Most Impacted and Distressed Threshold (Projected)	\$0.00	\$0.00

Overall Progress Narrative:

During the 2019 Q2, a total of \$6.6M in disaster recovery CDBG grant funds were expended on the Housing, Infrastructure, Economic Development, Planning and Technical Assistance Programs designed to assist Louisianans in the recovery from Hurricanes Katrina and Rita. Approximately 18.5% of the total went to state administrative costs for 2019 Q2. However, overall administration costs remain at 1.07% since the program began. The current state administrative cost is higher than in previous years due to the increase in monitoring and compliance activities, as well as project closeout costs as these activities wind down. Details on project costs, beneficiary data, and performance measures can be found within this document.

Activity Description:

As co-recipients of a HUD Choice Neighborhoods Initiative (CNI) grant, the City of New Orleans and the Housing Authority of New Orleans have engaged On Iberville Phase VII, LLC to develop a fifty-six (56) unit multi-family rental development to create CNI Replacement Units within the Iberville/Tremé CNI neighborhood boundaries. The project will include historic rehabilitation as well as new construction rental housing units. The overall project will be a mixed-income with approximately 10% of its units available to market rate tenants. Project Based Rental Assistance will be provided by the Housing Authority of New Orleans.

Location Description:

1511 Conti, New Orleans, LA

Activity Description:

Before the disaster, a large portion of very low income working families resided in single-family homes, “doubles” and small, multi-family buildings that were owned and operated by small-scale landlords. Many of these properties were underinsured or uninsured, and no longer available for occupancy. The state proposes to provide up to \$869,000,000 in financial assistance to small rental property owners so that they effectively might return an estimated 18,000 affordable and ready-to-be-occupied units to the rental housing market.

A portion of the funds (\$40 million) is set aside as a pilot program to assist in the creation of homeownership opportunities for renters and will be administered by the Louisiana Housing Finance Agency. The primary purposes of this incentive program is to enable small-scale rental properties to return to the market while limiting the amount of debt (and therefore debt service) required for the properties, so that the owners will be able to charge affordable rents. The program will, on a competitive basis, offer incentives in the form of forgivable loans to qualified owners who agree to offer apartments to be occupied by lower income households at affordable rents.. Subsidies will be provided on a sliding scale, and the minimum subsidy will be provided for units made available at affordable market rents to households with incomes at or below 80% of median. The maximum amount of subsidy will go to units affordable to families with incomes at or below 50% of AMI. In addition to funding incentives for providing affordable units in small rental properties, the program will, where practical, make funds available to improve building design and make properties less susceptible to damage from natural events. In general, higher per unit amounts will be available to property owners who agree to offer lower rents to reflect the lower amount of rental income the properties will receive. The assistance will be offered as deferred payment loans at zero percent interest, due only upon resale of the property or failure to comply with the agreed-upon restrictions on rents and household incomes. The program will, on a competitive basis, provide zero interest gap financing to restore units that are rented at affordable rates.

Higher funding amounts, up to \$100,000 per unit are available to qualified landlords who agree to offer lower rents, with the maximum amount of subsidy going for larger rental units where rents are for families with incomes at or below 50% area median income. This program is planned to create 18,000 units - 8,100 Low and 5,400 Moderate income; 13,500 affordable units - 8,100 Low and 5,400 Moderate income; 1,500 assisted units occupied by the low income elderly; 600 units subsidized with project based rental assistance; 4,500 lead safe units; and 1,500 units which meet Sec. 504 accessibility standards.

Activity Description:

HUD approved the release of funds for the First Time Homebuyer Pilot Program; outlined in Action Plan One, Amendment 4; on December 12, 2006 to assist low to middle income borrowers in the acquisition of single family, owner occupied property in the 13 Katrina and Rita affected parishes. The FANO (Finance Authority of New Orleans) has been contracted to administer the funds for Orleans Parish. Their program offers up to \$65,000,000 on a soft second mortgage to a low to middle income borrower for the acquisition of a single family, owner occupied property in one of the City's designated disaster zones. The LHFA (Louisiana Housing Finance Agency) is contracted to administer the remaining eleven parishes and their use of the funds is in an interest rate buy down and is also used in conjunction with Mortgage Revenue Bonds (MRB).

Location Description:

Orleans Parish

Activity Description:

This program will be funded with a portion of the \$75M in Small Rental Program (SRP) funds designated for the purpose of promoting homeownership and expanding housing opportunities for existing LMI renter households(those earning less than 80% of the area median income), using the supply of Louisiana Land Trust (LLT) Properties. By targeting financial support to the redevelopment of these properties selected by the local governments, this program will also promote neighborhood revitalization in critical areas throughout the Louisiana Gulf Coast. Funding for this initiative will be subject to the guiding principles of the SRP. Specifically, all funding will be restricted to four unit properties and to restoring property that received severe or major damage through Hurricanes Rita or Katrina in the 13 Parishes suffering the most severe damage to their rental housing stocks. The process is designed to work as follows. Parish government officials will be asked to select a pool of LLT parcels to be targeted for re-development as first time homebuyer properties. These properties will be grouped together in clusters whenever possible in order to take advantage of economies of scale and to ensure that their development will have a significant positive impact on the area. The selected properties and commitments for any necessary CDBG subsidies will be offered through a competitive process to qualified developers, including nonprofit and for-profit organizations, that are able to provide a finished property that meets the Program's quality standards and is affordable to the pool on income eligible buyers. Upon completion, the properties will be sold at a market price set at the full cost of development, but the actual cost to the qualified first time homebuyers will be significantly less. The difference or gap will be provided in the form of a no interest, soft second mortgage to the purchaser. The amount of the soft second loan will be scaled to ensure that the actual cost of purchasing the property is affordable to eligible buyers taking into consideration prevailing interest rates, construction and operating costs, and industry standards for affordability, such as 30% of income for housing costs. Funding for an LLT rental property would range from \$10,000 to \$100,000. This soft second loan will be forgiven over time for the period the purchaser

remains in the home. However, the program will be structured to provide recapture of benefits in the event of sale. For instance, if the new homeowner sells the property before their soft second loan is completely forgiven, the outstanding principal or a portion of this principal will be due on sale depending on whether the owner has realized a gain over this initial investment, i.e. his equity and the amount of the first mortgage that he took on in order to purchase the property. Purchasers will be selected based on a lottery system. The Parish government may elect to provide priorities to select groups of eligible purchasers, e.g. uniformed workers. Where appropriate, Parish governments may also elect to select a pool of LLT properties to be developed as affordable rental housing, including rent to own developments. Again, any properties developed through an LLT rental initiative would also have to meet the basic requirements previously stated.

Jefferson Parish	\$0.00	\$0.00
Most Impacted and Distressed Expended	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

The Parish has determined a need in Lafreniere Park for rehabilitation and removal of barriers that restrict the mobility and accessibility of elderly or severely disabled person to public facilities, however updates were not completed sooner due to the immediate recovery and repair needs of housing, infrastructure, and other economic activities post-Katrina. Repairs made at the park post-disaster focused on clean up, but further work is needed to repair the facilities that were damaged during post-disaster debris clean up and to support the long-term needs and uses of the park, its function in the community, and the resources it provides for post-disaster management.

Location Description:

3000 Downs Blvd, Metairie, La (lat 29.9985/long -90.2148)

Activity Progress Narrative:

No APA necessary. New UN activity created to fund the rehabilitation of Lafreniere Park in Jefferson Parish. Funds from Jefferson Parishes' unallocated dollars. Activity ILTR - Budget for Jefferson Parish Proj. in Review to activity ILT200289

Activity Description:

Code enforcement, in conjunction with other Disaster Recovery projects, is critical to the recovery of the City of New Orleans. Five (5) staff members have been administering the City's slum and blight removal efforts in the aftermath of Hurricane Katrina. The requested funding has expedited the process of identifying property owners, and made the noticing process more efficient. With a more efficient noticing process, more judgments can be issued to remove blight through the seizure and sale of properties at auction. This ensures that truly abandoned properties are addressed and not those where owners intend to return, but are still waiting for additional funding or are overcoming some other impediment. This policy applies citywide and funding will be needed for additional staffing in responsible agencies.

Activity Description:

The project funded the acquisition and either clearing or rehabilitation of commercial and residential property in the St. Claude area of New Orleans. One organization that has received funding is the Healing Center in New Orleans.

Location Description:

St. Claude Avenue, bounded by Elysian Fields and Delery Street, including all properties within one block of St. Claude Avenue. Additionally, the project footprint includes North Claiborne Avenue - from Tennessee Street to Delery Street in the Lower 9th Ward. Healing Center address; 2372 St. Claude Ave., New Orleans, LA 70117

Activity Progress Narrative:

No expenditures this quarter, only a change in DRGR Action Plan.

Activity Description:

This project is an 80/20 match with CDBG - DR funds being used as the 20 % match. The concept is for the CDBG funds to finance the design and inspection services as required by FHWA/LaDOTD. The remaining portion of the CDBG funds will be used for the construction match. The recovery efforts of the roadway systems in St. Bernard Parish are critical to the overall welfare of the parish. The thirteen roadway improvements included in the target area have been devastated since Hurricane Katrina and Rita. The roadway reconstruction will allow for a systematic recovery for the entire St. Bernard Parish. Due to a DRGR difference in the 2nd grant, the Other Funds section does not include the same identity of funds sources as the 1st grant. This activity is also funded by \$3,956,238.81 in Federal Highway Administration (FHWA) funds.

Location Description:

Mehle St. (from N. Peters St. to LA 46, and LA 39 to Patricia St.), Aycock St. (LA 46 to LA 39), Friscoville Ave. (N. Peters St. to LA 46, and LA 46 to Alexander Dr.), Packenham Dr. (LA 39 to N. Activity Description:

Redevelopment program designed to revitalize residential neighborhoods affected by the construction of the VA Hospital and medical research center. The program will finance the rehabilitation or demolition of fifteen (15) structures relocated from the project footprint under the VA Medical Center Land Acquisition & Relocation grant (ILTR - 00122) to lots primarily in the Hoffman Triangle neighborhood, where approximately 53% of the residents meet HUD's Low to Moderate Income (LMI) criteria. In the case of any relocated structures found to be in an imminent danger of collapse, funds will be used to pay demolition costs. ILTR - 00287B holds remaining funds for the demolition piece of this project.

Location Description:

3600 Second Street, 3626 Second Street, 3328 Third Street, 3619 Fourth Street, 3914 Erato Street, 2420 Gravier Street, 3024 Jackson Avenue, 3219 Jackson Avenue, 1323 S. Derbigny Street, 3614 Washington Avenue, New Orleans, LA

Activity Progress Narrative:

Expenditures this quarter were for audit/accounting services, construction management services, and construction costs.

Activity Description:

See Activity Description for ILTR - 00287A. When necessary, Disaster CDBG funds will pay the cost of demolishing those buildings found to be in slum/blighted condition, as determined by the City of New Orleans Code Enforcement and Safety and Permits Department. These structures will be inspected to see if there is danger of collapse. It will be the responsibility of the Housing Construction Department and Code Enforcement Bureau to certify which properties/structures are to be demolished.

Location Description:

3221 Second Street, 3234 Jackson Avenue, 3626 Fourth Street, New Orleans, LA

Activity Progress Narrative:

Expenditures this quarter were for construction costs and final developer's fees (3619 Fourth Street).

Activity Description:

The Nora Navra Library has remained closed since Hurricane Katrina. The New Orleans Public Library has decided to construct a new facility at 1902 St. Bernard Avenue within the footprint of the existing site. The proposed plan will increase the size of the facility from 2700 to more than 6000 square feet. Project delivery will be through the traditional Design-Bid-Build method of procurement. Plans for the new library include the addition of an 880 square foot multi-purpose meeting facility. The restored facility will provide patron reading areas; a children's room; a small meeting space; a collection of lending materials including books, music CDs, DVDs, audiobooks, eBooks, magazines and newspapers; public computers; and internet and Wi-Fi access. Remaining funds for this activity are included in the 2nd Katrina/Rita grant on ILT2 - 00295B, along with the performance measure. Other sources of funds includes \$126,427.34 of bonds, in addition to the FEMA funds seen in the DRGR Action Plan for this activity.

Location Description:

1902 St. Bernard Avenue, New Orleans, LA 70116

Activity Description:

This project will fund interior and exterior renovations to buildings A, B, C & D including installation of a reflected ceiling; and new construction of additional facilities such as a greenhouse, an exterior elevator and bridge, basketball court and playground equipment in four areas, and a new laundry facility for Mahalia Jackson Education Facility. The remaining funds for this activity are held in the 2nd grant Katrina/Rita, under I2OC - 000003. Additional funds for this project (and performance measures) are under IEDU - 00049 and ILTR - 00056 in the 1st Katrina/Rita grant.

Location Description:

2101 Freret Street, New Orleans, LA 70113

Activity Progress Narrative:

No expenditures this quarter, only a change in DRGR Action Plan.

Activity Description:

This project centers on the historic preservation of 3 residential locations. These locations were chosen with an eye toward revitalizing the residential areas and rebuilding the neighborhood community. Typical purchasers of the residential properties under this program are low-moderate income and new to homeownership, and providing these populations with reasonable housing is a good way to begin increasing occupancy in an area where only about 50% of the residents have returned.

Location Description:

5450-52 Dauphine St., 1423 N. Claiborne Ave., 2404-06 St. Ann St.

Activity Progress Narrative:

No expenditures this quarter, only a change in DRGR Action Plan.

Activity Description:

This activity conducts planning and study activities related to flood protection for several risk-prone areas in St. Charles, Jefferson, and Orleans Parishes. Additionally, a "Levee Information Management System" will be added to the project studies for the development and implementation of a Document Management System to manage and store electronic documents to the Southeast Louisiana Flood Protection Authority assets.

Location Description:

This area covers several areas in St. Charles, Jefferson, and Orleans Parishes.

Activity Progress Narrative:

Expenditures for this quarter were for professional services by VInformatix including software architecture, internal and external kick-off meetings, client communications and status updates, web software, database development and analysis, project management performed.

Activity Description:

The Greater New Orleans Community Health Connection (GNOCHC) is a new Medicaid Section 1115 Waiver Demonstration program to provide primary and behavioral health care services to low-income, uninsured adults in the Greater New Orleans area between October 1, 2010 and December 31, 2013. This program is an outgrowth of a three-year Primary Care Access and Stabilization Grant (PCASG) that ended in September 2010. This program (GNOCHC) will transition PCASG providers to a financially sustainability model that incorporates Medicaid, LaCHIP, and other payor sources as the revenue base by January 1, 2014, when a majority of low-income uninsured adults will have health care coverage either through Medicaid or the State Health Benefits Exchange as mandated by the federal health care reform Affordable Care Act (ACA). The direct beneficiaries benefitting from this program will be reported once this activity goes through closeout.

Location Description:

Greater New Orleans area, including Orleans, St. Bernard, Plaquemines, and Jefferson Parishes

Plaquemines Parish School Board	Rehabilitation/reconstruction of public facilities	0024	IEDU - 00070	Belle Chasse Primary School Renovations	General Account

Association Description:

The associated activities involve various phases of rehabilitation of the Primary School facility in Belle Chasse, Plaquemines Parish.

Activity Description:

The purpose of this project is to provide the Belle Chasse Primary School with essential infrastructure and site preparation needed to facilitate the new Pre-K through Grade 1 facility and maintain educational and health standards at the existing primary school. This project would include site preparation to include clearing and

grading, elevation and drainage, and construction of a sewer treatment plant, extension of utilities to the facility, driveway, parking, sidewalks, site lighting, covered areas, playground equipment, and landscaping. This project is also part of a larger project located at Belle Chase Primary School, which includes IEDU - 00053, IEDU - 00057, IEDU - 00070 and IEDU - 00100. The public facility is reported in this activity.

Location Description:

539 F. Edward Hebert Boulevard, Belle Chasse, LA 70037

Activity Progress Narrative:

Expenditures this quarter were for construction services performed by Icon Contractors and basic engineering services performed by Verges Rome.

Activity Description:

This project constructs a new public school facility for Alice Harte Elementary School. CDBG Disaster funding is being requested for the construction of a new 110,000 square foot facility, in accordance with specifications set forth in the Master Facilities Plan adopted by the Orleans Parish School Board. Alice Harte is identified in the Master Plan as a Phase I school project. The design will be based on standards and guidelines for school sites (new and remodeled buildings) as outlined in the Master Plan. All new schools within the master plan will be built to LEED Silver standards, and fully ADA compliant, consisting of over thirty (30) classrooms, with four (4) classrooms dedicated to Special Education.

Activity Description:

The grantee is requesting the CDBG-DR funding to convert the former McDonogh No. 35 Senior High School into a state-of-the-art complex to house a career and technical education facility. The facility will provide physical infrastructure to support career readiness programming, and educational experience which will result in career readiness and ensure students are successful in pursuing college or career after graduation. The District's goal is to build a structure that will minimize damages caused by future storms and will provide a safe, high quality learning facility for future students.

Responsible Organization	Activity Type	Project #	Grantee Activity #	Activity Title	Program Income Account
Iberia Parish	Rehabilitation/reconstruction of public facilities	0021	ILTR - 00038	Delcambre Redevelopment Project-Fisheries Infrastr	General Account

Association Description:

This ILTR - 00038 activity funds the acquisition and a portion of construction of the Delcambre Redevelopment Project under IFIS - 00001.

Activity Description:

This fisheries project develops a staging area for commercial dockside sales and constructs a new boat launch and fishing/observation pier. Additional funding for this project comes from ILTR - 00038 in the 1st Katrina Rita grant (and performance measures), and 23FSCC3501 in the Gustav/Ike grant. \$667,208.16 was also provided in Other Private Funds.

Location Description:

Railroad Street, Delcambre, LA

Activity Progress Narrative:

No expenditures this quarter, only updates to the performance metrics and activity status for close-out.

Activity Description:

Construction of a approximately 80,000 square foot regional training facility on approximately 12 acre parcel of land directly across the street from the SOWELA campus. Training center will deliver high-quality non-credit and credit educational programming geared to support the burgeoning petrochemical sector brought about as a result of abundant and affordable natural gas throughout the United States. Training is needed as SASOL and siimilar industry is expanding in the Lake Charles area. Additional funding for the Recovery Worforce Training Program is in the following disaster grants, activities, and the following budget amounts:

- Katrina-Rita Grant 2:12WF - SOWELA Regional Training Center (construction), \$11,325,934.00
- Gustav-Ike grant: 10DRLG2901 - SOWELA (environmental and construction), \$4,848,511.00
- Gustav-Ike grant: 10WBDI2901 - SOWELA Acquisition (survey, appraisal, property taxes, title), \$16,982.92
- Gustav-Ike grant: 10WBDI2902 - SOWELA URA (relocation), \$1,283,017.00

Location Description:

3749 Senator J. Bennett Johnston Avenue, Lake Charles, LA 70605

Activity Progress Narrative:

No expenditures this quarter, only a change in DRGR Action Plan.

Activity Description:

Green Coast Enterprises, along with its partners, is undertaking a transformative redevelopment that will create a Community Green at the intersection of Washington Avenue and South Broad Street in New Orleans. The project will serve as a model for sustainable neighborhood redevelopment: we will build smarter structures that respond to local hazards, and create places that encourage healthier living. This is a true triple-bottom-line project – it includes the environmentally-sound redevelopment of several buildings, increased access to medical services for the surrounding community, office space for non-profits and social innovators, and considerable value for investors.

Ancillary Activities

Responsible Organization	Activity Type	Project #	Grantee Activity #	Activity Title	Program Income Account
Office of Community Development (OCD), Disaster Recovery Unit (DRU) - Admin	Administration	0099	SAPI - Admin	Program Income used for State Admin	General Account

Association Description:

Program income used on administration costs for the State of Louisiana.

Activity Description:

Supports the administrative work conducted to implement disaster recovery projects funded with these resources. This includes technical assistance as well as general administrative costs.

Location Description:

Office of Community Development (OCD)

Activity Progress Narrative:

The Disaster Recovery Unit (DRU) of the Office of Community Development (OCD), Division of Administration (DOA), was created in the aftermath of the 2005 hurricanes Katrina and Rita. The DRU administers the CDBG Disaster

Recovery funds approved by Congress on December 23, 2005, June 30, 2007, and January 15, 2008. Personnel were hired from around the United States, as well as within Louisiana, with experience in all aspects of CDBG programs. Managers and staff were retained in the areas of homeownership housing, multifamily, rental, and supportive housing, infrastructure, economic development, policy and reporting, legal, finance and auditing.

Experienced employees of the OCD-CDBG Program provide training as needed to newly hired. In addition, the OCD continues to supply CDBG training in partnership with the Council of State Community Development Agencies. The DOA's resources are available to augment the DRU with expertise in budgeting, accounting, contract review, and legal matters. The DRU is in close contact with the Louisiana Legislative Auditors, although the last contract (Agreed Upon Procedures) the DRU had with the Legislative Auditor Recovery Assistance Services (RAS) expired June 30, 2010. This contract was for RAS to review contractor invoices. RAS elected not to extend the services. The Division of Administration is currently conducting internal audits of the OCD/DRU.

At the close of this quarter, the OCD-DRU had 3 student interns, 97 full-time and 6 part-time employees. In July 2010, the DRU was authorized for a total of 118 positions. In July 2011, the Division of Administration reduced the number of positions to 115. In July of 2012, the Division of Administration once again reduced the number of positions, this time to 113. In October of 2015, the Division of Administration authorized DRU for a total of 127 positions. In June 2018, the Division of Administration authorized an additional 16 positions, bringing the total number of positions to 143. In October of 2018, the Division of Administration re-authorized DRU for a total of 142 positions. This leaves 45 positions not currently filled. Included in the full-time employee count are 36 positions not in the State's Table of Organization.
