Environmental Program Delivery**Eligible Activity: Section 105 (a)****National Objective: Presumed by Activity****Activity Amount: \$1,500,000**

This amendment transfers \$1.5 million from the Infrastructure Program Delivery allocation to the Environmental Program Delivery allocation. The latter supports environmental reviews on all project areas. This increase is necessary as a number of programs have required more environmental reviews than initially budgeted. This amendment is considered non-substantial since the transfer will be less than 15% of the Infrastructure Program Delivery allocation.

Monitoring

This activity is considered to be a low risk activity. Monitoring will be performed by the Office of Community Development (OCD) staff in accordance with the contracts and the OCD Monitoring Plan.
