Dixon Correctional Institute. The fund is used to account for purchases by offenders of consumer items from the institution's canteen. The institution supplies basic food and hygiene products to offenders. However, the Offender Canteen Fund provides a mechanism for offenders to obtain items in greater quantity or variety than supplied by the institution. This account is funded entirely with fees and self-generated revenues derived from offender canteen sales.

08-413-Elayn Hunt Correctional Center

Agency Description

Elayn Hunt Correctional Center (EHCC) is an adult male, multi-level security institution located at St. Gabriel. The prison, which opened in 1979, has an operational capacity of 1,975. EHCC serves two major correctional functions. In addition to housing male offenders on a permanent basis, EHCC is the primary intake point of adult male offenders committed to the Department of Public Safety and Corrections (DPS&C). This function is known as the Hunt Reception and Diagnostic Center (HRDC). EHCC received American Correctional Association (ACA) accreditation in August 1993 and has since maintained accreditation. EHCC was released from the federal consent decree in 1997.

The mission of Elayn Hunt Correctional Center is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: EHCC provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: EHCC provides basic services relating to adequate food, clothing, and shelter. We are further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: EHCC promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: EHCC is committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. EHCC recognizes the importance of the role of the community, the victim, and the offender in the successful criminal justice system. By using evidence-based practices, we will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

Elayn Hunt Correctional Center has three programs: Administration, Incarceration, and Auxiliary.

4132-Incarceration

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, 3) Health Services and 4) Diagnostic (EHCC). It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

The goals of the Incarceration Program are:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.)

The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training, and institutional work programs.

The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities.

The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Offender Canteen Fund is administered as a service to offenders of Elayn Hunt Correctional Center. The fund is used to account for purchases by offenders of consumer items from the institution's canteen. The institution supplies basic food and hygiene products to offenders. However, the Offender Canteen Fund provides a mechanism for offenders to obtain items in greater quantity or variety than supplied by the institution. This account is funded entirely with fees and self-generated revenues derived from offender canteen sales.

08-414-David Wade Correctional Center

Agency Description

David Wade Correctional Center (DWCC) is located in Claiborne Parish near Homer. The multi-level security institution, which opened in 1980, is located on approximately 1,500 acres of land, much of which is timberland; approximately 240 acres are cleared for the physical plant and pastureland. Offenders are housed in restrictive cellblocks, working cellblocks, or dormitories, according to their custody level, conduct, and needs. In August 1992, DWCC became the first state-operated Louisiana correctional institution to be accredited by the American Correctional Association (ACA) and has since maintained accreditation. In 1997, DWCC was released from the consent decree. The current operational capacity is 1,224 offenders.

The mission of David Wade Correctional Center is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: DWCC provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: DWCC provides basic services relating to adequate food, clothing, and shelter. DWCC is further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: DWCC promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: DWCC is committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. DWCC recognizes the importance of the role of the community, the victim and the offender in the successful criminal justice system. By using evidence-based practices, DWCC will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

David Wade Correctional Center has three programs: Administration, Incarceration, and Auxiliary Account.

4142-Incarceration

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, and 3) Health Services. It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

The goals of the Incarceration Program are:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.)

The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training, and institutional work programs.

The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities.

The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

Program Description

The Offender Canteen Fund is administered as a service to offenders of the David Wade Correctional Center. The fund is used to account for purchases by offenders of consumer items from the institution's canteen. The institution supplies basic food and hygiene products to offenders. However, the Offender Canteen Fund provides a mechanism for offenders to obtain items in greater quantity or variety than supplied by the institution. This account is funded entirely with fees and self-generated revenues derived from offender canteen sales.

08-415-Adult Probation and Parole

Agency Description

The mission of Adult Probation and Parole (organizationally expressed as the Division of Probation and Parole) is to protect public safety by providing for the investigation and supervision of adjudicated adult offenders through the enforcement of legal statutes and the provision of community-based programs that are designed to facilitate offenders' adjustment and reintegration into society.

The goals of the Division of Probation and Parole are:

- I. Ensure public safety and confidence in community sanctions.
- II. Manage the Division of Probation and Parole programs effectively, efficiently, and professionally.

The Division of Probation and Parole functions as a 'community services' division and consists of a headquarters office in Baton Rouge and 20 district offices strategically located throughout the state. The division protects public safety by investigating adjudicated adult offenders for the courts and other decision makers; supervising those who are placed on probation, parole (regular and good time), or work release; and enforcing the conditions attached to their presence in the community.

Probation and Parole received American Correctional Association (ACA) accreditation in 1994 and has since maintained accreditation.

Adult Probation and Parole has two programs: Administration & Support and Field Services.

4151-Administration and Support

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:574.2-15:574.20 and R.S. 36:401-409

Program Description

It is the mission of the Administration and Support Program to provide management direction, guidance, and coordination, as well as to provide the administrative support services necessary for all operational needs. To carry out this mission, the Administration and Support Program provides quality administration, policy development, financial management, and leadership. Policies and procedures are reviewed periodically in order to standardize processes and increase efficiency and effectiveness. This requires the development of the necessary documents and procedures to guide the process by the Administration and Support Program. Appropriate staffing standards and formulas are developed and implemented, and workloads are monitored and compared to statutory workload limits. Priority is placed on the hearing of parole and probation revocation cases in an expeditious manner.

The goal of the Administration and Support Program is to continue to provide for administration and leadership on a statewide level for services rendered to adult jurisdictional courts, the Board of Pardons and Parole, and the Interstate Compact states.

To carry out its mission, the Administration and Support Program provides quality administration, policy development, financial management and leadership. To increase efficiency and effectiveness, policies and procedures are reviewed in order to standardize processes to the extent possible. This change required development by the Administration and Support Program of the necessary documents and procedures to guide the process. Appropriate staffing standards and formulas are developed and implemented; workloads are monitored and compared to statutory workload limits. Priority is placed on the hearing of parole and probation revocation cases in an expeditious manner.

08-416-B.B. "Sixty" Rayburn Correctional Center

Agency Description

B. B. "Sixty" Rayburn Correctional Center (RCC) is a medium security facility located on a 1,025-acre site in Washington Parish. Formerly named Washington Correctional Institute, the facility opened in 1983 and has an operational capacity of 1,314 offenders who must be eligible for release within 20 years. Offenders are housed predominantly in four dormitories; a fifth unit is a maximum custody working cellblock housing 108 offenders. RCC received American Correctional Association (ACA) accreditation in August 1993 and has since maintained accreditation. The facility was released from the federal consent decree in 1997.

The mission of B.B. "Sixty" Rayburn Correctional Center is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: RCC provides for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: RCC provides basic services relating to adequate food, clothing and shelter. RCC is further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: RCC promotes moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: RCC is committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. RCC recognizes the importance of the role of the community, the victim, and the offender in the successful criminal justice system. By using evidence-based practices, RCC will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

B. B. "Sixty" Rayburn Correctional Center has three programs: Administration, Incarceration, and Auxiliary.

4162-Incarceration

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, and 3) Health Services. It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

The goals of the Incarceration Program are:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.)

The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training, and institutional work programs.

The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities.

The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

Program Authorization

This program is authorized by the following legislation:

- R.S. 15:821-840.2 and R.S. 36:401-409

Program Description

The Offender Canteen Fund is administered as a service to offenders of Rayburn Correctional Center. The fund is used to account for purchases by offenders of consumer items from the institution's canteen. The institution supplies basic food and hygiene products to offenders. However, the Offender Canteen Fund provides a mechanism for offenders to obtain items in greater quantity or variety than supplied by the institution. This account is funded entirely with fees and self-generated revenues derived from offender canteen sales.
